Forward Looking Statements

This communication contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements relating to the proposed transaction between Constellation and MidAmerican and the expected timing and completion of the transaction. Words such as anticipate, believe, plan, estimate, expect, intend, will, should, may, and other similar words are intended to identify forward looking statements. Such statements are based upon the current beliefs and expectations of our management and involve a number of significant risks and uncertainties, many of which are difficult to predict and are generally beyond the control of Constellation and MidAmerican. Actual results may differ materially from the results anticipated in these forward-looking statements. There can be no assurance as to the timing of the closing of the transaction, or whether the transaction will close at all. The following factors, among others, could cause or contribute to such material differences: the ability to obtain the approval of the transaction by Constellation's shareholders; the ability to obtain governmental approvals of the transaction or to satisfy other conditions to the transaction on the terms and expected timeframe or at all; transaction costs; economic conditions; a material adverse change in the business, assets, financial condition or results of operations of Constellation; a material deterioration in Constellation's retail and/or wholesale businesses and assets; and the effects of disruption from the transaction making it more difficult to maintain relationships with employees, customers, other business partners or government entities. Additional factors that could cause Constellation's results to differ materially from those described in the forward-looking statements can be found in the periodic reports filed with the Securities and Exchange Commission and in the proxy statement Constellation has filed with the Securities and Exchange Commission and mailed to its shareholders with respect to the proposed transaction, which are or will be available at the Securities and Exchange Commission's Web site (<http://www.sec.gov>) at no charge. Constellation assumes no responsibility to update any forward-looking statements as a result of new information or future developments except as expressly required by law.

November 28, 2008

Dear Shareholder,

We have previously sent to you proxy materials for the special meeting of shareholders of Constellation Energy to be held on December 23, 2008. At the special meeting, shareholders will consider the proposed merger involving Constellation Energy and MidAmerican Energy Holdings Company. If shareholders approve the merger, you will receive \$26.50 in cash for each share of Constellation Energy, less any applicable withholding taxes, upon the closing of the transaction. **Your Board of Directors recommends shareholders vote FOR the proposed transaction.**

The financial and energy markets have experienced an unprecedented downturn during the past year. In light of the extraordinary circumstances facing Constellation Energy, our Board determined the merger with MidAmerican is the best possible outcome for our shareholders, employees, customers, investors and communities.

We urge you to vote **FOR** the proposed transaction **TODAY** by telephone, via the Internet or by signing, dating and returning the enclosed proxy card in the postage-paid envelope provided. Approval of the transaction requires the affirmative vote of the holders of a majority of the outstanding shares of common stock held on the record date. Any shares not voted have the same effect as a vote against the proposed transaction, so regardless of how many shares you own, it is vital that you vote **FOR** the transaction **TODAY**.(i)

Why You Should Vote FOR the Transaction

Without a significant and immediate cash infusion, the Board of Constellation Energy determined that a rating agency downgrade was probable and would likely lead to bankruptcy. On Sept. 19, MidAmerican offered the only viable proposal to provide the immediate \$1 billion cash infusion necessary to avoid this outcome.

Your company's Board recognized that the \$26.50 per share was likely to be greater than shareholders could expect from a bankruptcy filing, which was the most likely alternative. Moreover, the Board believed the backing of MidAmerican and its parent company, Berkshire Hathaway, led by Warren Buffett, would bring long-term financial sustainability. Already, MidAmerican has made available to Constellation Energy, in addition to its \$1 billion investment, further liquidity in the amount of \$350 million.

There were no viable alternatives to the proposal MidAmerican offered during the week of Sept.15. All other parties either declined to participate or were unable to make the immediate, substantial investment in Constellation Energy within the timeframe necessary to avoid bankruptcy. **Faced with extraordinary circumstances, your Board determined that the MidAmerican agreement is the best choice for Constellation Energy shareholders.**

**The Transaction Enables Constellation Energy to Continue Serving the Needs
Of Our Communities and Provide Continued Benefits to Customers**

MidAmerican has made the following commitments to assure the continuity of our business and our services to our customers and communities:

- Following a modest increase in electric distribution rates of up to 2.5 percent in 2009, there will be no increase in gas and electric distribution rates for BGE customers in 2010 or the first half of 2011. These commitments result in potential benefits of as much as \$70 million for BGE customers.

- MidAmerican has expressed support of the UniStar Nuclear Energy joint venture with the EDF Group to develop advanced nuclear generation and has affirmed its support for the proposed new nuclear plant at Calvert Cliffs.

- Constellation Energy will continue to run autonomously with local Baltimore-based management and will continue its strong tradition of active community involvement. BGE's charitable and community-related contributions will be maintained at no less than the three-year average of approximately \$2.9 million annually through 2013.

MidAmerican has a clear track record of buying and building upon strong companies and intends to be the last owner of Constellation Energy.

Your Vote Is Extremely Important

Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form DEFA14A

The failure to vote or abstaining from voting has the same effect as a vote against the merger agreement.

Sincerely,

Mayo A. Shattuck III
