**PROXY STATEMENT
FOR THE 2002 ANNUAL MEETING OF STOCKHOLDERS**

MAY 29, 2002

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Chordiant Software, Inc. (sometimes referred to as *Chordiant*, *we* or *us*) is soliciting your proxy to vote at the 2002 Annual Meeting of Stockholders. You are invited to attend the annual meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about May 3, 2002, to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 25, 2002 will be entitled to vote at the annual meeting. On this record date, there were 54,435,168 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 25, 2002 your shares were registered directly in your name with our transfer agent, Equiserve, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 25, 2002 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

Election of two (2)
directors;

An amendment to our 1999 Non-Employee Directors Stock Option Plan that would shorten the vesting period of certain grants under that plan from four years to three years.

Ratification of PricewaterhouseCoopers LLP as our independent accountants for our fiscal year ending December 31, 2002.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may abstain from voting for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free **1-877-PRX-VOTE (1-877-779-8683)** using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m. Pacific time on May 29, 2002, to be counted.

To vote on the Internet, go to <http://www.eproxyvote.com/chrd> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m. Pacific time on May 29, 2002 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 25, 2002.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of both nominees for director, For the amendment of the 1999 Non-Employee Directors Stock Option Plan, and For the ratification of PricewaterhouseCoopers as independent accountants for the fiscal year ending December 31, 2002. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees and Georgeson Shareholder may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies, but and Georgeson Shareholder will be paid its customary fee of approximately \$6,500.00 plus out-of-pocket expenses if it solicits proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return *each* proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to our Corporate Secretary, Steve G. Vogel, at 20400 Stevens Creek Boulevard, Suite 400, Cupertino, California 95014.

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 20, 2002, to our Corporate Secretary, Steve G. Vogel, at 20400 Stevens Creek Boulevard, Suite 400, Cupertino, California 95014. If you wish to submit a proposal that is not to be included in next year's proxy materials, you must do so not earlier than March 1, 2003, nor later than March 31, 2003. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Against votes, abstentions and broker non-votes. (Broker non-vote refers to a proposal for which a broker or bank does not have the authority to vote but has the authority to vote and does vote on some proposals.) Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

How many votes are needed to approve each proposal?

For the election of directors, the two (2) nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will count towards the quorum but will have no effect.

The affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the amendment to the Directors' Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as votes against the proposal. Broker non-votes are counted towards the quorum, but will not be counted for any purpose in determining whether this matter has been approved.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at **least a majority** of the outstanding shares entitled to vote are represented by votes at the meeting or by proxy. On the record date, there were 54,435,168 outstanding and entitled to vote. **Thus 27,217,585 must be represented by votes at the meeting or by proxy to have a quorum.**

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2002.

PROPOSAL 1**ELECTION OF DIRECTORS**

The Audit Committee

The Audit Committee consists of three of our non-employee directors. David Springett, William Ford and George Reyes. The Audit Committee met four times during fiscal year 2001. The Audit Committee recommends the engagement of the firm of independent accountants to audit our consolidated financial statements, and monitors the effectiveness of the audit effort, our financial and accounting organization and our system of internal accounting controls. The Audit Committee s agenda is established by the Audit Committee and senior members of the Company s financial management team. The Audit Committee has reviewed with management and the independent accountants the audited consolidated financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

Our independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Committee discussed with the independent accountants that firm s independence and considered whether the non-audit services provided by the independent accountants are compatible with maintaining its independence.

Based on the Audit Committee s discussion with management and the independent accountants, and the Audit Committee s review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the board of directors include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission.

PROPOSAL 2

AMENDMENT TO THE 1999 NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN

General

In November of 1999 the Board adopted our 1999 Equity Incentive Plan (the *Incentive Plan*), our 1999 Non-Employee Directors Stock Option Plan (the *Directors Plan*), and our 1999 Employee Stock Purchase Plan (the *ESPP*), each of which was approved by our stockholders in December 1999. Each of the plans contains a provision whereby additional shares are added to the share reserve for each plan on October 1st of each calendar year until a cap is met. The cap for the Incentive Plan, 20,000,000 shares, was met in October of 2001, and therefore the evergreen provision will not apply to the Incentive Plan on a going-forward basis. As of April 25, 2002, there are 20,000,000 shares reserved for issuance pursuant to the Incentive Plan, 940,000 shares reserved for issuance pursuant to the Directors Plan, and 2,672,898 shares reserved for issuance pursuant to the ESPP.

