Item 1.01 Entry into a Material Definitive Agreement.

Indenture for 8¾% Senior Subordinated Notes due 2019

On August 14, 2009, Penn National Gaming, Inc. (the Company) issued \$325.0 million aggregate principal amount of 8¾% Senior Subordinated Notes due 2019 (the Notes) pursuant to an Indenture, dated as of August 14, 2009 (the Indenture), between the Company and Wells Fargo Bank, National Association, as Trustee (the Trustee). The Notes will not be guaranteed; *provided, however*, that to the extent any of the Company's subsidiaries guarantee its existing or future senior subordinated debt securities, excluding its 67/8% Senior Subordinated Notes due 2011 (the 67/8% Notes) and subject to certain exceptions, such subsidiaries also will guarantee the Notes.

The Notes are the general unsecured obligations of the Company and are subordinated in right of payment to all of the Company's existing and future senior debt. The Notes rank *pari passu* in right of payment with the Company's existing and future senior subordinated debt, including the Company's existing \$250.0 million of 6¾% Senior Subordinated Notes due 2015 and \$200.0 million of 67/8% Notes; *provided, however*, that because the Notes will not be guaranteed they will be structurally subordinated to the 67/8% Notes (which are guaranteed by certain of the Company's subsidiaries) due to the fact that the holders of the 67/8% Notes will have a prior claim, ahead of holders of the Notes, on the assets of such subsidiary guarantors. As previously announced, the Company has commenced a cash tender offer and consent solicitation for all of the outstanding 67/8% Notes. If any or all of the 67/8% Notes are not purchased in the tender offer, the Company intends to redeem, on or after December 1, 2009, or defease or discharge, any and all of the then outstanding 67/8% Notes in accordance with the indenture governing such notes.

The Company intends to use the net proceeds from the offering of the Notes (i) to repay \$40 million of borrowings, together with accrued and unpaid interest thereon, under its term loan A facility, (ii) to fund the previously announced tender offer and consent solicitation for all of the 67/8% Notes and pay related transaction fees and expenses, and to redeem, defease or discharge any of the 67/8% Notes that are not tendered and (iii) for general corporate purposes. As an alternative to using the net proceeds from the offering of the Notes to refinance the 67/8% Notes as described above, the Company may use a portion of such net proceeds to repay all or a portion of outstanding borrowings under the Company's revolving credit facility and then re-draw revolver borrowings to refinance the 67/8% Notes.

The Notes will mature on August 15, 2019 and bear interest at the rate of 8¾% per annum. The Company may redeem the Notes at any time on and after August 15, 2014 at the declining redemption premiums set forth in the Indenture and prior to August 15, 2014 at a make-whole premium expressed as a spread to a defined United States Treasury security rate, plus accrued interest, as described in the Indenture. In addition, prior to August 15, 2012, the Company may redeem the Notes at a price of 108.75% with the net proceeds of equity offerings so long as at least 65% of the aggregate principal amount of Notes originally issued under the Indenture remains outstanding. The Notes are also subject to redemption requirements imposed by gaming laws and regulations of gaming authorities in jurisdictions in which the Company and its subsidiaries conduct gaming operations.

If the Company experiences a change of control accompanied by a decline in the rating of the Notes, the Company must give holders of the Notes the opportunity to sell the Company their Notes at 101% of their principal amount, plus accrued interest. If the Company or its subsidiaries engage in asset sales, they generally must either invest the net cash proceeds from such sales in their business within a period of time, prepay senior debt or make an offer to purchase a principal amount of the Notes equal to the excess net cash proceeds at a purchase price equal to 100% of their principal amount, plus accrued interest.

Edgar Filing: PENN NATIONAL GAMING INC - Form 8-K

The Indenture contains covenants limiting the Company (and most of its subsidiaries) ability to: incur additional debt and issue certain preferred stock; pay dividends or distributions on its capital stock or repurchase its capital stock; make certain investments; create liens on its assets to secure certain debt; enter into transactions with affiliates; merge or consolidate with another company; transfer and sell assets; and designate subsidiaries as unrestricted subsidiaries. These covenants are subject to a number of important and significant limitations, qualifications and exceptions.

Events of default under the Indenture include, among others, the following: default for 30 days in the payment when due of interest on the Notes, default in payment when due of the principal of or premium, if any, on the Notes; failure to comply with certain covenants in the Indenture, in some cases without notice from the trustee or the holders of Notes; and certain events of bankruptcy. In the case of an event of default arising from certain events of bankruptcy or insolvency with respect to the Company, all Notes then outstanding will become due and payable immediately without further action or notice.

The foregoing description is not complete and is qualified in its entirety by the Indenture, which is filed herewith as Exhibit 4.1 and incorporated herein by this reference.

Registration Rights Agreement for 8¾% Senior Subordinated Notes due 2019

On August 14, 2009, in connection with the issuance of the Notes, the Company entered into a registration rights agreement with Deutsche Bank Securities Inc., Wells Fargo Securities, LLC, Banc of America Securities LLC and RBS Securities Inc., each for itself and on behalf of each of the other initial purchasers (the "Registration Rights Agreement"), pursuant to which and on the terms and subject to the conditions of which, the Company has agreed to use its reasonable best efforts to file with the Securities and Exchange Commission (the "SEC") and cause to become effective, in each case within specified time periods, a registration statement with respect to a registered offer (the "Exchange Offer") to exchange the Notes for substantially identical debt securities of the Company that are registered under the Securities Act. Under certain circumstances, in lieu of an Exchange Offer registration statement, the Company has agreed to file a shelf registration statement with the SEC with respect to the resale of the Notes.

If the Company does not file the required registration statement on time, or if the SEC does not declare the required registration statement effective on time, or if the Company does not complete the Exchange Offer on time (each, a "Registration Default"), then the Company will pay liquidated damages in cash to each holder of the applicable Notes with respect to the first 90-day period (or portion thereof) while a Registration Default is continuing immediately following the occurrence of such Registration Default, in an amount equal to 0.25% per annum of the principal amount of the applicable Notes. The amount of liquidated damages will increase by an additional 0.25% per annum of the principal amount of the applicable Notes for each subsequent 90-day period (or portion thereof) while a Registration Default is continuing until all Registration Defaults have been cured, up to a maximum amount of 0.50% of the principal amount of the applicable Notes. Following the cure of a particular Registration Default, the accrual of liquidated damages with respect to such Registration Default will cease.

The foregoing description is not complete and is qualified in its entirety by the Registration Rights Agreement, which is filed herewith as Exhibit 10.1 and incorporated herein by this reference.
