TITAN MACHINERY INC.

Annual Meeting of Stockholders

June 3, 2008

PROXY STATEMENT

INTRODUCTION

Your proxy is solicited by the Board of Directors of Titan Machinery Inc. (the "Company") for the Annual Meeting of Stockholders to be held on June 3, 2008, at the location and for the purposes set forth in the Notice of Meeting, and at any adjournment or postponement thereof.

The cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of the Company's Common Stock, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

You may vote your shares by mail by following the instructions on the enclosed proxy or you may vote your shares in person by attending the Annual Meeting. If your shares are held in "street name," you must instruct the record holder of your shares in order to vote.

Any stockholder giving a proxy may revoke it at any time prior to its use at the meeting by giving written notice of such revocation to the Secretary of the Company or by attending and voting at the meeting. Proxies not revoked will be voted in accordance with the choice specified by stockholders by means of the ballot provided on the Proxy for that purpose. Proxies that are signed but that lack any such specification will, subject to the following, be voted in favor of the proposals set forth in the Notice of Meeting and in favor of the number and slate of directors proposed by the Board of Directors and listed herein. If a stockholder abstains from voting as to any matter, then the shares held by such stockholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal will have the same effect as votes against such proposal. If a broker returns a "non-vote" proxy, indicating a lack of voting instructions by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote proxy shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter.

The mailing address of the principal executive offices of the Company is Titan Machinery Inc., 4876 Rocking Horse Circle, Fargo, North Dakota 58104-6049. The Company expects that this Proxy Statement, the related proxy and Notice of Meeting will first be mailed to stockholders on or about May 1, 2008.

The Board of Directors of the Company has fixed April 10, 2008 as the record date for determining stockholders entitled to vote at the Annual Meeting. At the close of business on April 10, 2008, 13,443,810 shares of the Company's Common Stock were issued and outstanding. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In the following Compensation Discussion and Analysis, we describe the material elements of the compensation awarded to, earned by or paid to David J. Meyer, our Chief Executive Officer, Peter Christianson, our President and Chief Financial Officer, and Ted Christianson, our Vice President, Finance and Treasurer, in fiscal 2008. In this proxy statement, we refer to Messrs. Meyer, Peter Christianson and Ted Christianson as our "named executive officers."

Compensation Objectives and Philosophy

We have designed our compensation programs to reward performance and to attract, retain and motivate employees at all levels. Our goal is to establish pay levels for our named executive officers that are competitive with comparable positions in our industry and in the regions in which we operate. We believe the following:

There should be an appropriate relationship between executive compensation and our short-and long-term success, including creation of stockholder value.

Our overall compensation philosophy is that rewards to executives should reflect and reinforce our company-wide focus on financial management and bottom-line performance. We use annual cash incentives to motivate executives to achieve both short- and long-term interests. Incentives are available to executives under our management incentive program for annual achievement of company-wide quantitative financial goals. This approach increases the likelihood that we will experience sustained profitability and generate greater stockholder value over time.

Our compensation program should be designed and implemented in a manner that will attract, retain and motivate executives of outstanding ability.

We intend for the amount of compensation paid to each executive officer to reflect the officer's experience and individual performance and the performance of our company, all measured in the context of our industry and location. Our objectives are to attract, retain and motivate executives of outstanding ability. In order to motivate each executive to achieve his potential, certain components of our total compensation package are dependent on corporate and individual performance and are therefore at risk. Generally, as an executive officer's responsibility and ability to impact our financial performance increases, the individual's performance-based compensation increases as a portion of his total compensation. Ultimately, executives with greater roles and responsibilities associated with achieving our performance targets should bear a greater proportion of the risk if those goals are not achieved and should receive a greater proportion of the reward if the goals are met or surpassed.

Total compensation opportunities should be competitive within the industry and other comparable companies but also consistent with our conservative and prudent approach to executive compensation.

