ACTION 1 AMENDMENT TO THE 2011 EQUITY INCENTIVE PLAN

Proposal and Background Information

The Radius Health, Inc. 2011 Equity Incentive Plan, or the 2011 Plan, was initially adopted by the Board on November 7, 2011 and approved by the Company's stockholders on November 18, 2011. In connection with the adoption and approval of the 2011 Plan, the Company ceased making awards under the Radius Health, Inc. 2003 Long-Term Incentive Plan, or the 2003 Plan, which is referred to as the "suspension" of the 2003 Plan, as of November 7, 2011. No new awards may be granted under the 2003 Plan, but awards outstanding at the time of suspension remain outstanding in accordance with their terms.

On February 16, 2014, the Board approved the Plan Amendment, which increased the maximum number of shares of Common Stock that may be issued under the 2011 Plan to 9,700,000, an increase of 2,623,618 shares. On February 24, 2014, the holders of the requisite number of shares of our capital stock approved the Plan Amendment by written consent effective as of the expiration of the 20-day period commencing on the date of mailing of this Information Statement to our stockholders as required under Rule 14c-2 under the Exchange Act. The number of shares of Common Stock in this section do not reflect the impact of the Reverse Stock Split described below in Action 2.

The total number of shares reserved for issuance under the 2011 Plan after giving effect to the Plan Amendment equals the sum of: (a) 8,380,019 shares and (b) any shares of Common Stock that as of the November 7, 2011 were available for issuance under the 2003 Plan or subject to awards under the 2003 Plan which are forfeited or lapse unexercised and which are not issued under the 2003 Plan, subject to a maximum aggregate number of shares issuable under the 2011 Plan of 9,700,000. Set forth below is the number of shares available for issuance pursuant to outstanding and future equity awards under the 2011 Plan as of February 24, 2014, which includes shares made available by the Plan Amendment:

Shares subject to outstanding stock option awards ⁽¹⁾	5,179,768
Shares issued pursuant to awards	8,881
Shares available for issuance pursuant to future awards	3,538,529

(1)

As of February 24, 2014, options outstanding under the 2011 Plan had a weighted average exercise price of \$3.57 per share and a weighted average remaining life of 8.6 years. The market value of all shares underlying options outstanding under the 2011 Plan as of February 24, 2014 was \$17,714,807, based on our Board's most recent determination of the fair market value of our Common Stock.

Reasons for the Plan Amendment

The Plan Amendment will allow the Company to issue additional stock-based awards to employees, consultants and non-employee directors of the Company and its affiliates, allowing the Company to attract and retain qualified individuals to serve in these positions.

Summary of the 2011 Plan

This section summarizes certain principal features of the 2011 Plan, as amended by the Plan Amendment. The summary is qualified in its entirety by reference to the complete text of the 2011 Plan, as amended by the Plan Amendment, which is attached to this Information Statement as *Exhibit B*.

The 2011 Plan provides for the grant of incentive stock options, or ISOs, to employees, and for the grant of nonqualified stock options, restricted stock, restricted stock units, stock appreciation rights,

Edgar Filing: Radius Health, Inc. - Form PRE 14C

stock grants, performance units and performance awards to employees, consultants and non-employee directors, for the purposes of encouraging their ownership of our Common Stock and providing additional incentives to promote the success of our business through the grant of awards of or pertaining to the Common Stock. ISOs are intended to be "incentive stock options," as that term is defined in Section 422 of the Internal Revenue Code of 1986, as amended, or the Code.

Securities Subject to the 2011 Plan

Under the terms of the 2011 Plan, after giving effect to the Plan Amendment the aggregate number of shares of our Common Stock that may be subject to options and other awards is equal to the sum of (i) 8,380,019 shares and (ii) any shares of our Common Stock which as of the November 7, 2011 were available for issuance under the 2003 Plan or subject to awards under the 2003 Plan which are forfeited or lapse unexercised and which are not issued under the 2003 Plan, subject to a maximum aggregate number of shares issuable under the 2011 Plan of 9,700,000. The maximum number of shares that may be issued pursuant to ISOs is 9,700,000. The shares of Common Stock covered by the 2011 Plan are authorized but unissued shares, treasury shares or Common Stock purchased on the open market.

To the extent that an option or stock-settled stock appreciation right terminates, expires or lapses for any reason or is cancelled without having been exercised in full or to the extent any other award is forfeited, any shares subject to the award (to the extent of such termination, expiration, lapse, cancellation or forfeiture) may be used again for new grants under the 2011 Plan. Shares tendered or withheld to satisfy the grant or exercise price or tax withholding obligation pursuant to any award or the exercise price of an option may be used again for new grants under the 2011 Plan.

The maximum number of shares of our Common Stock that may be subject to one or more awards to a participant pursuant to the 2011 Plan during any calendar year is 1,250,000 and the maximum amount that may be paid to a participant in cash during any calendar year with respect to cash-based awards is \$2,000,000. However, these limits will not apply to certain awards granted under the 2011 Plan until the earliest to occur of the first material modification of the 2011 Plan following the date on which our Common Stock is listed on any securities exchange or designated on an interdealer quotation system, which we refer to as the Public Trading Date, the issuance of all of the shares reserved for issuance under the 2011 Plan, the expiration of the 2011 Plan or the first meeting of our stockholders at which directors are to be elected that occurs after the close of the third calendar year following the calendar year in which the Public Trading Date occurs.

Administration

The 2011 Plan provides that the compensation committee of the Board, or the compensation committee, administers the 2011 Plan, although the Board may exercise any powers and responsibilities assigned to the compensation committee at any time.

The compensation committee has the authority to administer and interpret the 2011 Plan, including the power to determine eligibility, the types and sizes of awards, the price, timing and other terms and conditions of awards and the acceleration or waiver of any vesting or forfeiture restriction. The compensation committee may delegate to an executive officer or officers the authority to grant awards to non-officer employees and to consultants, in accordance with any guidelines as the compensation committee may determine.

Eligibility

Persons eligible to participate in the 2011 Plan include employees, consultants and non-employee directors of the Company and its affiliates, as determined by the compensation committee. As of February 24, 2014, approximately 13 employees and 7 non-employee directors were eligible to receive

Edgar Filing: Radius Health, Inc. - Form PRE 14C

awards under the 2011 Plan. In addition, the Company frequently uses the services of individual consultants on an as-needed basis; however, consultants are not generally considered for awards under the 2011 Plan. As of February 24, 2014, two consultants held outstanding awards under the 2011 Plan. Only employees of the Company and certain of its parent and subsidiary corporations, should we have any in the future, are eligible to receive grants of options intended to qualify as ISOs.

Stock Options

The 2011 Plan authorizes the grant of stock options, including ISOs and nonqualified stock options. Under the 2011 Plan, the exercise price of ISOs granted pursuant to the 2011 Plan will not be less than 100% of the fair market value of our Common Stock on the date of grant, and the exercise price of nonqualified stock options granted pursuant to the 2011 Plan will be determined by the compensation committee. Stock options are subject to such vesting and exercisability conditions as are determined by the compensation committee and set forth in a written stock option agreement. In no event may an ISO have a term extending beyond the tenth anniversary of the date of grant. ISOs granted to any person who owns, as of the date of grant, stock possessing more than ten percent of the total combined voting power of all classes of the Company's stock are required to have an exercise price that is not less than 110% of the fair market value of our Common Stock on the date of grant and may not have a term extending beyond the fifth anniversary of the date of grant.

Stock Appreciation Rights

A stock appreciation right, or a SAR, is the right to receive payment of an amount equal to the excess of the fair market value of a share of stock on the date of exercise of the SAR over the grant price of the SAR. The grant price of each SAR granted under the 2011 Plan will be no less than the fair market value of a share of our Common Stock on the date of grant of the SAR. The compensation committee is authorized to issue SARs in such amounts and on such terms and conditions as it may determine, consistent with the terms of the 2011 Plan.

Restricted Stock

Restricted stock is the grant of shares of our Common Stock at a price, if any, determined by the compensation committee, which shares are nontransferable and may be subject to forfeiture until specified vesting conditions are met. Restricted stock will be evidenced by a written agreement. During the period of restriction, restricted stock is subject to restrictions and vesting requirements, as provided by the compensation committee. The restrictions may lapse in accordance with a schedule or other conditions determined by the compensation committee.

Restricted Stock Units

A restricted stock unit provides for the issuance of a share of our Common Stock at a future date upon the satisfaction of specific conditions set forth in the applicable award agreement. The compensation committee will specify, or permit the restricted stock unit holder to elect, the conditions and dates upon which payments under the restricted stock units will be made, which dates may not be earlier than the date as of which the restricted stock units vest and which conditions and dates will be subject to compliance with Section 409A of the Code. On the distribution dates, the Company will transfer to the participant one unrestricted, fully transferable share of our Common Stock (or the fair market value of one such share of Common Stock in cash) for each restricted stock unit scheduled to be paid out on such date and not previously forfeited.

Performance Units

Performance units represent the participant's right to receive an amount, based on the value of the Common Stock, if performance goals established by the compensation committee are achieved. The compensation committee will determine the applicable performance period, the performance goals and such other conditions that apply to the performance unit.

Performance Awards

A performance award is cash bonus award, stock bonus award, performance award or incentive award that is paid in cash, shares of Common Stock or a combination of both, as determined by the compensation committee. The compensation committee will determine the applicable performance period, the performance goals and such other conditions that apply to the performance award.

Stock Grants

A stock grant is a grant in the form of shares of Common Stock. The number or value of shares of any stock grant will be determined by the compensation committee.

Dividends, Dividend Equivalents

The 2011 Plan authorizes the compensation committee to provide a participant with the right to receive dividends or dividend equivalents with respect to shares of Common Stock covered by an award granted under the 2011 Plan. Dividends and dividend equivalents may be settled in cash or shares of Common Stock, as determined by the Compensation Committee.

Payment Methods

Under the 2011 Plan, payments made upon exercise of an option may be made by cash or check or, subject to the approval of the compensation committee, by: (1) if our Common Stock is traded on an established market, through a formal cashless exercise program in which a market sell order is placed with a broker with respect to shares of Common Stock then-issuable upon exercise or vesting of an award, and the broker is directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the aggregate payments required (provided that payment of such proceeds is then made to the Company upon settlement of such sale), (2) shares of Common Stock issuable pursuant to the award or previously held, or (3) such other legal consideration deemed acceptable by the compensation committee.

Forfeiture of Unvested Awards; Leave of Absence

Upon the termination of service of the holder of an option or stock appreciation right, unless otherwise provided by the compensation committee, the award generally will expire on a date not later than three months after the termination of service. Except as otherwise determined by the compensation committee, in the event that the employment or services of the holder of an award is terminated, the unvested portion of the award will generally be forfeited or may be subject to repurchase by the Company, and will cease to vest or become exercisable after the termination.

The compensation committee may provide that an award will continue to vest for some or all of the period of a leave of absence, or that vesting of an award will be tolled during a leave of absence, consistent with applicable law.

Transferability

Generally, awards under the 2011 Plan may only be transferred by will or the laws of descent and distribution, unless and until such award has been exercised or the shares underlying such award have

Edgar Filing: Radius Health, Inc. - Form PRE 14C

been issued and all restrictions applicable to such shares have lapsed. However, subject to certain terms and conditions, the compensation committee may permit a holder to transfer a nonqualified stock option or shares of restricted stock to any "family member" under applicable securities laws.

Adjustments

In the event of a declaration of a stock dividend, a stock split, a reverse stock split, a recapitalization, a reclassification, a reorganization or a similar occurrence, the compensation committee will make appropriate adjustments to:

the number and kind of shares available for future grants;

the number and kind of shares covered by each outstanding award;

the grant or exercise price under each outstanding award; and

the repurchase right of each share of restricted stock.

Corporate Transactions

In the event of a "change of control" of the Company (as defined in the 2011 Plan), the compensation committee will take any action it deems necessary or appropriate, including to accelerate an award in whole or in part. A SAR granted in tandem with a stock option that can only be exercised during limited periods following a change of control of the Company may entitle the holder to receive an amount based on the highest price paid or offered for our Common Stock in a transaction relating to the change of control or paid during the thirty-day period immediately preceding the change of control.

The compensation committee also has the authority under the 2011 Plan to take certain other actions with respect to outstanding awards in the event of a corporate transaction, including provision for the cash-out, termination, assumption or substitution of such awards.

Upon a liquidation or dissolution of the Company, except as otherwise provided in an applicable award agreement or another agreement between the award holder and the Company, all forfeiture restrictions and/or performance goals with respect to an award will automatically be deemed terminated or satisfied, as applicable.

Expiration, Termination and Amendment

The Board may terminate, amend or modify the 2011 Plan and the compensation committee may amend the terms of outstanding awards at any time. However, stockholder approval of any amendment is required to the extent necessary to comply with applicable laws or the rules of any relevant stock exchange. No amendment may impair the rights under an outstanding award without the holder's consent unless, prior to a change of control, the compensation committee determines the amendment is required or advisable to satisfy any law or regulation or avoid adverse financial accounting consequences or that the amendment is not reasonably likely to significantly diminish the benefits provided under the award or that any such diminution has been adequately compensated.

