PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS

May 16, 2013

INTRODUCTION

This proxy statement is furnished in connection with the solicitation of proxies for use at the 2013 Annual Meeting of Shareholders (the “Meeting”) of American River Bankshares (the “Company”) to be held on Thursday, May 16, 2013, at 3:00 p.m., at the Rancho Cordova City Hall, American River Room North, 2729 Prospect Park Drive, Rancho Cordova, CA 95670 for the following purposes and at any and all postponements or adjournments thereof. Only shareholders of record on March 26, 2013 (the “Record Date”) will be entitled to notice of the Meeting and to vote at the Meeting. At the close of business on the Record Date, the Company had outstanding and entitled to be voted 9,105,729 of the Company’s no par value common stock. Directions to the Meeting can be found later in this proxy statement.

Revocability of Proxies

A proxy for voting your shares at the Meeting is enclosed. Any shareholder who executes and delivers such proxy has the right to and may revoke it at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date. In addition, a proxy will be revoked if the shareholder executing such proxy is in attendance at the Meeting and such shareholder votes in person. Subject to such revocation, all shares represented by a properly executed proxy received in time for the Meeting will be voted by the proxyholders in accordance with the instructions specified on the proxy.

Unless otherwise directed in the accompanying proxy, the shares represented by your executed proxy will be voted “FOR” the nominees for election of directors named herein, “FOR” the ratification of the selection of Crowe Horwath LLP as the Company’s independent registered public accounting firm for the 2013 fiscal year, and “FOR” approval on an advisory basis of the Company’s named executive officer compensation. If any other business is properly presented at the Meeting and at any and all postponements or adjournments thereof, the proxy will be voted in accordance with the recommendations of management.

Solicitation of Proxies

This solicitation of proxies is being made by the Board of Directors of the Company. The expenses of preparing, assembling, printing, and mailing this proxy statement and the materials used in this solicitation of proxies will be borne by the Company. It is contemplated that proxies will be solicited principally through the use of the mail, but directors, officers, and employees of the Company may solicit proxies personally or by telephone, without receiving special compensation. The Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding the proxy statement to shareholders whose stock in the Company is held of record by such entities. In addition, the Company may use the services of individuals or companies it does not regularly employ in connection with this solicitation of proxies, if management determines it is advisable.

Voting Securities

On any matter submitted to the vote of the shareholders, each holder of common stock will be entitled to one vote, in person or by proxy, for each share of common stock he or she held of record on the books of the Company as of the Record Date.

A majority of the shares entitled to vote, represented either in person or by a properly executed proxy, will constitute a quorum at the Meeting. If, by the time scheduled for the Meeting, a quorum of shareholders of the Company is not present or if a quorum is present but sufficient votes in favor of any of the proposals have not been received, the Meeting may be held for purposes of voting on those proposals for which sufficient votes have been received, and the persons named as proxyholders may propose one or more adjournments of the Meeting to permit further solicitation of proxies with respect to any of the proposals as to which sufficient votes have not been received.

Votes cast will be counted by the Inspector of Election for the Meeting. The Inspector will treat abstentions and “broker non-votes” as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but they are not treated as shares voted on any proposal and therefore will have no effect upon the outcome of any proposal. Broker non-votes are shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power under applicable rules of the stock exchange or other self-regulatory organization of which the broker or nominee is a member. In the election of directors, the nominees receiving the highest number of votes will be elected. Approval of any proposal (other than the election of directors) requires the affirmative vote of a majority of the shares represented and voting at the Meeting (unless a greater number is required as described in a proposal).

Any shareholder may choose to vote shares of common stock by telephone by calling the toll-free number (at no cost to the shareholder) indicated on the proxy. Telephone voting is available 24 hours per day. Easy to follow voice prompts allow a shareholder to vote shares and to confirm that instructions have been properly recorded. The Company’s telephone voting procedures are designed to authenticate the identity of shareholders by utilizing individual control numbers. *If a shareholder votes by telephone, there is no need to return the proxy.*

Any shareholder may also choose to vote shares of common stock electronically by using the Internet, as indicated on the proxy. Internet voting procedures are designed to authenticate the identity of a shareholder and to confirm that instructions have been properly recorded. The Company believes these procedures are consistent with the requirements of applicable law. *If a shareholder votes electronically by using the Internet, there is no need to return the proxy.*

If you vote by telephone or Internet, your vote must be received by 1:00 a.m., Eastern Time, on May 16, 2013 to ensure that your vote is counted.

Recommendation of Management

The Board of Directors recommends a vote “FOR” each of the nine (9) nominees listed above.

CORPORATE GOVERNANCE

Our Board of Directors and management are dedicated to the standard of exemplary corporate governance and believe that corporate governance is vital to the continued success of the Company. The Board annually reviews and updates the charters of the Board committees in response to evolving “best practices” and the results of changes in the regulatory environment.

Director Independence

Our Board of Directors has determined that each of our non-employee directors (excluding David Taber) is independent. Each of our Audit, Nominating and Compensation Committees is composed only of independent directors.

Our Board has adopted certain standards to assist it in assessing the independence of each of our directors. A director who otherwise meets the definition of independence under applicable NASDAQ listing standards may be deemed “independent” by the Board of Directors after consideration of all of the relationships between the Company and the director, or any of his or her immediate family members (as defined in the NASDAQ listing rules), or any entity with which the director or any of his or her immediate family members is affiliated by reason of being a partner, officer or a significant shareholder thereof. However, ordinary banking relationships (such as depository, lending, and other services readily available from other financial institutions) are not considered by the Board of Directors in determining a director’s independence, as the Board of Directors considers these relationships to be immaterial. A banking relationship is considered “ordinary” if:

- the relationship is on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons;
- with respect to an extension of credit, it has been made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve and Section 13(k) of the Securities Exchange Act of 1934;
- no event of default has occurred and is continuing beyond any period of cure; and
- the relationship has no other extraordinary characteristics.

In assessing the independence of our directors, our full Board of Directors carefully considered all of the business relationships between the Company and our directors or their affiliated companies, other than ordinary banking relationships. This review was based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, familial, compensation and other relationships with the Company and our management. Where business relationships other than ordinary banking relationships existed, the Board of Directors determined that, except in the case of Mr. Taber, none of the relationships between the Company and the directors or the directors' affiliated companies impair the directors' independence because the amounts involved are immaterial to the directors or to those companies when compared to their annual income or gross revenues. The Board of Directors also determined for all of the relationships between the Company and our directors or the directors' affiliated companies, that none of the relationships had unique characteristics that could influence the director's impartial judgment as a director of the Company.

Code of Ethics

The Company has adopted a Code of Ethics that complies with the rules promulgated by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002 and applicable NASDAQ listing rules. The Code of Ethics requires that the Company's directors, officers (including the principal executive, financial and accounting officers, or controller and persons performing similar functions) and employees conduct business in accordance with the highest ethical standards and in compliance with all laws, rules and regulations applicable to the Company. The Code of Ethics is intended to supplement the provisions of any other personnel policies of the Company or codes of conduct, which may establish additional standards of ethical behavior applicable to the Company's directors, officers and employees.

The Code of Ethics was filed as Exhibit 14.1 to the Company's 2003 Annual Report on Form 10-K and may be accessed through the Company's website by following the instructions for accessing reports filed with the Securities and Exchange Commission hereafter in this proxy statement under the heading "Website" or is available, free of charge, upon written request to Mitchell A. Derenzo, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670.

Leadership Structure

The positions of the Board Chair and the President and Chief Executive Officer ("CEO") are filled by different persons. Mr. Fite, an independent director, serves as Board Chairman, while Mr. Taber serves as President and Chief Executive Officer. The Board believes that separating the roles of Chairman and CEO is preferable and in the best interests of shareholders because it enhances the Board's ability to fulfill its oversight responsibilities, inclusive of senior management. Separating the positions also provides an independent viewpoint and focus at board meetings, and improves communication between management and the Board by giving our CEO a single initial source for Board-level communication and input on significant decisions.

Risk Oversight

Risk management is the responsibility of management and risk oversight is the responsibility of the Board. The Board administers its risk oversight function principally through its division of responsibility within its committee structure, with each committee being responsible for overseeing risk within its area of responsibility. For example, the Loan Committee of American River Bank (the "Loan Committee") plays an important role in overseeing our loan functions and monitoring related risks. Responsibilities of our various committees are discussed under each committee in this proxy statement. Significant risk oversight matters considered by the committees are reported to and considered by the Board. Some significant risk oversight matters are reported directly to the Board, including matters not falling within the area of the responsibility of any committee. Types of risks with the potential to adversely affect the Company include credit, interest rate, liquidity, and compliance risks, and risks relating to our operations and reputation.

