PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD NOVEMBER 4, 2015

These proxy materials are being made available to you electronically or, if you have requested, printed versions of these materials have been delivered to you by mail in connection with the solicitation of proxies by the Board of Directors of Coty Inc. (the “Company”, “we” or “us”), a Delaware corporation, for our 2015 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at 8:30 a.m. Eastern Standard Time (“EST”) on Wednesday, November 4, 2015 via the Internet at www.virtualshareholdermeeting.com/coty2015.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Proxy Materials and Voting Information

1. What are proxy materials?

A proxy statement is a document which includes information that we are required to provide to you under Securities and Exchange Commission (“SEC”) rules and is designed to assist you in voting your shares. The proxy materials include our proxy statement for the Annual Meeting (“Proxy Statement”) and our Annual Report on Form 10-K for the fiscal year ended June 30, 2015 (“Annual Report”), and the proxy card or a voting instruction card for the Annual Meeting.

This Proxy Statement contains information about the Annual Meeting and was prepared by our management for our Board of Directors (the “Board”). We sent a Notice of Internet Availability of Proxy Materials (the “Notice”) on or about September 22, 2015 to stockholders of record entitled to receive notice of the Annual Meeting. All stockholders may access the proxy materials online and download printable versions of the proxy materials or request a printed set of the proxy materials by following the instructions in the Notice. As a stockholder, you are invited to attend the Annual Meeting online and are requested to vote on the items of business described in this proxy statement.

2. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company’s registrar and transfer agent, Wells Fargo Bank, N.A. (“Wells Fargo”), you are considered a stockholder of record with respect to those shares. If your shares are held in a bank or brokerage account, you are considered the “beneficial owner” of those shares.

3. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with SEC rules, we may furnish proxy materials, including this Proxy Statement and our Annual Report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. Accordingly, we are sending the Notice to our stockholders of record and beneficial owners as of the close of business on September 10, 2015.

4. I share an address with another stockholder. Why did we receive only one copy of the proxy materials and how may I obtain an additional copy of the proxy materials?

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for the Notice or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding”, is intended to provide extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice, please notify your broker. Stockholders who have multiple accounts in their names or who share an address with other stockholders can request “householding” and authorize their broker to discontinue mailings of multiple annual reports and proxy statements by contacting their broker.

We will promptly deliver to a stockholder who received one copy of the Notice as a result of “householding” a separate copy upon the stockholder’s written or oral request directed to Investor Relations at Coty Inc., 350 Fifth Avenue, New York, New York 10118 or (212) 389-7300.

5. Who is entitled to vote at the Annual Meeting?

Only stockholders of record of our Class A Common Stock and Class B Common Stock (together, our “Common Stock”) at the close of business on September 10, 2015 (the “Record Date”) are entitled to vote at the Annual Meeting or at any adjournment or postponement of the Annual Meeting. Each stockholder of record of Class A Common Stock on the Record Date is entitled to one vote per share of Class A Common Stock, and each stockholder of record of Class B Common Stock on the Record Date is entitled to ten votes per share of Class B Common Stock. On the Record Date, there were 96,774,568 shares of Class A Common Stock and 262,062,370 shares of Class B Common Stock issued and outstanding. All shares of Common Stock will vote together as a single class on each of the items expected to be presented at the meeting.

Registered Stockholders. The Notice was provided to you directly by us. As a stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote virtually at the Annual Meeting.

Beneficial Stockholders. The Notice was forwarded to you by your broker or nominee. Your broker or nominee is considered the stockholder of record of those shares and you are considered to hold your shares in “street name”. Beneficial owners are also invited to virtually attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote your shares virtually at the Annual Meeting unless you follow your broker’s procedures for obtaining a legal proxy. If you request a printed copy of your proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

6. What items of business will be voted on at the Annual Meeting? How does the Board of Directors recommend I vote on these items and what are the voting standards?

Proposal	Voting Options	Vote Required to Adopt the Proposal	Effect of Abstentions or Withhold Votes (if Applicable)	Effect of “Broker Non-Votes”	Board Recommendation
Proposal 1: Election of Directors	For All, Withhold All, or For All Except.	A plurality of votes - nominees receiving the highest number of affirmative votes will be elected (up to the total number of available board seats).	No effect.	No effect.	Our Board recommends a vote FOR each director.
Proposal 2: Approval of Advisory Resolution on Named Executive Officer (“NEO”) Compensation	For, against, or abstain.	The affirmative vote of a majority of the votes cast.	No effect.	No effect.	Our Board recommends a vote FOR the approval of the advisory resolution on NEO compensation.
Proposal 3: Ratification of Appointment of Deloitte & Touche LLP (“Deloitte”) as our independent auditor	For, against, or abstain.	The affirmative vote of a majority of the votes cast.	No effect.	Brokers have discretion to vote.	Our Board recommends a vote FOR ratification.

The advisory resolution on NEO compensation (Proposal 2) is not binding on the Company. However, the Remuneration and Nomination Committee (the “RNC”), which is responsible for designing and administering our executive compensation program, value the opinions expressed by stockholders and will take into account the outcome of the vote when making future compensation decisions.

7. How do I cast my vote if I am a stockholder of record?

If you are a stockholder of record, you can vote your shares by proxy electronically, by telephone or by mail by following the instructions set forth below.

Voting Electronically. You can vote at www.proxyvote.com, 24 hours a day, seven days a week. You will need the control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials).

Voting By Telephone. You can vote using a touch-tone telephone by calling 1-800-690-6903, 24 hours a day, seven days a week. You will need the control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials).

Voting By Mail. If you have requested and received a printed copy of the proxy materials by mail, you may complete, sign and return the proxy card by mail to Coty Inc., c/o Broadridge Financial Solutions, 51 Mercedes Way, Edgewood, New York 11717.

Voting at the Annual Meeting. Although we encourage you to complete and return a proxy prior to the Annual Meeting to ensure that your vote is counted, you can virtually attend the Annual Meeting and vote your shares online

by visiting www.virtualshareholdermeeting.com/coty2015. You will need your control number included on your Notice or proxy card (if you receive a printed copy of the proxy materials) in order to be able to vote during the Annual Meeting. If you vote by proxy prior to the Annual Meeting and also virtually attend the Annual Meeting, there is no need to vote again at the Annual Meeting unless you wish to change your vote.

The procedures for voting online, by telephone, by mail and virtually at the Annual Meeting comply with Delaware law and are designed to authenticate stockholders' identities, to allow stockholders to vote their shares and to confirm that their instructions have been properly recorded.

8. Is there a deadline for submitting proxies electronically or by telephone or mail?

Proxies submitted electronically or by telephone as described above must be submitted by 11:59 p.m. EST on November 3, 2015.

Proxies submitted by mail must be received before the close of the Annual Meeting on November 4, 2015.

Each valid proxy received in time will be voted at the Annual Meeting in accordance with your instructions, regardless of the submission method used.

9. What if I am a stockholder of record and do not specify a choice for a matter when returning a proxy?

All proxies properly submitted pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. If you properly submit a proxy but do not provide specific voting instructions, your shares will be voted:

1. FOR the election of each nominee as director;
2. FOR the advisory resolution on the compensation of our NEOs; and
3. FOR the ratification of the appointment of Deloitte as independent auditors.

If you have returned your signed and completed proxy card and other matters are properly presented at the Annual Meeting for consideration, the proxy holders appointed by our Board (the persons named in your proxy card if you are a stockholder of record) will have the discretion to vote on those matters for you.

10. What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you must provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. Under the rules of the New York Stock Exchange (the "NYSE"), if you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends on the type of item being considered for vote.

Under the rules of the NYSE, if you hold your shares in street name and do not provide voting instructions to the broker, bank or other nominee that holds your shares, the nominee has discretionary authority to vote on routine matters but not on non-routine matters. If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors (Proposal 1) or the advisory resolution to approve NEO compensation (Proposal 2), which are considered non-routine matters. Only the ratification of the appointment of the independent auditor (Proposal 3) is considered a routine matter.

11. How are broker non-votes and abstentions counted?

A broker non-vote occurs when shares held by a broker are not voted with respect to a particular proposal because the broker does not have authority to vote on the non-discretionary item and has not received voting instructions from its clients.

Broker non-votes and abstentions by stockholders from voting (including brokers holding their clients' shares of record who cause abstentions to be recorded) will be counted towards determining whether or not a quorum is present. However, because broker non-votes and abstentions are not voted affirmatively or negatively, they will have no effect on the approval of any of the proposals, except where brokers may exercise their discretion on routine matters, as discussed above.

12. What constitutes a quorum?

A quorum will be present if holders of a majority of the outstanding shares of our Common Stock entitled to vote at the Annual Meeting are present in person or represented by proxy at the Annual Meeting. Abstentions, broker non-votes and votes withheld are included in the count to determine if a quorum is present.

13. What can I do if I change my mind after I vote my shares? Can I revoke my proxy?

At any time prior to the completion of voting at the Annual Meeting, you may change your vote either by:

- giving written notice to our Corporate Secretary revoking your proxy;
- by submitting a later-dated proxy by telephone or electronically before 11:59 p.m. EST on November 3, 2015;
- by a later-dated mailed proxy received before the close of the Annual Meeting on November 4, 2015; or
- by voting online at the Annual Meeting.

14. Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

15. May I see a list of stockholders entitled to vote as of the Record Date?

A list of registered stockholders as of the close of business on the Record Date will be available for examination by any stockholder for any purpose germane to the meeting during normal business hours at our principal executive offices at the address listed above for a period of at least 10 days prior to the Annual Meeting and during the Annual Meeting such list will be available for examination at www.virtualshareholdermeeting.com/coty2015.

16. How do I attend the Annual Meeting virtually?

We will host the Annual Meeting live online. Any stockholder can attend the Annual Meeting live online at www.virtualshareholdermeeting.com/coty2015. The webcast will start at 8:30 a.m. EST. Stockholders may vote and submit questions while attending the Annual Meeting online. You will need the control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials) in order to be able to enter the Annual Meeting. Instructions on how to attend and participate online, including how to demonstrate proof of stock ownership, are posted at www.virtualshareholdermeeting.com/coty2015.

17. How can I access the Notice, Proxy Statement and Annual Report? How can I sign up for electronic delivery of proxy materials?

Our Proxy Statement (including the Notice) and Annual Report are available at materials.proxyvote.com/222070.

These proxy materials are also available in the “Investor Relations” section of our website: www.coty.com within the “Reports & Filings” subsection. Instead of receiving future copies of our Proxy Statement (including Notice) and Annual Report by mail, stockholders can access these materials online. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and will also give you an electronic link to the proxy voting site.

If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank, broker or other nominee regarding the availability of this service.

Any stockholder who would like to receive a copy of our Annual Report, including the related financial statements and financial statement schedules, may obtain one, without charge, by addressing a request to the attention of the Corporate Secretary, Coty Inc., 350 Fifth Avenue, New York, New York 10118. Our copying costs will be charged if copies of exhibits to the Annual Report are requested.

CORPORATE GOVERNANCE

We are committed to good governance practices. Our governance practices seek to ensure that we conduct our affairs in a manner that matches the high standards we have set for our people and products. We believe that good governance builds integrity and trust, strengthens the accountability of our Board, management and employees, promotes the long-term interests of stockholders and allows us to be a good corporate citizen in each of the countries where we do business.

Principles of Corporate Governance and Code of Business Conduct

Our Board has developed corporate governance practices to help it fulfill its responsibilities to stockholders in providing general direction and oversight of management. These practices are set forth in our Corporate Governance Guidelines. We also have a Code of Business Conduct (the “Code”) applicable to all our employees, officers and directors, including the interim Chief Executive Officer (“interim CEO”), the Chief Financial Officer (“CFO”) and other senior financial officers. These documents and any waivers of provisions of the Code granted to any senior officer or any material amendments to the Code may be found in the “Investor Relations” section of our website: www.coty.com within the “Corporate Governance” subsection under the heading “Governance Documents”. The charters for the Audit and Finance Committee and the Remuneration and Nomination Committee may be found under the heading “Committees” within the “Corporate Governance” subsection. Stockholders may also contact Investor Relations at 350 Fifth Avenue, New York, New York 10118 or call (212) 389-7300 to obtain hard copies of these documents without charge.

Controlled Company Exception

JAB Cosmetics B.V., a wholly-owned subsidiary of JAB Holdings B.V. (together, “JAB”), Agnaten SE (“Agnaten”) and Lucesca SE (“Lucesca”), acting as a group, beneficially own a majority of the voting power of our outstanding Common Stock. As a result, we are a “controlled company” within the meaning of the NYSE corporate governance standards. Under the NYSE rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a “controlled company” and may elect to not comply with certain NYSE corporate governance standards. Despite the availability of such exceptions, our Board has determined that it will be composed of a majority of independent directors and our RNC will have written charters addressing their respective roles and responsibilities. As permitted by NYSE rules for “controlled companies”, our Board does not require the RNC to be comprised solely of directors who meet the NYSE’s heightened independence standards for members of compensation committees.

Structure of our Board

Our Amended and Restated Certificate of Incorporation (“Certificate of Incorporation”) provides that the number of directors will be fixed from time to time by a resolution adopted by our Board, but must not consist of less than five or more than 13 directors. Our Board is presently composed of eight directors. Directors are elected by the stockholders at the annual meeting of stockholders by a plurality of the shares present and entitled to vote. Unless his or her office is earlier vacated in accordance with our Amended and Restated Bylaws (“Bylaws”), each director holds office until his or her successor is duly elected and qualified.

Four directors on our Board have a relationship with the JAB group of companies (“JAB Group”). Each of Lambertus Becht, Olivier Goudet and Peter Harf may be deemed to have an indirect pecuniary interest in a portion of the shares of our outstanding Class A and Class B Common Stock beneficially owned by Lucesca, Agnaten and JAB, and, together with certain other persons, each exercises voting and investment control over the shares of the Company beneficially owned by Lucesca, Agnaten and JAB. Mr. Goudet is the CEO of the JAB Group, and Mr. Harf is the Chief Executive Officer of Agnaten and Lucesca. Mr. Faber also serves in a position similar to a director of JAB Holding Company s.á.r.l. Each of these directors receive compensation for the services each provides to the JAB Group. Our Board considers this structure appropriate in view of the JAB Group’s significant investment in and control of the Company.

Board Leadership

Our Corporate Governance Guidelines permit our Board flexibility in determining whether to appoint an independent chairman. Our Board has appointed Lambertus J.H. Becht as the Chairman of our Board, and our Board has determined that Mr. Becht was independent until he became our interim CEO. A special committee of our Board has determined that Mr. Becht will not be independent during his service as our interim CEO. Our Board believes it is important for its chairman to have both a stake in and deep understanding of the Company.

Committees of our Board

The standing committees of our Board are the Audit and Finance Committee (the “AFC”) and the RNC. The Equity Compliance Committee (the “ECC”) was a committee of the Board until its dissolution in September 2015. From time to time, when appropriate, ad hoc committees may be formed by our Board.

AFC. The members of the AFC are Joachim Faber, Robert Singer and Jack Stahl. Our Board has determined that Mr. Singer, the Chair of the AFC, is an audit committee financial expert, as that term is defined under SEC rules. Our Board has also determined that each member of the AFC meets the independence criteria set forth in Rule 10A-3 (“Rule 10A-3”) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The AFC has adopted a written charter that describes its primary duties and responsibilities, and the AFC and our Board review its charter each year. The AFC’s primary duties and responsibilities include:

- monitoring the integrity of our financial reporting process and systems of internal controls regarding finance, accounting, and compliance with our Code and laws and regulations;
- being responsible for the appointment, compensation, retention and oversight of the work of our independent auditors and assessing and monitoring the independence and performance of our independent auditors and internal audit department;
- providing an objective, direct communication between our Board, independent auditors, management and the internal audit department;
- reviewing and pre-approving both audit and non-audit services to be provided by our independent auditors and establishing policies and procedures for the pre-approval of audit and non-audit serves to be provided by the independent auditors;

meeting to review the audited and quarterly financial statements and discussing these statements with management and our independent auditors, including reviewing the Company's specific disclosures under the

“Management’s Discussion and Analysis of Financial Condition and Results of Operations,” in the Company’s annual report on Form 10-K and based on such review and discussion, recommending to the Board as to the approval of the Company’s audited financial statements and if they should be included in the Company’s annual report on Form 10-K; establishing procedures for the review, approval and ratification of related person transactions; and overseeing the Company’s risk management policies and reviewing and evaluating the risk management policies in light of the Company’s business strategy, capital strength and overall risk tolerance.

RNC. The members of the RNC are Peter Harf (Chair), Lambertus J.H. Becht, Paul S. Michaels and Erhard Schoewel. Since we are a “controlled company”, the NYSE does not require each member of the RNC to satisfy the NYSE independence criteria for RNC members. Our Board has determined that Messrs. Schoewel and Michaels satisfy the independence criteria for RNC members. Messrs. Becht and Harf are not considered independent for purposes of membership on the RNC.

The RNC has adopted a written charter that describes its primary duties and responsibilities, and the RNC and our Board review the RNC’s charter each year. The RNC’s primary duties and responsibilities include:

- identifying individuals qualified to become Board members (consistent with criteria recommended by the RNC and approved by the Board) and recommending to our Board nominees for election at the annual meeting of stockholders and nominees for each board committee;
- reviewing and making recommendations to our Board concerning board committee structure, operations and Board reporting;
- discharging our Board’s responsibilities relating to the remuneration of our senior executives, including our Chief Executive Officer;
- approving and evaluating our executive remuneration plans, policies and programs and ensuring that these plans, policies and programs enable us to attract and retain exceptional talents and incentivize them to achieve exceptional performance;
- overseeing succession planning for our senior executives, including our Chief Executive Officer, and guiding our Board in appointing and retaining key talents that will nurture our values and culture and strive for constantly improving results;
- recommending to our Board the corporate governance principles, annually reviewing them and recommending changes to the Board as appropriate;
- reviewing and making recommendations with respect to the remuneration of all directors;
- assessing the results of the Company’s most recent advisory vote on executive compensation;
- reviewing and discussing with management the Company’s compensation discussion and analysis and SEC-required disclosures and recommending to the Board based on that review and discussion whether the compensation discussion and analysis should be included in the Company’s annual report on Form 10-K and/or proxy statement;
- preparing the compensation committee report required by SEC rules to be included in the Company’s annual report on Form 10-K and/or proxy statement; and
- overseeing the evaluation of the performance of our Board and management.

