NOTICE OF THE SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 5, 2002

NOTICE IS HEREBY GIVEN, that the Special Meeting (the "Meeting") of shareholders (the "Shareholders") of JPAL, Inc. (the "Company") will be held at 2:00 P.M. on June 5, 2002 at the offices of Gersten, Savage, Kaplowitz, Wolf & Marcus, LLP, at 101 East 52nd Street, New York, NY, 10022 for the following purpose:

1. To consider and vote upon a proposal (the "Proposal") to approve the Amended Contribution Agreement, dated as of April 24, 2002, and all transactions and developments contemplated thereby (the "Exchange") by and among the Company, Essential Reality, LLC, a Delaware limited liability company ("Essential") and the other signatories thereto, a copy of which is attached hereto as Exhibit A, which Amended Contribution Agreement (the "Agreement") amends and restates that certain Contribution Agreement approved by the Shareholders at a meeting thereof on February 1, 2002 (the "Original Agreement").

The Shareholders voted on and approved the Original Agreement and all of the transactions and developments contemplated thereby on February 1, 2002 (referred to herein as the "Previous Exchange") as described in that definitive proxy statement related thereto filed with the Securities and Exchange Commission on January 18, 2002. The purpose of the Previous Exchange was to have the Company acquire and assume the business of Essential. The parties to the Original Agreement have since determined to modify certain of its terms while retaining the purpose manifested therein. The Company is therefore resubmitting the agreement for Shareholder approval due to the modifications which, in the aggregate, it deems sufficiently material to motivate such resubmission. If the Exchange is approved, the Company will issue up to 17,280,000 shares of its common stock in exchange for all of the outstanding membership interests of Essential (subject to adjustment as set forth hereinafter). The Shareholders will not receive any cash, stock or other property in connection with, or as a result of, the Exchange.

Shareholders of record at the close of business on April 19, 2002 are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. Whether you expect to attend the Meeting in person or not, please sign, fill out, date and return the enclosed proxy in the self-addressed, postage-paid envelope also enclosed. If you attend the Meeting and prefer to vote in person, you can revoke your proxy.

PLEASE NOTE THAT MR. DRECHSLER, THE COMPANY'S CONTROLLING SHAREHOLDER,

Edgar Filing: JPAL INC - Form DEF 14A

HAS INFORMED THE COMPANY THAT HE WILL BE VOTING "FOR" THE PROPOSAL. THE NUMBER OF VOTES HELD BY THE CONTROLLING SHAREHOLDER IS SUFFICIENT TO SATISFY THE SHAREHOLDER VOTE REQUIREMENT FOR THE PROPOSAL AND NO ADDITIONAL VOTES WILL CONSEQUENTLY BE NEEDED TO APPROVE THE PROPOSAL.

PROXY STATEMENT

SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD JUNE 5, 2002

This Proxy Statement is being furnished in connection with the solicitation by the sole director of JPAL, Inc. (the "Company"), for use at the Special Meeting (the "Meeting") of shareholders (the "Shareholders") of the Company to be held on June 5, 2002 at 2:00 P.M. at the offices of Gersten, Savage, Kaplowitz, Wolf & Marcus, LLP, at 101 East 52nd Street, New York, NY, 10022 and at any adjournment or postponement thereof.

Only Shareholders of record at the close of business on April 19, 2002 (the "Record Date") are entitled to vote at the Meeting. As of the Record Date, there were issued and outstanding 8,645,260 shares of the Company's common stock (the "Common Stock"). Each outstanding share of Common Stock is entitled to one vote on all matters properly coming before the Meeting. All properly executed, unrevoked proxies on the enclosed form of proxy that are received in time will be voted in accordance with the Shareholder's directions and, unless contrary directions are given, will be voted for the proposal (the "Proposal") described below. Anyone giving a proxy may revoke it at any time before it is exercised by giving the Board of Directors of the Company written notice of the revocation, by submitting a proxy bearing a later date or by attending the Meeting and voting in person.

The presence in person or by properly executed proxy of holders representing a majority of the issued and outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Meeting. Votes cast by proxy or in person at the Meeting will be tabulated by the inspector of elections appointed for the Meeting, who will determine whether or not a quorum is present. Shares of Common Stock represented by proxies that are marked "abstain" will be included in the determination of the number of such shares present and voting for purposes of determining the presence or absence of a quorum for the transaction of business at the Meeting. Abstentions will not be counted as voted either for or against the Proposal. Brokers holding shares of Common Stock for beneficial owners in "street name" must vote those shares according to specific instructions they receive from the

Edgar Filing: JPAL INC - Form DEF 14A

owners. However, brokers have discretionary authority to vote on "routine" matters. Absent specific instructions from the beneficial owners in the case of "non-routine" matters, the brokers may not vote the shares. "Broker non-votes" result when brokers are precluded from exercising their discretion on certain types of proposals. Shares of Common Stock that are not voted by brokers in a delivered proxy will be treated as shares present for purposes of determining the presence of a quorum, but will not be treated as shares entitled to vote at the Meeting.

Mr. Frank Drechsler, the sole member of the Board of Directors of the Company (the "Sole Director"), has adopted and approved the Proposal set forth herein and recommends that the Shareholders vote "FOR" the Proposal.

Approval of the Proposal requires the affirmative vote of a majority of the Company's outstanding shares of Common Stock.

PLEASE NOTE THAT MR. DRECHSLER, THE COMPANY'S CONTROLLING SHAREHOLDER, HAS INFORMED THE COMPANY THAT HE WILL BE VOTING "FOR" THE PROPOSAL. THE NUMBER OF VOTES HELD BY THE CONTROLLING SHAREHOLDER IS SUFFICIENT TO SATISFY THE SHAREHOLDER VOTE REQUIREMENT FOR THE PROPOSAL AND NO ADDITIONAL VOTES WILL CONSEQUENTLY BE NEEDED TO APPROVE THE PROPOSAL.

This Proxy Statement, the accompanying Notice of Meeting and the form of proxy have been first sent to the Shareholders on or about May 22, 2002.

The date of this Proxy Statement is May 21, 2002

SUMMARY

The following is a summary of the terms of the Proposal. This summary is qualified by the more detailed description appearing elsewhere in this Proxy Statement. We urge you to carefully read this Proxy Statement, and the exhibits hereto, in their entirety because the information in this summary is not complete.

- o We intend to issue up to 17,280,000 shares of our common stock in exchange for all of the outstanding membership interests of Essential (subject to adjustment as described under "Proposal 1: Approval of the Exchange"), including 9,600,000 shares to be issued to Essential's current members. As a result of this transaction, we will acquire and assume the business of Essential. See "Proposal 1: Approval of the Exchange - Description of the Exchange."
- o Essential will consummate a private placement of its membership interests prior to the exchange transaction, which will be contributed to us in exchange for shares of our common stock. Essential may sell up to 7,680,000 of its membership interests in its private placement. See "Proposal 1: Approval of the Exchange - Material Terms of the Exchange."
- o Upon completion of the exchange transaction, our business will be the business currently being conducted by Essential. See "Business of Essential Reality."
- o Our shareholders will not receive any cash, stock or other property in connection with, or as a result of, the exchange transaction. See Section "Proposal 1- Approval of the Exchange - Description of Exchange."
- o Shareholder approval of the Proposal will require the affirmative vote of a majority of our outstanding shares of common stock. Our controlling Shareholder has already informed us that he will be voting in favor of the proposal set forth herein. The number of votes held by the controlling Shareholder is sufficient to satisfy the Shareholder vote requirement for the Proposal. Therefore, no additional votes will be needed to approve the Proposal. See "Questions and Answers About the Meeting."

DIFFERENCES BETWEEN THE EXCHANGE AND THE PREVIOUS EXCHANGE

The Shareholders approved the Original Agreement on February 1, 2002. The Agreement submitted for approval of Shareholders hereby modifies the Original Agreement in certain respects. The principal modifications are summarized below. You are hereby cautioned that the following is a summary only, qualified in its entirety by reference to other sections of this Proxy Statement and the exhibits hereto. Certain defined terms used elsewhere herein are avoided in this section due to the potential conflict between such terms in this Proxy Statement and the proxy statement relating to the Previous Exchange.

As a general rule, the terms of the Exchange and related transactions are considerably less intricate than in the earlier version of the same.

- o Under the Original Agreement, the Company was to consummate a private placement prior to the Closing of the Previous Exchange. Under the modified structure, the Private Placement is instead to be conducted by Essential. While the difference is superficially considerable, since it significantly increases the relative number of shares of Common Stock issuable to holders of membership interests in Essential immediately prior to the Closing, there is less of a difference from the post-Closing perspective, where every individual or entity involved in the Exchange, as the case may be, will be a shareholder of the Company.
- o Current Shareholders will own a smaller percentage of the Company subsequent to the Closing of the Exchange. See, e.g., "Material Terms of the Exchange" and "Security Ownership of Certain Beneficial Owners and Management."
- o The concept of Additional Shares has been eliminated. As a result, the concept of Additional Warrants has also been eliminated. Any uncertainty relating to subscriptions for securities has been transferred to Essential since it will conduct the Private Placement. In any event such uncertainty will have disappeared by the Closing Date, simplifying the structure of the Exchange and its implications. See "Material Terms of the Exchange."
- o The terms of the Warrants to be issued are far less complex. See "Description of Securities."
- o Certain prepayment terms of the Bridge Loans have been agreed upon. The Agreement provides for specific instances pursuant to which such prepayment will be made. In addition, notes representing a portion of the bridge loans have become convertible into securities of Essential as well as of the Company. See "Material Terms of the Exchange."
- o Certain minor alterations to the registration, escrow and restrictions on trading of shares of Common Stock subsequent to Closing have been made. See "Material Terms of the Exchange."

As the above-referenced modifications to the contemplated transaction makes clear, the original structure has for all practical purposes remained intact. Certain of the modifications are material, while others are cosmetic only. You are urged to carefully read the entirety of this Proxy Statement for a full rendition of the terms of the Exchange.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is being voted on at the Meeting?

Our sole director is asking shareholders to consider one item at this Special Meeting of Shareholders:

- (i) To approve the Agreement attached hereto as Exhibit A and all transactions and developments contemplated thereby (which we refer to as the "Exchange");

What is the purpose of the Exchange?

The purpose of the Exchange is to allow us to acquire and carry on the business of Essential and to allow Essential to become a public reporting company under the Securities Exchange Act of 1934, as amended. It is anticipated that becoming a publicly reporting company will further enhance Essential's business visibility and ability to attract and utilize additional sources of capital.

Is the purpose of the Exchange different from that of the Previous Exchange?

No. The purpose of the Exchange remains the same. However, certain modifications to the terms of the Agreement governing its terms have been made. See "Differences between the Exchange and the Previous Exchange."

Who can vote at the Meeting?

Our sole director has set April 19, 2002 as the Record Date for the Meeting. Only persons holding shares of our common stock of record at the close of business on the Record Date will be entitled to receive notice of and to vote at the Meeting. Each share of our common stock will be entitled to one vote per share on each matter properly submitted for vote to our shareholders at the Meeting. On the Record Date there were 8,645,260 shares of our common stock outstanding held by a total of 24 shareholders of record.

What constitutes a quorum for the Meeting?

To have a quorum, we need the majority of the votes entitled to be cast to be present, in person or by proxy, including votes as to which authority to vote on the proposal is withheld. Shares of stock abstaining as to the proposal, and broker non-votes (where a broker submits a proxy but does not have authority to vote a customer's shares of stock on one or more matters) on the proposal, will be considered present at the Meeting for purposes of establishing a quorum for the transaction of business at the Meeting. The shares held by Mr. Frank Drechsler, our controlling shareholder, are sufficient to form a quorum. Mr. Drechsler has informed us that he will be present, in person or by proxy, at the Meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct, unless you later revoke the proxy. Unless instructions to the contrary are marked, or if no instructions are specified, shares of our common stock represented by a proxy will be voted for the proposal set forth on the proxy, and in the discretion of the persons named as proxies on such other matters as may properly come before the Meeting. If you

Edgar Filing: JPAL INC - Form DEF 14A

are a registered shareholder, that is, if you hold your shares of our common stock in certificate form, and you attend the Meeting, you may deliver your completed proxy card in person. If you hold your shares of stock in "street name," that is, if you hold your shares of our common stock through a broker or other nominee, and you wish to vote in person at the Meeting, you will need to obtain a proxy form from the institution that holds your shares.

7

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised either by filing with our Secretary, at the address indicated above, a written notice of revocation or a duly executed proxy bearing a later date, or by voting in person at the Meeting. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request. However, attendance at the Meeting will not by itself revoke a previously granted proxy.

Any written notice of revocation sent to us must include the shareholder's name and must be received prior to the Meeting to be effective.

What vote is required to approve the Proposal?

The approval of the business combination with Essential, which we refer to as the Exchange will require the affirmative vote of a majority of our outstanding shares of common stock.

PLEASE NOTE THAT MR. DRECHSLER, OUR CONTROLLING SHAREHOLDER, HAS INFORMED US THAT HE WILL BE VOTING "FOR" THE PROPOSAL. THE NUMBER OF VOTES HELD BY OUR CONTROLLING SHAREHOLDER IS SUFFICIENT TO SATISFY THE SHAREHOLDER VOTE REQUIREMENT FOR THE PROPOSAL AND NO ADDITIONAL VOTES WILL CONSEQUENTLY BE NEEDED TO APPROVE THE PROPOSAL.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Information included in this Proxy Statement may contain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). This information may involve known and unknown risks, uncertainties and other factors which may cause the Company's and/or Essential's actual results, performance or achievements to be materially different from future results, performance or achievements expressed or implied by any forward-looking statements. Forward-looking statements, which involve assumptions and describe the Company's and Essential's future plans, strategies and expectations, are generally identifiable by use of the words "may," "will," "should," "expect," "anticipate," "estimate," "believe," "intend" or "project" or the negative of these words or other variations on these words or comparable terminology. These forward-looking statements are based on assumptions that may be incorrect, and there can be no assurance that these projections included in these forward-looking statements will come to pass. The Company's and Essential's actual results could differ materially from those expressed or implied by the forward-looking statements as a result of various factors. Neither the Company nor Essential undertakes an obligation to update publicly any forward-looking statements for any reason, even if new information becomes available or other events occur in the future.

PROPOSAL 1

APPROVAL OF THE EXCHANGE

Description of the Exchange

On August 23, 2001, a Contribution Agreement was executed by and among JPAL, Essential Reality, LLC and the other signatories thereto. The Contribution Agreement was amended on October 30, 2001, November 30, 2001 and January 31, 2002 and approved by our shareholders on February 1, 2002 at a duly called meeting thereof. The Contribution Agreement, as amended, is referred to in this Proxy Statement as the "Original Agreement." While the intent of the parties to the Original Agreement remains the same, certain terms of the Original Agreement have been amended to an extent where we believe it necessary to resubmit the agreement (referred to herein as the "Agreement") for the approval of our shareholders.

The Agreement provides for a tax-free exchange of securities pursuant to the provisions of Section 351 of the Internal Revenue Code (the "Code"), whereby we have agreed to acquire all the membership interests of Essential in exchange for up to 17,280,000 shares of our common stock (a transaction we refer to as the "Exchange"), including 9,600,000 shares of our common stock that will be issued to the current members of Essential and up to 7,680,000 shares of our common stock that will be issued to investors in a private placement that Essential will consummate prior to the closing of the Exchange. The 9,600,000 shares (the "Contribution Shares") and the up to 7,680,000 shares (the "Private Placement Shares") will represent at least 80% of the shares of our common stock issued and outstanding after the closing of the Exchange. We and Essential have determined that the Exchange represents an opportunity for both companies to achieve long-term strategic and financial benefits.