Management regularly provides the Board and its various committees with a significant amount of information regarding a wide variety of matters affecting the Company. Matters presented to the Board and its committees generally include information with respect to risk. The Board and its committees consider the risk aspects of such information and often request additional information with respect to issues that involve risks to the Company. The Board and its committees also raise risk issues on their own initiative.

To assist the Company with respect to enterprise risk management, and to assist the Board and its committees with respect to risk oversight, the Company has an Enterprise Risk Management Committee made up of appropriate

management personnel that works to identify and assess risks across all parts of the Company. The Enterprise Risk Management Committee reports to the Board and all of its members attend either Board and/or other committee meetings as needed.

The Company does not believe the Board's risk oversight function has had a significant effect on the Board's leadership structure, although a change in leadership structure could result in changes in the implementation of the risk oversight function.

Review of Risk Associated With Compensation Plans

The Company develops and implements compensation plans that provide strategic direction to the participants and engages them in the Company's success, which contributes to shareholder value. We believe our approach to goal setting, establishing targets with payouts at multiple levels of performance, evaluation of performance results and negative discretion in the payout of incentives help to mitigate excessive risk-taking that could harm Company value or reward poor judgment by our executives. Compensation policies and practices are determined by reviewing compensation analyses including industry/market benchmarking reports to determine competitive pay packages. The Company's variable pay programs are designed to reward outstanding individual and team performance while mitigating risk taking behavior that might affect financial results. Performance incentive rewards for all plans continue to be focused on results that possibly impact earnings, profitability, credit quality, loan growth, deposit growth, sound operations and compliance, sustainable culture, and leadership excellence. Incentive plans, which are reviewed and revised on an annual basis, have defined terms and conditions which enable the Company to adjust the final scoring and payments under the plans. Generally, there is more oversight of plans that have a higher degree of risk, larger payouts, and that could have the greatest negative impact on the Company and American River Bank's safety and soundness, such as credit related risks. Plan reviews and approvals increase before any payments are made as the risks associated with a plan increase.

The Compensation Committee met with senior management officers, including the Human Resources Officer, of the Company to review the 2012 incentive compensation plans and concluded that, based on the controls described above and elsewhere in this proxy statement, those plans do not present risks that are reasonably likely to have a material adverse effect on the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and any persons beneficially owning ten percent or more of the Company's common stock to timely file initial reports of ownership and reports of changes in that ownership with the Securities and Exchange Commission. Such persons are required by Securities and Exchange Commission regulations to send copies of such reports to the Company. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2012, the Company believes all such filing requirements applicable to its directors, executive officers and ten percent shareholders were met.

Committees of the Board of Directors

Nominating Committee. The Nominating Committee, whose members are Charles D. Fite, Stephen H. Waks and Michael A. Ziegler (Chairman), has the responsibility to assist the Board of Directors by (a) establishing criteria for candidates and identifying, evaluating, and recommending candidates, including candidates proposed by shareholders, for election to the Board of Directors, and (b) periodically reviewing and making recommendations on the composition of the Board of Directors. The Nominating Committee met twice in 2012. All members of the Nominating Committee are “independent,” as that term is defined under applicable NASDAQ listing rules. Candidates are selected in accordance with a Nominating Charter. The Nominating Charter includes a policy for consideration of candidates proposed by shareholders. Any recommendations by shareholders will be evaluated by the Board of Directors in the same manner as any other recommendation and in each case in accordance with the Nominating Charter.

Shareholders that desire to recommend candidates for consideration by the Company’s Board of Directors should mail or deliver written recommendations to the Company addressed as follows: Board of Directors, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670. Each recommendation should include biographical information indicating the background and experience of the candidate that qualifies the candidate for consideration as a director for evaluation by the Board of Directors. In addition to minimum standards of independence for non-employee directors and financial literacy, the Board of Directors considers various other criteria including the candidate’s experience and expertise, financial resources, ability to devote the time and effort necessary to fulfill the responsibilities of a director and involvement in community activities in the market areas served by the Company that may enhance the reputation of the Company. The provisions of our Nominating Committee Charter regarding diversity, as a matter of practice, may seek or favor a candidate with particular areas of expertise that complement our existing Board composition or satisfy legal requirements. In general, our objective is for the Board to reflect a diversity of perspectives and a broad range of experiences through individuals that possess the background, skills, expertise, and commitment necessary to make a significant contribution to our Company. Qualified candidates are considered without regard to race, color, religion, sex, ancestry, national origin, disability, or any other factor that qualifies the candidate as a member of a protected class under applicable law.

The Company operates in a highly regulated industry and is subject to the supervision, regulation and periodic examination by state and federal banking regulatory authorities including the Board of Governors of the Federal Reserve System, California Department of Financial Institutions and Federal Deposit Insurance Corporation. Directors of the Company are subject to certain rules and regulations and potential liabilities not otherwise applicable to directors of non-banking organizations. Consequently, evaluation of candidates by the Company's Board of Directors may include more extensive inquiries into personal background information including confirmation of the accuracy and completeness of background information by (a) requiring candidates to complete questionnaires to elicit information of the type required to be disclosed by the Company in reports filed with the Securities and Exchange Commission, NASDAQ, or such state and federal banking regulatory authorities, (b) conducting background investigations by qualified independent organizations experienced in conducting criminal and civil investigatory reviews, and (c) such other personal and financial reviews and analyses as the Board of Directors may deem appropriate in connection with the consideration of candidates.

Shareholders who wish to nominate a candidate for election to the Company's Board of Directors, as opposed to recommending a potential nominee for consideration by the Board of Directors, are required to comply with the advance notice and any other requirements of the Company's bylaws, applicable laws and regulations. The Board of Directors may elect to use third parties in the future to identify or evaluate candidates for consideration by the Board of Directors. The Nominating Charter adopted by the Board of Directors is attached to this proxy statement as ANNEX A. The Nominating Committee recommended the slate of nominees described in "Proposal No. 1, Election of Directors" on pages 4 through 6.

Compensation Committee. The Compensation Committee, whose members include Charles D. Fite, Michael A. Ziegler (Chairman), and William A. Robotham, oversees the performance and reviews the compensation of the executive officers and the directors of the Company and American River Bank. The Compensation Committee met nine (9) times during 2012. See the Compensation Discussion and Analysis on page 15 and the Compensation Committee Charter attached to this proxy statement as ANNEX B for additional information regarding the functions of the Compensation Committee.

- **Compensation Committee Interlocks and Insider Participation**

The CEO is a non-voting invited guest to the Compensation Committee meetings and can be present at discussions regarding compensation matters relative to non-CEO executive officers or directors. The CEO cannot be present during deliberations or voting on CEO compensation matters.

The Board has determined that all members of the Compensation Committee are "independent," as that term is defined under applicable NASDAQ listing rules including Director Fite from whom the Company has leased one of its bank premises since 1985. The current lease terms and the Company's policy are disclosed under "Transactions with Related Persons" on page 32 of this proxy statement.

Audit Committee. The Audit Committee, whose members are Robert J. Fox, William A. Robotham (Chairman), and Roger J. Taylor, D.D.S., oversees the Company's independent registered public accounting firm, analyzes the results of internal and regulatory examinations and monitors the financial and accounting organization and reporting. Director Fox has been designated by the Board of Directors as an "audit committee financial expert" as defined under rules promulgated by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002. The Audit Committee met four (4) times in 2012 and held one (1) "executive session" which only the non-employee directors attended, each of whom is "independent" as defined under applicable NASDAQ listing rules. In addition, each other member of the Audit Committee is "financially literate" as defined under applicable NASDAQ listing rules. See the Audit Committee Report on page 35 and the Audit Committee Charter attached to this proxy statement as ANNEX C for additional information regarding the functions of the Audit Committee.

Finance and Capital Committee. The Finance and Capital Committee, whose members include Roger J. Taylor, D.D.S., Stephen H. Waks (Chairman), and Michael A. Ziegler, has the responsibility to (a) oversee asset liability management and the investment portfolio including recommending to the full Board of Directors the annual investment strategy; (b) recommend to the full Board of Directors the annual operating budget for the Company; and (c) review premises leases and capital expenditures over \$75,000 for recommendation to the full Board of Directors. The Finance and Capital Committee met four (4) times during 2012.

Executive Committee. The Executive Committee, whose members include Charles D. Fite (Chairman), David T. Taber, William A. Robotham, Stephen H. Waks, and Michael A. Ziegler oversees long range planning, formulates and recommends broad policy positions for the full Board of Directors to consider and is responsible for evaluating and recommending to the full Board of Directors matters pertaining to mergers and acquisitions. The Executive Committee met twice during 2012.

