### REPORT OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

Under SEC rules, the Company is required to disclose certain data and information regarding compensation and benefits of its Chief Executive Officer and other executive officers. The disclosure includes the use of tables and a report explaining the rationale for and considerations that led to fundamental executive compensation decisions affecting these individuals. In fulfilling this requirement, the Board of Directors of the Company has prepared the following report for inclusion in this proxy statement.

## Edgar Filing: PATHFINDER BANCORP INC - Form DEF 14A

The Board of Directors annually reviews the performance of the Chief Executive Officer and other executive officers and approves changes to base compensation as well as the amount of any bonus to be awarded. In determining whether the base salary of an officer should be increased, the Board of Directors takes into account individual performance, performance of the Company and information regarding compensation paid to executives of peer group institutions made to executives performing similar duties for financial institutions in the Bank's market area.

While the Board of Directors does not use strict numerical formulas to determine changes in compensation for the Chief Executive Officer and Vice Presidents, and while it weighs a variety of different factors in its deliberations, it has emphasized and will continue to emphasize earnings, profitability, earnings contribution to capital, capital strength, asset quality, and return on tangible equity as factors in setting the compensation of the Chief Executive Officer and senior officers. Non-quantitative factors considered by the Board of Directors in fiscal 2002 included general management oversight of the Company, the quality of communication with the Board of Directors, and the productivity of employees. Finally, the Board of Directors considered the standing of the Company with customers and the community, as evidenced by customer and community complaints and compliments. While the Board of Directors considered each of the quantitative and non-quantitative factors described above, such factors were not assigned a specific weight in evaluating the performance of the Chief Executive Officer and Vice Presidents.

The Board of Directors approved salary increases totaling \$39,000 for the Company's and Bank's five executive officers including Mr. Schneider. Mr. Schneider does not participate in the Board of Director's consideration of his compensation. The Board approved an increase in Mr. Schneider's base salary to \$175,000 per annum. During 2002 two additional executive officers were hired. The 2002 total base compensation for all seven executive officers was \$667,000, as compared to \$448,000 in 2001 for the compensation of five executive officers.

This has been provided by the Board of Directors: Chris C. Gagag, Thomas W. Schneider, Chris R. Burritt, George P. Joyce, Raymond W. Jung, Bruce E. Manwaring, L. William Nelson, Jr., Janette Resnick, Corte J. Spencer and Stephen W. Thomas.

### DIRECTORS' COMPENSATION

Each non-employee director receives an annual retainer fee of \$9,000, a meeting fee of \$500 for each Board meeting attended and \$300 for each committee meeting attended. ### BENEFITS

**MEDICAL AND LIFE INSURANCE AND EDUCATIONAL ASSISTANCE.** The Company provides full-time employees with medical and life and accidental death and dismemberment insurance. In addition, the Company maintains a "cafeteria plan" for employees, which permits qualifying employees to allocate a portion of their compensation, on a pre-tax basis, for the payment of medical, dental and dependent care expenses as well as the payment of certain insurance premiums. The Company also offers educational assistance to full-time employees who have worked for the Company for at least one year and who desire to take courses at any accredited school of learning. The Company also provides long-term disability income insurance for all employees equal to the lesser of \$6,000 per month or 60% of the employee's basic monthly earnings.

**DEFINED BENEFIT PLAN.** The Company maintains a tax-qualified noncontributory defined benefit plan ("Retirement Plan"). All salaried employees age 21 or older who have worked for the Company for at least one year and have been credited with 1,000 or more hours of employment with the Company during the year are eligible to accrue benefits under the Retirement Plan. The Company contributes annually to the Retirement Plan an amount necessary to satisfy the actuarially determined minimum funding requirements in accordance with the Employee Retirement Income Security Act of 1974 ("ERISA").

At the normal retirement age of 65 the plan is designed to provide a life annuity. The retirement benefit provided is equal to 2% of a participant's average monthly compensation based on the average of the three consecutive years

Edgar Filing: PATHFINDER BANCORP INC - Form DEF 14A

during the last 10 years of employment which provides the highest monthly average compensation multiplied by the participant's years of credited service (not to exceed 30 years) to the normal retirement date. Retirement benefits also are payable upon retirement due to early and late retirement. Benefits also are paid from the Retirement Plan upon a Participant's disability or death. A reduced benefit is payable upon early retirement at or after age 60, or the completion of 30 years of service with the Company. Upon termination of employment other than as specified above, a participant who was employed by the Company for a minimum of five years is eligible to receive his or her accrued benefit reduced for early retirement or a deferred retirement benefit commencing on such participant's normal retirement date. Benefits are payable in various annuity forms. At December 31, 2002, the market value of the Retirement Plan trust fund was approximately \$2.5 million. For the plan year ended September 30, 2002, the Company made a contribution of \$380,074 to the Retirement Plan.