Our overall compensation levels are targeted to attract the type of talent needed to achieve and maintain a leadership position in our industry, while still focusing on bottom-line conservatism and avoiding the appearance of extravagance or compensation based on entitlements. Our Compensation Committee recently evaluated surveys of compensation levels to ensure that our executive officer compensation was comparable to companies of similar size in the Minneapolis and Fargo markets.

Compensation Committee

Our Compensation Committee oversees the design and administration of our executive compensation program according to the processes and procedures discussed in this proxy statement. To implement our compensation objectives and philosophy, our Board and Compensation Committee:

consider individual performance, competence and leadership when setting base compensation, but focus our incentive cash compensation program on company-specific financial and business improvement goals to promote a cohesive, performance-focused culture among our executive team;

compare our compensation programs with the executive compensation policies, practices and levels at comparable companies in the Fargo and Minneapolis markets and companies in our industry selected for comparison by our Compensation Committee, based upon size, complexity and growth profile; and

structure compensation among the executive officers so that our Chief Executive Officer and President, with their greater responsibilities for achieving performance and strategic objectives, bear a greater proportion of the risk and rewards associated with achieving those goals by receiving a relatively large percentage of their total compensation in the form of cash-based incentives.

Setting Executive Compensation

The Compensation Committee selects the elements of executive compensation and determines the level of each element, the mix among the elements and total compensation based upon the objectives and philosophies set forth above, and by considering a number of factors, including:

each executive's position within our company and the level of responsibility;

the skills and experiences required by an executive's position;

the executive's experience and qualifications;

the competitive environment for comparable executive talent having similar experience, skills and responsibilities;

company performance compared to specific objectives;

individual performance measures;

the executive's current and historical compensation levels;

the executive's length of service to our company;

compensation equity and consistency across all executive positions; and

the stock ownership of each executive.

Edgar Filing: Titan Machinery Inc. - Form DEFR14A

As a means of assessing the competitive market for executive talent, we review competitive compensation data gathered in comparative third-party surveys that we believe to be relevant, considering our size and industry. For fiscal 2008, we used an executive compensation assessment prepared for us by the Economic Research Institute. The assessment provided comparative compensation information for executive officer salaries at companies with comparable size, sales and growth levels to us in the Minneapolis and Fargo markets. The Economic Research Institute does not identify the companies utilized in the assessment. Our Compensation Committee reviewed the assessment to assist it in setting fiscal 2008 base salary and short-term cash incentive compensation for our executive officers. Our executive officer compensation falls within the bottom quartile range of compensation levels at comparable companies. Our relatively low executive compensation is balanced,

Edgar Filing: Titan Machinery Inc. - Form DEFR14A

in part, by the significant share holdings of Mr. Meyer and Mr. Peter Christianson, each of whom has the potential to be rewarded by our growth and bears the risk of our failure to grow. For this reason we have also not historically provided these executives with significant long-term incentive compensation.

The survey data is only one factor in the committee's overall compensation decision-making process and is not used as a stand-alone benchmarking tool.

Our compensation structure is designed so that our Chief Executive Officer evaluates the performance of each executive and works with the Compensation Committee to recommend the compensation for our executive officers. Mr. Meyer was a member of our Compensation Committee during fiscal 2007, but ceased to be a member in August 2007. Our Compensation Committee has the absolute authority to adjust Mr. Meyer's recommendations after evaluating all information that the Compensation Committee believes is relevant in implementing the principles for our compensation programs. Mr. Meyer does not give recommendations regarding his own salary or performance.

In setting executive officer compensation, we have not historically considered the tax implications under Sections 162(m) and 409A of the Internal Revenue Code or compensation expense charges under FASB Statement 123(R), but may implement consideration of such tax implications when making future compensation decisions.

Section 162(m) of the Internal Revenue Code restricts the ability of publicly held companies to take a federal income tax deduction for compensation paid to certain of their executive officers to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. However, this limitation does not apply, among other things, to compensation that is performance-based. We do not anticipate that the non-performance-based compensation to be paid to our executive officers for fiscal 2009 will exceed that limit.

