NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(dollars in thousands, except share data)

(unaudited)

**Note 1. Basis of Presentation and Organization**

The accompanying condensed consolidated financial statements of Five Star Quality Care, Inc. and its subsidiaries, which we refer to as the Company, we, us or our, have been prepared without audit. Certain information and disclosures required by U.S. generally accepted accounting principles, or GAAP, for complete financial statements have been condensed or omitted. We believe the disclosures made are adequate to make the information presented not misleading. However, the accompanying financial statements should be read in conjunction with the financial statements and notes contained in our Annual Report on Form 10-K for the year ended December 31, 2010, or our Annual Report. In the opinion of our management, all adjustments, which include only normal recurring adjustments, considered necessary for a fair presentation have been included. All material intercompany transactions and balances have been eliminated. Our operating results for interim periods are not necessarily indicative of the results that may be expected for the full year. For discussion of our liquidity and capital resources see Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations of this Quarterly Report on Form 10-Q.

We operate senior living communities, including independent living communities, assisted living communities and skilled nursing facilities, or SNFs. As of June 30, 2011, we operated 228 senior living communities containing 24,004 living units, including 190 primarily independent and assisted living communities with 20,581 living units and 38 SNFs with 3,423 living units. We own 27 communities (2,413 living units), we lease 191 communities (20,767 living units) and we manage 10 communities (824 living units). Our 228 senior living communities included 6,935 independent living apartments, 11,715 assisted living suites and 5,354 skilled nursing units. Two SNFs owned by us containing 271 living units that we have classified as discontinued operations are excluded from the preceding data.

We also lease and operate two rehabilitation hospitals with 321 beds that provide inpatient rehabilitation services to patients at the two hospitals and three satellite locations. In addition, we operate 13 outpatient clinics affiliated with these rehabilitation hospitals. We also own and operate five institutional pharmacies.

**Note 2. Recent Accounting Pronouncements**

In May 2011, the Financial Accounting Standards Board, or FASB, issued an accounting standards update requiring additional disclosures regarding fair value measurements. The update clarifies the application of existing fair value measurement requirements. The update also requires reporting entities to disclose additional information regarding fair value measurements categorized within Level 3 of the fair value hierarchy. The update is effective for interim and annual reporting periods beginning after December 15, 2011.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

In June 2011, FASB issued an accounting standards update requiring additional disclosure regarding comprehensive income. The update requires reporting entities to present items of net income, items of other comprehensive income and total comprehensive income in one continuous statement of comprehensive income or in two separate consecutive statements. The update also requires reporting entities to present the components of other comprehensive income in their interim and annual financial statements. The update is effective for interim and annual reporting periods beginning after December 15, 2011.

The adoption of these updates is not expected to cause any material changes to the disclosures in our condensed consolidated financial statements.

### **Note 3. Property and Equipment**

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(dollars in thousands, except share data)

(unaudited)

As of June 30, 2011 and December 31, 2010, we had assets of \$8,568 and \$7,752, respectively, included in our property and equipment that we intend to sell to Senior Housing Properties Trust, or SNH, as permitted by our leases with SNH.

**Note 4. Other Comprehensive Income**

Other comprehensive income for the three and six months ended June 30, 2011 and 2010 is summarized below:

	Three months ended June 30,		Six months ended June 30,	
	2011	2010	2011	2010
Net income	\$ 5,196	\$ 8,153	\$ 9,329	\$ 12,238
Net change in unrealized appreciation of investments	322	(400)	676	521
Our share of Affiliates Insurance Company's other comprehensive income	39		43	
Comprehensive income	\$ 5,557	\$ 7,753	\$ 10,048	\$ 12,759

Cumulative other comprehensive income represents the net unrealized appreciation of investments and our share of Affiliates Insurance Company, or AIC's, other comprehensive income.

**Note 5. Financial Data by Segment**

Our reportable segments consist of our senior living community business and our rehabilitation hospital business. In the senior living community segment we operate for our own account or manage for the account of SNH independent living communities, assisted living communities and SNFs that are subject to centralized oversight and provide housing and services generally to elderly residents. Our rehabilitation hospital segment provides inpatient rehabilitation services to patients at two hospital locations and three satellite locations and outpatient rehabilitation services at 13 affiliated outpatient clinics. We do not consider our institutional pharmacy operations to be a material, separately reportable segment of our business. Consequently, we report our institutional pharmacy revenues and expenses as separate items within our corporate and other activities. All of our operations and assets are located in the United States, except for the operations of our captive insurance company, which participates in our workers' compensation, liability and automobile insurance programs and is located in the Cayman Islands.

Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

We use segment operating profit as a means to evaluate our performance and for our business decision making purposes. Segment operating profit excludes interest, dividend and other income, interest and other expense, and corporate expenses.

Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

**Note 6. Goodwill and Other Intangible Assets**

The changes in the carrying amount of goodwill and other intangible assets from January 1, 2011 to June 30, 2011 are as follows:

	Senior Living Communities(1)	Corporate and Other(2)	Total
Balance as of January 1, 2011	\$ 11,695	\$ 4,027	\$ 15,722
Amortization of intangibles	(45)	(181)	(226)
Balance as of June 30, 2011	\$ 11,650	\$ 3,846	\$ 15,496

(1) Goodwill and other intangible assets in our Senior Living Communities segment relate to management agreements and trademarks we acquired in connection with one of the leases we initiated with SNH in 2009 and goodwill we recorded in connection with our senior living community acquisitions in previous years.

(2) Intangible assets in our Corporate and Other segment relate to customer agreements we acquired in connection with our pharmacy acquisitions.

**Note 7. Income Taxes**

We do not currently recognize the benefit of all of our deferred tax assets, including tax loss carry forwards that may be used to offset future taxable income because we currently do not believe that it is more likely than not that we will realize such benefit. In measuring our deferred tax assets, we considered all available evidence, both positive and negative, to determine whether, based on the weight of that evidence, a valuation allowance is needed for all or a portion of the deferred tax assets. Judgment is required in considering the relative impact of negative and positive evidence. The weight given to the potential effect of negative and positive evidence is commensurate with the extent to which it can be objectively verified. The more negative evidence that exists, the more positive evidence is necessary and the more difficult it is to support a conclusion that a valuation allowance is unnecessary. In order to realize these deferred tax assets, we would be required to rely on our projections of future income. However, we believe that our history of losses coupled with the uncertainties surrounding the current changes to the healthcare industry and our declining occupancy rates creates sufficient negative evidence such that realization of the required forecasted income is not more likely than not. As a result, we believe a full valuation allowance against our deferred tax assets is required. When we believe that we will more likely than not realize the benefit of our deferred tax assets, we will record deferred tax assets as an income tax benefit

in our consolidated statement of income, which will affect our results of operations. As of December 31, 2010, our federal net operating loss carry forward, which begins to expire in 2025 if unused, was approximately \$107,249, and our tax credit carry forward, which begins to expire in 2022 if unused, was approximately \$4,351. Our net operating loss carry forwards and tax credit carry forwards are subject to audit and adjustments by the Internal Revenue Service.

For the six months ended June 30, 2011, we recognized tax expenses of \$820, which includes tax expense of \$744 for state taxes on operating income that are payable without regard to our tax loss carry forwards. Tax expense also includes \$76 related to a non-cash deferred liability arising from the amortization of goodwill for tax purposes but not for book purposes.

### **Note 8. Earnings Per Share**

We computed basic earnings per share, or EPS, for the three and six months ended June 30, 2011 and 2010 using the weighted average number of shares outstanding during the periods. Diluted EPS for the periods ended June 30, 2011 and 2010 reflects additional shares of our common stock, \$0.01 par value per share, or our common shares, related to our convertible senior notes due in 2026, or the Notes, that would have been outstanding if dilutive potential common shares had been issued, as well as any adjustment to income applicable to common shareholders that would result from their assumed issuance. The weighted average shares outstanding used to calculate basic and diluted EPS include 511,560 and 435,090 unvested common shares as of June 30, 2011 and 2010, respectively, issued to our officers and others under our 2001 Stock Option and Stock Plan.

(1) Long lived assets held for sale consist of property and equipment we expect to sell to SNH as permitted by our leases. We have either recently acquired the assets or the assets are part of active construction projects and we expect to sell these assets to SNH at their recorded cost. Accordingly, the cost of these assets approximates their fair value.

(2) Investments in available for sale securities are reported on our balance sheet as current and long term investments in available for sale securities and are carried at fair value of \$19,954 and \$12,445, respectively. We determine the estimated fair value of our available for sale securities by reviewing each security's current market price, the ratings of the security, the financial condition of the issuer and our intent and ability to retain the investment during temporary market price fluctuations or until maturity. In evaluating the factors described above, we presume a decline in value to be an other than temporary impairment if the quoted market price of the security is below the security's cost basis for an extended period. However, this presumption may be overcome if there is persuasive evidence indicating the value decline is temporary in nature, such as when the operating performance of the obligor is strong or if the market price of the security is historically volatile. When we believe that a change in fair value of an available for sale security is temporary, we record a corresponding credit or charge to other comprehensive income for any unrealized gains or losses. When we determine that an impairment in the fair value of an available for sale security is an other than temporary impairment, we record a charge to earnings.

Our investments in available for sale securities with amortized costs of \$26,247 and \$11,638 as of June 30, 2011 and December 31, 2010, respectively, had unrealized gains of \$6,193 and \$5,515 as of June 30, 2011 and December 31, 2010, respectively, and had unrealized losses of \$41 and \$40 as of June 30, 2011 and December 31, 2010, respectively. At June 30, 2011, eight of the securities we hold have been in a loss position for one to three months. During the three months ended June 30, 2011, we received proceeds of \$1,108 in connection with the sale of available for sale securities and recorded a realized gain totaling \$53 and a realized loss totaling \$2.

