Item 1.01 - Entry into a Material Definitive Agreement.

As previously reported, Thunder Mountain Gold, Inc. (the Company) initiated a non-brokered private placement of 1,200,000 units (each a Unit) at a price of CAD\$0.17 per Unit for aggregate gross proceeds of CAD\$204,000 (the Private Placement). Each Unit was comprised of one share of common stock and one common stock purchase warrant (each a Warrant) entitling the holder to purchase one additional share of common stock of the Company for a period of two years following the closing of the Private Placement at a price of CAD\$0.20 per share. The Warrants are subject to an accelerated exercise period in the event that the Company's shares trade at a price of greater than CAD\$0.25 per share for 20 consecutive trading days at any time during the period following six months after the closing of the Private Placement. No registration rights were granted in connection with the Private Placement. The Private Placement was conducted outside of the United States pursuant to available exemptions from applicable registration and prospectus requirements. The Units and the Warrants sold in the Private Placement are not listed for trading on any market. The Units, the Common Shares, the Warrants and any shares issuable upon exercise of the Warrants are restricted securities under the Securities Act Of 1933, as amended (the Act) and the certificates representing such securities will be endorsed with legends confirming that transfers of the securities may not be effected other than pursuant to a registration statement filed under the Act or pursuant to further available exemptions from the registration requirements of the Act.

The closing date for the Private Placement was November 8, 2011, and the Company received \$204,000 in gross proceeds.

The Private Placement was considered a *non-brokered transaction* as the Company did not retained an agent to offer and sell the Units. Finder's fees are payable to Garry Miller (together, the Finders) of (i) a cash commission of \$18,300; and, (ii) share purchase warrants of 108,000.

The Private Placement was believed exempt from registration pursuant to the exemption for transactions by an issuer not involving any public offering under Rule 903 of Regulation S of the Act, with respect to non-U.S. investors. The securities offered, sold, and issued in connection with the private placement have not been or are not registered under the Securities Act of 1933, as amended, or any state securities laws and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or an applicable exemption from the registration requirements.

Item 3.02 - Unregistered Sales of Equity Securities.
