FORWARD-LOOKING STATEMENTS

Certain statements in this Form 10-K are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934. The words "estimate", "plan", "intend", "expect", "anticipate", "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements are found at various places throughout this Report and in the documents incorporated herein by reference. CabelTel International Corporation disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Although we believe that our expectations are based upon reasonable assumptions, we can give no assurance that our goals will be achieved. Important factors that could cause our actual results to differ from estimates or projections contained in any forward-looking statements are described under ITEM 1A. RISK FACTORS beginning on page - 6 -.

PART I

ITEM 1. BUSINESS

CabelTel International Corporation ("CabelTel" or the "Company" or "we" or "us") was incorporated in Nevada on May 31, 1991, originally under the name Medical Resource Companies of America. The Company is the successor-by-merger to Wespac Investors Trust, a California business trust that began operating in 1982. On March 26, 1996, the name was changed to Greenbriar Corporation; on February 8, 2005, the name of the Company was changed to CabelTel International Corporation.

Edgar Filing: CabelTel International Corp - Form 10-K

Business Operations

- o During 2006, the Company disposed of subsidiaries engaged in the oil and natural gas leasing and operating business. The Company has decided to re-enter the oil and natural gas industry. In November 2007 the Company began its efforts by acquiring an interest in oil and natural gas leases in Cleburne County, Arkansas covering approximately 1,712 net acres which we seek to develop using various financing sources.
- o We operate real estate through the leasing and operation of a retirement community in King City, Oregon, with a capacity of 114 residents.

Real Estate Retirement Property

The Company leases and operates Pacific Pointe Retirement Inn ("Pacific Pointe") in King City, Oregon. Pacific Pointe began operations in 1993, has a capacity of 114 residents and provides community living with basic services such as meals, housekeeping, laundry, 24/7 staffing, transportation and social and recreational activities. These residents do not yet need assistance or support with activities of daily living but prefer the physical and psychological comfort of a residential community of like-minded people and access to senior-oriented services.

Pacific Pointe is not required to hold a license for its independent retirement operation.

-3-

At Pacific Pointe, the Company's marketing and sales efforts are undertaken at the local level. These efforts are intended to create awareness of our community and its services among prospective residents, their families, other key decision-makers and professional referral sources.

Pacific Pointe has a stellar reputation in its community and has operated at or near capacity for a number of years. However, the retirement housing market has little barrier to entry and Pacific Pointe's present and potential competitors have, or may have access to, greater financial, management and other resources than those of the facility. There can be no assurance that competitive pressures will not have a material adverse effect on the property.

Repair and Maintenance - The Company conducts routine repairs and maintenance, as needed, on a regular basis. The Company has no other current plans for significant expenditures relating to Pacific Pointe and considers it to be in good repair and working order.

The Company has attracted, and continues to seek, highly dedicated and experienced personnel. All employees are required to complete training programs which include a core curriculum comprised of personal care basics, job related specific training, first aid, fire safety, nutrition, infection control and customer service. An Executive Director receives training in all of these areas, plus marketing, community relations and fiscal management. In addition to some classroom training, the Company provides new employees with on-the-job training, utilizing experienced staff as trainers and mentors.

Business Strategy

Edgar Filing: CabelTel International Corp - Form 10-K

The Company is a Nevada corporation which has principally been a real estate company, owning or leasing retirement specific real estate, an outlet shopping mall and certain oil and natural gas leases through subsidiaries. During 2006, the Company disposed of its subsidiaries engaged in the oil and natural gas lease and operating business. During 2007 the Company transferred ownership of its shopping mall to an independent third party.

The Company seeks to re-enter the oil and natural gas industry and in 2007, acquired interests in a block of oil and natural gas leases in Cleburne County, Arkansas covering approximately 1,712 net acres. We are seeking additional acquisitions of leases and plan to develop the acquired acreage.

Insurance

The Company currently maintains property and liability insurance intended to cover claims in its oil & gas operations, retirement community and corporate operations. The provision of personal services entails an inherent risk of liability compared to more institutional long-term care communities. Retirement communities of the type operated by the Company offer residents a greater degree of independence in their daily lives. This increased level of independence, however, may subject the resident and the Company to certain risks that would be reduced in a more institutionalized setting. The Company also carries property insurance on each of its owned and leased properties, as appropriate.

-4-

Employees

At December 31, 2007, the Company employed, in all segments, 51 people (17 full-time and 34 part-time). The Company believes it maintains good relationships with its employees. None of the Company's employees are represented by a collective bargaining group.

The Company's operations are subject to the Fair Labor Standards Act. Many of the Company's employees are paid at rates related to the minimum wage and any increase in the minimum wage will result in an increase in labor costs.

Management is not aware of any non-compliance by the Company as regards applicable regulatory requirements that would have a material adverse effect on the Company's financial condition or results of operations.

Quality Assurance

In operating a retirement community, our commitment to quality assurance is designed to achieve a high degree of resident and family member satisfaction with the care and services the Company provides. In addition to training and performance reviews of all employees, the Company's quality control measures include:

Philosophy of Management - The Company's philosophy of management is to demonstrate by its actions and require from its employees high standards of personal integrity, to develop a climate of openness and trust, to demonstrate respect for human dignity in every circumstance, to be supportive in all relationships, to promote teamwork by involving employees in the management of their own work and to promote the free expression of ideas and opinions.

Regular Property Inspections - Property inspections are conducted by corporate

Edgar Filing: CabelTel International Corp - Form 10-K

personnel. These inspections cover the appearance of the exterior and grounds, the appearance and cleanliness of the interior, the professionalism and friendliness of staff and notes on maintenance.

Marketing

In real estate, the Company's marketing and sales efforts are undertaken at the local level. These are intended to create awareness of our property and its services among prospective customers, their families and other key referral sources. The property engages in traditional types of marketing activities such as special events, radio spots, direct mailings, print advertising, signs and yellow page advertising. These marketing activities and media advertisements are directed to potential customers.