The following are answers to some of the questions about the Exchange that you, as one of our shareholders, may have. We urge you to read this Proxy Statement, including the Agreement, carefully because the information in this section is not complete.

Has the Board of Directors Approved the Exchange?

Yes. On April 25, 2002 our sole director approved the Agreement and all of the transactions and developments contemplated thereby.

Shareholders already approved a transaction with Essential on February 1, 2002. Was that transaction effectuated?

No. Shareholder approval is a necessary condition for the consummation of the Exchange; however, the parties to the Exchange may nonetheless determine to renegotiate certain terms, which we and Essential did. Having come to an accord with Essential we are hereby resubmitting the Exchange for our shareholders' approval.

What are the differences between the Exchange and the transaction that the shareholders approved on February 1, 2002?

Primarily that Essential rather than JPAL will conduct the private placement. Please see "Differences between the Exchange and the Previous Exchange" for a brief description of this and other modifications.

What would happen if the shareholders do not approve the proposal?

We would continue in our present form and the Exchange would not occur. We would have an option plan, which we did not have prior to its approval by our shareholders at the February Meeting.

Edgar Filing: JPAL INC - Form DEF 14A

Why are shareholders not voting on the other proposals that were submitted for approval at the February Meeting?

Shareholders approved the adoption of the stock incentive plan and the appointment of Deloitte & Touche, LLP as our independent auditors. The other proposals were also approved at the February Meeting, but they are subject to the approval of the Exchange. If our shareholders approve the Exchange, all other proposals will have been approved and can be implemented.

9

Why are the two companies proposing to combine?

Founded in 1999, Essential is a developer of real-time tracking and sensory technologies. Essential focuses on combining these technologies into products that enhance the interaction between human beings and computer platforms.

We were founded in March 1999 and were engaged in the business of providing vacation rental properties and services over the Internet. We no longer conduct any business. We believe that the combination of JPAL and Essential will prove beneficial to both companies in that we will once again become an operating company and Essential will acquire access to greater capital resources through being a publicly traded company.

How will the Exchange work?

The Exchange will be a very simple, straight-forward transaction. We will issue shares of our common stock in exchange for all of the membership interests of Essential, which will subsequently be dissolved. Our name will be changed to Essential Reality, Inc.

Do I have the right to vote on the Exchange?

Yes, you do. That is the purpose of this proxy statement. We are soliciting your vote in favor of the Exchange.

Will my vote have any effect on the outcome?

No, it will not. Mr. Drechsler, our sole director and controlling Shareholder, holds enough votes to approve the proposal to approve the Exchange and he has informed us that he will be voting his shares in favor of the proposal.

If the Exchange is approved, do I need to exchange my shares of common stock?

You do not. Since we are the acquiring entity, you will not be exchanging your shares.

How many shares will I have after the Exchange?

The number of shares you own will remain the same. Nonetheless, your ownership percentage will be diluted. In the Exchange, we are issuing 9,600,000 shares of our common stock to the current members of Essential as well as up to 7,680,000 shares of our common stock to investors in a private placement that Essential will consummate prior to the closing of the Exchange. We cannot assure you what your exact percentage will be. However, the shares of our common stock currently held by Mr. Drechsler, our president and sole director, will be canceled prior to the closing of the Exchange, as will shares of common stock held by certain of our other shareholders. If we issue 7,680,000 shares of common stock to the investors in the private placement, the total number of shares of our common stock that will be issued in connection with the Exchange is 17,280,000. Our shareholders will in that event retain 1,106,891 shares of common stock and the aggregate number of shares of common stock issued and outstanding after the Exchange will increase from the current 8,645,260 to 18,386,891. However, this aggregate figure may increase in the event that certain warrants to purchase membership interests are exercised prior to the closing of the Exchange (see

Edgar Filing: JPAL INC - Form DEF 14A

"Material Terms of the Exchange" below).

When and where can I trade my shares after the Exchange?

Our shares of common stock are currently traded on the NASD Over-the-Counter Bulletin Board ("OTC BB") under the symbol "JPAL." The Exchange will not affect where our shares are traded, though we anticipate changing our ticker symbol to "ESSE," subject to approval of the Exchange and availability of the symbol.

Will the shares to be issued in the Exchange be freely trading?

The shares that will be issued to the members of Essential will not be registered upon issuance. Section 5 of the Securities Act prohibits the sale of unregistered securities. The person and entities to whom or to which, as the case may be, shares of our common stock shall be issued under the Agreement will be granted registration rights with respect to all or some of such shares of common stock, depending on the identity of the person or entity.

Even if the shares of common stock are registered, however, other restrictions may still apply. Certain securities may not be freely traded by affiliates, generally defined by the Commission as being in a control relationship with the issuer.

10

None of the foregoing, however, will affect the status of the currently issued and freely trading shares of our common stock.

When do you expect the Exchange to be completed?

We hope to complete the Exchange as soon as possible, assuming that all of the conditions to the closing of the Exchange as set forth in the Agreement are either waived or completed to the satisfaction of the parties. The Exchange will be effected through the filing of Articles of Exchange in the state of Nevada.

What are the tax consequences of the Exchange?

The Exchange is intended to qualify as a tax-free reorganization for United States federal income tax purposes. If the Exchange does so qualify, United States members of Essential generally would recognize no gain or loss upon receipt of our shares of common stock in exchange for their membership interests in Essential. We believe, but cannot assure you, that there will be no fiscal consequences for holders of our shares. You are urged to consult your own tax advisor for tax implications related to your particular situation.

What do I need to do in order to vote?

After reading this document, you will need to execute the proxy card provided along with this proxy statement and any other documents applicable to you that are included in this packet. Alternatively, you may appear at the Meeting and vote in person.

Who can help answer my questions?

Material Terms of the Exchange

The parties to the Agreement submitted for approval hereby have executed a previous form thereof (the "Original Agreement"), which Original Agreement contemplated what is referred to herein, including all the

11

developments and transactions contemplated thereby, as the Previous Exchange. The Agreement is attached hereto as Exhibit A. The Previous Exchange, as well as certain other proposals, were submitted for and received approval of Shareholders on February 1, 2002 (collectively, the "Prior Proposals" -- see below). While the modification of certain terms incorporated in the Original Agreement led the Company to resubmit the Proposal for Shareholders' approval, the Shareholders' earlier approval of the Prior Proposals is unaffected by the resubmission. Accordingly, such Prior Proposals will not be resubmitted for the approval of Shareholders at the Meeting. At the earlier meeting, Shareholders approved Prior Proposals to: (i) change the Company's name to "Essential Reality, Inc."; (ii) allow for "blank check" preferred stock; (iii) adopt the 2001 Stock Incentive Plan, and (iv) ratify the appointment of Deloitte & Touche LLP as the Company's independent auditors for the ensuing year. Effectuation of the Prior Proposals to change the Company's name and allow for "blank check" preferred stock is contingent upon approval of the Proposal.

According to the terms of the Agreement by and among the Company on the one side and LCG Capital Group, LLC, Martin Abrams, John Gentile and Anthony Gentile, being all of the members of Essential (the "Essential Members") as of the date of the Agreement and Essential Reality, LLC, on the other side, the Company and the Essential Members have determined that the business combination referred to herein as the Exchange between the Company and Essential presents an opportunity for their respective companies to achieve long-term strategic and financial benefits.

Prior to the closing of the Exchange (the "Closing"), Essential will consummate a private placement (the "Private Placement") for up to 7,680,000 membership interests (the "Private Placement Interests") for gross proceeds of up to \$8,000,000. The Private Placement Interests will upon Closing be exchanged for shares of Common Stock on a one-for-one basis (the "Private Placement Shares"). In addition, the Essential Members will transfer all their respective membership interests (the "Membership Interests") in Essential to the Company in exchange for 9,600,000 shares of Common Stock on a one-for-one basis (the

Edgar Filing: JPAL INC - Form DEF 14A

"Contribution Shares"). The Exchange, as that term is used herein, includes both these transactions. The Private Placement Shares together with the Contribution Shares (collectively, the "Exchange Shares"), will equal no less than 80% of the outstanding shares of Common Stock of the Company. The Closing is conditioned upon, among other things, Shareholder approval of the Exchange.

Frank Drechsler, who currently owns 5,100,260 of the 8,645,260 outstanding shares of Common Stock (representing approximately 59% of the outstanding shares of the Common Stock) has executed a written consent to approve and adopt the Agreement. Mr. Drechsler has agreed to the cancellation of all of his shares of the Common Stock, effective upon Closing. Shares of Common Stock held by certain other Shareholders will also be cancelled prior to Closing. The Company and Essential have agreed that the current Shareholders shall, subsequent to the Closing, hold 6.02% of the aggregate number of issued and outstanding shares of Common Stock (the "Public Shares"), subject to certain adjustment related to the potential exercise of certain warrants as further described below. In the event that 7,680,000 Private Placement Interests are sold in the Private Placement, the aggregate number of Exchange Shares to be issued will be 17,280,000, in which event the Shareholders would retain 1,106,891 shares of Common Stock and the aggregate number of shares of common Stock issued and outstanding after the Closing would be 18,386,891.

Essential may, in connection with the Private Placement, issue warrants to purchase membership interests (the "Agent Warrants") to certain of its financial advisors. Such financial advisors shall be entitled to receive Agent Warrants to purchase such number of membership interests as shall be equal to up to six percent (6%) of the Private Placement Interests sold in the Private Placement. The financial advisors shall also be entitled to receive cash compensation of up to (6%) of the gross proceeds raised in the Private Placement. Any Agent Warrants issued but unexercised at the time of Closing will be exchanged for warrants to purchase a like number of shares of Common Stock of the Company (the "JPAL Agent Warrants"). Any membership interests issued by Essential pursuant to exercise prior to Closing of the Agent Warrants will be contributed to the Company in exchange for shares of Common Stock upon consummation of the Exchange. Thus, the aggregate number of shares of Common Stock issued and outstanding may be greater than the 18,386,891 referred to above. If Essential sells 7,680,000 Private Placement Interests and issues Agent Warrants to purchase 6% of that figure, the aggregate number of shares of Common Stock issued and outstanding subsequent to Closing would be 18,847,691 assuming all such Agent Warrants were exercised. If all such Agent Warrants were issued but none was exercised, there would subsequent to Closing be 18,386,891 shares of Common Stock issued and outstanding but 18,847,691 on a fully diluted basis, since any unexercised Agent Warrants would be exchanged for JPAL Agent Warrants.

12

According to the terms of the Agreement, certain Shareholders have agreed to place certain of their shares of Common Stock into escrow for a maximum of one year subsequent to Closing. The number of such shares to be escrowed (the "Escrow Shares") will be thirty percent (30%) of the Public Shares. Pursuant to the terms of the Escrow Agreement governing the Escrow Shares, one third of the Escrow Shares will each be released therefrom on the dates corresponding to four (4), eight (8) and twelve (12) months from the Closing.

The terms of the Agreement are more fully described below.

Terms of the Agreement

The following discussion summarizes the material terms of the Agreement

Edgar Filing: JPAL INC - Form DEF 14A

but does not purport to be a complete statement of all provisions of the Agreement and is qualified in its entirety by reference to the Agreement, a copy of which is attached to this Proxy Statement as Exhibit A. Shareholders are urged to read the Agreement carefully as it is the legal document that governs the Exchange.

The Exchange. Subject to the terms and conditions of the Agreement, all of the members of Essential will transfer all of their membership interests in Essential to the Company in exchange for up to 17,280,000 shares of Common Stock. Following the Exchange, the Company will continue under the name "Essential Reality, Inc."

Closing. The closing of the Exchange (the "Closing") will take place at a mutually agreed upon time after the satisfaction or waiver of the conditions set forth in the Agreement (the "Closing Date").

Effective Time of the Exchange. As soon as practicable following the satisfaction (or waiver) of all of the conditions to the Exchange, the Company will file articles of exchange in such form as is required by and executed in accordance with the relevant provisions of Nevada law and make all other filings or recordings required under Nevada law. The Exchange will become effective at such time as the articles of exchange are duly filed with the Secretary of State of the State of Nevada or at such subsequent time as the Company and Essential agree and specify in the articles of exchange (the "Effective Time").

Articles of Incorporation and Bylaws of the Company Following the Exchange. The Agreement provides that the Articles of Incorporation and Bylaws of the Company, as in effect at the Effective Time, will be the Articles of Incorporation and Bylaws, respectively, of the Company following the Exchange. Notwithstanding the foregoing, Shareholders approved two amendments to the Articles of Incorporation at the February Meeting (the "Amendments"). The Amendments, which were recommended by the Sole Director to the Stockholders at the request of Essential, will change the Company's name to Essential Reality, Inc. and provide for the authorization of "blank check" preferred stock. The Amendments have yet to be filed with the Secretary of State of Nevada since the approval was conditioned on the approval of the Exchange. The Amendments will, subject to Shareholder approval hereof, be effective upon filing of the Articles of Exchange.

Directors and Officers of the Company Following the Exchange. The Agreement provides that the directors and officers of the Company shall resign effective as of the Effective Time and shall be replaced by the directors and officers of Essential immediately prior to the Effective Time, who shall serve as directors and officers of the Company until their respective successors are duly elected or appointed and qualified.

Representations and Warranties. The Agreement contains various representations and warranties of the Company and Essential. The Company represents and warrants to Essential as to, among other things: (i) capital structure; (ii) financial statements; (iii) absence of certain changes; (iv) no liabilities or debts; (v) litigation; (vi) contracts; and (vii) SEC filings. Essential represents and warrants to the Company as to, among other things: (i) financial statements; (ii) absence of certain changes; and (iii) absence of litigation. Pursuant to the Agreement, Essential and its members have agreed, among other things, that promptly following the Closing Date, they will cause the Company to file a registration statement covering the resale of certain shares of Common Stock (see "Registration Rights" hereinafter), including 25% of the Contribution Shares. Notwithstanding the registration rights attached to the Contribution Shares, however, no more than 10% of the average weekly trading volume in the shares of Common Stock during the preceding four weeks on a rolling basis may be sold.

In addition, subject to the terms and conditions of the Agreement, each of the parties has agreed: (i) to keep confidential all information furnished in connection with the Exchange; (ii) to promptly inform the other parties of the occurrence of certain events; (iii) to use reasonable best efforts to effectuate the Exchange, and (iv) to consult each other before issuing any press release with respect to the Exchange.

Conditions to the Exchange. The obligations of the Company and Essential to effect the Exchange are subject to the satisfaction or waiver on or prior to the Closing Date of a number of conditions, including but not limited to the following:

- (a) The Company delivering evidence satisfactory to Essential that a majority of the Company's Shareholders approved the Exchange and the transactions contemplated thereby;
- (b) Each of the representations and warranties of the Company and Essential, as applicable, set forth in the Agreement shall have been true and correct in all material respects as of the date of the Agreement and as of the Closing Date, except where the failure to be so true and correct would not have a material adverse effect on the party making such representation or warranty;
- (c) The Company and Essential, as applicable, shall have performed in all material respects all obligations required to be performed by it under the Agreement at or prior to the Closing Date;
- (d) All notes evidencing the Bridge Loans (as defined below) shall have been exchanged pursuant to Agreement; and
- (e) Essential shall have consummated the Private Placement with no less than \$6,500,000 in gross proceeds.