The following table indicates the annual retirement benefit that would be payable under the Retirement Plan upon retirement at age 65 in plan year 2002, expressed in the form of a single life annuity for the final average salary and benefit service classification specified below.

200,000 (1) . . . . .	\$60,000	\$80,000	\$100,000	\$120,000

(1) Under Section 401(a)(17) of the Code, the maximum amount of compensation that may be taken into account under the Retirement Plan in the 2002 Plan Year is \$200,000.

As of December 31, 2002, Thomas W. Schneider had 14 years of credited service (i.e., benefit service), and Edward A. Mervine had 1 year of credited service under the Retirement Plan.

EMPLOYEE SAVINGS PLAN. The Company maintains the Employee Savings Plan which is a qualified, tax-exempt profit sharing plan with a cash or deferred feature that is tax-qualified under Section 401(k) of the Internal Revenue Code (the "401(k) Plan"). All employees who have attained age 21 and have completed at least one year of employment during which they worked at least 1,000 hours are eligible to participate.

Participants may contribute, and receive a deduction for, up to 25% of compensation to the 401 (k) Plan. For these purposes, "compensation" includes total compensation (including salary reduction contributions made under the 401(k) Plan or the flexible benefits plan sponsored by the Company), but does not include compensation in excess of \$200,000. The Company, in its discretion, may match participants' salary reduction contributions based upon Company profits for the current fiscal year. All employee contributions and earnings

## Edgar Filing: PATHFINDER BANCORP INC - Form DEF 14A

thereon are fully and immediately vested. All employer matching contributions vest at the rate of 20% per year beginning at the end of a participant's third year of service with the Company until a participant is 100% vested after seven years of service. Participants also will vest in employer matching contributions

10

when they reach the normal retirement age of 65 or later, or upon death or disability regardless of years of service.

Plan benefits will be paid to each participant in a lump sum. At December 31, 2002, the market value of the 401(k) Plan trust fund was approximately \$1.1million. For the plan year ended December 31, 2002, the Company made a contribution in the amount of \$74,000 to the 401(k) Plan Trust of which \$1,405 was contributed on behalf of Mr. Schneider, and \$4,815 was contributed on behalf of Mr. Mervine.

EXECUTIVE SUPPLEMENTAL RETIREMENT INCOME MASTER AGREEMENT. The Company maintains a non-tax-qualified executive supplemental retirement income master agreement (the "Master Agreement") for qualifying executives of the Company. Two executives and the Chairman of the Board are currently eligible to participate in the Master Agreement. The Master Agreement provides a supplemental retirement income benefit in an annual amount equal to highest average compensation received by the executive during any 36 month period while employed by the Company, multiplied by a wage replacement percentage designated in the individual executive's joinder agreement, less the actual annual amount available to the executive from the Company's other tax-qualified or nonqualified plans. Benefits under the Master Agreement are payable to the executive upon the benefit age designated in the individual executive's joinder agreement. Benefits will be payable in monthly installments beginning on the executive's benefit age and continuing for a period of months designated in the individual executive's joinder agreement. Payments to an executive, or to his beneficiary, may be made from the Master Agreement upon the executive's death, total or permanent disability, or termination of service with the Company.

The Master Agreement is considered an unfunded plan for tax and ERISA purposes. All obligations arising under the Master Agreement are payable from the general assets of the Company. During the year ended December 31, 2002, a contribution totaling \$12,258 was made on behalf of Mr. Schneider. No contribution was made on behalf of Mr. Mervine.

STOCK OPTION PLAN. The Pathfinder Bank 1997 Stock Option Plan (the "Stock Option Plan") authorizes the grant of stock options and limited rights to purchase 132,251 shares of Common Stock. The Stock Option Plan authorizes grants of (i) options intended to qualify as "incentive stock options," (ii) options that do not qualify as incentive stock options ("non-statutory options") and (iii) limited rights (described below) that are exercisable only upon a change in control of the Bank (as defined). Non-employee directors are eligible to receive only non-statutory options. No options were granted during the past fiscal year.

Grants may be made by the Board of Directors of the Bank or a stock benefits committee, established by the Bank consisting of at least two non-employee members of the Board of Directors (the "Stock Benefits Committee"). In granting options, the Stock Benefits Committee considers factors such as salary, length of employment with the Bank, and the employee's overall performance. To the extent shares are available under the Stock Option Plan, each newly appointed non-employee director shall receive a stock option grant to purchase 7,500 shares of Common Stock. All stock options are exercisable in six equal annual installments beginning January 24, 1999 and continuing each anniversary date thereafter; provided, however, that all options are 100%

Edgar Filing: PATHFINDER BANCORP INC - Form DEF 14A

exercisable in the event the optionee terminates his service due to normal retirement, death or disability, or in the event of a change in control of the Bank. All options must be exercised within 10 years from the date of grant. Stock options may be exercised up to one year following termination of service or such later period as determined by the Stock Benefits Committee. The exercise price of all options is at least 100% of the fair market value of the underlying Common Stock at the time of the grant. The weighted average option exercise price is \$7.27 per share. The exercise price may be paid in cash or Common Stock. Common Stock issued in connection with the exercise of options may be from treasury shares or authorized but unissued shares, in which case there will be dilution of the Common Stock holdings of existing shareholders.