Loan Committee of American River Bank. The Loan Committee has the responsibility for establishing loan policy, approving loans which exceed certain dollar limits and reviewing the outside loan review firm's examinations of the loan portfolios. The Loan Committee includes Kimberly A. Box, Charles D. Fite, Robert J. Fox (Chairman), Stephen H. Waks, and Philip A. Wright. Roger J. Taylor, D.D.S. left the Committee effective September 1, 2012. Kimberly A. Box joined the Committee effective September 1, 2012. David T. Taber serves as an alternate committee member. The Loan Committee met eighteen (18) times during 2012.

During 2012, the Company's Board of Directors held twelve (12) regular meetings and two (2) special meetings. In addition, the Company's Board of Directors held three (3) "executive sessions" which only the non-employee directors attended, each of whom is "independent" as defined under applicable NASDAQ listing rules. All directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the number of meetings of the committees on which they served.

See "Detail of Director Compensation Elements – Cash Compensation" on page 12 of this proxy statement for information regarding fees paid to directors during 2012 for Board and committee meetings.

Shareholder Communications

A majority of the members of the Board of Directors, each of whom is "independent" as defined under applicable NASDAQ listing rules, has established procedures for receipt and delivery of shareholder communications addressed to the Board of Directors. Any such shareholder communications, including communications by employees of the Company solely in their capacity as shareholders, should be mailed or delivered to the Company addressed as follows: Board of Directors, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670.

Annual Meeting Attendance

The Company requires members of its Board of Directors to attend the Company's annual meeting of shareholders each year. All directors attended the Company's annual meeting of shareholders held in 2012, except Kimberly A. Box, who joined the Board on July 18, 2012.

DIRECTOR COMPENSATION

Director Compensation Program

The Compensation Committee of the Board of Directors (the "Compensation Committee") oversees the Company's director compensation program. The compensation program includes elements that are designed specifically for the non-employee directors (excluding David Taber). Additionally, the Compensation Committee is charged with the review, and recommendation to the full Board of Directors, of all annual compensation decisions relating to the directors.

The Compensation Committee's compensation philosophy was developed to balance and align the interests of the directors and shareholders. The three primary elements of compensation for our directors are cash compensation, long-term equity-based incentives, and retirement benefits.

In 2012, the Compensation Committee, upon approval of the Board of Directors, consulted with Pay Governance, LLC ("Pay Governance"), a compensation and benefits consulting firm. Pay Governance served as an independent compensation consultant to advise the Compensation Committee on all matters related to the Board compensation and general compensation programs including guidance on industry best practices. At the recommendation of the Compensation Committee, Pay Governance's analysis focused on long-term incentive compensation. Based on discussions with Pay Governance, the Compensation Committee recommended and the Board of Directors approved a slight increase in cash compensation for directors in 2012, an increase in the equity portion of director compensation from a targeted dollar value of \$10,000 per director per year to a target of \$15,000 per year and suspension of the Director Emeritus Plan. The elements of director compensation are described below.

For the analysis of the 2012 director compensation, the Compensation Committee, with the help of Pay Governance, selected a compensation peer group of companies consisting of fifteen publicly traded banking companies headquartered on the West Coast with assets between \$300 million and \$1.4 billion (the "Peer Group"). The Peer Group is used to benchmark compensation levels against companies that are similar in breadth and scope to our Company. The following fifteen companies comprise the Peer Group for 2012: Bank of Commerce Holdings, Bridge Capital Holdings, California United Bank, Central Valley Community Bancorp, FNB Bancorp, First Northern Community Bancorp, Heritage Financial Corp., Heritage Oaks Bancorp, North Valley Bancorp, Oak Valley Bancorp, Pacific Mercantile Bancorp, Pacific Premier Bancorp, Inc., Premier Valley Bank, Sierra Bancorp, and Summit State Bank.

The Company targets total compensation to be at or above the Peer Group average. The goal of the cash compensation is to be close to the Peer Group average, while long-term incentives and retirement benefits are targeted at or above the Peer Group averages. The decisions by the Board about director compensation are based on analysis of the Peer Group averages, the directors' completion of continuing education programs, attendance at Board and committee meetings and prompt responses to management's requests for information required to complete and timely file regulatory filings.

See “Detail of Director Compensation Elements – Retirement Benefits” on page 13 of this proxy statement for information regarding the details of the Deferred Fee Plan and the Director Emeritus Plan.

The use of these compensation elements enables us to reinforce our pay for performance philosophy, as well as strengthen our ability to attract and retain highly qualified directors.

- **Detail of Director Compensation Elements**

The Compensation Committee believes the total compensation and benefits program for the directors should consist of the following: cash compensation, long-term incentives and retirement benefits.

- o **Cash Compensation**

The cash compensation paid to non-employee directors of American River Bankshares during 2012 increased slightly effective July 1, 2012 and included a retainer of \$833.33 per month (up from \$800 per month in 2011), a fee of \$600 for attendance at monthly Board meetings (up from \$400 per month in 2011), and a fee of \$300 for attendance at each committee meeting, other than the Loan Committee whose outside director members received a fee of \$400 for each meeting attended. The fee for attendance at each American River Bank Board meeting was \$275.

In addition to the fees received as non-employee directors in connection with the attendance at Board and committee meetings, the Chairman of the Board of Directors received an additional retainer fee of \$708.34 per month (up from \$700 in 2011), and the Chairman of the Audit Committee, the Chairman of the Finance and Capital Committee, the Chairman of the Compensation Committee, and the Chairman of the Loan Committee each received an additional retainer fee of \$375 per month (up from \$300 in 2011) and the Chairman of the Nominating Committee received an additional retainer of \$291.67 per month (up from zero in 2011). In addition, Directors Robotham and Wright each receive \$250 for attending meetings of the Advisory Board of American River Bank for Sonoma County. The fees paid in 2012 by American River Bankshares and American River Bank to all directors are disclosed in the “Director Compensation Table” on page 14 of this proxy statement.

o

Long-Term Incentive

The long-term incentive compensation element has historically been provided in the form of stock options that vest and become exercisable ratably over five years. In 2010, restricted stock was added as another form of long-term incentive compensation. The Compensation Committee believes the use of stock options and restricted stock, rather than other forms of long-term incentives, creates value for the director only if the shareholder value is increased through an increased stock price. The Compensation Committee believes that this creates strong alignment between the interests of the directors and shareholders.

On March 17, 2010, the Board of Directors adopted the 2010 Equity Incentive Plan (the “2010 Plan”). The 2010 Plan was approved by the Company’s shareholders on May 20, 2010. In 2000, the Board of Directors approved the American River Bankshares 2000 Stock Option Plan (the “2000 Stock Option Plan”). The 2000 Stock Option Plan was approved by the shareholders in September 2000. Both plans allow for performance-related awards for directors, executive officers and other key employees. The fair value related to stock option and restricted stock awards to directors is shown in the “Director Compensation Table” on page 14 of this proxy statement.

Awards to the directors and executive officers are generally made annually, at the same time as awards to the general eligible officer population. Award recommendations are made at Compensation Committee meetings scheduled in advance to meet appropriate deadlines for compensation related decisions. The Compensation Committee then recommends the awards to the full Board of Directors for their approval. The full Board of Directors approves all awards of equity compensation at regularly scheduled meetings. The meetings are held after the close of the U.S. stock markets and the Board sets the exercise price for each stock option, or in the case of restricted stock, the total value of the award, using the closing price of the Company’s stock price on the date of the award.

There is a limited term in which the director can exercise stock options, known as the option term. The option term is generally ten years from the date of award. At the end of the option term, the right to purchase any unexercised options expires. Option holders generally forfeit any unvested options upon separation with the Company. In certain instances, stock options may vest on an accelerated schedule. Restricted stock awarded to the director will fully vest after a one-year term. A change in control may trigger accelerated vesting. In this instance, all unvested options and

restricted stock will vest as of the date of the change in control.

Director equity awards are made after review of their performance for the preceding calendar year. The targeted awards are made based on factors including: (a) attendance at Board and committee meetings (30% of award target), (b) completion of a specified number of continuing education hours (40% of award target), and (c) prompt responses to management's requests for information required to complete and timely file regulatory filings (30% of award target). On May 16, 2012, Directors Fite, Fox, Robotham, Taylor, Waks, Wright and Ziegler were awarded restricted stock with a value of \$10,000 under the 2010 Plan. Based on the closing stock price on May 16, 2012 of \$7.07 per share, each director received an award of 1,414 restricted shares of American River Bankshares common stock. See also the "Director Compensation Table" on page 14 and the "Grants of Plan-Based Awards Table" for Directors on page 15 of this proxy statement for more information regarding director equity awards.

o

Retirement Benefits

Effective December 20, 2001, a Deferred Fee Plan was established for the purpose of providing the directors an opportunity to defer tax on director fees. Participating directors may elect to defer a portion, up to 100%, of their monthly cash compensation. The Company bears the administration costs and pays interest on the deferred balances at a rate equal to the five-year U.S. Treasury Bond plus 4.0%, but does not make contributions to the deferred account balances. For 2012, the rate credited was 4.83%. The amounts deferred and the earnings thereon are unfunded. During 2012, Director Ziegler participated in the Deferred Fee Plan and deferred \$30,000.

