2017 PROXY SUMMARY

Company Highlights

Company Highlights

Separation. On June 29, 2015, the Company completed the legal and structural separation of the publishing business from its former parent, now known as TEGNA Inc. (TEGNA) and became an independent public company (the separation). The separation was effected by the distribution by TEGNA of 98.5% of the outstanding shares of common stock of the Company to TEGNA s stockholders.

Post-separation Board and Management. In connection with the separation, our directors and many of our executive officers assumed their positions with the Company. Certain members of our Board of Directors our independent Board chairman, John Jeffry Louis, and two other independent directors, John E. Cody and Tony A. Prophet served with our former parent prior to the separation. In addition, Robert J. Dickey, our President and Chief Executive Officer and a director, and Lawrence S. Kramer, a director since the separation, previously served as executives of the Company s former parent.

Impact on Executive Compensation Programs. At the time of the separation, the Company entered into a series of agreements with its former parent, including a Separation and Distribution Agreement, Transition Services Agreement, Tax Matters Agreement and Employee Matters Agreement. Pursuant to the Employee Matters Agreement, among other things, the Company initially adopted executive compensation practices that generally were similar to those previously in place at the Company s former parent prior to the separation. Since the separation, we have been evaluating our executive compensation programs in light of our compensation guiding principles and expect our programs to evolve over time consistent with those principles. See Compensation Discussion and Analysis for additional information.

Strategic Plan. In 2016, the Company continued to execute effectively on the strategic pillars and three-year goals that it communicated to employees and stockholders following the separation. Highlighted below are several key ways in which the Company further expanded its footprint by making strategic acquisitions in a consolidating industry, continued to unite the Company s local to national news organization under the USA TODAY NETWORK, worked to optimize existing assets, and developed, innovated and invested in digital media technologies to grow digital revenues:

Expand the Footprint.

Journal Media Group, Inc. (Journal Media Group): On April 8, 2016, we completed the acquisition of 100% of the outstanding common stock of Journal Media Group for approximately \$260.6 million in cash, net of

cash acquired. The acquisition expanded our print and digital publishing operations domestically. Journal Media Group has print and digital publishing operations serving 15 domestic markets in nine states, including the *Milwaukee Journal Sentinel*, the *Knoxville News Sentinel*, and *The Commercial Appeal* in Memphis.

North Jersey Media Group, Inc. (*North Jersey Media Group*): On July 6, 2016, we completed the acquisition of certain assets of North Jersey Media Group, which has print and digital publishing operations serving primarily the northern New Jersey market. Its brands include such established names as *The Record (Bergen County)* and *The Herald*.

Golfweek Magazine (*Golfweek*): On October 5, 2016, we acquired Golfweek, which has been an Official Media Partner of the PGA TOUR since 2012. Golfweek has been the leading producer of event programs for some of golf's biggest tournaments across the PGA TOUR, LPGA, PGA of America and United States Golf Association. This acquisition accelerates the Company's efforts to become a leader in golf media.

Nationwide News. The Company continued its transformation into one, integrated organization by uniting its local and national media brands under the USA TODAY NETWORK to create the largest local to national media network in the country. Following our 2016 acquisitions, the network is powered by an integrated and award-winning news organization with deep roots in 109 local communities, plus USA TODAY, more than 3,500 journalists and a combined reach of more than 110 million unique online visitors monthly. We believe the vast portfolio of trusted local brands combined with USA TODAY position the USA TODAY NETWORK to deliver high quality content to more consumers than any other media organization in the country. In addition, the network provides the opportunity for advertisers to scale their messages from hyper-local to national while reaching millions of consumers through a variety of platforms.

Optimize Existing Assets. The Company responded to continuing revenue challenges with commensurate cost reduction actions. For fiscal 2016, operating expenses (adjusted for acquisitions) were down \$227 million year-over-year. During the fourth quarter of 2016, the Company also implemented incremental headcount reductions with an annual impact of approximately \$30 million, which largely will be realized in 2017.

Lead with Digital. Digital revenues were \$779 million for 2016 (of which \$162 million were attributable to 2016 acquisitions) and were \$643 million for 2015 (of which \$9 million were attributable to 2015 acquisitions), representing an increase of 21.3% year-over-year. Unique digital visitors to the Company's sites averaged 110 million per month in 2016, a year-over-year increase of 10%, according to comScore Media Metrix. In addition, in furtherance of the Company's transition to digital, on August 9, 2016 we completed the acquisition of 100% of the outstanding common stock of ReachLocal, Inc. (*ReachLocal*) for approximately \$162.5 million in cash, net of cash acquired. ReachLocal offers online marketing, digital advertising, software-as-a-service, and web presence products and solutions to small and medium sized businesses. It delivers its suite of products and solutions to local businesses through a combination of its proprietary technology platform, its direct inside and outside sales force, and select third-party agencies and resellers.

Executive Compensation Highlights

CORE ELEMENTS OF THE PROGRAM

Base Salary: Established at competitive levels appropriate to retain senior executives and reward them for their service based on the nature and responsibility of the position, achievement of key performance indicators, competitive market data and individual and Company performance.

Annual Cash-based Incentives: Designed to reward executives for attaining individual and Company qualitative and quantitative performance goals. Annual bonus targets are established based on competitive market data, each executive's responsibilities, and the critical nature of the executive's role.

Performance Shares: Long-term equity incentives designed to retain senior executives, align their interests with those of stockholders and motivate them through an opportunity to earn shares of the Company's common stock based upon how the Company's Total Shareholder Return (TSR) over a three-year performance period compares to the TSRs of companies in a designated TSR Peer Group over the same period.

Restricted Stock Units (RSUs): Long-term equity incentives intended to retain senior executives in a rapidly evolving business environment through the delivery of shares of the Company's common stock upon continued employment during a four-year vesting period and to align their interests with those of stockholders by increasing executive stock ownership levels.

a tax-qualified defined benefit retirement plan;

a non-qualified supplemental executive retirement plan;

a tax-qualified defined contribution 401(k) plan;

a non-qualified deferred compensation plan; and

certain executive severance, change-in-control severance and post-retirement welfare benefit plans.

2017 PROXY SUMMARY

Executive Compensation Highlights

OUR MAJOR COMPENSATION GOVERNANCE PRACTICES

Performance-based pay Generally, the Company provides the majority of compensation for its officers in the form of performance-based compensation, and the Executive Compensation Committee of the Board of Directors has committed that at least 50% of the annual equity awards (based on the target number of shares) granted to our incumbent executive officers will be performance-based awards that are earned or paid out based on the achievement of performance targets.

Outcome alignment Each year, the Executive Compensation Committee reviews the Company's compensation programs and financial results against annual quantitative and qualitative goals, internal budgets, financial results from prior years and comparative peer group market data to ensure that executive compensation outcomes are aligned with the relative performance of the Company and promote the Company's overall strategic plan.

Clawback The Company's clawback policy applies to the Company's executive officers and any individual who served as an executive officer of the Company in the three-year period prior to the date of the event that triggers the clawback policy. The Board may apply the clawback policy in a number of situations, including where:

a financial restatement results from an executive's misconduct;

an executive's unsanctioned actions have a materially detrimental effect on the Company's reported financial results; or

an executive is terminated following a felony conviction that directly and materially harms the Company's business or reputation.

If the clawback policy is applied to an executive, the Board (or designated Board committee) may require the reimbursement and/or forfeiture of certain bonus, incentive or equity-based compensation awarded by the Company and vested or paid to the executive, with the amounts and periods for the clawback depending on the reason for the application of the policy.

Risk evaluation The Executive Compensation Committee regularly evaluates the risks associated with the Company's executive compensation plans and programs and considers the potential relationship

	between compensation and risk taking.
TSR peers	The Executive Compensation Committee annually reviews the Company's TSR Peer Group in connection with new grants and adjusts it as needed to ensure it accurately reflects the Company's business and competitors.
Minimum vesting periods	With certain exceptions, the Company's 2015 Omnibus Incentive Compensation Plan mandates a one-year minimum vesting period for the total amount of shares subject to employee equity incentive awards that vest and are paid solely based on service.
Holding periods	The Company's ownership guidelines require that senior executives hold at least 50% of the after-tax shares they receive from the Company as compensation until they have met the applicable stock ownership guidelines.
Moderate severance arrangements	Change-in-control related cash severance is double-trigger and market-level.
Double-trigger equity vesting upon a change in control	For awards granted on or after January 1, 2016, subject to certain exceptions, any change in control of the Company will only accelerate full vesting of equity awards to executives if the awards are not continued or assumed in connection with the change in control or if the recipient has a qualifying termination of employment within two years following the date of the change in control.
No unearned dividends	The Company does not pay dividends or dividend equivalents on unearned TSR performance shares or unpaid RSUs granted to employees.
No income tax gross-ups	The Company does not offer income tax gross-ups except in its executive housing and relocation programs.
No excise tax gross-ups	In accordance with the Company's change-in-control severance plans, executives are not eligible for an excise tax gross-up.
No hedging, short-selling or pledging	The Board maintains a policy that prohibits the Company's employees and directors from hedging, pledging or short-selling the Company's shares.

PROPOSAL 1 ELECTION OF DIRECTORS

The Nominees

The following director nominees are currently serving on the Board and have been unanimously nominated by the Board on the unanimous recommendation of the Nominating and Public Responsibility Committee of the Board to stand for re-election at the 2017 Annual Meeting for a one-year term. If any nominee becomes unable or unwilling to serve, the Board may do one of three things: recommend a substitute nominee, reduce the number of directors to eliminate the vacancy, or fill the vacancy later. The shares represented by all valid proxies may be voted for the election of a substitute if one is nominated.

The Company's Amended and Restated Bylaws (Bylaws) provide that director nominees are elected by the vote of a majority of the votes cast with respect to the director at the meeting, unless the number of nominees exceeds the number of directors to be elected, in which case directors are elected by the vote of a plurality of the shares present and entitled to vote at the meeting. At the 2017 Annual Meeting, the majority vote standard will apply because the number of nominees equals the number of directors to be elected. If an incumbent nominee does not receive an affirmative majority of the votes cast, he or she is required to submit a letter of resignation to the Nominating and Public Responsibility Committee of the Board, which would recommend to the Board as a whole the action to be taken with respect to the letter of resignation. The Board is required to act on the Committee's recommendation and publicly disclose its decision and its rationale within 90 days after the election results are certified.

The principal occupation and business experience of the Board's nominees, including the reasons the Board believes each of them should be re-elected to serve another term on the Board, are described below.

PROPOSAL 1 ELECTION OF DIRECTORS

Director Independence

Director Independence

The Board of Directors has determined that all of the current directors of the Company other than Robert J. Dickey, our President and Chief Executive Officer, and Lawrence S. Kramer, who served as an executive of the Company's former parent prior to retiring to join our Board in connection with the separation, are independent of the Company within the meaning of the rules governing companies listed on the New York Stock Exchange (NYSE). For a director to be independent under NYSE rules, the Board of Directors must affirmatively determine that the director has no material relationship with the Company, either directly or as a partner, stockholder, or officer of an organization that has a relationship with the Company. To assist it in making these determinations, the Board has determined that the following categories of relationships between a director and the Company are not material:

employment of a director or a director's immediate family member by, a director's position as a director with, or direct or indirect ownership by a director or a director's immediate family member of a 10% or greater equity interest in, another company or organization that made payments to, or received payments from, the Company or any of its subsidiaries for property or services in an amount which, in each of the last three fiscal years, did not exceed the greater of \$1 million or 2% of such other company's consolidated gross revenues; and

a relationship of a director or a director's immediate family member with a charitable organization, as an executive officer, board member, trustee or otherwise, to which the Company or any of its subsidiaries has made, in any of the last three fiscal years, charitable contributions of not more than the greater of \$100,000 or 2% of such charitable organization's consolidated gross revenues.

In making its independence determinations, our Board considered all relationships, direct and indirect, between each director and our Company that were identified in questionnaires completed by each Board member. The responses to those questionnaires indicated that there were no relationships between any independent director and the Company other than two types of relationships that the Board has determined not to be material in accordance with these objective standards:

sales by the Company of advertising and purchases by the Company of property and services, on customary terms and conditions and in amounts within the permitted thresholds identified above, to and from other companies or organizations at which Board members or their immediate family members are employed, for which Board members serve as directors or in which Board members or their immediate family members directly or indirectly own a 10% or greater equity interest; and

Board member service at charitable organizations to which the Gannett Foundation made contributions within the permitted thresholds identified above.

Standing Committees of the Board

The Board of Directors conducts its business through meetings of the Board and its four standing committees: the Audit Committee, Executive Compensation Committee, Nominating and Public Responsibility Committee, and Transformation Committee. The current members of each committee are as follows:

PROPOSAL 1 ELECTION OF DIRECTORS

Audit Committee

Audit Committee

The Audit Committee assists the Board of Directors in its oversight of financial reporting practices and the quality and integrity of the financial reports of the Company, including compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function. The Audit Committee oversees the adequacy and effectiveness of the Company's accounting and financial controls and the guidelines and policies that govern the process by which the Company undertakes financial, accounting and audit risk assessment and risk management. The Audit Committee appoints and is responsible for setting the compensation of the Company's independent registered public accounting firm. The Audit Committee provides oversight of the Company's internal audit function by, among other things, reviewing proposed audit plans and the coordination of such plans with the Company's independent registered public accounting firm.