During the six months ended June 30, 2011, we did not change the type of inputs used to determine the fair value of our assets and liabilities that we measure at fair value. Accordingly, there were no transfers of assets or liabilities between levels of the fair hierarchy during the period ended June 30, 2011.

The carrying values of accounts receivable, acquisition deposits, the equity investment in AIC and our mortgage notes payable approximate fair value as of June 30, 2011 and December 31, 2010. The carrying value and fair value of the Notes was \$37,282 and \$35,623, respectively, as of June 30, 2011 and \$37,905 and \$35,631, respectively, as of December 31, 2010. We estimate the fair value of the Notes using quoted market data for these securities. We measured the fair value of our equity investment in AIC by considering, among other things, the individual assets and liabilities held by AIC, AIC's overall financial condition and earning trends, and the financial condition and prospects for the insurance industry generally.

**Note 10. Acquisitions**

In May 2011, we acquired a senior living community containing 116 living units located in Arizona for \$25,600, excluding closing costs. We financed the acquisition with cash on hand and by assuming a Federal National Mortgage Association, or FNMA, mortgage note for \$19,952. We have included the results of this community's operations in our consolidated financial statements from the date of acquisition. We allocated the purchase price of this community to land, building and equipment. This community primarily provides independent and assisted living services and all of the residents pay for their services with private resources.

Also in May 2011, we agreed to acquire six senior living communities located in Indiana containing 738 living units for \$122,760, excluding closing costs and including the assumption of approximately \$19,500 of mortgage notes. The six communities primarily offer independent and assisted living services, which are paid by residents from their private

resources. In June 2011, we completed the acquisition of two of these communities containing 197 living units for an aggregate purchase price, excluding closing costs, of \$40,360 and funded the acquisition with proceeds of a bridge loan from SNH, or the Bridge Loan (see Note 11). In July 2011, we completed the acquisition of an additional community containing 151 living units for a purchase price, excluding closing costs, of \$30,400 and funded the acquisition with the proceeds of a public offering of our common shares (see Note 12) and by borrowing \$15,000 under the Bridge Loan. We expect to complete the acquisition of the remaining three communities containing 390 living units for an aggregate purchase price, excluding closing costs, of \$52,000 and fund the acquisition by assuming approximately \$19,500 of mortgage notes secured by these communities, using the proceeds of a public offering of our common shares, using drawings under the Bridge Loan and using cash on hand for the balance.

For the six months ended June 30, 2011, we incurred \$1,304 in acquisition related costs. These costs include transaction closing costs, professional fees (legal and accounting) and other acquisition related expenses for completed and pending transactions.

**Note 11. Indebtedness**

We have a \$35,000 revolving secured line of credit, or our Credit Agreement, that matures on March 18, 2013 when all amounts outstanding are due. Borrowings under our Credit Agreement are available for acquisitions, working capital and general business purposes. Funds available under our Credit Agreement may be drawn, repaid and redrawn until maturity and no principal payment is due until maturity. We borrow in U.S. dollars and borrowings under our Credit Agreement bear interest at LIBOR (with a floor of 2% per annum) plus 400 basis points, or 6% as of June 30, 2011. We are the borrower under our Credit Agreement and certain of our subsidiaries guarantee our obligations under our Credit Agreement, which is secured by our and our guarantor subsidiaries' accounts receivable and related collateral. Our Credit Agreement contains covenants requiring us to maintain certain financial ratios, places limits on our ability to incur or assume debt or create liens with respect to certain of our properties and has other customary provisions. Our Credit Agreement also provides for acceleration of payment of all amounts due thereunder or upon the occurrence and continuation of certain events of default. As of June 30, 2011 and July 28, 2011, no amounts were outstanding under our Credit Agreement. We believe we are in compliance with all applicable covenants under our Credit Agreement. Interest expense and other associated costs related to our Credit Agreement and our prior revolving line of credit were \$216 and \$155 for the three months ended June 30, 2011 and 2010, respectively, and \$363 and \$218 for the six months ended June 30, 2011 and 2010, respectively.

In May 2011, we and SNH entered into a Bridge Loan agreement, under which SNH agreed to lend us up to \$80,000 to fund a part of the purchase price for the acquisition of the Indiana communities described above. In June 2011, we acquired two of the Indiana communities and, in connection with that acquisition, borrowed \$41,000 under the Bridge Loan. We subsequently repaid \$32,000 of this advance in June 2011 with the proceeds of a public offering of our common shares. We borrowed \$15,000 under the Bridge Loan in July 2011 in connection with the acquisition of an additional Indiana community. The Bridge Loan is secured by mortgages on seven of our senior living communities. The Bridge Loan matures on July 1, 2012 and bears interest at a rate equal to the annual rates of interest applicable to SNH's borrowings under its revolving credit facility, plus 1%, or 2.8% as of June 30, 2011. The Bridge Loan agreement contains various covenants, including restrictions on our ability to incur liens upon or dispose of the collateral securing the Bridge Loan. The Bridge Loan agreement also contains events of default including non-payment, a change in control of us and certain events of insolvency. As of June 30, 2011 and July 28, 2011, \$9,000 and \$24,000,

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

respectively, was outstanding under the Bridge Loan and, as of July 28, 2011, \$24,000 was available under the Bridge Loan to fund a portion of the cash purchase price of the remaining three Indiana communities. We believe we are in compliance with all applicable covenants under the Bridge Loan agreement. Interest expense and other associated costs related to the Bridge Loan were \$58 for the three and six months ended June 30, 2011.

On July 1, 2010 we repaid our outstanding balance and terminated our non-recourse credit facility with UBS AG, or UBS. Interest expense and other associated costs related to this facility were \$0 and \$93 for the three months ended June 30, 2011 and 2010, respectively, and \$0 and \$149 for the six months ended June 30, 2011 and 2010, respectively.

In October 2006, we issued \$126,500 principal amount of the Notes. Our net proceeds from this issuance were approximately \$122,600. The Notes bear interest at a rate of 3.75% per annum and are convertible into our common shares at any time. The initial and current conversion rate, which is subject to adjustment, is 76.9231 common shares per \$1 principal amount of the Notes, which represents a conversion price of \$13.00 per share. The Notes are guaranteed by certain of our wholly owned subsidiaries. The Notes mature on October 15, 2026. We may prepay the Notes at any time after October 20, 2011 and the holders may require that we purchase all or a portion of these Notes on each of October 15 of 2013, 2016 and 2021. If a fundamental change, as defined in the indenture governing the Notes, occurs, holders of the Notes may require us to repurchase all or a portion of their Notes for cash at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest and, in certain circumstances, plus a make whole premium as defined in the indenture governing the Notes. Interest expense and other associated costs related to the Notes were \$382 and \$480 for the three months ended June 30, 2011 and 2010, respectively, and \$736 and \$934 for the six months ended June 30, 2011 and 2010, respectively. We issued these Notes pursuant to an indenture, which contains various customary covenants. As of June 30, 2011 and July 28, 2011, we believe we are in compliance with all applicable covenants of this indenture.

During the six months ended June 30, 2011, we purchased and retired \$623 par value of the outstanding Notes and recorded a gain of \$1, net of related unamortized costs, on early extinguishment of debt. We funded these purchases principally with available cash. As a result of these purchases and other purchases we made in prior years, \$37,282 in principal amount of the Notes remain outstanding.

At June 30, 2011, two of our communities, which are included in discontinued operations, were encumbered by United States Department of Housing and Urban Development, or HUD, insured mortgage notes and one of our communities was encumbered by a FNMA mortgage note, totaling \$27,693. These mortgages contain HUD and FNMA standard mortgage covenants. We recorded a mortgage premium in connection with our assumption of the FNMA mortgage note in order to record the assumed mortgage note at its estimated fair value. We are amortizing the mortgage premium as a reduction of interest expense until the maturity of the mortgage. The weighted average interest rate on these notes was 6.30%. Payments of principal and interest are due monthly until maturities at varying dates ranging from June 2023 to May 2039. As of June 30, 2011 and July 28, 2011, we believe we are in compliance with all applicable covenants under these mortgages. Mortgage interest expense, including premium amortization, was \$325 and \$198 for the three months ended June 30, 2011 and 2010, respectively, and \$436 and \$397 for the six months ended June 30, 2011 and 2010, respectively, including interest expense recorded in discontinued operations.

**Note 12. Shareholders' Equity**

In June 2011, we issued 11,500,000 of our common shares in a public offering, raising net proceeds of approximately \$54,138. We used proceeds from this offering to repay outstanding borrowings under the Bridge Loan and subsequently to fund a portion of the cash purchase price of the Indiana communities described above.

**Note 13. Off Balance Sheet Arrangements**

As of June 30, 2011, we had no off balance sheet arrangements that have had or are reasonably likely to have a current or future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources, except for the pledge of certain of our assets, such as accounts receivable, with a carrying value of \$18,840 arising from our operation of 56 properties owned by SNH and leased to us which secures SNH's borrowings from its lender, FNMA.

**Note 14. Related Person Transactions**

SNH is our former parent company, our largest landlord and our largest shareholder (owning approximately 4,235,000 of our common shares, which represented approximately 8.9% of our outstanding common shares as of June 30, 2011). Reit Management & Research LLC, or RMR, provides management services to both us and SNH. One of our Managing Directors is also a managing trustee of SNH and our other Directors also serve as directors or trustees of other companies managed by RMR. As of June 30, 2011, we leased 187 senior living communities and two

rehabilitation hospitals from SNH and managed 10 communities for the account of SNH. Under our leases with SNH, we pay SNH rent based on minimum annual rent amounts plus percentage rent based on increases in gross revenues at certain properties.

On May 1, 2011, we commenced leasing a senior living community from SNH with 73 living units located in Illinois and we acquired 14 acres of vacant land adjacent to the community for possible expansion for \$1,250 from an unrelated party. Our rent payable to SNH for this community is \$608 per year. Percentage rent, based on increases in gross revenues at this community, will commence in 2013. We added this community to our Lease No. 1 with SNH, which has a current term expiring in 2024.

