Six months Ended December 31, 2002, Versus Six Months Ended December 31, 2001

We incurred a net loss of \$169,887 for the six months ended December 31, 2002, as compared to a net loss of \$163,531 for the six months ended December 31, 2001 primarily due to the reorganization of our business to an Internet Services Provider. In the year earlier period, we provided remediation services, oil field services and high speed internet access.

Sales revenue increased approximately 21%, from \$176,817 for the six months ended December 31, 2001, to \$214,786 for the six months ended December 31, 2002 primarily due to the reorganization of our business.

General and administrative expenses decreased approximately 41%, from \$426,482 for the six months ended December 31, 2001, to \$250,334 for the six months ended December 31, 2002 due to office staff reductions and our reorganization.

Interest income decreased from \$2,369 during the six months ended December 31, 2001 to \$-0- for the six months ended December 31, 2002 because we have disposed of our interest bearing investments.

Financial Condition and Liquidity

The source of our liquidity is from sales revenue and cash injections from interested shareholders. We have current assets of \$46,913 compared with current liabilities of \$225,534 as of December 31, 2002.

Our strategy in the near future is to focus on providing service to existing customers. We believe that our future success will be the result of increasing our market share by increasing our marketing budget and continuing to provide quality service.