The Audit Committee's other responsibilities include periodically reviewing with management the adequacy and effectiveness of the Company's information security policies, its technology and information security risk exposures, and the steps management has taken to monitor and control such exposures. In addition, the Audit Committee is responsible for reviewing compliance with the Company's Ethics Policy and ensuring appropriate disclosure of any waiver of or change in the Ethics Policy for executive officers, and for reviewing the Ethics Policy on a regular basis and proposing or adopting additions or amendments to the Ethics Policy as appropriate. In connection with the Ethics Policy, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting controls or auditing matters and the confidential, anonymous submission by employees of the Company of any accounting or auditing concerns.

The Audit Committee operates under a formal written charter that has been adopted by the Board of Directors. Each member of the Audit Committee meets the independence and financial literacy requirements of the Securities and Exchange Commission (SEC) as well as those of the NYSE. In addition, the Board has determined that John E. Cody is an audit committee financial expert, as that term is defined under SEC rules. This Committee met eleven times in 2016. Additional information about the Audit Committee is provided under the "Report of the Audit Committee" on page 14 of this Proxy Statement.

Executive Compensation Committee

The Executive Compensation Committee discharges the Board's responsibilities relating to compensation of the Company's directors and executives and has overall responsibility for the Company's compensation plans, principles and programs. The Committee's duties and responsibilities include: (1) reviewing and recommending for approval by all of our independent directors on an annual basis the corporate goals and objectives relevant to compensation of the Company's CEO; and (2) reviewing and approving on an annual basis the corporate goals and objectives relevant to compensation of the other senior executives. The Committee also is responsible for reviewing and discussing with management the "Compensation Discussion and Analysis" contained in the Company's Proxy Statement, and for making a recommendation as to whether the "Compensation Discussion and Analysis" should be so included and incorporated by reference into the Company's Annual Report on Form 10-K. The Board of Directors has determined that each member of the Committee meets the independence requirements of the SEC as well as those of the NYSE. This

Committee met five times in 2016.

The Committee has primary responsibility for administering the Company's 2015 Omnibus Incentive Compensation Plan and in that role is responsible for approving annual and long-term grants to the Company's senior executives. The Committee has delegated to a special committee of the Board, consisting solely of the CEO, the authority to approve equity grants to employees other than our senior executives, including from time to time grants to employees other than senior executives who have joined the Company through acquisitions. This delegation provides management with flexibility to make equity grants to employees below the senior level, within the parameters of a pool of shares approved by the Committee.

COMPENSATION CONSULTANTS

Under its charter, the Committee may, in its sole discretion, retain or obtain advice of a compensation consultant, independent legal counsel or other adviser. The Committee is directly responsible for the appointment, compensation and oversight of any such consultant, counsel or adviser, and the Company shall provide appropriate funding for payment of reasonable compensation to any such consultant, counsel or adviser, as determined by the Committee. In selecting a consultant, counsel or adviser, the Committee evaluates its independence by considering the following six factors and any other factors the Committee deems relevant to the adviser's independence from management:

provision of other services to the Company by the firm that employs the consultant;

amount of fees paid by the Company to the firm that employs the consultant, as a percentage of that person's total revenue;

policies and procedures of the firm that employs the consultant regarding prevention of conflicts of interest;

any business or personal relationship between the consultant and any member of the Committee;

ownership by the consultant of the Company's stock; and

any business or personal relationship between the consultant, or any firm that employs the consultant and any executive officer of the Company.

During 2016, the Committee again retained Meridian Compensation Partners, LLC (Meridian) (which provided executive compensation services and advice to our former parent prior to the separation and has provided such services to the Company since the separation) as its

sole consultant to advise it on executive compensation matters. After considering the six factors described above, together with other relevant factors, the Committee determined that Meridian is an independent compensation consultant in accordance with applicable SEC and NYSE rules.

Meridian participates in Committee meetings as requested by the chairman of the Committee and communicates directly with the chairman of the Committee outside of meetings. Since the beginning of our 2016 fiscal year, Meridian has provided the following services to the Committee:

participated in Committee meetings, including executive sessions without management present, to assist in analyzing executive compensation practices and trends, the appropriate relationship between pay and performance and other relevant compensation-related matters;

consulted with management and the Committee regarding market data used as a reference for pay decisions;

participated in the design of the Company's equity award program and recommended policy and plan changes commencing in 2017;

advised regarding the amendment to the Company's 2015 Omnibus Incentive Compensation Plan proposed for approval by the stockholders at this Annual Meeting;

advised regarding market trends and best practices in connection with the Company's annual bonus plan;

advised regarding the Company's 2017 director compensation program; and

reviewed the Compensation Discussion and Analysis and other compensation-related disclosures contained in this Proxy Statement.

Nominating and Public Responsibility Committee

The Nominating and Public Responsibility Committee is charged with identifying individuals qualified to become Board members, recommending to the Board candidates for election or re-election to the Board, and considering from time to time the Board committee structure and makeup. The Committee also monitors the Company's human resources practices, including its performance in diversity and equal employment opportunity, monitors the Company's performance in meeting its obligations of fairness in internal and external matters, and takes a leadership role with

respect to the Company's corporate governance practices. This Committee met three times in 2016.

The Nominating and Public Responsibility Committee charter sets forth certain criteria for the Committee to consider in evaluating potential director nominees. In addition to evaluating a potential director's independence, the Committee considers whether director candidates have relevant experience in business and industry, government, education and other areas, and monitors the mix of skills and experience of directors in order to ensure that the Board has the necessary breadth and depth to perform its oversight function effectively. The charter also encourages the Committee to work to maintain a board that reflects the diversity of the communities we serve. The Committee evaluates potential candidates against these requirements and objectives. For those director candidates who appear upon first consideration to meet the Committee's criteria, the Committee will engage in further research to evaluate their candidacy.

Prior to the separation, the Company's former parent retained a search firm to assist in the identification of the Company's initial directors other than Messrs. Dickey, Louis, Cody, Kramer and Prophet (each of whom served in various capacities with our former parent prior to the separation). The search firm was charged with identifying prospective candidates offering a diversity of skills and experiences intended to complement those possessed by Messrs. Louis, Cody, Dickey, Prophet and Kramer. In the future, the Committee expects to rely primarily on recommendations from management and members of the Board to identify director nominee candidates, although it may retain a search firm to assist in vetting candidates based on criteria specified by the Committee and to identify, evaluate and pursue individual candidates at the direction of the Committee. The Committee will also consider timely written suggestions from stockholders. Stockholders wishing to suggest a candidate for director nomination for the 2018 Annual Meeting should mail their suggestions to Gannett Co., Inc., 7950 Jones Branch Drive, McLean, Virginia 22107, Attn: Secretary. Suggestions must be received by the Secretary of the Company no later than February 9, 2018. The manner in which the Committee evaluates director nominee candidates suggested by stockholders will be consistent with the manner in which the Committee evaluates candidates recommended by other sources.

The Bylaws of the Company establish a mandatory retirement age of 75 for directors who have not served as the chief executive officer of the Company. The Bylaws establish a mandatory retirement age of 65 for a director who is serving or has served as the chief executive officer of the Company, but allow the Board to extend the retirement age beyond 65 for any such director. The Company's Principles of Corporate Governance also provide that a director who retires from, or has a material change in responsibility or position with, the primary entity by which that director was employed at the time of his or her election to the Board of Directors shall offer to submit a letter of resignation to the Nominating and Public Responsibility Committee for its consideration. The Committee will make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether other action should be taken.

Transformation Committee

The Transformation Committee assists the Board of Directors in its oversight of the Company's strategic plan. The Committee's duties and responsibilities include reviewing and evaluating the Company's overall strategy and the operational plans and initiatives in support of that strategy. The Committee also reviews risk exposure of the Company in relation to its strategic initiatives, and reviews and assesses the Company's responses to external developments and factors, such as changes in the economy, industry trends, competition and technology. This Committee met four times in 2016.

Committee Charters

The written charters governing the Audit Committee, the Executive Compensation Committee, the Nominating and Public Responsibility Committee, and the Transformation Committee, as well as the Company's Principles of Corporate Governance, are posted on the Corporate Governance page under the Investor Relations menu of the Company's website at www.gannett.com. Corporate Governance Policies, Practices and Procedures

The Board and the Company have instituted strong corporate governance practices, a number of which are described above, to ensure that the Company operates in ways that support the long-term interests of our stockholders. Other important corporate governance practices of the Company include the following:

all of our directors are elected annually;

we do not have a stockholder rights plan (poison pill) in place;

eight of our ten directors are independent;

we have implemented a robust stockholder engagement program since the separation;

we separate the positions of Chairman and CEO and have an independent Chairman;

we have a majority vote standard for director elections in an uncontested election and a director resignation policy;

we have a single class share capital structure with all stockholders entitled to vote for director nominees;

special meetings of stockholders may be called by holders of 20% of the outstanding shares, subject to certain requirements set forth in the Company's organizational documents;

our directors and senior executives are subject to stock ownership guidelines; and

mergers and other business combinations involving the Company generally may be approved by a simple majority vote.

Additional information regarding the Company's corporate governance practices is included in the Company's Principles of Corporate Governance posted on the Corporate Governance page under the Investor Relations menu of the Company's website at www.gannett.com. See Compensation Discussion and Analysis on page 20 of this Proxy Statement for a discussion of the Company's compensation-related governance practices.

Board Meetings

The Board of Directors held fifteen meetings in 2016. Each director attended at least 75% of the total number of meetings of the Board and its committees on which he or she served in 2016. It is the Company's policy that all directors attend the Annual Meeting, and each director did so in 2016. Consistent with the NYSE rules, the Company's Principles of Corporate Governance call for the Company's non-management directors to meet in regularly scheduled executive sessions without management as they deem appropriate. The Company's non-management directors held five executive sessions in 2016, and will meet in executive sessions as appropriate throughout 2017.

Board Leadership Structure

Our Board has determined that having an independent director serve as the Chairman of the Board is currently the best leadership structure for the Company. Separating the positions of Chairman and CEO allows the CEO to focus on executing the Company's strategic plan and managing the Company's operations and performance and permits improved communications and relations between the Board, the CEO and other senior leaders of the Company. Our Board regularly reviews the Company's Board leadership structure, how the structure is functioning and whether the structure continues to be in the best interest of our stockholders.

The duties of the Chairman of the Board include:

presiding over all meetings of the Board and all executive sessions of non-management directors;

serving as liaison on Board-wide issues between the CEO and the non-management directors, although Company policy also provides that all directors shall have direct and complete access to the CEO and management at any time as they deem necessary or appropriate, and vice versa;

in consultation with the CEO, reviewing and approving Board meeting agendas and materials;

in consultation with the CEO, reviewing and approving meeting schedules to ensure there is sufficient time for discussion of all agenda items;

calling meetings of the non-management directors, if desired; and

being available when appropriate for consultation and direct communication if requested by stockholders.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board's Role in Risk Oversight

The Board's Role in Risk Oversight

The Board believes that evaluating how senior leadership identifies, assesses, manages and monitors the various risks confronting the Company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board oversees the Company's risk management function through regular discussions with senior leadership. In addition, the Company has an enterprise risk management program to enhance the Board's and management's ability to identify, assess, manage and respond to strategic, market, operational and compliance risks facing the Company.

While the Board has primary responsibility for overseeing the Company's risk management function, each committee of the Board also considers risk within its area of responsibility:

the Audit Committee is primarily responsible for reviewing risks relating to accounting and financial controls, as well as legal compliance and cybersecurity;

the Executive Compensation Committee reviews risks relating to compensation matters;

the Nominating and Public Responsibility Committee reviews risks associated with the Company's human resource policies and practices; and

the Transformation Committee reviews risks affecting the Company's strategic initiatives.

The Board is apprised by management of significant risks relating to the above matters and management's response to those risks. While the Board and its committees oversee the Company's risk management function, management is responsible for implementing day-to-day risk management processes and reporting to the Board and its committees on such matters.

With respect to risks related to compensation matters, the Executive Compensation Committee has reviewed the Company's executive compensation program and has concluded that the program does not create risks that are reasonably likely to have a material adverse effect on the Company. The Executive Compensation Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long term profitability and stockholder value creation and does not encourage unnecessary or excessive risk taking at the expense of long-term results.

Compensation Committee Interlocks and Insider Participation

Messrs. Felsing, Louis and Cody and Ms. Sandler served on the Executive Compensation Committee in fiscal 2016. All members of the committee are independent within the meaning of the NYSE's director independence standards, as

currently in effect. None of them has been an officer or employee of the Company at any time, nor has any of them had a relationship requiring disclosure by the Company under Item 404 of the SEC's Regulation S-K. None of our executive officers served during fiscal 2016 on the compensation committee (or equivalent body) or the board of directors of another entity whose executive officers served on our Executive Compensation Committee.