In March 2011, SNH agreed to acquire, from an unrelated party, 20 senior living communities with 2,111 living units located in five states in the Southeast United States. These senior living communities primarily offer independent and assisted living services, which are primarily paid by residents from their private resources. On May 12, 2011, we entered into long term contracts with SNH to manage 15 of these communities, or the Managed Communities, and agreed to lease the remaining five communities, or the Leased Communities, when SNH acquired them. In June 2011, we began to manage 10 of the Managed Communities with 824 living units and to lease four of the Leased Communities with 523 living units. In July, we began to manage two of the remaining five Managed Communities and began to lease the remaining Leased Community. We expect to begin managing the remaining three Managed Communities for SNH during the third or fourth quarter of 2011. Our minimum rent payable to SNH for the Leased Communities is approximately \$6,900 per year. Percentage rent, based on increases in gross revenues at the Leased Communities, will commence in 2013. We added the Leased Communities to our Leases Nos. 1, 2 and 4 with SNH, which have current terms expiring at varying dates ranging from April 2017 to June 2026.

The management contracts for the Managed Communities, or the Management Contracts, provide us with a management fee equal to 3% of the gross revenues realized at the Managed Communities, plus reimbursement for our direct costs and expenses related to the Managed Communities and an incentive fee equal to 35% of the net operating income of the Managed Communities after SNH realizes a return equal to 8% of its invested capital. The Management Contracts have an initial term of 20 years, and we have options to extend all, but not less than all, of the Management Contracts for two consecutive renewal terms of 15 years each. After December 31, 2017, SNH has the right, subject to our cure rights, to terminate the Management Contracts if it does not receive its minimum return in each of three consecutive years. We have a limited right to require the sale of underperforming communities. Special committees of each of our Board of Directors and SNH's board of trustees composed solely of our Independent Directors and SNH's independent trustees who are not also Directors or trustees of the other party and who were represented by separate counsel reviewed and approved the terms of the Management Contracts. For the three and six months ended June 30, 2011, we recorded \$25 in management fee revenue and \$562 of reimbursed costs incurred on behalf of the Managed Communities.

In November 2010, at our request, SNH agreed to sell one assisted living community in Pennsylvania with 70 living units that was leased to us. SNH sold this community in May 2011 and our annual rent to SNH decreased by approximately \$72.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

Also in November 2010, at our request, SNH agreed to sell three SNFs in Georgia with a total of 329 living units that were leased to us. SNH sold two of these communities in May and one community in June and our annual rent to SNH decreased by approximately \$1,792.

Our rent expense under our leases with SNH was \$95,531 and \$93,936 for the six months ended June 30, 2011 and 2010, respectively, net of \$450 amortization of a lease inducement from SNH in each period. During the three and six months ended June 30, 2011, pursuant to the terms of our leases with SNH, we sold \$4,485 and \$15,322, respectively of improvements made to our properties leased from SNH, and, as a result, our annual rent payable to SNH increased by approximately \$359 and \$1,228, respectively. Our total minimum annual rent payable to SNH under our leases with SNH as of June 30, 2011 was \$192,915, excluding percentage rent. Additional information regarding our leases with SNH appears in Item 2 of our Annual Report under the section captioned "Our SNH Leases".

As discussed in Note 11, in May 2011, we and SNH entered into a Bridge Loan agreement, under which SNH agreed to lend us up to \$80,000. The terms of the Bridge Loan agreement were reviewed and approved by special committees of each of our Board of Directors and SNH's board of trustees composed solely of our Independent Directors and SNH's independent trustees who are not also Directors or trustees of the other party and who were represented by separate counsel. As of June 30, 2011 and July 28, 2011, there was \$9,000 and \$24,000, respectively, outstanding on the Bridge Loan. We recognized interest expense of \$58 for the three and six months ended June 30, 2011, which is included in interest and other expenses on our condensed consolidated statement of income.

RMR provides us with certain management, administrative and information systems services under a business management and shared services agreement, or the Business Management Agreement. Pursuant to the Business Management Agreement, we incurred expenses for those services of approximately \$2,840 and \$2,770 during each of the three months ended June 30, 2011 and 2010, respectively, and \$5,647 and \$5,544 during each of the six months ended June 30, 2011 and 2010, respectively. These amounts are included in general and administrative expenses in our condensed consolidated statement of income. In May 2011, we and RMR entered into an amendment to the Business Management Agreement. The amendment adjusted the determination of the fees payable by us to RMR under the Business Management Agreement. The Business Management Agreement provides for compensation to RMR at an annual business management fee equal to 0.6% of our revenues. As amended, revenues are defined as our total revenues from all sources reportable under GAAP less any revenues reportable by us with respect to facilities and other properties for which we provide management services plus the gross revenues at those facilities and other properties determined in accordance with GAAP. In addition, the amendment also amended certain procedures for the arbitration of disputes pursuant to the Business Management Agreement. The terms of the amendment described above were reviewed and approved by the Compensation Committee of our Board of Directors, which consists solely of our Independent Directors.

Historically we have leased office space for our headquarters operations in two buildings from companies affiliated with RMR. In May 2011, we entered into a new lease which consolidates our headquarters into one building owned by an affiliate of RMR. This new lease requires us to pay current annual rent of approximately \$730. The terms of this new lease were reviewed and approved by a special committee of our Board of Directors composed solely of our Independent Directors. For more information concerning this lease, please see our Current Report on Form 8-K filed with the SEC on May 13, 2011, or our May 13th Current Report, which is available at the Securities and Exchange Commission, or SEC, website: [www.sec.gov](http://www.sec.gov). We also lease a regional management office in Atlanta, Georgia from another company managed by RMR, Commonwealth REIT, for annual rent of approximately \$64, but this regional office lease was not changed.

We, RMR, SNH and other companies to which RMR provides management services each currently owns approximately 14.29% of AIC. All of our Directors and all of the trustees and directors of the other shareholders of AIC currently serve on the board of directors of AIC. RMR, in addition to being a shareholder, provides management and administrative services to AIC pursuant to a management and administrative services agreement with AIC. Although we own less than 20% of AIC, we use the equity method to account for this investment because we believe that we have significant influence over AIC because all of our Directors are also directors of AIC. As of June 30, 2011, we have invested approximately \$5,209 in AIC. We may invest additional amounts in AIC in the future if the expansion of this insurance business requires additional capital, but we are not obligated to do so. This investment had a carrying value of \$5,202 and \$5,076 as of June 30, 2011 and December 31, 2010, respectively. During the three and six months ended June 30, 2011 and 2010, we recognized income of \$46 and \$83 and a loss of \$(24) and \$(52), respectively, related to this investment. In 2010, AIC has designed a combination property insurance program for us and other AIC shareholders in which AIC participates as a reinsurer. Our total premiums under this program for the policy years expiring May 31,

2011 and 2012 were approximately \$2,900 and \$4,500, respectively. We are currently investigating possibilities to expand our insurance relationships with AIC to include other types of insurance. By participating in this insurance business with RMR and the other companies to which RMR provides management services, we expect that we may benefit financially by possibly reducing our insurance expenses or by realizing our pro-rata share of any profits of this insurance business.

For more information about the relationships among us, our Directors and executive officers, SNH, RMR, AIC and other companies to which RMR provides management services, and about the risks which may arise from these relationships, please refer to our Annual Report and our other filings with the SEC, including the sections captioned Business, Risk

**Note 15. Discontinued Operations**

Early in 2011, we decided to offer for sale two SNFs that we own located in Michigan with a total of 271 living units. In March 2011, we agreed to sell these communities for \$12,500; but this sale was not completed. While we continue to market these properties, we can provide no assurance that a sale of these SNFs will be completed.

We have reclassified the consolidated statement of income for all periods presented to show the results of operations of the communities and pharmacies which are expected to be sold or have been sold as discontinued. Below is a summary of the operating results of these discontinued operations included in the financial statements for the three and six months ended June 30, 2011 and 2010:

Our reportable segments consist of our senior living community business and our rehabilitation hospital business. In the senior living community segment, we operate for our own account or manage for the account of SNH independent living communities, assisted living communities and SNFs that are subject to centralized oversight and provide housing and services generally to elderly residents. Our rehabilitation hospital segment provides inpatient rehabilitation services to patients at two hospital locations and three satellite locations and outpatient rehabilitation services at 13 outpatient clinics. We do not consider our institutional pharmacy operations to be a material, separately reportable segment of our business. Consequently, we report our institutional pharmacy revenues and expense as separate items within our corporate and other activities. All of our operations and assets are located in the United States, except for the operations of our captive insurance company, which participates in our workers' compensation, liability and automobile insurance programs and is located in the Cayman Islands.

We use segment operating profit as an important measure to evaluate our performance and for business decision making purposes. Segment operating profit excludes interest, dividend and other income, interest and other expense and certain corporate expenses.

Three Months Ended June 30, 2011 Compared to Three Months Ended June 30, 2010Senior living communities:

Our senior living revenue increased by 3.4% for the three months ended June 30, 2011 compared to the same period in 2010 primarily because the number of communities that we owned and leased increased from 209 to 218 as of the end of each period and increased per diem charges to residents, offset by a decrease in occupancy. Our senior living revenue at the communities that we have operated continuously since April 1, 2010, or our comparable communities, increased by 2.1% due primarily to increased per diem charges to residents, offset by a decrease in occupancy.

Our senior living wages and benefits increased by 4.3% for the three months ended June 30, 2011 compared to the same period in 2010 primarily because the number of communities that we owned and leased increased from 209 to 218 as of the end of each period and increased health insurance costs at our comparable communities. Our other senior living operating expenses, which include utilities, housekeeping, dietary, maintenance, insurance and community level administrative costs increased by 4.3% because the number of communities that we owned and leased increased from 209 to 218, plus increased purchased service expenses and general maintenance expenses. The senior living wages and benefits costs for our comparable communities increased by 3.3% due primarily to moderate wage increases and higher health insurance costs. Other senior living operating expenses at our comparable communities increased by 3.1% due primarily to increases in purchased service expenses and general maintenance expenses. Senior living rent expense increased by 2.1% primarily due to our payment of additional rent for senior living community capital improvements purchased by SNH since April 1, 2010.