On October 22, 2004, the American Jobs Creation Act of 2004 became law, implementing Section 409A of the Internal Revenue Code and changing the tax rules applicable to nonqualified deferred compensation arrangements, including certain severance arrangements. We have taken steps to bring our non-qualified deferred compensation plans into good faith compliance with the statutory provisions as currently in effect.

Executive Compensation Components for 2008

The principal elements of our executive compensation program for 2008 were:

base salary;

annual cash incentive compensation;

stock option awards; and

limited perquisites and other benefits made generally available to our employees.

In allocating compensation across these elements, the Compensation Committee does not follow any strict policy or guidelines. However, consistent with the general compensation objectives and philosophies outlined above, the Compensation Committee seeks to place a meaningful percentage of an executive's compensation at risk, subject to achievement of specific performance objectives and long-term equity value creation. In addition, the committee generally places a greater proportion of total compensation at risk for our Chief Executive Officer and President, based on their greater responsibility for, and ability to influence, overall company performance.

Base Salary

Base salary provides executives with a fixed, regular, non-contingent earnings stream. As a component of total compensation, we generally set base salaries at levels believed to attract and retain an experienced management team in our market that will grow our company and create stockholder value. We also attempt to reward individual performance and contributions to our overall business objectives without detracting from the executive officers' incentive to realize additional compensation through our performance-based compensation program. When setting base salary, we consider pre-tax profit levels, increases in market share, inventory turns, process and system development goals, organic growth rate and growth through consolidation and acquisition, parts and service revenue as a percentage of revenue excluding variable selling expenses, and over-aged interest bearing inventory as a percentage of previous year's revenue. The Compensation Committee reviews each executive officer's salary at the end of each fiscal year.

We review performance for both our company (based upon achievement of strategic initiatives) and each executive officer. As a result of the committee's evaluation of these factors, the Committee may adjust base salaries to better align individual compensation with comparative market compensation, to provide merit-based increases based upon individual or company achievement, or to account for changes in roles and responsibilities.

Effective June 6, 2007, we increased the base salaries of Mr. Meyer and Mr. Peter Christianson to \$250,000 and, effective April 1, 2007, we increased the base salary of Mr. Ted Christianson to \$155,000. The base salary increases for named executive officers were attributable primarily to a realigning market adjustment based on our survey of comparably sized companies in the Minneapolis and Fargo markets, our entry into employment agreements with Mr. Meyer and Mr. Peter Christianson and the fact that we are now a publicly-traded company.

Short-Term Incentive Compensation

Short-term incentive compensation in the form of annual cash bonuses is a significant component of our compensation program. When setting bonus payouts for our named executive officers in fiscal 2008, the Compensation Committee established pre-determined quantitative goals based upon our pre-tax net income, total sales and return on assets. In determining the achievement of our pre-tax, net income goals, the Compensation Committee adjusted pre-tax, net income to exclude \$3,823,574 of one-time debt retirement costs related to our initial public offering and \$1,255,000 of short-term incentive compensation expense. We define return on assets as our pre-tax net income (adjusted for the one-time debt retirement costs related to our initial public offering and the short-term incentive compensation expense described above) divided by our monthly average total assets (adjusted for fiscal 2008 to exclude non-interest bearing whole goods inventory and cash received from our initial public offering). The Compensation Committee set these goals at the beginning of the fiscal year and adjusted them during the fiscal year as we made acquisitions and new stores were incorporated into our company. Under our 2008 Executive Bonus Plan, based upon their respective positions and levels of responsibility, Mr. Meyer and Mr. Peter Christianson were each eligible for a cash bonus of up to 200% of their annual base salary, and Mr. Ted Christianson was eligible for a cash bonus of up to 70% of his annual base salary. The plan provides that 40% of the eligible bonus was based upon achievement of the Company's pre-tax net income goal, 20% was based on achievement of the Company's total sales goal and 20% was based on the Company's return on assets goal. The remaining 20% of the eligible bonus was based on achievement of personal position-specific goals set by each officer in consultation with the Compensation Committee. Bonuses were paid 100% in cash. The following table sets forth the pre-tax net income goals, the total sales goals and the return on assets