In March of 2000 the Board adopted our 2000 Nonstatutory Equity Incentive Plan (the *2000 Plan*). Stockholder approval of this plan is not required and has not been obtained by us. The 2000 Plan was in effect as of December 31, 2001, and was adopted without the approval of our stockholders. In April of 2002, the Board approved an increase to the number of shares reserved under the 2000 Plan from 900,000 shares to 2,400,000 shares, also without stockholder approval as such approval is not required by the 2000 Plan or by applicable law. The 2000 Plan does not have a termination date, and will continue indefinitely until suspended or terminated by the Board. The 2000 Plan provides for the grant of nonstatutory stock options and the issuance of restricted stock and stock bonuses to our employees (other than officers, directors, or beneficial owners of ten percent (10%) or more of our common stock) and consultants who meet certain eligibility requirements. As of April 25, 2002, under the 2000 Plan there were 2,400,000 shares authorized for issuance, 842,322 of which were subject to outstanding stock option grants, no shares of unvested restricted stock and unvested stock bonuses outstanding, and 1,536,466 shares available for future grant and issuance (plus any shares that might be returned to the 2000 Plan in the future as a result of cancellations or expirations of granted options and the repurchase of unvested restricted stock and stock bonuses). The terms and price of nonstatutory stock options granted under the 2000 Plan are determined by the Board (or a committee of the Board) and are set forth in each optionee's option agreement. The exercise price of nonstatutory stock options granted under the 2000 Plan has been 100% of the fair market value on the date of grant, and the term of the options has been ten years. Generally, stock options under the 2000 Plan vest over a period of four years in equal monthly installments with 25% of the shares vesting after one year, and the remainder vesting in equal monthly installments over the remaining three years. In the future, stock options may have the same or different vesting terms as determined by the Board (or a committee of the Board). The Board (or a committee of the Board) sets the terms of stock bonuses and rights to purchase restricted stock. Generally, restricted stock has been sold at fair market value at the time of the grant, and generally vests of four years. Generally, stock bonuses have been granted without any payment and without any vesting restrictions. In the future, stock bonuses and rights to purchase restricted stock may have the same or different vesting terms as determined by the Board (or a committee of the Board).

Directors Plan

In April of 2002 our Board amended the Directors Plan, subject to stockholder approval, to change the vesting terms of Initial Grants (option grants made to directors upon becoming members of the Board) pursuant to the plan from a four-year schedule to a three-year schedule. The amendment sets the vesting of Initial Grants such that $\frac{1}{3}$ rd of the shares of our common stock subject to the option vest after one year, and the remaining shares subject to the option vest in equal monthly installments over the following two years. The Board adopted this amendment to align the vesting provisions of the Initial Grants with the terms of office of our Board members such that the three-year term of the directorship is coincident with the three year term of the option's vesting. All other grants made pursuant to the plan currently vest, and will continue to vest, monthly over a twelve-month period.

As of April 22, 2002, options (net of canceled or expired options) covering an aggregate of 155,311 shares of our common stock had been granted under the Directors' Plan. As of April 22, 2002, 779,689 shares of our common stock (plus any shares that might in the future be returned to the Directors' Plan as a result of cancellations or expiration of options) are available for grant under the Directors' Plan.

Stockholders are requested in this Proposal 2 to approve the amendment to the Directors' Plan. The affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the amendment to the Directors' Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as votes against the proposal. Broker non-votes are counted towards the quorum, but will not be counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 2.

The essential features of the Directors' Plan are outlined below:

GENERAL

The Directors' Plan provides for the automatic grant of nonstatutory stock options. Options granted under the Directors' Plan are not intended to qualify as incentive stock options within the meaning of Section 422 of the Code. See *Federal Income Tax Information* for a discussion of the tax treatment of nonstatutory stock options.

PURPOSE

The Board adopted the Directors' Plan to provide a means by which our non-employee directors may be given an opportunity to purchase our stock, to assist in retaining the services of such persons, to secure and retain the services of persons capable of filling such positions and to provide incentives for such persons to exert maximum efforts for our success. Four of our current directors are eligible to participate in the Directors' Plan.

