PROXY STATEMENT

The Board of Directors of Escalade, Incorporated (hereinafter referred to as “Escalade” or the “Company”), headquartered at 817 Maxwell Avenue, Evansville, Indiana 47711 Ph: (812) 467-4449, is soliciting proxies, the form of which is enclosed, for the Annual Meeting of Stockholders to be held on Friday, April 30, 2010, at 7:30 a.m. Central Daylight Savings Time. Each of the 12,682,759 shares of common stock outstanding on February 19, 2010 is entitled to one vote on all matters acted upon at the meeting and only stockholders of record on the books of the Company at the close of business on February 19, 2010 will be entitled to vote at the meeting, either in person or by proxy.

The shares represented by all properly executed proxies received by the Company will be voted as designated and each not designated will be voted affirmatively. Unless discretionary authority is withheld, all other matters coming before the meeting will be voted according to the best judgment of the proxies. Any proxy given by a stockholder of record may be revoked at any time before it is voted, by written notice to the Company’s Secretary, by execution of a later dated proxy, or by a personal vote at the Annual Meeting. This proxy statement is being mailed to stockholders on or about March 30, 2010.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally by mail, but may also be solicited by directors, officers, and other regular employees of the Company, who will receive no compensation in addition to their regular salaries. Bankers and others who hold stock in trust will be asked to send proxy materials to the beneficial owners of the stock, and the Company may reimburse them for their expenses.

The holders of a majority of the Company’s outstanding common stock must be present or represented by proxy at the Annual Meeting to constitute a quorum.

The seven (7) nominees receiving the greatest number of votes cast at the Annual Meeting upon the presence of a quorum will be elected as directors. A properly executed proxy marked “Withhold Authority to Vote” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. The persons named as proxies in the enclosed proxy will vote for the election of the nominees named below unless authority to vote is withheld.

For each other item presented at the Annual Meeting, the affirmative vote of the holders of a majority of the Company’s shares present or represented by proxy at the Annual Meeting and entitled to vote on the item will be required for approval. A properly executed proxy marked “Abstain” with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in “street name” through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such “broker non-votes” will be counted in determining whether there is a quorum.

In July 2009, the U.S. Securities and Exchange Commission, or SEC, approved a rule that changes the manner in which shares are voted in the election of directors. If you hold your shares through a broker, bank or other nominee, your broker is no longer permitted to vote on your behalf in an election of directors. For your vote to be counted, you now will need to communicate your voting decisions to your broker, bank or other nominee, before the date of the Annual Meeting.

Edgar Filing: ESCALADE INC - Form DEF 14A

The Annual Report of the Company for its fiscal year 2009 is being mailed to you with this proxy statement, but such report and financial statements are not a part of this proxy statement.

ITEM NO. 1

ELECTION OF DIRECTORS

The Board of Directors currently has eight members and the Board has voted to decrease the size of the Board to seven (7) members as of the date of the Annual Meeting. The nominees presented for election include the seven individuals who are current directors other than Blaine E. Matthews, Jr., who will retire from the Board effective April 30, 2010. Those persons whose names are set forth below are standing for election. The term of office of elected directors has historically been one year. However, in response to Indiana law, the Board will implement staggered terms beginning with the April 30, 2010 election. The slate will include three directors nominated for two year terms: George Savitsky, Richard D. White, and Edward E. Williams. All other directors will be slated for one year terms.

Director candidates are nominated by the independent members of the Board of Directors, as the Company does not believe that it is necessary to have a separate Nominating Committee, as such nominations are handled by the full board. The Board has determined that a potential candidate to be nominated to serve as a director should have the following primary attributes: high achievement expectations with regard to increasing stockholder value; uncompromising position on maintaining ethics; conservative attitude towards financial accounting and disclosure; and should be a stockholder of the Company to bring the perspective of a stockholder to the Board. The Board believes that the composition of the Board as a whole should reflect diversified experience, education and skills in manufacturing, consumer product sales and marketing, investment banking, accounting and finance, exporting to global markets, and knowledge of the Company's culture. The Board further believes that gender, age and ethnic diversity can enhance the overall perspectives of the Board and of management. The Board takes all of these diversity factors into account when considering individual director candidates.