Related Transactions

The Company has adopted a Related Person Transaction Policy to provide a framework for evaluation of potential transactions involving the Company with a value in excess of \$120,000 in any year in which any director, director nominee, executive officer or beneficial owner of more than 5% of the outstanding common stock of the Company, or any of their respective immediate family members, has or had a direct or indirect interest, other than as a director or less than 10% owner of an entity involved in the transaction. Under the Company's policy, the Chief Legal Officer must advise the Nominating and Public Responsibility Committee of any related person transaction of which he or she becomes aware. The Nominating and Public Responsibility Committee must then either approve or reject the transaction in accordance with the terms of the policy. In the course of making this determination, the Nominating and Public Responsibility Committee will consider all relevant information available to it and, as appropriate, take into consideration:

the size of the transaction and the amount payable to the related person;

the nature of the interest of the related person in the transaction;

whether the transaction may involve a conflict of interest;

the purpose, and the potential benefits to the Company, of the transaction;

whether the transaction was undertaken in the ordinary course of business; and

whether the transaction involved the provision of goods or services to the Company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

The Company did not enter into in any material related transactions in 2016, and does not propose to engage in any such transactions, other than those with TEGNA and its affiliates in connection with the separation as described in our prior SEC disclosures.

Report of the Audit Committee

The Audit Committee assists the Board of Directors in its oversight of financial reporting practices and the quality and integrity of the financial reports of the Company, including compliance with legal and regulatory requirements, the independent registered public accounting firm s qualifications and independence, and the performance of the Company s internal audit function. Management has the primary responsibility for the financial statements and implementing the Company s financial reporting process. Management also has the primary responsibility for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. The Company s independent registered public accounting firm is responsible for expressing an opinion on the conformity of the Company s audited financial statements with accounting principles generally accepted in the United States of America. The Company s independent registered public accounting firm also is responsible for expressing an opinion on the effectiveness of the Company s internal control over financial reporting. The Audit Committee members are not professional accountants or auditors, and their role is not intended to duplicate or certify the activities of management and the independent registered public accounting firm, nor can the Audit Committee certify that the independent registered public accounting firm is independent under applicable rules. The Audit Committee serves a Board-level oversight role, in which it provides advice, counsel and direction to management and the independent registered public accounting firm on the basis of the information it receives,

discussions with management and the independent registered public accounting firm, and the experience of the Audit Committee's members in business, financial and accounting matters.

In connection with its review of the Company's 2016 audited financial statements, the Audit Committee received from Ernst & Young LLP (EY), the Company's independent registered public accounting firm, written disclosures and the letter regarding EY's independence in accordance with applicable requirements of the Public Company Accounting Oversight Board, including a detailed statement of any relationships between EY and the Company that might bear on EY's independence, and has discussed with EY its independence. The Audit Committee considered whether the provision of non-audit services by EY is compatible with maintaining EY's independence. EY stated that it believes it is in full compliance with all of the independence standards established by the various regulatory bodies. The Audit Committee also discussed with EY various matters required to be discussed by Statements on Auditing Standards No. 16, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the PCAOB in Rule 3200T, including, but not limited to, the selection of and changes in the Company's significant accounting policies, the basis for management's accounting estimates, EY's conclusions regarding the reasonableness of those estimates, and the disclosures included in the financial statements.

The Audit Committee met with management, the Company's internal auditors and representatives of EY to review and discuss the Company's audited financial statements for the fiscal year ended December 25, 2016. Based on such review and discussion, and based on the Audit Committee's reviews and discussions with EY regarding the various matters mentioned in the preceding paragraph, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Form 10-K for the 2016 fiscal year, and the Board has approved that recommendation.

The Audit Committee of the Board of Directors has appointed EY as the Company's independent registered public accounting firm for our fiscal year ending December 31, 2017. The Bylaws do not require that the stockholders ratify the appointment of EY as our independent registered public accounting firm. We are seeking ratification because we believe it is a good corporate governance practice. If the stockholders do not ratify the appointment, the Audit Committee will reconsider whether to retain EY, but in its discretion may choose to retain EY as the Company's independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that a change would be in the best interests of the Company and its stockholders.

(2) Audit-related fees principally relate to the audits of the Company's employee benefit plans, as well as accounting research tool access.

- (3) Tax-related fees principally relate to tax advice and consultation, compliance and inquiries to taxing authorities.
- (4) No services were rendered during 2016 or 2015 that would cause EY to bill the Company amounts constituting All Other Fees.
- (5) Prior to the separation on June 29, 2015, audit, audit-related, tax and other fees were paid by the Company's former parent because the Company's results were included in the consolidated financial statements of the Company's former parent.

AUDIT AND NON-AUDIT SERVICE PRE-APPROVAL POLICY

The Audit Committee has adopted a policy for the pre-approval of services provided by the Company's independent registered public accounting firm, pursuant to which all services provided by EY to the Company since the separation have been approved in advance. Under the policy, particular services or categories of services have been pre-approved, subject to a specific budget. At least annually, the Audit Committee will review and approve the list of pre-approved services and the maximum threshold cost of performance of each. The Audit Committee is provided with a status update on all EY services periodically throughout the year and discusses such services with management and EY. In determining whether a service may be provided pursuant to the pre-approval policy, consideration is given to whether the proposed service would impair the independence of the independent registered public accounting firm.

The Board of Directors unanimously recommends that the stockholders of the Company vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017.

PROPOSAL 3 APPROVAL OF AN AMENDMENT TO THE COMPANY'S 2015 OMNIBUS INCENTIVE COMPENSATION PLAN

Introduction

We are asking our stockholders to approve an amendment to the Gannett Co., Inc. 2015 Omnibus Incentive Compensation Plan (the 2015 Plan) to increase the number of shares available for issuance under the 2015 Plan (the Amendment). The 2015 Plan was originally adopted and approved by our Board of Directors and sole stockholder prior to the separation, and was approved by our stockholders at our 2016 Annual Meeting. Our Board of Directors approved the Amendment on February 22, 2017, subject to approval by our stockholders. A copy of the 2015 Plan as it is proposed to be amended is attached to this Proxy Statement as Appendix A, and the following summary of the principal features of the 2015 Plan is qualified in its entirety by reference to, and should be read in conjunction with, Appendix A.

Changes to the 2015 Plan Made by the Amendment

If approved at the Annual Meeting, the Amendment will increase the maximum aggregate number of shares of common stock in respect of which awards may be granted under the 2015 Plan from 11,000,000 shares to 21,000,000, of which approximately 11,795,469 shares would be available for grant (based on the number of shares subject to awards outstanding as of March 13, 2017 and assuming outstanding performance share awards pay out at the maximum level). The initial 11,000,000 share reservation was developed to accommodate the conversion of awards granted by the Company's former parent in connection with the separation and to provide for another two to three years of equity grants. However, the initial 11,000,000 share reservation is anticipated to be depleted prior to the Company's 2018 Annual Meeting given the prevailing market price of the Company's common stock and current usage levels. The proposed 10,000,000 increase in the number of shares available for issuance under the plan is designed to cover approximately two additional years' worth of awards, plus a modest cushion for special or unplanned activities, such as business development and acquisition opportunities. We believe that the proposed share increase represents a reasonable amount of potential future equity dilution.

We consider it crucial to ensure that we continue to have the ability to use equity awards under the 2015 Plan to attract and retain talented employees and directors, as well as to be properly prepared for unplanned activities. Our business operations and growth plans would be significantly hampered if we were unable to offer competitive equity packages to retain and hire employees. In addition, if we were unable to grant competitive equity awards, we might be required to offer additional cash-based incentives to replace equity as a means of competing for talent.

Summary of the 2015 Plan

Purpose. The purpose of the 2015 Plan is to benefit and advance the interests of the Company and its subsidiaries and affiliates by making annual and long-term incentive compensation awards to certain employees and directors of the Company and its subsidiaries and affiliates as an additional incentive for them to make contributions to the Company's financial success. In addition, the 2015 Plan facilitated the conversion of certain outstanding share-based awards previously granted by the Company's former parent (including certain restricted stock, RSU, performance share and stock option awards) into awards denominated in shares of the Company in accordance with the terms of the agreements the Company entered into with TEGNA in connection with the separation.

Administration. The 2015 Plan is generally administered by the Company's Executive Compensation Committee (the Committee). The Committee consists entirely of independent directors. Subject to the terms of the 2015 Plan, the Committee may grant awards under the 2015 Plan; establish the terms and conditions of those awards; construe and

interpret the 2015 Plan and any agreement or instrument entered into under the 2015 Plan; establish, amend or waive rules and regulations for the 2015 Plan's administration; amend the terms and conditions of any outstanding award as provided in the 2015 Plan; and take all other actions it deems necessary for the proper operation or administration of the 2015 Plan. The Committee may delegate its authority under the 2015 Plan, subject to certain limitations.

Eligibility. Awards may be granted to employees of the Company, its subsidiaries and affiliates, and directors of the Company. The 2015 Plan does not limit the number of employees and affiliates who may receive awards. As of the date of this Proxy Statement, the Company and its subsidiaries and affiliates had nine non-employee directors and approximately 1,200 employees eligible to participate in the 2015 Plan, of which approximately 500 employees were eligible to receive equity awards.

Authorized Number of Shares. 11,000,000 shares of Company common stock initially were reserved for issuance under the 2015 Plan. If the Amendment is approved by stockholders at the 2017 Annual Meeting, there will be 21,000,000 shares reserved for issuance. As of March 13, 2017, options, restricted stock, RSU and performance share awards and other awards were outstanding under the 2015 Plan with respect to 9,204,531 shares of common stock, and 1,795,469 shares of common stock were available for future awards under the 2015 Plan (assuming the maximum number of Performance Shares are issued upon vesting). The maximum number of shares for which awards may be granted under the 2015 Plan to any non-employee director in any calendar year is 50,000 shares of Company common stock.

Share Counting/Reacquired Shares. For purposes of counting the number of shares available for the grant of awards under the 2015 Plan, shares of Company common stock delivered (whether by actual delivery, attestation, or net exercise) to the Company by a participant to (1) purchase shares of Company common stock upon the exercise of an award, or (2) satisfy tax withholding obligations (including shares retained from the award creating the tax obligation) are not added back to the number of shares available for future awards. In addition, shares of Company common stock repurchased by the Company in the open market using the proceeds from the exercise of an award are

not added back to the number of shares available for future awards. If any award under the 2015 Plan is terminated, surrendered, canceled or forfeited, or if an award is settled in cash, the unused shares of Company common stock covered by such award are again available for grant under the 2015 Plan, subject, however, in the case of incentive stock options, to any limitations under the Internal Revenue Code.

Types of Awards. The Committee may grant the following types of awards under the 2015 Plan: stock options; stock appreciation rights; restricted stock; stock awards; RSUs; performance shares; performance units; and cash-based awards. Each type of award is subject to a maximum limit on the grant that may be made to any one participant in a fiscal year.

Stock Options. A stock option is the right to purchase one or more shares of Company common stock at a specified price, as determined by the Committee. The Committee may grant non-qualified stock options and incentive stock options. A stock option is exercisable at such times and subject to such terms and conditions as the Committee determines. No more than 1,000,000 shares of Company common stock subject to stock options may be granted to any participant in a fiscal year. The exercise price of a stock option may not be less than 100% of the fair market value of a share of Company common stock on the date that the option is granted. No option may remain exercisable beyond ten years after its grant date. Incentive stock options may only be granted to employees of the Company or its affiliates or subsidiaries (provided that the affiliate or subsidiary is a type of entity whose employees can receive such options under the tax rules that apply to such awards), and the maximum number of shares that may be issued under incentive stock options cannot exceed 5,000,000.

Stock Appreciation Rights. A stock appreciation right (SAR) is a right to receive an amount in any combination of cash or Company common stock (as determined by the Committee) equal in value to the excess of the fair market value of the shares covered by such SAR on the date of exercise over the aggregate exercise price of the SAR for such shares. SARs may be granted freestanding or in tandem with related options. The exercise price of a SAR granted in tandem with an option will be equal to the exercise price of the related option, and may be exercised for all or part of the shares covered by such option upon surrender of the right to exercise the equivalent portion of the related option. The exercise price of a freestanding SAR may not be less than the fair market value of a share of Company common stock on the date the SAR is granted. No SAR may remain exercisable beyond ten years after its grant date. No more than 1,000,000 shares of Company common stock may be granted in the form of SARs to any participant in a fiscal year.

Restricted Stock/Stock Awards. Restricted stock is an award of Company common stock that is subject to a substantial risk of forfeiture for a period of time and such other terms and conditions as the Committee determines. A stock award is an award of Company common stock that is not subject to such a risk of forfeiture, but which may be subject to such other terms and conditions as the Committee determines. No more than 500,000 shares of Company common stock may be granted to any participant in a fiscal year pursuant to stock awards or awards of restricted stock.

RSUs. A RSU is an award whose value is based on the fair market value of Company common stock and whose payment is conditioned on the completion of specified service requirements and such other terms and conditions as the

Committee may determine. Payment of earned RSUs may be made in a combination of cash or shares of Company common stock (as determined by the Committee). The maximum aggregate grant of RSUs or performance shares that may be awarded to any participant in any fiscal year may not exceed 500,000 shares of Company common stock.

