The Perficient 401(k) Employee Savings Plan

Austin, Texas

We have audited the accompanying statements of net assets available for benefits (Form 5500, Schedule H) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years ended December 31, 2003 and 2002 (Form 5500, Schedule H) of the Perficient 401(k) Employee Savings Plan. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Perficient 401(k) Employee Savings Plan as of December 31, 2003 and 2002, and the changes in its net assets available for benefits for the years ended December 31, 2003 and 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2003, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

<b>Years of Service</b>	<b>Nonforfeitable Percentage</b>

### **Payment of Benefits**

Participants are entitled to receive benefit payments at the normal retirement age of 65, in the event of the participant's death or disability, or in the event of termination under certain circumstances other than normal retirement, disability or death, or if the participant reaches age 70 ½ while still employed. Benefits may be paid in a lump-sum distribution or installment payments.

**Forfeited Accounts**

In accordance with the Plan provisions, the forfeitures of participants leaving the Plan are reallocated to the remaining participants. Forfeitures during the years ended December 31, 2003 and 2002, were \$4,569 and \$9,278, respectively.

Upon written application of a participant, the Plan may make a loan to the participant. Participants are allowed to borrow no less than \$1,000 and no greater than the lesser of 50% of the participant's vested account balance, or \$50,000. Loans are amortized over a maximum of 60 months unless used to purchase the participant's principal residence and repayment is made through payroll deductions. The amount of the loan is deducted from the participant's investment accounts and bears interest at a rate commensurate with local rates for similar plans.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The financial statements of the Plan have been prepared on the accrual basis of accounting, except for benefit payments, which are reported when paid.

**Valuation of Investments**

Investments in mutual funds, employer securities, and the general insurance account are stated at fair value, which is determined based on quoted market prices. Participant loans are stated at cost, which approximates fair value.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**6. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.
