Item 8.01. Other Events.

Neos Therapeutics, Inc. (the Company) is filing this Current Report on Form 8-K to recast certain historical financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 (the 2017 Form 10-K), originally filed with the Securities and Exchange Commission (SEC) on March 16, 2018, to reflect the Company's retrospective adoption of ASU 2014-09, Revenue from Contracts with Customers (Topic 606), and subsequent amendments thereto (ASC 606). All other information provided in the 2017 Form 10-K remains unchanged and this report does not modify or update the disclosures in the 2017 Form 10-K in any way other than with respect to the retrospective adoption of ASC 606. The recast historical financial statements did not impact the Company's previously reported financial statements in any prior period nor did it result in a cumulative adjustment to retained earnings.

ASC 606 provides a single, comprehensive revenue recognition model which replaces and supersedes most existing revenue recognition guidance and requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard requires that the costs to obtain and fulfill contracts with customers should be recognized as assets and amortized to match the pattern of transfer of goods or services to the customer if expected to be recoverable. The standard also requires enhanced disclosures.

The recast historical financial statements are filed as Exhibit 99.1 to this report and are incorporated herein by reference. This report does not reflect events occurring after the original filing of the 2017 Form 10-K and should be read in conjunction with other information that the Company has filed with the SEC.