To date, the Board has not deemed it necessary to engage a third party search firm to assist in identifying suitable candidates for directors, but has the authority to do so in the future. No fees were paid to any such search firm in connection with the nominees for directors named in this proxy statement. The Board believes that the existing Board

members and executive management of the Company have sufficient networks of business contacts that will likely form the candidate pool from which nominees will be identified. Once a candidate is identified, as many members of the Board as feasible will meet with such candidate and the Board as a whole subsequently will evaluate the candidates using the criteria outlined above. The independent Board members will then make the final determination of whether or not to nominate the candidate.

The Company does not have a formal process by which stockholders can propose nominees to serve as directors. If any stockholder would desire to submit the names and qualifications of potential candidates for directors, the Board would evaluate the possible nominee according to the above criteria and would consider such person in comparison to all other candidates and the number of directors then constituting the Board. The Company has not received any such proposals for this Annual Meeting. Accordingly, the Board has made no rejections or refusals of such candidates.

With the exceptions of Messrs. Griffin and Keller who are executive officers of the Company and Patrick J. Griffin, an employee of the Company, the Board has determined that all of the above named incumbent directors have met the independence standards of Rule 4200(a)(15) of the National Association of Securities Dealers listing standards.

The Board of Directors unanimously recommends that you vote “FOR” Proposal 1 relating to the election of directors.

ITEM NO. 2
RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

The Audit Committee of the Board of Directors proposes and recommends that the stockholders approve the selection by the Committee of BKD, LLP to serve as the Company’s independent registered public accounting firm for the Company for the Company’s fiscal year 2010. Action by the stockholders is not required by law in the appointment of an independent registered public accounting firm, but their appointment is submitted by the Audit Committee of the Board of Directors in order to give the stockholders a voice in the designation of auditors. If the proposal approving BKD, LLP as the Company’s independent registered public accounting firm is rejected by the stockholders then the Committee will reconsider its choice of independent auditors. Even if the proposal is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Ratification of the appointment of BKD, LLP as our independent registered public accounting firm for 2010 requires the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. If you are a street name stockholder and do not vote your shares, your bank, broker or other nominee can vote your shares at its discretion on the proposal to ratify the appointment of the independent registered public accounting firm.

The Audit Committee of the Board of Directors unanimously recommends that you vote “FOR” Proposal 2 relating to the ratification of the appointment of the Independent Registered Public Accounting Firm.

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

To the best of the Company’s knowledge, all of the Company’s directors, officers and 10% or more stockholders have timely filed with the Securities and Exchange Commission all reports required to be so filed pursuant to Section 16 of the Securities Exchange Act of 1934 for fiscal 2009, except for a late Form 3 filing for Mr. Patrick Griffin following his election as a director of the Company in April 2009 and one late Form 4 filing for each of Messrs. Robert Griffin, Baalman, White and Williams in connection with their receipt of third quarter 2009 equity compensation as part of their director fees. Such Form 3 and Form 4s were subsequently filed.

BOARD OF DIRECTORS, ITS COMMITTEES, MEETINGS, AND FUNCTIONS

The Board of Directors of the Company currently consists of two members who are executive officers (Robert E. Griffin and Robert J. Keller), five independent members (Blaine E. Matthews, Jr., Edward E. Williams, Richard D. White, George Savitsky and Richard F. Baalman, Jr.), and one director who is also an employee, Patrick J. Griffin.

During 2009, all Directors attended 100% of all meetings of the Board of Directors and the committees on which they served. The Board of Directors had eight meetings and the independent directors held regular executive sessions in conjunction with four of the Board meetings. The Board has not designated a lead or presiding director to chair executive sessions.

Stockholders may communicate directly with the Board of Directors in writing by sending a letter to the Board at: Escalade, Incorporated, 817 Maxwell Avenue, Evansville, Indiana 47711. All communications directed to the Board will be received and processed by the Company's office of the Chief Financial Officer and will be transmitted to the Chairman of the Audit Committee without any editing or screening by such office.