In June 2011, we began to manage 10 of the Managed Communities and for the three months ended June 30, 2011, we recorded management fee revenue of approximately \$587,000 that included \$562,000 of reimbursed costs we incurred on behalf of the Managed Communities.

Our senior living depreciation and amortization expense increased by 25.6% for the three months ended June 30, 2011 compared to the same period in 2010 primarily due to capital expenditures (net of sales of capital improvements to SNH); including depreciation costs arising from our

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

purchase of furniture and fixtures for our owned communities.

Our interest and other expenses increased by 152.9% for the three months ended June 30, 2011 compared to the comparable period in 2010 primarily as a result of the assumption of a FNMA mortgage note offset by the prepayment in July 2010 of one HUD insured mortgage.

During the three months ended June 30, 2011, we incurred \$1.2 million of acquisition related costs for completed and pending transactions.

### Rehabilitation hospitals:

Rehabilitation hospital revenues increased by 4.9% for the three months ended June 30, 2011 compared to the same period in 2010 primarily due to an increase in Medicare payment rates and a slight increase in occupancy.

Table of Contents

Rehabilitation hospital expenses increased by 2.1% for the three months ended June 30, 2011 compared to the same period in 2010 primarily due to moderate wage increases and increases in labor and benefits expenses resulting from a slight increase in occupancy.

Rehabilitation hospital rent expense increased by 4.4% for the three months ended June 30, 2011 compared to the same period in 2010 due to our payment of additional rent for rehabilitation hospital capital improvements purchased by SNH since April 1, 2010.

Corporate and other:

Institutional pharmacy revenues and institutional pharmacy expenses decreased by 1.7% and 4.3%, respectively, for the three months ended June 30, 2011 compared to the same period in 2010 due to fewer customers served as a result of the loss of several accounts, lower occupancy at senior living communities served by our pharmacies and a number of commonly dispensed name brand drugs that became available as lower priced generic drugs.

General and administrative expenses increased by 0.5% for the three months ended June 30, 2011 compared to the same period in 2010 primarily as the result of increased regional support costs and expenses associated with the additional communities we began to operate subsequent to June 30, 2010, plus wage increases. Our general and administrative expenses as a percentage of total revenue was 4.5% for the three months ended June 30, 2011 compared to 4.7% for the same period last year.

Our interest, dividend and other income decreased by 39.1% for the three months ended June 30, 2011 compared to the same period in 2010 primarily as a result of having less investable cash and lower yields realized on our investments.

During the three months ended June 30, 2010 we recognized a gain of \$4.2 million on investments in trading securities related to our holdings of our auction rate securities, or ARS, and a loss of \$4.0 million on the value of our right pursuant to an agreement with UBS to require UBS to acquire our ARS at par value.

During the three months ended June 30, 2010, we purchased and retired \$7.7 million par value of the outstanding Notes for \$6.9 million, plus accrued interest. As a result of this purchase we recorded a gain on extinguishment of debt of \$552,000, net of related unamortized costs. This gain was partially offset by a \$134,000 prepayment penalty related to one of our HUD insured mortgages.

For the three months ended June 30, 2011, we recognized an income tax expense of \$441,000 which includes \$403,000 of state taxes that are payable without regard to our tax loss carry forwards. Tax expense also includes \$38,000 related to a non-cash deferred tax liability arising from the amortization of goodwill for tax purposes but not for book purposes.

Our senior living revenue at the communities that we have operated continuously since January 1, 2010, or our comparable communities, increased by 2.5% due primarily to increased per diem charges to residents, offset by a decrease in occupancy.

Our senior living wages and benefits increased by 3.8% for the six months ended June 30, 2011 compared to the same period in 2010 primarily because the number of communities that we owned and leased increased from 209 to 218 as of the end of each period and increased health insurance costs at our comparable communities. Our other senior living operating expenses, which include utilities, housekeeping, dietary, maintenance, insurance and community level administrative costs, increased by 2.9% due to the number of communities that we owned and leased increased from 209 to 218, plus increased purchased service expenses and general maintenance expenses, offset by a decrease in utilities. Our senior living wages and benefits at our comparable communities increased by 3.2% due primarily to moderate wage increases and higher health insurance costs. Our other senior living operating costs at our comparable communities increased by 2.1% for the six months ended June 30, 2011 compared to the same period in 2010 primarily due to increases in our purchased service expenses and general maintenance expenses, offset by a decrease in utilities. Our senior living rent expense increased by 1.9% primarily due to our payment of additional rent for senior living community capital improvements purchased by SNH since January 1, 2010.

Table of Contents

In June 2011, we began to manage 10 of the Managed Communities and for the six months ended June 30, 2011, we recorded management fee revenue of approximately \$587,000 that included \$562,000 of reimbursed costs we incurred on behalf of the Managed Communities.

Our senior living depreciation and amortization increased by 23.2% for the six months ended June 30, 2011 compared to the comparable period in 2010 primarily due to capital expenditures (net of sales of capital improvements to SNH); including depreciation costs arising from our purchase of furniture and fixtures for our owned communities.

During the six months ended June 30, 2011, we incurred \$1.3 million of acquisition related costs for completed and pending transactions.

Rehabilitation hospitals:

Our rehabilitation hospital revenues increased by 5.7% for the six months ended June 30, 2011 compared to the same period in 2010 primarily due to an increase in Medicare payment rates and a slight increase in occupancy.

Our rehabilitation hospital expenses increased by 4.1% for the six months ended June 30, 2011 compared to the same period in 2010 primarily due to moderate wage increases and increases in labor and benefits expenses resulting from a slight increase in occupancy.

Our rehabilitation hospital rent expense increased by 5.4% for the six months ended June 30, 2011 compared to the same period in 2010 due to our payment of additional rent for rehabilitation hospital capital improvements purchased by SNH since January 1, 2010.

Corporate and other:

Institutional pharmacy revenues and institutional pharmacy expenses decreased by 1.5% and 2.5%, respectively, for the six months ended June 30, 2011 compared to the same period in 2010 primarily due to fewer customers served as a result of the loss of several accounts, lower occupancy at senior living communities served by our pharmacies and a number of commonly dispensed name brand drugs that became available as lower priced generic drugs.

Our general and administrative expenses increased by 2.2% for the six months ended June 30, 2011 compared to the same period in 2010 primarily due to the result of increased regional support costs at the additional communities we began to operate subsequent to June 30, 2010 and wage increases. Our general and administrative expenses as a percentage of total revenue was 4.5% for the six months ended June 30, 2011 and 2010.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

During the six months ended June 30, 2010, we recognized a gain of \$4.9 million investments in trading securities related to holdings of our ARS, and a loss of \$4.7 million on the value of our right pursuant to an agreement with UBS to require UBS to acquire our ARS at par value.

During the six months ended June 30, 2011, we purchased and retired \$623,000 par value of the outstanding Notes for \$604,000 plus accrued interest, and recorded a gain of \$1,000 net of related unamortized costs on early extinguishment of debt.

During the six months ended June 30, 2010, we purchased and retired \$7.7 million par value of the outstanding Notes for \$6.9 million plus accrued interest. As a result of the purchase we recorded a gain on extinguishment of debt of \$552,000, net of related unamortized costs. This gain is offset by \$134,000 related to a penalty to prepay one of our HUD insured mortgages.

Our interest, dividend and other income decreased by 49.3% for the six months ended June 30, 2011 compared to the same period in 2010 primarily as a result of our having less investable cash and lower yields realized on our investments.

Our interest and other expense decreased by 11.1% for the six months ended June 30, 2011 compared to the same period in 2010 primarily as a result of the purchase and retirement of \$12.4 million of the outstanding Notes since January 1, 2010.

Table of Contents

For the six months ended June 30, 2011, we recognized income tax expense of \$820,000, which includes expense of \$744,000 tax for state taxes on operating income that are payable without regard to our tax loss carry forwards. Tax expense also includes \$76,000 related to a non-cash deferred tax liability arising from the amortization of goodwill for tax purposes but not for book purposes.

**LIQUIDITY AND CAPITAL RESOURCES**

As of June 30, 2011, we had unrestricted cash and cash equivalents of \$43.2 million, \$35.0 million available to borrow on our \$35.0 million revolving line of credit and \$39.0 million available under the Bridge Loan for acquisitions of the remaining Indiana communities.

We believe that a combination of our existing cash, cash equivalents, net cash from operations and our ability to borrow on our Credit Agreement will provide us with adequate cash flow to run our businesses, invest in and maintain our properties and fund our acquisition commitments for the next 12 months and for the foreseeable future thereafter. If, however, our occupancies continue to decline and we are unable to generate positive cash flow for some period, we will explore alternatives to fund our operations. Such alternatives may include further reducing our costs, incurring debt in addition to our Credit Agreement, engaging in sale leaseback transactions of our owned communities and issuing new equity or debt securities. We have an effective shelf registration statement that allows us to issue public securities on an expedited basis, but this registration statement does not assure that there will be buyers for such securities.

**Assets and Liabilities**

Our total current assets at June 30, 2011 were \$160.2 million, compared to \$136.0 million at December 31, 2010. At June 30, 2011, we had cash and cash equivalents of \$43.2 million compared to \$20.8 million at December 31, 2010. Our current and long term liabilities were \$160.2 million and \$91.7 million, respectively, at June 30, 2011 compared to \$137.9 million and \$77.1 million, respectively, at December 31, 2010. The increase in cash and cash equivalents is primarily the result of our borrowings under the Bridge Loan, the proceeds of our sale of common shares and cash flow generated from operations. The increase in current liabilities is primarily the result of our borrowing under the Bridge Loan, and the accrual of bonus and other employee benefit payments. The increase in long term liabilities is primarily the result of the assumption of the FNMA mortgage note in connection with the senior living community we acquired in May 2011.