Government Regulation

Pacific Pointe is not required to hold a state license for its independent retirement operation.

Management is not aware of any non-compliance by the Company as regards applicable regulatory requirements that would have a material adverse effect on the Company's financial condition or results of operations.

Competition

The retirement industry is highly competitive and will continue to become increasingly competitive in the future. The Company competes with other

-5-

retirement companies and numerous other companies providing similar long-term care alternatives, such as home healthcare agencies, community-based service programs and convalescent centers (nursing homes).

Available Information

The Company maintains an internet website at <http://www.cabeltel.us>. The Company has available through the website, free of charge, Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, reports filed pursuant to Section 16 of the Securities Exchange Act of 1934 (the "Exchange Act") and amendments to those reports as soon as reasonably practicable after we electronically file or furnish such materials to the Securities and Exchange Commission. In addition, the Company has posted the charters for our Audit Committee, Compensation Committee and Governance and Nominating Committee, as well as our Code of Business Conduct and Ethics, Corporate Governance Guidelines on Director Independence and other information on the website. These charters and principles are not incorporated in this Report by reference. The Company will also provide a copy of these documents free of charge to stockholders upon request. The Company issues Annual Reports containing audited financial statements to its common stockholders.

ITEM 1A. RISK FACTORS

Risks Related to the Company

The oil & gas industry is highly competitive. Competition for leasehold interests, subcontractors and qualified employees are keen and we are competing against companies that are larger, more experienced and better capitalized than we are.

Edgar Filing: CabelTel International Corp - Form 10-K

Our governing documents contain anti-takeover provisions that may make it more difficult for a third party to acquire control of us. Our Articles of Incorporation contain provisions designed to discourage attempts to acquire control of the Company by a merger, tender offer, proxy contest or removal of incumbent management without the approval of our Board of Directors. As a result, a transaction which otherwise might appear to be in your best interests as a stockholder could be delayed, deferred or prevented altogether, and you may be deprived of an opportunity to receive a premium for your shares over prevailing market rates. The provisions contained in our Articles of Incorporation include:

- * the requirement of an 80% vote to make, adopt, alter, amend, change or repeal our Bylaws or certain key provisions of the Articles of Incorporation that embody, among other things, the anti-takeover provisions; and
- * the so-called business combination "control act" requirements involving the Company and a person that beneficially owns 10% or more of the outstanding common stock except under certain circumstances; and
- * the requirement of holders of at least 80% of the outstanding Common Stock to join together to request a special meeting of stockholders.

As of March 28, 2008, a group of entities owned and controlled approximately 69% of the Company's outstanding common stock. This group has the power to block any attempted change in control - See Item 12 - Security Ownership of Certain Beneficial Owners and Management - Change in Control.

-6-

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

The Company's principal offices are located at 1755 Wittington Place, Dallas, Texas 75234 in approximately 5,000 square feet of leased space. The Company believes its leased space is presently suitable, fully utilized and will be adequate for the foreseeable future. The Company's retirement property is described in detail beginning on page - 3 - under ITEM 1. BUSINESS and is suitable and adequate for the purpose to which it is devoted.

ITEM 3. LEGAL PROCEEDINGS

Chesapeake Exploration Limited Partnership and Chesapeake Operating, Inc.

("Chesapeake")

In January 2006 the Company entered into a joint operating agreement evidencing its acquisition of a 5% interest in two gas wells being drilled and ultimately operated by Chesapeake. The Company relied on the cost projections provided by Chesapeake to make its investment decision. Subsequent to its investment the Company received an invoice from Chesapeake for \$556,217 which, according to Chesapeake, represents the Company's 5% share of additional costs incurred by

Edgar Filing: CabelTel International Corp - Form 10-K

Chesapeake in drilling the wells. The Company believes that these additional costs far exceed any reasonable expense that should have been incurred in drilling the two wells and were incurred without notifying the Company of such expenses. The Company has requested an accounting of the additional expenses and a reconciliation of the final costs to the cost estimates previously presented. In April 2007, Chesapeake filed a lawsuit against the Company and others in State District Court in Tarrant County, Texas.

Management intends to vigorously defend this action. However, should the Company not prevail, Source Rock of Arkansas, LLC, an entity affiliated with the Company, has agreed to fully indemnify the Company for any losses it might incur in this matter.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

An Annual Meeting of Stockholders was held on December 27, 2007, at which meeting stockholders were asked to consider and vote upon the election of directors. At the meeting, stockholders elected the following individuals as directors:

Shares Voting			
Director	FOR	AGAINST	ABSTAINED
Roz Campisi Beadle	591,551	12	226
Gene S. Bertcher	591,551	12	226

There were no broker non-votes in the election of directors at the annual meeting.

Listing Compliance

By letter dated October 16, 2007, by facsimile transmission from the staff of the AMEX, the Company received notice of intent of the AMEX to strike the Common Stock of the Registrant from the AMEX for reasons stated in the letter. The Company issued a press release dated October 22, 2007 and filed a Form 8-K Current Report covering the matter. The Company's Information Statement on Schedule 14C described the status of the Company's compliance with a Plan of Compliance which had been previously accepted by the AMEX, that the Company had appealed the decision and was to have an opportunity to present its position at a hearing before a Listing Qualifications Panel in late November 2007 which hearing was ultimately rescheduled to a later date. Following the approval of an Additional Listing Application on March 12, 2008 covering the 950,000 shares of Common Stock issued to URC Energy LLC, the Company, on March 19, 2008, received a notice from the AMEX advising that the appeal hearing scheduled for March 18, 2008 had been cancelled based upon actions recently completed by the Company allowing the Company to regain compliance with AMEX's continued listing standards pursuant to Section 1003 of the AMEX Company Guide. Such letter specified that the receipt of \$2,850,000 in cash by the Company on March 6, 2008 cured the Company's financial impairment and provided the Company with stockholders equity of \$4.6 million on a pro forma basis at September 30, 2007. The staff of the AMEX has advised the Company that the Company has regained compliance with Sections 1003(a)(i), 1003(a)(ii) and 1003(a)(iv) of the AMEX Company Guide.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATION

Overview

As of December 31, 2007, the Company leased one independent living community in Oregon, with a capacity of 114 residents. The Company also leased mineral rights to 1,712 acres in the Fayetteville Shale section of Arkansas.

