REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

Edgar Filing: UAL CORP /DE/ - Form 11-K

To the Board of Directors  
of United Air Lines, Inc.  
Pilots' Directed Account Retirement Income Plan:

We have audited the accompanying statements of net assets available for plan benefits of the United Air Lines, Inc. Pilots' Directed Account Retirement Income Plan as of November 30, 2001 and 2000, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the United Air Lines, Inc. Pilots' Directed Account Retirement Income Plan as of November 30, 2001 and 2000, and the changes in its net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

UNITED AIR LINES, INC.  
PILOTS' DIRECTED ACCOUNT RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

November 30, 2001 and 2000

1. DESCRIPTION OF PLAN

This description is for general information purposes only. Participants should refer to their summary plan description for detailed benefit information.

General and Plan Participants

United Air Lines, Inc. ("United") established the Pilots' Variable Benefit Retirement Income Plan (the "Variable Plan") in 1955 to provide retirement income and other benefits for the pilots of United. On September 1, 1982, the Variable Plan was amended and restructured, retroactive to February 1, 1981, and for active participants is now known as the United Air Lines, Inc. Pilots' Directed

## Edgar Filing: UAL CORP /DE/ - Form 11-K

Account Retirement Income Plan (the "Directed Account Plan" or "Plan"). All active participants in the Variable Plan automatically became participants in the Directed Account Plan. The transition from the Variable Plan to the Directed Account Plan did not constitute a termination of the Variable Plan. The Plan is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

United pilots are eligible to become participants in the Plan on the date of their hire.

### Directed Account Plan Investment Options

Participants are able to individually allocate their account balances among various different investment options. The investment funds consist of the Money Market Fund, the UAL Stock Fund, the Short-Term Securities Fund, the Diversified Bond Fund, the Value Equity Fund, the Growth Equity Fund, the Small Cap Equity Fund, the International Equity Fund, the S&P 500 Index Fund, the Individual Brokerage Account Option and five balanced funds. If a participant does not allocate his account balance among the investment funds, his balance will be invested in the Money Market Fund. Participants may reallocate their fund balances or change their future contribution allocation daily. In the five balanced funds that invest in the other investment funds in predetermined portions, automatic daily reallocation is performed.

Participants may invest in the UAL Stock Fund only through transfers from the Money Market Fund. Existing balances from Company contributions, 401(k) contributions, after-tax contributions, rollover contributions from qualified defined contribution plans and earnings from all money types may be invested in the UAL Stock Fund.

### Contributions and Vesting

United makes a contribution in an amount equivalent to 11% of a pilot's earnings to the Plan. In 2000, United made a contribution in an amount equivalent to 9% which in midyear 2000 increased to 11% (retroactive to April 12, 2000) of a pilot's earnings to the plan. Prior to April 12, 2000, United contributed an amount equivalent to 1%. Company contributions on behalf of a participant are allocated directly to each participant's account. Pilots may also elect to voluntarily contribute, in multiples of 1%, any percentage, up to 50% (subject to the 25% overall limit discussed below) of each paycheck received. Pilots immediately vest in company and voluntary contributions.

Pilot pretax election deferrals to the Plan can be made, subject to a maximum of \$10,500 in 2001 and in 2000, on a pretax basis as permitted by Section 401(k) of the Internal Revenue Code. Lower limits may apply to certain highly compensated participants if the Plan does not pass certain nondiscrimination tests required by law. Section 415 of the Internal Revenue Code limits the total amount of contributions from all qualified defined contribution retirement plans to the lesser of 25% of annual taxable earnings or \$35,000.

Contributions to the Plan include \$4,736,751 and \$2,702,865 for 2001 and 2000, respectively, which were transferred from other qualified plans as rollovers under the Internal Revenue Code Sections 402(c) and 408(d).

### Withdrawals

Withdrawals from the Plan may be made as follows, as applicable to the participant's eligibility, amount requested, and existing balances:

Participants who have separated from service (for reasons other than death) may elect payment in the form of a lump sum, periodic distributions, irregular partial distributions, or through the purchase of an annuity. Taxable or taxable portions of distributions may also be directly rolled over into an IRA or qualified plan (with the exception of periodic distributions of 10 years or more duration).