ECC. The ECC was formed in September 2014. The ECC’s primary duty was to review and approve acquisitions of equity (including equity grants and awards under the ELTIP and Platinum and purchases under Platinum) from Coty Inc. by our officers and directors. During fiscal 2015, the members of the ECC were Erhard Schoewel (Chair) and Joachim Faber. Each member of the ECC was considered a “non-employee director” under Rule 16b-3 of the Exchange Act. In September 2015, the Board determined that the ECC was no longer required due to the appointment of Mr. Michaels to the RNC. The RNC’s four members now include two directors who are considered “non-employee directors” under Rule 16b-3 of the Exchange Act and who can review and approve acquisitions of equity by our officers and directors.

Executive Sessions

Our Board meets regularly in executive session without management directors or any members of management. In addition, the independent directors on our Board meet annually in executive session. Mr. Becht, the Chairman of our Board, serves as Chairman in each of these sessions. During Mr. Becht's service as our interim CEO, the director then serving the longest tenure serves as chairman of these sessions.

Board Meetings

Regular meetings of our Board are held at such times as our Board may determine. In addition, special meetings of our Board may be called by the Chairman of our Board, the Vice Chairman, if any, or a majority of the directors then in office. In fiscal 2015, our Board held eight meetings, the AFC held eight meetings and the RNC held five meetings. No director attended fewer than 75% of the aggregate of the total number of meetings of the Board (held during the period for which he has been a director) and the total number of meetings held by all committees of the Board on which he served (during the periods that he served).

Our Board and its committees also act from time to time by written consent in lieu of meetings.

Board Qualifications and Membership Criteria

The RNC and our Board believe that it is important for our Board to be comprised of a mix of experienced directors with a deep understanding of our industry and others who hold the requisite skills and who bring a fresh perspective. In seeking to maintain the right mix of directors on our Board, the RNC and our Board seek a range of different types of skills, backgrounds and experiences, including leadership, consumer product, international and strategic planning experience; financial and accounting expertise; and corporate governance, governmental policy and regulatory experience. The RNC and our Board also consider it critical for our Board to have directors who have a deep understanding of specific components of our business, such as supply chain, manufacturing, marketing and product development and innovation. The RNC and our Board believe that, in addition to meeting the other criteria established by our Board for directors, it is important for directors to represent a mix of professional and personal backgrounds.

Director Nomination Process

The RNC recommends nominees for our Board consistent with the criteria determined by our Board. The RNC will consider nominations from stockholder(s) to the extent the nomination complies with all procedures and includes all information about the candidate(s) required by our Bylaws. Nominations from stockholder(s) that are made in accordance with these procedures and include all required information will be considered by the RNC in accordance with the criteria discussed above and in the same manner as other nominations, and the RNC will present its recommendation to our Board.

Director Independence

We have incorporated in our Corporate Governance Principles the NYSE's independence standards for evaluating the independence of each director on our Board. These standards are available in the "Investor Relations" section of our website, www.coty.com within the "Corporate Governance" subsection under the heading "Governance Documents". Under these standards, a director is considered "independent" if the Board has determined that such director has no material relationship with us or our subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with us, and will not be considered "independent" if:

-

the director is, or has been within the last three years, our employee, or an immediate family member of the director is, or has been within the last three years, our executive officer;
the director has received, or has an immediate family member who has received, during any 12-month period during the last three years, more than \$120,000 in direct compensation from us (other than

Board and committee fees, and pension or other forms of deferred compensation for prior service). Compensation received by an immediate family member for service as our employee (other than an executive officer) is not considered for purposes of this standard;

(a) the director, or an immediate family member of the director, is a current partner of our internal or external auditor; (b) the director is a current employee of our internal or external auditor; (c) an immediate family member of the director is a current employee of our internal or external auditor who personally works on our audit; or (d) the director, or an immediate family member of the director, was within the last three years (but is no longer) a partner or employee of our internal or external auditor and personally worked on our audit within that time; the director, or an immediate family member of the director, is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers serves or served at the same time on that company's compensation committee; the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount that, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues; or the director, or the director's spouse, is an executive officer of a non-profit organization to which we make, or in the past three years have made, payments that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the non-profit organization's consolidated gross revenues.

Our Board has determined that each of the following directors satisfies our independence standards and the independence standards of the NYSE: Messrs. Faber, Goudet, Harf, Michaels, Schoewel, Singer and Stahl. Our Board determined that Mr. Becht satisfied our independence standards and the independence standards of the NYSE until he became interim CEO.

In addition, as discussed above, our Board has determined that Messrs. Faber, Singer and Stahl are independent under Rule 10A-3 of the Exchange Act. Since we are a "controlled company", the NYSE does not require each member of the RNC to satisfy the NYSE independence criteria for compensation committee members. Our Board has determined that Messrs. Schoewel and Michaels satisfy the NYSE independence criteria applicable to members of compensation committees. Finally, Messrs. Schoewel, Faber and Michaels each are considered a "non-employee director" under Rule 16b-3 of under the Exchange Act.

Communications with our Board

Stockholders, employees and other interested parties may communicate with any or all of our directors by writing to such director(s) at c/o Board of Directors, Coty Inc., 350 Fifth Avenue, New York, New York 10118, Attention: Corporate Secretary. Each communication should specify the applicable director(s) to be contacted, the general topic of the communication, and the number of shares of our Class A Common Stock owned of record (if a record holder) or beneficially. Our Corporate Secretary will initially receive and process communications before forwarding them to the applicable director(s), and generally will not forward a communication that is unrelated to the duties and responsibilities of the director(s), including communications our Corporate Secretary determines to be primarily commercial in nature, is related to an improper or irrelevant topic, or is a request for general information about the Company or our products. In addition, communications that are unduly hostile, threatening, illegal, or similarly unsuitable will be excluded, with the provision that any communication that is filtered out will be made available to any director upon any such director's request.

Our Board's Role in Risk Oversight

Our Board oversees, with management, the various risks we face. Our Board and management consider risks in all facets of the Company, our business strategy and our overall business.

Our Board dedicates a portion of one meeting each year to evaluating and discussing risk, risk mitigation strategies and the Company's internal control environment. At this meeting, our Board considers a full enterprise risk management analysis. Topics examined in the enterprise risk management analysis include, but are not limited to, strategic, operational, financial and compliance risks. Our Board's risk oversight also includes a comprehensive annual review of our strategic plan. Because overseeing risk is an ongoing process and inherent in our strategic decisions, our Board also receives input from senior management and considers risk at other times in the context of specific proposed actions.

In addition to our Board's risk oversight, the AFC is responsible for oversight of accounting, auditing and financial-related risks, and the RNC is responsible for overseeing the management of risks related to our employee compensation policies and practices. In fiscal 2015, the RNC reviewed our compensation policies and practices to determine whether it encouraged excessive or inappropriate risk taking. Following such evaluation, the RNC determined that our compensation policies and practices do not encourage excessive or inappropriate risk taking that could result in a material adverse effect on us.

While our Board oversees risk, management is responsible for assessing and managing our risks on a day-to-day basis. Certain departments, such as treasury, legal and internal audit, and individuals within other departments, focus on specific risks associated with different aspects of our business, from regulatory, environmental and financial risks to commercial and strategic risks. We integrate risk analysis into all facets of our business.

Board Attendance at the Annual Meeting

We expect directors to attend the Annual Meeting absent unusual circumstances. All of the directors who were on the Board attended the Annual Meeting of Stockholders in 2014.

Compensation Committee Interlocks and Insider Participation

The current members of the RNC are Messrs. Becht, Harf, Michaels and Schoewel. Mr. Becht joined the RNC effective September 11, 2014, and Mr. Faber's appointment to the RNC ended effective the same day. Mr. Michaels joined the RNC effective September 10, 2015. No member of the RNC who served during fiscal 2015 is or was an employee during fiscal 2015, or is or within the last three years has been an officer of our Company, except Mr. Becht who is serving as our interim CEO in a non-employee capacity. None of our executive officers has served during fiscal 2015 on the board of directors of another public company with executive officers who serve as members of our Board.

Messrs. Becht and Harf are not considered independent under the NYSE's standards for compensation committee members and are not considered "non-employee" directors under the Exchange Act. All other members of the RNC who are currently serving or who served during fiscal 2015 are considered independent and "non-employee" directors. Messrs. Becht and Harf each receive annual compensation in an amount greater than \$120,000 for advisory services rendered to the JAB Group, and Mr. Harf currently serves as Chief Executive Officer of Agnaten and Lucrezca. As of September 10, 2015, JAB, Lucrezca and Agnaten beneficially own all our outstanding Class B Common Stock, 4.6% of our outstanding Class A Common Stock and hold approximately 97% of the total voting power of our outstanding Common Stock. Due to his executive positions at the JAB Group, Mr. Harf may also be considered to have an indirect financial interest in our media services agreement with JAB Luxury GmbH. For additional information, please see "— Certain Relationships and Related Party Transactions".