Since 1996, the Company has owned, leased and operated assisted living and retirement communities throughout the United States. During that period of time the Company has both acquired and sold over seventy communities. The acquisition and disposition of its real estate assets has been an integral part of the Company's business.

During 2004 and 2005, the Company anticipated acquiring a cable operator - CableTEL AD. For the most part, all of its efforts were directed to that acquisition. In June 2006, the acquisition of CableTEL AD was rescinded by the parties and the Company received a break up fee of \$1,500,000. After the rescission of the CableTEL AD acquisition the Company began seeking new acquisitions.

During 2006, the Company disposed of subsidiaries engaged in the oil and natural gas leasing and operating business. The Company has re-entered the oil and natural gas industry through an acquisition of interests in a significant block of oil and natural gas leases in Cleburne County, Arkansas covering approximately 1,712 net acres which the Company seeks to develop using various financing sources.

Critical Accounting Policies and Estimates

The Company's discussion and analysis of its financial condition and results of operations are based upon the Company's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. Certain of the Company's accounting policies require the application of judgment in selecting the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. These judgments and estimates are based upon the Company's historical experience, current trends and information available from other sources that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

The Company believes the following critical accounting policies are more significant to the judgments and estimates used in the preparation of its consolidated financial statements. Revisions in such estimates are recorded in the period in which the facts that give rise to the revisions become known.

The Company's allowance for doubtful accounts receivable and notes receivable is

Edgar Filing: CabelTel International Corp - Form 10-K

based on an analysis of the risk of loss on specific accounts. The analysis places particular emphasis on past due accounts. Management considers such information as the nature and age of the receivable, the payment history of the tenant, customer or other debtor and the financial condition of the tenant or other debtor. Management's estimate of the required allowance, which is reviewed on a quarterly basis, is subject to revision as these factors change.

-11-

Deferred Tax Assets

Significant management judgment is required in determining the provision for income taxes, deferred tax assets and liabilities and any valuation allowance recorded against net deferred tax assets. The future recoverability of the Company's net deferred tax assets is dependent upon the generation of future taxable income prior to the expiration of the loss carry forwards. The company believes that it will generate future taxable income to fully utilize the net deferred tax assets.

Liquidity and Capital Resources

At December 31, 2007, the Company had current assets of \$2.4 million and current liabilities of \$266,000.

On December 31, , cash and cash equivalents totaled \$172,000 and \$324,000 in 2007 and 2006, respectively. CabelTel's principal sources of cash have been property operations and proceeds from property sales of assets. At December 31, 2007 the Company had \$2.2 million invested in short term notes with interest rates ranging form 8% to 8.5%.

In March 2008 we completed the sale of 950,000 shares of common stock and raised \$2,850,000 in cash. This cash was also invested in short term notes. The Company intends to use the cash available from its short term investments to invest in its future operations.

Net cash provided by (used in) continuing operating activities was \$696,000 in 2007, (\$908,000) in 2006 and \$38,000 in 2005.

Net cash provided by (used in) investing activities was \$(679,000) in 2007, (\$1,219,000) in 2006 and \$3,560,000 in 2005. In 2006, the net cash used was principally a cash loan to Eurenergy Resources Corporation, a related party, for \$1,377,000. In addition, the Company purchased an interest in a gas well in Fayetteville, Arkansas for \$118,000. In 2005, the cash provided was principally from the sale of two assisted living facilities.

Net cash provided by (used in) financing activities was \$-0- in 2007, (\$204,000) in 2006 and (\$3,969,000) in 2005. In 2006, the cash used was principally for the payment of the mortgage for the Gainesville Outlet Mall. In 2005, the cash used was principally for the repayment of the mortgage obligations on two assisted living facilities that were sold as well as the Gainesville Outlet Mall.

Net cash provided (used in) by discontinued operations was (\$169,000) in 2007, \$2,005,000 in 2006 and \$259,000 in 2005. In 2006 the Company sold Gaywood Oil & Gas and received cash proceeds of \$1,737,000. Additionally, in 2006, Gaywood provided cash from operations of \$268,000.

Edgar Filing: CabelTel International Corp - Form 10-K

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

A review and evaluation was performed by management under the supervision and with the participation of the Principal Executive Officer and Chief Financial Officer of the effectiveness of the Company's disclosure controls and procedures, as required by Rule 13a-15(b) of the Securities Exchange Act of 1934 as of December 31, 2007. Based upon that most recent evaluation, which was completed as of the end of the period covered by this Form 10-K, the Principal Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at December 31, 2007 to ensure that information required to be disclosed in reports that the Company files submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and timely reported as provided in the Securities and Exchange Commission ("SEC") rules and forms. As a result of this evaluation, there were no significant changes in the Company's internal control over financial reporting during the three months ended December 31, 2007 that have materially affected or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Management Report on Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f)

Edgar Filing: CabelTel International Corp - Form 10-K

and 15d-15(f) under the Securities Exchange Act of 1934, as amended, as a process designed by, or under the supervision of, the Company's principal executive and principal financial officers and effected by the Company's board, management and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States ("GAAP, US") and includes those policies and procedures that:

-14-

- * pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of a company; and
- * provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, US and that receipts and expenditures of a company are being made only in accordance with authorizations of management and directors of a company; and
- * provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of a company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of human error and the circumvention or overriding of controls, material misstatements may not be prevented or detected on a timely basis. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes and conditions or that the degree of compliance with policies or procedures may deteriorate. Accordingly, even internal controls determine to be effective can provide only reasonable assurance that information required to be disclosed in and reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and represented within the time periods required.