We had cash flows of \$31.5 million from continuing operations for the six months ended June 30, 2011 compared to \$61.3 million for the same period in 2010. Acquisitions of property plant and equipment, other than those sold to SNH, were \$14.7 million and \$9.1 million for the six months ended June 30, 2011 and 2010, respectively.

**Acquisitions**

In May 2011, we acquired a senior living community containing 116 living units located in Arizona for \$25.6 million, excluding closing costs. We financed the acquisition with cash on hand and by assuming a FNMA mortgage note for \$20.0 million. We have included the results of this community's operations in our consolidated financial statements from the date of acquisition. We allocated the purchase price of this community to land, building and equipment. This community primarily provides independent and assisted living services and all of the residents pay for

their services with private resources.

Also in May 2011, we agreed to acquire six senior living communities located in Indiana containing 738 living units for \$122.8 million, excluding closing costs and including the assumption of approximately \$19.5 million of mortgage notes. The six communities primarily offer independent and assisted living services, which are paid by residents from their private resources. In June 2011, we completed the acquisition of two of these communities containing 197 living units for an aggregate purchase price, excluding closing costs, of \$40.4 million and funded the acquisition with proceeds of the Bridge Loan. In July 2011, we completed the acquisition of an additional community containing 151 living units for a purchase price, excluding closing costs, of \$30.4 million and funded the acquisition with the proceeds of a public offering of our common shares and by borrowing \$15.0 million under the Bridge Loan. We expect to complete the acquisition of the remaining three communities containing 390 living units for an aggregate purchase price, excluding closing costs, of \$52.0 million and fund the acquisition by assuming approximately \$19.5 million of mortgage notes secured by these communities, using the proceeds of a public offering of our common shares, using drawings under the Bridge Loan and using cash on hand for the balance.

Table of Contents

**Shareholders Equity**

In June 2011, we issued 11,500,000 of our common shares in a public offering, raising net proceeds of approximately \$54.1 million. We used proceeds from this offering to repay outstanding borrowings under the Bridge Loan and subsequently to fund a portion of the cash purchase price of the Indiana communities described above.

**Our Leases and Management Agreements with SNH**

As of June 30, 2011, we leased 187 senior living communities and two rehabilitation hospitals from SNH and managed 10 senior living communities for the account of SNH. Our total annual rent payable to SNH as of June 30, 2011 was \$192.9 million, excluding percentage rent based on increases in gross revenues at certain properties. We paid approximately \$1.2 million and \$1.0 million in percentage rent to SNH for the three months ended June 30, 2011 and 2010, respectively, and \$2.5 million and \$2.1 million in percentage rent to SNH for the six months ended June 30, 2011 and 2010, respectively.

On May 1, 2011, we commenced leasing a senior living community from SNH with 73 living units located in Illinois and we acquired approximately 14 acres of vacant land adjacent to the community for possible expansion for \$1.3 million from an unrelated third party. Our rent payable to SNH for this community is \$608,000 per year. Percentage rent, based on increases in gross revenues at this community will commence in 2013. We added this community to our Lease No. 1 with SNH, which has a current term expiring in 2024.

In March 2011, SNH agreed to acquire 20 senior living communities with 2,111 living units located in five states in the Southeast United States. These senior living communities primarily offer independent and assisted living services, which are primarily paid by residents from their private resources. On May 12, 2011, we entered into long term contracts with SNH to manage the Managed Communities, and agreed to lease the Leased Communities, when SNH acquired them. In June, 2011, we began to manage 10 of the Managed Communities with 824 living units and to lease four of the Leased Communities with 523 living units. In July, we began to manage two of the remaining five Managed Communities and began to lease the remaining Leased Community. We expect to begin managing the remaining three Managed Communities for SNH during the third or fourth quarter of 2011. Our minimum rent payable to SNH for the Leased Communities is approximately \$6.9 million per year. Percentage rent, based on increases in gross revenues at the Leased Communities, will commence in 2013. We added the Leased Communities to Leases Nos. 1, 2 and 4 with SNH, which have current terms expiring at varying dates ranging from April 2017 to June 2026.

In November 2010, at our request, SNH agreed to sell one assisted living community in Pennsylvania with 70 living units that was leased to us. SNH sold this community in May 2011 and our annual rent to SNH decreased by approximately \$72,000.

Also in November 2010, at our request, SNH agreed to sell three SNFs in Georgia with a total of 329 living units that were leased to us. SNH sold two of these communities in May and one community in June and our annual rent to SNH decreased by approximately \$1.8 million.

Upon our request, SNH may purchase capital improvements made at the properties we lease from SNH and increase our rent pursuant to contractual formulas. During the six months ended June 30, 2011, SNH reimbursed us \$15.3 million for capital expenditures made at the properties leased from SNH and these purchases resulted in our annual rent increasing by approximately \$1.2 million.

### **Our Revenues**

Our revenues from services to residents at our senior living communities and patients of our rehabilitation hospitals and clinics and our pharmacies are our primary source of cash to fund our operating expenses, including rent, principal and interest payments on our debt and our capital expenditures.

During the past three years, weak economic conditions throughout the country have negatively affected our occupancy. These conditions have impacted many companies both within and outside of our industry and it is unclear when current economic conditions, especially the housing market, may materially improve. Although many of the services we provide are needs driven, some of those needs may be deferred during recessions; for example, relocating to a senior living community may be delayed when sales of houses are delayed.

Table of Contents

At some of our senior living communities (principally our SNFs) and at our rehabilitation hospitals and clinics, Medicare and Medicaid programs provide operating revenues for skilled nursing and rehabilitation services. These programs are discussed in Part I of our Annual Report, under the caption Government Regulation and Reimbursement, and in Part 1, Item 2 of our Quarterly Report on Form 10-Q for the period ended March 31, 2011, under the caption Our Revenues. Medicare and Medicaid revenues were earned primarily at our SNFs, our two rehabilitation hospitals and our pharmacy operations. We derived 33.3% and 32.0% of our total revenues from these programs during the six months ended June 30, 2011 and 2010, respectively.

Our net Medicare revenues from services to senior living community residents and at our rehabilitation hospitals totaled \$115.4 million and \$101.8 million during the six months ended June 30, 2011 and 2010, respectively. Our net Medicaid revenues from services to senior living community residents and at our rehabilitation hospitals totaled \$67.7 million and \$68.3 million during the six months ended June 30, 2011 and 2010, respectively. Our pharmacy revenues from Medicare and Medicaid were \$19.5 million and \$2.4 million during the six months ended June 30, 2011, respectively, and \$18.1 million and \$2.5 million during the six months ended June 30 2010, respectively.

The Federal Centers for Medicare and Medicaid Services, or CMS, has recently issued proposed rules to update Medicare prospective payment rates for SNFs, which will affect the 5,354 skilled nursing units we operate. The proposed rules include an increase in the Medicare payment rates for SNFs that CMS estimates to be approximately 1.5% in federal fiscal year 2012, as the result of an annual increase of approximately 2.7% to account for inflation, reduced by a productivity adjustment of 1.2% pursuant to the Patient Protection and Affordable Care Act, or PPACA, which is discussed in Part I of our Annual Report under the caption Government Regulation and Reimbursement. However, the proposed rules also include a recalibration of the case mix indexes to more accurately reflect budget neutrality in expenditures between the RUG IV system implemented in federal fiscal year 2011 and the previous case mix classification system that might result in a net reduction in Medicare rates for SNFs. If CMS implements the recalibration as part of the final rules, it estimates that the rules would result in a net reduction in aggregate Medicare payments rates for SNFs of approximately 11.0% in federal fiscal year 2012. Applying the current proposed rulemaking and CMS's estimate to our SNF Medicare revenues in the year ended December 31, 2010 and the six months ended June 30, 2011, our revenues would have increased by approximately \$2.0 million and \$1.1 million, respectively, if the full increase was implemented without the recalibration and would have been reduced by approximately \$14.9 million and \$8.0 million respectively, if the full recalibration was implemented as part of the final rules. We are unable to predict the final rule's impact on Medicare payment rates; however, such impact may be adverse and material to our operations and our future financial results of operations.

CMS has also recently issued proposed rules to update Medicare prospective payment rates for inpatient rehabilitation facilities, or IRFs, which will affect the two rehabilitation hospitals we operate. The proposed rules include an increase in the Medicare payment rates for IRFs that CMS estimates to be approximately 1.8% overall in federal fiscal year 2012, as the result of a rebased annual increase of approximately 2.8% to account for inflation, reduced by 0.1% and by a productivity adjustment of 1.2%, both pursuant to PPACA, and increased by 0.3% in estimated outlier payments due to an update in the outlier threshold. Medicare revenues realized at our IRFs in the year ended December 31, 2010 and the six months ended June 30, 2011, were approximately \$60.3 million and \$33.1 million, respectively. The calculation of Medicare rate adjustments applicable at our IRFs is complex and will depend upon patient case mixes. Accordingly, we cannot predict the final impact of the proposed Medicare rate adjustments to our IRF results at this time.