In January 2003, the Board of Directors approved a Directors Retirement Plan and in June 2004, this Directors Retirement Plan was replaced with a Director Emeritus Plan, whereby each non-employee director (excluding David Taber) is entitled, upon full retirement from the Board of Directors of the Company or its subsidiaries, to receive installment payments over a 24 month period following retirement which are equal to the total Board of Director and committee fees received by a director for such service during the two full calendar years prior to retirement. To qualify for the payments, a director participating in the Director Emeritus Plan must continue to support the Company by making himself/herself available for consultation with management and/or the Board, continue to be a referral source for business to the Company and attend Company functions such as annual meetings for a period of two years after retirement. The Director Emeritus Plan contains a ten-year vesting component. A director vests 10% for each year of service on the Board of Directors of the Company or its subsidiaries. During 2012, there was one former director participating in the Director Emeritus Plan and the total amount paid in 2012 was \$3,666. Effective July 1, 2012, the Director Emeritus Plan was suspended. The benefits that had been previously earned continued in effect, but no new benefits accrued, nor were there any new participants in the Director Emeritus Plan after July 1, 2012.

COMPENSATION DISCUSSION AND ANALYSIS

Oversight of Executive Compensation Program

The Compensation Committee of the Board of Directors (the “Compensation Committee”) oversees the Company’s compensation programs. The compensation programs include elements that are designed specifically for the executive officers (the “Executives” or an “Executive”), which include the Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”) and the other Executives named in the “Summary Compensation Table.” Additionally, the Compensation Committee is charged with the review and recommendation to the full Board of Directors of all annual compensation decisions relating to the Executives.

The Compensation Committee is composed entirely of non-management members of the Board of Directors. The Board of Directors has determined that each member of the Compensation Committee is independent under applicable NASDAQ listing rules. No Compensation Committee member participates in any of the Company's employee compensation programs. The CEO of the Company was not present during the Compensation Committee voting or deliberations regarding his compensation.

Over the years, the Compensation Committee has taken the following actions to improve the links between Executive pay and performance including:

- Established performance-based awards in the Company's incentive programs;
- Retained independent compensation consultants to advise on executive compensation issues and help the Compensation Committee take a longer view of the multiple facets of its responsibility;
- Designed and updated a more clearly defined competitive pay strategy which would be useful over multiple years and more strictly based on a shareholder benefit model; and
- Reviewed and approved an industry specific peer group for more precise performance comparisons.

The responsibilities of the Compensation Committee, as stated in its charter, include the following:

- Conduct oversight of the Company's overall compensation strategy and objectives pursuant to the goals of the Company.
- Review and recommend to the Board of Directors changes to the structure and design of the compensation elements for executives officers including: annual base salary, annual cash incentives, long-term equity incentives, retirement plans (e.g., 401(k), deferred compensation, and salary continuation plans), and change in control benefits and severance.
- Review and recommend to the Board of Directors changes in the structure and design of the compensation elements for directors of the Company and its subsidiaries and any committees thereof, including cash (e.g., meeting fees and retainers), long-term equity incentive plans and the Director Emeritus Program.
- Review and recommend to the Board of Directors the appropriate peer group to be used in benchmarking executive and director compensation.
- Annually recommend to the Board of Directors the compensation of the CEO, including base salary, annual cash incentive opportunity and changes to other compensation elements.
- Annually recommend to the Board of Directors the compensation of other executive officers (based on the recommendation of the CEO) including base salary, annual cash incentive opportunity and changes to other compensation elements.
- Recommend to the Board of Directors the performance metrics and applicable weightings as required by the Company's Executive Annual Incentive Plan.
- Recommend to the Board of Directors changes to the compensation of directors of the Company and/or any subsidiary of the Company.
- Recommend to the Board of Directors annual equity awards to directors, executive officers and other key employees, pursuant to Board of Directors approved equity awards methodology.

Edgar Filing: AMERICAN RIVER BANKSHARES - Form DEF 14A

- Recommend to the Board of Directors the participants in the Company's Deferred Compensation Plan.
- Recommend to the Board of Directors employment and/or severance agreements for the executive officers.
- Periodically review and recommend to the Board of Directors changes to executive officer retirement benefits, employment agreements, change in control benefits and severance plans.
- Periodically review the Company succession plans relating to positions held by the executive officers and make recommendations to the Board of Directors regarding the process for selecting the individuals to fill these positions.
- Evaluate the CEO's performance relative to the goals and objectives of the Company and discuss evaluations of other executive officers with the CEO.
- Annually review and recommend to the Board of Directors for approval such changes to this Charter, if any, as may be deemed necessary.

Prepare and submit an appropriate "Compensation Committee Report" pursuant to applicable regulations of the Securities and Exchange Commission for inclusion in the management proxy statement for each annual meeting of shareholders, stating, among other matters, whether (a) the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management; and (b) the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in such proxy statement and the Company's Annual Report on Form 10-K.

Perform such other duties and responsibilities as may be required by the rules and regulations which govern the Company and are consistent with the purpose of the Compensation Committee, or as the Board of Directors may deem appropriate.

Overview of Compensation Philosophy

The Compensation Committee's compensation philosophy was developed to balance and align the interests of the Executives and shareholders. The philosophy is intended to attract, motivate, reward and retain the most qualified management talent required to achieve corporate objectives and increase shareholder value, while at the same time the compensation philosophy seeks to make the most efficient use of shareholder resources. To this end, the compensation philosophy emphasizes rewards for performance.

The three primary components of compensation for the Executives are base salary, annual cash incentive opportunity and long-term, equity-based incentive compensation. The Company also provides the Executives with retirement benefits that are earned over time.

To be effective, the compensation philosophy must reflect the corporate mission, culture, and long-term goals of the Company. In order to recruit and retain the most qualified and competent individuals as Executives, the Company strives to maintain a compensation program that is competitive in its peer industry labor market. The purpose of the compensation program is to reward individual performance tied to the achievement of Company objectives. The following objectives are considered in setting the compensation programs for the Executives:

- reward performance which supports the Company's core values of performance, integrity, teamwork, and advancement opportunities;
- provide a significant percentage of total compensation that is at-risk, or variable, based on predetermined performance criteria;
- design competitive total compensation and rewards programs to enhance the Company's ability to attract and retain knowledgeable and experienced Executives; and
- set compensation and incentive levels that reflect competitive market practices.

Compensation Consultant

In 2012, the Compensation Committee consulted with Pay Governance, LLC, (“Pay Governance”), a compensation and benefits-consulting firm. Pay Governance served as an independent compensation consultant to advise the Compensation Committee on all matters related to the Executives’ compensation. Pay Governance also provided guidance on industry best practices and assisted the Compensation Committee by providing comparative market data on compensation practices and programs for the Executives based on an analysis of peer competitors. Pay Governance advised the Compensation Committee in (1) determining base salaries, (2) setting performance goals and award levels for the Company’s Executive Incentive Plan (the “Incentive Plan”), (3) determining the appropriateness of individual grant levels for equity awards, (4) evaluating the retirement plans and benefit amounts, (5) evaluating the perquisite program and allowances provided, and (6) determining the appropriateness of the change in control and termination benefits.

Other than compensation related consulting, Pay Governance did not provide any other services. The Board of Directors and management do not believe the services provided by Pay Governance created a conflict of interest. No services performed by Pay Governance exceeded in the aggregate, more than \$120,000 in the last fiscal year.

Peer Group and Benchmark Targets

The Compensation Committee maintained its basic compensation peer group, which was determined with the help of Pay Governance in 2012, consisting of fifteen publicly-traded, mid-to-high performing financial institutions within and around the Company’s geographic market (the “Peer Group”). The Peer Group was used to benchmark executive compensation levels against companies that have executive positions with responsibilities similar in breadth and scope to the Company and that compete with the Company for executive talent.