Performance Units/Shares and Cash-Based Awards. Performance Units/Shares and Cash Based Awards are other equity-type or cash-based awards that may be granted to participants. These awards may be valued in whole or in part by reference to, or are otherwise based on, the fair market value of Company common stock or other criteria established by the Committee and the achievement of performance goals. These awards are subject to such terms and conditions as the Committee determines. Performance goals may include a service requirement. Payment of earned performance units/shares and cash-based awards may be made in any combination of cash or shares of Company common stock (as determined by the Committee) that have an aggregate fair market value equal to the value of the earned awards at the close of the applicable performance period. The maximum aggregate grant of performance shares or RSUs that may be awarded to any employee participant in any fiscal year may not exceed 500,000 shares of Company common stock. The maximum aggregate amount of performance units or cash-based awards that may be awarded to any employee participant in any fiscal year may not exceed \$10,000,000.

Adjustments. In the event of a change in the outstanding shares of Company common stock due to a stock split, stock dividend, recapitalization, merger, consolidation, spin-off, reorganization, repurchase or exchange of Company common stock or other securities, or other corporate transaction or event, the Committee shall take certain actions to prevent the dilution or enlargement of benefits under the 2015 Plan. These actions include adjusting (1) the number of shares of Company common stock that may be issued under the 2015 Plan (including the authorized share limitations); (2) the number of shares or price of shares subject to outstanding awards; and (3) the consideration to be paid upon the grant or exercise of any award.

Change in Control. Generally, in the event of a change in control of the Company, as defined in the 2015 Plan, unless otherwise specified in the award agreement, outstanding awards are not subject to accelerated vesting unless (a) they are not continued or assumed in connection with the change in control or (b) the holder has a qualifying termination of employment, as defined in the applicable award agreement, within two years following the change in control. Unless otherwise specified in the award agreement, if either condition described in (a) or (b) is satisfied, (1) all outstanding options and SARs will become immediately exercisable in full during their remaining term; (2) all restriction periods and restrictions imposed on non-performance based restricted stock awards will lapse; (3) all outstanding awards of performance-based restricted stock, performance units and performance shares will vest and be paid assuming achievement of all relevant target performance goals; (4) all RSUs will vest and be paid; and (5) all outstanding cash-based awards will vest and be paid (and, in the case of performance-based cash-based awards, based on an assumed achievement of all relevant target performance goals).

Summary of the 2015 Plan

Performance Measures/Section 162(m). The 2015 Plan permits the Committee to make awards that are intended to be exempt from the deduction limitations under Section 162(m) of the Internal Revenue Code because they satisfy the requirements of performance-based compensation. The 2015 Plan lists the performance measures the Committee may use to make performance-based awards under Section 162(m). These performance measures include: (1) earnings per share (basic or diluted); (2) income before income taxes; (3) income from continuing operations; (4) net income or net income attributable to the Company; (5) operating income; (6) cash flow from operating activities, operating cash flow (defined as operating income plus non-cash charges for depreciation, amortization and impairment of operating assets) or free cash flow; (7) EBITDA, or net income attributable to the Company, before interest, taxes, depreciation/amortization; (8) return measures (including, but not limited to, return on assets, equity, capital or investment); (9) cash flow return on investments, which equals net cash flows divided by owner's equity; (10) internal rate of return or increase in net present value; (11) dividend payments; (12) gross revenues; (13) gross margins; (14) operating measures such as trends in digital metrics, circulation, television ratings and advertising measures; (15) internal measures such as achieving a diverse workforce; (16) share price (including, but not limited to, growth measures and TSR) and market value; and (17) debt (including, but not limited to, measures such as debt (book value or face value) outstanding and debt to earnings before interest, taxes, depreciation and amortization). This wide range of potential performance goals is intended to ensure that the Company can readily adapt to changing business needs. The performance goals the Committee establishes for the performance measures described above which are based on operating results will be adjusted to take into account the effects of Extraordinary Items unless the Committee determines otherwise at the time the performance goals are established. Under the 2015 Plan, Extraordinary Items include (a) items presented as such (or other comparable terms) on the Company's audited financial statements, (b) unusual, special or nonrecurring charges, costs, credits or items of gain or loss, (c) changes in tax or accounting laws or rules, or (d) the effects of mergers, acquisitions, divestitures, spin-offs or significant transactions (including, without limitation, a corporate merger, consolidation, acquisition of property or stock, reorganization, restructuring charge, or joint venture), each of which are identified in the quarterly and/or annual audited financial statements and notes thereto or in the Management's Discussion and Analysis section of the Company's periodic reports filed with the SEC.

Any of the above measures may be compared to peer or other companies. Additionally, performance measures may be set either at the consolidated level, segment level, division level, group level, or the business unit level and performance measures may be measured either annually or cumulatively over a period of years, on an absolute basis or relative to pre-established targets, to a previous year's results or to a designated comparison group, in each case as specified by the Committee.

Corporate Governance Provisions. The 2015 Plan contains several other provisions intended to make sure that awards under the 2015 Plan comply with established principles of corporate governance. These provisions include:

No Discounted Stock Options or Stock Appreciation Rights. Absent stockholder approval, stock options and stock appreciation rights may not be granted with an exercise price of less than the fair market value of Company

common stock on the date the stock option or stock appreciation right is granted.

No Stock Option or Stock Appreciation Rights Repricings. Stock options and stock appreciation rights may not be repriced absent stockholder approval. This provision applies to both direct repricings lowering the exercise price of an outstanding stock option or stock appreciation right and indirect repricings canceling an outstanding stock option or stock appreciation right and granting a replacement stock option or stock appreciation right with a lower exercise price.

No Evergreen Provision. The 2015 Plan does not contain an evergreen provision (i.e., there is no automatic provision to replenish the shares of Company common stock authorized for issuance under the 2015 Plan).

No Cash Buyouts of Underwater Stock Options or Stock Appreciation Rights. The 2015 Plan does not permit cash buyouts of underwater stock options or stock appreciation rights without stockholder approval.

Minimum Vesting Period. The 2015 Plan generally mandates a one year minimum vesting period for the total amount of shares subject to employee equity incentive awards that vest and are paid solely based on service; provided that the Committee may adopt shorter vesting periods or provide for accelerated vesting after less than one year: (1) in connection with terminations of employment due to death, disability, retirement or other circumstances that the Committee determines to be appropriate; (2) in connection with a change in control in which the award is not continued or assumed (e.g., the awards are not equitably converted or substituted for awards of the successor company); (3) for grants made in connection with an acquisition by the Company in substitution for pre-existing awards; or (4) for new hire inducement awards or off cycle awards.

Substitute Awards and Adjusted Awards. Substitute awards or adjusted awards may be granted under the 2015 Plan under certain circumstances such as a merger, acquisition, spin-off or other corporate event, in which case certain of the limits and rules discussed above may not apply to such substitute or adjusted awards.

Transferability of Awards. Except as otherwise provided in an award agreement, awards may not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution. Except as otherwise provided in an award agreement, during the life of the participant, awards are exercisable only by the participant or such participant's legal representative.

Provisions for Foreign Participants. The Committee may modify awards granted to participants who are foreign nationals or employed outside the United States or establish subplans or procedures under the 2015 Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefits or other matters.

Amendment and Termination. The Committee may amend or terminate the 2015 Plan at any time, but no such amendment or termination may adversely affect in any material way the rights of a participant with respect to an outstanding award without that participant's consent. No awards may be granted on or after 10 years from the date the 2015 Plan was adopted. Stockholder approval is required for certain amendments to the 2015 Plan.

Federal Income Tax Aspects of the 2015 Plan

This is a brief summary of the U.S. federal income tax aspects of awards that may be made under the 2015 Plan based on existing U.S. federal income tax laws as of the date of this Proxy Statement. This summary provides only the basic tax rules and is not intended as, and should not be relied upon, as tax guidance for participants in the 2015 Plan. It does not relate to the income tax circumstances of any individual participant or describe the implications, if any, of a number of special tax rules, including, without limitation, the alternative minimum tax, the golden parachute tax rules under Sections 280G and 4999 of the Internal Revenue Code, and foreign, state and local tax laws. In addition, this summary assumes that all awards are exempt from, or comply with, the rules under Section 409A of the Internal Revenue Code regarding non-qualified deferred compensation. Changes to the tax laws could alter the tax consequences described below.

Incentive Stock Options. The grant of an incentive stock option will not be a taxable event for the participant or for the Company. A participant will not recognize taxable income upon exercise of an incentive stock option (except that the alternative minimum tax may apply), and any gain realized upon a disposition of common stock received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the participant holds the shares of common stock for at least two years after the date of grant and for one year after the date of exercise (the holding period requirement). The Company will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option, except as discussed below. For the exercise of an option to qualify for the foregoing tax treatment, the participant generally must exercise the option while the participant is our employee or an employee of our subsidiary or, if the participant has terminated employment, no later than three months after the participant terminated employment.

If all of the foregoing requirements are met except the holding period requirement mentioned above, the participant will recognize ordinary income upon the disposition of the common stock in an amount generally equal to the excess of the fair market value of the common stock at the time the option was exercised over the option exercise price (but not in excess of the gain realized on the sale).

The balance of the realized gain, if any, will be capital gain. The Company will generally be allowed a business expense deduction when and to the extent the participant recognizes ordinary income, subject to the restrictions of Section 162(m) of the Internal Revenue Code.

Non-Qualified Options. The grant of a non-qualified stock option will not be a taxable event for the participant or the Company. Upon exercising a non-qualified option, a participant will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. Upon

a subsequent sale or exchange of shares acquired pursuant to the exercise of a non-qualified option, the participant will have a taxable capital gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares of common stock (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised). Subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Stock Appreciation Rights. There are no immediate tax consequences of receiving an award of stock appreciation rights under the 2015 Plan. Upon exercising a stock appreciation right, a participant will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. Subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Restricted Stock/Stock Awards. A participant who is awarded restricted stock will not recognize any taxable income for federal income tax purposes at the time of grant, provided that the shares of common stock are subject to certain restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the participant may elect under Section 83(b) of the Internal Revenue Code to recognize ordinary income in the year of the award in an amount equal to the fair market value of the common stock on the date of the award (less the purchase price, if any), determined without regard to the restrictions. If the participant does not make such a Section 83(b) election, the fair market value of the common stock on the date the restrictions lapse (less the purchase price, if any) will be treated as ordinary income to the participant and will be taxable in the year the restrictions lapse. A participant who is awarded shares that are not subject to a substantial risk of forfeiture will recognize ordinary income equal to the fair market value of the shares on the date of the award. Subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

RSUs, Performance Units/Shares and Cash-Based Awards. The taxation of these awards will depend on the specific terms of the award. Generally, the award of RSUs, Performance Units/Shares and Cash-Based Awards will have no federal income tax consequences for the Company or for the participant. Generally, the payment of the award is taxable to a participant as ordinary income. Subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

The Board of Directors unanimously recommends that the stockholders of the Company vote FOR approval of the amendment to the 2015 Plan.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis**

In this Compensation Discussion and Analysis, the term "Committee" refers to the Executive Compensation Committee of the Company's Board of Directors, and the term "NEOs" refers to the Company's named executive officers, who for the 2016 fiscal year were:

NAME	TITLE
Robert J. Dickey	President and Chief Executive Officer
Alison K. Engel	Senior Vice President, Chief Financial Officer and Treasurer
John M. Zidich	President/US Domestic Publishing
Sharon T. Rowlands(1)	Chief Executive Officer of ReachLocal
Joanne Lipman	Senior Vice President and Chief Content Officer

(1) Ms. Rowlands joined the Company as Chief Executive Officer of ReachLocal in connection with our acquisition of ReachLocal on August 9, 2016.

Impact of the Separation and Recent Acquisitions on Our Executive Compensation Program

On June 29, 2015, the Company completed the legal and structural separation of the publishing business from its former parent, TEGNA, and became an independent public company. The separation was effected by the distribution by TEGNA of 98.5% of the outstanding common stock of the Company to TEGNA's stockholders. Until the completion of the separation, decisions regarding the compensation of our officers were made primarily by our former parent's compensation committee. In addition, our initial compensation programs following the separation were prescribed to a great extent by the terms of the Employee Matters Agreement that we entered into with our former parent in connection with the separation. As a result, our executive compensation programs largely reflect the historical compensation philosophy and practices of our former parent and remain consistent in many respects with programs in place at our former parent prior to the separation. Since the separation, we have been evaluating our executive compensation programs in light of our compensation guiding principles and expect our programs to evolve over time consistent with those principles. For example, certain transitional executive benefit plans applicable to some of our NEOs that were adopted in connection with the separation were terminated.

In connection with the separation, several NEOs, including Mr. Dickey, Ms. Engel and Mr. Zidich, entered into letter agreements with the Company or the Company's former parent, as applicable, in contemplation of their service in executive roles with the Company following the separation. Ms. Lipman entered into a letter agreement with the Company when she joined the Company in December 2015. These agreements specified certain compensation payable to them for such service.