Two federal U.S. District Court decisions holding PPACA or parts of it to be unconstitutional have been appealed. Several U.S. District Court decisions dismissing constitutional challenges to PPACA have also been appealed. A U.S. Court of Appeals recently upheld a District Court decision that held a challenged section of PPACA to be constitutional. The other appeals are pending. In addition, one house of Congress has voted to repeal PPACA, and members of Congress have proposed legislation to deny funding to implement PPACA or parts of PPACA. Members of Congress have also proposed various reforms to Medicare and Medicaid, including substantial structural changes to the programs and long-term reductions in federal funding.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

The U.S. House of Representatives earlier in 2011 approved a budget outline intended to limit the long term growth of federal Medicare and Medicaid expenditures by changing Medicare to a system of premium support payments to assist new beneficiaries in purchasing private health insurance starting in 2022, changing Medicaid to a system of block grants to the states starting in 2013, and repealing key provisions of PPACA. The Obama Administration had proposed a plan intended to control the long term growth of federal Medicare and Medicaid expenditures by expanding the authority of the Independent Payment Advisory Board established by PPACA, building on other PPACA changes, making Medicaid

Table of Contents

more flexible for the states without using block grants and authorizing CMS to negotiate directly with pharmaceutical manufacturers to secure reductions in Medicare Part D prescription drug prices. Recently there have been media reports that the Obama Administration is considering additional measures to reduce or slow the long term growth of federal Medicare and Medicaid expenditures, including reducing Medicare rates of payment to some providers including SNFs and changing the formula for federal payments to states for Medicaid programs.

Some of the states in which we operate either have not raised Medicaid rates by amounts sufficient to offset increasing costs or have frozen or reduced, or are expected to freeze or reduce, Medicaid rates. Also, effective June 30, 2011, Congress ended certain increases in federal payments to states for Medicaid programs, in effect since October 1, 2008. We expect the phasing out of these temporary federal payments, combined with the anticipated slow recovery of state revenues, to result in continued difficult state fiscal conditions. Some state budget deficits likely will increase, and certain states may reduce Medicaid payments to healthcare services providers like us as part of an effort to balance their budgets.

We cannot currently predict the type and magnitude of the potential Medicare and Medicaid policy changes, rate reductions or other changes and the impact on us of the possible failure of these programs to increase rates to match our increasing expenses, but they may be material to our operations and may affect our future results of operations. Similarly, we are unable to predict the impact on us of the insurance changes, payment changes, and health care delivery systems changes contained in and to be developed pursuant to PPACA, or the impact the various challenges and potential changes to PPACA may have on its implementation. Expanded insurance availability may provide more paying customers for the services we provide. However, if the changes to be implemented under PPACA result in reduced payments for our services, or the failure of Medicare, Medicaid or insurance payment rates to cover our increasing costs, our future financial results could be materially and adversely affected.

**Debt Financings and Covenants**

We have a \$35.0 million Credit Agreement that matures on March 18, 2013 when all amounts outstanding are due. Borrowings under our Credit Agreement are available for acquisitions, working capital and general business purposes. Funds available under our Credit Agreement may be drawn, repaid and redrawn until maturity and no principal payment is due until maturity. We borrow in U.S. dollars and borrowings under our Credit Agreement bear interest at LIBOR (with a floor of 2% per annum) plus 400 basis points, or 6% as of June 30, 2011. We are the borrower under our Credit Agreement and certain of our subsidiaries guarantee our obligations under our Credit Agreement, which is secured by our and our guarantor subsidiaries' accounts receivable and related collateral. Our Credit Agreement contains covenants requiring us to maintain certain financial ratios, places limits on our ability to incur or assume debt or create liens with respect to certain of our properties and has other customary provisions. Our Credit Agreement also provides for acceleration of payment of all amounts due thereunder or upon the occurrence and continuation of certain events of default. As of June 30, 2011 and July 28, 2011, no amounts were outstanding under our Credit Agreement. We believe we are in compliance with all applicable covenants under our Credit Agreement.

In May 2011, we and SNH entered into a Bridge Loan agreement under which SNH agreed to lend us up to \$80.0 million to fund a part of the purchase price for the acquisition of the Indiana communities described above. In June 2011, we acquired two of the Indiana communities and, in connection with that acquisition, borrowed \$41.0 million under the Bridge Loan. We subsequently repaid \$32.0 million of this advance in June 2011 with the proceeds of a public offering of our common shares. We borrowed \$15.0 million under the Bridge Loan in July 2011 in connection with the acquisition of an additional Indiana community. The Bridge Loan matures on July 1, 2012 and bears interest at a rate equal to the annual rates of interest applicable to SNH's borrowings under its revolving credit facility, plus 1%, or 2.8%, as of June 30, 2011. The Bridge Loan agreement contains various covenants, including restrictions on our ability to incur liens upon or dispose of the collateral securing the Bridge Loan. The Bridge Loan agreement also contains events of default including non-payment, a change in control of us and certain events of insolvency. As of June 30, 2011 and July 28, 2011, \$9.0 million and \$24.0 million, respectively, was outstanding under the Bridge Loan and, as of July 28, 2011, \$24.0 million was available under the Bridge Loan to fund a portion of the cash purchase price of the remaining

three Indiana communities. We believe we are in compliance with all applicable covenants under the Bridge Loan agreement. Interest expense and other associated costs related to the Bridge Loan were \$58,000 for the three and six months ended June 30, 2011.

In October 2006, we issued \$126.5 million principal amount of the Notes. Our net proceeds from this issuance were approximately \$122.6 million. The Notes bear interest at a rate of 3.75% per annum and are convertible into our

Table of Contents

common shares at any time. The initial and current conversion rate, which is subject to adjustment, is 76.9231 common shares per \$1,000 principal amount of the Notes, which represents a conversion price of \$13.00 per share. The Notes are guaranteed by certain of our wholly owned subsidiaries. The Notes mature on October 15, 2026. We may prepay the Notes at any time after October 20, 2011 and the holders may require that we purchase all or a portion of these Notes on each of October 15 of 2013, 2016 and 2021. If a fundamental change, as defined in the indenture governing the Notes, occurs, holders of the Notes may require us to repurchase all or a portion of their Notes for cash at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest and, in certain circumstances, plus a make whole premium as defined in the indenture governing the Notes. We issued these Notes pursuant to an indenture, which contains various customary covenants. As of June 30, 2011 and July 28, 2011, we believe we are in compliance with all applicable covenants of this indenture.

During the six months ended June 30, 2011, we purchased and retired \$623,000 par value of the outstanding Notes and recorded a gain of \$1,000, net of related unamortized costs on early extinguishment of debt. We funded these purchases principally with available cash. As a result of these purchases and other purchases we made in prior years, \$37.3 million in principal amount of the Notes remain outstanding.

At June 30, 2011, two of our communities, which are included in discontinued operations, were encumbered by HUD insured mortgage notes and one of our communities was encumbered by a FNMA mortgage note totaling \$27.7 million. These mortgages contain HUD and FNMA standard mortgage covenants. We recorded a mortgage premium in connection with the FNMA mortgage note in order to record the assumed mortgage note at its estimated fair value. We are amortizing the mortgage premium as a reduction of interest expense until the maturity of the mortgage note. The weighted average interest rate on these notes was 6.30%. Payments of principal and interest are due monthly until maturities at varying dates ranging from June 2023 to May 2039. As of June 30, 2011 and July 28, 2011, we believe we are in compliance with all applicable covenants under these mortgages.

**Off Balance Sheet Arrangements**

As of June 30, 2011, we had no off balance sheet arrangements that have had or are reasonably likely to have a current or future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources, except for the pledge of certain of our assets, such as accounts receivable, with a carrying value of \$18.8 million arising from our operation of 56 properties owned by SNH and leased to us which secures SNH's borrowings from its lender, FNMA.

**Related Person Transactions**

SNH is our former parent company, our largest landlord and our largest shareholder (owning approximately 4,235,000 of our common shares, which represented approximately 8.9% of our outstanding common shares as of June 30, 2011). RMR provides management services to both us and SNH. One of our Managing Directors is also a managing trustee of SNH and our other Directors also serve as directors or trustees of other companies managed by RMR. As of June 30, 2011, we leased 187 senior living communities and two rehabilitation hospitals from SNH and managed 10 communities for the account of SNH. Under our leases with SNH, we pay SNH rent based on minimum annual rent amounts plus percentage rent based on increases in gross revenues at certain properties.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

On May 1, 2011, we commenced leasing a senior living community from SNH with 73 living units located in Illinois and we acquired approximately 14 acres of vacant land adjacent to the community for possible expansion for approximately \$1.3 million from an unrelated party. Our rent payable to SNH for this community is \$608,000 per year. Percentage rent, based on increases in gross revenues at this community, will commence in 2013. We added this community to our Lease No. 1 with SNH, which has a current term expiring in 2024.

In March 2011, SNH agreed to acquire, from an unrelated party, 20 senior living communities with 2,111 living units located in five states in the Southeast United States. These senior living communities primarily offer independent and assisted living services, which are primarily paid by residents from their private resources. On May 12, 2011, we entered into long term contracts with SNH to manage the 15 Managed Communities and agreed to lease the five Leased Communities when SNH acquired them. In June 2011, we began to manage 10 of the Managed Communities with 824 living units and to lease four of the Leased Communities with 523 living units. In July, we began to manage two of the remaining five Managed Communities and began to lease the remaining Leased Community. We expect to begin managing the remaining three Managed Communities for SNH during the third or fourth quarter of 2011. Our minimum rent payable to SNH for the Leased Communities is approximately \$6.9 million per year. Percentage rent, based on increases in gross

revenues at the Leased Communities, will commence in 2013. We added the Leased Communities to Leases Nos. 1, 2 and 4 with SNH, which have current terms expiring at varying dates ranging from April 2017 to June 2026.

The management contracts for the Managed Communities provide us with a management fee equal to 3% of the gross revenues realized at the Managed Communities, plus reimbursement for our direct costs and expenses related to the Managed Communities and an incentive fee equal to 35% of the net operating income of the Managed Communities after SNH realizes a return equal to 8% of its invested capital. The Management Contracts have an initial term of 20 years, and we have options to extend all, but not less than all, of the Management Contracts for two consecutive renewal terms of 15 years each. After December 31, 2017, SNH has the right, subject to our cure rights, to terminate the Management Contracts if it does not receive its minimum return in each of three consecutive years. We have a limited right to require the sale of underperforming communities. Special committees of each of our Board of Directors and SNH's board of trustees composed solely of our Independent Directors and SNH's independent trustees who are not also Directors or trustees of the other party and who were represented by separate counsel reviewed and approved the terms of the Management Contracts. For the three and six months ended June 30, 2011, we recorded \$25,000 in management fee revenue and \$562,000 of reimbursed costs incurred on behalf of the Managed Communities.

