NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended June 30, 2004 and 2003

UNAUDITED

The accompanying condensed consolidated financial statements reflect all adjustments that are, in the opinion of management, necessary to reflect a fair presentation of financial position, results of operations and cash flows for the interim periods. All such adjustments are of a normal recurring nature.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

MARKETABLE SECURITIES

The Company's investments in marketable securities have been classified as available-for-sale securities and reported at their fair value as determined by quoted market prices as follows:

EARNINGS PER COMMON SHARE

Basic earnings per share is calculated by dividing net income by the weighted average number of common shares outstanding during the period. Diluted earnings per share is adjusted for the dilutive effects of stock options. The diluted average number of common shares outstanding has been increased for the assumed exercise of stock options with proceeds used to purchase treasury shares at the average market price for the period. The computations were as follows for the six and three months ended

LEGAL MATTERS

The Company has an interest in a partnership, Cincinnati Club Building Associates ("CCBA"), that owns certain real estate. On August 13, 1999 a Complaint for money damages in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. Essentially, the plaintiff is seeking an adjustment of the capital account balances which would result in a higher distribution of cash flow to the plaintiff. The Court of Common Pleas in Hamilton County, Ohio, in 2003, granted summary judgment in the Company's favor. On January 6, 2004, the plaintiff appealed this decision. The Company believes that the suit is without merit and has been defending itself vigorously against the issues raised.

CCBA appealed a real estate tax assessment from 1999 that had increased the annual real estate tax and was granted a revision. CCBA received a \$96,000 refund of the additional tax paid in 1999. During 2001, the local school board appealed the revision. In 2003, the Ohio Board of Tax Appeals ruled in favor CCBA. The school board appealed that ruling to the Ohio Supreme Court. A settlement agreement and dismissal of the suit was reached in May, 2004.

CCBA had recorded a liability of approximately \$135,500 related to this issue based on the revised value asserted by the local school board. This liability will be recognized as income in 2004.

The Company is involved in other litigation matters and claims which are normal in the course of operations.

Management believes that the resolution of these matters will not have a material effect on the Company's business or financial condition.

DISCONTINUED OPERATIONS

In March, 2004, the Company completed the sale of its 50% interest in a Joint Venture, Vulcan Brunswick Bowling Pin Company (VBBP), to Brunswick Bowling and Billiards Company (Brunswick) for \$2,000,000. VBBP manufactures bowling pins in Antigo, Wisconsin. Pursuant to this sale, the Company does not have a right to any net profits from VBBP after December 31, 2002. In March, 2004, Brunswick also purchased the Company's bowling pin business for \$716,890. The prior period's financial statements have been restated to present the results of operations from bowling pin operations as discontinued operations. For business segment reporting purposes, the financial results from bowling pin operations were previously reported in the segment Bowling Pins.

STOCK OPTIONS

Options to purchase not more than 50,000 shares of treasury stock at \$37.24 per share, that were granted to the President of the Company in 2001 will expire in 2008. In 2003, the options were changed to decrease the option exercise price to \$33.20 per share. The closing price of the stock at June 30, 2004 was \$47.30. As a result, the Company accrued an additional compensation expense liability of \$177,500 related to these stock options in the six month period ended June 30, 2004. No options were exercised under this grant in 2003 or 2004.

The Company applies APB No. 25 and related interpretations in accounting for stock options. Had compensation expense for the stock option been determined based on the fair value or modification dates in accordance with

SFAS.No. 123, the Company's net income and earnings per share would have been adjusted to the pro forma accounts as follows:

REVIEW BY INDEPENDENT ACCOUNTANTS

The condensed consolidated financial statements at June 30, 2004, and for the three and six month periods then ended have been reviewed, prior to filing, by the Registrant's independent accountants, J.D. Cloud & Co. L.L.P., whose report covering their review of the financial statements is included in this report.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors

Vulcan International Corporation

Wilmington, Delaware

We have reviewed the accompanying condensed consolidated balance sheet of Vulcan International Corporation and subsidiaries as of June 30, 2004, and the related condensed consolidated statements of income and cash flows for the six month and three month periods ended June 30, 2004 and 2003. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Vulcan International Corporation and subsidiaries as of December 31, 2003, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 27, 2004, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

consolidated balance sheet as of December 31, 2003, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Net sales revenue for the six months ended June 30, 2004, increased \$747,344 or 19.0% over the corresponding period in 2003. Cost of sales increased \$522,175 or 13.8% during the six months ended June 30, 2004 compared to the corresponding six month period in 2003. Net sales revenue for the second quarter of 2004 decreased \$84,497 or 3.4% and cost of sales decreased \$91,077 or 4.3% compared to the corresponding quarter in 2003. The change for the six months ended June 30, 2004 is due to increased sales and costs in the Company's Rubber and Foam segment and the continued reduction of loss of that segment.

General and administrative expenses increased \$214,686 or 28.3% in the six months ended June 30, 2004, as compared to the corresponding six month period in 2003. General and administrative expenses for the second quarter of 2004 increased \$155,393 or 41.7% compared to the corresponding quarter in 2003. Compensation expense recorded related to the Company's stock option plan accounted for most of the increase in general and administrative expenses for the quarter and six months ended June 30, 2004.

Interest expense for the six months ended June 30, 2004 decreased \$39,513. Interest expense for the three months ended June 30, 2003 decreased \$27,017. The decreases are due to decreased interest rates and elimination of short-term debt.

Gains on the sale of property, equipment and securities were \$441,359 for the six months ended June 30, 2004, as compared to \$683,766 for the corresponding period in 2003. Gain on sale of property, equipment and securities for the second quarter of 2004 were \$115,373 as compared to \$135,865 for the same period in 2003. Gains in 2004 and 2003 were primarily the result of the sale of marketable securities and timber.

Total assets declined from December 31, 2003 and June 30, 2004 primarily due to a general decline in the market value of marketable securities.

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash requirements during the second quarter of 2004 were funded in part through earnings as well as from the sale of timber, equipment and marketable securities. The cash from these transactions was primarily used in operations. The Company expects to continue, when necessary, to use short-term borrowings to meet cash requirements not fully provided by earnings. There were approximately \$29,000 of commitments for capital expenditures as of June 30, 2004.

During the six months ended June 30, 2004, 2000 shares of treasury stock valued at \$81,000 were issued to the President as bonus compensation.
