Edgar Filing: Alexandria Real Estate Equities, L.P. - Form FWP

The redemption price for notes that are redeemed on or after October 15, 2025 will be equal to the sum of 100% of the principal amount of the notes being redeemed, plus accrued and unpaid interest thereon.

Make-Whole Amount:

Make-Whole Amount means, in connection with any optional redemption of the notes, the excess, if any, as determined by the Issuer, of: (1) the aggregate present value as of the date of such redemption of each dollar of principal being redeemed or paid and the amount of interest (exclusive of interest accrued to the date of redemption) that would have been payable in respect of each such dollar if such redemption or accelerated payment had not been made, determined by discounting, on a semi-annual basis, such principal and interest at the

Reinvestment Rate (determined by the Issuer on the third business day preceding the date a notice of redemption is given) from the respective dates on which such principal and interest would have been payable if such redemption or payment had not been made, over (2) the aggregate principal amount of the notes being redeemed or paid.

Reinvestment Rate means 0.35% plus the arithmetic mean of the yields under the respective heading "Week Ending" published in the most recent Statistical Release under "Treasury Constant Maturities" for the maturity (rounded to the nearest month) corresponding to the remaining life to maturity, as of the date of the principal being redeemed or paid. If no maturity exactly corresponds to such maturity, yields for the two published maturities most closely corresponding to such maturity shall be calculated pursuant to the immediately preceding sentence and the Reinvestment Rate shall be interpolated or extrapolated from such yields on a straight-line basis, rounding in each of such relevant periods to the nearest month. For the purpose of calculating the Reinvestment Rate, the most recent Statistical Release published prior to the date of determination of the Make-Whole Amount shall be used.

Statistical Release means that statistical release designated H.15(519) or any successor publication that is published weekly by the Federal Reserve System and that establishes annual yields on actively traded U.S. government securities adjusted to constant maturities, or, if such statistical release is not published at the time of any determination under the indenture, then such other reasonably comparable index the Issuer designates. If the format or content of the Statistical Release changes in a manner that precludes determination of the Treasury yield in the above manner, then the Treasury yield shall be determined in the manner that most closely approximates the above manner, as reasonably determined by the Issuer.

Denominations: \$2,000 and integral multiples of \$1,000 in excess thereof
Trade Date: November 5, 2015
Settlement Date: November 17, 2015 (T+7)*
Other: All of the Issuer's outstanding consolidated secured indebtedness as of September 30, 2015 was attributable to indebtedness of the Issuer's subsidiaries other than the Guarantor. As of September 30, 2015, all of the Issuer's outstanding senior unsecured indebtedness was attributable only to the Issuer and the Guarantor, and will rank pari passu with the notes.

* The Issuer expects that delivery of the notes will be made to investors on or about November 17, 2015, which will be the seventh business day following the date of the prospectus supplement (such settlement being referred to as T+7). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing of the notes or the next three succeeding business days will be required, by virtue of the fact that the notes initially will settle in T+7 to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisors.

The Issuer and the Guarantor have filed a registration statement (including a prospectus) with the Securities and Exchange Commission (the SEC) for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents that the Issuer and the Guarantor have filed with the SEC for more complete information about the Issuer, the Guarantor and this offering.