Management of the Company has assessed the effectiveness of its internal control over financial reporting at December 31, 2007. To make this assessment, the Company used the criteria for effective internal control over financial reporting described in Internal Control - Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based on this assessment, management of the Company believes that as of December 31, 2007, the internal control system over financial reporting met those criteria.

This Annual Report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.

Changes in Internal Control Over Financial Reporting

There has been no change in the Registrant's internal control over financial reporting during the quarter ended December 31, 2007 that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.

The affairs of the Company are managed by the Board of Directors. The directors are elected at the Annual Meeting of Stockholders or appointed by the incumbent Board and serve until the next Annual Meeting of Stockholders, until a successor has been elected or approved, or until earlier resignation, removal or death.

It is the Board's objective that a majority of the Board consists of independent directors. For a director to be considered "independent", the Board must determine that the director does not have any direct or indirect material relationship with the Company. The Board has established guidelines to assist it in determining director independence, which conform to, or are more exacting than, the independence requirements in the American Stock Exchange listing rules. The independence guidelines are set forth in the Company's "Corporate Governance Guidelines". The text of this document has been posted on the Company's internet website at <http://www.cabeltel.us>, and is available in print to any stockholder who requests it. In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independent determination.

The Company has adopted a code of conduct that applies to all directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. Stockholders may find our Code of Conduct on our internet website address at <http://www.cabeltel.us>. Our Board of Directors has adopted charters for our Audit, Compensation and Governance and Nominating Committees of the Board of Directors. Stockholders may find these documents on our website by going to the website address <http://www.cabeltel.us>. Stock Option Plan

The Board of Directors administers the Company's 1997 Stock Option Plan (the "1997 Plan") and the 2000 Stock Option Plan (the "2000 Plan"), each of which provide for grants of incentive and non-qualified stock options to the Company's executive officers, as well as its directors and other key employees and consultants. Under the two Plans, options are granted to provide incentives to participants to promote long-term performance of the Company and specifically, to retain and motivate senior management in achieving a sustained increase in stockholder value. Currently, none of the Plans has a pre-set formula or criteria for determining the number of options that may be granted. The exercise price for an option granted is determined by the Compensation Committee, in an amount not less than 100% of the fair market value of the Company's common stock on the date of grant. The Compensation Committee reviews and evaluates the overall compensation package of the executive officers and determines the awards based on the overall performance of the Company and the individual performance of the executive officers. The Company's stock plans total 50,000 shares of common stock under the 1997 Plan and 50,000 shares of common stock under the 2000 Plan. Options have been granted for all shares reserved under the 1997 Plan and 10,000 shares for the 2000 Plan.

On March 6, 2008, URC Energy LLC paid to the Company the sum of \$2,850,000 in cash pursuant to the consummation of the transaction covered by that certain Securities Purchase Agreement effective October 19, 2007 (executed November 16, 2007) between the Company and URC Energy LLC (the "Purchase Agreement"). Pursuant to the Purchase Agreement, URC Energy LLC purchased 950,000 new shares of Common Stock of the Company following the approval by consent of the holders of 58% of the Common Stock and following the issuance to all stockholders of the Company of a Schedule 14C Information Statement mailed on February 8, 2008 to stockholders of record as of the close of business of November 5, 2007. Under requirements of the Exchange Act such 950,000 shares could not be issued to URC Energy LLC until twenty-one (21) calendar days after the date of distribution of the definitive copies of such Information Statement to the stockholders of the Company and URC Energy LLC was not obligated to pay the purchase price of \$2,850,000 until such time as certificates representing such 950,000 shares were available for delivery. Such payment on March 6, 2008 was necessary as the 950,000 shares of Common Stock could not be issued until approval was given by the American Stock Exchange of an Additional Listing Application submitted March 3, 2008 by the Company covering such 950,000 shares, which approval was issued on March 12, 2008. In October 2004, the Company issued Series J 2% Preferred Stock to acquire 74.8% of CableTEL AD. Certain of the holders of the Series J 2% Preferred Stock are deemed to be related parties with the Company. In June 2006, the transaction was rescinded.

The Company, SWI, Gene E. Phillips and others are parties to a Rescission Agreement dated June 1, 2006 which covered rescission of a October 2004 transaction and other matters. Edgar Filing: CabelTel International Corp - Form 10-K

in the future change its name to a name that does not include the word "Cable" or "Cabel." As of March 18, 2008, the covenant has not yet been fulfilled. The

-23-

Issuer in the future should seek to change its name to satisfy such covenant and, although no express commitment exists with respect thereto, it is likely that SWI and Gene E. Phillips will support a change of the name of the Company.

In November 2007, the Company loaned Prime Income Asset Management, Inc. \$630,000. The Company received a demand note with interest of 8 1/2 % per annum

In November 2007, the Company acquired 1,712 acres of mineral rights in the Fayetteville Shale area of Arkansas from Source Rock of Arkansas, LLC for \$6,848,000. The purchase price was paid by issuing a note bearing interest at 9 1/2 %, and maturing on December 31, 2010.

It is the policy of the Company that all transactions between the Company and any officer or director, or any of their affiliates, must be approved by non-management members of the Board of Directors of the Company. All of the transactions described above were so approved.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The following table sets forth the aggregate fees for professional services rendered to the Company for the years 2007 and 2006 by the Company's principal accounting firm Farmer, Fuqua & Huff, PC:

Type of Fees	2007	2006
Audit Fees	\$27,500	\$106,046
Audit Related Fees		
Tax Fees	7,250	9,625
All Other Fees		
Total Fees	\$34,450	\$115,671

All services rendered by the principal auditors are permissible under applicable laws and regulations and were pre-approved by either of the Board of Directors or the Audit Committee, as required by law. The fees paid to principal auditors for services described in the above table fall under the categories listed below:

Audit Fees: These are fees for professional services performed by the principal auditor for the audit of the Company's annual financial statements and review of financial statements included in the Company's Form 10-Q filings and services that are normally provided in connection with statutory and regulatory filings or engagements.

