Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Sonic's officers and directors, and persons who own more than ten percent of the Common Stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of Forms 3 and Forms 4 furnished to us pursuant to Rule 16a-3 under the Exchange Act during our most recent fiscal year, to Sonic Foundry's knowledge, all reporting persons complied with all applicable filing requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended.

Audit Committee Composition and Expert

Sonic has a standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Members of the Audit Committee are Messrs. Murphy (chair), Slayton and Wiegand. Sonic's Board of Directors has determined that all members of Sonic's Audit Committee are "independent" as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act and as defined under Nasdaq listing standards. The Audit Committee provides assistance to the Board in fulfilling its oversight responsibility including: (i) internal and external financial reporting, (ii) risks and controls related to financial reporting, and (iii) the internal and external audit process. The Audit Committee is also responsible for recommending to the Board the selection of our

independent public accountants and for reviewing all related party transactions. The Audit Committee met five times in Fiscal 2018. A copy of the charter of the Audit Committee is available on Sonic's website.

Sonic's Board of Directors has determined that, due to his experience serving in senior financial roles at several companies as well as his degree in accounting and designation as a certified public accountant, Mr. Murphy meets the definition of audit committee financial expert as that term is defined under the rules of the Securities and Exchange Commission. ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis describes our compensation strategy, policies, programs and practices for the executive officers identified in the Summary Compensation Table. Throughout this proxy statement, we refer to these individuals, who serve as our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Sales as the “Named Executive Officers.”

The Executive Compensation Committee (“Committee”) establishes and oversees our compensation and employee benefits programs and approves the elements of total compensation for the executive officers. The day-to-day design and administration of our retirement and employee benefit programs available to our employees are handled by our Human Resources and Finance Department employees. The Committee is responsible for reviewing these programs with management and approving fundamental changes to them.

Overview and Objectives of our Executive Compensation Program

The compensation program for our executive officers is designed to attract, motivate, reward and retain highly qualified individuals who can contribute to Sonic’s growth with the ultimate objective of increasing stockholder value.

Our compensation program consists of several forms of compensation: base salary, annual bonus, long-term incentives and limited perquisites and benefits.

Base salary and annual bonus are cash-based while long-term incentives consist of stock option awards. The Committee does not have a specific allocation goal between cash and equity-based compensation or between annual and long-term incentive compensation. Instead, the Committee relies on the process described in this discussion and analysis in its determination of compensation levels and allocations for each executive officer.

The Committee established performance metrics for each of its Named Executive Officers in fiscal 2018 designed to match Company performance to the amount of incentive compensation paid to such officers following completion of the fiscal year.

The recommendations of the Chief Executive Officer play a significant role in the compensation-setting process. The Chief Executive Officer provides the Committee with an annual overall assessment of Sonic’s achievements and performance, his evaluation of individual performance and his recommendations for annual compensation and long-term incentive awards. The Committee has discretion to accept, reject or modify the Chief Executive Officer’s recommendations. The Committee determines the compensation for the Chief Executive Officer in an executive session.

Market Competitiveness

The Committee’s target is for total cash compensation to average between the 50th and 75th percentile of published compensation data derived from two sources: (i) a peer group of companies that are in our industry, competitors for key talent, or with similar financial characteristics; and (ii) published market survey data for companies within our revenue range. The peer group data was obtained from the most recently filed proxy statement of 12 publicly-traded technology companies with annual revenues ranging from approximately \$10 million to just under \$100 million; market capitalization from approximately \$10 million to approximately \$200 million and approximately 300 employees or less. The following companies comprised the peer group for the study: Adesto Technologies, Corp, Asure Software Inc., Bsquare Corporation, Datawatch Corp., FalconStor Software Inc., GlobalSCAPE Inc., Glowpoint Inc., GSE Systems Inc., Inuvo Inc., MAM Software Group, Inc., Qumu Corporation and Smith Micro Software Company. Given competitive recruiting pressures, the Committee retains its discretion to deviate from this

target under appropriate circumstances. The Committee periodically receives updates of the published compensation data.

Pay for Performance

The Committee believes that both long and short term compensation of executive officers should correlate to Sonic's overall financial performance. Incentive payouts will be larger with strong performance and smaller if Sonic's financial results decline. From time to time, extraordinary Board-approved initiatives in a fiscal year, such as a restructuring, acquisition, or divestiture, are considered by the Committee in its overall evaluation of Sonic's performance.

Peer Group Analysis

6

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2018

Compensation data came from a peer group of twelve public companies that we consider similar to our market for sales, or for key talent, or with similar financial or other characteristics such as number of employees. The companies in the peer group are described above.