Termination. The Agreement may be terminated at any time prior to the Closing as follows:

- (a) By mutual written consent of the parties to the Agreement;

Edgar Filing: JPAL INC - Form DEF 14A

- (b) By either the Company or Essential, if without fault of the terminating party the Closing shall not have occurred on or before August 31, 2002, unless such date is extended for up to thirty days by the Company (the "Termination Date"); and

14

- (c) By the Company or Essential, if the other party shall have failed to comply in any material respect with any of its covenants or agreements contained in the Agreement or if any representation or warranty of the other party made in the Agreement shall not have been true when made or on and as of the Closing Date, except (i) for those representations and warranties that address matters only as of a particular date (which shall remain true and complete when given and at any time thereafter as of such date) and (ii) where the failure to be so true and correct would not have a material adverse effect on the applicable party.

Effect of Termination. In the event of termination of the Agreement as provided under "-- Termination," the Agreement will become void and there will be no liability or obligation on the part of the parties, except with respect to certain provisions of the Agreement regarding maintaining the confidentiality of non-public information, the payment of fees and expenses, the indemnification by the Company and the making of public announcements.

See "Federal Securities Law Consequences" herein.

Certain United States Federal Income Tax Consequences

Since no action is being taken in connection with the currently outstanding shares of the Company's Common Stock, no gain or loss will be recognized by the Shareholders in connection with the Exchange.

It is expected that the transfer of the membership interests of Essential from the Members pursuant to the Exchange will be tax-free to such Members in reliance on Section 351 of the Code. Accordingly, the aggregate tax basis of Essential's assets after the Exchange will equal the aggregate tax basis of the Essential membership interests in the hands of the Members immediately prior to the Exchange.

Accounting Treatment of the Exchange

The transaction is expected to be accounted for as a reverse acquisition in which Essential is the accounting acquiror and the Company is the legal acquiror. The management of Essential Reality, Inc., which is to be the name of the Company subsequent to the filing of the Articles of Exchange, will be the current management of Essential. Since the Exchange is expected to be accounted for as a reverse acquisition and not a business combination, no goodwill is expected to be recorded in connection therewith and the costs incurred in connection with the Exchange are expected to be accounted for as a

Edgar Filing: JPAL INC - Form DEF 14A

reduction of additional paid-in capital.

Appraisal Rights

Under Nevada law, the state in which the Company is incorporated, the Company is not required to provide dissenting Shareholders with a right of appraisal in any matter to be voted upon in connection herewith and Shareholders are accordingly not provided with such right.

Interests of Certain Persons in the Exchange

No director, executive officer, associate of any director or executive officer, or any other person has any substantial interest, direct or indirect, by security holdings or otherwise, resulting from the proposals set forth herein, which is not shared by all other Shareholders pro rata, and in accordance with their respective interests.

15

Federal Securities Law Consequences

The shares of Common Stock to be issued to the owners of Essential in exchange for the membership interests of Essential pursuant to the Exchange are not registered under the Securities Act. It is intended that such shares be issued pursuant to the private placement exemption under Section 4(2) and Regulation D of the Securities Act.

The Exchange Shares are deemed "restricted stock" and will bear a legend indicating that the resale of such shares may be made only pursuant to registration under the Securities Act or pursuant to an available exemption from such registration. The Company has agreed to file a registration statement covering up to one hundred percent (100%) of the Private Placement Shares and twenty-five percent (25%) of the Contribution Shares pursuant to the terms of the Agreement.

BUSINESS OF THE COMPANY

General

The Company was incorporated in March 1999 under the laws of the State of Nevada. From the date of incorporation, the Company has engaged in the business of providing vacation rental properties and services over the Internet. Since the end of the fiscal year 2000, the Company's revenues have decreased significantly because its management began focusing on redeveloping its web site and therefore conducted no marketing activities. More recently, the Company has been seeking businesses and business opportunities with the intent to acquire or merge with an operating business, which resulted in the Company entering into the Agreement with Essential. Upon consummation of the Exchange, the Company's business will be Essential's current business.

On June 15, 2001, Mr. Frank Drechsler acquired 1,020,052 shares of Common Stock from the two officers and directors of the Company at such time. On

BUSINESS OF ESSENTIAL REALITY

General

Founded in 1999, Essential is a developer of real-time tracking and sensory technologies. Essential focuses on combining these technologies into

Edgar Filing: JPAL INC - Form DEF 14A

products that enhance the interaction between human beings and computer platforms.

Essential expects to have its first product, the P5(TM), available for sale during the second half of 2002. The P5(TM) is a glove-like peripheral device that could substantially improve the way individuals interact with computer platforms. The P5(TM), which can be offered at a mass market price point, addresses technological limitations of current input devices. Essential expects the P5(TM) to be suitable for multiple applications including:

- o Electronic Gaming - games produced for play on PCs, game consoles, and location-based entertainment sites;
- o Commercial Applications - such as animation, computer aided design (CAD), simulation training, disability and education; and
- o Other Computer Interactions - Internet browsing and navigation, and general computer interaction.

Since the advent of the mouse, relatively little has changed in the way of computer input devices, despite the fact that computers and applications have changed dramatically, growing increasingly complex and specialized. Applications, particularly in the electronic gaming and commercial markets, have migrated from flat two-dimensional (2D) interfaces to intuitive, three-dimensional (3D) environments. However, input devices continue to be dominated by 2D products including mouse controllers and gaming-specific peripherals such as joysticks, steering wheels, proprietary console controllers and the like.

The P5(TM) is based on Essential's patented and several patent-pending technologies, one of which was incorporated in the "Power Glove." The Power Glove was introduced to the market in the late 1980s as an alternative controller for use only with the 8-bit Nintendo Entertainment System, part of the first generation of game consoles sold to the mass market. The product eventually sold approximately one million units in the United States, Europe and Japan. Subsequent to a decline in consumer demand for first-generation gaming consoles in the early 1990s, such Nintendo system ceased sales. Therefore, the Power Glove technology was not used nor further developed awaiting the return of computer platforms and applications that could benefit from its utility.

With the significant increase in sales of computer platforms and applications in the late 1990s, Essential engaged developers in 1999 to create a peripheral device based on Essential's belief that the consumer and commercial markets were ripe for a product with the capabilities of the P5(TM). The P5(TM) is a glove-like peripheral that has been engineered to capture five-finger bend sensitivity enabling gesture recognition, combined with an optical tracking technology that will capture the movement of the hand in 3D space with six degrees of freedom (X, Y, Z, yaw, pitch and roll), without the use of the mouse, joystick, keyboard or the like.

The P5(TM) is a lightweight and comfortable peripheral, which is a Universal Serial Bus (USB) based product that will allow for direct "plug and play" in personal computers as well as the Sony PlayStation2 game console. Essential anticipates compatibility with additional computer platforms, such as the Microsoft Xbox, in the future. According to a Dataquest Inc. market study, 100% of PC shipments in 2001 were USB-compatible units, with an installed base of over 500 million PC units. There are approximately 27 million computer peripherals that are USB-compatible and the growth of these products is anticipated to reach over 400 million by the year 2003.

Business Strategy

Essential's strategy is to establish itself as a leading developer of real-time tracking and sensory technologies by establishing and fostering demand for its initial product, the P5(TM), in three distinct markets - electronic gaming, commercial markets and other applications. In order to achieve this, Essential expects to promote content integration and development across all applicable markets through various initiatives such as providing free SDKs, allocating resources for content integration initiatives, and by bundling product with new content that is P5(TM)-enabled. By leveraging the unique functionality of the P5(TM) at a mass market price point, Essential expects to differentiate itself from its competitors. Furthermore, Essential is pursuing a product development plan for enhanced versions of the P5(TM) and new products that leverage its core technologies.

Essential expects to have multiple revenue streams based on its current and future product initiatives via retail sales, direct sales and/or royalty streams, depending on the target market. Over time, these multiple revenue streams are expected to diversify Essential's customer base and reduce operating risk.

Product Overview

The P5(TM) is designed as a low-cost and intuitive man-machine interface for both 2D and 3D software applications. Essential anticipates that the P5(TM) will serve as a peripheral to personal computers, game consoles and other USB-compatible platforms.

Bend-Sensor Capabilities

The P5(TM) consists of a hand-worn glove-like device with embedded electronics. The product utilizes Essential's patented bend sensor technology to accurately determine the bend of the user's five fingers. The sensing of the finger bend is accomplished via conductive inks with variable electrical resistance, detected by position changes of hand digits above a baseline bias voltage and resistance. The P5(TM) is capable of gesture recognition of specific placement of thumb/finger digits and can detect whether or not your digits are in the same position as previously recorded.

Motion-Capture Capabilities

The P5(TM) also tracks the relative position of the hand in space using a patent-pending optical tracking technology. Utilizing triangulation, the P5(TM) optical tracking receptor tracks the starting position and movement of the glove-like device with electronics and firmware/software supporting X, Y, Z, yaw, pitch and roll positioning. In addition, these same components will provide 3D positioning information. The P5(TM) will measure yaw, pitch and roll as defined below:

Yaw is defined as movement along a plane parallel to the ground. Yaw motion is achieved by holding the hand palm-downward and parallel to the ground, and pivoting the hand side to side on a horizontal plane.

Pitch is defined as movement along an axis that is parallel to the top of the hand and perpendicular to the wrist, such that it would enter the wrist below the thumb and exit below the little finger. Pitch is accomplished by pivoting the hand up and down while holding the forearm parallel to the ground.

Edgar Filing: JPAL INC - Form DEF 14A

Roll is defined as rotation of the hand about an axis parallel to the ground, entering the hand at the tip of the middle finger and running through the wrist parallel to the forearm. Roll is accomplished by holding the hand flat with the palm facing the ground and turning the arm such that the thumb rises and the little finger falls or vice versa.

Research & Product Development

Essential has planned for future products that will take the initial P5(TM) through several stages of evolution. Essential is also seeking to develop other products, of which several are currently in initial phases of development, that will utilize one or more of Essential's technologies. The combination of future generations of the P5(TM) and the creation of new products will increase the commercial opportunities for Essential in both existing and new markets.

19

Intellectual Property

Essential has been awarded one U.S. patent, has two patents pending and has filed two provisional patents.

Competition

Essential faces competition in the electronic gaming peripheral market from high-end mouse controller and joystick manufacturers such as Logitech and Microsoft. While several peripherals provide high levels of precision, user programmability and in some cases a limited amount of tactile feedback, Essential is not aware of any peripherals that offer the combination of tracking and gesture recognition that is found in the P5(TM).

Companies such as Immersion, Gyration, Fifth Dimension Technologies and Ascension Technologies provide various higher-priced peripherals and motion-capture products for commercial applications. These entities produce systems for relatively complex commercial applications. Prices of these competing products typically run in excess of \$1,000 and can exceed \$10,000 for advanced models.

Essential believes the P5(TM) possesses unique competitive advantages due in part to (i) the functionality derived from its patented and patent-pending technologies, (ii) its ease of integration and (iii) its mass market price point. Essential believes these advantages will enable it to penetrate its target markets.

Employees

As of the date of this Proxy Statement, Essential has ten full-time salaried employees. Essential believes that its relationship with its employees is satisfactory. Following the Closing, Essential plans on adding additional staff in areas of senior management, business development, customer and product support.

Facilities

Essential currently leases approximately 4,300 square feet of office space at 49 West 27th Street, New York, New York 10001, at a price of \$10,570

Edgar Filing: JPAL INC - Form DEF 14A

per month. The lease provides for annual increases in the monthly rent to a maximum monthly rental price of \$11,575. Essential believes that the office space will adequately accommodate its expected growth during the upcoming year.

Legal Proceedings

Essential is not a party, nor to the knowledge of its management and board of directors threatened to be made a party, to any litigation or governmental proceeding.

20

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview

Founded in 1999, Essential is a developer of real-time tracking and sensory technologies. Essential focuses on combining these technologies into products that enhance the interaction between human beings and computer platforms with initial emphasis on a product called "P5(TM)." P5(TM) is a device shaped in the form of a glove that controls the movement of the cursor on a computer screen. P5(TM) enables three-dimensional movement of the cursor as well as pitch, yaw and roll. P5(TM) is controlled by the user moving his hand or bending his fingers.

Essential is in the development stage. Successful completion of Essential's development program and, ultimately, the attainment of profitable operations are dependent upon future events, including obtaining adequate financing to fulfill its development activities, and achieving a level of revenue adequate to support Essential's cost structure. The financial statements of Essential are attached hereto as Exhibit D.

Since its commencement, Essential has not generated revenues and has incurred significant recurring losses from operations, working capital deficit and deficit in members' capital. As a result, substantial doubt exists regarding Essential's ability to continue as a going concern. Management is attempting to obtain adequate resources for Essential to complete its development plan and produce, market and sell its primary product. Should management not be able to obtain the necessary financing, Essential would not be able to continue as a going concern. Management of Essential anticipates that the contemplated Exchange with the Company will lead to greater opportunities to obtain the requisite resources.

Product development costs are expensed until such time as Essential

Edgar Filing: JPAL INC - Form DEF 14A

determines that a product is technologically feasible. Product development costs are capitalized from such date until such time as product development is substantially complete. Capitalized product development costs will be amortized on the straight-line basis over the lesser of the estimated useful life of the product or three years. For the cumulative period from June 1, 1999 (Date of Commencement) to December 31, 2001, Essential has expensed all product development costs.

For the year ended December 31, 2001

Revenue. For the year ended December 31, 2001, Essential has not recognized product-related revenues. Management of Essential does not anticipate recognizing product related revenue until the second half of 2002, at the earliest.

Interest income, which was earned from the note receivable for Members' capital as described in the Liquidity and Capital Resources section, was \$20,465 compared to \$104,652 for the year ended December 31, 2000. The decrease in interest income resulted from the decreases in notes receivable for Members' during the year ended December 31, 2001.

Operating Expenses. For the year ended December 31, 2001, operating expenses totaled \$3,131,444 compared to \$1,521,672 for the year ended December 31, 2000. The increase in operating expenses resulted from the increase in product development, marketing and general and administrative expenses as described below.

Interest expense for the year ended December 31, 2001 was \$20,505 compared with \$1,934 for the year ended December 31, 2000. \$3,819 of the interest incurred in 2001 was interest on advances from entities that are affiliated with LCG Capital Group, LLC ("LCG"), an entity that owns 50% of Essential, and \$16,686 was incurred in relation to the Bridge Loans described in the Liquidity and Capital Resources section.

24

Product development expense for the year ended December 31, 2001 was \$1,579,129 compared with \$679,891 for the year ended December 31, 2000. The increase in product development reflects increases in salaries and benefits, fees paid to third party developers and materials used in the development and manufacturing of Essential's P5 product. Included in product development costs are \$91,300 and \$0 for years ended December 31, 2001 and 2000, respectively, paid to a company owned by certain members of Essential. In addition, included in product development costs are \$0 and \$105,000 for the years ended December 31, 2001 and 2000, respectively, paid to a company owned by an individual related to certain members of Essential.

Marketing expense for the year ended December 31, 2001 was \$716,674 compared with \$349,851 for the year ended December 31, 2000. The increase is due to an increase in public relations, corporate identity, trade shows and related travel.

General and administrative expenses for the year ended December 31, 2001 was \$823,791 compared to \$491,930 for the year ended December 31, 2000. The increase is due to increased resources required to support the development and marketing activities of Essential. Included in general and administrative expenses are costs incurred of approximately \$242,000 and \$147,840 for the years

Edgar Filing: JPAL INC - Form DEF 14A

ended December 31, 2001 and 2000, respectively, by two entities that are related to certain members of LCG. Such costs include consulting fees, employee salaries, occupancy, telephone and computer leases. In the case of employee salaries, costs are allocated to Essential based on the time each employee conducts business specific to Essential. In the case of the other expenses, costs are allocated based on a percentage of resources used by Essential.

Net loss for the year ended December 31, 2001 was \$3,131,484.

For the year ended December 31, 2000

The increase is due to an increase in product development, marketing and general and administrative expenses, as described below.