The term of the 2011 Plan will expire on the tenth anniversary of the date on which it was originally approved by the Board, unless earlier terminated by the Board.

Federal Income Tax Consequences

The following is general summary as of this date of the federal income tax consequences to us and to U.S. participants for awards of stock options granted under the 2011 Plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or

Edgar Filing: Radius Health, Inc. - Form PRE 14C

her individual circumstances. Tax consequences for any particular individual may be different. This summary does not purport to be complete, and does not discuss state, local or non-U.S. tax consequences.

Non-qualified Stock Options. The grant of a non-qualified stock option under the 2011 Plan will not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares at the time of exercise. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of Common Stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

A non-qualified stock option can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A non-qualified stock option that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition and an additional 20% tax obligation plus penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the 2011 Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of Common Stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods (referred to as a "disqualifying disposition"), he or she must recognize ordinary income in the year of the disposition. The amount of ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock at the time of exercise and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the calendar year in which the incentive stock options are exercised. However, such a sale of shares within the year of exercise will constitute a disqualifying disposition, as described above.

Plan Benefits

Awards under the 2011 Plan are subject to the discretion of the compensation committee and no determinations have been made by the compensation committee as to any future awards that may be granted pursuant to the 2011 Plan. Therefore, it is not possible to determine the benefits that will be received in the future by participants in the 2011 Plan. The following table sets forth, with respect to the individuals and groups identified therein, information regarding options to purchase shares of our Common Stock awarded under the 2011 Plan through February 24, 2014:

ACTION 2 CHARTER AMENDMENT

Proposal and Background Information

The Board approved the Charter Amendment on February 19, 2014, and the holders of the requisite number of shares of our capital stock had consented to the approval of the Charter Amendment as of February 24, 2014, as described above, to, among other things, effect a reverse stock split of the Common Stock, effective as of the expiration of the 20-day period commencing on the date of mailing of this Information Statement to our stockholders as required under Rule 14c-2 under the Exchange Act. The Company intends to apply to list its Common Stock on a national securities exchange. To enable the Company to meet and continue to satisfy certain listing requirements, including a closing bid price requirement, the Board has determined that it is in the Company's best interest to effect a reverse split of its Common Stock on a 1-for-2.28 basis, so that every 2.28 outstanding shares of the Company's Common Stock before the effective time of the stock split shall be reclassified and combined into one share of Common Stock after the stock split (the "Reverse Stock Split").

The following description of the Charter Amendment is intended to be a summary only and is qualified in its entirety by the terms of the Charter Amendment attached to this Information Statement as *Exhibit C*, which is incorporated herein by reference.

Reasons for the Reverse Stock Split

The Board approved the Reverse Stock Split in order to increase the per share value of the Common Stock, with the primary intent of facilitating the listing of the Common Stock on a national securities exchange. The Company's management believes that the per share trading price of the Common Stock may affect the acceptability of an investment in such stock to certain institutional investors, professional investors and other members of the investing public.

Principal Effects of the Reverse Stock Split

The principal effects of the Reverse Stock Split will be that (i) the number of shares of Common Stock issued and outstanding will be reduced from 879,370 shares as of the Charter Record Date to approximately 385,688 shares (subject to the elimination of fractional shares), (ii) the Conversion Price for each series of preferred stock, in each case as defined in our certificate of incorporation currently in effect, will be accordingly adjusted to be equal to 2.28 times the applicable Conversion Price before the Reverse Stock Split, (iii) all outstanding options and warrants entitling the holders thereof to purchase shares of Common Stock will, after the effectiveness of the Reverse Stock Split, enable such holders to purchase, upon exercise of their options and warrants, the number of shares equal to the result obtained by dividing the number of shares of Common Stock which such holders would have been able to purchase upon exercise of their options and warrants immediately preceding the Reverse Stock Split by 2.28, at an exercise price equal to the result obtained by multiplying the exercise price specified before the Reverse Stock Split by 2.28, resulting in the same aggregate price being required to be paid upon exercise thereof immediately preceding the Reverse Stock Split and (iv) the number of shares authorized for issuance pursuant to each of our equity compensation plans (including the shares being authorized pursuant to the Plan Amendment described in Action 3) will be reduced to approximately 44% of the number of shares currently included in each such plan.

Upon the effectiveness of the Reverse Stock Split, each holder of Common Stock will own a reduced number of shares of Common Stock and each holder of the Company's preferred stock will hold the same number of shares of preferred stock, but those shares of preferred stock will be convertible into a reduced number of shares of Common Stock. The Reverse Stock Split will affect all of the Company's stockholders uniformly and will not, in and of itself, affect any stockholder's percentage ownership interests in the Company, except for adjustments that may result from the treatment of fractional shares as described below. Proportionate voting rights and other rights and preferences of our stockholders will not be affected by the Reverse Stock Split, in and of itself.

Each stockholder is urged to consult with such stockholder's tax advisor with respect to any potential tax consequences of the Reverse Stock Split.

Potential Anti-Takeover Effect

Because the number of authorized shares of the Company's Common Stock and preferred stock will not be reduced proportionately, the Reverse Stock Split will increase the ability of the Board to issue authorized and unissued shares without further stockholder action. This could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of us more difficult. For example, additional shares could be issued by us so as to dilute the stock ownership or voting rights of persons seeking to obtain control of us. Similarly, the issuance of additional shares to certain persons aligned with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. Despite these possible anti-takeover effects, the Board is not proposing the Reverse Stock Split with the intent that it be utilized as a type of anti-takeover device nor is the Reverse Stock Split

Edgar Filing: Radius Health, Inc. - Form PRE 14C

being proposed in response to any effort of which the Company is aware to accumulate shares of its capital stock or obtain control of the Company.

Fractional Shares

No fractional shares will be issued in connection with the Reverse Stock Split. Instead, the Company will pay cash for any fractional share resulting from the Reverse Stock Split in an amount equal to the fair value of such fractional shares, based on the fair market value of the applicable capital stock of the Company, as determined in good faith by the Board immediately prior to the Reverse Stock Split.

Effectiveness of the Reverse Stock Split

The Reverse Stock Split will become effective on the date that the Company files the Charter Amendment with the Secretary of State of the State of Delaware. The filing of such amendment will be no earlier than the twentieth (20) calendar day after the date this Information Statement is first mailed to the Company's stockholders.

The exact timing of the effectiveness of the Reserve Stock Split will be determined by the Board based upon its evaluation as to when and whether such action will be most advantageous to the Company and its stockholders, and the Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split by not filing the Charter Amendment if, at any time prior to filing such Charter Amendment, the Board, in its sole discretion determines that the Reverse Stock Split is no longer in the best interests of the Company and its stockholders.

After the implementation of the Reverse Stock Split, a holder of Common Stock may, at his, her or its option, surrender his, her or its certificate(s) representing the shares of the Company's Common Stock (the "Old Certificates") to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-Reverse Stock Split Common Stock (the "New Certificates"). No New Certificates will be issued to a stockholder until such stockholder has surrendered all Old Certificates to the transfer agent. No stockholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates. If Old Certificates are surrendered to the transfer agent, then such stockholder will then receive New Certificate(s) representing the number of whole shares of the Company's Common Stock of the same class and series, to which he, she or it is entitled as a result of the Reverse Stock Split. Until surrendered, the Company will deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-Reverse Stock Split Common Stock to which these stockholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of shares, will automatically be exchanged for New Certificates. If an Old Certificate has restrictive legends on the back of the Old Certificate(s), the New Certificate(s) will be issued with the same restrictive legends that are on the back of the Old Certificate(s). New Certificates will not be issued in respect of any certificates representing shares of Preferred Stock.

The Company expects that its transfer agent will act as exchange agent for purposes of implementing the exchange of stock certificates. No service charges will be payable by holders of the Company's Common Stock in connection with the exchange of certificates. All of such expenses will be borne by the Company.

ACTION 3 RESTATED CERTIFICATE OF INCORPORATION

Proposal and Background Information

The Board adopted the Restated Certificate on February 19, 2014, and the holders of the requisite number of shares of our capital stock had consented, as of February 24, 2014, to the approval of the Restated Certificate to serve as the Company's certificate of incorporation from and after the closing of a firm commitment underwritten public offering of shares of the Company's Common Stock, effective as of the expiration of the 20-day period commencing on the date of mailing of this Information Statement to our stockholders as required under Rule 14c-2 under the Exchange Act. Among other things, the Restated Certificate (i) provides for the authorized capital stock of the Company to consist of two hundred million (200,000,000) shares of Common Stock and ten million (10,000,000) shares of preferred stock, (ii) authorizes the Board to establish the rights, preferences and restrictions on any unissued series of preferred stock, (iii) provides for a classified board of directors, (iv) requires that all stockholder action be taken by a vote of the stockholders at an annual or special meeting, (v) denies the right of stockholders to call a special meeting of stockholders, (vi) provides that the Delaware Court of Chancery be the sole and exclusive forum for various actions and proceedings identified therein, (vii) modifies certain other stockholder rights, (viii) limits the personal liability of directors to the Company and its stockholders and (ix) effects certain other changes, all as more specifically set forth in the Restated Certificate.

The Restated Certificate includes several defensive provisions. These defensive measures could have the effect of rendering more difficult or discouraging a merger, tender offer or other takeover attempt that some, or a majority, of the Company's stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then current market price of such stock. The Company's management is not aware of any current effort to accumulate shares of the Company's Common Stock or to otherwise obtain control of the Company. Rather, the defensive provisions included in the Restated Certificate are being proposed at this time in order to protect the Company's and its stockholders' interests and preserve the long-term value of the Company.

The following description of the Restated Certificate is intended to be a summary only and is qualified in its entirety by the terms of the Restated Certificate attached to this Information Statement as *Exhibit D*, which is incorporated herein by reference.

Summary

Common Stock. The Restated Certificate will provide that the holders of the Company's Common Stock will be entitled to one vote for each share on all matters voted on by stockholders, including elections of directors. However, because of the ability of the Board to designate shares of preferred stock, and to determine the rights of such shares of preferred stock, from time to time, the holders of Common Stock may in the future share voting power with any shares of any such series of preferred stock, which the Company may designate and issue. The Restated Certificate does not provide for cumulative voting in the election of directors.

Subject to any preferential rights of any outstanding series of the Company's preferred stock created by the Board from time to time, the holders of Common Stock will be entitled to such dividends as may be declared from time to time by the Board from funds available therefor and upon liquidation will be entitled to receive pro rata all assets available for distribution to such holders. The holders of the Company's Common Stock will have no preemptive rights.

The rights, preferences and privileges of holders of Common Stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which the Company may designate and issue in the future.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

Preferred Stock. The Restated Certificate authorizes the Board to establish one or more series of the Company's preferred stock and to determine, with respect to any series of the Company's preferred stock the terms, rights, preferences and limitations of such series.

The authorized shares of the Company's preferred stock, as well as shares of the Company's Common Stock, will be available for issuance without further action by the Company's stockholders, unless such action is required by applicable law or the rules of any stock exchange on which the Company's securities may be listed. If the approval of the Company's stockholders is not required for the issuance of shares of preferred stock or Common Stock, the Board may determine not to seek such stockholder approval.

Although the Board has no intention at the present time of doing so, the Board could issue a series of preferred stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt. The Board will make any determination to issue such shares based on its judgment as to the best interests of the Company and its stockholders. The Board, in so acting, could issue a series of preferred stock having terms that could discourage an acquisition attempt through which an acquiror may be able to change the composition of the Board, including a tender offer or other transaction that some, or a majority, of the Company's stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then current market price of such stock.

Bylaws. The Restated Certificate provides that the Board will have the power to adopt, amend, alter or repeal the Company's bylaws. The stockholders may only adopt, amend, alter or repeal the Company's bylaws by the affirmative vote of the holders of at least two-thirds in voting power of the shares of capital stock of the Company entitled to vote thereon.

Board of Directors. The Restated Certificate provides that the number of the Company's directors will be established by the Board. The Company's directors will be classified, with respect to the time for which they severally hold office, into three classes, as nearly equal in number as possible, one class to be originally elected for a term expiring at the first annual meeting of stockholders to be after the effectiveness of the Restated Certificate, another class to be originally elected for a term expiring at the second annual meeting of stockholders to be held after the effectiveness of the Restated Certificate and another class to be originally elected for a term expiring at the third annual meeting of stockholders to be held after the effectiveness of the Restated Certificate, with each director to hold office until his or her successor is duly elected and qualified. Commencing with the first annual meeting of stockholders to be held after the effectiveness of the Restated Certificate, directors elected to succeed directors whose terms then expire will be elected for a term of office to expire at the third succeeding annual meeting of stockholders after their election, with each director to hold office until such person's successor is duly elected and qualified.

