ITEM 2.04 Triggering Events That Accelerate or Increase a Direct Financial

 Obligation or an Obligation under an Off-Balance Sheet

 Arrangement.

Reunion Industries, Inc. (the "Company") is indebted in the principal amount of \$22,013,000 under certain 13% Senior Notes (the "Senior Notes") issued by the Company pursuant to the Indenture dated May 1, 1993 (as amended, the "Indenture") between the Company and U.S. Bank, National Association, as successor trustee (the "Trustee"). As a result of the Company's failure by August 1, 2005 to make an interest payment in the amount of \$715,423 under the Senior Notes that was due July 1, 2005, an event of default has occurred under the Indenture (the "Indenture Default").

With an Indenture Default, holders of more than 25% of the principal amount of the Senior Notes may, by written notice to the Company and to the Trustee, declare the principal of and accrued but unpaid interest on all the Senior Notes to be immediately due and payable (the "acceleration"). However, under a previous Intercreditor and Subordination Agreement, the Senior Note holders can not commence any action to enforce their liens on any collateral for a 180 day period beginning after the date of receipt by Wachovia Bank, (formerly Congress Financial Corporation), the senior secured lender, of a written notice from the Senior Note holders informing Wachovia Bank of such Indenture Default and demanding the acceleration. At this date, neither the Company nor Wachovia Bank has received written notice of any acceleration.

The existence of the Indenture Default constitutes or may constitute an event of default under the cross default provisions of the Company's loan agreement with Wachovia Bank and under the terms of the Company's indebtedness to two private capital funds (the "PCFs"). Such defaults enable Wachovia Bank and the PCFs to declare the principal and interest amounts due them to be immediately due and payable. At this date, no such demand has been received by the Company.