ADMINISTRATION

The Board administers the Directors' Plan. The Board has the power to construe and interpret the Directors' Plan but not to determine the persons to whom or the dates on which options will be granted, the number of shares to be subject to each option, the time or times during the term of each option within which all or a portion of such option may be exercised, the exercise price, the type of consideration or the other terms of the option except that the Board may determine other provisions of the options to the extent not specified in the Directors' Plan.

STOCK SUBJECT TO THE DIRECTORS' PLAN

An aggregate of 940,000 shares of common stock is reserved for issuance under the Directors' Plan. Each year on October 1st the share reserve is automatically increased. If options granted under the Directors' Plan expire or otherwise terminate without being exercised, the shares of common stock not acquired pursuant to such options again become available for issuance under the Directors' Plan. If we reacquire unvested stock issued under the Directors' Plan, the reacquired stock will not again become available for reissuance under the Directors' Plan.

ELIGIBILITY

The Directors' Plan provides that options may be granted only to our non-employee directors. A non-employee director is defined in the Directors' Plan as a director of ours who is not otherwise an employee of or consultant to us or any affiliate of ours.

TERMS OF OPTIONS

The following is a description of the terms of options under the Directors' Plan. Individual option grants may not be more restrictive as to the terms described below.

Exercise Price; Payment. The exercise price of options may not be less than 100% of the fair market value of the stock subject to the option on the date of the grant. At April 22, 2002, the closing price of our common stock as reported on the Nasdaq National Market System was \$5.99 per share.

The exercise price of options granted under the Directors' Plan must be paid in cash or by check at the time the option is exercised or (i) by delivery of other shares of our common stock, (ii) pursuant to a deferred payment arrangement or (iii) in any other form of legal consideration acceptable to the Board.

Option Exercise. Options granted under the Directors' Plan vest as set out in the Directors' Plan during the optionholder's service as a director of ours and during any subsequent service of the optionholder. The Board has the power to accelerate the time during which an option may vest or be exercised. Options granted under the Directors' Plan permit exercise prior to vesting, but in such event the optionholder is required to enter into an early exercise stock purchase agreement that allows us to repurchase unvested shares, generally at their exercise price, should the optionholder's service terminate before vesting.

Term. The term of options under the Directors' Plan is 10 years. Options under the Directors' Plan generally terminate on the earlier of three months after termination of the optionholder's service or the expiration of the term of the option unless (i) such termination is due to the optionholder's disability, in which case the option may be exercised (to the extent the option was exercisable at the time of the termination of service) at any time within 12 months of such termination; or (ii) the optionholder dies before the optionholder's service has terminated, or within three months after termination of such service, in which case the option may be exercised (to the extent the option was exercisable at the time of the optionholder's death) within 18 months of the optionholder's death by the person or persons to whom the rights to such option pass by will or by the laws of descent and distribution. An optionholder may designate a beneficiary who may exercise the option following the optionholder's death.

The option term is extended in the event that exercise of the option within these periods is prohibited. An optionholder's option agreement provides that if the exercise of the option following the termination of the optionholder's service would be prohibited because the issuance of stock would violate the registration requirements under the Securities Act, then the option will terminate on the earlier of (i) the expiration of the term of the option or (ii) three months after the termination of the optionholder's service during which the exercise of the option would not be in violation of such registration requirements.

Other Provisions. The option agreement may contain such other terms, provisions and conditions not inconsistent with the Directors' Plan as determined by the Board.

RESTRICTIONS ON TRANSFER

Options are non-transferable except by will or the laws of descent and to the further extent permitted under the rules of a Form S-8 Registration Statement under the Securities Act.

ADJUSTMENT PROVISIONS

Transactions not involving our receipt of consideration, such as a merger, consolidation, reorganization, stock dividend, or stock split, may change the type(s), class(es) and number of shares of common stock subject to the Directors' Plan and outstanding options. In that event, the Directors' Plan will be appropriately adjusted as to the type(s), class(es) and the maximum number of shares of common stock subject to the Directors' Plan, and outstanding options will be adjusted as to the type(s), class(es), number of shares and price per share of common stock subject to such options.