-24-

Audit-Related Fees: These are fees for assurance and related services performed by the principal auditor that are reasonably related to the performance of the audit or review of the Company's financial statements. These services include attestation by the principal auditor that is not required by statute or regulation and consulting on financial accounting/reporting standards.

Tax Fees: These are fees for professional services performed by the principal auditor with respect to tax compliance, tax planning, tax consultation, returns preparation and reviews of returns. The review of tax returns includes the Company and its consolidated subsidiaries.

All Other Fees: These are fees for other permissible work performed by the principal auditor that does not meet the above category descriptions.

These services are actively monitored (as to both spending level and work content) by the Audit Committee to maintain the appropriate objectivity and independence in the principal auditor's core work, which is the audit of the Company's consolidated financial statements.

Financial Information Systems Design and Implementation Fees

Farmer, Fuqua & Huff, P.C. did not render any professional services to the Company in 2007 with respect to financial information systems design and implementation.

Under the Sarbanes-Oxley Act of 2002 (the "SO Act"), and the rules of the Securities and Exchange Commission (the "SEC"), the Audit Committee of the Board of Directors is responsible for the appointment, compensation and oversight of the work of the independent auditor. The purpose of the provisions of the SO Act and the SEC rules for the Audit Committee's role in retaining the independent auditor is two-fold. First, the authority and responsibility for the appointment, compensation and oversight of the auditors should be with directors who are independent of management. Second, any non-audit work performed by the auditors should be reviewed and approved by these same independent directors to ensure that any non-audit services performed by the auditor do not impair the independence of the independent auditor. To implement the provisions of the SO Act, the SEC issued rules specifying the types of services that an independent auditor may not provide to its audit client, and governing the Audit Committee's administration of the engagement of the independent auditor. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence. Accordingly, the Audit Committee has adopted a pre-approval policy of audit and non-audit services (the "Policy"), which sets forth the procedures and conditions pursuant to which services to be performed by the independent auditor are to be pre-approved. Consistent with the SEC rules establishing two different approaches to pre-approving non-prohibited services, the Policy of the Audit Committee covers pre-approval of audit services, audit-related services, international administration tax services, non-U.S. income tax compliance services, pension and benefit plan consulting and compliance services, and U.S. tax compliance and planning. At the beginning of each fiscal year, the Audit Committee will evaluate other known potential engagements of the independent auditor, including the scope of work proposed to be performed and the proposed fees, and the approve or reject each service, taking into account whether services are permissible under applicable law and the possible impact of each non-audit

service on the independent auditor's independence from management. Typically, in

-25-

addition to the generally pre-approved services, other services would include due diligence for an acquisition that may or may not have been known at the beginning of the year. The Audit Committee has also delegated to any member of the Audit Committee designated by the Board or the financial expert member of the Audit Committee responsibilities to pre-approve services to be performed by the independent auditor not exceeding \$25,000 in value or cost per engagement of audit and non-audit services, and such authority may only be exercised when the Audit Committee is not in session.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
CabelTel International Corporation, formerly Greenbriar Corporation

We have audited the accompanying consolidated balance sheets of Cabeltel International Corporation, formerly Greenbriar Corporation, and subsidiaries, as of December 31, 2007, and 2006, and the related consolidated statements of income, shareholders' equity and cash flows for each of the three years in the period ended December 31, 2007. These consolidated financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The company

Edgar Filing: CabelTel International Corp - Form 10-K

is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion. In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Cabeltel International Corporation, formerly Greenbriar Corporation, and subsidiaries as of December 31, 2007, and 2006, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. The Notes to Consolidated Financial Statements are an integral part of these Consolidated Financial Statements. Statements are as of December 31, of each year and for the year then ended, unless otherwise indicated. Dollar amounts in tables are in thousands, except per share amounts.

Certain balances for 2005 and 2006 have been reclassified to conform to the 2007 presentation.

NOTE A - BUSINESS DESCRIPTION AND PRESENTATION

Name Change

On February 10, 2005, Greenbriar Corporation changed its name to CabelTel International Corporation (which is referred throughout this report as "the Company" or "CIC")

Acquisition of Leases for Mineral Interests

On November 21, 2007, a wholly owned subsidiary of CabelTel International Corporation entered into an agreement with Source Rock of Arkansas, LLC, a Nevada limited liability company ("SRA"), a related party to acquire 1,712 net acres of mineral leasehold interests in four separate sections of land in the Fayetteville Shale area of Arkansas in exchange for the issuance of a promissory note. Through such arrangement, the subsidiary also acquired two separate options to acquire additional leasehold acreage through August 15, 2008. The Company and its subsidiary intend to, subject to the availability of funds, develop such acreage through drilling of one or more exploratory wells on the property acquired. The acquisition price was \$4,000 per net acre payable on December 31, 2010 with interest at 9.5% per annum. The two separate options to acquire additional acreage cover leasehold interests on 1,815 net acres and 583 net acres in the same county in Arkansas at the same price of \$4,000 per net acre.

Acquisition and Disposition of CableTEL AD

On October 12, 2004, the Company acquired, for 31,500 shares of newly-designated Series J 2% Preferred Stock, 74.8% of CableTEL AD ("CableTEL"), a Bulgarian telecommunications company. The terms of the Acquisition Agreement required the Company to present a proposal to its stockholders to approve the mandatory exchange of all shares of Series J 2% Preferred Stock into 8,788,500 shares of common stock which, if approved by stockholders, would have represented 90% of the resulting total issued and outstanding shares of common stock in the Company.

