Morgan Group Holding Co. Notes to Financial Statements

Note 1. Basis of Presentation

Morgan Group Holding Co. ("Holding" or "the Company") was incorporated in November 2001 as a wholly-owned subsidiary of Lynch Interactive Corporation ("Interactive") to serve, among other business purposes,

as a holding company for Interactive's controlling interest in The Morgan Group, Inc. ("Morgan"). On December 18, 2001, Interactive's controlling interest in Morgan was transferred to Holding. At the time, Holding owned 68.5% of Morgan's equity interest and 80.8% of Morgan's voting interest. On January 24, 2002, Interactive spun off 2,820,051 shares of the Company's common stock through a pro rata distribution ("Spin-Off") to its stockholders. Interactive retained 235,294 shares of the Company's common stock to be distributed in connection with the potential conversion of a convertible note that had been issued by Interactive. Such note was repurchased by Interactive in 2002 and Interactive retains the shares.

On October 3, 2002, Morgan ceased its operations when its liability insurance expired and it was unable to secure replacement insurance. On October 18, 2002, Morgan and two of its operating subsidiaries filed voluntary petitions under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Indiana, South Bend Division for the purpose of conducting an orderly liquidation of Morgan's assets.

As Morgan has ceased operations and is in the process liquidating itself, in the accompanying balance sheet, the assets and liabilities of Morgan have been reflected as one line. Holding's management currently believes that it is very unlikely that Holding will realize any value from its equity ownership in Morgan. Furthermore, Holding has no obligation or intention to fund any of Morgan's liabilities, therefore, Holding's investment in Morgan was believed to have no value after the liquidation. As the liquidation of Morgan is under the control of the bankruptcy court, Holding believes it has relinquished control of Morgan and accordingly, has ceased consolidating the financial statements of Morgan.

On October 18, 2002, Morgan adopted the liquidation basis of accounting and accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carry value of Morgan's liabilities exceeded the fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

All highly liquid investments with maturity of three months or less when purchased are considered to be cash equivalents. The carrying value of cash equivalents approximates its fair value based on its nature.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-QSB and Articles 10 and 11 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2005. The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that effect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Note 2. Net assets of Morgan Group

At March 31, 2005, December 31, 2004, and March 31, 2004, the estimated value of Morgan's assets in liquidation were insufficient to satisfy its estimated obligations.

-6-

Note 3. Income Taxes

No income tax benefit has been recorded in the accompanying financial statements, as the realization of such losses, for income tax purposes, is dependent upon the generation of future taxable income during the period when such losses would be deductible. Therefore, the recording of the deferred tax asset of \$1.5 million would be inconsistent with applicable accounting rules.

Note 4. Commitments and Contingencies

Holding has not guaranteed any of the obligations of Morgan and it has no further commitment or obligation to fund any creditors.

Note 5. Financial Statements not reviewed by Independent Public Accountants

On May 2, 2003, the client-auditor relationship between Holding and Ernst & Young LLP ceased. As a result, these interim financial statements have not been reviewed by independent public accountants.

-7-

ITEM 2. Management's $\,$ Discussion and Analysis of Financial Condition and Results of Operations

Management's Discussion and Analysis of Financial Condition and Plan of Operation.

Overview

On October 18, 2002, Morgan adopted the liquidation basis of accounting and accordingly, Morgan's assets and liabilities have been adjusted to estimate net realizable value. As the carrying value of Morgan's liabilities exceeded the fair value of its assets, the liabilities were reduced to equal the estimated net realizable value of the assets.

The Company currently has no operating businesses and will seek acquisitions as part of its strategic alternatives. Its only costs are the administrative expenses required to make the regulatory filings needed to maintain its public status. These costs are estimated at \$50,000\$ to \$100,000 per year.

Results of Operations

For the three months ended March 31, 2005, the Company incurred \$2,000 of expenses as compared to \$1,000 of expenses in the first three months of 2004.

Investment income was \$2,000 in the first quarter of 2005 as compared to \$1,000

in the first quarter of 2004.

Liquidity and Capital Resources

As of March 31, 2005, the Company's only assets consisted of \$401,000 in cash and an unrecognized asset relating to a tax loss carryforward, primarily capital, of about \$4 million.

Item 4. Controls and Procedures

As a result of the Bankruptcy, Morgan's corporate, financial and accounting staff has been substantially reduced, thereby impairing the ability of Morgan to maintain internal controls and adequate disclosure controls and procedures. On November 12, 2002, Morgan filed a Form 15 with the Securities and Exchange Commission to terminate its registration under Section 12(g) of the Exchange Act. Given the current status of Morgan, neither the chief executive officer nor the chief financial officer of Holding has been able to evaluate the effectiveness of the disclosure controls and procedures of Morgan.

-8-

Forward Looking Discussion

This report contains a number of forward-looking statements, including statements regarding the prospective adequacy of the Company's liquidity and capital resources in the near term. From time to time, the Company may make other oral or written forward-looking statements regarding its anticipated operating revenues, costs and expenses, earnings and other matters affecting its operations and condition. Such forward-looking statements are subject to a number of material factors, which could cause the statements or projections contained therein, to be materially inaccurate. Such factors include the estimated administrative expenses of the Company on a go forward basis.