EFFECT OF CERTAIN CORPORATE EVENTS

The Directors' Plan provides that, in the event of a dissolution, liquidation or sale of substantially all of our assets, specified types of merger, or other corporate reorganization, any surviving corporation may either assume options outstanding under the Directors' Plan or substitute similar options for those outstanding under the

Directors' Plan. If any surviving corporation does not assume options outstanding under the Directors' Plan, or to substitute similar options, then, with respect to optionholders whose service has not terminated, the vesting and the time during which such options may be exercised will be accelerated. An outstanding option will terminate if the optionholder does not exercise it before a change in control.

The acceleration of an option in the event of an acquisition or similar corporate event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of us.

DURATION, AMENDMENT AND TERMINATION

The Board may suspend or terminate the Directors' Plan without stockholder approval or ratification at any time or from time to time.

The Board may also amend the Directors' Plan at any time or from time to time. However, no amendment will be effective unless approved by our stockholders within 12 months before or after its adoption by the Board if the amendment would change any provision of the Directors' Plan in any other way if such modification requires stockholder approval in order to comply with Rule 16b-3 of the Exchange Act or satisfy the requirements of any securities exchange listing requirements. The Board may submit any other amendment to the Directors' Plan for stockholder approval.

FEDERAL INCOME TAX INFORMATION

Nonstatutory Stock Options, Restricted Stock Purchase Awards and Stock Bonuses. Nonstatutory stock options under the Directors' Plan generally have the following federal income tax consequences.

There are no tax consequences to the participant or to us by reason of the grant. Upon acquisition of the stock, the participant normally will recognize taxable ordinary income equal to the excess, if any, of the stock's fair market value on the acquisition date over the purchase price. However, to the extent the stock is subject to certain types of vesting restrictions, the taxable event will be delayed until the vesting restrictions lapse unless the participant elects to be taxed on receipt of the stock. With respect to employees, we are generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the participant.

Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year. Slightly different rules may apply to participants who acquire stock subject to certain repurchase options or who are subject to Section 16(b) of the Exchange Act.

The option plans governing these option terminated other than with respect to the outstanding options, and no options will be granted in the future pursuant to these plans. These plans were not approved by our stockholders, as no approval was required and the plans were not assumed by us. PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The Board of Directors has selected PricewaterhouseCoopers LLP as our independent accountants for the fiscal year ending December 31, 2002 and has further directed that management submit the selection of independent accountants for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited our financial statements since 1996. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent accountants. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent accountants at any time during the year if they determine that such a change would be in our best interests and the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Audit Fees. Aggregate fees for professional services rendered by PricewaterhouseCoopers LLP in connection with its audit of our consolidated financial statements as of and for the year ended December 31, 2001, and its limited reviews of our unaudited condensed consolidated interim financial statements were \$473,348.

Financial Information Systems Design and Implementation Fees. During the fiscal year ended December 31, 2001, PricewaterhouseCoopers LLP rendered no professional services to us in connection with the design and implementation of financial information systems.

All Other Fees. In addition to the fees described above, aggregate fees of \$726,868 were billed by PricewaterhouseCoopers LLP during the fiscal year ended December 31, 2001, primarily for the following professional services:

Audit-related services (1)	\$	591,850
Income tax compliance and related tax services	\$	135,018

(1) Audit related fees include fees for issuance of consents, audits of our employee benefit plans and financial statements of certain businesses acquired during the year.

The Audit Committee has determined the rendering of the information technology consulting fees and all other non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the accountants' independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 3.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of ours. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2001, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with, except that Mr. Morrison filed one day late one report covering one transaction, Mr. Spadafora filed one day late one report covering one transaction, and Mr. Tumminaro and Ms. Realini filed one day late one report covering an aggregate of sixteen transactions.

EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

Directors do not receive cash compensation from us for their services as members of the board or for attendance at committee meetings. Directors are, however, eligible for reimbursement for expenses incurred in connection with attendance at board meetings in accordance with our policy.

Each non-employee director receives stock option grants under the Directors' Plan (only non-employee directors of ours or of an affiliate of such directors are eligible to receive options under the Directors' Plan). Options granted under the Directors' Plan are non-discretionary, and are intended by us not to qualify as incentive stock options.