Included in product development costs are \$105,000 and \$145,000 for the year ended December 31, 2000 and for the period from June 1, 1999 to December 31, 1999, respectively, paid to a company owned by an individual related to certain Members of Essential.

Liquidity and Capital Resources

Since inception, Essential has not generated revenues and has incurred significant recurring losses from operations, working capital deficit and deficit in Members' capital. For the period from June 1, 1999 (date of commencement) to December 31, 2001, Essential has incurred losses of \$4,772,242 and negative cash flow from operating activities and investing activities of \$4,057,437 and \$30,949, respectively.

In December 1999, LCG acquired a 50% interest in Essential for an aggregate purchase price of \$2,500,000. The consideration received was comprised of \$500,000 in cash and a further \$2,000,000 evidenced by a note. The note bore interest at the rate of 6% per annum, had a maturity date of December 13, 2002 and was secured by the membership interest of LCG. The debt due under the note was fully repaid in July, 2001.

Cash provided by financing activities for the period from June 1, 1999 to December 31, 2001 was \$4,102,249, which was derived principally from proceeds from the issuance of Members' capital of \$500,000, proceeds from the repayments of note receivable for Members' capital in the amount of \$2,000,000 and Bridge Loans in the amount of \$1,500,000.

Through December 31, 2001, Essential received total Bridge Loans of \$1,500,000 from the Company. From January 1, 2002 through April 24, 2002, Essential received an additional \$1,025,000 in Bridge Loans from the Company and \$500,000 from a third-party lender. All such loans are unsecured and bear interest at rates of between 8 1/2% and 18% per annum; however, interest does not begin to accrue until January 31, 2002. The Bridge Loans will, subject to Closing, be repaid as set forth in the Agreement.

Plan of Operations

Management of Essential does not anticipate recognizing product-related revenue until the second half of 2002, at the earliest.

Product development expenses for fiscal 2002 are expected to be approximately \$2.5 million. The increase in product development is related to expenses incurred for tooling, ASIC design and new game development.

Marketing expense is expected to be approximately \$3 million for fiscal 2002. The significant increase in marketing expense is due to anticipated increases in the number of marketing and sales employees, as well as increases in advertising and promotion, trade shows and commission expenses.

General and administrative expenses are expected to be approximately \$2.5 million for fiscal 2002. The increase in general and administrative is due to anticipated increases in the number of administrative employees required to support Essential's product development and marketing activities.

Management of Essential expects interest expense to be approximately \$400,000 for fiscal 2002. In addition to interest on the Bridge Loans, Essential will incur interest on purchase order financing and accounts receivable factoring.

Management of Essential expects that approximately \$5 million will be required to purchase inventory and for other working capital purposes for fiscal 2002.

Management of Essential expects that Bridge Loan principal and interest in the amount of \$1,025,000 will be repaid during fiscal 2002.

It is expected that up to \$8 million will be raised through the Private Placement (see "Material Terms of the Exchange," above). In addition, during fiscal 2002, Essential anticipates arranging purchase order financing and accounts receivable factoring which will provide cash of approximately \$3 million.

For fiscal 2002, it is expected that Essential will require a total of approximately \$14 million in cash or cash equivalents in order to repay \$1,025,000 of the Bridge Loans, complete its development plan and to begin to produce, market and sell its primary product. Management of Essential anticipates, based on currently proposed plans and assumptions relating to the implementation of its business plan (including the timetable of costs and expenses associated with, and success of, its marketing efforts), that following the consummation of the Private Placement, the net proceeds of the Private Placement together with purchase order financing, accounts receivable factoring and projected revenues from operations, will be sufficient to satisfy Essential's operations for approximately 5 months if \$4 million is raised in the Private Placement and approximately 8 months if \$8 million is raised in the Private Placement. Management of Essential expects to raise the estimated additional cash required from the exercise of certain warrants and/or through additional offerings of its securities.

Common Stock

On June 14, 2001 the Company redeemed 2,068,417 shares of its Common Stock for \$2,068. These shares of common stock were previously held by a total of 27 of the Company's shareholders, including Messrs. Neely and Ortega.

On July 2, 2001, the Company declared a stock split effected in the form of a dividend to shareholders of record on June 14, 2001. The payment date for the stock split was July 5, 2001. Four additional shares of Common Stock were issued for each one such share issued and outstanding. As a result of the stock split, each shareholder of record as of such date received four additional shares of Common Stock for each share of Common Stock owned as of the record date. Following the stock split, the Company had 8,645,260 shares of \$.001 par value Common Stock issued and outstanding.

Voting Rights. The holders of shares of Common Stock are entitled to one vote for each share on all matters to be voted on by shareholders. There is no cumulative voting with respect to the election of the Company's directors or any other matter. Therefore, the holders of more than 50% of the shares voted for the election of directors can elect all of the directors.

Edgar Filing: JPAL INC - Form DEF 14A

Dividends; Redemption; Liquidation. The holders of shares of Common Stock are entitled to receive dividends when, as and if declared by the Board of Directors from funds legally available therefor. Cash dividends are at the sole discretion of the Board of Directors. In the event of the Company's liquidation, dissolution or winding up, the holders of shares of Common Stock are entitled to participate ratably in all assets remaining available for distribution to them after payment of the Company's liabilities and after provision has been made for each class of stock, if any, having any preference in relation to the Common Stock.

The Company has never declared or paid a cash dividend on the capital stock, nor does it expect to pay cash dividends on the Common Stock within the foreseeable future. The Company currently intends to retain its earnings, if any, for use in its business. Any dividends declared in the future will be at the discretion of the Board of Directors and subject to any restrictions that may be imposed by the Company's lenders.

Holders of shares of Common Stock have no preemptive rights.

Preferred Stock

The Company is authorized to issue 5,000,000 shares of preferred stock, par value \$.001 per share ("Preferred Stock"), none of which is outstanding. Warrants

In addition, JPAL has issued warrants to certain of its creditors in connection with its receipt of certain bridge loans (the "Bridge Warrants").

28

JPAL Agent Warrants. Up to 460,800 shares of Common Stock will be reserved for issuance pursuant to the exercise of the JPAL Agent Warrants. The figure would be reduced in proportion to: (i) the sale by Essential of fewer than the up to 7,680,000 Private Placement Interests offered in the Private Placement, since any reduction thereof would diminish the maximum number of Agent Warrants issuable pursuant thereto; (ii) the issuance by Essential of less than the maximum six percent (6%) of the aggregate number of Private Placement Interests sold in the Private Placement, and (iii) any exercise prior to Closing of Agent Warrants. Any reduction pursuant to (i) and (ii) above would result in an absolute decrease in the number of shares of Common Stock outstanding on a fully diluted basis, whereas any reduction pursuant to (iii) would reduce the number of shares of Common Stock reserved for issuance pursuant to the JPAL Agent Warrants but a concomitant increase in shares issued and outstanding; the number of shares of Common Stock issued and outstanding on a fully diluted basis would be unaffected by (iii) above. The JPAL Agent Warrants shall be exercisable for approximately \$1.30 per share, vest immediately and expire up to five (5) years from Closing.

Bridge Warrants. The Company has received bridge financing (the "Bridge Loans") in the amount of \$2,525,000. In consideration for the Bridge Loans, the

Edgar Filing: JPAL INC - Form DEF 14A

The Bridge Warrants expire two (2) years from Closing and are exercisable at \$1.90 per share of Common Stock, subject to decrease as determined by the Board of Directors of the Company, provided, that no such decrease may be effected prior to Closing. The Bridge Warrants are callable pursuant to certain conditions related to average closing price and volume of the Common Stock in addition to the effectiveness of the registration statement discussed under "Terms of the Contribution Agreement -- Registration Rights" above.

Convertible Notes

JPAL has offered the right to certain of its creditors to convert up to \$500,000 of notes (the "JPAL Convertible Notes") into a maximum of 263,158 shares of Common Stock. The offer will be available for acceptance for a period of six (6) months following the Closing. Conversion of this debt raises the maximum number of shares of Common Stock issued and outstanding subsequent to the Closing to 19,044,214.

Options

The Company will reserve 3,500,000 shares of Common Stock for issuance under the 2001 Stock Incentive Plan approved by the Shareholders as of February 1, 2002. Edgar Filing: JPAL INC - Form DEF 14A

authorizations, permits, consents and approvals required to carry on its business as now conducted, except for those licenses, authorizations, permits, consents and approvals the absence of which would not, individually or in the aggregate, have a Material Adverse Effect (as defined in Section 11.13) on JPAL. JPAL is duly qualified to do business as a foreign corporation and is in good standing in each jurisdiction where such qualification is necessary, except for those jurisdictions where failure to be so qualified would not, individually or in the aggregate, have a Material Adverse Effect on JPAL. JPAL has heretofore delivered to the Company true and complete copies of its Articles of Incorporation and By-laws as currently in effect.

Section 3.2 Authorization.

The execution, delivery and performance by JPAL of this Amended Agreement, the performance of its obligations hereunder, and the consummation of the transactions contemplated hereby are within JPAL's corporate powers and have been duly authorized by all necessary corporate action with the exception of the approval of its Shareholders, the affirmative vote of which holding more than 50% of the outstanding shares of Common Stock is the only action of JPAL necessary in connection with its execution and delivery of this Amended Agreement, the performance of its obligations hereunder and the consummation of the Modified Exchange. This Amended Agreement has been duly and validly executed and delivered by JPAL and, assuming the due authorization, execution and delivery thereof by the Company, is a legal, valid and binding obligation of JPAL, enforceable against it in accordance with its terms, except as enforceability thereof may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, or other similar laws now or hereafter in effect relating to creditors' rights generally or by general principles of equity (regardless of whether enforceability is considered in a proceeding at law or in equity).

JPAL's Board of Directors, at a meeting duly called and held, has (a) determined that this Amended Agreement and the transactions contemplated hereby, including the Modified Exchange, are fair to and in the best interests of the Shareholders, (b) approved and adopted this Amended Agreement and the transactions contemplated hereby, including the Modified Exchange, which approval satisfies in full any applicable requirements of the NRS, and (c) resolved to recommend, and recommended, approval and adoption of this Amended Agreement by such Shareholders.

Section 3.3 Governmental Authorization. Section 3.4 Non-contravention. The execution and delivery by JPAL of this Amended Agreement and the consummation by JPAL of the transactions contemplated hereby and performance of its obligations under this Amended Agreement do not and will not (a) violate JPAL's Articles of Incorporation or By-Laws, (b) violate any applicable law, rule, regulation, judgment, injunction, order or decree, (c) require any consent or other action by any Person under, constitute a default under, result in a violation of, conflict with, or give rise to any right of termination, cancellation or acceleration of any right or obligation of JPAL, or to a loss of any benefit to which JPAL is entitled under

Edgar Filing: JPAL INC - Form DEF 14A

any provision of any agreement or other instrument binding upon JPAL, or any license, franchise, permit, certificate, approval or other similar authorization affecting, or relating in any way to, the assets or business of JPAL, or (d) result in the creation or imposition of any Lien (as defined herein) on any asset of JPAL.

3

Section 3.5 Capitalization.

(a) The authorized capital stock of JPAL consists of 50,000,000 shares of Common Stock and 5,000,000 shares of preferred stock, par value \$.001 per share (the "Preferred Stock"). The Shareholders have approved, though JPAL has not as of yet caused to be filed the articles of amendment setting forth, an amendment to its Articles of Incorporation providing for "blank check" preferred stock. As of the date of this Amended Agreement, the outstanding capitalization of JPAL consists of (i) 8,645,260 shares of Common Stock, (ii) no shares of Preferred Stock, and (iii) no options and warrants to purchase shares of Common Stock. All outstanding shares of capital stock of JPAL have been duly authorized and validly issued and are fully paid and non-assessable and were not issued in violation of any preemptive rights or other preferential rights of subscription or purchase other than those that have been waived or otherwise cured or satisfied. Except as set forth herein, as of the date hereof there are no outstanding options, warrants, subscriptions, conversion or other rights, agreements or other commitments obligating JPAL to issue any shares of its capital stock or any securities convertible into, exchangeable for or evidencing the right to subscribe for any shares of its capital stock.

(b) There are no outstanding obligations, contingent or otherwise, of JPAL to redeem, purchase or otherwise acquire any capital stock or other securities of JPAL.

(c) JPAL is not in violation of and has not violated any federal or state securities laws in connection with any transaction relating to JPAL and/or an Affiliate, including without limitation, the acquisition of any stock, business or assets of any third party or the issuance of any capital stock of JPAL.

(d) There are not as of the date hereof, and there will not be at the Closing, any shareholder agreements, voting trusts or other agreements or understandings to which JPAL is a party or by which it is bound relating to the voting of any shares of the capital stock of JPAL.

(e) The shares of Common Stock to be issued as part of the Contribution Shares and Private Placement Shares will be duly authorized for issuance and when issued and delivered in accordance with the terms of this Amended Agreement, will be validly issued, fully paid and non-assessable and the issuance thereof will not be subject to any preemptive or other similar right.

Section 3.6 Subsidiaries. JPAL has no subsidiaries.

(the "JPAL Financial Statements"). The JPAL Financial Statements were prepared in accordance with the books and records of JPAL in all material

Edgar Filing: JPAL INC - Form DEF 14A

respects and were prepared in accordance with generally accepted accounting principles ("GAAP") applied on a consistent basis throughout the periods involved, except as otherwise noted therein. The JPAL Financial Statements fairly present the financial position of JPAL as of the dates set forth therein or the results of operations and changes in financial position of JPAL for the fiscal periods or as of the dates set forth therein.

(b) Other than in connection with this Amended Agreement and the Private Placement, JPAL has no current business activity whatsoever.

4

Section 3.8 Absence of Certain Changes. Since the JPAL Financial Statements Date there has not, with the exception of any matter related to the February Meeting or any document executed and/or filed in connection therewith, been:

(g) any transaction or commitment made, or any contract or agreement entered into, by JPAL or any relinquishment by JPAL of any contract or other right;

(h) any change in any method of accounting, method of tax accounting, or accounting practice by JPAL;

Edgar Filing: JPAL INC - Form DEF 14A

(j) any labor dispute, other than routine individual grievances; or

(k) any tax election or any settlement or compromise of any tax liability, in either case that is material to JPAL.

Section 3.9 No Liabilities or Debts. Except for the Bridge Notes described herein and as set forth on Schedule 3.9 hereto, there are no liabilities or debts of JPAL of any kind whatsoever, whether accrued, contingent, absolute, determined, determinable or otherwise, and there is no existing condition, situation or set of circumstances which could reasonably be expected to result in such a liability or debt.

Section 3.10 Compliance with Laws and Court Orders. JPAL holds all permits, licenses, variances, exemptions, orders, franchises and approvals of all governmental entities necessary for the lawful conduct of its business (the "JPAL Permits"), except where the failure so to hold would not have a Material Adverse Effect on JPAL. JPAL is in compliance with the terms of JPAL Permits, except where the failure so to comply would not have a Material Adverse Effect on JPAL. JPAL is and has been in compliance with, and to the best knowledge of JPAL, is not under investigation with respect to and has not been threatened to be charged with or given notice of any violation of, any applicable law, rule, regulation, judgment, injunction, order or decree, except for such matters as would not, individually or in the aggregate, have a Material Adverse Effect on JPAL.

5

Section 3.11 Litigation. There is no action, suit, investigation, audit or proceeding pending against, or to the best knowledge of JPAL threatened against or affecting, JPAL or any of its assets or properties before any court or arbitrator or any governmental body, agency or official.