The following companies comprise the Peer Group used for 2012: Bank of Commerce Holdings, Bridge Capital Holdings, California United Bank, Central Valley Community Bancorp, FNB Bancorp, First Northern Community Bancorp, Heritage Financial Corp., Heritage Oaks Bancorp, North Valley Bancorp, Oak Valley Bancorp, Pacific Mercantile Bancorp, Pacific Premier Bancorp, Inc., Premier Valley Bank, Sierra Bancorp, and Summit State Bank. The Compensation Committee reviews data obtained from Pay Governance to ensure that the total Executive compensation program continues to be fair to the shareholders and competitive for the Executives.

Compensation Benchmarking Relative to Market

Using the data provided by Pay Governance, the Compensation Committee considered “market” at the median of this data. The Compensation Committee targets total compensation at-market, tied to excellent Company and individual performance. Base compensation, annual incentives, long-term incentives, retirement and other benefits are targeted at close to market.

Decisions by the Compensation Committee about the compensation elements are based on data provided by Pay Governance as well as Company performance and the Executive’s level of responsibility, skill level, experience and contributions to the Company.

Review of Executive Performance

The Compensation Committee reviews, on an annual basis, each compensation element for each Executive. In each case, the Compensation Committee takes into account the scope of responsibilities and years of experience and balances these against competitive salary levels. The Compensation Committee has the opportunity to interact with the Executives at various times during the year, which allows the Compensation Committee to form its own assessment of each individual’s performance.

In addition, each year the CEO presents to the Compensation Committee an evaluation of each Executive, which includes a review of individual contribution, performance against specific targets, and strengths and weaknesses. Following this presentation and discussions with the compensation consultant, the Compensation Committee makes its own assessments and approves the compensation for each Executive.

At the 2011 Annual Meeting of Shareholders, the Board of Directors recommended and shareholders approved proposals for an advisory vote to (a) approve the compensation of the Executives and (b) establish an annual frequency for future advisory votes on compensation for the Executives. At the 2012 Annual Meeting of Shareholders,

the shareholders of the Company approved the advisory vote proposal to approve the compensation of the Executives. This proxy statement also includes “Proposal No. 3, Advisory Vote to Approve Named Executive Officer Compensation” at page 36. The Compensation Committee, as well as the Board of Directors, reviews and considers the results of these shareholder advisory votes on the compensation for the Executives in connection with the implementation of Company compensation programs for Executives.

In 2012, based on review of the data provided by Pay Governance, the Compensation Committee recommended to the Board of Directors that a base salary adjustment, effective July 1, 2012, was warranted. Based on the same review, the Compensation Committee also recommended that no changes to the long-term incentives or retirement benefits be granted nor that any modification be made to the percentage available to the Executives under the Company’s Annual Cash Incentive Plan, with the exception of increasing the benefit payout period from ten (10) years to fifteen (15) years for Mr. Bender to bring his Salary Continuation Agreement in line with that of the other Executives.

Overview of Executive Compensation Elements

The Company's compensation program for Executives consists of several compensation elements, as illustrated in the table below.

Deferred amounts and earnings are unfunded.</p>	<ul style="list-style-type: none"> • Encourages retention of Executives for the balance of his/her career. • Provides a tax-deferred retirement savings plan subject to IRS limitations on qualified plans. The 401(k) Plan is described in more detail on page 23 of this proxy statement. • Provides a tax-deferred retirement savings alternative for amounts exceeding IRS limitations on qualified programs. The deferred compensation plan is described in more detail on page 24 of this proxy statement.

The Salary Continuation Plans are nonqualified, noncontributory plans that provide the Executives with retirement benefits.

The Salary Continuation Plans make available retirement benefits for the Executives commensurate with those available to comparable peer executive officers. The Salary Continuation Plans are described in more detail on page 24 of this proxy statement.

Health and Welfare Benefits

Executives participate in employee benefit plans generally available to all employees, including medical, health, life insurance, disability plans, and vacation and personal absence time.

• These benefits are part of a broad-based, competitive total compensation program.

Additional Benefits and Perquisites

Active participation in business promotional activities on behalf of the Company.

• The Chief Executive Officer is provided the use of a Company owned vehicle to promote Company business in the Company's market area and for incidental personal use. A club membership has also been approved for the Chief Executive Officer for future implementation to promote the Company business.

Change in Control and Termination Benefits

The employment agreements provide severance benefits if an Executive's employment is terminated within two years after a change in control.

• Change in control severance benefits are designed to retain the Executives and provide continuity of management in the event of an actual or threatened change in control. The employment agreements are described in more detail on page 25 of this proxy statement.

The use of the above compensation elements enables the Company to reinforce its pay for performance philosophy, as well as strengthen the ability to attract and retain highly qualified executive officers. The Compensation Committee believes that this combination of the compensation elements provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages recruitment and maximizes retention of the Executives.

Detail of Executive Compensation Elements

The Compensation Committee believes the total compensation and benefits program for the Executives should consist of the following: base salary, annual cash incentives, long-term incentives, retirement plans, health and welfare benefits, perquisite allowance payments and change in control benefits, as more fully described below.

Base Salary

Increases to base salaries, if any, are driven primarily by individual performance and compensation information provided by the consultant to the Compensation Committee, including an analysis of the Peer Data. Individual performance is evaluated by reviewing the Executive's success in achieving business results, promoting core values, focusing on the keys to business success and demonstrating leadership abilities.

In setting the base salary of the Executives for fiscal year 2012, the Compensation Committee reviewed the compensation information provided by Pay Governance. The Compensation Committee also considered the Company's level of success in its short- and long-term goals to:

- achieve specific profitability, growth and asset quality targets;
- communicate strategy and financial results effectively; and
- increase emphasis on employee satisfaction.

The Compensation Committee based its compensation decisions on the Company's performance related to the objectives listed above. The Compensation Committee does not rely solely on predetermined formulas or a limited set of criteria when it evaluates the performance of the Executives. The Compensation Committee reviews the information provided by the compensation consultant, general economic conditions and marketplace compensation trends. The Compensation Committee usually adjusts base salaries for Executives when:

- the current compensation demonstrates a significant deviation from the market data;
- recognizing outstanding individual performance; or
- recognizing an increase in responsibility.

In line with the compensation philosophy outlined above, the Compensation Committee strives to reward the successful Company Executives with a total compensation package in which a majority of the incentive portion is based upon the variable portion of the compensation elements. The base salaries paid to the Executives during fiscal

year 2012 are shown in the “Summary Compensation Table” on page 28.

Annual Cash Incentives

The annual cash incentives are administered under the Incentive Plan and provide Executives with the opportunity to earn cash incentives based on the achievement of specific Company-wide, division, and individual performance goals. The Compensation Committee designs the annual incentive component to align Executive compensation with annual (short-term) performance. Incentive payments earned are generally paid in cash in March of each year for the prior fiscal year’s performance.

The Compensation Committee approves a target incentive payout as a percentage of the base salary earned during the incentive period for each Executive. These targets are based on competitive practices for each comparable position and the compensation information provided by the consultant to the Compensation Committee. The incentive target percentage represents the Executive’s annual incentive opportunity if the annual performance goals are achieved.

Target Incentive Compensation (% of Base Salary)	50 %	30 %	30 %	30 %

The Incentive Plan establishes a set of metrics that are selected to drive annual performance. Each metric has a weight within the Incentive Plan, and the sum of the weights is 100%.

Several financial metrics are commonly referenced in defining Company performance for Executive compensation. These metrics are defined below and their use in the Incentive Plan is further described below.

Profitability Measures

- o **Net Income of the Company**

To ensure compensation is proportional to the return on investment earned by shareholders, we use a net income target as a metric in the Incentive Plan. Net income is the key driver for earnings per share.

Credit Quality Measures

- o **Classified Assets to Equity**

The Company believes that the quality of its assets, primarily loans, is a key to the Company's overall future success. Poor asset quality will deteriorate the Company's future earning capacity. The classified assets to equity metric of the Incentive Plan measures the amount of classified or problem loans and other real estate owned as a percentage of the Company's equity capital.

- o **Nonperforming Loans and Leases to Gross Loans and Leases**

The Company also believes that nonperforming loans and leases are an indication of future credit concerns. The nonperforming loans and leases to gross loans and leases metric of the Incentive Plan measures the amount of nonperforming loans and leases as a percentage of the Company's gross loans and leases.

Risk Management Measures

- o **Quality of Bank Performance**

To ensure long-term growth of the Company, the quality of bank performance is essential. The Incentive Plan metrics for quality of bank performance is based upon how well the Company performs during audits of key risk management areas.

- o **Operational Effectiveness**

To ensure long-term growth of the Company, compliance with regulatory standards is essential. The Incentive Plan metrics for operational effectiveness is based upon how well the Company performs during audits of compliance related areas, including Bank Secrecy Act, information technology, and compliance in general.