Edgar Filing: Titan Machinery Inc. - Form DEFR14A

goals established by the compensation committee and the percentage of the maximum bonus payable at each level:

Pre-tax Net Income

Pre-tax Net Income Goal	% of Maximum Bonus Payable
\$ 6,840,061	25
\$ 9,120,081	50
\$11,400,101	100

Based upon our actual pre-tax adjusted net income of \$14,401,272, we paid each of our named executive officers 100% of the maximum cash bonus for which he was eligible based on achievement of that goal.

Total Sales

Total Sales Goal	% of Maximum Bonus Payable
\$323,472,416	25
\$359,413,796	50
\$449,267,245	100

Based upon our actual total sales of \$432,971,211, we paid each of our named executive officers 90.95% of the maximum cash bonus for which we was eligible based on achievement of that goal.

Return on Assets

Return on Assets Goal	% of Maximum Bonus Payable
10.25%	25
10.75%	50
11.25%	100

Based upon our actual return on assets of 16.06%, we paid each of our named executive officers 100% of the maximum cash bonus for which he was eligible based on achievement of that goal.

Stock Option Awards

With the exception of one grant made in each of fiscal 2007 and fiscal 2008 to Mr. Ted Christianson and grants made to Messrs. Meyer and Peter Christianson in fiscal 2008 in connection with our initial public offering, we have not historically granted stock options as a meaningful component of our executive compensation program. All grants have been made pursuant to our 2005 Equity Incentive Plan, which is administered by our Compensation Committee. Options grants made under our plan have an exercise price equal to the fair market value of our common stock on the date of the grant and typically vest over a six-year period. All stock options granted to our executive officers are incentive stock options, to the extent permissible under the Internal Revenue Code of 1986. Consistent with our compensation philosophies related to performance-based compensation, long-term stockholder value creation and alignment of executive interests with those of stockholders, we may make future grants of long-term compensation in the form of stock options or restricted stock grants to our executive officers.

We may implement stock option or restricted stock grants as a meaningful component of our compensation program because we believe they offer the incentives necessary to retain our executive officers, motivate them to enhance overall enterprise value and provide an incentive for them to remain employed by us during the vesting periods. If we determine to grant stock options or restricted stock as

a meaningful component of our compensation program, we will grant such stock options or restricted stock on a performance basis. From time to time we may make one-time grants to recognize promotion or consistent long-term contribution, or for specific incentive purposes. We may also make grants in connection with the hiring of new executives. The Compensation Committee will have the authority to administer any equity incentive plan under which we make equity or equity-based awards. We have not adopted any formal policy with respect to stock option grants but may do so in the future if stock options become a more meaningful component of our compensation program.

Although we do not have any stock retention or ownership guidelines, our Board of Directors and Compensation Committee intend to encourage our executives to continue to have a financial stake in our company in order to align the interests of our stockholders and management. We will continue to evaluate whether to implement a stock ownership policy for our officers and directors.

Perquisites and Other Benefits

Consistent with our conservative compensation philosophy, we offer only limited perquisites to our executive officers. We provide each of Mr. Meyer and Mr. Peter Christianson with an automobile primarily used for business purposes. All of our executive officers are eligible for the same insurance, vacation and other benefits at the same levels provided to all of our employees.