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Registration Rights Agreement

On April 1, 2015 (the “Closing Date”), we completed our purchase of the Bourjois cosmetics brand (“Bourjois”) from Chanel International B.V. (“Chanel”) pursuant to the Stock Purchase Agreement, dated as of March 12, 2015, between the Company and Chanel (the “Stock Purchase Agreement”). As consideration for Bourjois, we issued approximately 15.5 million shares of our Class A Common Stock (the “Transaction Shares”) in a private placement exempt from the registration requirements of the Securities Act of 1933, as amended, pursuant to Section 4(a)(2) thereunder for a transaction by an issuer not involving any public offering. As a result of the acquisition of the Bourjois brand, Mousseluxe S.à.r.l. (the “Shareholder”), Chanel’s assignee under the Stock Purchase Agreement, holds more than 5% of our outstanding shares.

In connection with the closing, we entered into a registration rights agreement (the “Registration Rights Agreement”) with the Shareholder pursuant to which we agreed to file a registration statement on Form S-3 to register the resale of the Transaction Shares. Beginning six months after the Closing Date, the Shareholder may make a total of three requests for us to effect the registration of all or part of the Transaction Shares subject to limitations. Additionally, at any time after the Closing Date, we must provide piggyback registration rights for the Transaction Shares.

Media Services Agreement

We are party to a media services agreement with JAB Luxury GmbH (“JAB Luxury”) under which we negotiate rates and manage agreements for JAB Luxury with third-party media suppliers. JAB Luxury is an entity in the JAB Group. In exchange for the services we provide JAB Luxury, JAB Luxury pays us a fixed annual fee equal to 3% of JAB Luxury’s media budget for the services to be purchased through the arrangement, with a guaranteed minimum annual amount of \$250,000 (VAT excluded) and a maximum annual amount of \$450,000 (VAT excluded). In fiscal 2015, JAB Luxury paid us 271,663 euros for these services.

Review, Approval or Ratification of Transactions with Related Persons

Our Board has adopted a written policy regarding the approval or ratification of “related person transactions”. A related person transaction is one in which we or any of our subsidiaries participate, in which the amount involved since the beginning of our last completed fiscal year exceeds \$120,000 and in which a “related person” has or will have a direct or indirect interest, other than solely as a result of being a director of, or, together with all other related persons, a less than 10% beneficial owner of an equity interest in another entity, or both. “Related persons” are the following persons and their immediate family members: our directors, director nominees, executive officers and stockholders beneficially owning more than 5% of our outstanding Common Stock. Under this policy, the AFC reviews and approves, disapproves or ratifies related person transactions. In determining whether or not to approve a related person transaction, the AFC takes into account, among other factors it deems appropriate, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction. If advance approval by the AFC is not possible, then a related person transaction may be considered and ratified, if appropriate, at the AFC’s next regularly scheduled meeting. The chair of the AFC may pre-approve or ratify related person transactions in which the aggregate amount involved is expected to be less than \$1 million. The chair reports to the AFC each transaction so approved or ratified. If a related person transaction will be ongoing, the committee may establish guidelines for our management to follow in its ongoing dealings with the related person, after which such related person transaction will be reviewed on an annual basis for guideline compliance and ongoing appropriateness.

The AFC has reviewed and pre-approved the following types of related person transactions:

- certain types of executive officer compensation;
- compensation paid to a director if required to be reported in our Proxy Statement;

- any transaction with another company to which a related person's only relationship is as an employee (other than an executive officer), or as a director or beneficial owner of a less than 10% (together with all other related persons) equity interest in that company, or both, if the amount involved does not exceed the greater of \$1 million or 2% of that company's total annual revenue;
- any charitable contribution, grant, or endowment by us to a charitable organization, foundation, or university to which a related person's only relationship is as an employee (other than an executive officer) or a director, if the amount involved does not exceed the lesser of \$1 million or 2% of the charitable organization's total annual receipts;
- any related person transaction where the related person's interest arises solely from the ownership of our Common Stock and in which all stockholders receive proportional benefits; and
- any related person transaction in which the rates or charges involved are determined by competitive bids.

A director who is a related person with respect to a transaction may not participate in the discussion or approval of the transaction, except that the director will provide all material information concerning the related person transaction to the AFC. Each transaction described above was approved or ratified under our related person transaction policy.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table shows the amount of our Common Stock beneficially owned as of the Record Date, by (i) each person who is known by us to own beneficially more than 5% of our Common Stock, (ii) each member of our Board of Directors, (iii) each Named Executive Officer and (iv) all current directors on our Board and executive officers, as a group. A person is a “beneficial owner” of a security if that person has or shares voting or investment power over the security or if that person has the right to acquire sole or shared voting or investment power over the security within 60 days. Unless otherwise noted, these persons, to our knowledge, have sole voting and investment power over the shares listed.

Applicable percentage ownership is based on 96,774,568 shares of Class A Common Stock and 262,062,370 shares of Class B Common Stock, each as of the Record Date.

In computing the number of shares of Common Stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of Common Stock subject to options held by that person that are currently exercisable or exercisable within 60 days of the Record Date and subject to RSUs that are vested but not settled or that are going to vest and are expected to settle within 60 days of the Record Date. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

PROPOSAL NO. 2

APPROVAL OF ADVISORY RESOLUTION ON NEO COMPENSATION (SAY-ON-PAY)

As required by Section 951 the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), we are asking stockholders to vote, on a non-binding advisory basis, to approve compensation paid to our NEOs. Executive compensation is disclosed in our “Compensation Discussion and Analysis” (“CD&A”) on page 25 of this Proxy Statement and the tables following the CD&A.

We believe that the overriding objective of our compensation program for our NEOs is to encourage, reinforce and reward delivery of stockholder value. We also believe that our compensation program is effectively designed to attract and retain high quality talent. Further, we believe that our compensation program is competitive, stimulates outstanding business growth through long-term incentives, and further aligns the NEOs’ interests with those of the Company’s stockholders.

Proposal: In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking stockholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the stockholders of Coty Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s Named Executive Officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company’s 2015 Annual Meeting of Stockholders.

Recommendation: The Board recommends voting FOR the proposal to approve, on a non-binding advisory basis, the compensation of our NEOs as described in the CD&A beginning on page 25.

Vote Required: This advisory vote, commonly referred to as “Say-on-Pay”, requires the affirmative vote of a majority of the votes cast. The advisory proposal is not binding on our Board. However, our Board values our stockholders’ opinions and the RNC will take into account the outcome of the advisory vote when considering future NEO compensation. The Board has adopted a policy providing for annual “Say-on-Pay” advisory votes. Unless the Board modifies its policy on the frequency of holding “Say-on-Pay” advisory votes, the next “Say-on-Pay” advisory vote will occur in 2016.

Compensation Discussion and Analysis

Overview of Compensation Philosophy & Objectives

The overriding objective of our compensation programs for our NEOs is to encourage, reinforce and reward delivery of stockholder value.

NEO compensation (other than for Mr. Becht) consists of base salary, annual cash awards under our Annual Performance Plan (“APP”) and equity awards under our Equity and Long-Term Incentive Plan (“ELTIP”) and its predecessor program, our Long-Term Incentive Plan (“LTIP” and, with the ELTIP, the “Long-Term Incentive Plans”). We also provide certain benefits and perquisites in line with general practice in the country in which the NEO resides and certain payments in lieu of pensions. Variable pay under our APP and Long-Term incentive Plans has and will continue to be the most significant element of our NEO compensation program. The following discussion of the compensation program for our NEOs does not apply to Mr. Becht who is not an employee and is serving in a non-employee role as interim CEO. The compensation provided to Mr. Becht in respect of his service as interim CEO is discussed separately below.

Competitive Compensation. Our compensation program for our NEOs is designed to compensate our NEOs competitively to ensure that we attract and retain the right talent to deliver stockholder value. We benchmark our compensation against a peer group of companies that includes companies against whom we compete for key talent (the “Compensation Peer Group”). We target total direct NEO compensation at 50th percentile of the Compensation Peer Group, and provide the NEOs with the opportunity to earn total direct compensation towards the third quartile of the Compensation Peer Group based on exceptional performance.

Equity-Based Compensation. We closely align the interests of our NEOs with those of our stockholders through a compensation program in which a significant portion of total compensation is paid through equity-based long-term incentives. To balance incentives to achieve short-term and long-term success, NEOs’ compensation includes annual grants of long-term equity-based compensation under our Long-Term Incentive Plans as well as annual cash awards under our APP as described in more detail below. Long-term equity-based compensation provides direct alignment between NEOs’ and stockholders’ interests. All annual equity-based awards have five-year cliff vesting tied to continued employment with the Company to help ensure long-term retention of key executive talent.

Variable, Performance-Based Pay. The APP is a key component of the compensation program for our NEOs. Our APP is designed to stimulate achievement of outstanding business results by linking highly-leveraged annual cash incentives to the achievement of performance targets. We link achievement to compensation by basing NEOs’ APP awards on performance against collective and individual targets. Collective targets represent key business objectives that we believe drive Company performance and stockholder value. Individual targets are derived from our collective targets and tailored to the areas in which an NEO can most effectively deliver stockholder value.