Section 3.12 Finder's Fees. There is no investment banker, broker, finder or other intermediary which has been retained by or is authorized to act on behalf of JPAL who might be entitled to any fee or commission in connection with the transactions contemplated by this Amended Agreement.

Section 3.13 Taxes. (a) JPAL has (i) duly filed with the appropriate taxing authorities all Tax Returns required to be filed by or with respect to its business, or are properly on extension and all such duly filed Tax Returns are true, correct and complete in all material respects, and (ii) paid in full or made adequate provisions for on its respective balance sheet (in accordance with GAAP) all Taxes shown to be due on such Tax Returns. There are no liens for Taxes upon the assets of JPAL except for statutory liens for current Taxes not yet due and payable or which may thereafter be paid without penalty or are being contested in good faith. JPAL has not received any notice of audit, is not undergoing any audit of its Tax Returns, or has received any notice of deficiency or assessment from any taxing authority with respect to liability for Taxes of its business which has not been fully paid or finally settled. There have been no waivers of statutes of limitations by JPAL with respect to any Tax Returns. JPAL has not filed a request with the Internal Revenue Service for changes in accounting methods within the last two years which change would effect the accounting for tax purposes, directly or indirectly, of its business. JPAL has not executed an extension or waiver of any statute of limitations on the assessment or collection of any Taxes due (excluding such statutes that relate to years currently under examination by the Internal Revenue Service or other applicable taxing authorities) that is currently in effect. The provision for Taxes, if any, due or to become due for JPAL for the period or periods

Edgar Filing: JPAL INC - Form DEF 14A

through and including the date of the JPAL Financial Statements that has been made and is reflected on such financial statements is sufficient to cover all such Taxes. Deferred Taxes, if any, of JPAL included in the JPAL Financial Statements have been computed in accordance with GAAP. JPAL is not a party to any Tax allocation or Tax sharing agreement and JPAL has not been a member of an affiliated group filing a consolidated federal income Tax Return or has any Liability for Taxes of any Person under Treasury Regulation Section 1.1502-6 (or any similar provision of state, local or foreign Law) as a transferee or successor or by Contract or otherwise. JPAL has not made any payments, is not obligated to make any payments, and is not a party to any Contract that could obligate it to make any payments that would be disallowed as a deduction under Section 280G or 162(m) of the Internal Revenue Code.

(b) The term "Taxes" shall mean all taxes, charges, fees, levies or other assessments, including, without limitation, income, gross receipts, excise, property, sales, license, payroll and franchise taxes, imposed by the United States, or any state, local or foreign government or subdivision or agency thereof whether computed on a unitary, combined or any other basis; and such term shall include any interest and penalties or additions to tax. JPAL has not been sued for infringing any intellectual property right of another Person.

The Company shall inform JPAL of the number of Private Placement Interests sold in the Private Placement as soon as practicable after the closing thereof, subsequent to which JPAL and the Company shall determine the number of Public Shares to be issued and outstanding subsequent to the Closing pursuant to Section 5.2 below. The Company shall in connection therewith determine the identity of the Shareholders whose Public Shares will be placed in escrow. The Company's determination thereof shall be made in consultation with and subject to the consent of JPAL, which consent shall not be unreasonably withheld.

(b) Assignment of Convertible Company Notes. Prior to the closing of the Private Placement, JPAL shall assign, convey, transfer and deliver to certain Lenders (see Section 6.1 below), and such Lenders shall acquire from JPAL, pursuant to an assignment and transfer agreement in a form reasonably satisfactory to the Company (each such agreement, an "Assignment and Transfer Agreement") to be executed by and between JPAL and each such respective Lender, all right, title and interest in and to certain convertible promissory notes (the "Convertible Company Notes" as further described hereinafter) to be issued by the Company to JPAL (the "Assignment"), which Convertible Company Notes shall have the same terms and provisions as the form of note attached hereto as Exhibit B (the "Current Company Note"), with the exception of the conversion feature described in Section 5.1(c) below, the prepayment provisions set forth in Section 6.1(c) below and a maturity date of December 31, 2003.

11

The Assignment and Transfer Agreement(s) shall provide for each such Lender's acquisition and assumption, prior to the closing of the Private Placement, of all right, title and interest in and to the Convertible Company Notes in consideration for the cancellation of all right, title and interest held by each such Lender in and to certain notes (the "JPAL Notes") issued by JPAL to such Lenders in consideration for the Bridge Loans (as further described in Section 6.1 hereof). The aggregate amount and proportion between principal and interest of such JPAL Notes shall be identical in amount and proportion to the Conversion Amount (as defined in Section 5.1(c)(i) hereof).

JPAL undertakes, in connection herewith, to cause such Lender(s) to agree to execute the Assignment and Transfer Agreement(s) within fifteen (15) calendar days of the execution of this Amended Agreement. JPAL and the Company agree and accept that the contemplated Assignment constitutes a material condition of JPAL to effect the Modified Exchange and the Company consents to such Assignment, provided, that the terms of such Assignment and Transfer Agreement require each Lender to agree to the terms of this Amended

Edgar Filing: JPAL INC - Form DEF 14A

Agreement, including with specific reference the repayment terms of the Convertible Company Notes (see Section 6.1(c) below).

Anything to the contrary herein notwithstanding, in the event the Modified Exchange is not consummated by August 31, 2002, then the Assignment and Transfer Agreements shall be null and void and all conversions that may have been effectuated prior to such date shall be rescinded.

(c) Conversion of Notes Prior to Closing. In connection with the foregoing, the parties hereto agree that the Convertible Company Notes to be assigned by JPAL to the Lenders and described in the foregoing paragraph shall:

(i) constitute notes for an aggregate dollar amount of \$250,000 (the "Conversion Amount"), which Conversion Amount shall consist of principal and accrued interest thereon in proportionate amounts;

(ii) prior to the closing of the Private Placement be issued by the Company to JPAL in return for the cancellation of presently issued and outstanding notes issued by the Company for the like amount; and

(iii) carry a conversion feature enabling the holder thereof to convert such Conversion Amount into Private Placement Interests as if such Conversion Amount were provided by means of a cashier's check or wire transfer to the Company.

Assuming delivery to the Company of the Company Convertible Notes for conversion into Private Placement Interests in accordance with the terms set forth in the subscription agreement attached to the Confidential Private Placement Memorandum governing the Private Placement, including execution of such subscription agreement and related confidential prospective purchaser questionnaire, the Company hereby undertakes to accept such Company Convertible Notes as constituting good and valid consideration for subscription of an aggregate of 240,000 Private Placement Interests in the Private Placement; provided, however, that such Company Convertible Notes may only be delivered to the Company for conversion if the Company has not already closed on subscriptions for aggregate gross proceeds of at least \$4,000,000 in the Private Placement.

(d) Conversion of Notes Subsequent to Closing. Within fifteen (15) calendar days of the execution of this Amended Agreement, JPAL shall issue convertible notes in the aggregate amount of \$500,000, consisting of principal and accrued interest thereon in proportionate amounts (the "JPAL Convertible Notes"), to certain Lender(s) in consideration for the cancellation of all right, title and interest held by each such Lender in and to certain JPAL Notes for the like amount. For a period of six (6) months following the Closing, the JPAL Convertible Notes may be converted, in the sole and absolute discretion of the holders thereof, into an aggregate of 263,158 shares of Common Stock at a conversion price of \$1.90 per share. The JPAL Convertible Notes (with the Company Convertible Notes, the "Convertible Notes") shall have the same terms and provisions as the Current Company Note attached hereto as Exhibit B, with the exception of the conversion feature described in this Section 5.1(d), the prepayment provisions set forth in Section 6.1(c) below and a maturity date of December 31, 2003. No conversion of any Convertible Notes shall in any way reduce the number of Bridge Warrants hereinafter provided for (see Section 6.1).

Anything to the contrary herein notwithstanding, in the event the Modified Exchange is not consummated by August 31, 2002, then the issuance of the JPAL Convertible Notes in consideration for the cancellation of the JPAL Notes shall be null and void.

Edgar Filing: JPAL INC - Form DEF 14A

(e) Non-Convertible Notes. Within fifteen (15) calendar days of the execution of this Amended Agreement, JPAL shall issue non-convertible notes in an aggregate amount equal to the amount of the Bridge Loans less the amount of the Convertible Notes (the "Non-Convertible Notes") to certain Lender(s) in consideration for the cancellation of all right, title and interest held by each such Lender in and to certain JPAL Notes for the like amount. The Non-Convertible Notes (with the Convertible Notes, the "Bridge Notes") shall have the same terms and provisions as the Current Company Note attached hereto as Exhibit B, with the exception of the prepayment provisions set forth in Section 6.1(c) below and a maturity date of December 31, 2003.

Anything to the contrary herein notwithstanding, in the event the Modified Exchange is not consummated by August 31, 2002, then the issuance of the Non-Convertible Notes in consideration for the cancellation of the JPAL Notes shall be null and void.

(f) Agent Warrants. Contemporaneously with the closing of the Private Placement, the Company may issue warrants (the "Agent Warrants") to certain of its financial advisors (the "Agents"). The Agent Warrants shall enable their holders to purchase membership interests of the Company up to an aggregate of six percent (6%) of the number of Private Placement Interests sold in the Private Placement at an exercise price of one hundred and twenty-five percent (125%) of the Offering Price. The Agent Warrants issued shall be in addition to the cash compensation of up to six percent (6%) of the dollar amount raised in the Private Placement.

Upon Closing, the Agent Warrants shall unless earlier exercised automatically be cancelled in exchange for warrants to purchase that number of shares of Common Stock of JPAL (the "JPAL Agent Warrants") as would have been received from the Company had the Agent Warrants been exercised for membership interests of the Company prior to Closing. The Company shall inform JPAL of the number of Agent Warrants issued but not exercised as soon as practicable after the closing of the Private Placement, subsequent to which time the Company shall accept no Agent Warrants for exercise. The JPAL Agent Warrants shall have the same terms and features as the Agent Warrants except that they shall vest immediately, not be callable, expire up to 5 years from date of issuance and not provide for cashless exercise.

Section 5.2 Capitalization; No Liabilities or Debts.

(a) JPAL shall take all necessary actions so that there shall; (i) immediately prior to the Closing be issued and outstanding that number of shares of Common Stock as would represent 6.02% of the aggregate capitalization presuming effectuation of the Modified Exchange (the "Public Shares"), and (ii) be reserved for issuance pending the effectuation of the Modified Exchange the aggregate number of shares of Common Stock as shall immediately subsequent to Closing constitute the remaining 93.98% shares of Common Stock to be issued and outstanding, provided, however, that the number represented by the Public Shares shall exclude any shares of Common Stock: (i) issued or to be issued to the Lender(s) in connection with the exercise of their Bridge Warrants (see Section 6.1 below); (ii) exchanged for membership interests of the Company having been issued pursuant to the exercise of Agent Warrants, and (iii) reserved for issuance pursuant to the exercise of JPAL Agent Warrants to be issued in consideration for the cancellation of the Agent Warrants.

Except as set forth immediately above, there shall as of Closing be no other outstanding shares of capital stock, options, warrants, subscriptions, conversions or other rights, agreements or commitments obligating JPAL to issue any shares of its capital stock or any securities convertible into, exchangeable for or evidencing the right to subscribe for any shares of its capital stock, with the exception of the Bridge Warrants, JPAL Convertible

Edgar Filing: JPAL INC - Form DEF 14A

Notes, JPAL Agent Warrants, shares of Common Stock reserved for issuance pursuant to exercise of the JPAL Agent Warrants, the Private Placement Shares and the Contribution Shares (collectively, the "Securities"), nor any options, warrants, subscriptions, conversions or other rights, agreements or commitments relating to such Securities or the Public Shares.

13

(b) JPAL shall take all necessary actions so that immediately prior to the Closing, except for the Bridge Loans, there shall be no liabilities or debts of JPAL of any kind whatsoever, whether accrued, contingent, absolute, determined, determinable or otherwise, and there shall be no existing condition, situation or set of circumstances which could reasonably be expected to result in such a liability or debt.

Section 5.3 Public Company Status. JPAL shall make any and all necessary filings so that at the Closing the Common Stock shall still be a publicly-traded security.

Section 5.4 Shareholder Approval. In connection with obtaining shareholder approval for this Amended Agreement and the transactions contemplated hereby, JPAL shall comply with all applicable requirements of the NRS and federal securities law, including but not limited to the mailing to its Shareholders of a written proxy statement containing the information specified in Schedule 14A of the Exchange Act (the "JPAL Proxy Statement"). The JPAL Proxy Statement shall be prepared in accordance with the requirements of the Exchange Act and will not at the time it is filed contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances in which they were made, not misleading.

Section 5.5 Indemnification.

(a) Each of JPAL and Howard Appel shall, jointly and severally, indemnify, defend and hold harmless each of the Company Members and each person who is now, or has been at any time prior to the date hereof or who becomes prior to the Closing, an officer or member of the Company or an employee of the Company, and their respective heirs, legal representatives, successors and assigns (the "Indemnified Parties") against all losses, claims, damages, costs, expenses (including attorneys' fees), liabilities or judgments or amounts that are paid in settlement of or in connection with any threatened or actual claim, action, suit, proceeding or investigation based in whole or in part on or arising in whole or in part out of (i) any breach of this Amended Agreement by JPAL or HMA (see below), including but not limited to failure of any representation or warranty to be true and correct at or before the Closing, or (ii) any act, omission or conduct of Drechsler or JPAL prior to the Closing, whether asserted or claimed prior to, or at or after, the Closing, or (iii) relating to the consummation of the transactions contemplated herein, and any action taken in connection therewith ("Indemnified Liabilities"). Any Indemnified Party wishing to claim indemnification under this Section 5.5, upon learning of any such claim, action, suit, proceeding or investigation, shall notify Howard Appel and JPAL, but the failure so to notify shall not relieve a party from any liability that it may have under this Section 5.5, except to the extent such failure materially prejudices such party.

(b) All rights to indemnification under this Section 5.5 shall survive the consummation of the Modified Exchange and the termination of this Amended Agreement. The provisions of this Section 5.5 are intended to be for the benefit of, and shall be enforceable by, each Indemnified Party, and his or her heirs and representatives. No party shall enter into any settlement regarding the foregoing without prior approval of the Indemnified Party.

Edgar Filing: JPAL INC - Form DEF 14A

Section 5.6 Drechsler Release. At the Closing, Drechsler shall deliver to the Company an executed copy of the Release attached hereto as Exhibit C.

Section 5.7 Conduct of Business of JPAL. Except as contemplated by this Amended Agreement, during the period commencing on the date hereof and ending as of the Closing Date or the termination of this Amended Agreement, JPAL shall not conduct any business activities whatsoever without the prior written consent of the Company.

14

ARTICLE 6 Covenants of HMA and JPAL

Section 6.1 Bridge Financings. (a) HMA Advisors, Inc. ("HMA") shall have loaned or arranged for an aggregate of \$2,525,000 of bridge financings (the "Bridge Loans") for the Company, and in connection therewith HMA and/or the bridge investors (collectively, the "Lenders") shall receive warrants (the "Bridge Warrants") to purchase 750,000 shares of Common Stock at an exercise price of \$1.90 per share, subject to decrease as determined in the discretion of board of directors of JPAL as constituted subsequent to the Closing. The Bridge Warrants shall be immediately exercisable and expire two (2) years from the date of the Closing. JPAL shall be able to call the Bridge Warrants, provided: (i) that the shares of Common Stock shall have traded for an average closing market price of \$1.50 above the prevailing exercise price for a period of no less than fifteen (15) business days (the "Period"); (ii) that the SEC shall have declared effective the registration statement under the Securities Act (the "Statement," as further described in Section 7.1 below) pursuant to which the shares of Common Stock underlying such Bridge Warrants shall have been registered prior to the commencement of such period, and (iii) that the average daily volume of the Common Stock traded during the Period shall have been no less than 100,000.