Employment Agreements

On November 16, 2007, we entered into employment agreements with David Meyer to serve as our Chief Executive Officer and Peter Christianson to serve as our President and Chief Financial Officer. Each agreement has an initial term that commenced upon the consummation of our initial public offering, and expires on January 31, 2014, subject to earlier termination, as described below. Pursuant to the agreements, Messrs. Meyer and Christianson are each paid a base salary of \$250,000 per year, subject to annual review and adjustment by our Compensation Committee. Messrs. Meyer and Christianson are also eligible for an incentive bonus of up to 200% of their base salary pursuant to terms, conditions and annual objectives established by our Compensation Committee. Each agreement further provides that Messrs. Meyer and Christianson are eligible to participate in any employee benefit plans and programs generally available to our other executive officers. We also granted options to acquire 100,000 shares of common stock to each of Messrs. Meyer and Christianson effective upon the completion of our initial public offering.

The agreements with Messrs. Meyer and Christianson each contain a restrictive covenant prohibiting them from owning, operating or being employed by competing agricultural or construction equipment stores during their employment with us and for 24 months following termination of their employment with us. Each agreement is terminable by either us or Messrs. Meyer and Christianson at any time for any reason. If Messrs. Meyer or Christianson is terminated by us without cause prior to the expiration of the term or if they resign for good reason, we are obligated to pay severance in an amount equal to two times the sum of the annual base salary then in effect, which would be \$500,000 in the first year of the term, plus the annual incentive bonus last paid prior to the termination. These severance payments would be made in equal monthly installments, which would be \$25,000 if such termination occurred in fiscal 2009. If this termination occurs we would also be required to allow Mr. Meyer or Mr. Christianson to continue to participate in our group medical and dental plans at our expense for a period of 24 months. In order to receive the severance and continued benefits, each officer would be required to sign a release of claims against us, fulfill his non-competition obligations, cooperate with transitioning his duties and execute a non-disparagement agreement with us. We arrived at these terms based on the advice and experience of our advisors and directors, including their knowledge of practices and agreements at public companies. However, with respect to the amounts of compensation payable under these agreements, we considered the Economic Research Institute report, which does not identify the companies utilized in the assessment.

Compensation Committee Interlocks and Insider Participation

During fiscal 2008, our Compensation Committee consisted of Gordon Paul Anderson, James Irwin and David Meyer. As of August 2007, David Meyer, our Chief Executive Officer, no longer serves on our Compensation Committee because he is not considered an independent director under Nasdaq Global Market listing standards. None of our current Compensation Committee members has any related party transaction relationship with our company of a type that is required to be disclosed under Item 404 of Regulation S-K. None of our executive officers has served as a member of the Board of Directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our Board of Directors or Compensation Committee during fiscal year 2008.

Our non-employee directors receive cash and restricted stock grants as compensation for their services as directors pursuant to our Non-Employee Director Compensation Plan. Effective upon completion of our initial public offering in December 2007, our employee directors do not receive additional compensation for their services as directors. All of our directors are reimbursed for their reasonable expenses in attending Board and committee meetings.

Stock Ownership/Retention Guidelines and Other Policies

We do not have any stock ownership guidelines or a stock retention policy. Our insider trading policy prohibits the trading of Titan Machinery securities on a short-term basis and requires that any Titan Machinery stock purchased in the open market be held for a minimum of six months. This policy also states that employees should not "margin" or "sell short" Titan Machinery stock, or buy or sell put or call options on Titan Machinery stock.

Conclusion

We have concluded that the base salary, annual bonus and long-term incentives for each of the named executive officers, as well as the total compensation received by those executives, in fiscal 2008 are reasonable and appropriate in light of our goals and competitive requirements. The amounts are in the best interests of Titan Machinery and its stockholders because they enable us to attract, retain, motivate and fairly reward talent and further the philosophies of ensuring the accomplishment of our financial objectives and aligning the interests of management with those of long-term stockholders.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Described below are transactions and series of similar transactions that have occurred this fiscal year or during each of our last three fiscal years to which we were a party or are a party in which:

the amounts involved exceeded or will exceed \$120,000; and

a director, executive officer, beneficial owner of more than five percent of any class of our voting securities or any member of their immediate family had or will have a direct or indirect material interest.