On August 9, 2016, we completed the acquisition of 100% of the outstanding common stock of ReachLocal. In connection with the acquisition, the Company entered into a letter agreement with Ms. Rowlands that specified certain compensation payable to her for service as CEO of ReachLocal following the acquisition. The terms of this agreement, as well as the agreements with Mr. Dickey, Ms. Engel, Mr. Zidich and Ms. Lipman mentioned above, are described under "Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table" on page 41 of this Proxy Statement.

Table of Contents

EXECUTIVE COMPENSATION

Compensation Governance

ELEMENT	COMPENSATORY OBJECTIVES
RSU awards	Long-term equity incentives intended to retain executives in a rapidly evolving business environment through the delivery of shares of the Company's common stock upon continued employment over a multi-year vesting period and to align their interests with those of stockholders by increasing executive stock ownership levels
Employee benefits and limited perquisites	Designed to provide our senior executives and their families with health, welfare and retirement benefits offered to other employees of the Company as well as limited executive benefits and perquisites in some cases, in order to complement other compensation components and to help minimize distractions
Post-termination pay programs	The Company sponsors several other benefit plans, listed below, which are described in greater detail beginning on page 34 of this Proxy Statement:

the Gannett Retirement Plan (GRP), a tax-qualified defined benefit retirement plan;

the Gannett 2015 Supplemental Retirement Plan (SERP), a non-qualified supplemental executive retirement plan;

the Gannett Co., Inc. 401(k) Savings Plan (401(k) Plan) a tax-qualified defined contribution plan;

the Gannett Co., Inc. 2015 Deferred Compensation Plan (DCP), a non-qualified deferred compensation plan;

the Gannett Co., Inc. 2015 Change in Control Severance Plan, a change-in-control severance plan;

the Gannett Co., Inc. Executive Severance Plan, an executive severance plan; and

certain other plans that provide post-termination benefits such as retiree life insurance and medical coverage.

Except for the Gannett Co., Inc. Executive Severance Plan and the Gannett Co., Inc. 2015 Change in Control Severance Plan, each of these plans was either assumed by the Company from the Company's former parent in connection with the separation, or was newly created with terms and conditions that generally mirror the terms of the similar program or plan retained by the Company's former parent. As a result, benefits available to our executives under these programs and plans generally track those to which the executives were entitled during their employment with the Company's former parent. Taken together, the plans assist the Company in recruiting and retaining employees and in providing leadership stability and long-term commitment from its executives.

Pay for performance. The Committee places heavy emphasis on pay for performance and believes that substantial portions of each executive's total compensation should be at risk.

Attract, retain and motivate. The Committee is committed to attracting and retaining superior executive talent by offering competitive target total compensation that rewards and motivates our senior executives to enhance Company performance and ensure our overall success and long-term strength.

Fairness. The Committee believes that the compensation offered to our senior executives should be fair both to the executives and to our stockholders.

Compensation Governance

Promote stock ownership. The Company is committed to fostering a compensation structure that aligns executives' interests with those of its stockholders. As a key part of these alignment efforts, the Committee expects each senior executive to acquire and maintain a meaningful level of investment in the Company's common stock. The required levels of senior executive stock ownership are regularly reviewed by the Committee and approved by the full Board. Senior executives are expected to increase their stock ownership until they reach a minimum guideline equal to a multiple of their annual base salary. The following table reflects the minimum guideline for the NEOs as of December 31, 2016.

	MINIMUM GUIDELINE MULTIPLE OF BASE SALARY
EXECUTIVE	
President and Chief Executive Officer	5X
Senior Vice President, Chief Financial Officer and Treasurer	3X
Other NEOs	1.5X

Pay competitively. As a leader in our industry, the Company should award compensation that reflects our position in the market and is generally in line with that paid to executives holding similar positions at peer and comparable companies.

COMPENSATION-RELATED GOVERNANCE PRACTICES

The Board's commitment to strong corporate governance practices extends to the compensation plans, principles, programs and policies established by the Committee. The Company's notable compensation-related governance practices and policies include the following:

Performance-based pay. The Company provides the majority of target total compensation for our NEOs in the form of performance-based compensation, and in furtherance of this guiding principle the Committee has committed that for each year at least 50% of NEO annual equity awards (based on the target number of shares) will be performance-based awards that are earned or paid out based on achievement relative to performance targets. Ms. Rowlands' special compensatory arrangements negotiated in connection with her retention as CEO of ReachLocal following our acquisition of that company in August 2016 did not conform to this principle. See Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table on page 41 for additional information regarding these compensatory arrangements. However, her annual equity awards are expected to consist of at least 50% performance-based awards going forward.

Outcome alignment. Each year, the Committee reviews the Company's compensation programs and financial results against annual quantitative and qualitative goals, internal budgets, financial results from prior years and peer group market data to ensure that executive compensation outcomes are aligned with the relative performance of the Company and promote the Company's overall strategic plan.

Clawback. The Company's clawback policy applies to the Company's NEOs and all other officers subject to Section 16 of the Securities Exchange Act of 1934, and any individual who served as an executive officer of the Company in the three-year period prior to the date of the event that triggered the clawback policy. The Board may apply the clawback policy in a number of situations, including where:

a financial restatement results from an executive's misconduct;

an executive's unsanctioned actions have a materially detrimental effect on the Company's reported financial results; or

an executive is terminated following a felony conviction that directly and materially harms the Company's business or reputation.

If the clawback policy is applied to an executive, the Board (or designated Board committee) may require the reimbursement and/or forfeiture of certain bonus, incentive or equity-based compensation awarded by the Company and vested or paid to the executive, with the amounts and periods for the clawback depending on the reason for the application of the policy.

No income tax gross-ups. The Company does not offer income tax gross-ups except in our executive housing and relocation programs.

No hedging, short-selling or pledging. The Board maintains a policy that prohibits the Company's employees and directors from hedging, pledging or short-selling the Company's shares.

Risk evaluation. The Committee regularly evaluates the risks associated with the Company's executive compensation plans and programs and considers the potential relationship between compensation and risk taking.

TSR peers. The Committee annually reviews the Company's TSR Peer Group in connection with new grants and adjusts it as needed to ensure it accurately reflects the Company's business and competitors.

No unearned dividends. The Company does not pay dividends or dividend equivalents on unearned TSR performance shares or unpaid RSUs granted to employees.

How the Committee Determines NEO Compensation

Minimum vesting periods. The 2015 Plan mandates a one-year minimum vesting period for the total amount of shares subject to employee equity incentive awards that vest and are paid solely based on service, provided that the Committee may adopt shorter vesting periods or provide for accelerated vesting after less than one year: (1) in connection with terminations of employment due to death, disability, retirement or other circumstances that the Committee determines to be appropriate; (2) in connection with a change in control in which the award is not continued or assumed (e.g., the awards are not equitably converted or substituted for awards of the successor company); (3) for grants made in connection with an acquisition by the Company in substitution for pre-existing awards; or (4) for new hire inducement awards or off cycle awards.

Holding periods. The Company's ownership guidelines require that senior executives hold at least 50% of the after-tax shares they receive from the Company as compensation until they have met the applicable stock ownership guidelines.

Moderate severance arrangements. Change-in-control related cash severance is double-trigger and market-level.

No excise tax gross-ups. In accordance with the Company's change-in-control severance plans, executives are not eligible for an excise tax gross-up.

Double-trigger equity vesting upon a change in control. For awards granted on or after January 1, 2016, a change in control of the Company will only accelerate full vesting of equity awards to executives if the awards are not continued or assumed (e.g., the awards are not equitably converted or substituted for awards of the successor company) in connection with the change in control or if the recipient has a qualifying termination of employment within two years following the date of the change in control.

How the Committee Determines NEO Compensation

The Committee determines overall NEO compensation (including with respect to base salary, annual incentives, long-term incentives and other compensation) in its sole discretion based on its business judgment, informed by the experience of the Committee members, input from the Committee's independent consultant, the Committee's assessment of the NEOs and the Company's performance and achievement of its strategic plan. While the Committee takes management recommendations and comparative peer group market data into account when determining NEO compensation, the Committee relies primarily on its collective judgment of the performance of the Company and the NEOs in light of the challenges confronting our core businesses and our progress toward achieving our strategic plan. In making decisions with respect to NEO compensation, the Committee generally focuses on what it considers to be value-added quantitative and qualitative goals in furtherance of our compensation guiding principles described under Compensation Governance Guiding Principles above. In addition, in connection with 2016 annual bonus

determinations, the Committee focused on the specific objectives and financial metrics described below under Annual Cash Bonuses.

FACTORS CONSIDERED BY THE COMMITTEE

Key Performance Indicators (KPIs). The Committee uses KPIs as a key evaluation tool for making NEO compensation decisions generally. KPIs consist of individually designed qualitative and quantitative goals organized around individual, operating unit and/or Company performance in the areas of profit, product and people. Quantitative KPIs include, where appropriate, revenue, adjusted EBITDA, and digital goals for the Company and the respective divisions and functions over which each NEO has operational or overall responsibility. Qualitative KPIs include, where appropriate, measures of leadership, innovation, collaboration, new products and programs in support of the Company s strategic plan, Company culture and diversity initiatives, First Amendment activities, and other significant qualitative objectives. The CEO s KPIs are heavily weighted toward the Company s financial performance, TSR, and the execution of a strategic plan that positions the Company for the future.

Financial Measures. In making NEO compensation decisions generally, the Committee also considers a variety of Company financial measures, such as those specified in our 2015 Plan. In assessing these financial measures, the Committee compares them to management budgets approved by the Board at the beginning of the year and the Company s financial results from prior years. The Committee considers these measures broad enough to capture the most significant financial aspects of an organization of our size and structure yet also focused enough to represent the financial measures that we believe drive our financial and strategic success. The Committee generally gives no one measure greater weight than the others, except that the Committee focused substantially on budgeted Adjusted EBITDA and digital revenue metrics in making annual bonus determinations for 2016 as described below under Annual Cash Bonuses.

Qualitative Considerations. In addition, the Committee evaluates the Company s progress with respect to its strategic and culture goals, including expanding the Company s footprint, transforming to digital, leadership in defending the First Amendment, promoting an ethical Company work environment and diverse workforce, and maintaining its reputation as a good corporate citizen of the local, national and international communities in which it does business. These considerations factor into NEO compensation decisions overall, and many were specifically incorporated into the Committee s decision-making process for determining 2016 bonuses.

Comparative Market Data. The Company compares its NEO salaries, bonuses and equity compensation to those of public companies in the media and digital sectors, as well as other companies with comparable revenues, in order to obtain a general understanding of the compensation structures maintained by similarly situated companies and to confirm that the elements of our compensation program are appropriate in the context of the broad market reference points provided by the Comparative Market Data described below. The Company does not, however, target elements of compensation to a certain range, percentage or percentile within the Comparative Market Data.

To that end, in October 2015, management provided the Committee with a report that, among other things, outlined current executive compensation trends and practices and compared each executive s compensation against compensation of similar officers at market, industry

and revenue-size peer companies drawn from the following surveys (which ranged from broad-based to industry-specific): Towers Watson Media Compensation Survey, the Towers Watson General Industry Executive Compensation Survey, the Empsight General Industry Survey, Equilar's General Industry Survey (scoped for role) and ERIXA's General Industry Survey (scoped for role) (collectively, Comparative Market Data). The Committee reviewed this information and used it in its decisions affecting the 2016 base salaries, target annual bonus and long-term equity awards granted to executives on January 1, 2016.

Say-on-Pay Results and Stockholder Engagement Efforts. In evaluating executive compensation programs, policies and practices, and in making decisions impacting 2016 NEO compensation, the Committee noted that the Company's existing executive compensation program has been well received by stockholders. At the Company's 2016 annual meeting of stockholders, approximately 95% of the votes cast were in favor of the Company's Say-on-Pay proposal. The Committee will continue to consider the outcome of upcoming Say-on-Pay votes when making future NEO compensation decisions.

The Company is committed to the interests of its stockholders and recognizes that communicating with stockholders on a regular basis is a critical component of the Company's corporate governance program. As part of this commitment, the Company actively engages with its stockholders in order to fully understand their viewpoints concerning the Company, to garner feedback on what the Company can do better and to help stockholders understand Company performance and strategy. In addition to answering questions from stockholders on its quarterly earnings calls, management regularly engages with investors by participating in industry media conferences. Management also meets in person and by telephone with many stockholders at other times throughout the year to solicit input and answer questions on a variety of topics. Where these discussions yield significant feedback, it is shared with the Board so that the Committee can consider it when reviewing the Company's executive compensation program.

The Company also has a policy that all directors attend the Annual Meeting of Stockholders, which presents stockholders the ability to interact with the Board at the Annual Meeting. For those who are unable to attend any of our investor meetings, transcripts of all management presentations are available on our website at www.gannett.com. Any stockholder who has an inquiry or meeting request is invited to contact Michael Dickerson, Vice President of Investor Relations, at 703-854-6185.

Base Salary

Base salaries compensate senior executives for service in their executive roles and are set based on the following factors:

the nature and responsibility of the position;

the achievement of KPIs, both historically and in the immediately prior year;

internal pay equity among positions; and

Comparative Market Data (as described above under Comparative Market Data).

