This Current Report on Form 8-K contains forward-looking statements that involve risks and uncertainties, including, without limitation, statements concerning our business and possible or assumed future results of operations. Certain words, such as believe, may, could, will, intend, expect, anticipate, plan, and similar expressions are used to identify forward-looking statements. Undue reliance should not be placed on these forward-looking statements. The Registrant's actual results could differ materially from those anticipated in the forward-looking statements for many reasons including: its ability to raise capital when necessary; availability of parts and raw materials for its products; continued customer acceptance of its products; ongoing success of its research and development efforts; competition in its markets and industry segments; greater than expected costs; and other risks and uncertainties as may be detailed from time to time in the Registrant's public announcements and SEC filings. Although the Registrant believes the expectations reflected in the forward-looking statements are reasonable, they relate only to events as of the date on which the statements are made, and the Registrant's future results, levels of activity, performance or achievements may not meet these expectations. The Registrant does not intend to update any of the forward-looking statements after the date of this document to conform these statements to actual results or to changes in its expectations, except as required by law.