The Restated Certificate provides that, except as otherwise provided for in a certificate of designations setting forth the rights of the holders of any series of the Company's preferred stock, newly created directorships resulting from any increase in the number of directors and any vacancies on the Board resulting from death, resignation, removal or otherwise will be filled by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board, and not by the stockholders. Any director elected in accordance with the preceding sentence will hold office for the remainder of the term and until such director's successor shall have been duly elected and qualified. Subject to the rights of holders of the Company's preferred stock, no director may be removed from office by the stockholders except for cause and only by the affirmative vote of the holders of at least two-thirds in voting power of the shares of capital stock of the Company entitled to vote thereon.

These provisions would preclude a third party from removing incumbent directors and simultaneously gaining control of the Board by filling the vacancies created by removal with its own

nominees. Under the classified board provisions described above, it would take at least two elections of directors for any individual or group to gain control of the Board. Accordingly, these provisions could discourage a third party from initiating a proxy contest, making a tender offer or otherwise attempting to gain control of the Company. These provisions apply to all elections of directors and not just to elections following a change of control. As a result, these provisions also have the effect of making it more difficult for stockholders to change a majority of the directors even if the only reason for the change may be the performance of the present directors.

Special Meetings and Stockholder Action by Written Consent. The Restated Certificate provides that any action required or permitted to be taken by the Company's stockholders must be affected at a duly called annual or special meeting of such stockholders and may not be affected by any consent in writing by such stockholders. Special meetings of the Company's stockholders for any purpose or purposes may be called only by the Board, the chairperson of the Board, the chief executive officer or the president, and any power of stockholders to call a special meeting is specifically denied. No business other than that stated in the notice shall be transacted at any special meeting.

Limitation of Liability. The Restated Certificate provides, consistent with the DGCL, that a director of the Company shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent the DGCL prohibits the elimination of limitation of liability of directors for breaches of fiduciary duty. Neither the amendment nor repeal of such provision will eliminate or reduce its effect in respect of any matter, cause of action, suit or claim arising or occurring prior to such amendment or repeal.

Future Changes to Restated Certificate. In the Restated Certificate the Company reserves the right to amend, alter, change or repeal any provision of the Restated Certificate as prescribed by law and the Restated Certificate. The Restated Certificate further provides that the affirmative vote of the holders of at least two-thirds in voting power of the capital stock of the Company entitled to vote thereon is required to amend provisions of the Restated Certificate relating to, among other things, (1) the adoption, amendment, alteration or repeal of the Company's bylaws, (2) the number, election and term of the Company's directors, (3) the nomination of director candidates and the proposal of business by stockholders, (4) the filling of vacancies on the Board, (5) the removal of directors, (6) action by written consent of stockholders, (7) calling of special meetings, and (8) the selection of the Court of Chancery of the State of Delaware as the exclusive forum for certain legal actions.

Forum Selection Provision. The Restated Certificate of the Company provides that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for (a) any derivative action or proceeding brought on behalf of the Company, (b) any action asserting a claim of breach of fiduciary duty owed by, or other wrongdoing by, any director, officer, employee or agent of the Company to the Company or the Company's stockholders, (c) any action asserting a claim arising pursuant to any provision of the DGCL or the Restated Certificate of the Company, (d) any action to interpret, apply, enforce or determine the validity of the Restated Certificate of the Company or (e) any action asserting a claim governed by the internal affairs doctrine, in each case subject to said Court of Chancery having personal jurisdiction over the indispensable parties named as defendants.

Reasons for the Restated Certificate

The Company believes the Restated Certificate will allow it to more effectively raise additional capital needed for the development of our business, attract and retain qualified candidates to serve as directors, officers and employees of the Company, and otherwise serve the Company and its stockholders' best interests.

Effectiveness of Restated Certificate

The Restated Certificate will become effective upon filing with the Secretary of State of the State of Delaware. The Company intends to file the Restated Certificate with the Secretary of State of the State of Delaware following the expiration of 20 days after the mailing of this Information Statement to our stockholders as required under Rule 14c-2 under the Exchange Act but not before earlier to occur of (i) the closing of a firm commitment underwritten public offering of shares of the Company's Common Stock that occurs before June 30, 2014 and (ii) the date on which the Company's Common Stock becomes listed on a national securities exchange after June 30, 2014.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our capital stock as of February 19, 2014 by: (i) each person known by the Company to be the beneficial owner calculated in accordance with Rule 13d-3(d)(1) promulgated under the Exchange Act of more than 5% of the outstanding shares of Common Stock; (ii) each director and executive officer of the Company; and (iii) all officers and directors as a group. Unless otherwise stated in the table or its footnotes, the person and entities listed below have the sole voting power and investment power with respect to the shares set forth next to one's name. Unless otherwise noted, the address of each stockholder below is c/o Radius Health, Inc., 201 Broadway, 6th Floor, Cambridge, MA 02139.

- (1)(a) Because shares of preferred stock vote together with Common Stock on an as-converted basis the percentages of beneficial ownership reported in this column do not reflect the beneficial owner's fully-diluted voting percentage of our outstanding capital stock. See Note (1)(b). Because each stockholder of the Company is a party to certain agreements with the other stockholders of the Company, which agreements contain, among other things, certain voting agreements and limitations on the sale of their shares of Common Stock, each stockholder of the Company may be deemed to be a member of a "group," within the meaning of Section 13(d)(3) of the Exchange Act. The percentages of beneficial ownership presented in this column are calculated in accordance with Rule 13d-3(d)(1) promulgated under the Exchange Act, excluding in the case of each beneficial owner, the shares held by any other beneficial owner, as to which each beneficial owner disclaims beneficial ownership.
- (1)(b) A more accurate reflection of each beneficial owner's fully-diluted voting percentage is their percentage of the preferred stock and the Common Stock voting together as a single class, assuming the conversion of all issued and outstanding shares of preferred stock and the exercise of all outstanding stock options and warrants exercisable within 60 days after February 19, 2014 (the "Converted Common Stock"). For purposes of this calculation, the Company has assumed that each share of the series B-2 convertible preferred stock converts into ten shares of Common Stock. In order to provide accurate disclosure of the relevant beneficial ownership percentage of each beneficial owner included in this table we have set forth each such beneficial owner's fully-diluted ownership percentage (calculated in accordance with Rule 13d-3 of the Exchange Act) of the Converted Common Stock in this column. See Note (1)(a).
- (2) Consists of 97,199 options to purchase our Common Stock anticipated to be exercisable within 60 days after February 19, 2014.
- (3) Includes 203,432 options to purchase our Common Stock anticipated to be exercisable within 60 days after February 19, 2014 and 30,000 shares of our Common Stock.
- (4) No options to purchase our Common Stock are anticipated to be exercisable within 60 days after February 19, 2014.
- (5) Consists of 101,213 options to purchase our Common Stock anticipated to be exercisable within 60 days after February 19, 2014.

Narrative Disclosure to Summary Compensation Table

We do not currently have any formal policy for determining the compensation of executive officers. Base salaries for our named executive officers have been established through arm's-length negotiation at the time an executive was hired. The compensation committee of our board of directors annually reviews and evaluates, with input from our President and Chief Executive Officer, the need for adjustment of the base salaries of named executive officers based on changes and expected changes in the scope of an executive's responsibilities, including promotions, the individual contributions made by and performance of the executive during the prior fiscal year, the executive's performance over a period of years, overall labor market conditions, the relative ease or difficulty of replacing the executive with a well-qualified person, our overall growth and development as a company and general salary trends in our industry.

Each named executive officer is eligible to receive an annual performance-based cash bonus, in an amount up to a fixed percentage of his base salary. At the beginning of each year, our compensation committee develops, with input from our President and Chief Executive Officer, a list of goals for the year that are used as a guideline to assess the annual performance of the named executive officers. As soon as practical after the year is completed, the board reviews actual performance against the stated goals and determines subjectively what it believes to be the appropriate level of cash bonus, if any, for the named executive officers.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

Each of the named executive officers in office as of January 31, 2014 is an at-will employee and eligible for discretionary bonus and equity incentive awards with certain severance rights discussed further below. The named executive officers have the following target bonus percentages:

Mr. Ward 50%

Mr. Wyzga 50%

Dr. Brenner 30%

Mr. Harvey 30%

Mr. Fromkin, Dr. Lyttle and Mr. Ward were not eligible to receive 2013 bonuses due to the short terms of employment with us during 2013.

For 2013, each named executive officer, with the exception of Mr. Fromkin, Dr. Lyttle and Mr. Ward, had the opportunity to achieve a bonus equal to the named executive officer's respective target bonus (prorated for any partial year of employment) by achievement of individual performance goals, with the compensation committee reserving the right to award amounts in excess of target bonus on a discretionary basis. The individual goals for 2013 were of different weighted importance and included completion of certain financing and public offering objectives, completion of organizational objectives and the implementation and successful execution of various elements related to the preclinical studies and clinical trials for our products, including the Phase 3 study for our Abaloparatide-SC product. The compensation committee has not yet convened to consider each named executive officer's performance against the goals and determine the bonus amounts to be awarded for 2013. The board intends to make final determinations with respect to the fiscal 2013 bonuses no later than June 30, 2014.

In November 2013, we granted an option to purchase 2,427,133 shares of our Common Stock to Mr. Fromkin following his commencement of employment; which option was forfeited on November 29, 2013, upon Mr. Fromkin's resignation.

Employment, Severance and Change in Control Arrangements

Robert E. Ward

On December 16, 2013, we entered into an employment agreement with Mr. Ward, pursuant to which Mr. Ward agreed to serve as our President and Chief Executive Officer effective December 16, 2013. The agreement provides for an initial base salary of \$450,000 and the opportunity to earn an annual cash incentive award based on performance with a target value equal to 50% of Mr. Ward's annual base salary beginning in 2014. In addition, Mr. Ward will be eligible to have a one-time discretionary multiplier of up to 200% applied to his annual bonus, as determined by the Board, in the first year in which we consummate an initial public offering with gross proceeds of at least \$50 million, which we refer to as a "qualified initial public offering", or a strategic partnership, collaboration or licensing transaction relating to our Abaloparatide-SC product that the Board determines in its discretion constitutes a significant transaction.

Pursuant to the employment agreement, Mr. Ward is entitled to receive not later than the first meeting of our board of directors following the effective date of the employment agreement an award of a sign-on stock option for a number of shares of our Common Stock having an aggregate Black-Scholes value on the grant date equal to \$160,000, which will vest as to 100% of the shares subject thereto on the 60th day following the grant date, subject to Mr. Ward's continued employment on such date. This option was granted to Mr. Ward on February 16, 2014.

Mr. Ward's employment agreement also entitles him to receive not later than the first meeting of our board of directors following the effective date of the employment agreement an award of a stock

Edgar Filing: Radius Health, Inc. - Form PRE 14C

option for the purchase of 1,810,262 shares of our common stock (the "Option"), which will vest as to 25% of the shares subject to the Option on the first anniversary of the effective date of the employment agreement, with the remaining shares vesting in substantially equal monthly installments over the following three years, subject to Mr. Ward's continued employment with us on the applicable vesting date.

Notwithstanding the foregoing, in the event: (a) there is a qualified initial public offering during the first year of the employment term, (b) we submit a New Drug Application ("NDA") for abaloparatide with the Food and Drug Administration ("FDA") and the FDA accepts such application during the employment term, and/or (c) we obtain FDA approval for Abaloparatide-SC during the employment term, in each case, the Option will vest with respect to 25% of the shares subject to the Option, with such 25% portion taken pro rata from the unvested shares subject to the Option, and the remaining unvested shares will continue to vest as described in the previous sentence. In the event of a change in control during the employment term, 50% of the outstanding unvested shares subject to the Option as of the date of the change in control shall become fully vested. This option was granted to Mr. Ward on February 16, 2014.

In the event Mr. Ward's employment is terminated by us without cause or due to Mr. Ward's resignation for good reason, then subject to his executing a general release of claims, Mr. Ward will be entitled to receive:

base salary continuation payments for 12 months;

payment of continued medical care premiums for up to 12 months;

any unpaid annual bonus for the year prior to the year in which his termination occurs, based upon actual performance and payable in a lump sum;

a pro-rata portion of his bonus for the performance year in which Mr. Ward's termination occurs, based on actual performance or, if the termination occurs on or before to the date upon which performance goals for the bonus are established, on Mr. Ward's target bonus, in either case, payable in a lump sum; and

25% of the shares subject to the Option granted to Mr. Ward will accelerate and Mr. Ward will have up to nine months following the termination of his employment or, if longer, up to six months following our initial public offering, to exercise the Option.

If Mr. Ward's employment is terminated without cause or due to Mr. Ward's resignation for good reason within 24 months following a change in control, then subject to his executing a general release of claims, Mr. Ward will be entitled to receive the severance benefits described in the first three bullet points above (but with respect to the benefits described in bullets one and two above, for a period of 18 months rather than 12 months) and:

payment of his target annual bonus for the year in which termination occurs; and

accelerated vesting of all outstanding equity awards and up to nine months following the termination of his employment to exercise those awards.

