ADVANCED 3-D ULTRASOUND SERVICES, INC. (FORMERLY YSEEK, INC.)
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2003

The information presented herein as of March 31, 2003, and for the three-months ended March 31, 2003 and 2002, is unaudited.

(1) Organization:

The Company changed its name from Yseek, Inc. to Advanced 3-D Ultrasound Service, Inc. on May 12, 2003.

(2) Basis of Presentation:

The accompanying financial statements of Advanced 3-D Ultrasound Services, Inc. (Formerly Yseek, Inc.) (the Company) have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and item 310(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal required adjustments) considered necessary for a fair presentation have been included.

Operating results for the three-month period ended March 31, 2003, are not necessarily indicative of the results that may be expected for the year ending December 31, 2003. For further information, refer to the financial statements and footnotes included in the Company's annual report of Form 10-KSB for the year ended December 31, 2002.

Net loss per common share is computed in accordance with the requirements of Statement of Financial Accounting Standards No. 128 (SFAS 128). SFAS 128 requires net loss per share information to be computed using a simple weighted average of common shares outstanding during the periods presented. In computing diluted loss per share, warrants exercisable into common shares were excluded because the effect is antidilutive.

(3) Loss on Impairment of Software License and Discontinued Operations:

Late in 2000, the Company launched an Internet search portal called Yseek.com based on a ten-year license it acquired in late 2000. During 2001 and 2002, the Company entered into several short-term revenue sharing agreements with internet host sites to generate traffic to the site and generate revenues. The Company's management with internet related experience resigned from the Company in September 2002.

In December 2002, current management determined they would dispose of their

Edgar Filing: YSEEK INC - Form 10QSB

software license for an Internet search portal called Yseek.com due to the lack of revenues, experience of current management with internet businesses and due to the lack of funds available to generate sufficient revenues from the site. Management will attempt to sell the license however there is not an active market for such an asset, and no buyer is presently identified. As of December 31, 2002, the net book value of the license was \$517,754. The Company recognized a loss from impairment of \$517,754 in 2002. The Company discontinued internet operations in December 2002.

Amortization expense on software license, which is included in loss from discontinued operations, was \$16,350 for the three months ended March 31, 2002.

Summarized results of internet operations for the three months ended March 31, 2003 and 2002, are as follows:

		Three Ma
Net sales	\$	2003
Operating loss	\$	
Loss from discontinued operations	\$	

(4) Stock Transactions:

During the three months ended March 31, 2003, the Company sold 3,799,999 shares of common stock for cash of \$57,000.

On February 1, 2003, the Company entered into a consulting agreement with an individual to investigate a potential business opportunity for a period of ninety days. In exchange for services, the consultant will receive \$10,000 and 1,000,000 common shares. The Company recognized an expense of \$15,000 related to the shares issued which represents the market value of the shares.

Item 2. Management's Discussion and Analysis or Plan of Operation

PLAN OF OPERATION

During the first eight months of 2002, the Company's board of directors and officers were affiliated with companies and individuals with substantial experience in the Internet industry. Prior to 2002, strategic alliances and consulting agreements had allowed the Company to acquire management and marketing expertise with these individuals and companies. In September 2002 these officers and directors elected new officers and directors and then resigned. The new officers and directors have been involved with the company since its inception, except for the period from April 2001 to September 2002.

In late 2000, the Company acquired a ten-year software license for the use of a keyword biddable search engine and related domain names. The Company entered into two traffic promotion agreements whereby each promoter provided hits to the Company web site. The Company issued stock in exchange for these agreements enabling the Company to move forward on its plans without the use of any funds. The stock issued under the traffic promotion agreements was returned in September 2002. New management elected in September 2002 has decided not to pursue an Internet related business and therefore recognized an impairment loss for the unamortized value of the search engine in the fourth quarter of 2002. Management will attempt to sell the remaining term of the license however there

Edgar Filing: YSEEK INC - Form 10QSB

is no ready market and the ultimate proceeds, if any, cannot be determined.

The Company's plans include acquiring or developing profitable business ventures. The Company is currently actively exploring several possible acquisitions however there are no pending letters of intent, active negotiations or other plans. On February 1, 2003, the Company entered into a consulting agreement with an individual to investigate a potential business opportunity for a period of ninety days. In exchange for these services, the consultant will receive \$10,000 and 1,000,000 common shares. Currently the Company is actively pursuing the business of 3-D fetal photography. 3-D fetal photography provides clear color photographs of an unborn child. The Company believes recent improvements make this technology practical and desired by parents. In response to the companies decision to pursue this business venture, the Company changed its name to Advanced 3-D Ultrasound Services, Inc. effective May 12, 2003.

The Companies plans to acquire or develop a profitable business venture will require additional funds. From September, 2002 through December, 2002, the Company received \$138,730 from sales of common stock, of which \$35,000 was from one of the new officers who is a major stockholder. This initial funding was used primarily to pay off debts and to fund minimal administrative costs. In the first quarter of 2003, the Company received an additional \$72,000 from sales of common stock. This funding was used to fund administrative costs and to fund the consulting agreement noted in the preceding paragraph. The Company plans to fund the operations of the company through additional sales of common stock. Acquisitions will be funded through a combination of cash, stock and debt. The Company has adopted a subscription agreement to raise \$300,000 of which \$200,000 will be used for fetal photography development and \$100,000 used for working capital. The Company also believes that in the current marketplace they are an attractive merger partner due to their public company status.

As of March 31, 2003 the Company had cash available of approximately \$12,800. However, the Company's operations are currently minimal and the cash outflows have been substantially reduced. Additionally the Company's officers and board members have agreed to fund the Company's operations if necessary.

In October 2002 the Company entered into employment agreements with its vice president and treasurer. The employment agreements are for the period October 1, 2002 through September 30, 2003. Compensation under both agreements will be 4,500,000 common shares valued at \$.01 per share. Bonuses can be paid at the discretion of the Board.
