Item 8.01. Other Events.

As a result of certain organizational realignments effective January 1, 2014, we evaluated changes to our internal financial reporting to better align our internal reporting to how we will manage our business going forward. This evaluation resulted in changes to our reportable segments effective January 1, 2014 and, as a result, we have restated previously reported segment information. As a result of the changes to our reportable segments, the former North American Business segment has been separated into two unique reportable segments, which we refer to as (1) our North American Records and Information Management Business segment and (2) our North American Data Management Business segment. In addition, the Emerging Businesses segment, which was previously reported as a component of the former North American Business segment, is now reported as a component of our Corporate and Other segment.

Item 9.01. Financial Statements and Exhibits.

Attached as Exhibit 99.1 to the Current Report on Form 8-K are restated versions of Items 1, 2, 6, 7 and 15 of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, as filed with the Securities and Exchange Commission on February 28, 2014 (the "Original 10-K"), which reflect only the changes associated with the presentation of segment reporting discussed above. All other Items of the Original 10-K remain unchanged. This Current Report on Form 8-K should be read in conjunction with the portions of the Original 10-K that have not been updated herein.