C. Richard Lyttle

The consulting agreement provides for an annual fee of \$30,000 and the continued vesting of Dr. Lyttle's outstanding options during the term of agreement.

On November 26, 2013, we entered into a letter agreement with Dr. Lyttle pursuant to which Dr. Lyttle agreed to provide additional services as our interim President and Chief Executive Officer.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

As compensation for Dr. Lyttle's services as interim President and Chief Executive Officer, we agreed that if we terminate Dr. Lyttle's service relationship with us following the date of the letter agreement, each of the options to purchase shares of our common stock then held by Dr. Lyttle or by The Cecil Richard Lyttle 2012 Grantor Retained Annuity Trust will become vested and exercisable in full on the date of such termination. The letter agreement does not entitle Dr. Lyttle to receive any other compensation for his service as interim President and Chief Executive Officer. Dr. Lyttle resigned as our interim President and Chief Executive Officer on December 16, 2013 and received no payments in connection with his resignation. Dr. Lyttle continues to serve as the Chairman of our Scientific Advisory Board.

Andrew J. Fromkin

On November 12, 2013, we entered into an employment agreement with Mr. Fromkin, pursuant to which Mr. Fromkin agreed to serve as our President and Chief Executive Officer effective November 12, 2013. The agreement provided for an annual base salary of \$500,000. Mr. Fromkin's employment with the Company terminated on November 29, 2013, and he was not entitled to any separation payments in connection with his termination of employment.

Michael S. Wyzga

On December 1, 2011, we entered into an employment letter agreement with Mr. Wyzga pursuant to which Mr. Wyzga agreed to serve as our President and Chief Executive Officer effective December 1, 2011. The agreement provided for an annual base salary of \$500,000 or such greater amount as is subsequently determined by our board of directors.

On November 11, 2013, we entered into a Separation and Release Agreement with Mr. Wyzga. In addition, in connection with Mr. Wyzga's resignation on November 11, 2013, we also entered into a letter agreement with Mr. Wyzga, pursuant to which he agreed to provide transition advisory services to us for up to six months after his resignation.

Pursuant to his separation agreement, Mr. Wyzga agreed to a general release of claims and we agreed to provide the severance payments contemplated by the terms of the Mr. Wyzga's employment agreement, which include payments totaling \$500,000 (an amount equal to Mr. Wyzga's annual base salary as of his resignation date) to be made over the 12-month period following his Resignation Date in accordance with our normal payroll procedures, and payment of continued medical care premiums necessary for Mr. Wyzga to continue to participate in our group medical plan during the same 12-month period. In addition, Mr. Wyzga is eligible to receive his full calendar year 2013 discretionary cash performance bonus under our bonus program based on a target bonus amount equal to 50% of his base salary, with the actual amount of any such bonus being determined on the basis of the attainment of the applicable performance metrics, as determined by our board of directors in its sole discretion. The option held by Mr. Wyzga to purchase shares of our common stock will continue to vest while Mr. Wyzga provides services to us during the advisory period (or for six months following his resignation date if we earlier terminate Mr. Wyzga's advisory services) and will remain exercisable for three months following expiration of this period.

Louis Brenner

On November 9, 2011, we entered into a letter employment agreement with Dr. Brenner pursuant to which Dr. Brenner commenced employment on that date and agreed to serve as our Chief Medical Officer effective December 1, 2011. The letter agreement provides for an initial base salary of \$330,000 and the opportunity to earn an annual cash incentive award based on performance with a target value equal to 30% of Dr. Brenner's annual base salary, prorated for any partial year of employment.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

Dr. Brenner resigned his employment with us on January 2, 2014. In connection with his resignation, we entered into a Separation and Release Agreement with Dr. Brenner. Pursuant to the agreement, Dr. Brenner agreed to a general release of claims and we agreed to provide the severance payments contemplated by the terms of Dr. Brenner's employment letter agreement, which included payments totaling \$247,500 (an amount equal to nine months of Dr. Brenner's annual base salary as of his resignation date) to be made over the nine-month period following his resignation date in accordance with our normal payroll procedures, and payment of continued medical care premiums necessary for Dr. Brenner to continue to participate in our group medical plan during the same nine-month period.

B. Nicholas Harvey

On November 15, 2006, we entered into an employment agreement with Mr. Harvey pursuant to which he agreed to serve as our Senior Vice President and Chief Financial Officer. The agreement provides for an initial base salary of \$250,000 and the opportunity to earn an annual cash incentive award based on performance with a target value equal to 30% of Mr. Harvey's annual base salary.

Mr. Harvey's agreement also provides that if his employment is terminated without cause or he resigns with good reason, he will receive six months' salary in severance payments, payable in accordance with the payroll practice then in effect, and the continuation of health insurance at no cost to him for six months and all options which would have vested in the six months following such termination shall become immediately exercisable. If our company is acquired, 50% of his then unvested options will become immediately vested and exercisable.

Retirement Plans

We maintain a defined contribution retirement plan which is tax-qualified under Section 401(k) of the Internal Revenue Code. The plan allows participants to defer a portion of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. Our named executive officers are eligible to participate in our 401(k) plan on the same basis as all employees generally. During 2013, we did not provide matching or profit sharing contributions to the plan for any employees.

CERTIFICATE OF AMENDMENT
OF
CERTIFICATE OF INCORPORATION
OF
RADIUS HEALTH, INC.

Radius Health, Inc., a corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware (the "Corporation"), DOES HEREBY CERTIFY:

FIRST: That the Board of Directors of the Corporation duly adopted by unanimous written consent resolutions recommending and declaring advisable that the Certificate of Incorporation of the Corporation be amended and that such amendment be submitted to the stockholders of the Corporation for their consideration, as follows:

RESOLVED, that Section 5 of the Certificate of Incorporation of the Corporation, as amended and/or restated to date, be amended and restated in its entirety to read as follows:

"Effective on the filing of this Certificate of Amendment of Certificate of Incorporation with the Office of the Secretary of State of the State of Delaware (the "*Effective Time*"), a 1-for-2.28 reverse stock split of the Corporation's Common Stock (as defined in this Section 5) shall become effective, pursuant to which each 2.28 shares of Common Stock outstanding and held of record by each stockholder of the Corporation (including treasury shares) immediately prior to the Effective Time shall be reclassified and combined into one validly issued, fully-paid and nonassessable share of Common Stock automatically and without any action by the holder thereof upon the Effective Time and shall represent one share of Common Stock from and after the Effective Time (such reclassification and combination of shares, the "*Reverse Stock Split*"). The par value of the Common Stock and the Preferred Stock following the Reverse Stock Split shall remain at \$.0001 per share. No fractional shares of Common Stock shall be issued as a result of the Reverse Stock Split and, in lieu thereof, upon surrender after the Effective Time of a certificate which formerly represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time, any person who would otherwise be entitled to a fractional share of Common Stock as a result of the Reverse Stock Split, following the Effective Time, shall be entitled to receive a cash payment equal to the fraction of which such holder would otherwise be entitled multiplied by the fair value per share as determined by the Board of Directors.

Each stock certificate that, immediately prior to the Effective Time, represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time shall, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent that number of whole shares of Common Stock after the Effective Time into which the shares formerly represented by such certificate have been reclassified (as well as the right to receive cash in lieu of fractional shares of Common Stock after the Effective Time); provided, however, that each person of record holding a certificate that represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time shall receive, upon surrender of such certificate, a new certificate evidencing and representing the number of whole shares of Common Stock after the Effective Time into which the shares of Common Stock formerly represented by such certificate shall have been reclassified; and provided further, however, that whether or not fractional shares would be issuable as a result of the Reverse Stock Split shall be determined on the basis of (i) the total number of shares of Common Stock that were issued and outstanding immediately prior to the Effective Time formerly represented by certificates that the holder is at the time surrendering for a new certificate evidencing and representing the number of

Edgar Filing: Radius Health, Inc. - Form PRE 14C

whole shares of Common Stock after the Effective Time and (ii) the aggregate number of shares of Common Stock after the Effective Time into which the shares of Common Stock formerly represented by such certificates shall have been reclassified.

The total number of shares of capital stock which the Corporation shall have authority to issue is One Hundred Ten Million (110,000,000). These shares shall be divided into two classes with 100,000,000 shares designated as common stock, \$.0001 par value per share (the "*Common Stock*"), and 10,000,000 shares designated as preferred stock, \$.0001 par value per share (the "*Preferred Stock*").

The Preferred Stock of the Corporation shall be issued by the Board of Directors of the Corporation in one or more classes or one or more series within any class and such classes or series shall have such voting powers, full or limited, or no voting powers, and such designations, preferences, limitations or restrictions as the Board of Directors of the Corporation may determine, from time to time.

Holders of shares of Common Stock shall be entitled to cast one vote for each share held at all stockholders' meetings for all purposes, including the election of directors. The Common Stock does not have cumulative voting rights.

No holder of shares of stock of any class shall be entitled as a matter of right to subscribe for or purchase or receive any part of any new or additional issue of shares of stock of any class, or of securities convertible into shares of stock of any class, whether now hereafter authorized or whether issued for money, for consideration other than money, or by way of dividend."

SECOND: That in lieu of a meeting and vote of stockholders, the stockholders have given written consent to said amendments in accordance with the provisions of Section 228 of the General Corporation Law of the State of Delaware.

THIRD: That the aforesaid amendments were duly adopted in accordance with the applicable provisions of Section 242 of the General Corporation Law of the State of Delaware.

The following is a statement of the designations and the powers, privileges and rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

A. COMMON STOCK.

1. *General.* The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights of the holders of the Preferred Stock of any series as may be designated by the Board of Directors upon any issuance of the Preferred Stock of any series.

2. *Voting.* The holders of the Common Stock shall have voting rights at all meetings of stockholders, each such holder being entitled to one vote for each share thereof held by such holder; *provided, however,* that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (which, as used herein, shall mean the certificate of incorporation of the Corporation, as amended from time to time, including the terms of any certificate of designations of any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon pursuant to this Certificate of Incorporation or the General Corporation Law of the State of Delaware. There shall be no cumulative voting.

The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law of the State of Delaware.

B. *PREFERRED STOCK.*

Preferred Stock may be issued from time to time in one or more series, each of such series to have such terms as stated or expressed herein and in the resolution or resolutions providing for the issue of such series adopted by the Board of Directors of the Corporation as hereinafter provided.

Authority is hereby expressly granted to the Board of Directors from time to time to issue the Preferred Stock in one or more series, and in connection with the creation of any such series, by adopting a resolution or resolutions providing for the issuance of the shares thereof and by filing a certificate of designations relating thereto in accordance with the General Corporation Law of the State of Delaware, to determine and fix the number of shares of such series and such voting powers, full or limited, or no voting powers, and such designations, preferences and relative participating, optional or other special rights, and qualifications, limitations or restrictions thereof, including without limitation thereof, dividend rights, conversion rights, redemption privileges and liquidation preferences, as shall be stated and expressed in such resolutions, all to the fullest extent now or hereafter permitted by the General Corporation Law of the State of Delaware. Without limiting the generality of the foregoing, the resolution or resolutions providing for the issuance of any series of Preferred Stock may provide that such series shall be superior or rank equally or be junior to any other series of Preferred Stock to the extent permitted by law.

The number of authorized shares of Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law of the State of Delaware.

FIFTH: Except as otherwise provided herein, the Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute and this Certificate of Incorporation, and all rights conferred upon stockholders herein are granted subject to this reservation.

SIXTH: In furtherance and not in limitation of the powers conferred upon it by the General Corporation Law of the State of Delaware, and subject to the terms of any series of Preferred Stock, the Board of Directors shall have the power to adopt, amend, alter or repeal the Bylaws of the Corporation. The stockholders may not adopt, amend, alter or repeal the Bylaws of the Corporation, or adopt any provision inconsistent therewith, unless such action is approved, in addition to any other vote required by this Certificate of Incorporation, by the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon. Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article SIXTH.

SEVENTH: Except to the extent that the General Corporation Law of the State of Delaware prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty, no director of the Corporation shall be personally liable to the Corporation or its stockholders for monetary damages for any breach of fiduciary duty as a director, notwithstanding any provision of law imposing such liability. No amendment to or repeal of this provision shall apply to or have any effect on the liability or alleged liability of any director of the Corporation for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal. If the General Corporation Law of the State of Delaware is amended to permit further elimination or limitation of the personal

Edgar Filing: Radius Health, Inc. - Form PRE 14C

liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Delaware as so amended.

EIGHTH: This Article EIGHTH is inserted for the management of the business and for the conduct of the affairs of the Corporation.

1. *General Powers.* The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors.