Stock Ownership. We strongly believe in encouraging stock ownership by our NEOs and have adopted stock ownership guidelines for our executives. We encourage stock ownership and facilitate compliance with our stock ownership guidelines through our Platinum Program (“Platinum”). All executives who are subject to our stock ownership guidelines are invited to purchase stock through Platinum, and any executive who purchases stock through Platinum receives a matching award of restricted stock units (“Platinum RSUs”). All Platinum RSUs have five-year cliff vesting tied to continued employment with the Company and continued ownership of the purchased shares that were matched by the Platinum RSUs. In addition, during fiscal 2015 we established new awards under our ELTIP plan and certain of our NEOs received awards of either (i) our new Series A Preferred Stock, \$0.01 par value (the “Series A Preferred Stock”) or (ii) non-qualified stock options to purchase our Class A Common Stock (“Options”) (each, discussed in more detail below) contingent, in each case, upon the NEO’s ownership of a minimum level of Class A Common

Stock. We believe these programs encourage stock ownership by our executive officers, which closely aligns the interests of key executives and stockholders and reduces the likelihood of excessive risk taking.

“Say-on-Pay” Advisory Vote on Executive Compensation

The Company provided stockholders a “Say-on-Pay” advisory vote on its executive compensation in 2014 under Section 14A of the Securities Exchange Act of 1934, as amended. At the Company’s 2014 Annual Meeting of Stockholders, stockholders expressed substantial support for the compensation of our NEOs, with approximately 99% of the votes cast for approval of the “Say-on-Pay” advisory vote. The RNC carefully evaluated the results of the 2014 advisory vote. The RNC also considers many other factors in evaluating our executive compensation programs as discussed in this Compensation Discussion and Analysis, including the RNC’s assessment of the interaction of our compensation programs with our corporate business objectives, evaluations of our programs by external consultants, and review of peer group and survey data, each of which is evaluated in the context of the RNC’s fiduciary duty to act as the directors determine to be in stockholders’ best interests. While each of these factors bore on the RNC’s decisions regarding our NEOs’ compensation, the RNC did not make any changes to our executive compensation program and policies as a result of the 2014 “Say-on-Pay” advisory vote.

Executive Summary

Our Named Executive Officers

Our NEOs for fiscal 2015 are:

- Lambertus J.H. Becht, interim Chief Executive officer (“interim CEO”),
- Michele Scannavini, former Chief Executive Officer (“former CEO”),
- Patrice de Talhouët, CFO,
- Jean Mortier, President of Global Markets,
- Jules P. Kaufman, Senior Vice President, General Counsel and Secretary, and
- Mario Reis, Executive Vice President, Supply Chain.

Pay for Performance Overview

Fiscal 2015 Annual Incentive Compensation. Our collective performance targets for Coty Inc. under the APP and performance relative to these targets in fiscal 2015 are set forth in “Coty Inc. Fiscal 2015 Targets”.

Coty Inc.’s fiscal 2015 performance resulted in a collective performance factor of 1.51 out of a possible maximum factor of 3.6. We measure Coty Inc.’s financial performance based on targets for growth in net income attributable to Coty Inc., and like-for-like growth in net revenues and improvement in average net working capital as a percentage of rolling net revenues. We use these performance measures because we believe they most accurately measure our performance in executing our business plan, with a focus on top line growth, margin expansion and cash flow generation. While each target is considered achievable, a superior level of performance was required to receive an award above the target level. NEO individual performance factors ranged from 1.32 to 1.95, and total APP factors for APP awards paid to NEOs ranged from 1.45 to 1.64.

Fiscal 2015 long-term equity compensation. Annual long-term equity awards granted under the ELTIP in fiscal 2015 were awarded in September 2014 and were based on fiscal 2014 individual performance. The size of the total pool for equity-based awards to our employees as a whole under the ELTIP (including the NEOs) is based on the total number of employees and their target or notional grants for their respective job levels. When deciding whether to award annual grants, our Board considers the collective performance of Coty Inc. during the fiscal year on which the awards

are based. All annual long-term equity awards granted in fiscal 2015 for fiscal 2014 performance were awarded in the form of RSUs with five-year cliff vesting tied to continued employment with the Company.

In addition, during fiscal 2015 certain of our NEOs received additional awards of either Options or our new Series A Preferred Stock (discussed in more detail below) contingent upon the NEO's ownership of a minimum level of Class A Common Stock.

Annual long-term equity awards granted in fiscal 2016 will be granted in September 2015 and will be based on fiscal 2015 performance.

Other Highlights

We believe our NEO compensation program follows best practices with respect to corporate governance and risk management, and includes the following principles:

Stock ownership encouraged. We strongly believe in encouraging stock ownership by our NEOs. All of our NEOs have participated in Platinum or its predecessor program, the Executive Stock Ownership Plan (the "EOP" and, together with Platinum, the "Executive Ownership Programs"). In fiscal 2012, to further encourage stock ownership, we adopted stock ownership guidelines requiring our Chief Executive Officer to own shares of our Class A Common Stock equal to five times his base salary and each other NEO to own shares of our Class A Common Stock equal to three times his base salary. As noted above, in fiscal 2015, certain of our NEOs received additional awards of either Series A Preferred Stock or Options (each, discussed in more detail below). Under this program, Series A Preferred Stock was awarded to each of Messrs. de Talhouët and Reis, while each of Messrs. Kaufman and Mortier received awards of Options. To vest in any portion of these awards, our NEOs are required to hold a minimum level of Class A Common Stock by December 31, 2015 (the "Minimum Required Holding Amount"), with full vesting available only if the NEO holds, as of December 31, 2015, the maximum investment amount established for the NEO (the "Maximum Investment Amount"). Vesting of the Series A Preferred Stock and the Options, as applicable, is contingent upon each NEO holding at least his Minimum Required Holding Amount through the vesting date. If the Maximum Investment Amount is not met the awards will not vest in full and all or a portion of the awards, based on the amount of underperformance with respect to the Maximum Investment Amount, will be forfeited at that time. Under this program, the Maximum Investment Amount for each of Messrs. de Talhouët, Mortier and Reis is 207,211 shares, which number is based on a Class A Common Stock investment of \$5,000,000, and is 124,327 shares for Mr. Kaufman, which number is based on a Class A Common Stock investment of \$3,000,000.

No tax gross-ups. Any personal income taxes due as a result of compensation and/or perquisites, other than international assignment benefits, are the responsibility of the NEOs, with the exception of our agreement to pay the personal income taxes associated with certain perquisites we provide to Mr. de Talhouët. We do not provide tax gross-ups for golden parachute excise taxes.

Incentives do not encourage excessive risk taking. Our compensation program does not contain features that could potentially encourage excessive risk taking, such as multi-year guaranteed bonuses, high pay opportunities relative to peer companies or mega annual equity grants. In addition, we utilize multiple performance measures under the APP to reduce the risk of over concentration on a single business or financial metric. Our stock options and RSUs generally have five-year cliff vesting tied to continued employment with the Company, and management has sizable stock positions relative to their income, which together encourage focus on the long-term value of our stock, aligns management's and stockholders' interests and discourages excessive risk taking to optimize short-term and non-sustainable performance.

No backdating or repricing of stock options. We generally make annual equity awards at the same predetermined time each fiscal year. Equity awards, including stock options, are never backdated and stock options are never issued at below-market prices. In addition, repricing of stock options is expressly prohibited.

Independent external experts engaged for executive compensation information. Each year since fiscal 2010, the RNC has engaged an independent external expert to provide information with respect to executive compensation.

Perquisites. NEO perquisites are reasonable and generally represent less than 0.6% of each NEO's total compensation with the exception of Mr. de Talhouët whose perquisites amounted to 2.5%.

Double-trigger equity vesting upon a change in control. In March 2011, we amended our LTIP and EOP to require a "double-trigger" for accelerated vesting in connection with a change in control of the Company, which means that accelerated vesting of equity issued under the LTIP or EOP will only occur upon a termination of employment in connection with a change in control and not simply as a result of the completion of a change in control transaction. This amendment applies to all equity granted after March 2011. In addition, all compensation plans and programs adopted since March 2011 that provide for additional or accelerated payment or accelerated vesting in connection with a change in the control of the Company, including the ELTIP and Platinum, also require a "double-trigger", other than (i) the Series A Preferred Stock, as discussed in more detail below, which provides for accelerated payout upon the occurrence of a change in control of the Company under certain circumstances as discussed in more detail below, and (ii) the phantom units granted to Mr. Becht, which, as described in more detail below, provide for automatic single-trigger vesting upon the occurrence of a change in control of the Company.

Competitive Compensation and Peer Group Rationale

In establishing compensation for our NEOs, we consider the compensation practices of the Compensation Peer Group (as defined below). We consider these practices to determine the competitiveness of individual compensation elements and total compensation of our NEOs. We target total direct NEO compensation at 50th percentile of the Compensation Peer Group, and provide the NEOs with the opportunity to earn total direct compensation towards the third quartile of the Compensation Peer Group based upon exceptional performance in order to attract and retain talent. Individual pay to NEOs varies in accordance with experience, individual and collective performance and other factors determined by the RNC. Actual total direct compensation reported may also vary due to currency fluctuations.

The Compensation Peer Group consists of companies that compete directly with us for executive talent and compete with us in the marketplace for business and investment opportunities.

The RNC periodically reviews the companies included in the Compensation Peer Group. Our fiscal 2015 Compensation Peer Group did not change from fiscal 2014 and includes the following companies:

Avon Products, Inc.	Kimberly Clark Corporation
The Clorox Company	L'Oreal
Colgate-Palmolive Company	The Procter and Gamble Company
Elizabeth Arden, Inc.	Revlon, Inc.
The Estée Lauder Company, Inc.	Unilever PLC
Inter Parfums, Inc.	