Withdrawals are normally made in the form of a fixed life annuity, if the participant is unmarried, or a 50% contingent annuity with the spouse as the contingent annuitant, if the participant is married. Spousal consent is required if the participant elects to take a distribution in the form of a lump sum payment, periodic distributions, irregular partial distributions, and other forms of annuities. Participants who have terminated employment are able to defer the distribution of the account until April 1 of the next calendar year after reaching age 70-1/2.

Distributions of accounts due to the death of a participant may be taken by the participant's beneficiary in the form of a lump sum payment or through the purchase of an annuity. The participant's surviving spouse, if any, is automatically the beneficiary of half of the account, unless the spouse waives this right. The surviving spouse may also maintain the directed account plan as a plan participant.

## Edgar Filing: UAL CORP /DE/ - Form 11-K

In-service withdrawals for participants who are actively employed or are absent due to reasons of illness (other than grounded status), or approved leave of absence and maintain an employer-employee relationship with United Air Lines, Inc. are permitted as follows:

- Discretionary withdrawals of post-tax contributions and earnings
- Hardship withdrawals from 401(k) account, subject to restrictions described in the Plan
- After reaching age 59-1/2, subject to certain requirements specified in the Plan, all or a portion of the participant's 401(k) account may be withdrawn
- Upon reaching age 70-1/2, minimum distributions required under the Internal Revenue Code 401(a)(9) must be taken no later than April 1 following the calendar year that the participant has reached age 70-1/2. Effective January 1, 1997, active participants that have reached age 70-1/2 may choose to defer distribution.

If a participant's account has never exceeded \$5,000, total distribution of the account will be made in a lump sum payment upon termination of employment or death.

Generally, withdrawals are allocated pro-rata to the balances of each of the investment funds in the participant's account, according to a money-type hierarchy. Distributions from the UAL Stock Fund, may be made in cash.

### Plan Termination Provisions

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all amounts credited to a participant's account at the time of termination shall be retained in the Trust and will be distributed in accordance with the normal distribution rules of the Plan.

### Plan Administration

The Frank Russell Trust Company serves as Plan trustee. The Northern Trust Company serves as the asset custodian of the Plan. PFPC Inc. Retirement Services serves as the recordkeeper.

## 2. SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements are presented on the accrual basis.

### Investments

In September, 1999, the American Institute of Certified Public Accountants issued Statement of Position 99-3 ("SOP 99-3"), "Accounting for and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters." SOP 99-3 simplifies the disclosure for certain investments and is effective for plan years ending after December 15, 1999. The Plan adopted SOP 99-3 during the Plan year ending November 30, 2000.

The Trustee is authorized to engage in the lending of certain Trust assets. Securities lending is an investment management strategy that utilizes the existing securities (government bonds, corporate bonds or equities) of the Trust to earn additional income. It involves the loaning of securities to a select group of approved broker-dealers. In return for the loaned securities, the Trustee simultaneously receives collateral in the form of cash or U.S. Government securities as a safeguard against possible default of any borrower on the return of the loan. Each loan is collateralized to the extent of 102% for domestic securities and 105% for international securities of the fair value of the loan plus accrued interest. The collateral is market-to-market on a daily basis to maintain the margin requirement. For the plan year ended November 30, 2001, the Plan began accounting for its securities lending activities in accordance with Statement of Financial Accounting Standards ("SFAS") No. 140 "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities".

Domestic investments are stated at fair value, generally, as determined by market prices quoted on U.S. securities exchanges. The fair value of foreign securities and foreign currency deposits is based on market prices quoted on foreign securities exchanges and this

## Edgar Filing: UAL CORP /DE/ - Form 11-K

value is converted to U.S. dollars using the exchange rate in effect at plan year end. Assets in the UAL Stock Fund are invested in UAL Corporation common stock and are valued at market prices quoted on the New York Stock Exchange ("NYSE"). Transfers into the UAL Stock Fund are made as of the close of the NYSE on a daily basis.

The pending trade payables are recorded net of related receivables and represent net amounts due from investment managers arising from security trading activities settled subsequent to year end.