2. *Number of Directors; Election of Directors.* Subject to the rights of holders of any series of Preferred Stock to elect directors, the number of directors of the Corporation shall be established from time to time by the Board of Directors. Election of directors need not be by written ballot, except as and to the extent provided in the Bylaws of the Corporation.

3. *Classes of Directors.* Subject to the rights of holders of any series of Preferred Stock to elect directors, the Board of Directors shall be and is divided into three classes, designated as Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. The Board of Directors is authorized to assign members of the Board of Directors to Class I, Class II or Class III.

4. *Terms of Office.* Subject to the rights of holders of any series of Preferred Stock to elect directors, each director shall serve for a term ending on the date of the third annual meeting of stockholders following the annual meeting of stockholders at which such director was elected; *provided* that each director initially assigned to Class I shall serve for a term expiring at the Corporation's first annual meeting of stockholders held after the effectiveness of this Certificate of Incorporation; each director initially assigned to Class II shall serve for a term expiring at the Corporation's second annual meeting of stockholders held after the effectiveness of this Certificate of Incorporation; and each director initially assigned to Class III shall serve for a term expiring at the Corporation's third annual meeting of stockholders held after the effectiveness of this Certificate of Incorporation; *provided further*, that the term of each director shall continue until the election and qualification of his or her successor and be subject to his or her earlier death, resignation or removal.

5. *Quorum.* The greater of (a) a majority of the directors at any time in office and (b) one-third of the number of directors fixed pursuant to Section 2 of this Article EIGHTH shall constitute a quorum of the Board of Directors. If at any meeting of the Board of Directors there shall be less than such a quorum, a majority of the directors present may adjourn the meeting from time to time without further notice other than announcement at the meeting, until a quorum shall be present.

6. *Action at Meeting.* Every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present shall be regarded as the act of the Board of Directors unless a greater number is required by law or by this Certificate of Incorporation.

7. *Removal.* Subject to the rights of holders of any series of Preferred Stock, directors of the Corporation may be removed only for cause and only by the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon.

8. *Vacancies.* Subject to the rights of holders of any series of Preferred Stock, any vacancy or newly created directorship in the Board of Directors, however occurring, shall be filled only by vote of a majority of the directors then in office, although less than a quorum, or by a sole remaining director and shall not be filled by the stockholders, unless the Board of Directors determines by resolution that any such vacancy or newly created directorship shall be filled by the stockholders. A director elected to fill a vacancy shall hold office until the next election of the class for which such director shall have been chosen, subject to the election and qualification of a successor and to such director's earlier death, resignation or removal.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

9. *Stockholder Nominations and Introduction of Business, Etc.* Advance notice of stockholder nominations for election of directors and other business to be brought by stockholders before a meeting of stockholders shall be given in the manner provided by the Bylaws of the Corporation.

10. *Amendments to Article.* Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article EIGHTH.

NINTH: Stockholders of the Corporation may not take any action by written consent in lieu of a meeting. Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article NINTH.

TENTH: Special meetings of stockholders for any purpose or purposes may be called at any time only by the Board of Directors, the chairperson of the Board of Directors, the chief executive officer or the president (in the absence of a chief executive officer), and may not be called by any other person or persons. Business transacted at any special meeting of stockholders shall be limited to the purpose or purposes stated in the notice of meeting. Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article TENTH.

ELEVENTH: Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall, to the fullest extent permitted by law, be the sole and exclusive forum for (a) any derivative action or proceeding brought on behalf of the Corporation, (b) any action asserting a claim of breach of fiduciary duty owed by, or other wrongdoing by, any director, officer, employee or agent of the Corporation to the Corporation or the Corporation's stockholders, creditors or other constituents, (c) any action asserting a claim arising pursuant to any provision of the General Corporation Law of the State of Delaware or this Certificate of Incorporation or the Bylaws of the Corporation, (d) any action to interpret, apply, enforce or determine the validity of this Certificate of Incorporation or the Bylaws of the Corporation or (e) any action asserting a claim governed by the internal affairs doctrine, in each case subject to said Court of Chancery having personal jurisdiction over the indispensable parties named as defendants therein; provided that, if and only if the Court of Chancery of the State of Delaware dismisses any such action for lack of subject matter jurisdiction, such action may be brought in another state or federal court sitting in the State of Delaware. To the fullest extent permitted by applicable law, any person or entity purchasing or otherwise acquiring any interest in shares of capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article ELEVENTH. Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article ELEVENTH. If any provision or provisions of this Article ELEVENTH shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article ELEVENTH (including, without limitation, each portion of any sentence of this Article ELEVENTH containing any such provision held to be invalid, illegal or unenforceable that is not itself

Whether a person is a Ten Percent Owner shall be determined with respect to an Option based on the facts existing immediately prior to the Grant Date of the Option.

3. Term of the Plan

Unless the Plan shall have been earlier terminated by the Board, Awards may be granted under this Plan at any time in the period commencing on the date of approval of the Plan by the Board and ending immediately prior to the tenth anniversary of such approval. Awards granted pursuant to the Plan within that period shall not expire solely by reason of the termination of the Plan. Awards of Incentive Options may only be granted through the tenth anniversary of the earlier of the adoption of the Plan by the Board and the approval of the Plan by the Company's stockholders, however, and any Awards granted prior to stockholder approval of the Plan are hereby expressly conditioned upon such approval.

4. Stock Subject to the Plan

At no time shall the number of shares of Stock issued pursuant to or subject to outstanding Awards granted under the Plan exceed the sum of (a) eight million three hundred and eighty thousand and nineteen (8,380,019) shares of Stock, and (b) any shares of Stock which as of the Effective Date are available for issuance under the Prior Plan, or are subject to awards under the Prior Plan which are forfeited or lapse unexercised and which following the Effective Date are not issued under the Prior Plan; subject, however, to the provisions of Section 8 of the Plan. The maximum number of shares of Stock that may be issued pursuant to or subject to outstanding Awards, including Incentive Options, is nine million seven hundred thousand (9,700,000) (subject to the provisions of Section 8 of the Plan). For purposes of applying the limitations set forth in this Section 4, settlement of any Award shall not count against the such limitations except to the extent settled in the form of Stock and, without limiting the generality of the foregoing:

(i) if any Option or Stock-settled Stock Appreciation Right expires, terminates, or is cancelled for any reason without having been exercised in full, or if any other Award is forfeited by the recipient or repurchased at less than its Market Value as a means of effecting a forfeiture, the shares of Stock not purchased by the Optionee or which are forfeited by the recipient or repurchased shall again be available for Awards to be granted under the Plan;

(ii) if any Option is exercised by delivering previously owned shares of Stock in payment of the exercise price therefor, only the net number of shares, that is, the number of shares of Stock issued minus the number received by the Company in payment of the exercise price, shall be considered to have been issued pursuant to an Award granted under the Plan; and

(iii) any shares of Stock either tendered or withheld in satisfaction of tax withholding obligations of the Company or an Affiliate shall again be available for issuance under the Plan.

Shares of Stock issued pursuant to the Plan may be either authorized but unissued shares or shares held by the Company in its treasury or shares purchased on the open market.

5. Administration

The Plan shall be administered by the Committee; *provided, however*, that at any time and on any one or more occasions the Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee's exercise of its authorities hereunder; and *provided further, however*, that the Committee may delegate to an executive officer or officers the authority to grant Awards hereunder to employees who are not officers, and to consultants, in accordance with such guidelines as the Committee shall set forth at any time or from time to time. Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each Award to be granted by the Company under the Plan including the employee, consultant or director to receive the Award and the form of Award. In making such determinations, the Committee may take into account the nature of the services rendered by the

respective employees, consultants, and directors, their present and potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. Subject to the provisions of the Plan, the Committee shall also have complete authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it, to determine the terms and provisions of the respective Award Agreements (which need not be identical), and to make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations made in good faith on matters referred to in the Plan shall be final, binding and conclusive on all persons having or claiming any interest under the Plan or an Award made pursuant hereto.

6. Authorization of Grants

6.1. *Eligibility.* The Committee may grant from time to time and at any time prior to the termination of the Plan one or more Awards, either alone or in combination with any other Awards, to any employee of or consultant to one or more of the Company and its Affiliates or to any non-employee member of the Board or of any board of directors (or similar governing authority) of any Affiliate. However, only employees of the Company, and of any parent or subsidiary corporations of the Company, as defined in Sections 424(e) and (f), respectively, of the Code, shall be eligible for the grant of an Incentive Option.

6.2. *Non-Employee Director Awards.* The Committee may grant Awards to non-employee members of the Board, subject to the limitations of the Plan, pursuant to a written non-discretionary formula established by the Committee, or any successor committee thereto carrying out its responsibilities on the date of grant of any such Award (the "*Non-Employee Director Equity Compensation Policy*"). The Non-Employee Director Equity Compensation Policy shall set forth the type of Award(s) to be granted to non-employee members of the Board, the number of shares of Stock to be subject to Non-Employee Director Awards, the conditions on which such Awards shall be granted, become exercisable and/or payable and expire, and such other terms and conditions as the Committee (or such other successor committee as described above) shall determine in its discretion.

6.3. *General Terms of Awards.* Each grant of an Award shall be subject to all applicable terms and conditions of the Plan (including but not limited to any specific terms and conditions applicable to that type of Award set out in the following Section), and such other terms and conditions, not inconsistent with the terms of the Plan, as the Committee may prescribe. No prospective Participant shall have any rights with respect to an Award, unless and until such Participant shall have complied with the applicable terms and conditions of such Award (including if applicable delivering a fully executed copy of any agreement evidencing an Award to the Company).

6.4. *Effect of Termination of Employment, Etc.* Unless the Committee shall provide otherwise with respect to any Award, if the Participant's employment or other association with the Company and its Affiliates ends for any reason, including because of an Affiliate ceasing to be an Affiliate, (a) any outstanding Option or Stock Appreciation Right of the Participant shall cease to be exercisable in any respect not later than three months following that event and, for the period it remains exercisable following that event, shall be exercisable only to the extent exercisable at the date of that event, and (b) any other outstanding Award of the Participant shall be forfeited or otherwise subject to return to or repurchase by the Company on the terms specified in the applicable Award Agreement. Cessation of the performance of services in one capacity, for example, as an employee, shall not result in termination of an Award while the Participant continues to perform services in another capacity, for example as a director. Military or sick leave or other bona fide leave shall not be deemed a termination of employment or other association, *provided* that it does not exceed the longer of three months or the period during which the absent Participant's reemployment rights, if any, are guaranteed by statute or by contract. To the extent consistent with applicable law, the Committee may provide that Awards continue to vest for some or all of the period of any such leave, or that their vesting shall be tolled during any such leave and only recommence upon the Participant's return from leave, if ever.

6.5. *Non-Transferability of Awards.* Except as otherwise provided in this Section 6.5, Awards shall not be transferable, and no Award or interest therein may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. All of a Participant's rights in any Award may be exercised during the life of the Participant only by the Participant or the Participant's legal representative. However, the Committee may, at or after the grant of an Award of a Nonstatutory Option, or shares of Restricted Stock, provide that such Award may be transferred by the recipient to a family member; *provided, however*, that any such transfer is without payment of any consideration whatsoever and that no transfer shall be valid unless first approved by the Committee, acting in its sole discretion. For this purpose, "family member" means any child, stepchild, grandchild, parent, grandparent, stepparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which the foregoing persons have more than fifty (50) percent of the beneficial interests, a foundation in which the foregoing persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than fifty (50) percent of the voting interests.

6.6. *Additional Limits.* In no event shall the number of shares of Stock covered by Options or other Awards granted to any one person in any one calendar year exceed 1,250,000 shares of Stock (subject to adjustment pursuant to Section 8 of the Plan, except that any such adjustment shall not apply for the purpose of Awards to covered employees within the meaning of Section 162(m) of the Code intended to be or otherwise qualifying as Qualified Performance-Based Awards), and the maximum aggregate amount of cash that may be paid in cash during any calendar year with respect to one or more Awards payable in cash shall be \$2,000,000; provided, however, that the foregoing limitations shall not apply prior to the Public Trading Date and, following the Public Trading Date, the foregoing limitations shall not apply until the earliest of: (a) the first material modification of the Plan (including any increase in the number of shares reserved for issuance under the Plan under Section 4); (b) the issuance of all of the shares of Stock reserved for issuance under the Plan; (c) the expiration of the Plan; (d) the first meeting of stockholders at which members of the Board are to be elected that occurs after the close of the third calendar year following the calendar year in which the Public Trading Date occurred; or (e) such other date required by Section 162(m) of the Code and the rules and regulations promulgated thereunder. To the extent required by Section 162(m) of the Code, shares of Stock subject to Awards which are canceled shall continue to be counted against the limits set forth herein.

7. Specific Terms of Awards

7.1. *Options.*

(a) *Date of Grant.* The granting of an Option shall take place at the time specified in the Award Agreement. Only if expressly so provided in the applicable Award Agreement shall the Grant Date be the date on which the Award Agreement shall have been duly executed and delivered by the Company and the Optionee.

