ITEM 2.02. Results of Operations and Financial Condition

To the extent applicable, the information set forth in Item 7.01 of this 8-K hereby is incorporated by reference in this Item 2.02.

ITEM 7.01. REGULATION FD DISCLOSURE.

On January 14, 2009, the Company implemented payroll and other related cost reductions primarily because of reduced demand anticipated for its products from the United States President's Emergency Plan for AIDS Relief or PEPFAR. The anticipated reduced demand is primarily due to a change in the testing protocol in Nigeria, which the Company first reported in March 2008.

In 2008 the Company realized revenues related to Nigeria of approximately \$3MM, which constituted approximately 30% of its revenues. The Company is terminating approximately 33% of its employees in production-related activities. In addition, the Company is taking other cost-reduction actions, which, when fully implemented and combined with the aforementioned personnel reductions, are anticipated to reduce quarterly compensation and other costs by a total of at least \$300,000 as compared to the fourth quarter of 2008.

In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K is being furnished and shall not be deemed "filed" for the purpose of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing.