Board Leadership Structure

The Board has placed responsibilities on the Chairman of the Board separate from President and CEO as it believes this provides better accountability between the Board and the management team. The Board believes it is better to have a separate Chairman, whose responsibility is to lead the Board members as they provide leadership to the executive team. This responsibility includes facilitating communication among the directors; setting the Board meeting agendas in consultation with the President and CEO; and presiding at Board meetings and stockholder meetings. This delineation of duties allows the President and CEO to focus his attention on managing the day-to-day business of the Company. The Board believes this structure provides strong leadership for the Board, while positioning the President and CEO as the leader of the Company in the eyes of customers, employees and stockholders.

Currently, Mr. Robert Griffin serves as the Chairman of the Board, but he is not considered an independent director due to his ongoing employment with the Company and his prior service as Chief Executive Officer. However, given the small size of the Board, the independent directors have a clear voice and direct access to both the Chairman of the Board and the President and CEO. The independent directors meet in executive session on a regular basis, with the discussions being led by the independent director who raises the specific topic(s) being considered in such executive sessions. Accordingly, the Board has not deemed it necessary to designate an independent Chairman of the Board nor to establish a formal structure to ensure that independent ideas are raised and fully discussed, because the Board believes that the current structure already satisfies those objectives.

Risk Oversight of the Company

The Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board by monitoring company processes for management's identification and control of key business, financial and regulatory risks. The Audit Committee receives a report from management annually regarding the Company's assessment of risks and meets in executive session with the Chief Financial Officer each quarter. In addition, the Audit Committee reports regularly to the full Board, which also considers the Company's risk profile. The Audit Committee and the full Board focus on the most significant risks facing the Company and review the Company's risk appetite. Management is responsible for the day-to-day risk management processes. The Company has structured the reporting relationship through the Chief Financial Officer who reports functionally to the Audit Committee. The Board believes this division of responsibilities is the most effective approach for addressing the risks facing the Company and the Board leadership structure supports this approach.

Code of Ethics

The Board of Directors has adopted the Escalade, Incorporated Code of Business Conduct and Ethics ("Code") which may be found on the Company's website at: www.escaladeinc.com/Code_of_Conduct.aspx. All employees and Directors of the Company are subject to compliance with the Code.

Audit Committee

The Audit Committee as a whole held four meetings in 2009. At all four meetings the committee met with the independent auditors and management to review the interim financial information contained in each quarterly earnings announcement. The main functions performed by the Audit Committee are to (1) review with the independent auditors their observations on internal controls of the Company and the competency of financial accounting personnel, (2) review with the chief accounting officer and independent auditors, the accounting for specific items or transactions as well as alternative accounting treatments and their effects on earnings, (3) engage the firm of independent certified public accountants to be hired by the Company and review that firm's independence, and (4) approve all audit and non-audit services performed by the Company's independent auditors. The Board of Directors has adopted a written charter for the Audit Committee which can be found on the Company's website at: www.escaladeinc.com/Audit_Committee_Charter.pdf

Compensation Committee

The Compensation Committee met once formally in 2009 and held several informal sessions to review salaries and compensation levels within the Company. The Compensation Committee is also responsible for awards of stock options and restricted stock units; no additional meetings were required to address issues related to such awards in 2009. The Board of Directors has not adopted a written charter for the Compensation Committee.

Director Compensation

Each non-employee director of Escalade, Incorporated currently receives an annual cash retainer of \$25,000 with the exception of the Chairman of the Board who receives an annual cash retainer of \$50,000. Each member of the Audit Committee receives an additional annual fee of \$5,000 except for the Audit Committee Chairman who receives \$15,000. Each member of the Compensation Committee receives an additional annual fee of \$3,000 except for the Compensation Committee Chairman who receives \$10,000. All Directors receive an additional fee of \$1,000 per board meeting attended in excess of eight meetings per year. Members of the Audit Committee and Compensation Committee receive additional fees of \$1,000 per committee meeting attended in excess of six and four meetings, respectively. Each non-employee board member received stock options in 2009; this award amounted to 5,000 options per director. Also in 2009, all non-employee members of the board volunteered to take a 10% reduction of all fees which they were entitled to receive for the 2009-2010 election term. The Board voted to continue with this reduction for the 2010-2011 term.

