## USE OF PROCEEDS

We will receive net proceeds from this offering of approximately \$210 million. We intend to use the net proceeds to repay borrowings under our revolving credit facility.

Affiliates of certain of the sales agents listed in the Related Prospectus Supplement are lenders under our revolving credit facility and, as a result, such affiliates may receive proceeds from this offering.

As of September 20, 2017, approximately \$951 million of indebtedness was outstanding under our revolving credit facility. We used these funds for working capital purposes and to finance internal growth activities, acquisitions, including in part to fund the previously announced merger of VTTI Energy Partners LP with and into a direct wholly owned subsidiary of VTTI B.V., and 2017 capital expenditures. Indebtedness under our revolving credit facility bears interest under one of two rate options, selected by us, equal to either (i) the highest of (a) the federal funds rate plus 0.5%, (b) SunTrust Bank's prime rate, or (c) an adjusted London Interbank Offered Rate determined on a daily basis for an interest period of one month, in each case plus an applicable margin, or (ii) an adjusted London Interbank Offered Rate plus 1%. The applicable margin is determined based on ratings assigned by Standard & Poor's Rating Services and Moody's Investor Service for our senior unsecured non-credit enhanced long-term debt. As of September 20, 2017 the interest rate under our revolving credit facility was a weighted average of 2.69%. Our revolving credit facility has a maturity date of September 30, 2021.

**PLAN OF DISTRIBUTION**