Incentive stock options may be granted only to employees of the Company or the Bank. Non-employee directors will be granted non-statutory stock options. No stock option granted in connection with the Stock Option Plan will be eligible to be treated as an incentive stock option if it is exercised more than three months after the date on which the optionee ceases to perform services for the Company or the Bank, except that in the event of death or disability, a stock option may be eligible to be treated as an incentive stock option if it is exercised within one year; provided, however, that if an optionee ceases to perform services for the Company or the Bank due to normal retirement or following a change in control (as defined in the Stock Option Plan), any incentive stock options exercised more than three months following the date the optionee ceases to perform services will be treated as a non-statutory stock option as described above.

11

Simultaneously with the grant of any stock option, the Committee may grant a Dividend Equivalent Right with respect to all or some of the shares covered by such stock option. The Dividend Equivalent Right provides the grantee with a separate cash benefit equal to 100% of the amount of any extraordinary dividend on shares of Common Stock subject to a stock option. Under the terms of the Stock Option Plan, an extraordinary dividend is any dividend paid on shares of Common Stock that exceeds the Company's weighted average cost of interest bearing liabilities for the current and preceding three quarters. Upon the payment of an extraordinary dividend, Dividend Equivalent Right will receive at the time the related stock option vests cash or some other payment as determined under the Stock Option Plan, equal to 100% of the extraordinary dividend paid on shares of Common Stock plus any earnings thereon, minus any tax withholding amounts. The Dividend Equivalent Right is transferrable only when the underlying stock option is transferable and under the same conditions.

The Board of Directors may amend, suspend or terminate the Stock Option Plan except that such amendments may not impair awards previously granted. Shareholders of the Company must approve any amendment to the Stock Option Plan that would increase the number of options, decrease an option exercise price, extend the term of the Stock Option Plan or any option, or change the persons or category of persons eligible to be granted options. The exercise of options will have a dilutive effect on the ownership interests of existing shareholders. Further, the exercise of options may render more difficult or discourage a merger, tender offer or other takeover attempt even if such transaction or event would be beneficial to shareholders generally, the assumption of control by a holder of a large block of the Company's securities, a proxy contest or the removal of incumbent management.

RECOGNITION AND RETENTION PLAN. The Board of Directors of the Bank adopted the 1997 Recognition and Retention Plan (the "Recognition Plan") as a method of providing certain employees and non-employee directors of the Bank with a proprietary interest in the Company and the Bank and to provide these individuals with an incentive to increase the value of the Company and the Bank. Under the Recognition Plan, shares of Common Stock have been awarded in the following amounts to Named Executive Officers, executive officers as a group, non-employee directors, and employees as a group.

The Stock Benefits Committee, composed of the non-employee directors of the Bank, administers the Recognition Plan, and makes awards to officers and employees pursuant to the Recognition Plan. Awards to non-employee directors are fixed by the terms of the Recognition Plan. Awards of Common Stock that have not vested under the Recognition Plan ("Restricted Stock") are nontransferable and nonassignable. Participants in the Recognition Plan become vested in shares of Restricted Stock over a six-year period beginning on January 24, 1999; provided, however, that the Stock Benefits Committee may accelerate or extend the vesting rate on any awards made to officers and employees after the effective date of the Recognition Plan. Awards to executive officers and outside directors become fully vested upon termination of employment or service due to normal retirement, death or disability, or following a termination of employment or service in connection with a change in control (as defined therein) of the Company or the Bank. Upon termination of employment or service for any other reason, unvested shares are forfeited. When a participant's Restructured Stock vests, the participant will recognize ordinary income equal to the fair market value of the shares vested, unless the participant previously made an irrevocable election to be taxed on the shares of Restricted Stock awarded to him in the year of the

award. The amount of income recognized by a participant will be a deductible expense of the Company for Federal income tax purposes. A participant is entitled to receive any cash dividends paid on the Restricted Stock both before and after vesting of the Restricted Stock. Stock dividends declared by the Company and paid on Restricted Stock that have not vested are subject to the same restrictions as the Restricted Stock until such shares vest.

The Bylaws of the Company provide an advance notice procedure for certain business, or nominations to the Board of Directors, to be brought before an annual meeting. The notice must include the stockholder's name, record address, and number of shares owned by the stockholder, describe briefly the proposed business, the reasons for bringing the business before the annual meeting, and any material interest of the stockholder in the proposed business. In the case of nominations to the Board, certain information regarding the nominee must be provided. Nothing in this paragraph shall be deemed to require the Company to include in its proxy statement and proxy relating to an annual meeting any stockholder proposal which does not meet all of the requirements for inclusion established by the SEC in effect at the time such proposal is received.