Under the Directors' Plan, each non-employee director is automatically entitled to receive an initial option to purchase 25,000 shares of our common stock. Pursuant to the terms of the Directors' plan, initial grants to purchase 25,000 shares of our common stock were made to those non-employee directors serving on the board on February 14, 2000, the effective date of our initial public offering. Each director elected or appointed subsequent to February 14, 2000 has received or will receive an initial option to purchase 25,000 shares of our common stock on the date of such non-employee director's election or appointment to the board. These option grants are immediately exercisable with $1/4^{\text{th}}$ of the shares vesting on the anniversary of the grant date and $1/48^{\text{th}}$ of the share vesting each month thereafter.

In addition, on the day after each of our annual meetings of stockholders, starting with the 2001 annual meeting, each person who is then a non-employee director is automatically granted an annual option to purchase 7,500 shares of our common stock. These annual option grants are immediately exercisable, with the shares vesting in equal monthly installments over a year period measured from the date of grant. Beginning after our 2001 annual meeting, if a non-employee director is appointed to the board between annual meetings, the annual option is prorated to reflect the amount of time to be served until the next annual meeting.

Finally, on the day after each of our annual meetings, starting with the annual meeting in 2001, each non-employee director who is then serving on a board committee will automatically receive, pursuant to the terms of the Directors' Plan, an option to purchase 5,000 shares of our common stock. The option is exercisable immediately and vests monthly over the year period measured from the date of grant. If the non-employee director is appointed to a committee after the annual meeting, the option is prorated according to the time to be served until the next annual meeting.

The exercise price of options granted under the Directors' Plan is the fair market value of our common stock on the date of the grant. Each option grant made pursuant to the Directors' Plan has a term of ten years. However, the time in which an option granted under the Directors' Plan may be exercised ends three months from the date the optionee's service with us is terminated, with the exception of termination resulting from death or disability of the optionee, in which case the option terminates 12 months following the former and 18 months following the later of the two above-mentioned events.

In addition, in the event of a dissolution, liquidation, sale of substantially all of our assets, a merger or consolidation in which we are not the surviving corporation, a reverse merger in which we are the surviving corporation but the shares of our common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property or the acquisition by any person, entity or group of the beneficial ownership of our securities representing at least 50% of the combined voting power permitted to vote in the election of directors, then those unvested options issued under the Directors' Plan held by optionees then performing services as an employee or director of, or consultant to, us are accelerated by one year.

During the last fiscal year, we granted options covering 25,000 shares to each non-employee director who became a director in the year 2001, each having a per share exercise price equal to the fair market value of such common stock on the date of grant, as determined by the closing price reported on the Nasdaq National Market for the date of grant.

EMPLOYMENT AGREEMENTS

Employment Agreements

On April 24, 1998, we entered into an employment agreement with Mr. Spadafora. Under the terms of that agreement, Mr. Spadafora is entitled to receive an annual base salary of \$250,000 and is eligible to receive an annual incentive bonus of \$200,000. Mr. Spadafora received a \$100,000 hiring bonus upon signing the agreement. Pursuant to the terms of his employment agreement, Mr. Spadafora also received options to purchase 1,809,650 shares of our common stock. In the event we undergo a Change in Control, which is defined as a sale of substantially all of our assets, a merger in which we are not the surviving corporation or the transfer of more than 50% of our voting interests, Mr. Spadafora will immediately vest in 50% of his then unvested shares. The agreement also provides that either Mr. Spadafora or we may terminate Mr. Spadafora's employment at any time. If Mr. Spadafora's employment is terminated without cause, Mr. Spadafora is entitled to receive 12 months of base salary and he will automatically vest in 50% of his then unvested shares.

Effective as of January 5, 2001, we entered into an employment agreement with Mr. Kelly. Under the terms of that agreement, Mr. Kelly is entitled to receive an annual base salary of \$300,000 and is eligible to receive quarterly bonuses of \$50,000 per quarter and an additional bonus of up to 20% of his salary. Mr. Kelly also receives reimbursements for nanny expenses of up to \$30,000 per year and reimbursements for a home rental of up to \$4,000 per month. Pursuant to the terms of his employment agreement, Mr. Kelly also received options to purchase 800,000 shares of our common stock. In the event we undergo a Change of Control, which is defined as a sale of substantially all our assets, a merger in which we are not the surviving corporation or the transfer of more than 50% of our voting interests, Mr. Kelly will immediately vest in 50% of his then unvested shares. The agreement also provides that Mr. Kelly or we may terminate Mr. Kelly's employment at any time. If Mr. Kelly's employment is terminated without cause, Mr. Kelly is entitled to receive 12 months of base salary and he will immediately vest in 50% of his then unvested shares.