(b) *Exercise Price.* The price at which shares of Stock may be acquired under each Incentive Option shall be not less than 100% of the Market Value of Stock on the Grant Date, or not less than 110% of the Market Value of Stock on the Grant Date if the Optionee is a Ten Percent Owner. The price at which shares of Stock may be acquired under each Nonstatutory Option shall not be so limited solely by reason of this Section.

(c) *Option Period.* No Incentive Option may be exercised on or after the tenth anniversary of the Grant Date, or on or after the fifth anniversary of the Grant Date if the Optionee is a Ten Percent Owner. The Option period under each Nonstatutory Option shall not be so limited solely by reason of this Section.

(d) *Exercisability.* An Option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Committee may determine. In the case of an Option not otherwise immediately exercisable in full, the Committee may Accelerate such Option in whole or in part at any time; *provided, however*, that in the case of an Incentive Option, any such Acceleration of the Option would not cause the Option to fail to comply with the provisions of Section 422 of the Code or the Optionee consents to the Acceleration.

(e) *Method of Exercise.* An Option may be exercised by the Optionee giving written notice, in the manner provided in Section 17, specifying the number of shares of Stock with respect to which the Option is then being exercised. The notice shall be accompanied by payment in the form of cash or check payable to the order of the Company in an amount equal to the exercise price of the shares of Stock to be purchased or, subject in each instance to the Committee's approval, acting in its sole discretion, and to such conditions, if any, as the Committee may deem necessary to avoid adverse accounting effects to the Company,

(i) by delivery to the Company of shares of Stock having a Market Value equal to the exercise price of the shares to be purchased, or

(ii) by surrender of the Option as to all or part of the shares of Stock for which the Option is then exercisable in exchange for shares of Stock having an aggregate Market Value equal to the difference between (1) the aggregate Market Value of the surrendered portion of the Option, and (2) the aggregate exercise price under the Option for the surrendered portion of the Option, or

(iii) such other legal consideration deemed acceptable by the Committee.

If the Stock is traded on an established market, payment of any exercise price may also be made through and under the terms and conditions of any formal cashless exercise program authorized by the Company entailing the sale of the Stock subject to an Option in a brokered transaction (other than to the Company), such that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the aggregate payments required; *provided* that payment of such proceeds is then made to the Company upon settlement of such sale. Receipt by the Company of such notice and payment in any authorized or combination of authorized means shall constitute the exercise of the Option. Within thirty (30) days thereafter but subject to the remaining provisions of the Plan, the Company shall deliver or cause to be delivered to the Optionee or his agent a certificate or certificates for, or shall record using the book entry procedures of the Company, the number of shares then being purchased. Such shares of Stock shall be fully paid and nonassessable.

(f) *Limit on Incentive Option Characterization.* An Incentive Option shall be considered to be an Incentive Option only to the extent that the number of shares of Stock for which the Option first becomes exercisable in a calendar year do not have an aggregate Market Value (as of the date of the grant of the Option) in excess of the "current limit". The current limit for any Optionee for any calendar year shall be \$100,000 *minus* the aggregate Market Value at the date of grant of the number of shares of Stock available for purchase for the first time in the same year under each other Incentive Option previously granted to the Optionee under the Plan, and under each other incentive stock option previously granted to the Optionee under any other incentive stock option plan of the Company and its Affiliates. Any shares of Stock which would cause the foregoing limit to be violated shall be deemed to have been granted under a separate Nonstatutory Option, otherwise identical in its terms to those of the Incentive Option.

(g) *Notification of Disposition.* Each person exercising any Incentive Option granted under the Plan shall be deemed to have covenanted with the Company to report to the Company any disposition of the shares of Stock issued upon such exercise prior to the expiration of the holding periods specified by Section 422(a)(1) of the Code and, if and to the extent that the realization of

Edgar Filing: Radius Health, Inc. - Form PRE 14C

income in such a disposition imposes upon the Company federal, state, local or other withholding tax requirements, or any such withholding is required to secure for the Company an otherwise available tax deduction, to remit to the Company an amount in cash sufficient to satisfy those requirements.

7.2. *Stock Appreciation Rights.*

(a) *Tandem or Stand-Alone.* Stock Appreciation Rights may be granted in tandem with an Option (at or, in the case of a Nonstatutory Option, after, the award of the Option), or alone and unrelated to an Option. Stock Appreciation Rights in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem Stock Appreciation Rights are exercised.

(b) *Exercise Price.* Stock Appreciation Rights shall have an exercise price of not less than one hundred percent (100%) of the Market Value of the Stock on the date of award, or in the case of Stock Appreciation Rights in tandem with Options, the exercise price of the related Option.

(c) *Other Terms.* Except as the Committee may deem inappropriate or inapplicable in the circumstances, Stock Appreciation Rights shall be subject to terms and conditions substantially similar to those applicable to a Nonstatutory Option. In addition, a Stock Appreciation Right related to an Option which can only be exercised during limited periods following a Change of Control may entitle the Participant to receive an amount based upon the highest price paid or offered for Stock in any transaction relating to the Change of Control or paid during the thirty (30) day period immediately preceding the occurrence of the Change of Control in any transaction reported in the stock market in which the Stock is normally traded.

7.3. *Restricted Stock.*

(a) *Purchase Price.* Shares of Restricted Stock shall be issued under the Plan for such consideration, in cash, other property or services, or any combination thereof, as is determined by the Committee.

(b) *Issuance of Certificates; Book Entry Shares.* Each Participant receiving a Restricted Stock Award, subject to subsection (c) below, shall be issued a stock certificate in respect of such shares of Restricted Stock or the Company shall make a book entry. Such certificate or book entry shall be registered in the name of such Participant, and, if applicable, shall bear or refer to an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award substantially in the following form:

The shares evidenced hereby are subject to the terms and conditions of the Radius Health, Inc. 2011 Equity Incentive Plan and an Award Agreement entered into by the registered owner and Radius Health, Inc., copies of which will be furnished by the Company to the holder of the shares evidenced hereby upon written request and without charge.

(c) *Escrow of Shares.* The Committee may require that any stock certificates evidencing shares of Restricted Stock be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Participant deliver a stock power, endorsed in blank, relating to the Stock covered by such Award.

(d) *Restrictions and Restriction Period.* During the Restriction Period applicable to shares of Restricted Stock, such shares shall be subject to limitations on transferability and a Risk of Forfeiture arising on the basis of such conditions related to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

(e) *Rights Pending Lapse of Risk of Forfeiture or Forfeiture of Award.* Except as otherwise provided in the Plan or the applicable Award Agreement, at all times prior to lapse of any Risk of Forfeiture applicable to, or forfeiture of, an Award of Restricted Stock, the Participant shall have all of the rights of a stockholder of the Company, including the right to vote, and the right to receive any dividends with respect to, the shares of Restricted Stock (but any dividends or other distributions payable in shares of Stock or other securities of the Company shall constitute additional Restricted Stock, subject to the same Risk of Forfeiture as the shares of Restricted Stock in respect of which such shares of Stock or other securities are paid). The Committee, as determined at the time of Award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional Restricted Stock to the extent shares of Stock are available under Section 4.

(f) *Lapse of Restrictions.* If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, the book entry evidencing the shares of Stock for which the Restricted Period has lapsed promptly shall reflect such expiration. In the event share certificates are issued to evidence Restricted Stock, then upon the request of a Participant no more than once per year, the certificates evidencing such shares shall be delivered to the Participant.

7.4. *Restricted Stock Units.*

(a) *Character.* Each Restricted Stock Unit shall entitle the recipient to one or more shares of Stock at a close of such Restriction Period as the Committee may establish and subject to a Risk of Forfeiture arising on the basis of such conditions relating to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.

(b) *Form and Timing of Payment.* Payment of earned Restricted Stock Units shall be made in a single lump sum following the close of the applicable Restriction Period. At the discretion of the Committee, Participants may be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in grants of Restricted Stock Units but only following the close of the applicable Restriction Period and then only if the underlying Stock shall have been earned. Unless the Committee shall provide otherwise, any such dividend equivalents shall be paid, if at all, without interest or other earnings.

7.5. *Performance Units.*

(a) *Character.* Each Performance Unit shall entitle the recipient to the value of a specified number of shares of Stock, over the initial value for such number of shares, if any, established by the Committee at the time of grant, at the close of a specified Performance Period to the extent specified business objectives, including but not limited to Performance Goals, shall have been achieved.

(b) *Earning of Performance Units.* The Committee shall set Performance Goals or other business objectives in its discretion which, depending on the extent to which they are met within the applicable Performance Period, will determine the number and value of Performance Units that will be paid out to the Participant. After the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive payout on the number and value of Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Goals or other business objectives have been achieved.

(c) *Form and Timing of Payment.* Payment of earned Performance Units shall be made in a single lump sum following the close of the applicable Performance Period. At the discretion of the

Committee, Participants may be entitled to receive any dividends declared with respect to Stock which have been earned in connection with grants of Performance Units which have been earned, but not yet distributed to Participants. The Committee may permit or, if it so provides at grant require, a Participant to defer such Participant's receipt of the payment of cash or the delivery of Stock that would otherwise be due to such Participant by virtue of the satisfaction of any requirements or goals with respect to Performance Units. If any such deferral election is required or permitted, the Committee shall establish rules and procedures for such payment deferrals.

7.6. Performance Awards. The Administrator is authorized to grant Performance Awards to any Participant and to determine whether such Performance Awards shall be a Qualified Performance-Based Award. The value of Performance Awards may be linked to any one or more of the Performance Goals or other specific criteria determined by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. In making such determinations, the Committee shall consider (among such other factors as it deems relevant in light of the specific type of Award) the contributions, responsibilities and other compensation of the particular Participant. Performance Awards may be paid in cash, shares of Stock, or both, as determined by the Committee. Without limiting the foregoing, the Committee may grant Performance Awards to any Participant in the form of a cash bonus payable upon the attainment of objective Performance Goals, or such other criteria, whether or not objective, which are established by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. Any such bonuses paid to a Participant which are intended to be Qualified Performance-Based Awards shall be based upon objectively determinable bonus formulas established in accordance with the provisions of Section 7.8.

7.7. Stock Grants. Stock Grants shall be awarded solely in recognition of significant prior or expected contributions to the success of the Company or its Affiliates, as an inducement to employment, in lieu of compensation otherwise already due and in such other limited circumstances as the Committee deems appropriate. Stock Grants shall be made without forfeiture conditions of any kind.

7.8. Qualified Performance-Based Awards.

(a) *Purpose.* The purpose of this Section 7.8 is to provide the Committee the ability to qualify Awards as "performance-based compensation" under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant an Award as a Qualified Performance-Based Award, the provisions of this Section 7.8 will control over any contrary provision contained in the Plan. In the course of granting any Award, the Committee may specifically designate the Award as intended to qualify as a Qualified Performance-Based Award. However, no Award shall be considered to have failed to qualify as a Qualified Performance-Based Award solely because the Award is not expressly designated as a Qualified Performance-Based Award, if the Award otherwise satisfies the provisions of this Section 7.8 and the requirements of Section 162(m) of the Code applicable to "performance-based compensation."

(b) *Authority.* All grants of Awards intended to qualify as Qualified Performance-Based Awards and the determination of the terms applicable thereto shall be made by the Committee. If not all of the members thereof qualify as "outside directors" within the meaning of Section 162(m) of the Code, however, all grants of Awards intended to qualify as Qualified Performance-Based Awards and the determination of the terms applicable thereto shall be made by a subcommittee of the Committee consisting of such of the members of the Committee as do so qualify. Any reference in this Section 7.8 to the Committee shall mean any such subcommittee if required under the preceding sentence, and any action by such a subcommittee shall be considered the action of the Committee for purposes of the Plan.

(c) *Discretion of Committee with Respect to Qualified Performance-Based Awards.* Any form of Award permitted under the Plan, other than a Stock Grant, may be granted as a Qualified

Performance-Based Award. Options may be granted as Qualified Performance-Based Awards in accordance with Section 7.1 (except that the exercise price of any Option intended to qualify as a Qualified Performance-Based Award shall in no event be less than the Market Value of the Stock on the date of grant), and may become exercisable based on continued service, on satisfaction of Performance Goals, or on a combination thereof. Each other Award intended to qualify as a Qualified Performance-Based Award, such as Restricted Stock, Restricted Stock Units, or Performance Units, shall be subject to satisfaction of one or more Performance Goals except as otherwise provided in this Section 7.8. The Committee will have full discretion to select the length of any applicable Restriction Period or Performance Period, the kind and/or level of the applicable Performance Goal, and whether the Performance Goal is to apply to the Company, a subsidiary of the Company or any division or business unit or to the individual. Any Performance Goal or Goals applicable to Qualified Performance-Based Awards shall be objective, shall be established not later than ninety (90) days after the beginning of any applicable Performance Period (or at such other date as may be required or permitted for "performance-based compensation" under Section 162(m) of the Code) and shall otherwise meet the requirements of Section 162(m) of the Code, including the requirement that the outcome of the Performance Goal or Goals be substantially uncertain (as defined for purposes of Section 162(m) of the Code) at the time established.

