Item 1.01 Entry into a Material Definitive Agreement.

On May 12, 2017, the Board of Directors of Core Molding Technologies, Inc. approved a technical amendment to the Core Molding Technologies, Inc. 2006 Long-Term Incentive Plan (as amended and restated from time to time the "Plan") to reflect new guidance issued by the Financial Accounting Standards Board under its Accounting Standards Update 2016-09 on Topic 718, which, among other things, now allows companies to withhold shares upon settlement of equity awards for tax purposes using rates up to the maximum statutory withholding requirements without triggering variable accounting. Prior guidance permitted withholding only up to the minimum tax rates to avoid variable accounting. In accordance with such change in accounting guidance, Section 17.2 of the Plan has been revised to remove the minimum withholding limitation and permit withholding up to the maximum statutory requirements.

The above description of the Plan is a summary only and is qualified in its entirety by reference to the Plan, which is filed with this Current Report on Form 8-K as Exhibit 10.1 and is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
