Pursuant to the Share Exchange Agreement under which we acquired control of Microgy in July 2001, our Board of Directors was enlarged from five to eight members and the three resulting vacancies were filled by designees of the Principal Microgy Shareholders, as defined in the Share Exchange Agreement. Such designees, including replacements or substitutes similarly designated, are referred to as the Microgy Designees. The current Microgy Designees on the Board are Thomas M. Matthews, August Schumacher, Jr., and Jessie J. Knight, Jr.

In connection with the Share Exchange Agreement, EPC, the Principal Microgy Shareholders, Joseph E. Cresci, and Donald A. Livingston entered into a Stockholders' Agreement dated July 23, 2001. Messrs. Cresci and Livingston, referred to in the Stockholders' Agreement as the Majority Stockholders, are directors, officers, and principal stockholders of EPC. The five existing directors as of July 23, 2001, including any replacements or substitutes designated by the majority Stockholders, are referred to as the Incumbent Directors. The Stockholders' Agreement, which terminates on June 30, 2003, provides, among other things, that the parties will take all lawful action, including voting the shares they own or control, to cause the proportion of Microgy Designees to Incumbent Directors to remain at approximately 3:5 and for the election of the Microgy Designees and the Incumbent Directors. There is currently a vacancy among the Incumbent Directors.

EPC's executive officers, who are elected annually by the Board of Directors and serve at the discretion of the Board, are listed in Item 4A of this Report on Form 10-K.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our Officers and Directors, and persons who own more than ten percent of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5), of Common Stock and other equity securities of EPC with the Securities and Exchange Commission, or SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all such forms they file.

We believe, based solely on our review of the copies of forms we have received, or written representations from certain reporting persons, that no additional forms were required for those persons and that our officers, directors and greater than ten-percent beneficial owners complied with all filing requirements applicable to them for 2002, except that Form 3 for Mr. Macartney was filed 5 days late, Form 3s for Messrs. Schumacher, Matthews and Knight were filed 36 days late, a Form 4 for Mr. Cresci reporting a 5,000 share purchase was filed 62 days late and a Form 4 for Mr. Weisberg, reporting options for 10,000 shares granted under the 1993 Directors Option Plan, was filed 5 days late.

Option Exercises and Year-End Value Table: The following table sets forth information regarding the exercise of stock options during 2002 and the number and value of unexercised options held at December 31, 2002 by each Named Executive.

Aggregated Option Exercises in 2002 and 2002 Year-End Option Values

Name	Shares Acquired on Exercise(#)	Value Realized(\$)	Number of Securities Underlying Unexercised Options at December 31, 2002 Exercisable/Unexercisable	Value of Unexercised "In-the-Money" Options at December 31, 2002 Exercisable/Unexercisable(1)
Joseph E. Cresci			0/0	\$0
Donald A. Livingston			0/0	\$0
R. Jeffrey Macartney			0/100,000	\$0/\$0

(1)

Options are "in-the-money" if the fair market value of the underlying securities exceeds the exercise price of the options. Options in the table were not in the money, as the \$0.58 exercise price exceeded \$0.20 per share, the closing price per share on December 31, 2002.

Defined Benefit Pension Plan: Effective January 1, 1998 we established a non-contributory defined benefit pension plan covering all of our employees who are at least 21 years of age and who have completed at least one year of service. Under the Plan, the benefits payable to each employee at normal retirement age 62 are based on years of service and compensation during the three consecutive years of the latest 10 years immediately preceding retirement which would yield the highest monthly benefit payment. Employees who have at least 20 years of service at the time of their retirement would receive the maximum retirement benefit. Our general funding policy is to contribute annually to the Plan the maximum amount that can be deducted for Federal income tax purposes.

Effective January 1, 2003 we amended the Plan to provide that benefits earned after 2002 will accrue at the rate of 1.5% of average compensation (with no cap on service) and will be payable at age 65 rather than age 62. Existing accrued benefits will remain intact. The amended Plan has a two-year waiting period before employees enter the Plan, rather than one year. Employees who join the Plan after two years will be fully vested at that time.

The following table shows the estimated annual pension benefits payable upon retirement to a participant of the Plan for various salary levels and years of service.

Average Annual Compensation	Years of Service			
	10	15	20	25
100,000	15,000	22,500	30,000	37,500
150,000	22,500	33,750	45,000	56,250
200,000	30,000	45,000	60,000	75,000
250,000	30,000	45,000	60,000	75,000

During fiscal year 2002, the maximum amount of annual compensation which may be included for Plan purposes was \$200,000. The figures shown above apply under the Plan as amended. The benefit amounts listed are not subject to any deduction for Social Security or other offset amounts. As a result of limitations imposed under the Federal income tax law, the maximum annual benefit payable under the Plan for the fiscal year ending December 31, 2002 is \$160,000, although the amount will be actuarially adjusted in accordance with Federal income tax regulations if payments commence prior to or following the date that unreduced Social Security benefits become payable. As of December 31, 2002, Messrs. Cresci and Livingston each had twenty years of credited service under the Plan.