The last reported annual revenues of Compensation Peer Group companies ranged from \$499 million to \$83.1 billion, with a median of \$11 billion. Benchmarking of compensation was size adjusted to reflect our annual net revenues of approximately \$4.6 billion in fiscal 2014.

Elements of Compensation

Base Salary

We pay base salaries to provide executives with a secure, fixed base of cash compensation in recognition of individual responsibilities and job performance. Consistent with our pay-for-performance philosophy, base salary did not account for more than 12% of any NEO's fiscal 2015 actual total direct compensation.

Salary levels are typically set and annually reviewed by the RNC. Any salary increases are approved by the RNC after a comparative analysis of base salaries for similar positions among the Compensation Peer Group (as described

in “—Competitive Compensation and Peer Group Rationale”). When determining base salaries, the Remuneration and Nomination Committee considers external market conditions in addition to total direct compensation targets. In fiscal 2015, Messrs. de Talhouët and Kaufman received routine merit-based increases of 2% based on the RNC’s overall review of their performance. Mr. Reis was not yet eligible for a merit-based increase due to the commencement of his employment with us on May 1, 2014. Mr. Mortier received an increase of 13% in his base salary, in part due to routine merit increase, but in larger part in consideration of his increased responsibilities during fiscal 2015.

Annual Incentive Compensation under the APP

We provide for the opportunity to earn annual incentive cash compensation awards under the APP. The APP is a key component of the compensation program for our NEOs. It is designed to stimulate achievement of outstanding business results by linking highly-leveraged annual cash awards with the achievement of quantifiable performance measures.

Target APP awards for each NEO are calculated as a percentage of such NEO’s base salary and may be multiplied by a factor ranging from zero to 3.6 times such target award. 70% of the NEO’s APP Award is based on collective financial performance, and the other 30% is based on achievement of individual goals derived from our collective financial targets and tailored to the areas in which an NEO can most effectively deliver stockholder value.

Excluding our former CEO and interim CEO who were not eligible for an APP award in fiscal 2015, APP award targets ranged from 60% to 75% of NEO base salary.

Collective Performance. Collective performance is based on the financial performance of Coty Inc. The RNC sets these collective performance targets across several performance measures based on our internal planning and forecasting processes. Each performance measure is weighted, and targets for each performance measure are set at “minimum”, “below”, “target”, “exceeds” and “maximum” award levels.

In fiscal 2015, collective performance targets were established for Coty Inc. and were measured by growth in net income attributable to Coty Inc., like-for-like growth in net revenues and improvement in average net working capital as a percentage of rolling net revenues. While targets when set are considered achievable, a superior level of performance is required to receive an award above the target level.

Individual Performance. The RNC also establishes weighted, individual targets for each NEO. Individual targets are derived from our collective targets and tailored to the areas in which an NEO can most effectively deliver stockholder value. Examples of individual targets include net revenue growth in emerging markets, strengthening financial governance or improvements in supply chain service and efficiency. Individual targets are measurable and serve to focus each NEO on the area of our business in which he can add the most stockholder value.

Evaluation and Payment. Each fiscal year, the RNC measures collective financial performance and individual performance to determine APP awards for that fiscal year. The RNC also sets an aggregate amount available for payment of APP awards based on collective financial performance.

In its review of collective performance, the RNC determines whether collective performance meets targets set at “minimum”, “below”, “target”, “exceeds” and “maximum” award levels. If actual performance is between two award levels, the factor is calculated pro rata between the two award levels based on actual performance.

Measurement of performance against the established collective targets is subject to certain automatic adjustments, such as changes in accounting principles, impairment of intangibles, the impact of discontinued operations, acquisition expenses, nonrecurring income/expenses, the impact on net revenues of foreign currency rate fluctuations and other

factors that the RNC may deem outside of management's control.

We condition APP awards on meeting a minimum collective target for profitability, which we refer to as the Killer Factor, so that no awards will be paid if the minimum profits target is not met. We believe this directly ties receiving awards under our APP to delivering stockholder value. In fiscal 2015, the Killer factor was \$284 million.

In its review of individual performance, the RNC rates each NEO's performance against each of his individual goals. The Chief Executive Officer participates in each performance review, except for his own. Based on the aggregate amount available for payment of APP awards, a corresponding individual factor is prescribed to each NEO's rating. Individual factors may not exceed the collective factor.

APP awards are calculated after the end of the fiscal year and paid in a single payment (adjusted for taxes as applicable) around the beginning of the second quarter of the following fiscal year.

Illustrative Example. As an example, assume an NEO has an annual base salary of \$500,000 and an annual APP target set at 50% of his base salary and that his APP award is based 70% on the Company's collective performance and 30% on his individual performance. Also assume that the Company's collective performance factor is 1.30 and the NEO's individual performance factor is 1.00.

Based on these facts, the NEO's target APP award is \$250,000, and his total APP factor is 1.21, resulting in an APP award of \$302,500. His APP award could have ranged from \$0, if his total APP factor was zero, to \$900,000 if his total APP factor was 3.6.

The formulas below illustrate the calculation:

Target APP Award:	\$500,000 times 50%	=	\$250,000
APP total factor:	(1.30 times 70%) + (1.00 times 30%)	=	1.21
Actual APP Award:	\$250,000 times 1.21	=	\$302,500

Please see "—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table" for a more detailed discussion of the mechanics of the APP program, including detail regarding the financial performance targets for fiscal 2015.

Long-Term Incentive Compensation Awards

We offer long-term incentive compensation in the form of equity under our Long-Term Incentive Plans and our Executive Ownership Programs. Historically, annual awards under the Long-Term Incentive Plans and equity received to match investments made under our Executive Ownership Programs have been in the form of non-qualified stock options. In fiscal 2013, we adopted the Equity and Long-Term Incentive Plan, which governs all equity awards granted to employees after its adoption, and Platinum, our new executive ownership program. Annual equity awards under the Equity and Long-Term Incentive Plan and matching equity under Platinum are in the form of RSUs.

We believe these awards will further focus our executives on increasing stockholder value. All annual equity awards under our Long-Term Incentive Plans and Platinum RSUs have five-year cliff vesting tied to continued employment with the Company. The Series A Preferred Stock and Options each generally have five-year cliff vesting tied to continued employment with the Company (as discussed in more detail below) and subject to ownership of at least the Minimum Required Holding Amount through the vesting date (as described in more detail above).

In April 2015, we filed a Certificate of Designations (the "Certificate of Designations") with the Secretary of State of the State of Delaware, establishing the voting rights, powers, preferences and privileges, and the relative, participating, optional or other rights, and the qualifications, limitations or restrictions thereof, with respect to our Series A Preferred Stock, which various and several voting powers, preferences and relative, participating, optional or other

rights, and the qualifications, limitations and restrictions thereof may be severally set forth in various subscription agreements relating to the issuance and sale of the Series A Preferred Stock (each, a “Subscription Agreement”). Under the terms provided in the various Subscription Agreements, a holder of Series A Preferred Stock is entitled to exchange

any or all “Vested Series A Preferred Stock” (as defined below) prior to varying dates specified in the Subscription Agreements, into, at our sole election, either: (i) an amount in cash payable in U.S. dollars per share so exchanged equal to (I) the fair market value of a share of our Class A Common Stock on the date of conversion minus (II) an amount equal to the sum of an amount in U.S. Dollars specified in each Subscription Agreement (the “Cash Conversion Price”) plus the fair market value of a share of such Class A Common Stock on the date such Vested Series A Preferred Stock was originally granted, subject to adjustment from time to time (the “Share Conversion Price” and aggregated with the Cash Conversion Price, the “Conversion Price”) (such difference, the “Preferred Net Value”), or (ii) the number of shares of Class A Common Stock whose aggregate value, as measured by the fair market value of a share of such Class A Common Stock on the date of conversion, is equal to the Preferred Net Value. As such, the benefit provided under the Series A Preferred Stock will always be based solely on the increase in value of our Class A Common Stock after the date of grant and the Series A Preferred Stock will not have any value until the value of our Class A Common Stock exceeds the value of such shares on the date of grant plus the Cash Conversion Price. Under the terms provided in the various Subscription Agreements, the right of a holder of Series A Preferred Stock to exchange any or all shares of Vested Series A Preferred Stock typically expires on the earliest to occur of: (i) the first (1st) anniversary of the holder’s termination of employment due to death or disability, and (ii) the latest date prior to which Vested Series A Preferred Stock can otherwise be exchanged as set forth in the paragraph above.

To the extent provided in the applicable Subscription Agreement, Vested Series A Preferred Stock will also automatically be exchanged into cash to the extent that a holder has not already exchanged at least an amount that corresponds to services performed by the holder in the United States by the March 1 immediately following the calendar year in which shares of Series A Preferred Stock are deemed to be Vested Series A Preferred Stock.

In addition, following the date of a change of control, we have the right to cause any Vested Series A Preferred Stock to be exchanged for the Preferred Net Value payable, at our sole option and election, either in cash or Class A Common Stock, as applicable.

We are not required to exchange any Vested Series A Preferred Stock into any Class A Common Stock to the extent such conversion, issuance or delivery would require: (i) registration with or approval of any person under any federal or state law before such shares may be validly issued or delivered upon conversion, (ii) approval from the exchange on which shares of the Class A Common Stock are then listed (the “Relevant Exchange”), unless such approval has been received, or (iii) approval by our shareholders pursuant to the rules or regulations of the Relevant Exchange, unless such approval has been received.