Incentive Plan Weightings for 2012

The following chart indicates the weight of each metric as a percent of the total incentive opportunity.

Messrs. (1)	Taber	Derenzo	Muttera	Bender
Net Income of the Company	60 %	60 %	25 %	45 %
Classified Assets to Equity	20 %	20 %	30 %	—
Nonperforming Loans and Leases to Gross Loans and Leases	—	—	30 %	—
Quality of Bank Performance	20 %	20 %	15 %	25 %
Operational Effectiveness	—	—	—	30 %

(1) Former Chief Credit Officer Douglas Tow is not included in this table as he retired from the Company March 30, 2012 and was not eligible for any cash incentive.

The amount of incentive compensation paid to each Executive under the Incentive Plan is adjusted based on how well the Company performs against the stated performance goal of each metric. If the Company exceeds the target by 120% the amount available increases to 75% of base salary in the case of Mr. Taber and to 45% of base salary in the case of Messrs. Derenzo, Muttera and Bender. If the Company attains 85% of target the amount available decreases to 25% of base salary in the case of Mr. Taber and to 15% of base salary in the case of Messrs. Derenzo, Muttera and Bender. The Incentive Plan also establishes minimum funding thresholds. If performance on any metric falls below 85%, no incentive will be paid for that metric and if the results of the Net Income metric falls below 70% no incentive will be earned on any of the metrics.

For 2012, the Company's actual results compared to target are as follows:

Metric	Result
Net Income of the Company	Did not meet minimum or target
Classified Assets to Equity	Did not meet minimum or target
Non Performing Loans to Gross Loans and Leases	Exceeded minimum and target
Quality of Bank Performance	Met target
Operational Effectiveness	Met target

Despite the Company meeting the targets for Non Performing Loans to Gross Loans and Leases, Quality of Bank Performance, and Operational Effectiveness, the Company did not reach the 70% net income threshold, therefore no incentive compensation was earned in 2012 for any of the Executives.

The table below represents the 2012 target amount of cash compensation available for each metric and the amount earned by each Executive.

Metric (1)	Target Payout- Taber	Actual Payout- Taber	Target Payout- Derenzo	Actual Payout- Derenzo	Target Payout- Muttera	Actual Payout- Muttera	Target Payout- Bender	Actual Payout- Bender

(1) Former Chief Credit Officer Douglas Tow is not included in this table as he retired from the Company March 30, 2012 and was not eligible for any cash incentive.

In January 2013, the Board of Directors approved the weight of each metric as a percent of the total incentive opportunity for the 2013 plan year as follows:

Messrs.	Taber	Derenzo	Muttera	Bender
Net Income of the Company	60 %	60 %	25 %	45 %
Classified Assets to Equity	20 %	20 %	30 %	—

Nonperforming Loans and Leases to Gross Loans and Leases	—	—	30	%	—
Quality of Bank Performance	20	%	20	%	15
Operational Effectiveness	—	—	—	—	30

Long-Term Incentives

An important objective of the long-term incentive program is to strengthen the relationship between the long-term value of the Company's stock performance and the potential financial gain for employees. The long-term incentive component has historically been provided in the form of stock options that vest and become exercisable ratably over five years. In 2010, the Compensation Committee added restricted stock as another form of long-term incentive compensation. The restricted stock awarded to the Executives also vests over a five-year period. The Compensation Committee has used stock options and restricted stock, rather than other forms of long-term incentives, because they create value for the Executives when shareholder value is increased through an increased stock price. The Compensation Committee believes that this creates strong alignment between the interests of the Executives and shareholders. The stock options and restricted stock help the Company attract and retain talented executive officers.

Stock options provide the Executives with the opportunity to purchase the Company's common stock at a price fixed on the date of award regardless of future market price. Restricted stock provides the Executives a common stock award that increases in value when the stock price increases. The Compensation Committee's objective is to provide the Executives with awards that are consistent with the compensation information provided by the compensation consultant and based on the Executive's individual performance. A stock option becomes valuable only if the Company's common stock price increases above the option exercise price and the holder of the option remains employed during the period required for the option to vest, which provides an incentive for the Executive to remain employed by the Company. Restricted stock becomes more valuable as the Company's common stock price increases and the holder of the option remains employed during the period required for the award to vest as the restrictions lapse, which provides an incentive for the Executive to remain employed by the Company. In addition, stock options and restricted stock link a portion of the Executive's compensation to shareholders' interests by providing an incentive to make decisions designed to increase the market price of the Company's common stock.

On March 17, 2010, the Board of Directors adopted the 2010 Equity Incentive Plan (the "2010 Plan"). The 2010 Plan was approved by the Company's shareholders on May 20, 2010. In 2000, the Board of Directors approved the American River Bankshares 2000 Stock Option Plan (the "2000 Stock Option Plan"). The 2000 Stock Option Plan was approved by the shareholders in September 2000. The intent of the 2010 Plan and the 2000 Stock Option Plan was to provide for performance-related awards for directors, Executives and other key employees. There will be no new awards issued under the 2000 Stock Option Plan; however, awards outstanding and unexercised remain outstanding until exercised or terminated.

Stock option and restricted stock awards were made to the Executives during 2012, subject to certain restrictions including a five-year vesting period from the date of the awards. Additional information on these stock option and restricted stock awards is shown in the "Summary Compensation Table," in the "Grants of Plan-Based Awards Table" and in the "Outstanding Equity Awards at Fiscal Year-End Table" on pages 28, 29 and 30, respectively, in this proxy statement.

Awards of equity compensation to the Executives and Directors generally are awarded annually, at the same time as awards to eligible key employees. Award recommendations are made at Compensation Committee meetings scheduled in advance to meet appropriate deadlines for compensation related decisions. The Compensation Committee then recommends the awards to the full Board of Directors for their approval. The Company's practice is that the full Board of Directors approves all equity compensation awards at regularly scheduled meetings. The meetings are held after the close of the U.S. stock markets and the Board of Directors sets the exercise price for each stock option, or in the case of restricted stock, the total value of the award, using the closing price of the Company's stock price on the date of the award.

There is a limited term in which the Executive can exercise stock options, known as the option term. The option term is generally ten years from the date of award. At the end of the option term, the right to purchase any unexercised options expires. Restricted stock also carries a term. Typically restricted stock will vest over a five-year period. Holders of stock options or restricted stock generally forfeit any unvested awards if their employment with the

Company terminates.

In certain instances, stock options and restricted stock may vest on an accelerated schedule. A change in control may trigger accelerated vesting. In this instance, all unvested options and restricted stock will vest as of the date of the change in control.

Retirement Benefits

The Company offers retirement programs that are intended to supplement the employee's personal savings and social security. The programs include the American River Bankshares 401(k) Plan ("401(k) Plan"), the American River Bankshares Deferred Compensation Plan ("Deferred Compensation Plan") and the Executives are covered under Salary Continuation Plans ("SCP"). All employees working at least twenty (20) hours per week, including the Executives, are generally eligible to participate in the 401(k) Plan. Only the Executives and a limited number of selected senior managers are eligible for the Deferred Compensation Plan. The SCP's are intended to provide retirement benefits for executive officers and certain key employees.

- **American River Bankshares 401(k) Plan**

The Company adopted the 401(k) Plan to enable employees to save for retirement through a tax-advantaged combination of employee and Company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. The 401(k) Plan allows eligible employees, including the Executives, to elect to contribute from 1% to 100% of their eligible compensation to an investment trust. Eligible compensation generally means all wages, salaries and fees for services from the Company. Employee contributions are matched in cash by the Company at the rate of \$1.00 per \$1.00 of employee contribution for the first 3% and \$0.50 per \$1.00 of employee contribution for the next 2% of the employee's salary. Such contributions vest immediately. The 401(k) Plan provides for multiple investment options, for which the participant has sole discretion in determining how both the employer and employee contributions are invested. The 401(k) Plan does not provide the employees the option to invest directly in the Company's common stock. The 401(k) Plan offers in-service withdrawals in the form of loans, hardship distributions, after-tax account distributions and age 59.5 distributions. The 401(k) Plan benefits are payable pursuant to the participant's election in the form of a single lump sum.