-39-

The Acquisition Agreement, as amended, provided that the stockholders of the Company had until June 30, 2006 to approve the exchange of Series J 2% Preferred Stock into the Company common stock. If the exchange was not approved by June 30, 2006, the holders of the Series J 2% Preferred Stock had the option to rescind the entire transaction.

Until the acquisition was completed, the financial statements of CableTEL AD were not included in the Company's consolidated financial statements. The financial statements of the Company at December 31, 2005 did reflect the Series J 2% Preferred Stock as well as a contra equity account

Edgar Filing: CabelTel International Corp - Form 10-K

reflecting that the transaction had not yet occurred.

Effective June 1, 2006, the Company and the owners of CableTEL AD entered into a Rescission Agreement whereby the original Acquisition Agreement dated October 12, 2004, plus all amendments, was rescinded in its entirety.

The Company, as a "break up fee", received a \$1,500,000 participation in a 9 1/2% tax free bond. The bond has a total face value of \$2,406,850. In June 2006, the Company recorded \$1,467,000 as other income, representing the \$1,500,000, net of expenses.

Disposition of Gaywood Oil & Gas

Effective June 30, 2006, the Company sold all of its membership interests in the two limited liability companies Gaywood Oil & Gas, LLC and Gaywood Oil & Gas II, LLC which own oil and gas leases in Gregg and Rusk Counties, Texas and on which approximately 50 oil-producing wells are operating. These wells averaged two to three barrels of oil per day. The sale price of \$1,737,000 was received in cash on July 5, 2006. The Company recorded a gain on the sale of \$418,000.

Disposition of Gainesville Outlet Mall

Effective December 31, 2007, the Company transferred all its ownership in the Gainesville Outlet Mall and approximately 40 acres of undeveloped land. The mall, which the Company acquired in 2003, has incurred both cash and accounting losses for the past several years. The Company recorded an impairment loss of \$314,000 in the quarter ended March 31, 2007. Subsequent to March 31, 2007 the Company did not fund any cash shortfalls incurred by the mall.

Nature of Operations

As of December 31, 2007, the Company leases and operates a retirement community in King City Oregon, with a capacity of 114 residents.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying consolidated financial statements follows:

Principles of Consolidation

The consolidated financial statements include the accounts of CabelTel International Corporation and its majority-owned subsidiaries (collectively, the "Company" or "CIC") and are prepared on the basis of accounting principles

-40-

generally accepted in the United States of America. All significant intercompany transactions and accounts have been eliminated.

Depreciation

Edgar Filing: CabelTel International Corp - Form 10-K

Depreciation is provided for in amounts sufficient to relate the cost of property and equipment to operations over their estimated service lives, ranging from 3 to 40 years. Depreciation is computed by the straight-line method. Depreciation expense, included in operations expenses, was \$396,000, \$369,000 and \$389,000 for 2007, 2006 and 2005, respectively.

Accounting for Leases

Leases of property, plant and equipment where the Company assumes substantially all the benefits and risks of ownership are classified as finance leases. Finance leases are capitalized at the estimated present value of the underlying lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding rental obligations, net of finance charges, are included in other long-term payables. The interest element of the finance charge is charged to the income statement over the lease period. Property, plant and equipment acquired under finance leasing contracts are depreciated over the useful life of the asset.

Leases of assets under which all the risks and benefits of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the income statement on a straight-line basis over the period of the lease. When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognized as an expense in the period in which termination takes place.

Revenue Recognition

Rental income for commercial property leases is recognized on a straight-line basis over the respective lease terms. Rental income for residential property leases is recorded when due from residents and is recognized monthly as it is earned, which is not materially different than on a straight-line basis as lease terms are generally for periods of one year or less.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

The Company considers all short-term deposits and money market investments with a maturity of less than three months to be cash equivalents.

Other Intangible Assets

Edgar Filing: CabelTel International Corp - Form 10-K

The cost of acquired patents, trademarks and licenses is capitalized and amortized using the straight-line method over their useful lives. The carrying amount of each intangible asset is reviewed annually and adjusted for permanent impairment where it is considered necessary.

Impairment of Notes Receivable

Notes receivable are identified as impaired when it is probable that interest and principal will not be collected according to the contractual terms of the note agreements. The accrual of interest is discontinued on such notes, and no income is recognized until all past due amounts of principal and interest are recovered in full.

Impairment of Long-Lived Assets

The Company reviews its long-lived assets and certain identifiable intangibles for impairment when events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. In reviewing recoverability, the Company estimates the future cash flows expected to result from use of the assets and eventually disposing of them. If the sum of the expected future cash flows (undiscounted and without interest charges) is less than the carrying amount of the asset, an impairment loss is recognized based on the asset's fair value.

The Company determines the fair value of assets to be disposed of and records the asset at the lower of fair value less disposal costs or carrying value. Assets are not depreciated while held for disposal.

Stock Options

The Company follows Statement of Financial Accounting Standards No. 123(R), "Share-Based Payment" ("SFAS 123R") for its stock options. The effect of SFAS 123R is immaterial to the Company's financial statements.

Sales of Real Estate

Gains on sales of real estate are recognized to the extent permitted by Statement of Financial Accounting Standards No. 66, "Accounting for Sales of Real Estate" ("SFAS No. 66"). Until the requirements of SFAS No. 66 have been met for full profit recognition, sales are accounted for by the installment or cost recovery method, whichever is appropriate.

-42-

Real Estate Held for Sale

Statement of Financial Accounting Standards No. 144, ("SFAS No. 144") requires that properties held for sale be reported at the lower of carrying amount or fair value less costs of sale. If a reduction in a held for sale property's carrying amount to fair value less costs of sale is required, a provision for loss is recognized by a charge against earnings. Subsequent revisions, either upward or downward, to a held for sale property's estimated fair value less

Edgar Filing: CabelTel International Corp - Form 10-K

costs of sale are recorded as an adjustment to the property's carrying amount, but not in excess of the property's carrying amount when originally classified as held for sale. A corresponding charge against or credit to earnings is recognized. Properties held for sale are not depreciated.