Effective as of February 14, 2001, we entered into an employment agreement with Steve G. Vogel. During the period from February 14, 2001 until March 12, 2001, the date upon which he first assumed the tasks of chief financial officer and chief accounting officer, Mr. Vogel was on unpaid leave of absence from us. Under the terms of his employment agreement, Mr. Vogel is entitled to receive an annual base salary of \$200,000 and is eligible to participate in our bonus plan under which he can receive a bonus, based on the achievement of certain of our objectives, of up to 40% of his salary, and an additional executive year-end bonus of up to 20% of his salary (on a pro-rated basis). The employment agreement also provides for a \$40,000 hiring bonus to be paid in two \$20,000 installments, the first upon 30 continuous days of employment and the second upon 90 continuous days of employment. These bonus payments are recoverable by us on a pro-rated basis should Mr. Vogel's employment terminate for any reason before one full year of service. The agreement also provides that either Mr. Vogel or we may terminate Mr. Vogel's employment at any time, for any reason, with or without notice.

Effective as of January 23, 2001, we entered into an employment agreement with Allen Swann. Mr. Swann assumed the role of president of our international operations on March 27, 2001. Mr. Swann was previously an employee of Prime Response, Inc., a company we acquired on January 8, 2001. Under the terms of his employment agreement, Mr. Swann is entitled to receive an annual base salary of \$275,000, additional incentive compensation of up to \$725,000, and a one-time retention bonus of \$300,000. Mr. Swann was granted two compensatory stock options on March 27, 2001, for 76,649 shares vesting over 12 months, and 120,000 shares vesting over 24 months, respectively. The agreement also provides that either Mr. Swann or we may terminate Mr. Swann's employment at any time, for any reason, with or without notice.

Effective as of November 6, 2001, we entered into an employment agreement with Jeremy Coote. During the period from November 6, 2001, through December 6, 2001, the date upon which Mr. Coote assumed the role of president of our Americas operations, Mr. Coote was on an unpaid leave of absence from us. Under the terms of his employment agreement, Mr. Coote is entitled to receive an annual base salary of \$275,000 and additional incentive compensation of up to \$600,000. The employment agreement also provides for a \$25,000 hiring bonus,

which has been paid. The bonus payments are recoverable by us on a pro rata basis should Mr. Coote's employment with us terminate for any reason before one full year of service. Mr. Coote has been granted options to purchase 250,000 shares of our common stock, vesting over 36 months, with a one-year cliff in vesting. We provide Mr. Coote with \$500,000 in life insurance in addition to standard life insurance benefits provided to our employees. Pursuant to his employment agreement, Mr. Coote also receives \$1,000 per year for tax assistance. The agreement also provides that either Mr. Coote or we may terminate Mr. Coote's employment at any time, for any reason, with or without notice.

Change of Control Agreements

We have supplemented the Employment Agreements with Stephen Kelly, Sam Spadafora, Don Morrison and Steve Vogel (each an *Executive*) with Agreements providing generally that, if an Executive is terminated either without Cause (i.e., conviction of certain types of felonies or misdemeanors; gross misconduct as determined by the Board; or a material violation or material breach of any of our policies or of statutory, fiduciary or contractual duties the Executive has to us) or voluntarily leaves employment for Good Reason (i.e., without the Executive's consent, a reduction in annual base salary, benefits, incentives, position, responsibilities, or relocations in certain circumstances; or our failure to pay the Executive any compensation or benefits within fifteen (15) days of the date on which the compensation or benefits became due to the Executive) within 90 days prior to the Change of Control (i.e., a dissolution, liquidation of all of all or substantially all of our assets; or a transaction or series of transactions by which control over us is transferred, our stock is converted into other property, or we are merged with or into another company and we are not the surviving entity) or 12 months following the Change of Control, then the Executive will receive, among other benefits, the following: (1) payment of all or a portion of the Executive's salary for a period of 6 to 12 months, depending on the Executive, (2) payment of all or a portion of the Executive's annual bonus, depending on the Executive, (3) continuation of our health and life insurance policies for up to a year, depending on the Executive, (4) automatic extension of 60 months to repay any promissory note, loan or other indebtedness to us, and (5) accelerated vesting of options, in whole or in part, depending on the executive.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION**