Under the terms of the Escalade, Incorporated 2007 Incentive Plan, Directors can elect to receive some or all of the fees earned in shares of the Company's common stock, or in the form of restricted stock units or stock options which vest after one year. In 2009 there were 33,195 shares issued, and 54,103 restricted stock units issued pursuant to the plan. In 2009, Messrs. Baalman, Williams and White opted to receive 100% of their board compensation in shares of common stock. Mr. Robert Griffin elected to receive his compensation in shares of common stock beginning with the third quarter 2009 payment.

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter as adopted by the Board of Directors (“Board”), the Audit Committee of the Board (“Committee”) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Escalade. All of the Committee members are independent directors as defined under NASDAQ rules. During fiscal year 2009, the Committee met four times, and discussed the interim financial information contained in each quarterly earnings announcement with the Chief Financial Officer and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors’ independence consistent with Independence Standards Board Standard No. 1, “Independence discussions with Audit Committees,” discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors’ independence. The Audit Committee also discussed and considered whether the provision of non-audit services by the Company’s auditors is consistent with the auditors’ independence. The Audit Committee has determined that the provisions of such services are consistent with the auditors’ independence. The Committee also discussed with management, and the independent auditors the quality and adequacy of Escalade’s internal controls. The Committee reviewed with the independent auditors their audit plan, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by auditing standards generally accepted in the United States of America, including those described in Statement on Auditing Standards No. 61, as amended, “Communication with Audit Committees,” and, with and without management present, discussed and reviewed the results of the independent auditors’ examination of the financial statements.

The Committee reviewed the audited financial statements of Escalade as of and for the year ended December 26, 2009, with management and the independent auditors. Management has the responsibility for the preparation of financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that Escalade’s audited financial statements be included in its Annual Report on Form 10-K for the year ended December 26, 2009, for filing with the Securities and Exchange Commission.

Blaine E. Matthews, Jr. Edward E. Williams George Savitsky, Chairman

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed with the Company’s management the Compensation Discussion and Analysis (“CD&A”) as well as the accompanying tables set forth below. Based on that discussion, the Committee recommended to the Board of Directors that the CD&A be included in this proxy statement and incorporated into the Company’s Annual Report on Form 10-K for the Company’s fiscal year ended December 26, 2009.

Richard D. White, Chairman Richard F. Baalman, Jr. George Savitsky

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2009, all members of the Compensation Committee were independent directors and served the full year. No other director or executive officer of the Company serves on any board of directors or compensation committee of any entity that compensates any of Messrs. White, Baalman, and Savitsky.

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

Compensation Philosophy

The Company's philosophy in setting compensation policies for its named executive officers is to align pay with performance, while at the same time providing competitive compensation that allows the Company to retain and attract executive talent. The Compensation Committee, composed entirely of independent Directors, establishes, approves and evaluates the Company's compensation policies applicable to the named executive officers.

Throughout this proxy statement, all references to the "named executive officers" means Robert E. Griffin, Robert J. Keller, Deborah J. Meinert, and Terry D. Frandsen, the individuals identified under "EXECUTIVE COMPENSATION – Summary Compensation Table." Throughout 2009, Mr. Griffin served as the Company's Chairman of the Board, and Mr. Keller served as the Company's Chief Executive Officer. Ms. Meinert served as the Company's Chief Financial Officer since March, 2009. Mr. Frandsen served as the Company's Chief Financial Officer until his resignation on January 30, 2009.

The Compensation Committee strongly believes that executive compensation should be directly linked to continuous improvements in corporate performance and increases in stockholder value. Consequently the Compensation Committee has adopted the following guidelines for use in evaluating executive compensation:

- Provide a competitive total compensation package that enables the Company to attract and retain key executive talent;
- Align all pay programs with the Company's annual and long-term business strategies and objectives; and
- Provide a mix of base and performance-leveraged variable compensation that directly links executive compensation to the performance of the Company and stockholder return.

Compensation Program; Mix of Pay Components

Consistent with the above philosophy, the Compensation Committee currently utilizes the following components of compensation for the Company's named executive officers:

- Base salary;
- Annual incentive cash bonuses;
- Long-term equity incentives, historically in the form of stock options and/or restricted stock units; and
- Health, welfare and other benefits

Executive compensation is based on a pay-for-performance philosophy. Consequently, a significant portion of annual and long-term compensation for the named executive officers is at-risk. This provides additional upside potential and downside risk for the Company's Chief Executive Officer and Chief Financial Officer, recognizing that the individuals serving in these roles have greater influence on the performance of the Company.