(b) No fees or commissions shall be payable in connection with any of the above-mentioned bridge financings.

(c) Subject to Closing, JPAL undertakes to prepay the Bridge Loans (including all loans evidenced by Bridge Notes), excluding any Bridge Loans converted into Private Placement Interests or shares of Common Stock as provided for in Sections 5.1(c) and 5.1(d) hereof, respectively, in the following manner:

(i) at Closing, principal plus a proportionate amount of accrued interest equal to 15% of all cash amounts raised in the Private Placement between \$4,000,000 and \$6,250,000, provided, however, that if \$6,250,000 or greater is raised, then such prepayment amount shall equal an aggregate of \$500,000.

(ii) 15 days following each of the four calendar quarters in 2003, principal plus a proportionate amount of accrued interest equal to \$100,000.

(iii) 50% of the proceeds received by JPAL from the exercise of any Bridge Warrants, within 15 days of receipt by JPAL.

(iv) For any proceeds raised by issuance of securities that were deemed equity at time of issuance:

A. In the year 2002. 15% of the net proceeds received from the sale of such equity above \$10,000,000 (including proceeds raised in the Private Placement) shall become immediately due and payable within 15 days of

Edgar Filing: JPAL INC - Form DEF 14A

receipt thereof by JPAL, subject to a maximum of up to \$700,000; and

B. In the year 2003. 20% of the net proceeds received from the sale of any such equity shall become immediately due and payable within 15 days of receipt thereof by JPAL, subject to a maximum of \$700,000, provided, that in the event the aggregate principal amount of Bridge Loans remaining outstanding at the time such equity is raised shall exceed \$1,000,000, then the maximum amount due and payable within fifteen days of receipt by JPAL shall be \$900,000.

Anything to the contrary in Section 6.1(c)(iv) notwithstanding, if at any time during either 2002 or 2003 the equity raised from unrelated sales is \$1,000,000 or less and the investor(s) in each such unrelated sale objects to the repayment of the Bridge Loans, then no such repayment shall be made. For purposes of calculating the proceeds received and amounts raised set forth in this Section 6.1(c)(iv): (A) any non-cash investment, or (B) any amounts raised from strategic investors that are either (1) earmarked for specific use, or (2) received in connection with actual or anticipated other relationship(s) with such investor(s) that exist(s) or may exist, shall not be counted in such calculation.

(v) within 45 days following the end of each calendar quarter (except 90 days with respect to the last quarter in a year) beginning on October 1, 2002, 35% of any Excess Cash greater than \$2,000,000, up to a maximum of \$200,000 (in addition to amounts received under clause (ii) above) in any quarter, where "Excess Cash" means any cash on the books of JPAL at the end of a quarter that is not restricted by an agreement or covenant providing for such restriction minus any equity and/or debt raised during such quarter.

15

For purposes of this Section 6.1(c), in no event may the amounts paid be greater than the amounts owed to the Bridge Note holders. In addition; (i) all payments to be made under this Section 6.1(c) are subordinate to obligations to financing sources, and may be subject to restrictive covenants imposed by either trade or secured creditors, and (ii) the holders of the notes representing the Bridge Loans have agreed not to take any action on the prepayment obligations until any such restrictive covenants are eliminated or terminated. To the extent that a cash payment is not made when due, all unpaid amounts not paid at maturity shall earn interest at a rate of 12% per annum.

ARTICLE 7

Covenants of the Company and the Company Members

Section 7.1 Registration Statement. Promptly following the Closing, the Company Members shall cause JPAL to file the Statement, which Statement shall cover the resale of; (a) up to one hundred percent (100%) of the Private Placement Shares; (b) all shares of Common Stock underlying the Bridge Warrants; (c) all shares of Common Stock underlying the JPAL Agent Warrants, if any; (d) all shares reserved for issuance pursuant to conversion of the JPAL Convertible Notes, and (e) twenty-five percent (25%) of the Contribution Shares. Holders of all Private Placement Shares not included in the Statement shall be given piggy-back registration rights applicable to all such shares with respect to any registration statement on an appropriate form that JPAL may file subsequent to the filing of the Statement.

Section 7.2 Restrictions on Trading. Notwithstanding the provisions of Section 7.1 above, the twenty-five percent (25%) of the Contribution Shares being registered above may be sold only to the extent of such number of shares

Edgar Filing: JPAL INC - Form DEF 14A

(in the aggregate) that is equal to 10% of the average weekly volume of the Common Stock during the preceding four weeks, on a rolling basis. Any Contribution Shares that become available for sale pursuant hereto shall be released from these restrictions on a pro rata basis. In addition, the Shareholders referenced in Section 5.1(a) hereinabove shall execute letters whereby they agree that the Escrow Shares shall not be sold during the terms provided in such Section, and shall include a statement representing to JPAL that no shares of Common Stock will be sold short for twelve (12) months following the Closing Date.

Section 7.3 Financial Statements. The Company shall deliver to JPAL, as soon as they become available but in no event later than 30 business days after the date hereof, copies of the Company's audited financial statements as of and for the fiscal year ended December 31, 2001, certified by Deloitte & Touche LLP (the "Company Financial Statements").

ARTICLE 8 Covenants of the Parties

The parties hereto agree that:

Section 8.1 Reasonable Best Efforts. Section 8.2 Filings; Other Action. Subject to the terms and conditions herein provided, the Company and JPAL shall promptly use reasonable best efforts to cooperate with one another in (a) determining whether any filings are required to be made with, or consents, permits, authorizations or approvals are required to be obtained from, any third party, the United States government or any agencies, departments or instrumentalities thereof or other governmental or regulatory bodies or authorities of federal, state, local and foreign jurisdictions in connection with the execution and delivery of this Amended Agreement and the consummation of the transactions contemplated hereby and (b) timely making all such filings and timely seeking all such consents, permits, authorizations or approvals, and (c) taking or causing to be taken, all other actions and do, or cause to be done, all other things necessary, proper or advisable to consummate and make effective the transactions contemplated hereby.

16

Section 8.3 Public Announcements. Section 8.4 Notices of Certain Events. In addition to any other notice required to be given by the terms of this Amended Agreement, each of the parties shall promptly notify the other party hereto of:

(a) any notice or other communication from any Person alleging that the consent of such Person is or may be required in connection with any of the transactions contemplated by this Amended Agreement;

(b) any notice or other communication from any governmental or regulatory agency or authority in connection with the transactions contemplated

Edgar Filing: JPAL INC - Form DEF 14A

by this Amended Agreement; and

(c) any actions, suits, claims, investigations or proceedings commenced or, to its knowledge threatened against, relating to or involving or otherwise affecting such party that, if pending on the date of this Amended Agreement, would have been required to have been disclosed pursuant to Section 3 and Section 4 (as the case may be) or that relate to the consummation of the transactions contemplated by this Amended Agreement.

Section 8.5 Access to Information; Confidentiality.

(a) Following the date hereof, until consummation of all transactions contemplated hereby, the Company, on the one hand, and JPAL, on the other, will give to the other party, its counsel, financial advisers, auditors and other authorized representatives reasonable access to the offices, properties, books and records of such party, furnish to the other party and its representatives such financial and other data and information as such party and its representatives may reasonably request and instruct its own employees and representatives (including, without limitation, insurance agents and underwriters) to cooperate with the other party in its investigations. Any investigation pursuant to this Section shall be conducted in such manner as not to interfere unreasonably with the conduct of the business of the other parties. No investigation pursuant to this Section shall affect any representation or warranty made by any party hereunder.

(b) All information obtained by the Company or JPAL in connection with the transactions contemplated hereby shall be kept confidential and will not be used for any purpose unrelated to the consummation of the transactions contemplated by this Amended Agreement. Should the Closing not occur for any reason, all such information and copies thereof shall promptly be returned to each respective party.

(b) No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. Section 11.6 Governing Law. This Amended Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to the principles of conflicts of law thereof.

Section 11.7 Jurisdiction. Any suit, action or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Amended Agreement or the transactions contemplated hereby may be brought in any federal or state court located in the City of New York, Borough of Manhattan, and each of the parties hereby consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding which is brought in any such court has been brought in an inconvenient forum. Process in any such suit, action or proceeding may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. Without limiting the foregoing, each party agrees that service of process on such party as provided in Section 11.1 shall be deemed effective service of process on such party.

Upon such a determination, the parties shall negotiate in good faith to modify this Amended Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

Section 11.12 Specific Performance. The parties hereto agree that irreparable damage would occur in the event any provision of this Amended Agreement was not performed in accordance with the terms hereof and that the parties shall be entitled to specific performance of the terms hereof in addition to any other remedy to which they are entitled at law or in equity.

PART I

Item 1. Description of Business.

Our Background. JPAL, Inc. was incorporated pursuant to the laws of the State of Nevada on March 31, 1999. On April 6, 2000, we filed Amended and Restated Articles of Incorporation with the Secretary of State of Nevada to amend and restate Articles of Incorporation in their entirety and specifically to authorize 50,000,000 shares of \$.001 par value common stock.

Our Business. We were originally formed to provide vacation rental properties and services for the Year 2000 New Year's Eve celebration in Las Vegas, and continued to provide vacation rental properties and services after the Year 2000 New Year's Eve celebration. We generated revenues of approximately \$6,793 through December 31, 1999, and \$2,462 through December 31, 2000. As an Internet based provider of vacation rental properties and services, we had been in the process of redesigning our website to provide a wide range of services to both vacationers and property owners. Our primary source of revenue was property rental fees, which were charged to the property owners as a percentage of the vacationers' total rental price. Those fees were our primary source of revenue, although we also attempted to generate additional revenue sources such as Internet advertising.

In August 2001, we suspended further development of our website that was

Edgar Filing: JPAL INC - Form DEF 14A

intended to provide vacation rental properties and services because we entered into a contribution agreement with Essential Reality LLC, a Delaware limited liability company. Essential Reality LLC is a privately held New York-based technology firm specializing in the development of innovative computer and game console peripherals. Pursuant to the terms of the contribution agreement, we will issue 11 million shares of our common stock to the current shareholders of Essential Reality LLC in exchange for all of the equity interests of Essential Reality LLC. The consummation of the transaction is contingent on a number of factors, including, but not limited to, that we raise a minimum of \$4.5 million dollars.

Essential Reality LLC is positioning itself to take advantage of the opportunities in this marketplace with the development of its first product, P5(TM), a 3D input device capturing finger-bend and relative hand-position to enable intuitive interaction with 3D environments. P5(TM) is designed as a low-cost natural interface for the computer, game consoles and other USB-compatible 3D-software platforms. The product will utilize a patented bend sensor technology to accurately determine the bend of the user's five fingers. In addition, P5(TM) will track the relative position of the hand in space.

Competition. If we consummate the acquisition of Essential Reality LLC, we will enter the market for peripheral input devices, including mice and joysticks, which is very competitive. In addition, Sony and Nintendo, who currently dominate the interactive entertainment software industry, may determine to develop their own 3D peripheral port device and have the financial resources to withstand significant price competition and to implement extensive advertising campaigns. If we consummate the acquisition of Essential Reality LLC, many of our competitors have far greater financial, technical, personnel and other resources than we do, and many are able to carry larger inventories and adopt more aggressive pricing policies. Prolonged price competition or reduced operating margins would cause our profits to decrease significantly.

Patents and Proprietary Rights. We own the Internet domain name "www.jpenco.com." Under current domain name registration practices, no one else can obtain an identical domain name, but someone might obtain a similar name, or the identical name with a different suffix, such as ".org", or with a country designation. The regulation of domain names in the United States and in foreign countries is subject to change, and we could be unable to prevent third parties from acquiring domain names that infringe or otherwise decrease the value of our domain names.

Essential Reality LLC is exploring intellectual property protection of P5(TM) for dynamic manipulation of computer-generated objects in a multi-dimensional environment. P5(TM) will benefit from Essential Reality LLC's proprietary bend sensor and tracking technology as a means for coordination of movement between human and machine. Essential Reality LLC believes that the integration of such technologies into the glove interface, in combination with proprietary software and firmware applications and drivers, will result in a superior product at a low, cost effective price point not previously recognized in the field. The securing of intellectual property rights in its glove device should enable Essential Reality LLC to control, market, license, manufacture and distribute P5(TM) in the United States and potentially worldwide.

2

Research and Development. We are not currently conducting any research and development activities. We do not anticipate conducting any other such activities in the next twelve months, unless we complete the acquisition of Essential Reality LLC.

Edgar Filing: JPAL INC - Form DEF 14A

Employees. As of April 12, 2002, we have no employees, other than our sole officer. We anticipate that we will not hire any employees in the next six months, unless we consummate the acquisition of Essential Reality LLC.

We do not have a written lease or sublease agreement and Mr. Drechsler does not expect to be paid or reimbursed for providing office facilities.

Item 5. Market Price for Common Equity and Related Stockholder Matters.

Reports to Security Holders. We are a reporting company with the Securities and Exchange Commission, or SEC. The public may read and copy any materials filed with the SEC at the SEC's Public Reference Room at 450 Fifth Street N.W., Washington, D.C. 20549. The public may also obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC. The address of that site is <http://www.sec.gov>.

On April 19, 2001, we were approved for quotation on the Over-the-Counter Bulletin Board ("OTC BB") under the ticker symbol JPAL. The following table sets forth, for the periods indicated, the range of the high and low bid quotations for the shares of common stock as quoted on the OTC BB. The reported bid quotations reflect inter-dealer prices, without retail markup, markdown or commissions, and may not necessarily represent actual transactions. As of December 31, 2001, there were 8,645,260 shares of our common stock outstanding.

2001	HIGH	LOW
2nd Quarter	\$1.00	\$0.263
3rd Quarter	\$7.00	\$1.00
4th Quarter	\$6.05	\$2.97

The closing price for our common stock on April 12, 2002, was \$3.95.

On June 14, 2001, we redeemed 2,068,417 shares of its common stock for \$2,068. On July 2, 2001, we approved a 5 for 1 forward stock split of its common stock. Accordingly, all share and per share amounts have been retroactively restated in

Edgar Filing: JPAL INC - Form DEF 14A

the financial statements to reflect this split.

During 2001, we issued 610,560 warrants, which were valued at \$838,276, in connection with short term promissory notes executed from August 23, 2001, to December 31, 2001. The warrants were issued for the purchase of common stock at \$3.00 per share. These warrants are exercisable at the option of warrant holder and expire three years from the date of issuance.

3

During January and February 2002, we issued additional warrants to acquire 353,040 shares of our common stock at a purchase price of \$3.00 per share in connection with the issuances of additional notes payable.

There are no outstanding shares of our common stock that we have agreed to register under the Securities Act for sale by security holders.

As of December 31, 2001, the approximate number of holders of record of shares of our common stock is thirty.

There have been no cash dividends declared on our common stock. Dividends are declared at the sole discretion of our Board of Directors.

Penny Stock Regulation. Shares of our common stock are subject to rules adopted by the Securities and Exchange Commission that regulate broker-dealer practices in connection with transactions in "penny stocks". Penny stocks are generally equity securities with a price of less than \$5.00 (other than securities registered on certain national securities exchanges or quoted on the Nasdaq system, provided that current price and volume information with respect to transactions in those securities is provided by the exchange or system). The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from those rules, deliver a standardized risk disclosure document prepared by the Securities and Exchange Commission, which contains the following:

- o a description of the nature and level of risk in the market for penny stocks in both public offerings and secondary trading;
- o a description of the broker's or dealer's duties to the customer and of the rights and remedies available to the customer with respect to violation to such duties or other requirements of securities' laws;
- o a brief, clear, narrative description of a dealer market, including "bid" and "ask" prices for penny stocks and the significance of the spread between the "bid" and "ask" price;
- o a toll-free telephone number for inquiries on disciplinary actions;
- o definitions of significant terms in the disclosure document or in the conduct of trading in penny stocks; and
- o such other information and is in such form (including language, type, size and format), as the Securities and Exchange Commission shall require by rule or regulation.