In November 2010, at our request, SNH agreed to sell one assisted living community in Pennsylvania with 70 living units that was leased to us. SNH sold this community in May 2011 and our annual rent to SNH decreased by approximately \$72,000.

Also in November 2010, at our request, SNH agreed to sell three SNFs in Georgia with a total of 329 living units that were leased to us. SNH sold two of these communities in May and one community in June and our annual rent to SNH decreased by approximately \$1.8 million.

Our rent expense under our leases with SNH was approximately \$95.5 million and \$93.9 million for the six months ended June 30, 2011 and 2010, respectively, net of \$450,000 amortization of a lease inducement from SNH in each period. During the three and six months ended June 30, 2011, pursuant to the terms of our leases with SNH, we sold approximately \$4.5 million and \$15.3 million, respectively, of improvements made to our properties leased from SNH, and, as a result, our annual rent payable to SNH increased by approximately \$359,000 and \$1.2 million, respectively. Our total minimum annual rent payable to SNH under our leases with SNH as of June 30, 2011 was approximately \$192.9 million, excluding percentage rent. Additional information regarding our leases with SNH appears in Item 2 of our Annual Report under the section captioned "Our SNH Leases".

As discussed above, in May 2011, we and SNH entered into a Bridge Loan agreement, under which SNH agreed to lend us up to \$80.0 million. The terms of the Bridge Loan agreement were reviewed and approved by special committees of each of our Board of Directors and SNH's board of trustees composed solely of our Independent Directors and SNH's independent trustees who are not also Directors or trustees of the other party and who were represented by separate counsel. As of June 30, 2011 and July 28, 2011, there was \$9.0 million and \$24.0 million, respectively, outstanding on the Bridge Loan. We recognized interest expense of \$58,000 for the three and six months ended June 30, 2011, which is included in interest and other expenses on our condensed consolidated statement of income.

RMR provides us with certain management, administrative and information systems services under the Business Management Agreement. Pursuant to the Business Management Agreement, we incurred expenses for those services of approximately \$2.8 million during each of the three months ended June 30, 2011 and 2010, and \$5.6 million and \$5.5 million during each of the six months ended June 30, 2011 and 2010, respectively. These amounts are included in general and administrative expenses in our condensed consolidated statement of income. In May 2011, we and RMR entered into an amendment to the Business Management Agreement. The amendment adjusted the determination of the fees payable by us to RMR under the Business Management Agreement. The Business Management Agreement provides for compensation to RMR at an annual business management fee equal to 0.6% of our revenues. As amended, revenues are defined as our total revenues from all

sources reportable under GAAP less any revenues reportable by us with respect to facilities and other properties for which we provide management services plus the gross revenues at those facilities and other properties determined in accordance with GAAP. In addition, the amendment also amended certain procedures for the arbitration of disputes pursuant to the Business Management Agreement. The terms of the amendment described above were reviewed and approved by the Compensation Committee of our Board of Directors, which consists solely of our Independent Directors.

Historically we have leased office space for our headquarters operations in two buildings from companies affiliated with RMR. In May 2011, we entered into a new lease which consolidates our headquarters into one building owned by an affiliate of RMR. This new lease requires us to pay current annual rent of approximately \$730,000. The terms of this new lease were reviewed and approved by a special committee of our Board of Directors composed solely of our Independent Directors. For more information concerning this lease, please see our May 13th Current Report. We also lease a regional management office in Atlanta, Georgia from another company managed by RMR, Commonwealth REIT, for annual rent of approximately \$64,000, but this regional office lease was not changed.

We, RMR, SNH and other companies to which RMR provides management services each currently owns approximately 14.29% of AIC. All of our Directors and all of the trustees and directors of the other shareholders of AIC currently serve on the board of directors of AIC. RMR, in addition to being a shareholder, provides management and administrative services to AIC pursuant to a management and administrative services agreement with AIC. Although we own less than 20% of AIC, we use the equity method to account for this investment because we believe that we have significant influence over AIC because all of our Directors are also directors of AIC. As of June 30, 2011, we have invested approximately \$5.2 million in AIC. We may invest additional amounts in AIC in the future if the expansion of this insurance business requires additional capital, but we are not obligated to do so. This investment had a carrying value of \$5.2 million and \$5.1 million as of June 30, 2011 and December 31, 2010, respectively. During the three and six months ended June 30, 2011 and 2010, we recognized income of \$46,290 and \$83,067 and a loss of \$(23,695) and \$(51,755), respectively, related to this investment. In 2010, AIC has designed a combination property insurance program for us and other AIC shareholders in which AIC participates as a reinsurer. Our total premiums under this program for the policy years expiring May 31, 2011 and 2012 were approximately \$2.9 million and \$4.5 million, respectively. We are currently investigating possibilities to expand our insurance relationships with AIC to include other types of insurance. By participating in this insurance business with RMR and the other companies to which RMR provides management services, we expect that we may benefit financially by possibly reducing our insurance expenses or by realizing our pro-rata share of any profits of this insurance business.

For more information about the relationships among us, our Directors and executive officers, SNH, RMR, AIC and other companies to which RMR provides management services, and about the risks which may arise from these relationships, please refer to our Annual Report and our other filings with the SEC, including the sections captioned Business, Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations Related Person Transactions in our Annual Report, the section captioned Related Person Transactions and Company Review of Such Transactions in our Proxy Statement and our May 13th Current Report. Our Annual Report, Proxy Statement and May 13th Current Report are available at the SEC website: [www.sec.gov](http://www.sec.gov).

**Seasonality**

Our senior living business is subject to modest effects of seasonality. During the calendar fourth quarter holiday periods, SNF and assisted living residents are sometimes discharged to join family celebrations and relocations and admission decisions are often deferred. The first quarter of each calendar year usually coincides with increased illness among nursing home and assisted living residents which can result in increased costs or discharges to hospitals. As a result of these factors, SNF and assisted living operations sometimes produce greater earnings in the second and third quarters of a calendar year and lesser earnings in the first and fourth quarters. We do not believe that this seasonality will cause fluctuations in our revenues or operating cash flow to such an extent that we will have difficulty paying our expenses, including rent, which do not fluctuate seasonally.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

We are exposed to risks associated with market changes in interest rates. We manage our exposure to this market risk by monitoring available financing alternatives. Our strategy to manage exposure to changes in interest rates is unchanged from December 31, 2010. Other than as described below, we do not foresee any significant changes in our exposure to fluctuations in interest rates or in how we manage this exposure in the near future.

Changes in market interest rates affect the fair value of our fixed rate debt; increases in market interest rates decrease the fair value of our fixed rate debt, while decreases in market interest rates increase the fair value of our fixed rate debt. For example: based upon discounted cash flow analysis, if prevailing interest rates were to increase by 10% of current

Table of Contents

interest rates and other credit market considerations remained unchanged, the aggregate market value of our \$27.7 million mortgage debt and \$37.3 million outstanding Notes on June 30, 2011 would decline by approximately \$3.0 million; and, similarly, if prevailing interest rates were to decline by 10% of current interest rates and other credit market considerations remained unchanged, the aggregate market value of our \$27.7 million mortgage debt and \$37.3 million outstanding Notes on June 30, 2011, would increase by approximately \$3.2 million.

Our Credit Agreement bears interest at floating rates and matures on March 18, 2013. As of June 30, 2011 and July 28, 2011, no amounts were outstanding under our Credit Agreement. We borrow in U.S. dollars and borrowings under our Credit Agreement bear interest at LIBOR (with a floor of 2% per annum) plus 400 basis points. Accordingly, we are vulnerable to changes in U.S. dollar based short term interest rates, specifically LIBOR. A change in interest rates would not affect the value of our Credit Agreement but could affect our operating results. For example, if the maximum amount of \$35.0 million were drawn under our Credit Agreement and interest rates above the floor or minimum rate decreased or increased by 1% per annum, our annual interest expense would decrease or increase by \$350,000, or \$0.01 per share, based on our currently outstanding common shares. If interest rates were to change gradually over time, the impact would occur over time.

The Bridge Loan bears interest at floating rates and matures on July 1, 2012. As of June 30, 2011 and July 28, 2011, \$9.0 million and \$24.0 million, respectively was outstanding under the Bridge Loan. We borrow in U.S. dollars and borrowings under the Bridge Loan bear interest at a rate equal to the annual rates of interest applicable to SNH's borrowings under its revolving credit facility, plus 1%, or 2.8% as of June 30, 2011. Accordingly, we are vulnerable to changes in U.S. dollar based short term interest rates, specifically LIBOR. A change in interest rates would not affect the value of the Bridge Loan but could affect our operating results. For example, if the \$24.0 million outstanding under our Bridge Loan remains outstanding and interest rates decreased or increased by 1% per annum, our annual interest expense would decrease or increase by \$240,000, or \$0.01 per share, based on our currently outstanding common shares. If interest rates were to change gradually over time, the impact would occur over time.

Our exposure to fluctuations in interest rates may increase in the future if we incur debt to fund acquisitions or otherwise.

**Item 4. Controls and Procedures**

As of the end of the period covered by this report, our management carried out an evaluation, under the supervision and with the participation of our President and Chief Executive Officer and our Treasurer and Chief Financial Officer of the effectiveness of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15. Based upon that evaluation, our President and Chief Executive Officer and our Treasurer and Chief Financial Officer concluded that our disclosure controls and procedures are effective.