Components of Executive Compensation

Base Salary

The Committee seeks to pay the executive officers a competitive base salary in recognition of their job responsibilities for a publicly held company. As noted above, the target compensation range for an executive's total cash compensation (salary and bonus) is between the 50th and 75th percentile of the market data reviewed by the Committee.

As part of determining annual compensation review, the Committee also considers the Chief Executive Officer's recommendation regarding individual performance as well as internal equitable considerations.

In evaluating individual performance, the Committee considers initiative, leadership, tenure, experience, skill set for the particular position, knowledge of industry and business, and execution of strategy in placing the individual within the range outlined.

The Committee met on February 1, 2019 for consideration of base wage changes for Messrs. Weis, Minor and Lipps which have been frozen since December 1, 2016. At the recommendation of management, the Committee agreed to reduce compensation for Messrs. Weis and Minor and Lipps. Base wages for Messrs. Weis and Minor were reduced to \$350,000 and \$250,000 on an annual basis from \$489,880 and \$301,986, respectively. Base wages for Mr. Lipps were maintained at \$242,810 but his incentive compensation was capped at \$7,190 on an annual basis. After its review of all sources of market data as described above, the Committee believes that the base salaries and the bonuses described are below its targeted range for total cash compensation.

Annual Performance-Based Variable Compensation

The performance-based variable compensation reported for each executive officer represents compensation that was earned based on incentive plans. The following describes the methodologies used by the Compensation Committee to determine the final annual performance-based variable compensation earned by each executive officer:

Selection of Performance Metrics. For fiscal 2018, the Compensation Committee designed a short-term incentive program ("STIP") driven by four performance measures that it determined were appropriate to drive desired business behavior for the Company and would correlate positively with total shareholder return. These measures were the Company's results with respect to (1) customer billings and (2) adjusted EBITDA. Messrs. Weis, Minor and Lipps were included in the plan. Mr. Lipps' short term incentive plan included a separate component based solely on the level of customer billings achieved.

Payout Based on Performance Against Goals. For fiscal 2018 the Company's performance, as evaluated by the Compensation Committee, led to the determination that none of the objectives were met with regard to financial performance of the Company and therefore, no incentives were earned under the STIP compensation plan. Total billings - based incentives paid to Mr. Lipps during fiscal 2018 was \$68,862. No variable compensation plan was approved for fiscal 2019.

Stock Options

The Committee has a long-standing practice of providing long-term incentive compensation grants to the executive officers. The Committee believes that such grants, in the form of stock options, help align our executive officers' interests with those of Sonic's stockholders. All stock options have been granted under our 1995 Stock Option Plan, the 1999 Non-Qualified Plan or the 2009 Stock Incentive Plan ("Employee Plans"). All but the 2009 Stock Incentive Plan are now terminated.

The Committee reviews option grant recommendations by the Chief Executive Officer for each executive officer, but retains full discretion to accept, reject or revise each recommendation. The Committee's policy is to grant options on the date it approves them or such other future date as the Committee may agree at the time of approval. The exercise price is determined in accordance with the terms of the Employee Plan and cannot be less than the Fair Market Value, as defined in the Plan, of Sonic's common stock. The Committee typically grants options once a year, but may grant options to newly hired executives at other times.

In making its determinations, the Committee considers the number of options or shares owned by the executive officers.

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2018

No additional option grants were made to Messrs. Weis, Minor and Lipps following the end of fiscal 2018. At a compensation committee meeting held February 1, 2019, the executive management team proposed cancelling certain vested stock options they held in order to make them available for future employee grants. The impact was to cancel 175,764 options for Mr. Weis and 109,690 options each for Messrs. Minor and Lipps. The committee accepted the management recommendation and authorized cancellation immediately.

Health and Welfare Benefits

Our officers are covered under the same health and welfare plans, including our 401(k) plan, as salaried employees.

