OVERVIEW OF THE COMPANY

TelcoBlue, Inc., formerly Better Call Home, Inc. ("BCH"), a development stage company, was formed in Nevada on August 2, 2002, to operate an Internet based long distance telephony network using state of the art Voice over Internet Protocol.

On August 29, 2002, BCH entered into a reorganization with Wave Power.net, Inc., an inactive public company, whereby Wave Power acquired all of the issued and outstanding shares of BCH's common stock by issuing to BCH's shareholders, pro rata, 16,000,000 shares of Wave Power common stock. At that time, Wave Power had 14,000,000 shares outstanding. The combined entity changed its name to TelcoBlue, Inc. on August 29, 2002.

On January 22, 2004, TelcoBlue, Inc. a Delaware Corporation acquired all the issued and outstanding stock of Promotional Containers Manufacturing, Inc. ("PCM"), a private Nevada company in exchange for 28,700,000 shares

of TelcoBlue, Inc. ("TELCO") common stock through a tax-free stock exchange, the terms and conditions set forth in an Agreement and Plan of Reorganization ("Agreement and Reorganization"). The company presently trades on the Over the Counter Bulletin Board stock exchange under the symbol, "TBLU". (Promotional Containers Manufacturing, Inc. was incorporated under the laws of Nevada on January 24, 2003 with authorized common stock of 75,000,000 with a par value of \$0.001.)

In the spring of 2003, PCM acquired the assets of GMB in El Paso, Texas, whose product offerings ranged from photomounts and other related paper packaging items to padded folios, wedding albums and baby albums.

On December 10, 2003, the Company purchased the assets of Show Me Ink, LLC, an entity owned by the Company's Chief Executive Officer and majority stockholder in exchange for \$450,000, which was contributed by the Chief Executive Officer to the Company. In addition, the Company forgave debt owed by Show Me Ink, LLC totaling \$1,588,521.

On December 30, 2003, Telco Blue, Inc. ("TBLU") consummated an agreement to acquire all of the outstanding capital stock of Promotional Containers Manufacturing, Inc., in exchange for 28,700,000 shares of the Company's common stock ("TBLU Transaction"). Prior to the TBLU Transaction, TBLU was a non-operating public shell company with no operations, nominal assets and 5,482,075 shares of common stock issued and outstanding; and Promotional Containers Manufacturing, Inc was a professional photo packaging operation, specializing in wedding albums, baby albums and photo mounts from its factory in El Paso, Texas.

The TBLU Transaction is considered to be a capital transaction in substance, rather than a business combination. Inasmuch, the TBLU Transaction is equivalent to the issuance of stock by Promotional Containers Manufacturing, Inc. for the net monetary assets of a non-operational public shell company (TBLU), accompanied by a recapitalization.

On December 23, 2004, TelcoBlue, Inc. redomiciled in the State of Wyoming, where it currently remains.

In 2005, the Company's intention was to re-structure its manufacturing process, digitizing its operations in order to become competitive with similar businesses. Funds to enact these changes did not materialize. As a consequence, we conducted no business in the year 2005. We will continue to seek funding from viable sources which would help the company accomplish this change-over.

These conditions give rise to substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include adjustments relating to the recoverability and classification of reported asset amounts or the amount and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to obtain additional financing or sale of its common stock as may be required and ultimately to attain profitability.

Since that time, TelcoBlue has continued the evaluation of the photographic and communication industries for potential opportunities for merger and acquisitions. None have been identified as of June 1, 2008, however TelcoBlue continues to evaluate the development of a web site, market plan and business plan.

OUR BUSINESS PLAN

During the twelve month period January 1, 2006 through December 31, 2006, the Company's focus was on the identification of acquisition and merger opportunities to foster our developing business plan.

The Company is continuing to search for opportunities to enhance shareholder value. To date the Company has not entered into any agreements, but is looking to develop such a relationship before the end of the 2008 fiscal year. The Company's ideal candidate will provide the company with the best shareholder value.

Since our inception, we have continued to raise capital to complete audits and to develop a business plan, a market plan, a website in the direction needed for the company. As we have no marketable product yet, we do not anticipate generating any revenues over the next year. Therefore, we anticipate the need to raise additional capital over the next twelve months. The financing for our development activities to date has come from the sale of common stock.

The Company had during the period covered by this report, two offices, in Texas and Kentucky. The Company leased space at 6001 Threadgill, El Paso Texas under an agreement for 65,000 square foot space for the period 2003 when leased through December 31, 2006. The monthly lease payments were approximately \$11,000.00. The Company's Texas operations were moved to 2111 Wyoming, El Paso, Texas in approximately December 2006. The lease of \$7,437.50 and \$1,000.00 for insurance and taxes, for the Wyoming Street property was terminated by mutual consent with the landlord in the Fall of 2007, as the Company's operations in this facility were discontinued and the assets sold to cover the rent payments due. This location housed 1 employee and was utilized by the Company for storage.

The Company moved its corporate headquarters, housed in its Kentucky offices from 3166 Custer Drive Ste 101 to 3328 Eagle View Lane, Ste 240 in March 2006 to accommodate its then present needs. The Company leased this space under a lease agreement for 1,400 square foot space. The lease term was for 5 years commencing April 1, 2006

and ending March 1, 2008 and the monthly lease payments were \$2391.33. This location housed 2 employees in 2006 and 3 employees as of June 1, 2008. The Company subsequently moved its Lexington Offices to 1795 Alysheba Way, Ste 3105 Lexington, KY 40509 in March 2008, where it currently resides. The lease term is for 2 years commencing April 1, 2008 and ending March 31, 2010 and the monthly lease payments are \$1400.00.

LIQUIDITY AND CAPITAL RESOURCES

In order to achieve our business plan goals, the Company anticipates needing to raise additional capital from the sale of restricted shares over the coming 12 month period. The company arranged for private loans with LexReal Co., LLC as an open account, at 10% interest rate per annum payable by December 31, 2010, which notes may be converted to commn stock. Conversion would be based on 40% of the average bid price for the 5 trading days preceding the conversion.

The Company intends to finance our future development activities and working capital needs largely from the sale of public equity securities with additional funding from a private placement or secondary offering and other traditional financing sources, including term notes and proceeds from sub-licensing agreements until such time that funds provided by operations are sufficient to fund working capital requirements.

During the coming year, based on our anticipated growth, we plan to add several employees to our staff.

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

ITEM 3.

CONTROLS AND PROCEDURES

Under the supervision and with the participation of our Management, including our Principal Executive Officer and Principal Accounting Officer, we conducted an evaluation of the effectiveness of the design and operations of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act) as of the end of the period covered by this report. Based on this evaluation, our Principal Executive Officer and Principal Accounting Officer concluded that our financial disclosure controls and procedures were effective so as to timely identify, correct and disclose information required to be included in our Securities and Exchange Commission (SEC) reports due to the Company s limited internal resources and lack of ability to have multiple levels of transaction review. Through the use of external consultants and the audit process, management believes that the financial statements and other information presented herewith are materially correct.

There have been no significant changes in the Company s internal control over financial reporting or, to our knowledge, in other factors that could significantly affect the Company s internal controls over financial reporting subsequent to the evaluation date.