On an annual basis, the Committee reviews and considers changes to each senior executive's base salary in light of the factors described above, changes in the executive's position or responsibilities, and the executive's tenure in his or her current position. In respect of 2016, the Committee approved the following base salary changes for our NEOs (other than Ms. Lipman, who joined the Company in December 2015, and Ms. Rowlands, who joined the Company during 2016), which became effective January 1, 2016 and remained in effect until December 31, 2016. The Committee approved these base salary changes in order to maintain compensation at a level it views as competitive with industry and market peers in our Comparative Market Data set, as well as in light of each NEO's individual performance and contributions during 2015.

NAME	ANNUALIZED BASE SALARY AS OF 12/31/2015	ANNUALIZED BASE SALARY AS OF 1/1/2016	CHANGE (%)	CHANGE
Mr. Dickey	\$895,000	\$925,000	3.4%	\$30,000
Mr. Zidich	\$600,000	\$625,000	4.2%	\$25,000

Ms. Lipman	\$500,000	\$500,000	N/A	N/A
Ms. Rowlands	(1)	(1)	N/A	N/A

(1) In connection with our acquisition of ReachLocal on August 9, 2016, the Company entered into a letter agreement with Ms. Rowlands that specified, among other matters, that her annual base salary following the acquisition initially would be \$550,000.

The Summary Compensation Table on page 38 of this Proxy Statement reports the 2016 base salary earned by each NEO for the entire year.

Annual Cash Bonuses

Annual Cash Bonuses

In 2016, our senior executives other than Ms. Rowlands participated in the Company’s annual cash bonus program, which offered an incentive opportunity linked to attainment of certain annual financial goals of the Company, as well as the Committee’s assessment of each officer’s individual contributions relative to Company-wide strategic and cultural objectives. Because bonuses generally are designed to reflect Company and individual performance during the year, they can vary significantly in amount from year to year. Ms. Rowlands’s bonus for 2016 was determined pursuant to ReachLocal’s annual incentive program, which provided an incentive opportunity based upon ReachLocal’s attainment of specified financial goals. The manner in which the Committee determined bonus targets and actual payout amounts for 2016 is described below.

ANNUAL BONUS TARGETS

The Committee, in consultation with its independent compensation consultant, generally approves annual bonus targets for our senior executives, which are developed and recommended by our President and CEO. These targets are calculated by multiplying each executive’s base salary by a target percentage, which takes into account:

the nature and responsibility of the position;

internal pay equity among positions;

each executive’s particular experience and knowledge base; and

Comparative Market Data (as described above under Comparative Market Data), which indicated that the 2016 bonus targets were generally in line with those disclosed by the comparator group.

In addition, as described under Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table on page 41 of this Proxy Statement, the Company entered into a letter agreement with Ms. Rowlands that specified that her target bonus for 2016 would be 120% of her base salary.

Based on the foregoing, the 2016 bonus targets for each NEO were approved by the Committee as follows:

NAME	2016 ANNUALIZED	TARGET BONUS AS	2016 TOTAL TARGET
------	--------------------	--------------------	----------------------

	BASE SALARY	PERCENTAGE OF BASE SALARY	ANNUALIZED BONUS OPPORTUNITY
Mr. Dickey	\$925,000	125%	\$1,156,250
Mr. Zidich	\$625,000	75%	\$468,750
Ms. Engel	\$505,000	75%	\$378,750
Ms. Lipman	\$500,000	65%	\$325,000
Ms. Rowlands(2)	\$550,000	120%	\$660,000

- (1) For each NEO other than Ms. Rowlands, the total target bonus opportunity represented an opportunity to earn a bonus based upon the Company's achievement of annual financial goals and the officer's achievement relative to individual performance and culture goals, as follows:

The portion of Mr. Dickey's annual bonus tied to the Company's achievement of financial goals was 70% of his total target bonus. For Mr. Zidich, Ms. Engel and Ms. Lipman, the portion of each officer's annual bonus tied to the Company's achievement of financial goals was 60%.

The portion of Mr. Dickey's bonus tied to individual performance and culture goals was 30% of his total target bonus. For Mr. Zidich, Ms. Engel and Ms. Lipman, the portion of each officer's annual bonus tied to individual performance and culture goals was 40%.

See "Annual Bonus Determinations" below for information on the financial goals and the non-financial individual performance and culture goals on which actual bonus amounts were based.

- (2) For Ms. Rowlands, whose 2016 bonus was determined in accordance with ReachLocal's annual incentive program, 100% of her bonus was based on achievement of ReachLocal financial goals. Ms. Rowlands's annual bonus target was fixed at the amount set forth in her letter agreement with the Company executed in connection with the acquisition of ReachLocal on August 9, 2016. Also pursuant to her letter agreement, Ms. Rowlands's annual bonus target will be reduced to 75% starting with the 2017 bonus period in order to promote internal pay equity among positions.

ANNUAL BONUS DETERMINATIONS

In making final 2016 bonus determinations, the Committee evaluated the performance of each executive officer other than Ms. Rowlands against certain Company-wide financial performance goals, as well as strategic and culture goals specific to the executive. Our CEO's strategic and culture goals were approved by the Committee, and the strategic and culture goals of each other NEO (aside from Ms. Rowlands) were developed by our CEO in collaboration with such NEO. Each element of an executive's annual bonus was evaluated and earned independently of the others; the Company's success or failure in achieving one or more of its financial performance goals had no impact on whether an executive was determined to achieve and receive a payment in respect of the executive's strategic or culture goals, or vice versa.

BONUS WEIGHTING**BONUS ELEMENT**

70% (for CEO) *Company Financial Performance Goals*

60% (for other NEOs) Of the portion of the annual bonus tied to Company financial performance, 75% was determined based on the Company's performance relative to a budgeted Adjusted EBITDA target of \$324.6 million, with no payout below 75% of target (\$243.4 million), 50% payout upon achieving 75% of target, 100% payout upon achieving target and 150% payout upon achieving 120% or more of target (\$389.5 million). Payouts for performance between 75% and 120% of target were calculated based on straight-line interpolation. The budgeted Adjusted EBITDA target was determined in February 2016 based on the Company financial plan approved by the Board at that time. All contributions to Adjusted EBITDA made by businesses acquired during the 2016 fiscal year were excluded for purposes of determining whether the budgeted Adjusted EBITDA target was achieved.

For these purposes, budgeted Adjusted EBITDA was defined as the Company's earnings before interest, taxes, depreciation and amortization, excluding items deemed to be one-time in nature that impacted the comparability of our financial results, and reflecting the following further adjustments: (1) pension expense was fixed at the budgeted amount approved in February 2016, resulting in the exclusion of variances to budgeted pension expense occurring during the year; (2) medical expense was fixed at the budgeted medical expense approved in February 2016, resulting in the exclusion of variances due to higher claims during the year; and (3) Newsquest's contribution to Adjusted EBITDA was

calculated at the budgeted exchange rate of 1.50 USD to GBP approved in February 2016, eliminating the impact of exchange rate fluctuations during the year.

The remaining 25% portion of the annual bonus tied to Company financial performance was determined based on the Company's performance relative to a digital revenue target of \$454.2 million, with no payout below 75% of target (\$340.6 million), 50% payout upon achieving 75% of target, 100% payout upon achieving target and 150% payout upon achieving 120% or more of target (\$545.0 million). Payouts for performance between 75% and 120% of target were calculated based on straight-line interpolation. As with the Adjusted EBITDA described above, digital revenue contributions from businesses acquired during the 2016 fiscal year were excluded for purposes of determining whether the digital revenue target was achieved.

For these purposes, digital revenue was defined as the Company's revenue from digital advertising plus its revenue from digital-only subscriptions. Digital advertising revenue includes revenues earned by selling display and video advertising on desktop and mobile platforms as well as classified revenues earned through sales on third party platforms. It also includes revenues generated through email advertising, directories, digital syndication, archives, third party partners and various digital-related products. Digital-only subscriptions revenue includes revenue earned through the purchase of digital-only newspaper subscriptions on desktop, mobile web or native applications (for Domestic Publishing only), but excludes revenues generated by e-editions (Kindle, Nook, etc.) and certain digital circulation revenues. In calculating digital revenues for annual bonus purposes, Newsquest's contribution to digital revenues was calculated at the budgeted exchange rate of 1.50 USD to GBP approved in February 2016.

Each executive's 2016 payouts relating these components were determined solely based upon the Company's actual financial results relative to the financial performance goals.

This portion of each NEO’s bonus was determined based upon the Committee’s assessment of the executive’s performance against KPIs specific to the executive relating to the advancement of one or more of the strategic pillars. Examples of such KPIs include, among others: executing on our local market acquisition strategy; executing on the USA TODAY NETWORK concept and branding; creating a digital product and sales environment that improves the Company’s revenue trend; identifying and implementing ways to reduce business unit costs; and similar objectives specific to each executive’s areas of responsibility. This portion of each NEO’s bonus could payout at a maximum of 150% of target.

Contributions to the Company’s Culture

15% (for other NEOs)

This portion of each NEO’s bonus was determined based upon the Committee’s assessment of the executive’s performance against KPIs specific to the executive relating to the executive’s contribution to the Company’s culture. Examples include, among others: modeling inclusive values and behaviors; enhancing effective communication with employees; working to improve employee engagement; developing key employee retention plans; and building departments to mirror our communities by encouraging and promoting diversity. Developing and fostering an innovative and collaborative culture is integral to our transformation journey and transition to digital. This portion of each NEO’s bonus could payout at a maximum of 150% of target.

In accordance with the foregoing, the Committee determined the 2016 bonus amount for each NEO other than Ms. Rowlands based upon the following considerations:

Company Financial Performance for Purposes of Calculating Annual Bonuses. Adjusted EBITDA was approximately \$319.9 million and digital revenue was approximately \$416.0 million for 2016, resulting in 97% funding relative to target for the portion of each executive's bonus tied to Adjusted EBITDA, 83% funding relative to target for the portion of each executive's bonus tied to digital revenue, and 94% funding on a blended basis relative to target for the entire portion of each executive's bonus tied to financial performance.

Contributions to Strategic Pillars. Below are several ways in which the Company continued to execute on its strategy, including: further expanding its footprint by making strategic acquisitions in a consolidating industry; continuing to unite the Company's local to national news organization under the USA TODAY NETWORK; optimizing our use of existing assets; and developing, innovating and investing in digital media technologies to grow digital revenues. As discussed above, however, the Committee ultimately determined this portion of each executive officer's bonus based upon the executive's performance against strategic KPIs specific to the executive.

Expand the Footprint.

Journal Media Group. In line with the Company's strategy of consolidating the publishing industry and increasing scale under the USA TODAY NETWORK, on April 8, 2016 we completed the acquisition of 100% of the outstanding common stock of Journal Media Group for approximately \$260.6 million in cash, net of cash acquired. The acquisition expanded our print and digital publishing operations domestically. Journal Media Group has print and digital publishing operations serving 15 domestic markets in nine states, including the *Milwaukee Journal Sentinel*, the *Knoxville News Sentinel*, and *The Commercial Appeal* in Memphis.

North Jersey Media Group. On July 6, 2016, we completed the acquisition of certain assets of North Jersey Media Group, which has print and digital publishing operations serving primarily the northern New Jersey market. Its brands include such established names as *The Record (Bergen County)* and *The Herald*.

Golfweek. On October 5, 2016, the Company acquired Golfweek, which has been an Official Media Partner of the PGA TOUR since 2012. Golfweek has been the leading producer of event programs for some of golf's biggest tournaments across the PGA TOUR, LPGA, PGA of America and United States Golf Association. This acquisition accelerates the Company's efforts to become a leader in golf media.

Nationwide News. The Company continued its transformation into one, integrated organization, uniting its local and national media brands under the USA TODAY NETWORK, to create the largest local to national media network in the country. Following our 2016 acquisitions, the network is powered by an integrated and award-winning news organization with deep roots in 109 local communities, plus USA TODAY, more than 3,500 journalists and a combined reach of more than 110 million unique online visitors monthly. We believe the vast portfolio of trusted local brands combined with USA TODAY position the USA TODAY NETWORK to deliver high quality content to more consumers than any other media organization in the country. In addition, the network provides the opportunity for advertisers to scale their messages from hyper-local to national while reaching millions of consumers through a variety of platforms.

Optimize Existing Assets. The Company responded to continuing revenue challenges with commensurate cost reduction actions. For fiscal 2016, operating expenses (adjusted for acquisitions) were down \$227 million year-over-year. During the fourth quarter of 2016, the Company also implemented incremental headcount reductions with an annual impact of approximately \$30 million, which largely will be realized in 2017.

Lead with Digital. Digital revenues were \$779 million for 2016 (of which \$162 million were attributable to 2016 acquisitions) and were \$643 million for 2015 (of which \$9 million were attributable to 2015 acquisitions), representing an increase of 21.3% year-over-year. Unique digital visitors to the Company's sites averaged 110 million per month in 2016, a year-over-year increase of 10%, according to comScore Media Metrix. In addition, in furtherance of the Company's transition to digital, on August 9, 2016 we completed the acquisition of 100% of the outstanding common stock of ReachLocal. The acquisition of ReachLocal is expected to accelerate our digital transition by enabling us to offer state-of-the-art online marketing, digital advertising, software-as-a-service, and web presence products and solutions to our customers.