Other than employees working under a collective bargaining agreement, all employees of the Company, including the named executive officers, are employed at will, without employment agreements, severance payment arrangements or change in control agreements.

The Role of the Compensation Committee and Method of Determining Amount of Total Compensation

The Compensation Committee is responsible for the approval and administration of compensation programs for the named executive officers. The Committee focuses on the attraction and retention of key executives and, when making decisions, considers the Company's compensation philosophy, the achievement of business goals set by the Company, relevant peer data, the competitive environment in which the Company competes for talent, how the Company is positioned for the future, and recommendations made by the Company's Chairman and Chief Executive Officer. While the Committee primarily focuses on compensation for the named executive officers, the Committee also reviews the

compensation of certain other key employees, such as the subsidiary and division heads, and the appropriateness and fairness of the allocation of annual incentive compensation among the participants in such plans at the subsidiary level.

In 2009, the Committee reviewed all compensation components for the Company's named executive officers and together with the Board of Directors, reviewed and evaluated the level of performance of the Company and of each executive officer, including the Chief Executive Officer and Chief Financial Officer, in order to determine current and future appropriate compensation levels. In addition, the Committee conducted an annual review of the Company's compensation philosophy to ensure that it remains appropriate given the Company's strategic objectives. From time to time, most recently in 2006, the Committee has engaged compensation consulting firms to provide the Committee with relevant market data and alternatives when making compensation decisions regarding the named executive officers. The Committee may engage compensation consulting firms in the future but did not deem it necessary in 2009.

Except for the Escalade, Incorporated 2007 Incentive Plan which was approved by stockholders at the 2008 Annual Meeting, the Compensation Committee does not participate in any programs which they administer.

Role of Executive Officers in Compensation Decisions

Mr. Griffin, the Company's Chairman, occasionally participates in Compensation Committee meetings and the compensation of the Company's other named executive officers, but does not make any recommendations regarding his own compensation or the compensation of Mr. Patrick Griffin. Consistent with the Committee's past practices, Mr. Keller, as the Company's Chief Executive Officer, will make recommendations regarding the compensation for the Company's Chief Financial Officer, but will not make recommendations for either himself or Mr. Griffin. Although the Committee considers recommendations by Messrs. Griffin and Keller along with data provided by its other advisors, the Committee retains full discretion to set all compensation for the Company's named executive officers.

Base Salary

The Compensation Committee seeks to compensate the named executive officers competitively within the industry while at the same time designing compensation components that base a significant portion of total compensation on performance. In general, base salary levels are set at the beginning of each year at levels believed by the Compensation Committee to be sufficient to attract and retain qualified executives when considered with the other components of the Company's compensation structure. The primary considerations in determining whether base salaries will be adjusted is the Company's income level generated in the previous year and any changes in level of responsibility. The Compensation Committee also subjectively reviews the individual performance of each named executive officer, based on the performance of the Company and the individual's level of contribution towards that performance.

Accordingly, for fiscal 2009 the Compensation Committee established base salaries for the Company's key executives with the intent to motivate performance by providing significant upside potential through incentive compensation and less on guaranteed compensation in the form of salaries. The Compensation Committee does not target any specific benchmark for base salary levels for its key executives compared to comparable companies within the Company's industries, but generally believes that base salaries should be in the lower half of such comparisons coupled with significant opportunities to achieve high incentive, performance based compensation. The Compensation Committee considered the scope of and accountability associated with each executive officer's position in addition to such factors as the performance and experience of each executive officer when setting base salary levels for fiscal 2009.

In 2009, the Compensation Committee made no change to the base salary of \$300,000 for Robert J. Keller, the Company's Chief Executive Officer. However, in February 2009, the base salary for Mr. Keller was voluntarily reduced by 10% to \$270,000. In March 2009, the Company appointed Deborah J. Meinert as the Company's Chief Financial Officer and the Compensation Committee set her 2009 base salary at \$132,000. The Compensation Committee believed that such salaries were warranted for each such officer based primarily on the Company's performance and their contribution to such results.