Employment Agreements

The Company has employment agreements with Messrs. Norregaard, Minor and Lipps. Pursuant to such employment agreements, Messrs. Minor and Lipps receive annual base salaries subject to increase each year at the discretion of the Board of Directors. Messrs. Minor and Lipps are also entitled to incidental benefits of employment under the agreements. Each of the employment agreements provides that a cash severance payment be made upon termination, other than for cause, or upon death or disability. In each case, such cash severance is equal to the highest cash compensation paid in any of the last three fiscal years immediately prior to termination. In addition, Messrs. Norregaard, Minor and Lipps will receive immediate vesting of all previously unvested common stock and stock options and have the right to voluntarily terminate their employment, and receive the same severance arrangement detailed above following (i) any "person" becoming a "beneficial" owner of stock of Sonic Foundry representing 50% or more of the total voting power of Sonic Foundry's then outstanding stock; or, (ii) Sonic Foundry is acquired by another entity through the purchase of substantially all of its assets or securities; or (iii) Sonic Foundry is merged with another entity, consolidated with another entity or reorganized in a manner in which any "person" is or becomes a "beneficial" owner of stock of the surviving entity representing 50% or more of the total voting power of the surviving entity's then outstanding stock; and, within two years and ninety days of any such event, Messrs. Norregaard, Minor or Lipps, as the case may be, is demoted without cause or his title, authority, status or responsibilities are substantially altered, their salary is reduced or the principal office is more than 50 miles outside the Madison metropolitan area. Pursuant to the employment agreements, each of Messrs. Norregaard, Minor and Lipps has agreed not to disclose our confidential information and not to compete against us during the term of his employment agreement and for a period of one year thereafter. Such non-compete clauses may not be enforceable, or may only be partially enforceable, in state courts of relevant jurisdictions.

The Company also has an employment agreement with Mr. Weis for his services as Chief Executive Officer and Chief Technology Officer. Pursuant to the terms of the amended and restated employment agreement, Mr. Weis receives an annual base salary subject to increase at the discretion of the Board. Mr. Weis may also receive a performance bonus at the discretion of the Board.

The employment agreement continues in effect until terminated as set forth therein. In the event Mr. Weis's employment is terminated without cause, as defined in the employment agreement, or in the event his employment is constructively terminated, Mr. Weis will be entitled to receive, in equal bi-weekly installments over a one-year period, compensation equal to one and five hundredths (1.05) multiplied by the highest cash compensation paid to Mr. Weis in any of the last three years immediately prior to his termination. In the event of a Change of Control, as defined in the amended and restated employment agreement, Mr. Weis is entitled to terminate the agreement within one year following such Change of Control, in which event he shall be entitled to receive, in a lump sum payable within thirty days of such termination, compensation equal to two and one-tenth (2.1) multiplied by the highest cash compensation paid to Mr. Weis in any of the last three fiscal years immediately prior to his termination. In any of the above events,

(i) all of Mr. Weis's unvested stock options and stock grants will vest immediately upon termination, and (ii) Mr. Weis will receive health insurance continuation as required by COBRA, salary accrued to the date of termination, and any accrued vacation pay. Mr. Weis has further agreed not to disclose the Company's proprietary information, and, until one year following the termination of his employment agreement, not to compete with the Company or solicit the Company's employees. Such non-compete clause may not be enforceable, or may be only partially enforceable, in state courts of relevant jurisdiction.

For illustrative purposes, if Sonic terminated the employment of Mr. Weis (not for cause) on September 30, 2018, Sonic would be obligated to pay \$599,275, representing 1.05 times the cash compensation paid Mr. Weis during fiscal 2016 (fiscal year with highest cash compensation in three year period preceding September 30, 2018) and \$1,198,550 if Mr. Weis elected to terminate his employment on September 30, 2018, following a change of control as defined in the employment agreement. If Sonic terminated Messrs. Minor, Norregaard and Lipps on September 30, 2018, (not for cause), or if Messrs. Minor, Norregaard and Lipps elected to terminate their employment following a demotion or alteration of duties on September 30, 2018, and a change of control as defined in the employment agreements had occurred, Sonic would be obligated to pay \$334,237, \$232,186 and \$329,018, respectively (based on fiscal 2016 compensation which was the fiscal year with highest cash compensation in three year period

Sonic Foundry, Inc.
Annual Report on Form 10-K/A
For the Year Ended September 30, 2018

preceding September 30, 2018 for Messrs. Minor and Lipps and fiscal 2018 for Mr. Norregaard). In addition, any non-vested rights of Messrs. Weis, Minor, Norregaard and Lipps under the Employee Plans, would vest as of the date of employment termination. The value of accelerated vesting of the options under these circumstances would be \$122,000 for Mr. Weis, \$13,000 for Mr. Norregaard and \$67,000 for both Messrs. Minor and Lipps.

Personal Benefits

Our executives receive a limited number of personal benefits certain of which are considered taxable income to them and which are described in the footnotes to the section of this Proxy Statement entitled “Summary Compensation Table”.

Internal Revenue Code Section 162(m)

Internal Revenue Code Section 162(m) limits the ability of a public company to deduct compensation in excess of \$1 million paid annually to each of the Chief Executive Officer and each of the other executive officers named in the Summary Compensation Table. There are exemptions from this limit, including compensation that is based on the attainment of performance goals that are established by the Committee and approved by the Company stockholders. No executive officer was affected by this limitation in fiscal 2018.