(d) *Payment of Qualified Performance-Based Awards.* A Participant will be eligible to receive payment under a Qualified Performance-Based Award which is subject to achievement of a Performance Goal or Goals only if the applicable Performance Goal or Goals are achieved within the applicable Performance Period, as determined by the Committee, *provided*, that a Qualified Performance-Based Award may be deemed earned as a result of death, becoming disabled, or in connection with a Change of Control if otherwise provided in the Plan or the applicable Award Agreement even if the Award would not constitute "performance-based compensation" under Section 162(m) of the Code following the occurrence of such an event. In determining the actual size of an individual Qualified Performance-Based Award, the Committee may reduce or eliminate the amount of the Qualified Performance-Based Award earned for the Performance Period, if in its sole and absolute discretion, such reduction or elimination is appropriate.

(e) *Limitation on Adjustments for Certain Events.* No adjustment of any Qualified Performance-Based Award pursuant to Section 8 shall be made except on such basis, if any, as will not cause such Award to provide other than "performance-based compensation" within the meaning of Section 162(m) of the Code.

(f) *Definitions.* For purposes of the Plan

(i) *Performance Criteria* means the criteria that the Committee selects for purposes of establishing the Performance Goal or Performance Goals for a Participant for a Performance Period. The Performance Criteria used to establish Performance Goals are limited to: (i) cash flow (before or after dividends), (ii) earnings per share (including, without limitation, earnings before interest, taxes, depreciation and amortization), (iii) stock price, (iv) return on equity, (v) stockholder return or total stockholder return, (vi) return on capital (including, without limitation, return on total capital or return on invested capital), (vii) return on investment, (viii) return on assets or net assets, (ix) market capitalization, (x) economic value added, (xi) debt leverage (debt to capital), (xii) revenue, (xiii) sales or net sales, (xiv) backlog, (xv) income, pre-tax income or net income, (xvi) operating income or pre-tax profit, (xvii) operating profit, net operating profit or economic profit, (xviii) gross margin, operating margin or profit margin, (xix) return on operating revenue or return on operating assets, (xx) cash from operations, (xxi) operating ratio, (xxii) operating revenue, (xxiii) market share improvement, (xxiv) general and administrative expenses and (xxv) customer service.

(ii) *Performance Goals* means, for a Performance Period, the written goal or goals established by the Committee for the Performance Period based upon one or more of the Performance Criteria. The Performance Goals may be expressed in terms of overall Company performance or the performance of a division, business unit, subsidiary, or an individual, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Affiliate, either individually, alternatively or in any combination, and measured either quarterly, annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee. The Committee will objectively define the manner of calculating the Performance Goal or Goals it selects to use for such Performance Period for such Participant, including whether or to what extent there shall not be taken into account any of the following events that occurs during a performance period: (i) asset write-downs, (ii) litigation, claims, judgments or settlements, (iii) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs and (v) any extraordinary, unusual, non-recurring or non-comparable items (A) as described in Accounting Standard Codification Section 225-20, (B) as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's Annual Report to stockholders for the applicable year, or (C) publicly announced by the Company in a press release or conference call relating to the Company's results of operations or financial condition for a completed quarterly or annual fiscal period.

7.9. *Awards to Participants Outside the United States.* The Committee may modify the terms of any Award under the Plan granted to a Participant who is, at the time of grant or during the term of the Award, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. The Committee may establish supplements to, or amendments, restatements, or alternative versions of the Plan for the purpose of granting and administering any such modified Award. No such modification, supplement, amendment, restatement or alternative version may increase the share limit of Section 4.

8. Adjustment Provisions

8.1. *Adjustment for Corporate Actions.* All of the share numbers set forth in the Plan reflect the capital structure of the Company as of the Effective Date. If subsequent to that date the outstanding shares of Stock (or any other securities covered by the Plan by reason of the prior application of this Section) are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to shares of Stock, as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar distribution with respect to such shares of Stock, an appropriate and proportionate adjustment will be made in (i) the maximum numbers and kinds of shares provided in Section 4, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Awards, (iii) the exercise price for each share or other unit of any other securities subject to then outstanding Options and Stock Appreciation Rights (without change in the aggregate purchase price as to which such Options or Rights remain exercisable), and (iv) the repurchase price of each share of Restricted Stock then subject to a Risk of Forfeiture in the form of a Company repurchase right.

8.2. *Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.* In the event of any corporate action not specifically covered by the preceding Section, including but not limited to an extraordinary cash distribution on Stock, a corporate separation or other reorganization or liquidation, the Committee may make such adjustment of outstanding Awards and their terms, if any, as it, in its sole discretion, may deem equitable and appropriate in the circumstances. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in this Section) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

8.3. *Related Matters.* Any adjustment in Awards made pursuant to Section 8.1 or 8.2 shall be determined and made, if at all, by the Committee, acting in its sole discretion, and shall include any correlative modification of terms, including of Option exercise prices, rates of vesting or exercisability, Risks of Forfeiture, applicable repurchase prices for Restricted Stock, and Performance Goals and other business objectives which the Committee may deem necessary or appropriate so as to ensure the rights of the Participants in their respective Awards are not substantially diminished nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 8. The Committee, in its discretion, may determine that no fraction of a share of Stock shall be purchasable or deliverable upon exercise, and in that event if any adjustment hereunder of the number of shares of Stock covered by an Award would cause such number to include a fraction of a share of Stock, such number of shares of Stock shall be adjusted to the nearest smaller whole number of shares. No adjustment of an Option exercise price per share pursuant to Sections 8.1 or 8.2 shall result in an exercise price which is less than the par value of the Stock.

8.4. *Transactions.*

(a) *Definition of Transaction.* In this Section 8.4, "*Transaction*" means (1) any merger or consolidation of the Company with or into another entity as a result of which the Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (2) any sale or exchange of all of the Stock of the Company for cash, securities or other property, (3) any sale, transfer, or other disposition of all or substantially all of the Company's assets to one or more other persons in a single transaction or series of related transactions or (4) any liquidation or dissolution of the Company.

(b) *Treatment of Options and Share Appreciation Rights.* In a Transaction, the Committee may take any one or more of the following actions as to all or any (or any portion of) outstanding Options and Share Appreciation Rights ("*Rights*").

(1) Provide that such Rights shall be assumed, or substantially equivalent rights shall be provided in substitution therefore, by the acquiring or succeeding entity (or an affiliate thereof).

(2) Upon written notice to the holders, provide that the holders' unexercised Rights will terminate immediately prior to the consummation of such Transaction unless, in the case of vested Rights, such Rights are exercised within a specified period following the date of such notice.

(3) Provide that outstanding Rights shall become exercisable in whole or in part prior to or upon the Transaction.

(4) Provide for cash payments, net of applicable tax withholdings, to be made to holders equal to the excess, if any, of (A) the acquisition price times the number of shares of Stock subject to an Option (to the extent the exercise price does not exceed the acquisition price)

over (B) the aggregate exercise price for all such shares of Stock subject to the Option, in exchange for the termination of such Option; provided, that if the acquisition price does not exceed the exercise price of any such Option, the Committee may cancel that Option without the payment of any consideration therefore prior to or upon the Transaction. For this purpose, "*acquisition price*" means the amount of cash, and market value of any other consideration, received in payment for a share of Stock surrendered in a Transaction but need not take into account any deferred consideration unless and until received.

(5) Provide that, in connection with a liquidation or dissolution of the Company, Rights shall convert into the right to receive liquidation proceeds net of the exercise price thereof and any applicable tax withholdings.

(6) Any combination of the foregoing.

For purposes of paragraph (1) above, a Right shall be considered assumed, or a substantially equivalent right shall be considered to have been provided in substitution therefore, if following consummation of the Transaction the Right confers the right to purchase or receive the value of, for each share of Stock subject to the Right immediately prior to the consummation of the Transaction, the consideration (whether cash, securities or other property) received as a result of the Transaction by holders of Stock for each share of Stock held immediately prior to the consummation of the Transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); *provided, however*, that if the consideration received as a result of the Transaction is not solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof), the Committee may provide for the consideration to be received upon the exercise of the Right to consist of or be based on solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof) equivalent in value to the per share consideration received by holders of outstanding shares of Stock as a result of the Transaction.

(c) *Treatment of Other Awards.* As to outstanding Awards other than Options or Share Appreciation Rights, upon the occurrence of a Transaction other than a liquidation or dissolution of the Company which is not part of another form of Transaction, the repurchase and other rights of the Company under each such Award shall inure to the benefit of the Company's successor and shall, unless the Committee determines otherwise, apply to the cash, securities or other property which the Stock was converted into or exchanged for pursuant to such Transaction in the same manner and to the same extent as they applied to the Award. Upon the occurrence of a Transaction involving a liquidation or dissolution of the Company which is not part of another form of Transaction, except to the extent specifically provided to the contrary in the instrument evidencing any Award or any other agreement between a Participant and the Company, all Risks of Forfeiture and Performance Goals or other business objectives, where otherwise applicable to any such Awards, shall automatically be deemed terminated or satisfied, as applicable.

(d) *Related Matters.* In taking any of the actions permitted under this Section 8.4, the Committee shall not be obligated to treat all Awards, all Awards held by a Participant, or all Awards of the same type, identically. Any determinations required to carry out the foregoing provisions of this Section 8.4, including but not limited to the market value of other consideration received by holders of Stock in a Transaction and whether substantially equivalent Rights have been substituted, shall be made by the Committee acting in its sole discretion. In connection with any action or actions taken by the Committee in respect of Awards and in connection with a Transaction, the Committee may require such acknowledgements of satisfaction and releases from Participants as it may determine.

9. Change of Control

Upon the occurrence of a Change of Control, the Committee shall take such action deemed necessary or appropriate by the Committee and may, but shall not be required to, provide for Acceleration of all or any portion of the Awards then subject to vesting, a risk of forfeiture or a repurchase right; provided, however, that the foregoing shall not apply in the case of a Qualified Performance-Based Award except to the extent the foregoing would not interfere with the qualification of the Award under 162(m) of the Code at any time prior to a Change of Control (so that, for example, if a Change of Control occurs but does not constitute a change of control within the meaning of Section 162(m) of the Code, there shall be no Acceleration of any Qualified Performance-Based Award pursuant to this Section 9, but if the Change of Control does constitute a change of control within the meaning of Section 162(m) of the Code, then the Award shall Accelerate to the extent provided by the Committee, if any, regardless of whether it thereafter ceases to qualify as a Qualified Performance-Based Award).

10. Settlement of Awards

10.1. *In General.* Options and Restricted Stock shall be settled in accordance with their terms. All other Awards may be settled in cash, Stock, or other Awards, or a combination thereof, as determined by the Committee at or after grant and subject to any contrary Award Agreement. The Committee may not require settlement of any Award in Stock pursuant to the immediately preceding sentence to the extent issuance of such Stock would be prohibited or unreasonably delayed by reason of any other provision of the Plan.

10.2. *Violation of Law.* Notwithstanding any other provision of the Plan or the relevant Award Agreement, if, at any time, in the reasonable opinion of the Company, the issuance of shares of Stock covered by an Award may constitute a violation of law, then the Company may delay such issuance and the delivery of a certificate or book entry for such shares until (i) approval shall have been obtained from such governmental agencies, other than the Securities and Exchange Commission, as may be required under any applicable law, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the Securities and Exchange Commission, one of the following conditions shall have been satisfied:

(a) the shares of Stock are at the time of the issue of such shares effectively registered under the Securities Act of 1933, as amended; or

(b) the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such shares does not require registration under the Securities Act of 1933, as amended or any applicable State securities laws.

The Company shall make all reasonable efforts to bring about the occurrence of said events.

10.3. *Corporate Restrictions on Rights in Stock.* Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company. Whenever Stock is to be issued pursuant to an Award, if the Committee so directs at or after grant, the Company shall be under no obligation to issue such shares until such time, if ever, as the recipient of the Award (and any person who exercises any Option, in whole or in part), shall have become a party to and bound by the Stockholders' Agreement, if any. In the event of any conflict between the provisions of this Plan and the provisions of the Stockholders' Agreement, the provisions of the Stockholders' Agreement shall control except as required to fulfill the intention that this Plan constitute an incentive stock option plan within the meaning of Section 422 of the Code, but insofar as possible the provisions

of the Plan and such Agreement shall be construed so as to give full force and effect to all such provisions.