Contributions to Company Culture. In 2016, the Company's core cultural values were promoted through many significant initiatives, including those described below. However, the Committee ultimately determined this portion of each executive officer's bonus based upon the executive's performance against culture-related KPIs that were specific to the executive in many cases (certain core culture goals were shared by the entire senior executive team).

The Company completed the recruitment of the senior executive team and facilitated mentoring and coaching throughout the year to promote collaboration and team dynamics.

The Company enhanced its communication with current and prospective employees, customers, and the communities it serves through several initiatives, including: increasing the frequency of communications; innovating in the ways the Company communicates (e.g., town hall meetings with executives, executive videos, and more frequent employee newsletters); launching an employee engagement survey; and conducting employee focus groups.

The Company generally retained employees in critical roles and made significant progress in the development of its succession plans for such employees.

In addition to the above, the Committee also considered the extent to which each senior executive role modeled behaviors that reflect the Company's values and fostered diverse and inclusive working environments. Company-wide diversity initiatives completed in 2016 include: analyzing the Company's employee diversity in its 21 largest markets as compared with local demographic data; implementing new hiring goals and contests for the recruiting team; launching a Company diversity council; and conducting discussions at the local level regarding the Company's diversity goals.

Based on the foregoing, the Committee awarded 2016 annual bonuses to each NEO other than Ms. Rowlands in the amounts described in the Summary Compensation Table on page 38 of this Proxy Statement.

ANNUAL BONUS DETERMINATIONS UNDER 2016 REACHLOCAL BONUS PROGRAM

As a result of negotiations between Gannett and ReachLocal management in connection with our acquisition of ReachLocal, Ms. Rowlands' 2016 bonus was determined pursuant to ReachLocal's 2016 Executive Bonus Plan. ReachLocal's 2016 Executive Bonus Plan was adopted by its compensation committee prior to the acquisition, and ReachLocal believed its program to be consistent with the annual bonus programs of its peers. In accordance with her letter agreement with the Company executed in connection with the acquisition closing, Ms. Rowlands' target annual incentive was 120% of her year-end base salary specified in the letter agreement. Bonus payouts under ReachLocal's 2016 Executive Bonus Plan were based upon ReachLocal's performance against the following targets:

a total revenue target for the year, which was derived from the 2016 financial plan approved by ReachLocal's board at the outset of the year; and

a stretch EBITDA target for the year, which was approved by ReachLocal's compensation committee in connection with the adoption of the bonus plan and which exceeded the amount included in ReachLocal's 2016 financial plan.

Achievement of threshold, target and maximum performance goals under the plan would result in a multiplier applicable to Ms. Rowlands' target bonus opportunity for that goal. Based on ReachLocal's 2016 total revenue and EBITDA results against those targets, the Committee approved a 2016 bonus payout to Ms. Rowlands equal to 94.2% of her target.

Based on the foregoing, the Committee awarded a 2016 annual bonus to Ms. Rowlands in the amount described in the Summary Compensation Table on page 38 of this Proxy Statement.

2016 Cash Incentives for Stretch Goals

In 2016, each NEO also had an opportunity to earn an additional cash incentive if the Company achieved one or more predetermined stretch goals, which related to the following:

USA TODAY NETWORK's ranking in the News & Information category of ComScore;

the Company's number of digital-only paid subscribers; and

the relative portion of total revenue for 2016 that constitutes digital revenue.

Each stretch goal was evenly weighted and would have paid out independently if achieved. The target incentive payout for each stretch goal was 8.33% of base salary, for a maximum payout opportunity of 25% of base salary. Each NEO would have been entitled to receive an incentive payout equal to: (1) 8.33% of base salary if the Company achieved any one stretch goal; (2) 16.66% of base salary if the Company achieved two stretch goals; and (3) 25% of base salary if all three of the stretch goals were achieved. However, the Company did not achieve any of its stretch goals for 2016. Therefore no payments were awarded in respect of the stretch goals.

Long-Term Incentives

Equity-based awards recognize the performance of certain executives who drive the development and execution of our business strategies and goals. The primary purposes of these awards are to align further the executive's interests with those of the Company's stockholders and the Company's longer-term objectives, to drive stockholder return, to foster executive stock ownership and to promote retention.

OVERVIEW OF 2016 LONG-TERM INCENTIVES FOR NEOS

During 2016, the long-term equity component of the compensation received by Messrs. Dickey and Zidich and Meses. Engel and Lipman consisted of annual grants of Performance Shares and RSUs in amounts approved by the Committee in December 2015 and granted as of January 1, 2016. The long-term equity compensation received by Ms. Rowlands consisted of a prorated annual grant of RSUs in an amount approved by the Committee in connection with the Company's acquisition of ReachLocal, as well as a special, one-time retention RSU award approved by the Committee to provide additional long-term incentives to Ms. Rowlands in respect of her role as CEO of ReachLocal following the acquisition. Set forth below is a summary of the key terms of the Performance Shares and RSUs, followed by further information as to the process followed by the Committee in determining the size of the each NEO's 2016 awards. The Summary Compensation Table on page 38 of this Proxy Statement reports the entire grant date fair value of awards made to the NEOs in 2016.

IMPACT OF THE SEPARATION ON LONG-TERM INCENTIVES GRANTED PRIOR TO THE SEPARATION

The Company and TEGNA entered into an Employee Matters Agreement prior to the separation setting forth the allocation of liabilities and responsibilities relating to employment matters, employee compensation and benefits plans and programs and other related matters. The Employee Matters Agreement covered certain compensation and employee benefit obligations with respect to the current and former employees and non-employee directors of each company. Among other matters, the Employee Matters Agreement provided for the conversion of the outstanding awards granted under the Company's former parent's equity compensation programs into adjusted awards relating to shares of TEGNA and/or Company common stock. The adjusted awards generally are subject to substantially the same terms, vesting conditions, post-termination exercise rules and other restrictions that applied to the original award

immediately before the separation. See our proxy statement filed in connection with our 2016 annual meeting for additional information.

PERFORMANCE SHARES

General Terms of the Performance Share Plan. Under the Company's performance share plan (the Performance Share Plan), the Company may issue shares of Company common stock (Performance Shares) to senior executives following the completion of a three-year period beginning on the grant date (each, an Incentive Period). Generally, if an executive remains in continuous employment with the Company during the Incentive Period, the number of Performance Shares that the executive will receive will be determined based upon how the Company's TSR compares to the TSRs of a group of peer companies (the TSR Peer Group) established by the Committee, with assistance from its independent compensation consultant, for the applicable Incentive Period. By tying the payout of the Performance Shares to the Company's TSR, a purely objective standard, the Committee is aligning executive compensation with stockholders' interests.

For each grant of Performance Shares, the Company's TSR is ranked against the TSR of each company in the TSR Peer Group over the Incentive Period. For purposes of the Performance Share Plan, a company's TSR equals a fraction, the numerator of which is the company's stock price change plus the dividends paid on such stock (which are assumed to be reinvested in the stock) from the first day of the Incentive Period to the applicable measurement date, and the denominator of which is the company's closing stock price on the business day preceding the first day of the Incentive Period.

In connection with the separation, the compensation committee and board of directors of the Company's former parent approved modifications to the Performance Share Plan that affected the calculation of the Company's TSR for purposes of the 2014-2016 and 2015-2017 Incentive Periods, as follows:

For the 2014-2016 Incentive Period, the Company's TSR would be calculated by giving effect to the separation, with returns prior to the separation based on TEGNA's performance prior to the separation, and returns for periods after the separation calculated by aggregating the performance of the Company and TEGNA after the separation and taking into account the number of the Company's shares distributed per share of the Company's former parent in the separation. Performance Shares earned for the 2014-2016 Incentive Period would be paid in shares of both TEGNA common stock and shares of the Company's common stock, with the number of shares

Long-Term Incentives

of TEGNA common stock subject to the award remaining unchanged and the number of shares of the Company's common stock subject to the award being determined based on the number of the Company's shares distributed per share of the Company's former parent in the separation.

For the 2015-2017 Incentive Period, the Company's TSR will be calculated based on returns for periods after the separation based solely on the Company's performance and an assumed January 1, 2015 price of one share of the Company's stock of \$11.23, a price derived from adjusting the price of one share of the Company's former parent's stock on December 31, 2014 by the relative value of a share of Company stock immediately following the separation to the value of a share of Company's former parent immediately prior to the separation. Dividends paid by the Company's former parent between January 1, 2015 and the separation will be adjusted similarly in calculating the Company's TSR. Performance Shares for the 2015-2017 Incentive Period will be paid solely in shares of the Company's common stock, with the target number of shares underlying the award adjusted in a manner intended to preserve the aggregate intrinsic value of the original award as measured immediately before and immediately after the separation, subject to rounding.

For each Incentive Period, the Committee will calculate the number of Performance Shares earned by multiplying the target number of Performance Shares (as specified in the executive's award agreement) by a percentage determined by the number of TSR Peer Group companies whose performance is exceeded by the Company's TSR during the Incentive Period. The percentages for each Incentive Period are set forth on the following table, with percentiles between the thresholds determined by straight line interpolation:

RESULTING SHARES EARNED	
3 YEAR COMPANY TSR V. PEER GROUP COMPANIES	(% OF TARGET)
90th percentile or above	200%
70th percentile	150%
50th percentile	100%
30th percentile	50%
Less than 30th percentile	0%

Relative TSR performance is measured at the end of each of the last four quarters in the Incentive Period, and the average results of these measurements are used to calculate the number of Performance Shares that an executive earns, so that the calculation does not solely rely upon the applicable company's stock price on the first day and the last day of the Incentive Period.

With certain exceptions noted in the section below entitled "Other Potential Post-Employment Payments" for terminations due to death, disability, retirement (defined as 65 years of age or at least 55 years of age with at least 5 years of service) or a change in control, Performance Shares generally vest on the expiration of the Incentive Period only if the executive continues to be employed by the Company through the last day of the Incentive Period. After the

end of the Incentive Period, each executive who is entitled to Performance Shares based on the satisfaction of the applicable service and performance requirements will receive the number of Performance Shares that the executive has earned, less withholding taxes. Dividends are not paid or accrued on Performance Shares.

The Performance Share Plan has additional rules that affect calculations in the event of the bankruptcy or change in control of a TSR Peer Group company during an Incentive Period:

TSR Peer Group companies that are involved in bankruptcy proceedings (and thus no longer traded on a national securities exchange) during the Incentive Period will remain in the group at a negative 100% TSR;

For the 2014-2016 Period, (i) TSR Peer Group companies acquired during Year 1 of the Incentive Period were excluded from all calculations; and (ii) TSR Peer Group companies acquired during Year 2 or 3 of the Incentive Period had their TSR position fixed above or below the Company's TSR using the average closing price of their stock during the 20 consecutive trading days ending on the trading day immediately preceding the announcement of the acquisition;

For the 2015-2017 Incentive Period, (i) a TSR Peer Group company that enters into a definitive agreement to be acquired during Year 1 or Year 2 of the Incentive Period will be excluded from all calculations; (ii) a TSR Peer Group company that enters into a definitive agreement to be acquired during Year 3 of the Incentive Period will have its TSR position fixed above or below the Company's TSR using the average closing price of both companies' stock during the 30 consecutive trading days ending on the trading day immediately preceding the announcement of the transaction; and (iii) notwithstanding the foregoing, if at any time during the Incentive Period, a TSR Peer Group company enters into a definitive agreement to be acquired by the Company, the TSR Peer Group company will be excluded from all calculations; and

For the 2016-2018 Incentive Period, (i) a TSR Peer Group company that enters into a definitive agreement to be acquired during Year 1 or Year 2 of the Incentive Period will be excluded from all calculations; provided that if such agreement is rescinded, revoked or abandoned by the end of Year 2 of the Incentive Period and no new agreement is entered into by the end of Year 2, the TSR Peer Group company will be taken into account unless it is subject to another rule set forth below, (ii) a TSR Peer Group company that is subject to a public announcement of a takeover attempt or enters into a definitive agreement to be acquired during Year 3 will have its TSR position fixed above or below the Company's TSR using the average closing price of both companies' stock during the 30

Long-Term Incentives

consecutive trading days ending on the trading day immediately preceding the announcement of the takeover attempt or definitive agreement, and (iii) notwithstanding the foregoing, if at any time during the Incentive Period, a TSR Peer Group company enters into a definitive agreement to be acquired by the Company, the TSR Peer Group company will be excluded from all calculations.

The number of Performance Shares granted to an executive will be reduced if the price of the shares when paid exceeds 300% of the price of the shares on the first day of the Incentive Period. The price of the shares on the first day of the Incentive Period generally is equal to the closing price of a share of Company common stock on the last trading day prior to that date. However, as a result of the separation, for the 2014-2016 Incentive Period, the first day price is equal to the closing price of a share of the Company's former parent's common stock on the last trading day of December 2013 (\$29.58). As noted above, as a consequence of the separation, the first day price for the 2015-2017 Incentive Period was derived by adjusting the closing price of a share of the Company's former parent's common stock on December 31, 2014 by the relative value of a share of the Company's stock immediately following the separation to the value of a share of the Company's former parent immediately prior to the separation. As a consequence of this adjustment, the first day price for the 2015-2017 Incentive Period is \$11.23. The first day price for the 2016-2018 Incentive Period is \$16.29.