Shareholder Rights Agreement

On April 7, 2003, as amended January 31, 2006, we entered into a shareholder rights agreement with David Meyer, our Chairman and Chief Executive Officer, Adam Smith Companies, LLP (a company owned by Tony Christianson, one of our directors, and his family trust), C.I. Farm Power, Inc. (an entity affiliated by common ownership with Peter Christianson, our President and Chief Financial Officer, and of which Mr. Christianson was one of the founders), CNH Capital America, LLC and holders of our previously outstanding Series A and Series B Preferred Stock that provides, among other things, piggyback registration rights for the stockholders who are parties to the agreement in the event of certain registrations of our securities, but not including, among other things, registrations in connection with an initial public offering or registrations on Form S-8. These registration rights continue for a period of three years following our recently completed initial public offering, subject to the availability of Rule 144 for any shares held by the parties to the agreement.

Loan Facility Agreement

We entered into a ten-year Loan Facility Agreement with Mr. Meyer and C.I. Farm Power under which Mr. Meyer, in his discretion, may have borrowed up to \$2.0 million and C.I. Farm Power, in its discretion, may have borrowed up to \$500,000 from us, under certain conditions. Any loans made under the agreement would have been made pursuant to notes that accrued interest at the same rate as our senior secured lending facility and would have been due on December 31, 2017 (or earlier upon the occurrence of certain events, including a sale of our company or an initial public offering). Such notes would have been non-recourse, but secured by a pledge of all of our securities held by Mr. Meyer and C.I. Farm Power (with an agreed value of \$2.50 per share of common stock, and debentures or notes valued at the outstanding amount owed). During fiscal 2006, 2007 and 2008, there were no amounts of principal outstanding to either Mr. Meyer or C.I. Farm Power under this lending agreement. For fiscal 2006, 2007 and 2008 there were no amounts paid by either Mr. Meyer or C.I. Farm Power in principal or interest. The parties terminated this Loan Facility Agreement upon the consummation of our initial public offering on December 11, 2007.

Personal Guaranties

Mr. Meyer provides personal guaranties of all amounts that we owe under the following credit facilities: our credit facility with Bremer Bank, N.A., pursuant to which Bremer Bank provides us with a \$2.0 million floorplan line of credit, a \$12.0 million operating line of credit, and an \$10.0 million term loan; and our credit facility with GE Commercial Distribution Finance Corporation, pursuant to which GE may make loans to us from time to time to purchase inventory from GE approved vendors and for other working capital purposes, up to \$5.0 million.

Leases

We lease real estate for 25 of our 39 stores from entities affiliated with Messrs. Meyer, Tony Christianson and/or Peter Christianson. We lease three dealership sites from Meyer Family Limited

Edgar Filing: Titan Machinery Inc. - Form DEFR14A

Partnership, for which Mr. Meyer serves as general partner and of which certain members of Mr. Meyer's immediate family are limited partners; 20 dealership sites from Dealer Sites, LLC, an entity affiliated by common ownership with Mr. Meyer and Tony Christianson, who collectively owned 40% of Dealer Sites, LLC as of January 31, 2007, and for which Ted Christianson, our Vice President, Finance and Treasurer, serves as president and Mr. Meyer serves as an officer; one dealership site from Padre Partnership, an entity affiliated by common ownership with Peter Christianson, who is also the general partner; and one dealership site from Landco LLC, an entity affiliated by common ownership with Peter Christianson and Mr. Meyer.

Since fiscal 2005 through the end of the respective lease terms, the aggregate amount of all periodic payments or installments made or due, including any required or optional payments due at the conclusion of the respective leases, are as follows:

Lessor	Period	Aggregate Payments Made or Due
Meyer Family Limited Partnership	Fiscal 2006	\$ 304,100
	Fiscal 2007	\$ 304,100
	Fiscal 2008	\$ 264,000
Dealer Sites	Fiscal 2006	\$ 595,440
	Fiscal 2007	\$ 940,988
	Fiscal 2008	\$ 1,823,032
	Fiscal 2009, through December 31, 2022	\$ 33,928,267