“Vested Series A Preferred Stock” means all shares of Series A Preferred Stock outstanding and held by an executive on the earliest of (i) a date specified in each Subscription Agreement; (ii) termination of employment as a result of death or disability; or (iii) a termination of employment under certain circumstances following a change of control.

The holder of any Series A Preferred Stock is not entitled to receive any dividends and has no voting rights except as required by law.

Our equity compensation program encourages retention of and long-term focus by our NEOs by giving them an ownership stake in our future growth and financial success. The program also provides a direct link between the interests of our stockholders and our NEOs and other eligible leadership employees.

We use the Black-Scholes methodology and, when applicable, the Monte Carlo methodology to value stock option awards (both ours and those of companies in the Compensation Peer Group) to enable meaningful comparisons across companies and across time. Shares purchased under the Executive Ownership Programs are not considered compensation because executives purchase the shares at their fair market value. Shares purchased under Platinum, Platinum RSUs, Series A Preferred Stock and Options are not taken into account in determining target compensation

levels for the NEOs.

Annual Awards under our Long-Term Incentive Plans. Awards under our Long-Term Incentive Plans recognize strong collective financial performance and individual achievement and align each NEO's interests with our

31

organizational goals and our stockholders' long-term financial interests. The number of total available awards is based on the total number of employees and their target or notional grants for their respective job levels. When deciding whether to award annual grants for that fiscal year, our Board considers collective performance.

The RNC considers several factors when determining long-term incentive awards for each NEO. First, notional grants or target awards are established. As total target direct compensation is benchmarked against the third quartile of the Compensation Peer Group, the RNC deducts the NEO's base salary and target APP award from the total target direct compensation when determining the NEO's target annual award under the ELTIP. Then, these target awards are adjusted based on the RNC's determination of the total pool size and its subjective review of the NEO's individual overall performance during the fiscal year.

Award determinations are typically made in September of each year. There is no relationship between the timing of the granting of awards and our release of material non-public information.

Please see "—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table" for a more detailed discussion of our long-term equity program and actual awards granted in fiscal 2015.

Executive Stock Ownership

We strongly believe in encouraging stock ownership by our NEOs. We encourage NEOs to own stock in the Company in two ways: through our Executive Ownership Programs and by our stock ownership guidelines.

Executive Ownership Programs. The primary way we encourage stock ownership and compliance with stock ownership guidelines by our NEOs is through our Executive Ownership Programs. In December 2012, Platinum replaced the EOP as our Executive Ownership Program. Under Platinum, executives are invited to purchase stock through Platinum and receive matching awards of Platinum RSUs based upon their investments. In fiscal 2015, Mr. de Talhouët participated in Platinum.

Under Platinum, for every three shares purchased up to an amount equal to 100% of the participant's stock ownership guidelines, the participant will receive one matching Platinum RSU. No shares purchased under Platinum over an amount equal to 100% of the participant's stock ownership guidelines will receive a matching Platinum RSU.

As described above, in April 2015, certain of our NEOs received additional awards of either Series A Preferred Stock or Options. In connection with these awards, we require our NEOs to hold a minimum level of Class A Common Stock by December 31, 2015. Vesting of the Series A Preferred Stock and the Options, as applicable, is contingent upon each NEO holding his Minimum Required Holding Amount through the vesting date.

Stock Ownership Guidelines. In February 2012, we adopted stock ownership guidelines that apply to our NEOs. Our Chief Executive Officer's target is five times his annual base salary. Targets for all other NEOs are three times the NEO's annual base salary. Each NEO has seven years to meet his target. As of June 30, 2015, each NEO has achieved his ownership target.

Other Benefits and Perquisites

General. In general, our NEOs participate in the same benefit plans generally available to our employees in the home country in which the NEO resides. These benefit plans include health insurance, life insurance and disability coverage. NEOs receive the same coverage as the rest of our employees.

Perquisites. We provide NEOs with reasonable perquisites on an individual basis. The perquisites generally include housing allowances and car allowances to the extent deemed necessary for business purposes. Perquisites generally represented less than 0.6% of each NEO's total direct compensation in fiscal 2015 with the exception of Mr. de Talhouët, whose perquisites amounted to 2.5%. All perquisites with an aggregate value of at least \$10,000 received by an NEO are reported in the Summary Compensation Table.

Retirement Plans. We provide retirement benefits to our NEOs in the United States and certain other employees in the U.S. under our Retirement Savings Plan.

Potential Payments upon Termination of Employment. The employment agreements with our NEOs and our compensation plans provide for certain payments and incremental benefits if an NEO's employment is terminated under certain circumstances. There are no tax gross-ups provided in connection with these payments or incremental benefits. These payments and incremental benefits are discussed in "—Potential Payments upon Termination or Change in Control".

Employment Agreements

We have also entered into employment agreements with each of our NEOs. The employment agreements are described in "—Employment Agreements".

Tax and Accounting Implications

Section 162(m) of the Internal Revenue Code ("Section 162(m)") limits the Company's deductions for compensation paid to the chief executive officer and three other most highly compensated executive officers (other than the chief financial officer) to \$1,000,000 per year, but contains an exception for certain performance-based compensation. However, there is transitional relief from Section 162(m) for compensation paid pursuant to certain plans or agreements of corporations which are privately held and which become publicly held in an initial public offering.

Our compensation programs are intended to maximize the deductibility of the compensation paid to our NEOs to the extent that we determine it is in our best interests and to further advance organizational growth while providing competitive base salaries.

While the RNC is mindful of the benefit to the Company of the full deductibility of compensation, the committee believes that the requirements of Section 162(m) should not impair its flexibility in compensating our NEOs in a manner that can best promote the Company's objectives. Therefore, the RNC has not adopted a policy that requires that all compensation be deductible. The RNC intends to continue to compensate our executive officers in a manner consistent with the best interests of the Company and its stockholders.

Independent External Experts Engaged by the Remuneration and Nomination Committee

The RNC has engaged an independent external expert to provide information with respect to our executive compensation.

The independent external expert reports directly to the RNC, with input from certain members of senior management. All decisions with respect to the amount and form of NEO compensation under our executive compensation programs are made solely by the RNC and may reflect factors and considerations other than the information provided by the independent external expert.

In fiscal 2015, the RNC engaged Deloitte LLP to provide information regarding competitive compensation peer group and compensation benchmarking data for NEO's and executive-level positions, as well as information about market practices for equity compensation and plan governance. The AFC and RNC assessed the independence of Deloitte LLP and concluded that Deloitte LLP is independent and no conflict of interest exists that would prevent Deloitte LLP from providing this information to the RNC.

Non-Plan Phantom Unit Award

On December 1, 2014, the Board granted Mr. Becht an award of 49,432 phantom units (the “December Grant”). On July 21, 2015, the Board granted to Mr. Becht an award of 300,000 phantom units (the “July Grant”). Both the December Grant and July Grant to Mr. Becht were outside of the Company’s Equity and Long-Term Incentive Plan and were granted in consideration of Mr. Becht’s increased and continuing responsibilities as interim CEO. The RNC deemed that it was in the best interests of the Company and its shareholders to grant to Mr. Becht these additional awards which are tied to the value of our Class A Common Stock as compensation for his increased and continuing services as Interim CEO and to further align his interests and those of our stockholders. At the time of December Grant, the phantom units had a value of \$1,000,009 based on the closing price of the Company’s Class A Common Stock on December 1, 2014, and at the time of the July Grant, the phantom units had a value of approximately \$8,106,000 based on the closing price of the Class A Common Stock on July 21, 2015. The RNC decided to award these amounts in respect of Mr. Becht’s service as interim CEO based on its determination of the appropriate level of compensation for that position and the amount of time devoted to that position by Mr. Becht. Each phantom unit has an economic value equivalent to one share of the Company’s Class A Common Stock. The phantom units vest on the fifth anniversary of the grant date and, in the event of a change in control or Mr. Becht’s death or disability, the phantom units shall vest immediately. Within 30 days of the grant date, Mr. Becht had the ability to elect whether to receive payment in respect of the phantom units in cash or shares of Class A Common Stock. Mr. Becht elected to receive payment in respect of the December Grant and the July Grant in shares of Class A Common Stock.

Mr. Scannavini’s Release Agreement

On September 29, 2014, we and Mr. Scannavini mutually entered into a settlement and release agreement (the “Release Agreement”) which provided for termination of Mr. Scannavini’s employment with the Company on September 30, 2014. The Release Agreement required us to pay Mr. Scannavini the following amounts no later than October 30, 2014 in connection with the termination of his employment: a severance indemnity equal to 1,100,000 euros; a payment of 751,950 euros, which represents the average amount awarded to Mr. Scannavini under the APP in fiscals 2013 and 2012, as required under Mr. Scannavini’s employment agreement; a payment of 752,400 euros, which represents the amount awarded to Mr. Scannavini under the APP for fiscal 2014; any accrued termination indemnity required under Italian law; and the value of any accrued vacation days. In addition, Mr. Scannavini’s outstanding stock options scheduled to vest on September 14, 2015 vested on September 29, 2014 (the “Accelerated Options”), and we

and Mr. Scannavini agreed that we would purchase on or before January 27, 2015 all shares of our Class A Common Stock that Mr. Scannavini directly or indirectly held (including any shares underlying vested stock options) (the “Repurchase”). We agreed to purchase the shares at a price equal \$17.2140 per share, which is the average closing value of our Class A Common Stock on the NYSE over the five business days immediately preceding September

29, 2014 (the “Purchase Price”). The Release Agreement also provides that, in accordance with the terms of his employment agreement, Mr. Scannavini will be subject to a one-year non-competition and non-solicitation period with us (the “Restriction Period”). During the Restriction Period, we are obligated to pay Mr. Scannavini 550,000 euros, which is equal to one half of his annual gross salary, in four quarterly installments.