The compensation committee of the board of directors is responsible for recommending to the board the compensation levels for our directors, officers, employees and consultants, including, but not limited to, annual salary, bonus, stock options and other direct or indirect benefits; administering and granting stock options under our various equity compensation plans; reviewing on a periodic basis the operation of our executive compensation programs to determine whether they are properly coordinated; and establishing and periodically reviewing policies for the administration of executive compensation programs.

The compensation committee is currently comprised of two non-employee directors and has one vacancy. Kathryn C. Gould has served on the Committee since its inception on November 30, 1999, and David Springett has served on the Committee since April 18, 2002.

Compensation Philosophy & Committee Policies

The compensation committee seeks to institute programs and policies that align compensation with business objectives and performance and to enable us to attract and retain the highest quality executive officers and other key employees, reward them for our progress and motivate them to enhance long-term stockholder value. Key operational components to uphold this philosophy are as follows:

We pay competitively with comparable technology companies, both inside and outside our industry, with which we compete for talent. To ensure that compensation is competitive, we compare our practices with firms competing in the customer relationship management services and software market space, firms that in many cases are more established or mature.

We maintain cash-based incentive opportunities for executives and other key employees in the form of bonuses and commissions sufficient to provide motivation to achieve operating goals and to generate rewards that bring total compensation to competitive levels.

We provide significant equity-based incentives for executives, other key employees and consultants to ensure that they are motivated over the long term to respond to our business challenges and opportunities as owners, not merely as employees.

To meet these goals, the compensation committee has recommended to the board a mix of salary, bonus and stock options as aggregate compensation.

Base Salary. The compensation committee annually reviews each executive officer's base salary. When reviewing base salaries, the compensation committee considers levels of responsibility, prior experience, breadth of knowledge and industry-related competitive pay practices. Base salaries for executive officers were increased by a range of 0% to 51% for fiscal year 2001 compared to fiscal year 2000. The increases were partially a function of our performance in fiscal year 2001, as well as a function of (i) the need to provide salaries that were within the range of competitive salaries for comparable positions in comparable companies and (ii) the need to address increased living costs in the geographic area where our executive officers live and work.

Bonus. Bonuses are linked to the attainment of corporate goals including revenue growth achievement, expense containment and earnings per share growth. In determining a given officer's bonus payments, the compensation committee will subjectively evaluate the individual's performance in relation to certain corporate goals and the individual's performance in relation to our various achievements in the recent fiscal year. Other bonus payments are a direct function of percentage of sales-based commissions measured by revenue achievement.

Equity-based Incentives. We are permitted to grant stock options, restricted stock purchase awards and stock bonus awards under our Incentive Plan to executives and other employees and under our 2000 Plan to other employees and consultants. To date, we have not granted any restricted stock purchase awards or stock bonuses.

Through stock option grants, executives and employees receive significant equity incentives to build long-term stockholder value. The options granted to executives and employees have various time-based vesting provisions, encouraging executives and other key employees to remain with us and work toward the generation of increased long-term shareholder value. Stock options typically have been granted to executive officers when the executive first joins us, in connection with a significant change in responsibilities or job title and, occasionally, to achieve equity with a peer group within our structure.

The number of shares subject to each stock option grant made to our executives is based on anticipated future contributions and potential to impact corporate results, and, in certain instances, on past performance. In addition, the vesting schedule for grants made to executive employees during the last fiscal year consisted of monthly vesting over four years following from the vesting start date. However, the compensation committee does believe that vesting should be utilized to create time-based incentives finely-tuned to specific circumstances in the effort to bolster the link between compensation and the creation of increased stockholder value.

An aggregate total of twenty-two grants were made to five executive officers during the last fiscal year. The nature of each grant was determined based on consideration of those factors mentioned above. No additional option grants were made to other executive officers because the amount of the existing equity participation by each of those other officers was deemed adequate (The size of these prior option grants, made before the compensation committee came into existence, was determined at the discretion of the board).