The following presents investments that represent 5% or more of the Plan's net assets:

	November 30	
	2001	2000
Money Market Fund	\$451,272	\$444,811

### Net Appreciation (Depreciation) in Value of Investments

Net appreciation or depreciation in value of investments includes realized and unrealized gains and losses. Realized and unrealized gains and losses are calculated as the difference between fair value at December 1, or date of purchase if subsequent to December 1, and fair value at date of sale or the current year end. The unrealized gain or loss on investments in the International Equity Fund represents the difference between fair value at December 1, or date of purchase, and the fair value at the date of sale or the current year-end plus, where applicable, the change in the exchange rate between the U.S. dollar and the foreign currency in which the assets are denominated from December 1, or the date of purchase, to the date of sale or the current year end.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

During 2001 and 2000, the Plan investments depreciated in value by \$234,729 and \$150,275, respectively, as follows (in thousands):

	2001	2000
UAL Stock Fund	\$(39,684)	\$(63,912)

Government and securities	(22)	97
Other assets	(2)	-
	\$(234,729)	\$(150,275)

Plan Expenses

Management fees, which are paid by the Plan, are paid to the trustee based upon investment fund balances. Brokerage and other investment fees are included in the cost of the related security. United performs certain administrative functions for the Plan without charge.

Participant Loans

Effective April 1, 1997, the Pilots' Directed Account Retirement Income Plan was amended to allow participants to obtain loans from the total vested balance of their account. Participants may borrow up to 50% of their total vested account balance, not to exceed \$50,000. The minimum that may be borrowed is \$1,000. Loans will be funded by charging the participant's interest (interest ranged from 6.50% to 10.50% for the year ended November 30, 2001, and 8.75% to 10.50% for the year ended November 30, 2000) in the Money Market Fund. No loan will be funded from any investment fund other than the Money Market Fund and applications which designate an amount which cannot be fully funded from this fund will be denied. Generally, loan repayments will be made through payroll deductions on an after-tax basis for the term of the loan, which is a minimum of six months to a maximum of sixty months. The term of the loan may be extended to a period longer than sixty months if the loan is used to acquire a principal residence. Prepayment of the full balance of the loan is allowed after six months from the date of the loan without penalty. Participants may only have one loan outstanding at any time and are able to take out another loan after twelve months from the date the old loan is retired. An administrative fee of \$90 is charged to each participant taking a loan and is automatically deducted from the participant's account.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amount of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year balances have been reclassified to conform to the current year presentation.

3. INVESTMENT ADMINISTRATION

Plan assets are invested by a group of investment managers. The investment managers buy or sell securities on behalf of the Plan, in accordance with the investment objectives and guidelines established for each of the investment funds.

As of November 30, 2001, the investment managers were as follows:

Money Market Fund	- Frank Russell Trust Company
UAL Stock Fund	- Frank Russell Trust Company

#### 4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated June 18, 1996, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan was amended, restated, and submitted to the IRS on February 28, 2002 for a determination letter. The Plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

#### 5. RECONCILIATION TO FORM 5500

At November 30, 2001, certain participants had requested distributions from the plan, but were not paid until December. No liability is recorded in the financial statements for such transactions. However, these amounts are included as a benefit payable in the Form 5500. A reconciliation between the financial statements and the Form 5500 is as follows (in thousands):

	\$1,972,036
Net assets available for plan benefits per financial statements	(2,234)

6. RELATED-PARTY TRANSACTIONS

The Plan holds investments managed by Frank Russell Trust Company. Frank Russell Trust Company acts as trustee as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. DERIVATIVES

The Plan allows certain investment managers to reduce the funds' exposure to fluctuations in the value of foreign currency assets and liabilities through foreign currency forwards and options. The Plan also authorizes other investment managers to earn equity returns on the Funds' cash position through equity index future contracts. Certain investment managers use interest rate futures and money market futures to replicate government bond positions and manage interest rate exposure. The Plan prohibits investment managers from being a party to any leveraged derivatives. All derivative positions are stated at fair value, generally, determined by exchange quoted market prices or through other valuation techniques.

8. SUBSEQUENT EVENT

Effective December 1, 2001, the Plan changed the year end from November 30 to December 31.

Effective January 1, 2002, the name of the plan changed to United Airlines Pilot Directed Account Plan.

Effective April 1, 2002, the contribution limit increased from 50% to 60% of compensation, as defined.