In 2009, the Compensation Committee made no change to the base salary for Robert E. Griffin, the Company's Chairman of the Board. However, in February 2009, the base salary for Mr. Griffin was voluntarily reduced 10% to \$50,580.

The 2009 salary reductions for Mr. Keller and Mr. Robert Griffin along with other cost saving measures company-wide, were implemented to improve the operating performance of the Company. The salary reductions agreed to for 2009 were voluntarily extended for 2010. Ms. Meinert's and Mr. Patrick Griffin's salaries increased in 2009 due to their expanded roles; however, their new salaries reflect reductions similar to the salary reductions taken by Mr. Robert Griffin and Mr. Keller in 2009 and 2010. Mr. Patrick Griffin's base salary for 2009 is \$120,000, as noted in the 2009 Director Compensation table on page 10.

Annual Cash Incentive Bonus

The Compensation Committee believes a large portion of each executive officer's total compensation should come from performance based results. In 2009, the Compensation Committee approved a Profit Incentive Bonus Plan (the "Bonus Plan") based on the ratio of net income before taxes ("NIBT") to invested capital, defined as beginning stockholders equity plus average debt outstanding during the year. Under this Bonus Plan, three bonus pools were generated; one for each business segment (Sporting Goods and Office Products) based on their separate performance and one for named executives based on the Company as a whole. The Compensation Committee reviews, approves and/or modifies target performance levels suggested by management that dictate the factors used to generate the bonus pools. Bonus pools are calculated by multiplying NIBT before incentive bonuses by the applicable bonus factor based on actual results achieved.

Virtually all employees are eligible to participate in the Bonus Plan and amounts paid under the Bonus Plan are determined and dispersed following completion of the Company's annual audited financial statements. Based on performance targets established by the Compensation Committee, the three bonus pools are created. While the amounts of the bonus pools are determined by the target performance levels established early in the fiscal year to which the bonuses relate, the Compensation Committee has discretion to alter the amount of the individual bonus pools based on factors that significantly change the dynamics of the business or the environment in which the business operates. The Compensation Committee reviews and approves the bonus pool allocations based on recommendations submitted by Mr. Keller in consultation with the senior management in each business unit. Criteria used in determining the amount of bonus allocated to each employee include the employee's level of responsibility, level of performance, and the individual's overall contribution to the success of the business segment.

For 2009, the business results fell below the minimum threshold for generating bonus pools and the Compensation Committee determined that no bonus awards would be made.

Long Term Equity Incentives

Each year, the Compensation Committee determines the amount and character of any long term equity incentive grants to the Company's executive officers and other eligible employees. The Committee considers equity grants to be an effective incentive to encourage stock ownership by officers and key employees increasing their proprietary interest in the success of the Company. At the 2007 Annual Meeting, stockholders approved the Escalade Incorporated 2007 Incentive Plan ("2007 Incentive Plan") which provides a broader array of long-term incentive awards for grant to the Company's employees, including the Chief Executive Officer and Chief Financial Officer. In 2009, the Compensation Committee determined that granting stock options was the best method of satisfying the Committee's compensation philosophy and objectives of directly connecting long term incentives to achieving long term performance objectives. Accordingly the Company granted 125,000 and 45,000 stock options to Mr. Keller and Ms. Meinert, respectively.

The stock options granted to Mr. Keller and Ms. Meinert vest at the end of three years provided that the named executive is still employed by the Company. The stock was trading at \$0.64 per share as of the strike date of March 31, 2009. The options expire in five years.

In February 2010, the Compensation Committee approved stock option awards based on the performance results of 2009. The Company granted 55,000 stock options to Mr. Keller and 27,500 options to Ms. Meinert. The strike date of these options was February 26, 2010, with a price of \$2.56 per share. The options vest 25% per year for four years, and expire in five years.

Health, Welfare and Other Benefits

The Company provides medical, life, 401(k) plan and similar benefits to all of its salaried employees, including the named executive officers. Other than a non-qualified deferred compensation plan in which Mr. Robert Griffin

participates, none of these benefits discriminate in scope, terms or operation in favor of the named executive officers.

