#### **Item 1.01 Entry into Material Definitive Agreement.**

##### **The Merger**

On September 4, 2015, Future Healthcare, its newly-formed and wholly-owned subsidiary, F3 Acquisition Subsidiary, Inc., a California corporation (the "Merger Subsidiary"), and F3 executed and delivered a Merger and Share Exchange Agreement (the "Merger Agreement"). Upon the satisfaction of certain closing conditions that are discussed below and the filing of appropriate documents with the State of California (the "Effective Time"), the Merger Subsidiary will merge with and into F3, and F3 will be the surviving company and become a wholly-owned subsidiary of Future Healthcare (the "Merger").

F3 is a leading provider of precision measurement, 3D visualization, data management services designed to reduce downtime and mitigate risk for critical, capital-intensive industrial assets such as oil refineries, power plants and other high-traffic sites.

Under the terms of the Merger Agreement, the Company will issue a total of 70,000,000 shares of its common stock, comprised of restricted securities as defined in Rule 144 of the SEC, in exchange for a total of 285.75 shares of common stock of F3, which constitute all of the issued and outstanding voting securities of F3. At the closing of the Merger, the stockholders of F3 will collectively own approximately 87% of the Company's issued and outstanding shares of common stock, not taking into account: (i) any shares that may be issuable pursuant to the Merger Financing as defined below; or (ii) the issuance of any securities pursuant to the conversion of notes and warrants held by a Future Healthcare investor.

### **Conditions to Closing of the Merger**

The closing of the Merger is subject to completion of certain financing transactions, entry into a Registration Rights Agreement providing for the registration of a limited portion of the Company's shares of common stock to be issued to the F3 stockholders under the Merger Agreement, conversion of certain outstanding debt and customary conditions including, but not limited to, the continued accuracy of each party's representations and warranties as contained in the Merger Agreement, no material adverse change in either party's results of operations or assets, and the like.

Additional closing conditions include approval by the Company's Board of Directors of a Separation Agreement to spin-off to its stockholders as of the date immediately preceding the closing date of the Merger (the Record Date) its current healthcare business, all assets and liabilities related thereto including assumption of \$505,000 of the Company's Variable Rate Senior Secured Convertible Note and warrants held by the holders of such notes (the Spin-off), as conducted and owned by the Company's wholly-owned subsidiary, Future Healthcare Services Corp., a Wyoming corporation (FHS), and FHS's wholly-owned subsidiary, Interim Healthcare of Wyoming, Inc., a Wyoming corporation. This transaction is expected to result in this entity becoming a separate publicly-traded company owned by the Company's shareholders as of the Record Date.

The foregoing list of conditions to closing is not exclusive. For a complete list of such conditions, please see Article VIII Conditions to Closing of the Merger Agreement, a copy of which is filed as Exhibit 10.1 hereto and incorporated herein by reference. See Item 9.01 of this Current Report.

The summary of the Merger Agreement and the other agreements, documents and instruments related thereto and described herein do not purport to be complete and are qualified in their entirety by reference to such Merger Agreement. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them under the Merger Agreement or other instrument referenced.
