INDEPENDENT AUDITORS' REPORT

The Board of Directors
Pfizer Inc:

We have audited the accompanying combined balance sheets of Schick (a business unit of Pfizer Inc) as of December 31, 2002 and 2001, and the related combined statements of income, business unit equity, and cash flows for each of the years in the three-year period ended December 31, 2002. These combined financial statements are the responsibility of Pfizer Inc.'s management. Our responsibility is to express an opinion on these combined financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Schick (a business unit of Pfizer Inc) as of December 31, 2002 and 2001, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.