Edgar Filing: ENVIRONMENTAL POWER CORP - Form 10-K/A

While not party to a formal Employment Agreement, in April 2002 EPC and Mr. Macartney executed summary terms of employment of Mr. Macartney as Chief Financial Officer of EPC. Under such terms, Mr. Macartney receives a base salary of \$160,000 annually, subject to discretionary salary increases and annual discretionary bonuses determined by the Chief Executive Officer. Mr. Macartney received a 100,000 share option grant in May 2002 upon election as CFO and is eligible for an annual discretionary option grant to be determined by the CEO. EPC provides a leased vehicle for Mr. Macartney's use. Mr. Macartney is an at-will employee. However, in the event Mr. Macartney's employment is terminated as a result of a new CEO hiring a new CFO, Mr. Macartney will receive one year's severance and benefits, including health coverage and use of the company leased vehicle for one year. Mr. Macartney would then also be granted an additional 100,000 options to purchase common stock. All 200,000 options granted would become immediately vested and would remain exercisable based on the dates in the stock option agreements. In the event Mr. Macartney's employment is terminated for any other reason, he will receive six months severance and benefits, including but not limited to health coverage and use of the company leased vehicle for six months. The existing 100,000 options would become immediately vested and be exercisable based on the dates in the stock option agreement.

Compensation of Directors

Each director of EPC who is not an officer or employee of EPC receives \$2,000, plus expenses, for each scheduled meeting of the Board of Directors or non-coincident meeting of a board committee which he or she attends. Additionally, each non-employee director may receive option grants under our 1993 Director Option Plan: 40,000 options on the first anniversary of service and 10,000 options on subsequent anniversaries. The 1993 Director Option Plan will expire on July 13, 2003. Under our 2002 Director Option Plan each non-employee director first elected on or after July 25, 2002, the date of our 2002 Annual Meeting, receives 50,000 options on the date of such first election or appointment. In addition, regardless of when first elected, each non-employee director will receive a grant of 50,000 options on each anniversary date of such director's election or appointment. A grant under the 1993 Director Option Plan within twelve months prior to a grant under the 2002 Director Stock Option Plan will reduce such grant under the 2002 Director Option Plan.

During 2002, Messrs. Blampied and Weisberg each received option grants under our 1993 Director Option Plan to purchase 10,000 shares which are exercisable at per share prices of \$0.65 and \$0.62 respectively, based on the market prices of the Common Stock on their anniversary dates of becoming directors. Messrs. Knight, Matthews, and Schumacher each received option grants under the new 2002 Director Option Plan to purchase 50,000 shares which are exercisable at the per share price of \$0.40.

Furthermore, Mr. Schumacher received a grant of 50,000 options under our 2001 Stock Incentive Plan in recognition of his especially valuable contributions as a Director in the development of Microgy, which are exercisable at the per share price of \$0.20.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of Jessie Knight, Jr., August Schumacher, Jr., and Robert Weisberg. No member of the Compensation Committee is now an officer or an employee of EPC or any of its subsidiaries or has been at any time an officer or employee of EPC or any of its subsidiaries. Mr. Weisberg is a principal of Alco Financial Services, LLC, which is a lender to EPC. The loan transaction with Alco is described in Item 13 below.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 1993 and 1995, Messrs. Cresci and Livingston exercised options to purchase shares of the Company's Common Stock. As payment for the exercise price of these stock options, EPC accepted promissory notes payable upon our demand from Messrs. Cresci and Livingston aggregating \$332,875 and \$428,281, respectively. In 2000, EPC asked that a portion of these notes be repaid using the proceeds from bonuses due to concerns about ongoing cash requirements. In April 2001, the Company received \$1,500,000 pursuant to a settlement of the Sunnyside litigation and Messrs. Cresci and Livingston were allowed to each borrow \$100,000. As of December 31, 2002, Messrs. Cresci and Livingston had aggregate balances due to EPC of \$186,875 and \$410,498, respectively under these notes and loans. Interest on these notes and loans, which is payable monthly at the Applicable Federal Rate, amounted to \$14,919 in the aggregate during 2002 and has been fully collected from Messrs. Cresci and Livingston.

In September 1997, Mr. Weisberg exercised options to purchase 80,000 shares of the Company's Common Stock. As payment for the exercise price of these stock options, we accepted a promissory note which is payable upon our demand from Mr. Weisberg in the amount of \$48,575. Interest on this note, which is payable quarterly at the Applicable Federal Rate, amounted to \$1,213 in 2002 and has been fully collected from Mr. Weisberg.

On September 14, 2001, we borrowed \$750,000 from Alco Financial Services, LLC ("Alco"). Robert Weisberg, a Director of Environmental Power, Corp. is the President, Director and a member of Alco. The loan is evidenced by a promissory note that bears interest at the prime rate plus 3.5%. We also pay an administrative fee of 0.6% per month and paid a commitment fee of \$7,500 to secure the loan. The

presented in this annual report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

5.

The registrant's other certifying officer and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):

all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6.

The registrant's other certifying officer and I have indicated in this annual report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