Tax and Accounting Considerations

As necessary, the Compensation Committee reviews accounting and tax laws, rules and regulations that may affect the Company's compensation plans. However, tax and accounting considerations have not significantly impacted the compensation programs offered to the Company's executives. Section 162(m) of the Internal Revenue Code generally provides that certain compensation in excess of \$1 million per year paid to a company's chief executive officer and any of its four other highest paid executive officers is not deductible by a company unless the compensation qualifies for an exception. Based on the Compensation Committee's past compensation practices, the Committee does not currently believe that Section 162 (m) will adversely affect the Company's ability to obtain a tax deduction for compensation paid to its named executive officers.

- (1) The option exercise price is equal to the closing market price on the date the options were granted.
- (2) The amounts set forth in this column equal the number of restricted stock units multiplied by the closing market price of the underlying common stock (\$2.32) on December 26, 2009.
- (3) Options granted were to vest in three years, on March 31, 2012.
- (4) Restricted Stock Units vest on August 1, 2010 provided that certain market conditions relative to the Company's common stock are satisfied.
- (5) Restricted Stock Units vest on March 1, 2011 provided that certain market conditions relative to the Company's common stock are satisfied.

Option Exercises and Stock Vested

During 2009, no stock options were exercised by the executive officers, and no stock options vested. However, restricted stock units granted to the Directors in 2008 vested on April 27, 2009 and were settled in the form of shares of common stock issued. The following table outlines this settlement:

Name	Stock Awards Number of Shares Acquired on Vesting (#)	Value Realized on Vesting \$(1)
Robert E. Griffin	1,250	\$ 1,100
Robert J. Keller	—	—
Deborah J. Meinert	—	—
Terry D. Frandsen	—	—

- (1) This amount included in the total for Director's Fees reported in "All Other Compensation for column (j), shown on page 15.

Nonqualified Deferred Compensation

The Company maintains a nonqualified deferred compensation plan that allowed Mr. Griffin, and certain other executive officers who are no longer with the Company, to defer a portion of their incentive bonuses earned during each of the years between 1985 and 1992. The Company provided a matching contribution equal to 70% of the deferred amount. The plan is unfunded and amounts owed to participants under the plan are subject to the claims of general creditors of the Company. The Company accrues interest on the balance owed to participants at the rate of 9% compounded monthly.

The following table illustrates the nonqualified deferred compensation benefits provided to the named executive officers in 2009. It does not reflect matching 401(k) or discretionary contributions made under the Company's qualified retirement plan.

Name	Executive Contributions in 2009 (\$)	Registrant Contributions in 2009 (\$)	Aggregate Earnings in 2009 \$(1)	Aggregate Withdrawals / Distributions (\$)	Aggregate Balance at December 26, 2009 (\$)
Robert E. Griffin	—	—	110,417	—	1,287,479
Robert J. Keller	—	—	—	—	—
Deborah J. Meinert	—	—	—	—	—
	—	—	—	—	—

- (1) Amounts recorded in this column represent interest accrued on cumulative deferred balances and is included in column (i) of the Summary Compensation Table on page 15.

Potential Payments upon Termination or Change in Control

Other than benefits that are generally available to all other salaried employees of the Company, the named executive officers have no agreements that would provide them with any cash payments upon termination of employment with the Company.

Upon a change in control of the Company, as defined in the Escalade, Incorporated 2007 Incentive Plan (approved by the Company's stockholders at the 2007 annual meeting), the vesting of all outstanding, unvested stock options would be accelerated. This is true for all stock option recipients, not just the named executive officers. Based upon the closing stock price of the Company's common stock as of December 26, 2009 (\$2.32), Mr. Robert Griffin, Mr. Keller, and Ms. Meinert would potentially receive value for unexercised stock options: approximately \$292,750. Mr. Griffin's options, value of \$7,150, will expire if not exercised on or before April 24, 2014. Mr. Keller's and Ms. Meinert's options, values of \$210,000 and \$75,600, respectively, will expire if not exercised on or before March 31, 2014. The potential value of unexercised stock options is computed as the difference between the exercise price and the closing stock price multiplied by the number of shares. Options with exercise prices higher than the closing market price are not included in the calculation.