There have been no changes in our internal control over financial reporting during the quarter ended June 30, 2011, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**WARNING CONCERNING FORWARD LOOKING STATEMENTS**

THIS QUARTERLY REPORT ON FORM 10-Q CONTAINS STATEMENTS WHICH CONSTITUTE FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 AND OTHER SECURITIES LAWS. WHENEVER WE USE WORDS SUCH AS BELIEVE , EXPECT , ANTICIPATE , INTEND , PLAN , ESTIMATE SIMILAR EXPRESSIONS, WE ARE MAKING FORWARD LOOKING STATEMENTS. THESE FORWARD LOOKING STATEMENTS AND THEIR IMPLICATIONS ARE BASED UPON OUR PRESENT INTENT, BELIEFS OR EXPECTATIONS, BUT FORWARD LOOKING STATEMENTS AND THEIR IMPLICATIONS ARE NOT GUARANTEED TO OCCUR AND MAY NOT OCCUR. FORWARD LOOKING STATEMENTS IN THIS REPORT RELATE TO VARIOUS ASPECTS OF OUR BUSINESS, INCLUDING:

- OUR ABILITY TO OPERATE OUR SENIOR LIVING COMMUNITIES AND REHABILITATION HOSPITALS PROFITABLY;
  
- OUR ABILITY TO MEET OUR DEBT OBLIGATIONS;
  
- OUR ABILITY TO COMPLY AND TO REMAIN IN COMPLIANCE WITH APPLICABLE MEDICARE, MEDICAID AND OTHER RATE SETTING AND REGULATORY REQUIREMENTS;
  
- OUR EXPECTATION THAT WE WILL BENEFIT FINANCIALLY BY PARTICIPATING IN AIC WITH RMR AND COMPANIES TO WHICH RMR PROVIDES MANAGEMENT SERVICES; AND
  
- OTHER MATTERS.

OUR ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE CONTAINED IN OR IMPLIED BY OUR FORWARD LOOKING STATEMENTS AS A RESULT OF VARIOUS FACTORS. FACTORS THAT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR FORWARD LOOKING STATEMENTS AND UPON OUR BUSINESS, RESULTS OF OPERATIONS, FINANCIAL CONDITION, CASH FLOWS, LIQUIDITY AND PROSPECTS INCLUDE, BUT ARE NOT LIMITED TO:

- THE IMPACT OF CHANGES IN THE ECONOMY AND THE CAPITAL MARKETS ON US AND OUR RESIDENTS AND OTHER CUSTOMERS;
  
- COMPETITION WITHIN THE SENIOR LIVING INDUSTRY AND OUR OTHER BUSINESSES;

Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

- INCREASES IN INSURANCE AND TORT LIABILITY COSTS;
- CHANGES IN MEDICARE AND MEDICAID POLICIES WHICH COULD RESULT IN REDUCED RATES OF PAYMENT OR A FAILURE OF THESE RATES TO COVER OUR COST INCREASES;
- ACTUAL AND POTENTIAL CONFLICTS OF INTEREST WITH OUR MANAGING DIRECTORS, SNH, RMR AND THEIR RELATED PERSONS AND ENTITIES; AND
- COMPLIANCE WITH, AND CHANGES TO FEDERAL, STATE AND LOCAL LAWS AND REGULATIONS THAT COULD AFFECT OUR SERVICES.

FOR EXAMPLE:

- THE VARIOUS GOVERNMENTS WHICH PAY US FOR THE GOODS AND SERVICES WE PROVIDE TO OUR RESIDENTS AND PATIENTS WHO ARE ELIGIBLE FOR MEDICARE AND MEDICAID ARE CURRENTLY EXPERIENCING SEVERE BUDGET SHORTFALLS AND MAY LOWER THE MEDICARE AND MEDICAID RATES THEY PAY US. BECAUSE WE OFTEN CAN NOT ETHICALLY LOWER THE QUALITY OF THE SERVICES WE PROVIDE TO MATCH THE AVAILABLE MEDICARE AND MEDICAID RATES, WE MAY EXPERIENCE LOSSES AND SUCH LOSSES MAY BE MATERIAL;
- THE CLOSINGS OF THE REMAINING INDIANA COMMUNITIES ARE SUBJECT TO OUR OBTAINING REGULATORY APPROVALS AND CERTAIN LENDER CONSENTS AND SATISFACTION OF OTHER CLOSING CONDITIONS. WE CURRENTLY EXPECT THAT ALL OF THE REQUIRED APPROVALS AND CONSENTS WILL BE OBTAINED AND OTHER CONDITIONS WILL BE SATISFIED, BUT SUCH APPROVALS, CONSENTS AND SATISFACTION OF CONDITIONS ARE NOT ASSURED AND WE CANNOT CONTROL THE TIMING OF REGULATORY APPROVALS, LENDER CONSENTS OR SATISFACTION OF CLOSING CONDITIONS. ACCORDINGLY, IT IS POSSIBLE THAT OUR ACQUISITION OF SOME OF THESE COMMUNITIES MAY BE DELAYED OR MAY NOT OCCUR;

Table of Contents

- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT THE PURCHASE OF CERTAIN INDIANA COMMUNITIES BY US WAS FUNDED, IN PART, BY THE BRIDGE LOAN FROM SNH WHICH MATURES ON JULY 1, 2012. THE BRIDGE LOAN AGREEMENT PROVIDES THAT IF THE BRIDGE LOAN IS NOT REPAYED ON OR BEFORE ITS MATURITY DATE, SNH MAY SATISFY THE BRIDGE LOAN BY ACQUIRING CERTAIN OF THE COMMUNITIES SECURING REPAYMENT OF THE BRIDGE LOAN AND LEASING THEM TO US. WE EXPECT TO BE ABLE TO REPAY THE BRIDGE LOAN BEFORE ITS MATURITY; HOWEVER, OUR ABILITY TO DO SO IS LARGELY DEPENDENT UPON MARKET CONDITIONS WHICH ARE BEYOND OUR CONTROL. ACCORDINGLY, WE CAN PROVIDE NO ASSURANCE THAT WE WILL BE ABLE TO REPAY OR REFINANCE THE BRIDGE LOAN OR REGARDING THE TERMS OF ANY SUCH REFINANCING;
- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT THE TERMS OF THE BRIDGE LOAN AGREEMENT AND THE MANAGEMENT CONTRACTS BETWEEN US AND SNH WERE APPROVED BY SPECIAL COMMITTEES OF EACH OF OUR BOARD OF DIRECTORS AND SNH'S BOARD OF TRUSTEES COMPOSED SOLELY OF OUR INDEPENDENT DIRECTORS AND SNH'S INDEPENDENT TRUSTEES WHO ARE NOT ALSO DIRECTORS OR TRUSTEES OF THE OTHER PARTY AND WHO WERE REPRESENTED BY SEPARATE COUNSEL. THIS QUARTERLY REPORT ON FORM 10-Q ALSO STATES THAT THE TERMS OF THE AMENDMENT TO THE BUSINESS MANAGEMENT AGREEMENT WERE REVIEWED AND APPROVED BY THE COMPENSATION COMMITTEE OF OUR BOARD OF DIRECTORS COMPOSED SOLELY OF OUR INDEPENDENT DIRECTORS AND THAT THE TERMS OF OUR LEASE FOR OUR HEADQUARTERS WITH AN AFFILIATE OF RMR WERE APPROVED BY A SPECIAL COMMITTEE OF OUR BOARD OF DIRECTORS COMPOSED SOLELY OF OUR INDEPENDENT DIRECTORS WHO WERE REPRESENTED BY SEPARATE COUNSEL. THE IMPLICATION OF THESE STATEMENTS MAY BE THAT THESE TERMS ARE ARMS LENGTH AND FAIR. HOWEVER, BECAUSE OF THE MULTIPLE RELATIONSHIPS AMONG US, SNH AND RMR AND ITS AFFILIATES, THESE TERMS MAY BE EXPOSED TO CLAIMS THAT THEY ARE SOMEHOW UNFAIR, AND DEFENDING SUCH CLAIMS CAN BE EXPENSIVE AND DISTRACTING TO MANAGEMENT;
- OUR RESIDENTS AND PATIENTS WHO PAY FOR OUR SERVICES WITH THEIR PRIVATE RESOURCES MAY BECOME UNABLE TO AFFORD OUR SERVICES WHICH COULD RESULT IN DECREASED OCCUPANCY AND REVENUES AT OUR SENIOR LIVING COMMUNITIES AND REHABILITATION HOSPITALS; AND
- WE EXPECT TO OPERATE OUR REHABILITATION HOSPITALS AND PHARMACIES PROFITABLY. HOWEVER, WE HAVE HISTORICALLY EXPERIENCED LOSSES FROM THESE OPERATIONS AND WE MAY BE UNABLE TO OPERATE THESE BUSINESSES PROFITABLY.

THESE RESULTS COULD OCCUR DUE TO MANY DIFFERENT CIRCUMSTANCES, SOME OF WHICH ARE BEYOND OUR CONTROL, SUCH AS NEW LEGISLATION AFFECTING OUR BUSINESS, CHANGES IN OUR REVENUES OR COSTS, OR CHANGES IN CAPITAL MARKETS OR THE ECONOMY GENERALLY.

THE INFORMATION CONTAINED ELSEWHERE IN THIS QUARTERLY REPORT ON FORM 10-Q OR IN OUR FILINGS WITH THE SEC, INCLUDING UNDER THE CAPTION "RISK FACTORS", OR INCORPORATED HEREIN OR THEREIN IDENTIFIES OTHER IMPORTANT FACTORS THAT COULD CAUSE DIFFERENCES FROM OUR FORWARD LOOKING STATEMENTS. OUR FILINGS WITH THE SEC ARE AVAILABLE ON THE SEC WEBSITE: WWW.SEC.GOV.

YOU SHOULD NOT PLACE UNDUE RELIANCE UPON FORWARD LOOKING STATEMENTS.

EXCEPT AS REQUIRED BY LAW, WE DO NOT INTEND TO UPDATE OR CHANGE ANY FORWARD LOOKING STATEMENTS AS A RESULT OF NEW INFORMATION, FUTURE EVENTS OR OTHERWISE.