2001 Chief Executive Officer Compensation

Recommended compensation for the chief executive officer is determined through a process similar to that discussed above for other of our executive officers.

Mr. Spadafora's base salary during fiscal year 2001 as president and chief executive officer was \$344,421 (including a payout of \$52,210 of accrued paid time off). Mr. Spadafora's bonus for the fiscal year 2001 was \$275,000. This bonus was based largely on fiscal 2001 performance.

Mr. Spadafora was granted in fiscal year 2001 options exercisable for an aggregate of 100,000 shares. The nature of each grant was determined based on consideration of those factors mentioned above.

Limitations on Deduction of Compensation Paid to Certain Executive Officers

Section 162(m) of the Code limits us to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation within the meaning of the Code.

Option Repricing Information

We believe a cornerstone of our success has been the retention and motivation of our employees through our long-term incentive program, which includes the Incentive Plan, the Directors' Plan and the 2000 Plan, as well as options assumed under the White Spider Software 2000 Stock Incentive Plan and the Prime Response 1998 Stock Option/Stock Issuance Plan (collectively, the *Plans*). Many of the outstanding options under the Plans, however, had exercise prices that were significantly higher than the then-current market price of our common stock. Accordingly, these options no longer provided the intended long-term incentive, and we determined it was appropriate to offer an exchange program.

In June 2001, we instituted an option exchange program whereby all employees were given the option to cancel certain previously granted options in exchange for newly granted options on a one-to-one basis (the *Program*). On December 10, 2001, we granted under the Plans options representing all of the cancelled options (the *New Options*) to those employees who elected to participate in the Program (the *Participants*). All New Options granted under the Program have an exercise price equal to the market price of our common stock on the

date of grant. All New Options vest according to the same vesting schedules as those applicable to the cancelled options. All options granted under the Program have a term of ten years from the date of grant of the New Options.

None of our executive officers participated in the Program.

The compensation committee has not yet established a policy for determining which forms of incentive compensation awarded to our Named Executive Officers shall be designed to qualify as performance-based compensation.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We have entered into indemnification agreements with our directors and officers for the indemnification of and advancement of expenses to these persons to the full extent permitted by law. We also intend to execute these agreements with our future directors and officers.

Options granted to our directors, executive officers and employees are immediately exercisable for both vested and unvested shares, with unvested shares being subject to a right of repurchase in our favor if termination of employment occurs before such shares vest. The following individuals elected to pay the exercise price for some of the options they have exercised with full recourse promissory notes secured by the common stock underlying their respective options. The notes bear interest at 5.74% to 6.5% per year, and interest payments on the notes are due and payable annually on the anniversary date of the note. Unpaid principal and interest on the notes are due and payable immediately upon termination of the employee's employment with us, or two years after the date of the promissory note, whichever is earlier. As of December 31, 2001, the original and outstanding aggregate principal amounts of the promissory notes executed by each executive officer in favor of us are listed below.

Executive Officer	Aggregate Outstanding Note Amount at 12/31/01 (including interest)	Original Note Amount

The above-referenced agreement also provided that prior to the closing of the acquisition of Prime Response, we undertake efforts to place on our board one non-employee director from the Prime Response board of directors, as then comprised. Pursuant to this provision, William E. Ford, a managing member of General Atlantic Partners LLP, was appointed to our board of directors on March 27, 2001 as a class II director. DELIVERY OF THIS PROXY STATEMENT

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means extra convenience for securityholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders may be householding our proxy materials. A single proxy statement would be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker, direct your written request to Corporate Secretary, Chordiant Software, Inc., 20400 Stevens Creek Boulevard, Suite 400, Cupertino, CA 95014 or contact Steve Vogel at (408) 517-6112.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

A copy of our Annual Report to the Securities and Exchange Commission on Form 10-K for the fiscal year ended December 31, 2001 accompanies this Proxy Statement. Further copies are also available without charge upon written request to: Corporate Secretary, Chordiant Software, Inc., 20400 Stevens Creek Blvd., Suite 400, Cupertino, CA 95014. Copies may also be obtained without charge through the SEC's Worldwide Web site at <http://www.sec.gov>.

This is the responsibility of management and the independent auditor. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and the Company's Code of Conduct.

The Committee will hold at least four (4) regular meetings per year and additional meetings as the Chairperson or Committee deems appropriate.