	Fiscal 2008, through August 31, 2007	\$ 57,750
Padre Partnership	Fiscal 2006	\$ 96,000
	Fiscal 2007	\$ 96,000
	Fiscal 2008	\$ 96,000
	Fiscal 2009, through October 1, 2008	\$ 64,000
Landco	Fiscal 2007	\$ 20,000
	Fiscal 2008	\$ 172,500
	Fiscal 2009, through August 31, 2008	\$ 45,500

We intend for the terms of all of our leases to be commercially reasonable. We do not believe the terms of our leases with entities affiliated with Mr. Meyer, Tony Christianson and Peter Christianson are any less favorable to us than could be obtained in an arm's length transaction with an unrelated party.

Policies and Procedures for Related Party Transactions

Our Audit Committee charter requires our Audit Committee to review and approve in advance any related party transaction of the type required to be disclosed by Item 404 of Regulation S-K. All of our directors, officers and employees are required to report to our Audit Committee any related party transaction (as defined by applicable rules and regulations of the Securities and Exchange Commission and the Nasdaq Global Market) prior to its completion. Our Board of Directors reviewed all of the transactions described above, but we did not have a formal policy in place for the approval of such transactions. We do not believe the terms of any of the transactions and agreements described above are any less favorable to us than could be obtained in an arm's length transaction with an unrelated party.

During fiscal year 2008, the Audit Committee approved all audit and non-audit services provided to the Company by the Company's Independent Accounting Firm prior to management engaging the Independent Accounting Firm for that purpose. The Committee's current practice is to consider for pre-approval annually all audit and non-audit services proposed to be provided by the Independent Accounting Firm. In making its recommendation to appoint Eide Bailly LLP as the Company's Independent Accounting Firm, the Audit Committee has considered whether the provision of the non-audit services rendered by Eide Bailly LLP is compatible with maintaining that firm's independence and has determined that such services are compatible with maintaining Eide Bailly LLP's independence.

**CHARTER FOR THE
AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS OF
TITAN MACHINERY INC.**

I. PURPOSE

The Board of Directors (the "Board") of Titan Machinery Inc. (the "Company") has adopted this charter to govern the operation of the Audit Committee (the "Committee"). The Committee shall provide assistance to the Board of Directors in fulfilling the Board's oversight responsibility to the Company's shareholders and other constituents with respect to the quality of the accounting and financial reporting processes of the Company, the audits of the financial statements of the Company and the Board's monitoring of (i) the integrity of the financial statements of the Company; (ii) the independent auditors' qualifications and independence; (iii) the performance of the independent auditors; and (iv) the Company's internal controls and disclosure procedures.

It is the responsibility of the Committee to develop and maintain free and open communication between the directors, the independent auditors, and the financial management of the Company and to ensure that the independent auditors are accountable to both the Committee and the Board.

II. ORGANIZATION

The Committee shall be comprised of three directors, as determined and elected by the Board. The Board may replace a Committee member at any time. Each Committee member shall be an "independent director," as such term is defined in the NASDAQ rules, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. In addition, each member of the Committee must satisfy the requirements for independence set forth in the rules and regulations of the Securities and Exchange Commission (the "SEC"), including those issued pursuant to Rule 10A-3 of the Securities Exchange Act of 1934, as amended. All Committee members must be able to read and understand financial statements, including a balance sheet, income statement and cash flow statement, at the time of their appointment to the Committee. No Committee member shall have participated in the preparation of the Company's financial statements at any time during the prior three years. At least one member of the Committee shall be a "financial expert," as such term is defined under the rules and regulations of the SEC.