Prior to effecting any transaction in penny stock, the broker-dealer also must provide the customer the following:

- o the bid and offer quotations for the penny stock;
- o the compensation of the broker-dealer and its salesperson in the transaction;
- o the number of shares to which such bid and ask prices apply, or other comparable information relating to the depth and

Edgar Filing: JPAL INC - Form DEF 14A

- o liquidity of the market for such stock; and
- o monthly account statements showing the market value of each penny stock held in the customer's account.

In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from those rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written acknowledgment of the receipt of a risk disclosure statement, a written agreement to transactions involving penny stocks, and a signed and dated copy of a written suitability statement. These disclosure requirements may have the effect of reducing the trading activity in the secondary market for a stock that becomes subject to the penny stock rules. Holders of shares of our common stock may have difficulty selling those shares because our common stock will probably be subject to the penny stock rules.

Item 6. Management's Discussion and Analysis of Financial Condition or Plan of Operation.

This following information specifies certain forward-looking statements of management of the company. Forward-looking statements are statements that estimate the happening of future events are not based on historical fact. Forward-looking statements may be identified by the use of forward-looking terminology, such as "may", "shall", "will", "could", "expect", "estimate", "anticipate", "predict", "probable", "possible", "should", "continue", or similar terms, variations of those terms or the negative of those terms. The forward-looking statements specified in the following information have been compiled by our management on the basis of assumptions made by management and considered by management to be reasonable. Our future operating results, however, are impossible to predict and no representation, guaranty, or warranty is to be inferred from those forward-looking statements.

4

The assumptions used for purposes of the forward-looking statements specified in the following information represent estimates of future events and are subject to uncertainty as to possible changes in economic, legislative, industry, and other circumstances. As a result, the identification and interpretation of data and other information and their use in developing and selecting assumptions from and among reasonable alternatives require the exercise of judgment. To the extent that the assumed events do not occur, the outcome may vary substantially from anticipated or projected results, and, accordingly, no opinion is expressed on the achievability of those forward-looking statements. No assurance can be given that any of the assumptions relating to the forward-looking statements specified in the following information are accurate, and we assume no obligation to update any such forward-looking statements.

Liquidity and Capital Resources. We had cash of \$1,770 as of December 31, 2001. Our total assets were \$1,522,983, of which approximately \$1,500,000 is due from Essential Reality LLC. Our total liabilities were approximately \$1,314,601 as of December 31, 2001. From August through December 2001, we entered into several unsecured notes payable in order to memorialize certain bridge financings relating to the contemplated transaction with Essential Reality LLC. Those unsecured notes payable bear interest rates ranging from 8.00% to 8.50%. Notes totaling \$650,000 will mature on the earliest of (i) March 1, 2002, or (ii) the sale or exchange of all or substantially all of the outstanding shares of common stock. As of April 12, 2002, those notes and accrued interest have not been repaid. The note holders have not called the notes. In the event that on of those notes is called, other notes holders have agreed to fund us to satisfy this debt.

Notes totaling \$911,400 will mature on the earliest of (i) January 1, 2003 or

Edgar Filing: JPAL INC - Form DEF 14A

(ii) the sale or exchange of all or substantially all of the outstanding shares of common stock. The total amount of notes payable was \$1,561,400 at December 31, 2001. Our total interest expense on these notes during the year ended December 31, 2001 was \$25,824. We issued warrants to acquire 610,560 shares of our common stock at a purchase price of \$3.00 per share in connection with the issuances of those notes payable. Those warrants were valued at \$838,276. The value of such warrants has been reflected as a discount to the related notes payable, and is being amortized to interest expense over the original terms of the notes. Deferred interest of \$560,788 has been amortized as interest expense during the year ended December 31, 2001. The remaining balance of deferred interest of \$277,488 has been netted with the outstanding principal balance of \$650,000 for the current notes payable. Therefore, our current notes payable, net of deferred interest, was \$372,512 as of December 31, 2001. Our long term notes payable were \$911,400 as of December 31, 2001.

Pursuant to the contribution agreement, we loaned \$1,500,000 of the proceeds from those notes payable to Essential Reality LLC. The note from Essential Reality LLC is unsecured and bears interest of 8.5%; however, interest did not begin to accrue until December 31, 2001. The principal together with accrued interest is due on the earliest of (i) January 31, 2004, (ii) the closing of the transactions contemplated by the contribution agreement, or (iii) the sale or exchange of substantially all of the membership interests of Essential Reality LLC. Although none of those events have occurred, we believe that this note is collectible because of the financial backing of the members of Essential Reality LLC and projected cash flows from their future operations. In addition, certain of our note holders have indicated that they will fund us if the need arises.

During January and February 2002, we executed several notes payable agreements. Those notes total \$882,600 and bear an interest rate of 8.50% with maturity dates from January 15, 2002, through January 31, 2003. We issued warrants to acquire 353,040 shares of our common stock at a purchase price of \$3.00 per share in connection with the issuances of those notes payable. A note of \$100,000 was due on January 15, 2002, and other notes totaling were due March 1, 2002. As of April 12, 2002, these notes and accrued interest have not been repaid. The note holders have not called the notes. In the event that on of those notes is called, other notes holders have agreed to fund us to satisfy this debt.

5

Results of Operations.

Revenue. For the year ended December 31, 2001, we generated revenues of approximately \$1,039, compared to revenues of approximately \$2,462 during the year ended December 31, 2000. The decline in our revenues is due to the fact that we have suspended the redevelopment of our website and all marketing activities because of our pending acquisition of Essential Reality LLC. We do not expect that we will generate any significant revenues until such time as we complete the acquisition of Essential Reality LLC.

Operating Expenses. For the year ended December 31, 2001, operating expenses totaled \$653,436. \$586,612 of those expenses is for interest expense. Interest expense includes the interest of \$25,824 due on the notes payable during the year ended December 31, 2001, and the deferred interest of \$560,788 from the valuation of the warrants. The value of the warrants, which has been reflected as a discount to the related notes payable, and is being amortized to interest expense over the original terms of the notes. Deferred interest of \$560,788 has been amortized as interest expense during the year ended December 31, 2001. We

Edgar Filing: JPAL INC - Form DEF 14A

also have incurred significant general and administrative expenses. We anticipate that we will continue to incur significant general and administrative expenses with respect to the contemplated acquisition of Essential Reality LLC.

Our Plan of Operation for the Next Twelve Months. Our plan of operation is dependent on our ability to complete the acquisition of Essential Reality LLC or complete the redevelopment of our website so that we can generate more revenues. If we are unable to complete the acquisition of Essential Reality LLC, then we intend to complete the redevelopment of our website.

In the opinion of management, available funds will satisfy our working capital requirements for the next twelve months. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could fail as a result of a number of factors. We will need to raise additional capital to complete the acquisition of Essential Reality LLC. Such additional capital may be raised through public or private financing as well as borrowings and other sources. We cannot guarantee that additional funding will be available on favorable terms, if at all.

We are not currently conducting any research and development activities. We do not anticipate conducting any other such activities in the next twelve months, unless we complete the acquisition of Essential Reality LLC. We do not anticipate that we will purchase or sell any significant equipment in the next six to twelve months unless we complete the acquisition of Essential Reality LLC. We do not anticipate that we will hire any employees in the next six to twelve months, unless we complete the acquisition of Essential Reality LLC.

Item 7. Financial Statements

EXHIBIT C

JPAL, INC.

(A Development Stage Company)

Unaudited Pro Forma Financial Statements
December 31, 2001

On April 24, 2002, JPAL, Inc. ("JPAL") entered into an agreement (the "Amended Contribution Agreement") with Essential Reality, LLC ("Essential") and its members whereby the members of Essential are to contribute their membership interests in Essential in exchange for up to 17,280,000 common shares of JPAL (the "Exchange"). Pursuant to the Amended Contribution Agreement, the shareholders of JPAL will own no more than 6.02% of the merged entity.

Prior to the Exchange, Essential is expected to close on an offering for a minimum of 3,840,000 membership units for gross proceeds of \$4,000,000 and a maximum of 7,680,000 membership units for gross proceeds of \$8,000,000 (the "Offering"). Following the closing of the Offering in which the maximum amount of membership units were subscribed for, Essential will have 17,280,000 membership units and as a result of the Exchange, each member will receive one common share of JPAL for each membership unit in Essential. Cash fees and expenses of the Offering are estimated at approximately \$180,000. In addition, Essential reserves the right to pay its financial advisors (i) an aggregate cash commission of up to six percent (6.0%) of the aggregate price actually paid for the membership units by such investors and/or (ii) warrants to purchase up to an aggregate number of membership units equal to six percent (6.0%) of the membership units purchased by such investors. Such warrants shall have an exercise price per membership unit equal to 125% of the price per membership unit in this Offering and shall be exercisable for a period of up to five years (to be determined by Essential prior to issuance). As a result of the Exchange, warrants to purchase membership units in Essential shall become warrants to purchase common shares of JPAL on the basis of one warrant to purchase a membership unit of Essential to one warrant to purchase a common share of JPAL.

HMA Advisors, Inc. ("HMA") shall have loaned or arranged for an aggregate of \$2,525,000 of short-term financing for JPAL (the "JPAL Notes Payable"), and in connection therewith HMA and/or the Notes Payable investors (collectively, the "Lenders") shall receive warrants (the "Bridge Warrants") to purchase 750,000 common shares of JPAL at an exercise price of \$1.90 per share. The Bridge Warrants shall be immediately exercisable and expire two (2) years from the date of the closing of the Exchange. JPAL shall be able to call the Bridge Warrants,

Edgar Filing: JPAL INC - Form DEF 14A

provided: (i) that its common shares shall have traded for an average closing market price of \$1.50 above the prevailing exercise price for a period of no less than fifteen (15) business days (the "Period"); (ii) that the SEC shall have declared effective the registration statement under the Securities Act pursuant to which the common shares underlying such Bridge Warrants shall have been registered prior to the commencement of such period, and (iii) that the average weekly volume of the common shares traded during the Period shall have been no less than 75,000.

Prior to the closing of the Exchange, the JPAL Notes Payable will be replaced with the following:

- (i) notes for an aggregate dollar amount of \$250,000 consisting of principal and accrued interest thereon in proportionate amounts, which may be used by the holders thereof, at their sole discretion, to subscribe to up to 240,000 membership units of Essential pursuant to the Offering (the "Essential Convertible Notes");
- (ii) notes for an aggregate dollar amount of \$500,000 consisting of principal and accrued interest thereon in proportionate amounts, which may be converted into an aggregate of 263,158 shares of JPAL common shares at a conversion price of \$1.90 per share (the "JPAL Convertible Notes"), none of which shall be deemed to constitute shares issued in the Offering. The JPAL Convertible Notes shall be convertible into common shares of JPAL, in the sole and absolute discretion of the holders thereof, for a period of six (6) months following the Closing of the Exchange.

-1-

- (iii) Non-convertible notes (the "JPAL Non-convertible Notes") in the amount of the JPAL Notes Payable plus accrued interest thereon less the Essential Convertible Notes and the JPAL Convertible Notes.

The Essential Convertible Notes, the JPAL Convertible Notes and the JPAL Non-convertibles Notes (collectively, the "Bridge Loans"), together with accrued interest thereon will mature on December 31, 2003. Upon the closing of the Exchange, JPAL undertakes to repay the Bridge Loans, excluding any Bridge Loans converted into membership units of Essential or common shares of JPAL as described above;

- (i) at closing of the Exchange, principal plus a proportionate amount of accrued interest equal to 15% of all cash amounts raised in the Offering between \$4,000,000 and \$6,250,000, provided, however, that if \$6,250,000 or greater is raised, then such prepayment amount shall equal an aggregate of \$500,000;
- (ii) During fiscal 2003, \$100,000 payments per quarter representing interest and principal;
- (iii) 50% of the proceeds received by JPAL from the exercise of any Bridge Warrants;
- (iv) For any proceeds raised by issuance of securities that were deemed equity at time of issuance:
 - A. In the year 2002. 15% of the net proceeds received from the sale of such equity above \$10,000,000 shall become immediately due and payable within 15 days of receipt thereof by JPAL, subject to a maximum of up to \$700,000;

Edgar Filing: JPAL INC - Form DEF 14A

B. In the year 2003. 20% of the net proceeds received from the sale of any such equity shall become immediately due and payable within 15 days of receipt thereof by JPAL, subject to a maximum of \$700,000.

Anything to the contrary in (iv) (A) or (B) above notwithstanding, in the event that the aggregate principal amount of Bridge Loans remaining outstanding at the point such equity is raised shall exceed \$1,000,000, then the maximum amount due and payable shall be \$900,000, provided, that if at any time during either 2002 or 2003 the equity raised from unrelated sales is less than \$1,000,000 and the investor(s) in each such unrelated sale objects to the repayment of the Bridge Loans, then no such repayment shall be made. No amount raised from a strategic investor (including but not limited to any amount earmarked for specific use or received in connection with actual or anticipated other relationship(s) with such investor which exist(s) or may exist) or any non-cash investment shall be counted towards any of the criteria referred to herein.

- (v) Beginning October 1, 2002, 35% of any Excess Cash greater than \$2 million, up to a maximum of \$200,000 (in addition to amounts received under clause (ii) above) in any quarter, where "Excess Cash" means any cash on the books of JPAL at the end of a quarter minus any equity and/or debt raised during such quarter; and
- (vi) The remaining balance of interest and principal, if any, on December 31, 2003.

In no event may the amounts paid be greater than the amounts owed to the Bridge Loans then outstanding. In addition, all payments to be made on the Bridge Loans may be subject to restrictive covenants imposed by either trade or secured creditors. To the extent that a cash payment is not made when due, all unpaid amounts not paid at maturity shall earn interest at a rate of 12% per annum.

The Exchange is expected to be accounted for as a reverse acquisition in which Essential is the accounting acquirer and JPAL is the legal acquirer. The management of Essential is expected to remain the management of the merged entity. Since the Exchange is expected to be accounted for as a reverse acquisition and not a business combination, no goodwill is expected to be recorded in connection with the Exchange and the costs incurred in connection with the Exchange are expected to be accounted for as a reduction of additional paid-in capital.

The following unaudited pro forma financial statements give effect to the Exchange, as well as the Offering. The unaudited pro forma statement of operations for the year ended December 31, 2001, gives effect to the Exchange and Offering as if these transactions had occurred on January 1, 2001. The unaudited pro forma balance sheet as of December 31, 2001, gives effect to the Exchange and Offering as if these transactions had occurred on December 31, 2001.

The unaudited pro forma financial statements should be read in conjunction with the historical financial statements and notes thereto incorporated herein by reference of JPAL and Essential. The pro forma financial information is presented for illustrative purposes only and is not necessarily indicative of the future financial position or future results of operations of the Company after the Exchange and the Offering.

The value of the Bridge Warrants was computed using \$3.62 as the market price, \$1.90 as the exercise price, 2 year expiration, volatility of 80% and a risk free rate of 5%.
 - b. the beneficial conversion feature of the JPAL Convertible Notes at their inception in the amount of \$452,632 of which \$56,579 has been charged to earnings as interest expense and \$396,053 has been netted against notes payable.
- 7) Reflects the repayment of \$500,000 of the Bridge Loans and the reversal of related deferred interest of \$77,463.