- **American River Bankshares Deferred Compensation Plan**

Effective May 1, 1998, the American River Bank Deferred Compensation Plan was established for the purpose of providing the Executives and selected senior managers, an opportunity to defer compensation. Effective December 20, 2000, the Deferred Compensation Plan was renamed the American River Bankshares Deferred Compensation Plan. Participants in the Plan may elect to defer annually a minimum of \$5,000 or up to a maximum of eighty percent of their base salary and all of their annual cash incentive. At the time of election to defer compensation, the participants must also elect a distribution method as described in the Plan. The Plan permits distributions upon reaching a specified age; upon passage of a specified number of years; upon separation from service, or upon the earlier or later to occur of (A) separation from service or (B) passage of a specified number of years, in each case as elected by the participant. The participant shall also elect to receive all amounts payable to him or her in a lump sum or in equal monthly installments over a designated period of sixty (60), one hundred twenty (120) or one hundred eighty (180) months. The Company bears all administration costs, but does not make contributions to the Deferred Compensation Plan. The Deferred Compensation Plan requires the Company to pay interest on the deferred balances at a rate equal to the five-year U.S. Treasury Bond plus 4.0%, set annually at the beginning of each year. For 2012, the rate credited was 4.83%.

- **Salary Continuation Plans**

In 2003, Salary Continuation Agreements were entered into to provide retirement benefits to Messrs. Taber, Derenzo, and former Chief Credit Officer, Douglas E. Tow. The terms of the agreements include the amounts each such Executive receives upon the occurrence of certain specified events, including formal retirement on or after a specified age. The agreements generally provide for annual retirement benefit payments of One Hundred Thousand Dollars (\$100,000) to Mr. Taber and Fifty Thousand Dollars (\$50,000) each to Messrs. Derenzo and Tow. The annual retirement benefit amount is payable in equal monthly installments over a fifteen (15) year period. In the event of the death, all remaining amounts due are anticipated to be paid to their respective designated beneficiaries over the

remaining payout period. Other events which may alter when payment of the annual retirement benefit is to begin, or the amount which is to be paid, include termination following a “change in control,” in which case the annual benefit payment is payable in equal monthly installments for fifteen (15) years beginning with the seventh (7th) month following the termination in connection with the “change in control” equal to Sixty-Four Thousand Nine Hundred and Seventy Dollars (\$64,970) for Mr. Taber and Thirty-Two Thousand Four Hundred and Eighty-Five Dollars (\$32,485) each for Mr. Derenzo and Mr. Tow. In 2007, the Company modified these agreements to include an annual vesting provision whereby the annual benefit described above vests at a rate of 8% per year for Mr. Taber and 5% per year for Mr. Derenzo and Mr. Tow, effective January 1, 2007. If the amount vested is greater than the change in control benefit, then the amount vested would be paid. Effective March 30, 2012, Mr. Tow retired from the Company and was vested in 25% of his retirement benefit. In October 2012, Mr. Tow began receiving payments under his Salary Continuation Agreement at an amount equal to \$12,500 per year.

In 2007, the Company entered into a Salary Continuation Agreement to provide retirement benefits to Mr. Bender. The terms of the agreement include the amounts Mr. Bender will receive upon the occurrence of certain specified events, including formal retirement on or after a specified age. The agreement generally provides for annual retirement benefit payments of Fifty Thousand Dollars (\$50,000) to Mr. Bender. On December 31, 2012, Mr. Bender’s agreement was modified to increase the annual retirement benefit period from payable in equal monthly installments over a ten (10) year period to payable in equal monthly installments over fifteen (15) years. The annual benefit described above vests at a rate of 5% per year. In the event of Mr. Bender’s death, all remaining amounts due are anticipated to be paid to Mr. Bender’s designated beneficiary over the remaining payout period. Other events which may alter when payment of the annual retirement benefit is to begin, or the amount which is to be paid, include termination following a “change in control,” in which case he is entitled to receive the annual benefit payment in equal monthly installments for fifteen (15) years beginning with the seventh (7th) month following the termination in connection with the “change in control” equal to Thirty-Two Thousand Four Hundred and Eighty-Five Dollars (\$32,485). If the amount vested is greater than the change in control benefit, then the amount vested would be paid.

In 2013, the Company entered into a Salary Continuation Agreement to provide retirement benefits to Mr. Muttera. The terms of the agreement include the amounts Mr. Muttera will receive upon the occurrence of certain specified events, including formal retirement on or after a specified age. The agreement generally provides for annual retirement benefit payments subject to certain vesting periods. The annual retirement benefit amount is payable in equal monthly installments over a fifteen (15) year period. The annual benefit described above vests at a rate of 5% per year. In the event of Mr. Muttera's death during the first ten (10) years of the agreement an annual benefit of \$25,000 per year is due and anticipated to be paid to Mr. Muttera's designated beneficiary over the remaining payout period. From years eleven (11) to twenty (20) this death benefits increase by \$2,500 per year to a maximum of \$50,000 per year. Other events which may alter when payment of the annual retirement benefit is to begin, or the amount which is to be paid, include termination following a "change in control," in which case he is entitled to receive the annual benefit payment in equal monthly installments for fifteen (15) years beginning with the seventh (7th) month following the termination in connection with the "change in control" equal to Thirty-Two Thousand Four Hundred and Eighty-Five Dollars (\$32,485). If the amount vested is greater than the change in control benefit, then the amount vested would be paid.

Health and Welfare Benefits

The Company offers a variety of health and welfare programs to all eligible employees. The Executives generally are eligible for the same benefit programs on the same basis as the rest of the broad-based employees. The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. The health and welfare programs include medical, pharmacy, dental, vision, life insurance, accidental death and disability, paid vacation and personal absence time. Coverage under the life and accidental death and disability programs offer benefit amounts specific to each Executive.

The Company contributes a set dollar amount for employees, including the Executives, who elect medical coverage based on the coverage tier selected. For the period October 1, 2011 through September 30, 2012, the Company made the following monthly contributions by coverage tier: Employee Only, \$502.90; Employee + Spouse, \$900.94; Employee + Child(ren), \$834.60; and Family, \$1,167.54. For the period October 1, 2012 through September 30, 2013, the Company monthly contributions by coverage tier are as follows: Employee Only, \$515.12; Employee + Spouse, \$922.46; Employee + Child(ren), \$854.88; and Family, \$1,194.64. Benefit premiums over and above those contributed by the Company are paid by the employees, including the Executives, through payroll deduction.

During 2012, the Company offered a voluntary long-term disability program that provides income replacement to employees and Executives. Most, but not all, of the Executives participate in the voluntary plan and are eligible, after a 90-day disability period, to receive benefits at a rate of 60% of their basic monthly earnings up to a maximum of \$5,000 until age 65 or recovery per the terms and conditions of the program. The program is contributory and all participating employees, including Executives, pay premiums through payroll deduction.

Perquisites and Perquisite Allowance Payments

The Compensation Committee annually reviews the perquisite program and allowances provided to each Executive to determine if adjustments are appropriate. Mr. Taber is provided a Company owned vehicle for his use to attend various events in the Company's market area, for business development purposes on behalf of the Company, and for incidental personal use, including commuting to and from his home. The perquisites do not exceed \$10,000 per year individually or in the aggregate.

Change in Control and Termination Benefits

In June 2006, the Company entered into an employment agreement with Mr. Taber. The agreement provides for an original term of two years subject to automatic one-year extensions thereafter unless terminated in accordance with the terms of the agreement. The agreement provides for a base salary which is disclosed in the “Summary Compensation Table” on page 28. The agreement may be terminated with or without cause, but if the agreement is terminated without cause including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, the loss by the Company of its legal capacity to contract or the Company’s breach of the terms of the agreement, the employee is entitled to receive severance compensation equal to six (6) months of the existing base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due the employee). The agreement further provides that in the event of a “change in control” as defined therein and within a period of two years following consummation of such change in control (i) the employee’s employment is terminated; or (ii) any adverse change occurs in the nature and scope of the employee’s salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of employment, by resignation or otherwise, then the employee will be entitled to receive severance compensation in an amount equal to eighteen (18) months of the employee’s annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due the employee).

In September 2006, the Company entered into employment agreements with Messrs. Derenzo, Tow and Bender. The agreements have no stated term and can be canceled at any time by the employer or the employee, with or without cause. The agreements provide a base salary which is disclosed in the “Summary Compensation Table” on page 28. The agreements may be terminated with or without cause, but if an agreement is terminated without cause, including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, the loss by the Company of its legal capacity to contract or the Company’s breach of the terms of an agreement, the employee is entitled to receive severance compensation equal to six (6) months of the existing base salary. The agreements further provide that in the event of a “change in control” as defined therein and within a period of two years following consummation of such change in control (i) the employee’s employment is terminated; or (ii) any adverse change occurs in the nature and scope of the employee’s salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of employment, by resignation or otherwise, then the employee will be entitled to receive severance compensation in an amount equal to twelve (12) months of the employee’s annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due the employee). Mr. Tow’s employment agreement was terminated upon his retirement from the Company on March 30, 2012.