10.4. *Book Entry of Shares.* Notwithstanding any other provision of the Plan, unless otherwise determined by the Committee or required by any applicable law, rule or regulation, the Company shall not deliver to any Participants certificates evidencing shares of Stock issued in connection with any Award and instead such shares of Stock shall be recorded in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

10.5. *Investment Representations.* The Company shall be under no obligation to issue any shares of Stock covered by any Award unless the shares to be issued pursuant to Awards granted under the Plan have been effectively registered under the Securities Act of 1933, as amended, or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such shares will be exempt from the registration requirements of that Act and any applicable state securities laws and otherwise in compliance with all applicable laws, rules and regulations, including but not limited to that the Participant is acquiring the shares for his or her own account for the purpose of investment and not with a view to, or for sale in connection with, the distribution of any such shares.

10.6. *Registration.* If the Company shall deem it necessary or desirable to register under the Securities Act of 1933, as amended, or other applicable statutes any shares of Stock issued or to be issued pursuant to Awards granted under the Plan, or to qualify any such shares of Stock for exemption from the Securities Act of 1933, as amended or other applicable statutes, then the Company shall take such action at its own expense. The Company may require from each recipient of an Award, or each holder of shares of Stock acquired pursuant to the Plan, such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose and may require reasonable indemnity to the Company and its officers and directors from that holder against all losses, claims, damage and liabilities arising from use of the information so furnished and caused by any untrue statement of any material fact therein or caused by the omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were made. In addition, the Company may require of any such person that he or she agree that, without the prior written consent of the Company or the managing underwriter in any public offering of shares of Stock, he or she will not sell, make any short sale of, loan, grant any option for the purchase of, pledge or otherwise encumber, or otherwise dispose of, any shares of Stock during the 180 day period commencing on the effective date of the registration statement relating to the underwritten public offering of securities. Without limiting the generality of the foregoing provisions of this Section 10.6, if in connection with any underwritten public offering of securities of the Company the managing underwriter of such offering requires that the Company's directors and officers enter into a lock-up agreement containing provisions that are more restrictive than the provisions set forth in the preceding sentence, then (a) each holder of shares of Stock acquired pursuant to the Plan (regardless of whether such person has complied or complies with the provisions of clause (b) below) shall be bound by, and shall be deemed to have agreed to, the same lock-up terms as those to which the Company's directors and officers are required to adhere; and (b) at the request of the Company or such managing underwriter, each such person shall execute and deliver a lock-up agreement in form and substance equivalent to that which is required to be executed by the Company's directors and officers.

10.7. *Placement of Legends; Stop Orders; etc.* Each share of Stock to be issued pursuant to Awards granted under the Plan may bear a reference to the investment representations made in accordance with Section 10.5 in addition to any other applicable restrictions under the Plan, the terms of the Award and if applicable under the Stockholders' Agreement and to the fact that no registration statement has been filed with the Securities and Exchange Commission in respect to such shares of

Stock. All certificates for shares of Stock or other securities delivered under the Plan shall be subject to, and any book entries shall reflect, such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be placed on any such certificates or book entries to make appropriate reference to such restrictions.

10.8. *Tax Withholding.* Whenever shares of Stock are issued or to be issued pursuant to Awards granted under the Plan, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements if, when, and to the extent required by law (whether so required to secure for the Company an otherwise available tax deduction or otherwise) prior to the delivery of any certificate or certificates or book entry or entries for such shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the recipient of an Award. However, in such cases Participants may elect, subject to the approval of the Committee, acting in its sole discretion, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares of Stock to satisfy their tax obligations. Participants may only elect to have shares of Stock withheld having a Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee deems appropriate.

10.9. *Company Charter and By-Laws; Other Company Policies.* This Plan and all Awards granted hereunder are subject to the charter and By-Laws of the Company, as they may be amended from time to time, and all other Company policies duly adopted by the Board, the Committee or any other committee of the Board and as in effect from time to time regarding the acquisition, ownership or sale of Stock by employees and other service providers, including, without limitation, policies intended to limit the potential for insider trading and to avoid or recover compensation payable or paid on the basis of inaccurate financial results or statements, employee conduct, and other similar events.

11. Reservation of Stock

The Company shall at all times during the term of the Plan and any outstanding Awards granted hereunder reserve or otherwise keep available such number of shares of Stock as will be sufficient to satisfy the requirements of the Plan (if then in effect) and the Awards and shall pay all fees and expenses necessarily incurred by the Company in connection therewith.

12. Limitation of Rights in Stock; No Special Service Rights

A Participant shall not be deemed for any purpose to be a stockholder of the Company with respect to any of the shares of Stock subject to an Award, unless and until a book entry is made or a certificate shall have been issued therefor and delivered to the Participant or his agent. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the Certificate of Incorporation and the By-laws of the Company. Nothing contained in the Plan or in any Award Agreement shall confer upon any recipient of an Award any right with respect to the continuation of his or her employment or other association with the Company (or any Affiliate), or interfere in any way with the right of the Company (or any Affiliate), subject to the terms of any separate employment or consulting agreement or provision of law or corporate articles or by-laws to the contrary, at any time to terminate such employment or consulting agreement or to increase or decrease, or otherwise adjust, the other terms and conditions of the recipient's employment or other association with the Company and its Affiliates.

13. Unfunded Status of Plan

The Plan is intended to constitute an "unfunded" plan for incentive compensation, and the Plan is not intended to constitute a plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments with respect to Options, Stock Appreciation Rights and other Awards hereunder, *provided, however*, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

14. Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board nor any action taken in connection with the adoption or operation of the Plan shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options and restricted stock other than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

15. No Guarantee of Tax Consequences

Neither the Company nor any Affiliate, nor any director, officer, agent, representative or employee of either, guarantees to the Participant or any other person any particular tax consequences as a result of the grant of, exercise of rights under, or payment in respect of an Award, including but not limited to that an Option granted as an Incentive Option has or will qualify as an "incentive stock option" within the meaning of Section 422 of the Code or that the provisions and penalties of Section 409A of the Code, pertaining non-qualified plans of deferred compensation, will or will not apply.

16. Termination and Amendment of the Plan

16.1. *Termination or Amendment of the Plan.* Subject to the limitations contained in Section 16.3 below, including specifically the requirement of stockholder approval if applicable, the Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Unless the Board otherwise expressly provides, no amendment of the Plan shall affect the terms of any Award outstanding on the date of such amendment.

16.2. *Termination or Amendment of Outstanding Awards; Assumptions.* Subject to the limitations contained in Section 16.3 below, including specifically the requirement of stockholder approval if applicable, the Committee may at any time:

(a) amend the terms of any Award theretofore granted, prospectively or retroactively, provided that the Award as amended is consistent with the terms of the Plan;

(b) accept the cancellation of outstanding Awards or of outstanding stock options or other equity-based compensation awards granted by another issuer in return for the grant of new Awards for the same or a different number of shares of Stock and on the same or different terms and conditions (including but not limited to the exercise price of any Option); and

(c) (i) offer to buy out for a payment in cash or cash equivalents an Award previously granted or (ii) authorize the recipient of an Award to elect to cash out an Award previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

16.3. *Limitations on Amendments, Etc.*

The Company shall obtain stockholder approval of any Plan amendment or modification to the extent necessary to comply with applicable laws or the rules of any relevant stock exchange. For the avoidance of doubt, the Board and Committee shall have the authority, without the approval of the stockholders of the Company, to amend any outstanding Award, in whole or in part, to increase or reduce the price per share or to cancel and replace an Award, in whole or in part, with cash and/or the grant of an Award having a price per share that is less than, greater than or equal to the price per share of the original Award.

No amendment or modification of the Plan by the Board, or of an outstanding Award by the Board or Committee, shall impair the rights of the recipient of any Award outstanding on the date of such amendment or modification or such Award, as the case may be, without the Participant's consent; *provided, however*, that no such consent shall be required if (i) the Board or Committee, as the case may be, determines in its sole discretion and prior to the date of any Change of Control that such amendment or alteration either is required or advisable in order for the Company, the Plan or the Award to satisfy any law or regulation, including without limitation the provisions of Section 409A of the Code, or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard, or (ii) the Board or Committee, as the case may be, determines in its sole discretion and prior to the date of any Change of Control that such amendment or alteration is not reasonably likely to significantly diminish the benefits provided under the Award, or that any such diminution has been adequately compensated.

17. Notices and Other Communications

Any notice, demand, request or other communication hereunder to any party shall be deemed to be sufficient if contained in a written instrument delivered in person or duly sent by first class registered, certified or overnight mail, postage prepaid, or telecopied with a confirmation copy by regular, certified or overnight mail, addressed or telecopied, as the case may be, (i) if to the recipient of an Award, at his or her residence address last filed with the Company and (ii) if to the Company, at its principal place of business, addressed to the attention of its Treasurer, or to such other address or telecopier number, as the case may be, as the addressee may have designated by notice to the addressor. All such notices, requests, demands and other communications shall be deemed to have been received: (i) in the case of personal delivery, on the date of such delivery; (ii) in the case of mailing, when received by the addressee; and (iii) in the case of facsimile transmission, when confirmed by facsimile machine report. Notwithstanding anything in this Section 17 to the contrary, in the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Participant may be permitted through the use of such an automated system and the use of such system shall satisfy the notice, demand, request and other communication delivery requirements of this Section 17.

18. Governing Law

It is intended that all Awards shall be granted and maintained on a basis which ensures they are exempt from, or otherwise compliant with, the requirements of Section 409A of the Code and the Plan shall be governed, interpreted and enforced consistent with such intent. None of the Board, the Committee or the Company, nor any of the Affiliates of the Company or the officers, employees, agents, or representatives of the Company or any of the Affiliates of the Company, shall have any liability or responsibility for any adverse federal, state or local tax consequences and penalty taxes which may result the grant or settlement of any Award on a basis contrary to the provisions of Section 409A of the Code or comparable provisions of any applicable state or local income tax laws. The Plan and all Award Agreements and actions taken thereunder otherwise shall be governed, interpreted and enforced in accordance with the laws of the State of Delaware, without regard to the conflict of laws principles thereof.

The following is a statement of the designations and the powers, privileges and rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

A. COMMON STOCK.

1. *General.* The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights of the holders of the Preferred Stock of any series as may be designated by the Board of Directors upon any issuance of the Preferred Stock of any series.

2. *Voting.* The holders of the Common Stock shall have voting rights at all meetings of stockholders, each such holder being entitled to one vote for each share thereof held by such holder; *provided, however,* that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (which, as used herein, shall mean the certificate of incorporation of the Corporation, as amended from time to time, including the terms of any certificate of designations of any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon pursuant to this Certificate of Incorporation or the General Corporation Law of the State of Delaware. There shall be no cumulative voting.

The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law of the State of Delaware.

Preferred Stock may be issued from time to time in one or more series, each of such series to have such terms as stated or expressed herein and in the resolution or resolutions providing for the issue of such series adopted by the Board of Directors of the Corporation as hereinafter provided.

Authority is hereby expressly granted to the Board of Directors from time to time to issue the Preferred Stock in one or more series, and in connection with the creation of any such series, by adopting a resolution or resolutions providing for the issuance of the shares thereof and by filing a certificate of designations relating thereto in accordance with the General Corporation Law of the State of Delaware, to determine and fix the number of shares of such series and such voting powers, full or limited, or no voting powers, and such designations, preferences and relative participating, optional or other special rights, and qualifications, limitations or restrictions thereof, including without limitation thereof, dividend rights, conversion rights, redemption privileges and liquidation preferences, as shall be stated and expressed in such resolutions, all to the fullest extent now or hereafter permitted by the General Corporation Law of the State of Delaware. The stockholders may not adopt, amend, alter or repeal the Bylaws of the Corporation, or adopt any provision inconsistent therewith, unless such action is approved, in addition to any other vote required by this Certificate of Incorporation, by the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon. Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article SIXTH.

SEVENTH: Except to the extent that the General Corporation Law of the State of Delaware prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty, no director of the Corporation shall be personally liable to the Corporation or its stockholders for monetary damages for any breach of fiduciary duty as a director, notwithstanding any provision of law imposing such liability. No amendment to or repeal of this provision shall apply to or have any effect on the liability or alleged liability of any director of the Corporation for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal. A director elected to fill a vacancy shall hold office until the next election of the class for which such director shall have been chosen, subject to the election and qualification of a successor and to such director's earlier death, resignation or removal.

Edgar Filing: Radius Health, Inc. - Form PRE 14C

9. *Stockholder Nominations and Introduction of Business, Etc.* Advance notice of stockholder nominations for election of directors and other business to be brought by stockholders before a meeting of stockholders shall be given in the manner provided by the Bylaws of the Corporation.

10. *Amendments to Article.* Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article EIGHTH.

NINTH: Stockholders of the Corporation may not take any action by written consent in lieu of a meeting. Notwithstanding any other provisions of law, this Certificate of Incorporation or the Bylaws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least two-thirds in voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article NINTH.

TENTH: Special meetings of stockholders for any purpose or purposes may be called at any time only by the Board of Directors, the chairperson of the Board of Directors, the chief executive officer or the president (in the absence of a chief executive officer), and may not be called by any other person or persons.