Annual Incentive Compensation Awards under our APP

APP awards are calculated as set forth above in “—Annual Incentive Compensation”.

Collective Factor. The collective factor for fiscal 2015 APP awards was based on collective performance for 1.51. The table below sets forth each of the collective targets of the Company for purposes of incentive payout under this APP component:

TOTAL				—		0.5		1.0		2.0		3.60		1.51

The collective factor of the Company for fiscal 2015 was 1.51. In fiscal 2015, like-for-like net revenues growth excludes the impact of foreign currency exchange translations, the divestiture of one of our licenses, the expiration of a certain North American service agreement that was not renewed and product returns associated with the reorganization of our mass business in China, the discontinuation of the TJoy brand, net revenues attributable to the acquisition of the Bourjois brand, and does not exclude revenues from the acquisition or conversion of third-party distributors. In fiscal 2015, growth in Net Income Attributable to Coty Inc. was adjusted to take into account share-based compensation expenses, restructuring costs and business structure realignment programs costs, real estate consolidation costs, China optimization costs, non-controlling interest expense, acquisition-related costs, and loss on early extinguishment of debt, net of taxes.

The following example illustrates the calculation of the collective portion of an NEO’s APP award. Based on the actual performance of the Company, if an NEO had a target APP award of \$400,000 and his collective component (70% of his APP award) was based solely on the financial performance of the Company, his collective factor for fiscal 2015 is 1.51 and he would receive 422,800 for the collective component of his APP award. The remaining 30% of his APP

award would be determined by his individual factor.

Individual Factor. As discussed in “—Annual Incentive Awards, Individual Factor”, the remaining 30% of each NEO’s APP award is based on achievement of individual goals set by the RNC. Once achievement levels are determined, individual factors are adjusted based on collective performance.

In fiscal 2015, each NEO shared the following individual goals: to improve the Company's gross margin and, with respect to the Company's organizational redesign program announced on July 9, 2014, to improve balance between planned restructuring expenses and annual savings and to motivate employee engagement and retention.

In addition, each NEO had the following specific individual goal in fiscal 2015:

Patrice de Talhouët. Mr. de Talhouët's specific individual goal was to strengthen financial governance.

Jules P. Kaufman. Mr. Kaufman's specific individual goal was to strengthen Company compliance and training.

Jean Mortier. Mr. Mortier's specific individual goal, which relates to the commercial operations for which he is directly responsible, was to increase net revenues and accelerate growth in specific markets, including emerging markets.

Mario Reis. Mr. Reis' specific individual goal which relates to the commercial operations for which he is directly responsible, was to improve service and efficiency for countries that are covered by SAP, Coty's financial management and accounting software system.

APP Awards by NEO. The following table shows the minimum, target and maximum amounts each NEO could have been awarded in fiscal 2015.

Actual award amounts are calculated based on each NEO's annual base salary in the local currency in which they (2) are paid. Exchange rates for fiscal 2015 compensation are calculated using the weighted average monthly exchange rate during the fiscal year.

(3) Mr. Scannavini was not eligible to receive an APP award for fiscal 2015 performance.

Long-Term Incentive Compensation Awards

Annual Grant. Through the process described in “—Long-Term Incentive Compensation, Annual Awards under our Long-Term Incentive Plans”, the RNC determined that the total number of awards available for the annual grant in fiscal 2015 for fiscal 2014 performance was 1,582,580 RSUs. The target awards for Messrs. de Talhouët, Kaufman, Mortier and Reis were 60,000 RSUs, 45,000 RSUs, 120,000 RSUs and 60,000 RSUs, respectively. After assessing the individual performance of each NEO, the RNC awarded each NEO 100% of his target award.

Outstanding Equity Awards at Fiscal Year End

The following table shows outstanding equity awards held by the NEOs on June 30, 2015, the last day of our fiscal year. The market value of the shares of unvested restricted stock is determined by multiplying the number of outstanding awards by \$31.97 which was the closing price of our Class A Common Stock on June 30, 2015. The market value does not reflect, nor in any way assures, that the amounts will correspond to the actual value that will be recognized by the NEOs.

Pension Benefits

We do not administer any pension programs that provide our NEOs with additional benefits from those offered to our other employees.

Potential Payments upon Termination or Change-in-Control

As described in the CD&A and the narrative to the foregoing tables, we have entered into employment agreements with each of our NEOs and maintain certain incentive, equity and benefit plans in which our NEOs participate. These

employment agreements and plans provide for certain payments and incremental benefits if an NEO's employment is terminated under certain circumstances. These payments and benefits are described below.

Payments under the APP

A pro-rated award for the fiscal year in which an NEO's employment is terminated may be paid under the APP if his employment is terminated by reason of retirement, disability or death. Under the APP, no awards for the fiscal year in which an NEO's employment is terminated are paid if an NEO's employment is terminated for any reason other than retirement, disability or death.

In the event of a change in control, each NEO will be paid an award equal to the "exceeds" target award for the fiscal year in which the change in control occurs.

Matching Options under the EOP, Stock Options under the LTIP, RSUs, Platinum RSUs, Options and Series A Preferred Stock under the ELTIP

Treatment upon termination due to death, disability or retirement. All unvested Matching Options, unvested Stock Options, unvested Options, unvested RSUs, and unvested Platinum RSUs will accelerate on a pro rata basis. The pro rata amount is based on the number of days that have passed since the Matching Options, Stock Options, Options, RSUs or Platinum RSUs were granted. Series A Preferred Stock vest in full.

Treatment upon termination for any reason other than retirement, death or disability. All unvested Matching Options, unvested Stock Options, Options, unvested RSUs, unvested Platinum RSUs and Series A Preferred Stock will be forfeited and canceled.

Treatment upon a change in control. In March 2011, we amended the EOP and the LTIP to require "double-trigger" vesting upon a change in control. The amendments applied to all Matching Options and Stock Options granted after March 2011. All equity granted prior to March 2011 will automatically vest upon a change in control. All equity granted under the EOP or LTIP after March 2011 and all equity granted under the ELTIP will vest if an NEO's employment is terminated without cause or he resigns for Good Reason within twelve months following a change in control; provided that, for the Series A Preferred Stock, the change in control must occur after the first anniversary of the original issue date.

Certain Additional Payments

Unless specified below, each NEO would not have any additional payments upon termination of his employment for any reason or a change in control, except for payments provided for under the APP and accelerated vesting under the EOP, LTIP and ELTIP.

Mr. de Talhouët is entitled to 90-days base salary if his employment is terminated due to resignation or retirement and 12 months base salary if his employment is terminated without cause.

Mr. Kaufman is entitled to 12 months base salary if his employment is terminated without cause or due to resignation with good reason, base salary for 13 weeks (minus any sums granted under statutory sick pay or Company-funded insurance) in the case of disability and one month base salary if his employment is terminated due to death.

Mr. Mortier is entitled to two-thirds of average gross salary (including his target APP award) for up to 12 months if his employment is terminated for any reason in consideration of the competition restrictions within his employment agreement.

Mr. Reis is entitled to 12 months base salary if his employment is terminated without cause.

Effect of Section 409A on Timing of Payments and Equity Awards

Any amounts that are not exempt from Section 409A are subject to the required six-month delay in payment after termination of service if the NEO is a “specified employee” for purposes of Section 409A at the time of termination of employment. Amounts that otherwise would have been paid during the six-month delay will be paid in a lump sum on the first day after the delay period expires.

Potential Payments in the Event of Termination at the End of Our Last Fiscal Year

The following table sets forth the estimated incremental payments and benefits that would have been received by each NEO if employment had been terminated or upon a change in control, on June 30, 2015. Amounts received due to accelerated vesting of equity were calculated using closing price of our Common Stock as of June 30, 2015, which was \$31.97. The value of accelerated vesting of Stock Options was calculated by subtracting the exercise price of the Stock Option from \$31.97.

Exchange rates are calculated using the weighted average monthly exchange rate during the fiscal year.

Pursuant to the Release Agreement, Mr. Scannavini received certain payments equal to approximately \$3,751,609 in fiscal 2015, which amount included: a severance indemnity payment equal to approximately \$1,323,520; a payment of approximately \$904,746, which represents the average amount awarded to Mr. Scannavini under the APP in the fiscal years ended June 30, 2013 and 2012; and a payment of \$1,021,007, which represents the amount awarded to Mr. Scannavini for the fiscal year ended June 30, 2014 under the APP and reimbursement for legal fees in the amount of \$6,016. Pursuant to the Release Agreement, on November 13, 2014, we also purchased all of the shares of Class A Common Stock that Mr. Scannavini held at the Purchase Price of \$17.214.