In February 2012, the Company entered into an employment agreement with Mr. Muttera. The agreement has no stated term and can be canceled at any time by the employer or the employee, with or without cause. The agreement provides a base salary which is disclosed in the “Summary Compensation Table” on page 28. The agreement may be terminated with or without cause, but if an agreement is terminated without cause, including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, the loss by the Company of its legal capacity to contract or the Company’s breach of the terms of an agreement, the employee is entitled to receive severance compensation equal to six (6) months of

the existing base salary. The agreements further provide that in the event of a “change in control” as defined therein and within a period of two years following consummation of such change in control (i) the employee’s employment is terminated; or (ii) any adverse change occurs in the nature and scope of the employee’s salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of employment, by resignation or otherwise, then the employee will be entitled to receive severance compensation in an amount equal to twelve (12) months of the employee’s annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due the employee).

TRANSACTIONS WITH RELATED PERSONS

The Company has a policy that it does not enter into any transactions covered under Item 404 of Regulation S-K with the exception of loans made by the Company's subsidiary, American River Bank, (see "Indebtedness of Management" immediately following this section) and a lease transaction described below that was entered into in 1985, and subsequently renewed, with Bradshaw Plaza, Associates, Inc., a California corporation doing business as Bradshaw Plaza, which is owned in part by Charles D. Fite, a director of the Company, in addition to ownership by other family members.

American River Bank leases the premises at 9750 Business Park Drive, Sacramento, California and uses the premises for one of its branch locations. The lease term is 10 years and expires on November 30, 2016, subject to extension for one five-year option term. The premises consist of 3,711 square feet on the ground floor. The current monthly rent is \$8,164. The approximate aggregate rental payments for the period from January 1, 2013 through the lease term expiring on November 30, 2016 will be \$388,356. The Board of Directors has evaluated this transaction and the lease relationship and has determined that it does not impair the independence of Mr. Fite, as defined under applicable NASDAQ listing rules. The Board of Directors also determined that they would not expand the existing lease relationship nor would they enter into any new leases for any location other than the current location with Mr. Fite or any of his related companies.

Other than the lease transaction with Director Fite, there have been no transactions, or series of similar transactions, during 2012, or any currently proposed transaction, or series of similar transactions, to which American River Bankshares or American River Bank was or is to be a party, in which the amount involved exceeded or will exceed \$120,000 and in which any director, director-nominee or executive officer of American River Bankshares or American River Bank, any shareholder owning of record or beneficially 5% or more of American River Bankshares common stock, or any member of the immediate family of any of the foregoing persons, had, or will have, a direct or indirect material interest.

Indebtedness of Management

American River Bankshares, through American River Bank, has had, and expects in the future to have banking transactions in the ordinary course of its business with many of American River Bankshares' directors and officers and their associates, including transactions with corporations of which such persons are directors, officers or controlling shareholders, on substantially the same terms (including interest rates and collateral) as those prevailing for comparable transactions with unrelated persons. Management believes that in 2012 such transactions comprising loans did not involve more than the normal risk of collectability or present other unfavorable features. Loans to executive officers of American River Bankshares and American River Bank are subject to limitations as to amount and purposes prescribed in part by the Federal Reserve Act, as amended, and the regulations of the Federal Deposit Insurance Corporation.

PROPOSAL NO. 2**RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The independent registered public accounting firm of Crowe Horwath LLP (“Crowe”) served the Company as its independent registered public accountants and auditors for the fiscal years ended December 31, 2012 and 2011, at the direction of the Audit Committee and the Board of Directors of the Company. Crowe does not have any interests, financial or otherwise, in the Company. The services rendered by Crowe during the 2012 and 2011 fiscal years were audit services, consultation in connection with various accounting matters, and preparation of the Company’s income tax returns.

The table below summarizes the services rendered to the Company by Crowe during and for the 2012 and 2011 fiscal years.

	2012	2011
Audit Fees (1)	\$189,000	\$184,000
Audit-Related Fees (2)	12,900	12,900
Tax Fees (3)	20,500	20,500
All Other Fees (4)	—	—
Total Accounting Fees	\$222,400	\$217,400

- Audit fees consisted of services rendered by Crowe for the audit of the Company’s consolidated financial
- (1) statements included in the Annual Report on Form 10-K and for reviews of the financial statements included in the Company’s quarterly reports on Form 10-Q for fiscal years 2012 and 2011.
 - (2) Audit-related fees represent fees for professional services in connection with the audit of the Company’s 401(k) plan.
 - (3) Tax fees consisted principally of services rendered by Crowe for assistance relating to tax compliance and reporting for fiscal years 2012 and 2011.
 - (4) All other fees consist primarily of professional services related to consultation.

The Audit Committee approved each professional service rendered by Crowe during the 2012 and 2011 fiscal years and considered whether the provision of such services is compatible with Crowe maintaining its independence. The approval of such professional services included pre-approval of all audit and permissible non-audit services provided by Crowe. These services included audit, tax and other services described above. The Audit Committee Charter attached as ANNEX C includes a policy of pre-approval of all services provided by the Company’s independent registered public accountants. The Audit Committee approved one hundred percent (100%) of all such professional

services provided by Crowe during the 2012 and 2011 fiscal years. It is anticipated that one or more representatives of Crowe will be present at the Meeting and will be able to make a statement if they so desire and answer appropriate questions.

The ratification of the selection of Crowe as the Company's independent registered public accountants requires approval of a majority of the total number of shares voting at the Meeting. In the event such selection is not ratified, the adverse vote will be deemed to be an indication to the Board of Directors that it should consider selecting other independent registered public accountants for the fiscal year ended December 31, 2013. Because of the difficulty and expense of making any substitution of accounting firms after the beginning of the current year, it is the intention of the Board of Directors that the selection of Crowe for the fiscal year ended December 31, 2013 will remain in effect; however, the Board of Directors also retains the power to select another independent registered public accounting firm to replace the accountants ratified by the shareholders in the event the Board of Directors determines that the interests of the Company and its shareholders require such a change.

Recommendation of Management

The Board of Directors has selected Crowe Horwath LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 and recommends that shareholders vote "FOR" the ratification of the selection of Crowe Horwath LLP.

AUDIT COMMITTEE REPORT

NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN ANY OF THE COMPANY'S PREVIOUS OR FUTURE FILINGS UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934 THAT MIGHT INCORPORATE THIS PROXY STATEMENT OR FUTURE FILINGS WITH THE SECURITIES AND EXCHANGE COMMISSION, IN WHOLE OR IN PART, THE FOLLOWING REPORT SHALL NOT BE DEEMED TO BE INCORPORATED BY REFERENCE INTO ANY SUCH FILING.

The Audit Committee consists of the following members of the Company's Board of Directors: Robert J. Fox (Audit Committee Financial Expert), Roger J. Taylor, D.D.S., and William A. Robotham (Chairman). Each such member of the Audit Committee is "independent" as defined under applicable NASDAQ listing rules.

The Audit Committee operates under a written charter adopted by the Board of Directors, which among other matters, delineates the responsibilities of the Audit Committee. The Audit Committee's responsibilities include responsibility for the appointment, compensation, retention and oversight of the work of the Company's independent registered public accountants engaged (including resolution of disagreements between management and the independent registered public accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The Company's independent registered public accountants report directly to the Audit Committee. The written Audit Committee charter adopted by the Board of Directors is attached to this proxy statement as ANNEX C.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2012 with management and Crowe Horwath LLP, the Company's independent registered public accountants. The Audit Committee has also discussed with Crowe Horwath LLP, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as may be modified or supplemented. The Audit Committee has also received the written disclosures and the letter from Crowe Horwath LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent public accountants' communications with the Audit Committee concerning independence and the Audit Committee has discussed the independence of Crowe Horwath LLP with that firm.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the Securities and Exchange Commission.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) provides shareholders with the opportunity to vote on an advisory (non-binding) basis, to approve the compensation of our named executive officers as further described in the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement, including the related compensation tables and narrative discussion. This proposal, commonly known as a “Say on Pay” proposal, provides our shareholders the opportunity to express their views on our executive compensation program, as it relates to our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement.

We ask our shareholders to indicate their support for our executive compensation program for our named executive officers and vote “FOR” the following resolution at the Meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation paid to the Company’s named executive officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the discussion in the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement and the related compensation tables and narrative discussion.”

Because your vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and may not be construed as overruling any decision by the Board or the Compensation Committee. However, the Board of Directors and the Compensation Committee may, in their respective sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

Shareholders are encouraged to carefully review the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement and the related compensation tables and narrative discussion for a detailed discussion of the Company’s executive compensation program for our named executive officers.

Recommendation of Management

The Board of Directors unanimously recommends a vote “FOR” the approval of Proposal No. 3 and the compensation for our named executive officers.