INDEPENDENT AUDITORS' REPORT

To the Members and Board of Managers of
Essential Reality, LLC:

We have audited the accompanying balance sheets of Essential Reality, LLC (a development stage entity) (the "Company") as of December 31, 2001 and 2000, and the related statements of operations, members' deficit, and cash flows for the years ended December 31, 2001 and 2000 and for the period from June 1, 1999 (date of commencement) to December 31, 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Edgar Filing: JPAL INC - Form DEF 14A

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended and for the period from June 1, 1999 (date of commencement) to December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company is a development stage enterprise engaged in the development, manufacture and marketing of a gloved shaped device that controls the movement of objects on a computer screen. As discussed in Note 1 to the financial statements, the Company has experienced cumulative net losses of \$4,772,242 and cumulative negative operating cash flows of \$4,057,437, which raise substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

ESSENTIAL REALITY, LLC
(A Development Stage Entity)

NOTES TO FINANCIAL STATEMENTS
CUMULATIVE PERIOD FROM JUNE 1, 1999 (DATE OF COMMENCEMENT) TO DECEMBER 31, 2001
AND YEARS ENDED DECEMBER 31, 2001 AND 2000

1. THE COMPANY

Essential Reality, LLC (the "Company") was formed as Freedom Multimedia, LLC in the State of Delaware on July 9, 1998 and began active operations on June 1, 1999. The Company changed its name to Essential Reality, LLC on December 29, 1999. The Company was formed to develop, manufacture and market computer peripheral devices, with initial emphasis on a product called "P5." P5 is a gloved shaped device that controls the movement of objects on a computer screen. P5 enables three-dimensional movement of the cursor as well as allowing pitch and yaw, as well as roll, which should be completed in the near future. P5 is controlled by the user moving their hand or bending their fingers.

The Company is in the development stage. Successful completion of the Company's development program and ultimately, the attainment of profitable operations are dependent upon future events, including obtaining adequate financing to fulfill its development activities, and achieving a level of revenue adequate to support the Company's cost structure.

Since its commencement, the Company has not generated revenues and has incurred significant recurring losses from operations, working capital deficit and deficit in members' capital. As a result, substantial doubt exists regarding the Company's ability to continue as a going concern. Management is attempting to obtain adequate resources for the Company to complete its development plan and produce, market and sell its primary product. In this regard, management of the Company believes that upon closing of the transaction described in Note 8, it will have sufficient funds to operate for at least the next five months. Should the transaction not close, the Company would be required to seek alternative sources of financing in order to stay in business.

The financial statements have been prepared in conformity with the

Edgar Filing: JPAL INC - Form DEF 14A

Statement of Financial Accounting Standards ("SFAS") No. 7, Accounting and Reporting by Development Stage Enterprises. As a development stage entity with no commercial operating history, the Company is subject to all of the risks and uncertainties inherent in the establishment of a new business enterprise. To address these risks and uncertainties, the Company must, among other things, respond to competitive developments; attract, retain, and motivate qualified personnel; and support the expense of marketing new products based upon innovative technology. To date, the Company has not recognized product related revenues. As a result of incurring expenses in these developmental activities without generating revenues, the Company has incurred significant losses and negative cash flow from operating activities for the period the cumulative period from June 1, 1999 (Date of Commencement) to December 31, 2001. During this period, the Company had cumulative net losses of \$4,772,242 and cumulative negative cash flow from operating activities of \$4,057,437. The Company expects to incur substantial losses and negative cash flow from operating activities for the near future.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Comprehensive Loss - Comprehensive loss is the same as net loss.

Cash and Cash Equivalents - Cash equivalents include time deposits with maturities of three months or less on the date of purchase.

Domain Name and Fixed Assets - Domain names are recorded at cost, net of accumulated amortization. Fixed assets are recorded at cost, net of related accumulated depreciation. Upon sale or retirement, the cost and related accumulated depreciation and amortization are removed from the respective accounts, and any gain or loss is included in the statement of operations. Maintenance and repair costs are expensed as incurred. Depreciation of fixed assets is computed using the straight-line method based on the estimated useful lives of the assets, which is three to five years, beginning when assets are placed in service. Amortization of domain names is computed using the straight-line method over a period of two years, taking a full year's depreciation in the year of acquisition.

Product Development - Product development costs include expenses incurred by the Company to research and develop the P5 product. Product development costs are expensed until such time as the Company determines that a product is technologically feasible. Product development costs are capitalized from such date until such time as product development is substantially complete. Product development costs capitalized will be amortized on the straight-line basis over the lesser of the estimated useful life of the product or three years. All of the costs to date have been expensed.

Impairment of Assets - In accordance with SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of, the Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. When such events occur, the Company compares the carrying amount of the assets to undiscounted expected future cash flows. If this comparison indicates that there is impairment, the amount of the impairment loss is then based on the fair value of the asset compared with its carrying value. No impairment of assets existed at December 31, 2001.

Edgar Filing: JPAL INC - Form DEF 14A

Fair Market Value of Financial Instruments - The carrying amount of the Company's cash and cash equivalents, interest receivable, prepaid expenses and deposits, accounts payable, accrued liabilities, accrued compensation and advances from affiliated companies approximates fair market value because of the short maturity of those instruments.

Income Taxes - The Company is not subject to federal or state income tax. The taxable income or loss applicable to the operations of the Company is includable in the federal and state income tax returns of the members. The Company will become subject to federal and state income taxes after completion of the transaction described in Note 8.

Effects of Recently Issued Accounting Standards - In June 1998, the Financial Accounting Standards Board ("FASB") issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", which establishes accounting and reporting standards for derivative instruments and hedging activities. Generally, it requires that an entity recognize all derivatives as either an asset or liability and measure those instruments at fair value as well as identify the conditions for which a derivative may be specifically designed as a hedge. SFAS No. 133 is effective for fiscal years beginning after June 15, 2000. The adoption of SFAS 133, effective January 1, 2001, did not have an impact on the Company's financial position, results of operations, or cash flows. The Company currently does not have any derivative instruments and is not engaged in hedging activities.

On June 29, 2001, the FASB approved for issuance SFAS No. 141, "Business Combinations", and SFAS No. 142, "Goodwill and Intangibles Assets". Major provisions of these statements are as follows: all business combinations initiated after June 30, 2001 must use the purchase method of accounting; the pooling of interest method of accounting is prohibited except for transactions initiated before July 1, 2001; intangible assets acquired in a business combination must be recorded separately from goodwill if they arise from contractual or other legal rights or are separable from the acquired entity and can be sold, transferred, licensed, rented or exchanged, either individually or as part of a related contract, asset or liability; goodwill and intangible assets with indefinite lives are not amortized but are tested for impairment annually, except in certain circumstances, and whenever there is an impairment indicator; adjustments are made. All acquired goodwill must be assigned to reporting units for purposes of impairment testing, and effective January 1, 2002, goodwill will no longer be subject to amortization. Although it is still reviewing the provisions of these statements, management's preliminary assessment is that these statements will not have a material impact on the Company's financial position or results of operations.

7

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations." SFAS No. 143 requires companies to record the fair value of a liability for asset retirement obligations in the period in which they are incurred. The statement applies to a company's legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction and development or through the normal operation of a long-lived asset. When a liability is initially recorded, the company would capitalize the cost, thereby increasing the capital amount of the related asset. The capitalized asset retirement cost is depreciated over the life of the respective asset while the liability is accreted to its present value. Upon settlement of the liability, the obligation is settled at its recorded amount or the company incurs a gain

Edgar Filing: JPAL INC - Form DEF 14A

or loss. This statement is effective for fiscal years beginning after June 15, 2002. The Company does not expect that adoption of SFAS No. 143 will have a material impact on the Company's financial position or results of operations.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 addresses the accounting and reporting for the impairment or disposal of long-lived assets. The statement provides a single accounting model for long-lived assets to be disposed of. New criteria must be met to classify the asset as an asset for sale. This statement also focuses on reporting the effects of a disposal of a segment of a business. This statement is effective for years beginning after December 15, 2001. The Company does not expect that adoption of SFAS No. 144 will have a material impact on the Company's financial position or results of operations.

Reclassification - Certain amounts in the 2000 financial statements have been reclassified to conform with the basis of presentation used in 2001.

3. FIXED ASSETS AND DOMAIN NAMES

At December 31, 2001 the fixed assets were comprised of \$10,949 of office furniture and equipment and \$2,000 for computer equipment. Depreciation expense and accumulated amortization for the years ended December 31, 2001 and 2000 and for the period from June 1, 1999 (Date of Commencement) to December 31, 1999 amounted to \$2,850, \$0 and \$0, respectively.

Amortization and accumulated amortization of domain names for the years ended December 31, 2001 and 2000 and for the period from June 1, 1999 (Date of Commencement) to December 31, 1999 amounted to \$9,000, 0 and 0, respectively.

8

4. BRIDGE LOANS

Through December 31, 2001, the Company received bridge loans of \$1,500,000. From January 1, 2002 to April 24, 2002, the Company received an additional \$1,525,000 of bridge loans.

Certain bridge loans include the issuance to the lenders of up to 750,000 warrants (the "New Warrants") to purchase common shares of JPAL, Inc. (JPAL) for an exercise price of \$1.90 per common share. Such warrants will expire two years from the date of closing of the merger agreement. JPAL is a publicly traded corporation with which the Company has entered into a merger agreement as described more fully in Note 9. Since these warrants pertain to JPAL and not the Company, the Company has not recorded any expense related to the warrants. During 2001, JPAL issued 610,560 warrants in connection with the bridge loans, which warrants shall be replaced by a portion of the New Warrants upon closing of the merger agreement.

The bridge loans are unsecured and bear interest at the rate of 8 1/2 % per annum, however interest does not begin to accrue until January 31, 2002. The bridge loans, together with accrued interest thereon, become payable from December 31, 2001 through December 31, 2003. Should the Offering described in Note 8 and contemplated merger with JPAL described in Note 9 occur, the bridge loans will be repaid as follows:

- (i) Up to \$500,000 of bridge loans and accrued interest may be converted

Edgar Filing: JPAL INC - Form DEF 14A

in to up to 480,000 membership units of the Company pursuant to the Offering;

- (ii) Up to \$500,000 of bridge loans and accrued interest may be converted in to up to 263,158 common shares of JPAL;
- (iii) Up to \$1,000,000 will be repaid upon closing of the Offering and Merger;
- (iv) During fiscal 2003, \$100,000 payments per quarter representing interest and principal;
- (v) 50% of the proceeds received as a result of the exercise of bridge loan warrants described above;
- (vi) During fiscal 2002, 15% of the net proceeds received from the sale of equity in the Company above \$10,000,000, subject to a maximum of up to \$700,000;
- (vii) During fiscal 2003, 20% of the net proceeds received from the sale of equity in the Company, subject to a maximum of up to \$700,000, provided, that in the event the aggregate principal amount of bridge loans remaining outstanding at the time such equity is raised shall exceed \$1,000,000, then the maximum amount due and payable shall be \$900,000.
- (viii) Beginning October 1, 2002, 35% of any Excess Cash greater than \$2 million, up to a maximum of \$200,000 (in addition to amounts received under clause (iv) above) in any quarter, where "Excess Cash" means any cash on the books of JPAL at the end of a quarter minus any equity and/or debt raised during such quarter; and
- (ix) The remaining balance of interest and principal, if any, on December 31, 2003.

Anything to the contrary in (vi) and (vii) above notwithstanding, if at any time during either 2002 or 2003 the equity raised from unrelated sales is \$1,000,000 or less and the investor(s) in each such unrelated sale objects to the repayment of the bridge loans, then no such repayment shall be made. For purposes of calculating the proceeds received and amounts raised set forth in (vi) and (vii) above, (A) any non-cash investment, or (B) any amounts raised from strategic investors that are either (1) earmarked for specific use, or (2) received in connection with actual or anticipated other relationship(s) with such investor(s) that exist(s) or may exist, shall not be counted in such calculation.

9

In no event shall any repayment be made in excess of bridge loans and accrued interest then outstanding. In addition; (i) all payments to be made pursuant to (iv) through (ix) above are subordinate to obligations to financing sources, and may be subject to restrictive covenants imposed by either trade or secured creditors, and (ii) the holders of the notes representing the bridge loans have agreed not to take any action on the prepayment obligations until any such restrictive covenants are eliminated or terminated. To the extent that a cash payment is not made when due, all unpaid amounts not paid at maturity shall earn interest at a rate of 12% per annum.

Although interest on the bridge loans does not begin to accrue until

Edgar Filing: JPAL INC - Form DEF 14A

January 31, 2002, interest on the bridge loans in the amount of \$250,750 has been imputed and accrued representing the interest payable on the bridge loans advanced from inception through December 31, 2001 and will be amortized over the life of the loans through December 31, 2003. Deferred interest will be amortized on a daily basis from the date of the loan to December 31, 2003, which resulted in a charge to earnings in the amount of \$18,361 for year ended December 31, 2001.

Should the developer accomplish the goals set forth in the agreement, the Company is required to pay base royalties of 1% of net sales generated from P5, indefinitely and an additional 0.5% of net sales generated from P5, indefinitely, if the developer meets certain milestones defined in this development agreement.

6. MEMBERS' CAPITAL AND NOTE RECEIVABLE

In December 1999, LCG Capital Group, LLC ("LCG") acquired a 50% interest in the Company for an aggregate purchase price of \$2,500,000. The note bore interest at the rate of 6% per annum, had a maturity date of December 13, 2002 and was secured by the membership interest of LCG. Edgar Filing: JPAL INC - Form DEF 14A

\$180,000. In addition, the Company reserves the right to pay its financial advisors (i) an aggregate cash commission of up to six percent (6.0%) of the aggregate price actually paid for the membership units by such investors and/or (ii) warrants to purchase up to an aggregate number of membership units equal to six percent (6.0%) of the membership units purchased by such investors. 9. MERGER WITH JPAL

On April 24, 2002, the Company entered into the Amended Contribution Agreement with JPAL, a publicly traded company, whereby the Company's current members would contribute all of their membership units in the Company to JPAL in return for 9,600,000 shares of JPAL's common stock. In addition, JPAL will deliver one of its shares of common stock for every membership unit sold by the Company in the Offering described in Note 8, up to a maximum 7,680,000 shares. The effect of such exchange is to merge the Company with JPAL (the "Merger"), with the Company's members controlling the surviving public company. The shareholders of JPAL will own no more than 6.02% of the surviving entity. In the event the Company consummates the Merger, all investors in this Offering who received membership interests will receive a number of shares of JPAL common stock equal to the number of membership interests such investors had in the Company. To the extent the Company does not consummate the Merger, the investor shall continue to hold the membership interests until the Company merges with another entity, which may or may not ever occur.

The Merger is expected to be accounted for as a reverse acquisition in which the Company is the accounting acquirer and JPAL is the legal acquirer. The management of the Company is expected to remain the management of the merged entity. Since the Merger is expected to be accounted for as a reverse acquisition and not a business combination, no goodwill is expected to be recorded in connection with the Merger and the costs incurred in connection with the Merger are expected to be accounted for as a reduction of additional paid-in capital.

As a result of the Merger, the warrants issued to the Company's financial advisors to acquire membership units (see Note 8), will become warrants to purchase the same amount of JPAL common shares at the same exercise price and having the same expiration date.

Upon closing of the Merger, the Company expects to use the stock incentive plan established by JPAL pursuant to which the Company may grant options, stock appreciation rights, restricted stock and/or other equity-based incentives to its directors, employees, consultants and advisors for up to an aggregate of 3,500,000 shares of the merged entity's common stock.