Recent Accounting Pronouncements

In February 2006, the FASB issued Statement of Financial Accounting Standards No. 155, "Accounting for Certain Hybrid Financial Instruments--an Amendment of FASB Statements No. 133 and 140" ("SFAS No. 155"). The purpose of SFAS No. 155 is to simplify the accounting for certain hybrid financial instruments by permitting fair value re-measurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation. SFAS No. 155 is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. We do not expect the adoption of SFAS No. 155 to have a material impact on our cash flows, results of operations, financial position or liquidity.

In March 2006, the FASB issued Statement of Financial Accounting Standards No. 156, "Accounting for Servicing of Financial Assets--an Amendment of FASB Statement No. 140" ("SFAS No. 156"). SFAS No. 156 requires recognition of a servicing asset or a servicing liability each time an entity undertakes an obligation to service a financial asset by entering into a servicing contract. SFAS No. 156 also requires that all separately recognized servicing assets and servicing liabilities be initially measured at fair value and subsequently measured at fair value at each reporting date. SFAS No. 156 is effective as of the beginning of an entity's first fiscal year that begins after September 15, 2006. We do not expect the adoption of SFAS No. 156 to have a material impact on our cash flows, results of operations, financial position or liquidity.

In June 2006, the FASB issued Interpretation No. 48, "Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109" ("FIN No. 48"). FIN No. 48 clarifies the accounting for uncertainty in income taxes recognized in a company's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN No. 48 also provides guidance on description, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN No. 48 is effective for fiscal years beginning after December 15, 2006. We do not expect the adoption of FIN No. 48 to have a material impact on our cash flows, results of operations, financial position or liquidity.

-43-

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 108, "Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements" ("SAB No. 108"). SAB 108 provides guidance on the consideration of the effects of prior period misstatements in quantifying current year misstatements for the purpose of a materiality assessment. SAB 108 requires the quantification of financial statement misstatements based on the effects of the misstatements on each of the company's financial statements and the related financial statement disclosures. This model is commonly referred to as the "dual approach" because it requires quantification of errors under both the iron curtain and the roll-over methods. The roll-over method focuses primarily on the impact of a misstatement on the income statement--including the reversing effect of prior year misstatements--but its use can lead to the accumulation of misstatements in the balance sheet. The iron-curtain method focuses primarily on the effect of correcting the period-end balance sheet with less emphasis on the

Edgar Filing: CabelTel International Corp - Form 10-K

reversing effects of prior year errors on the income statement. SAB 108 was effective for financial statements for fiscal years ending after November 15, 2006. The adoption of SAB 108 did not have a material impact on our cash flows, results of operations, financial position or liquidity.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("SFAS No. 157"). The new FASB rule defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, or GAAP, and expands disclosures about fair value measurements. The statement is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We are currently evaluating the impact, if any, to our financial condition or results of operations from the adoption of SFAS No. 157.

NOTE C - SHORT TERM NOTE RECEIVABLE - RELATED PARTY

In July 2006, the Company made an unsecured \$1,377,000 loan to Source Rock of Arkansas, LLC (a company that is 20% owned by an entity deemed to be related to CabelTel). The loan has an annual interest rate of 8% with principal and interest payable within 30 days after demand, and if not sooner demanded, on July 17, 2007. Effective July 17, 2007 the existing accrued interest was added to the principal balance, which increased the principal balance to \$1,487,160, and the maturity date was extended to July, 17, 2009. All other terms of the note remain the same.

On November 20, 2007 the company made a \$630,000 loan to Prime Income Asset Management, Inc. The loan has an annual interest rate of 8 1/2 % with principal and interest payable within 30 days after demand.

NOTE D - LONG TERM NOTES RECEIVABLE

As a result of the sale of a property in 2001, the Company holds a tax-exempt note in the amount of \$830,000, bearing interest at 9.5%. The note matures on August 1, 2031. The repayment of the note and interest thereon is limited to the cash flow of the property either from operations, refinancing or sale. The Company has deferred gains in the amount of \$521,000 as well as unpaid interest due. The Company has been recognizing income when cash is received.

As a result of the CableTEL AD rescission, the Company holds a \$1,500,000 participation in a tax-exempt note with a face amount of \$2,406,000, bearing interest at 9.5%. The note matures on August 20, 2037. The repayment of the note and interest thereon has been limited to the cash flow of the property either from operations, refinancing or sale.

In November 2006 the Company settled an obligation to Sylvia Gilley, wife of a former CEO of the Company, and, as part of that settlement, the \$830,000 note and the \$1,500,000 participation discussed above were assigned to Mrs. Gilley - see Note F - Notes Payable.

-44-

As a result of the CableTEL AD rescission, the Company holds a \$1,500,000 participation in a tax-exempt note with a face amount of \$2,406,000, bearing interest at 9.5%. The note matures on August 20, 2037. The repayment of the notes and interest thereon is limited to the cash flow of the property either from operations, refinancing or sale.

NOTE E - FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate

Edgar Filing: CabelTel International Corp - Form 10-K

values at December 31, 2007 and 2006:

Cash and cash equivalents - The carrying amount approximates fair value because of the short maturity of these instruments.

Long-term debt - The fair value of the Company's long-term debt is estimated based on market rates for the same or similar issues. The carrying value of long-term debt approximates its fair value.

Notes receivable - The fair value of the note receivable from an affiliate partnership is estimated to approximate fair value based on its short maturity. It is not practical to estimate the fair value of notes receivable from sale of properties because no quoted market exists and there are no comparable debt instruments to provide a basis for valuation.