III. COMMITTEE RESOURCES

In discharging its duties, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company. The Committee may retain independent consultants, counsel, and other advisors it considers necessary to fulfill its responsibilities. The selection, retention, and termination of such personnel shall be at the sole discretion of the Committee. The Company shall provide appropriate funds in order to pay the fees of (i) any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or preparing other audit, review or attest services for the Company, (ii) any consultants, counsel or other advisors hired by the Committee, and (iii) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

IV. COMMITTEE OPERATION

The Committee shall meet at least on a quarterly basis (four times) per year. The Committee may meet in person or by means of telephone conference call, and may also act by means of unanimous

written consent. A majority of the Committee members shall constitute a quorum. Actions at meetings may be approved by a majority of Committee members present, so long as there is a quorum.

V. LIMITATION OF AUDIT COMMITTEE'S ROLE

5. **Evaluation of Auditors.** The Committee shall, no less than annually, evaluate the independent auditors. The Committee shall review the rotation of the independent auditors' partners in accordance with applicable regulations, and review the performance and qualifications of the independent auditors and discharge the independent auditors when circumstances warrant. The Committee shall oversee practices regarding hiring former employees of the independent auditors.
6. **Annual Report from Independent Auditors.** The Committee shall receive and review, at least annually, a report from the independent auditors discussing (i) all relationships between the independent auditors and the Company consistent with Independence Standards Board Standard Number 1; (ii) the audit firm's internal quality-control procedures; and (iii) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or any inquiry or investigation by governmental or professional authorities within the preceding five years with respect to independent audits carried out by the firm, and any steps taken to deal with any such issues. The Committee shall actively engage in a dialogue with the independent auditors with respect to any

disclosed relationships or services that may impact the objectivity and independence of the auditor. If necessary, the Committee shall take, or recommend that the Board take, appropriate action with respect to the independence of the auditors or other information disclosed in the auditors' annual report.

7.

Non-Audit Services. Neither the Committee nor the Board shall approve, and the independent auditors shall not provide to the Company, the following non-audit services, or any other non-audit services prohibited by SEC rules and regulations, if such services are to be provided contemporaneously with an audit of the Company: bookkeeping services; financial information systems design and implementation services; appraisal or valuation services; fairness opinions; contribution-in-kind reports; actuarial services; internal audit outsourcing services; management functions or human resources; broker/dealer, investment adviser or investment banking services; legal services; and expert services unrelated to the audit.

B.

Adequacy of Internal Controls. The Committee shall, at least annually, discuss with management and the independent auditors the adequacy and effectiveness of the Company's internal accounting and financial controls, and elicit any recommendations for the improvement of the internal control procedures or particular areas where new or more detailed controls or procedures are desirable.

2.

Complaints. The Committee shall establish and maintain procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls and auditing matters. These procedures shall allow employees to submit concerns regarding questionable accounting and auditing matters on a confidential, anonymous basis.

C.

Financial Statement and Disclosure Matters

Annual Report. The Committee shall discuss with management and the independent auditors the Company's Annual Report on Form 10-K, and in particular the financial statements to be included therein and the disclosures made in the management's discussion and analysis section. The Committee shall annually report to the Board whether the Committee recommends inclusion of the financial statements in the Company's Annual Report and Form 10-K.

Interim Reports. The Committee shall discuss with management and the independent auditors each Form 10-Q, and in particular the financial statements to be included therein and the disclosures made in the management's discussion and analysis section.

3.

Financial Information Disclosure. The Committee shall review with management and the independent auditors earnings press releases.

4.

Proxy Report. The Committee shall review the Company's annual proxy statement and prepare the Report of the Audit Committee that SEC rules require be included in the proxy statement.

New Requirements. The Committee shall discuss with management and the independent auditors any new accounting and financial requirements, as well as other current developments in accounting principles, auditing standards, independence standards or reporting practices.

6.

Significant Reporting Issues. The Committee shall discuss with management and the independent auditors, both separately and together, significant financial reporting issues

arising in connection with the preparation of the Company's financial statements, including (i) any significant changes in the Company's accounting policies or procedures; (ii) any judgments made that significantly affected the financial results; (iii) the nature of any unusual or significant commitments or contingent liabilities, including the assumptions underlying such liabilities; and (iv) any major issues as to the adequacy of the Company's internal controls.