(1) The option awards in column (f) represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 for stock options granted during the fiscal year. The assumptions and methodology used in calculating the compensation expense of the option awards are provided in Sonic's Form 10-K. See Note 1, "Accounting for Stock Based Compensation" in the Notes to the Consolidated Financial Statements in Sonic's Form 10-K. The amounts in this column represent value attributed to the awards at the date of grant and not necessarily the actual value that will be realized by the executive. There can be no assurance that the options will ever be exercised (in which case no value will be realized by the executive) or that the value on exercise will equal the ASC Topic 718 value.

(2) The amounts in column (g) represent cash bonuses which were awarded for performance during the prior fiscal year based on a pre-established formula.

(3) The amount shown under column (i) for the fiscal year 2018 includes Sonic's matching contribution under our 401(k) plan of \$4,304, \$10,398 and \$8,614 for Messrs. Weis, Minor and Lipps. The amount reported in column (l) represents the grant date fair value of the award following the required FASB ASC Topic 718 compensation methodology. Grant date fair value is calculated using the Lattice method. See Note 1, "Accounting for Stock Based Compensation" in the Notes to the Consolidated Financial Statements in Sonic's (2) Form 10-K for the fiscal year ended September 30, 2018 for an explanation of the methodology and assumptions used in FASB ASC Topic 718 valuation. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Frederick H. Kopko, Jr., a director and stockholder of Sonic Foundry, is a partner in McBreen & Kopko. Pursuant to the 2008 Non-Employee Directors Plan, Mr. Kopko was granted options to purchase 18,000 shares of Common Stock at exercise prices ranging from \$2.24 to \$14.83. During fiscal 2018, we paid the Chicago law firm of McBreen & Kopko certain compensation for legal services rendered subject to standard billing rates.

Director Independence

Although the Company's stock is no longer listed on the NASDAQ Stock Market ("NASDAQ"), the Company intends to comply with most of the listing requirements for such market. NASDAQ requires that a majority of the members of our Board be independent, as defined under NASDAQ's rules. The NASDAQ rules have both objective tests and a subjective test for determining who is an "independent director." The objective tests state, for example, that a director is not considered independent if he or she is an

16

Sonic Foundry, Inc.
 Annual Report on Form 10-K/A
 For the Year Ended September 30, 2018

employee of the Company or has engaged in various types of business dealings with the Company. The subjective test states that an independent director must be a person who lacks a relationship that in the opinion of the Board would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has made a subjective determination as to each independent director that no relationship exists that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviews information provided by the directors in an annual questionnaire with regard to each director’s business and personal activities as they relate to the Company. Based on this review and consistent with NASDAQ’s independence criteria, the Board has affirmatively determined that Mark D. Burish, Nelson A. Murphy, David F. Slayton and Brian T. Wiegand are independent.

Related Person Transaction

The Board has adopted a Related Person Transaction Policy (the “Policy”), which is a written policy governing the review and approval or ratification of Related Person Transactions, as defined in SEC rules.

Under the Policy, each of our directors and executive officers must notify the Chairman of the Audit Committee in writing of any new potential Related Person Transaction involving such person or an immediate family member. The Audit Committee will review the relevant facts and circumstances and will approve or ratify the transaction only if it determines that the transaction is not inconsistent with, the best interests of the Company. The Related Party Transaction must then be approved by the independent directors. In determining whether to approve or ratify a Related Person Transaction, the Audit Committee and the independent directors may consider, among other things, the benefits to the Company; the impact on the director’s independence (if the Related Person is a director or an immediate family member); the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties or to employees generally.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Audit services performed by BT for Fiscal 2018 and 2017 consisted of the examination of our financial statements, review of fiscal quarter results, and services related to filings with the Securities and Exchange Commission (SEC). We also retained BT to perform certain audit related services associated with the audit of our benefit plan. All fees paid to BT were reviewed, considered for independence and upon determination that such payments were compatible with maintaining such auditors’ independence, approved by Sonic’s audit committee prior to performance.

Fiscal Years 2018 and 2017 Audit Firm Fee Summary

During fiscal years 2018 and 2017, we retained our principal accountant, Baker Tilly Virchow Krause LLP to provide services in the following categories and amounts:

	Years Ended	
	September 30,	
	2018	2017
Audit Fees	\$382,913	\$299,510
Audit Related	18,200	13,222
Tax Fees	0	0

All of the services described above were approved by Sonic's audit committee prior to performance. The Audit Committee may, in its discretion, delegate to one or more of its members the authority to pre-approve any audit or non-audit services to be performed by the independent auditors, provided that any such approvals are presented to the Audit Committee at its next scheduled meeting. The audit committee has determined that the payments made to its independent accountants for these services are compatible with maintaining such auditors' independence.
