(1) The Company's 1995 Stock Plan and 2001 Stock Plan (collectively, the "Option Plans") provide for the grant of options, stock purchase rights, stock appreciation rights, performance shares, performance units and deferred stock units to officers, employees and consultants of the Company. Options granted under the Option Plans may be either nonstatutory options or incentive stock options. The exercise price is determined by the Board of Directors or its Compensation Committee and, in the case of incentive stock options, may not be less than 100% of the fair market value of the common stock on the date of grant (110% in the case of grants to 10% shareholders). The options expire not more than six years from the date of grant and may be exercised only while the optionee is employed by the Company or within such period of time after termination of employment as is determined by the Board or its Committee at the time of grant. The Board of Directors may determine when options granted may be exercisable.

(2) The Company granted options to purchase an aggregate of 508,850 shares to all employees other than executive officers and granted options to purchase an aggregate of 385,000 shares to all executive officers as a group (7 persons), during fiscal 2004.

(3) This column sets forth hypothetical gains or option spreads for the options at the end of their respective ten-year terms, as calculated in accordance with the rules of the SEC. Each gain is based on an arbitrarily assumed annualized rate of compound appreciation of the market price at the date of grant of 5% and 10% from the date the option was granted to the end of the option term. The 5% and 10% rates of appreciation are specified by the rules of the SEC and do not represent the Company's estimate or projection of future common stock prices. The Company does not necessarily agree that this method properly values an option. Actual gains, if any, on option exercises are dependent on the future performance of the Company's common stock and overall market conditions.

The following table shows, as to the individuals named in the Summary Compensation Table above, information concerning stock options exercised during the fiscal year ended October 2, 2004 and the value of unexercised options at such date:

Luis Spinelli	2,000	28,942	22,000	70,000	21,600	155,750

(1) The value realized is calculated based on the closing sale price of the Company's common stock as reported by the Nasdaq National Market on the date of exercise minus the exercise price of the option, and does not necessarily indicate that the optionee sold such stock.

(2) The Company's 2001 Stock Plan provides for the grant of Stock Appreciation Rights, but no such rights were granted during the fiscal year ended October 2, 2004.

(3) The market value of underlying securities is based on the difference between the closing sale price of the Company's common stock on October 2, 2004 of \$26.00 (as reported by Nasdaq National Market) and the exercise price per share.

Director Compensation

In fiscal year 2004, members of the Board of Directors who were not employees of the Company received \$20,000 plus \$2,000 per board meeting attended plus \$1,000 per committee meeting attended. The 1998 Directors' Plan was amended by the stockholders on March 23, 2003. As of January 17, 2005, 90,000 shares were reserved for issuance thereunder. Under the terms of the 1998 Directors' Plan, the number of shares reserved for issuance thereunder is increased each year by the number of shares necessary to restore the total number of shares reserved to 150,000 shares. The 1998 Directors' Plan replaced the Directors' Option Plan which expired on December 8, 1999. The 1998 Directors' Plan provides for the automatic and non-discretionary grant of a non-statutory stock option to purchase 30,000 shares of the Company's common stock to each non-employee director on the date on which such person becomes a director. Thereafter, each non-employee director will be automatically granted a non-statutory stock option to purchase 12,000 shares of common stock on the date of and immediately following each Annual Meeting of Stockholders at which such non-employee director is reelected to serve on the Board of Directors, if, on such date, he or she has served on the Board for at least three months. Such plan provides that the exercise price shall be equal to the fair market value of the common stock on the date of grant of the options.

Three non-employee directors have each been granted options to purchase 48,000 shares of the Company's common stock under such plan at a weighted average exercise price of \$30.32 per share. One non-employee director has been granted options to purchase 63,000 shares of the Company's common stock under such plan at a weighted average exercise price of \$34.63 per share. One non-employee director has been granted options to purchase 30,000 shares of the Company's common stock under such plan at a weighted average exercise price of \$26.70 per share.