NOTE F - NOTES PAYABLE

In November 2002, the Company converted an existing obligation to Sylvia Gilley, the wife of the former CEO, into a note for \$2,255,000 with interest accruing at 10% per year. At November 30, 2006, the total obligation to Sylvia Gilley was \$3,112,148. The Company and Mrs. Gilley have negotiated a settlement whereby Mrs. Gilley will agree to cancel the obligation owed to her in exchange for:

- o The transfer of two notes receivable from third parties currently held by the Company. At November 30, 2006 these notes had a book value of \$1,809,000 (see NOTE D - Long Term Notes Receivable)

Edgar Filing: CabelTel International Corp - Form 10-K

- o 10% of the cash flow from Pacific Pointe, a retirement facility leased by the Company, for as long as the Company holds the lease; and
- o Interest received from the notes since June 2006.

The transaction resulted in the Company being relieved of a \$3,112,148 obligation and, based upon the value of the assets provided to Mrs. Gilley, recording a gain of \$1,034,000, which has been reflected as other income in 2006.

NOTE G - OPERATING LEASES

The Company leases a retirement community under an operating lease in which the basic term expires December 31, 2011, and has operating leases for equipment and office space. The leases generally provide that the Company pay property taxes, insurance and maintenance.

Future minimum payments following December 31, 2007 are as follows (in thousands):

2008		931
2009		948
2010		965

NOTE I - INCOME TAXES

At December 31, 2007, the Company had net operating loss carry forwards of approximately \$19,800,000, which expire between 2012 and 2024.

Deferred tax assets and liabilities were comprised of the following (in thousands):

	Year ended December 31, 2007

	-----	-----
Federal income tax expense	\$ --	\$
	=====	=====

Edgar Filing: CabelTel International Corp - Form 10-K

Changes in the deferred tax valuation allowance result from assessments made by the Company each year of its expected future taxable income available to absorb its carry forwards. The Company believes that it is more likely than not that the net deferred tax asset at December 31, 2007, of \$250,000 will be realized. However, this evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available. Accordingly, the ultimate realization of the net deferred tax asset could be less than the carrying amount.

NOTE M - DISCONTINUED OPERATIONS AND SALES OF REAL ESTATE

In October 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS No. 144"). SFAS No. 144 supersedes FASB Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of" ("SFAS No. 121") and the accounting and reporting provisions for disposals of a segment of a business as addressed in Accounting Principles Board Opinion No.30, "Reporting the Results of Operations-Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions" ("APB Opinion No. 30"). SFAS No. 144 establishes a single accounting model for long-lived assets to be disposed of by sale and addresses various implementation issues of SFAS No. 121. In addition, SFAS No. 144 extends the reporting requirements of discontinued operations to include components of an entity that has either been disposed of or is classified as held for sale. The Company adopted SFAS No. 144 as of January 1, 2002.

During 2004, the Company disposed of an assisted living community in North Carolina and entered into a contract to sell an assisted living community in South Carolina. The operations of these two facilities have been reflected as an assets held for sale. Revenue for the two properties was \$841,000, in 2004. The net loss for the two properties was \$184,000 in 2004.

-50-

The South Carolina facility was sold in May 2005. Revenue and net loss for 2005 were \$40,610 and \$11,640, respectively.

Effective June 30, 2006, the Company sold all of its membership interests in two limited liability companies, Gaywood Oil & Gas, LLC and Gaywood Oil & Gas II, LLC ("Gaywood"), which own oil and gas leases in Gregg and Rusk Counties, Texas and on which approximately 50 oil-producing wells are operating. These are wells averaging two to three barrels of oil per day. The sale price of \$1,737,000 was received in cash on July 5, 2006. The Company recorded a pre-tax gain on the sale of \$418,000. The operation of Gaywood and the gain on the sale have been reflected as a discontinued operation in 2006 and prior years.

During 2007, the Company transferred ownership of the Gainesville Outlet Mall to an unrelated third party.

The following table shows discontinued operations detail for 2007, 2006 and 2005, respectively (amounts in thousands).

NOTE N - CONTINGENCIES

Chesapeake Exploration Limited Partnership and Chesapeake Operating, Inc.

 ("Chesapeake")

In January 2006, the Company entered into a joint operating agreement evidencing its acquisition of a 5% interest in two gas wells being drilled and ultimately operated by Chesapeake. The Company relied on the cost projections provided by Chesapeake to make its investment decision. Subsequent to its investment the Company received an invoice from Chesapeake for \$556,217 which, according to Chesapeake, represents the Company's 5% share of additional costs incurred by Chesapeake in drilling the wells. The Company believes that these additional costs far exceed any reasonable expense that should have been incurred in drilling the two wells and were incurred without notifying the Company of such expenses. The Company has requested an accounting of the additional expenses and a reconciliation of the final costs to the cost estimates previously presented. In April 2007, Chesapeake filed a lawsuit against the Company and others in State District Court in Tarrant County, Texas.

Management intends to vigorously defend this action. However, should the Company not prevail, Source Rock of Arkansas, LLC, an entity affiliated with the Company, has agreed to fully indemnify the Company for any losses it might incur in this matter.

Other

Edgar Filing: CabelTel International Corp - Form 10-K

The Company has been named as a defendant in other lawsuits in the ordinary course of business. Management is of the opinion that these lawsuits will not have a material effect on the financial condition, results of operations or cash flows of the Company.

NOTE P - SUBSEQUENT EVENT

Sale of Common Stock

On March 18, 2008, the Company completed the sale of 950,000 newly registered shares of its common stock to URC Energy, LLC. ("URC") for \$3.00 per share or \$2,850,000. This brought total shares of common stock outstanding to 1,969,939 shares and gave URC 49.05% of the outstanding shares of the Company's common stock. URC is a related party. As a group related parties control approximately 69% of the Company's issued and outstanding common stock.