Impact of Certain Peer Group Transactions on the 2014-2016 Performance Share Awards

AOL Inc.: Effective June 23, 2015, AOL Inc. was acquired by Verizon. As a result of the transaction taking place after Year 1 of the 2014-2016 Incentive Period, AOL Inc.'s relative TSR performance was fixed below the TSR position of the Company for the 2014-2016 Incentive Period based on TSR results through the day immediately preceding the announcement of the acquisition.

Journal Communications, Inc.: Effective April 1, 2015, E.W. Scripps acquired Journal Communications, Inc. in connection with the merger of the broadcast assets of the two companies and the spin-off of their respective newspapers to form Journal Media Group. As a result of the transaction taking place after Year 1 of the 2014-2016 Incentive Period, Journal Communications' relative TSR performance was fixed below the TSR position of the Company for the 2014-2016 Incentive Period based on TSR results through the day immediately preceding the announcement of the acquisition.

E.W. Scripps: As noted above, E.W. Scripps spun-off its newspaper business in connection with its acquisition of Journal Communications, Inc. to form Journal Media Group. As a result, effective April 1, 2015, the TSR of E.W. Scripps was calculated by assuming that a share of pre-spin E.W. Scripps held as of the effective date of the spin-off was converted into one share of post-spin E.W. Scripps and a 1/4 share of Journal Media Group until Journal Media Group reached a definitive agreement to be acquired by Gannett on October 7, 2015, at which time Journal Media Group was treated as a reinvestment into E.W. Scripps.

Long-Term Incentives

LinkedIn Corporation. Effective December 8, 2016, LinkedIn Corporation was acquired by Microsoft, Inc. As a result of the transaction taking place after Year 1 of the 2014-2016 Incentive Period, LinkedIn Corporation's relative TSR performance was fixed below the TSR position of the Company for the 2014-2016 Incentive Period based on TSR results through the day immediately preceding the announcement of the acquisition.

Monster Worldwide, Inc. Effective November 1, 2016, Monster Worldwide, Inc. was acquired by Randstad. As a result of the transaction taking place after Year 1 of the 2014-2016 Incentive Period, Monster Worldwide, Inc.'s relative TSR performance was fixed below the TSR position of the Company for the 2014-2016 Incentive Period based on TSR results through the day immediately preceding the announcement of the acquisition.

ReachLocal, Inc. Effective April 9, 2016, ReachLocal was acquired by the Company. As a result of the transaction taking place after Year 1 of the 2014-2016 Incentive Period, ReachLocal's relative TSR performance was fixed below the TSR position of the Company for the 2014-2016 Incentive Period based on TSR results through the day immediately preceding the announcement of the acquisition.

2014-2016 TSR Performance

Comparing the Company TSR calculated as described above to the TSR of the 2014-2016 TSR Peer Group companies at the end of each of the last four quarters in the 2014-2016 Incentive Period, the Company and TEGNA outperformed 11 of 17 companies overall. Accordingly, Performance Shares (paid in shares of both TEGNA common stock and the Company's common stock) were awarded to participating executives at a level equal to 177% of the target number of Performance Shares granted to them in connection with the 2014-2016 Incentive Period.

RSUS

RSUs generally represent the right to receive a share of Company stock at a specified date, provided certain service requirements are satisfied. The Company's former parent established a practice, which the Company's Committee also has adopted, of granting RSUs with four-year terms to help retain executives over an extended period of time. As described above, RSU awards granted by the Company's former parent and held by persons now employed by the Company were converted at the time of the separation into RSU awards denominated in whole or in part in Company shares, but the vesting and other terms and conditions of the original awards generally were not changed as a result of the separation. RSUs granted during or before 2014 which are held by the Company's NEOs generally vest on a cliff basis (i.e., all shares subject to the award vest at the end of the four-year service period). RSUs granted in 2015, whether before or after the separation, generally vest in four equal annual installments, with vested shares being delivered to the executive upon the earliest to occur of (1) the executive's termination of employment, (2) a change in control of the Company and (3) four years after the grant date. As discussed in the section below entitled "Other Potential Post-Employment Payments," special vesting rules apply to RSUs upon death, disability, retirement or a change in control.

Beginning with grants made on or after January 1, 2016, RSUs generally will vest in four equal annual installments, with vested shares being delivered to the executive shortly after each vesting event. Additionally, for RSU awards

granted on or after January 1, 2016, a change in control of the Company will only accelerate full vesting of RSU awards to executives if the awards are not continued or assumed (e.g., the awards are not equitably converted or substituted for awards of the successor company) in connection with the change in control or the recipient has a qualifying termination of employment within two years following the date of the change in control.

The 2015 Plan generally mandates a one year minimum vesting period for the total amount of shares subject to RSU awards, though the Committee may adopt shorter vesting periods or provide for accelerated vesting after less than one year in the following circumstances: (1) in connection with terminations of employment due to death, disability, retirement or other circumstances that the Committee determines to be appropriate; (2) in connection with a change in control in which the award is not continued or assumed (e.g., the awards are not equitably converted or substituted for awards of the successor company); (3) for grants made in connection with an acquisition by the Company in substitution for pre-existing awards; or (4) for new hire inducement awards or off cycle awards.

Certain awards granted to some of our NEOs are subject to special rules, which are discussed under [Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table](#) on page 41 of this Proxy Statement.

LONG-TERM EQUITY AWARDS MADE IN 2016

January 1, 2016 Grants. For the January 1, 2016 grants, management recommended to the Committee total long-term equity award target values for each such NEO by multiplying the base salary of each NEO then serving the Company by a target percentage, which took into account:

the nature and responsibility of the position;

internal pay equity among positions; and

Comparative Market Data (as described in more detail in the section above titled [Comparative Market Data](#)), which showed that the target values recommended by management were generally consistent with those disclosed by the comparator group.

Table of Contents**EXECUTIVE COMPENSATION****Benefits and Perquisites**

Using management's recommendations as a guideline, in December 2015 the Committee approved 2016 total long-term award values for each of the senior executives then serving with the Company. In doing so, the Committee sought to ensure that such executives received a higher proportion of their long-term awards as Performance Shares rather than RSUs, as the Committee believes this approach strengthens the pay for performance aspect of the long-term incentive program.

On January 1, 2016, the first day of the 2016-2018 Incentive Period, the long-term equity award value was translated into (1) an award of Performance Shares for each executive then serving with the Company based on the present value per share of the expected payout of the Performance Shares, as calculated using the Monte Carlo valuation method (which models the Company's probable TSR achievement relative to its TSR Peer Group for the performance period), and (2) an award of RSUs based upon the Company's closing stock price on December 31, 2015. Accordingly, on January 1, 2016, each NEO then serving with the Company was awarded Performance Shares for the 2016-2018 Incentive Period, at target, and RSUs as shown in the table below. The Summary Compensation Table gives effect to the full grant date fair value of these awards, measured assuming the target level of performance is achieved.

EXECUTIVE	TARGET PERFORMANCE	
	SHARES	RSUS
Mr. Dickey	116,823	50,953
Ms. Engel	30,311	21,356
Mr. Zidich	37,383	26,339
Ms. Lipman	17,876	15,593

Ms. Rowlands's Long-Term Equity Incentive Compensation. In connection with our acquisition of ReachLocal on August 9, 2016, Ms. Rowlands received long-term equity compensation consisting of a regular grant of 14,036 RSUs (reflecting an aggregate grant date value of \$145,830), as well as a special retention award of 79,403 RSUs (reflecting an aggregate grant date value of \$825,000). In each case, the number of shares subject to the grant was determined based upon the closing price of the Company's common stock on August 11, 2016. For additional information regarding the terms of this award, see Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table on page 41 of this Proxy Statement.

Benefits and Perquisites

The Company's NEOs are provided a limited number of personal benefits and perquisites (described in footnote 4 to the Summary Compensation Table). The Committee's objectives in providing these benefits are to provide protections for the Company's NEOs and their families, to complement other compensation components, and to help minimize distractions from our executives' attention to important Company initiatives.

The personal benefits and perquisites the Company provides to its NEOs, including medical, life insurance and disability plans, are generally the same as those offered to other similarly situated senior executives. For additional information about these and other post-employment benefits, see the benefits discussion under the Other Potential Post-Employment Payments section on page 46 of this Proxy Statement.

SUPPLEMENTAL EXECUTIVE MEDICAL PLAN

The Supplemental Executive Medical Plan provides supplemental medical benefits to qualifying executives and their eligible dependents. Executives and their eligible dependents must be enrolled in other primary medical coverage that constitutes minimum essential coverage under the Affordable Care Act (Other Primary Medical Coverage) in order to participate. Where the Other Primary Medical Coverage is Medicare, the individual must be enrolled in Medicare Parts A, B, and D (or an equivalent Medicare plan, such as a Medicare Advantage plan with prescription drug coverage).

The plan covers qualifying executive s out-of-pocket medical expenses for any covered medical expense that are not paid under the executive s Other Primary Medical Coverage. No benefits are payable with respect to certain enumerated expenses. Plan benefits are provided through a contract of insurance, and are limited to those benefits provided in accordance with the terms of the insurance contract. Mr. Dickey is the only NEO who participates in this plan.

2015 KEY EXECUTIVE LIFE INSURANCE PLAN

Under the Key Executive Life Insurance Plan (KELIP), the Company will pay premiums (or make cash payments in lieu of premiums) on individual life insurance policies owned by the executive. The obligation to pay premiums (or make cash payments in lieu of premiums) may continue for a limited period of time post termination for participants who terminate employment after attaining age 55 and completing at least 5 years of service. Mr. Dickey is the only NEO who participates in the KELIP.

Post-Termination Pay

Post-Termination Pay

The Company sponsors a tax-qualified defined benefit retirement plan, the Gannett Retirement Plan (GRP), and a non-qualified retirement plan, the Gannett Supplemental Retirement Plan (SERP). The Company also offers a tax-qualified defined contribution plan, the Gannett 401(k) Savings Plan (401(k) Plan), as well as a nonqualified deferred compensation plan, the Gannett Co., Inc. 2015 Deferred Compensation Plan (DCP), each of which is described below. In addition, the Company has implemented an executive severance plan and change-in-control severance plans, each of which is described below and under Other Potential Post-Employment Payments on page 46 of this Proxy Statement. These plans, together with the GRP and SERP, assist the Company in recruiting and retaining employees and in providing leadership stability and long-term commitment.

GANNETT RETIREMENT PLAN AND SUPPLEMENTAL RETIREMENT PLAN

In connection with the separation, the Company assumed the GRP and certain liabilities of the Company's former parent under the SERP, including those relating to the Company's executives. The SERP is a non-qualified retirement plan that provides eligible employees with retirement benefits that cannot be provided under the GRP due to the Internal Revenue Code, which limits the compensation that can be recognized under qualified retirement plans and imposes limits on the amount of benefits which can be paid. Accordingly, benefits under the SERP are tied to benefits under the GRP. The GRP is a qualified defined benefit pension plan that provides retirement income to the majority of the Company's U.S.-based employees who were employed before benefits were frozen on August 1, 2008, at which time most participants ceased to earn additional benefits for compensation or service earned on or after that date.

The GRP provides benefits for employees based upon years of credited service, and the highest consecutive five-year average of an employee's compensation out of the final ten years of credited service, referred to as final average earnings (FAE). Subject to Internal Revenue Code limits, compensation generally includes a participant's base salary, performance-based bonuses, and pre-tax contributions to the Company's benefit plans other than the Gannett Deferred Compensation Plan. Until benefits commence, participants' frozen benefits under the GRP are periodically adjusted to reflect increases in a specified cost-of-living index.

Effective January 1, 1998, a significant change was made to the GRP for service after that date. Certain employees who were either retirement-eligible or had a significant number of years of service were grandfathered in the plan provisions applicable to them prior to the change (pre-1998 plan provisions). Other employees were transitioned to the post-1997 plan provisions under the GRP.

The pre-1998 GRP provisions provide for a benefit that is expressed as a monthly annuity at normal retirement equal to a gross benefit reduced by a portion of the participant's Social Security benefit. Generally, a participant's annual gross benefit is calculated by multiplying the participant's years of credited service by specified percentages (generally 2% for each of a participant's first 25 years of credited service and 0.7% for years of credited service in excess of 25) and multiplying such amount by the participant's FAE. Benefits under the pre-1998 GRP provisions are paid in the form of monthly annuity payments for the life of the participant and, if applicable, the participant's designated beneficiary. The pre-1998 GRP provisions provide for early retirement subsidies for participants who terminate

employment after attaining age 55 and completing five years of service and elect to commence benefits before age 65. Under these provisions, a participant's gross benefit that would otherwise be paid at age 65 is reduced by 4% for each year the participant retires before age 65. If a participant terminates employment after attaining age 60 with 25 years of service, the participant's gross benefit that would otherwise be paid at age 65 is reduced by 2.5% for each year the participant retires before age 65.

The post-1997 GRP provisions provide for a benefit under a pension equity formula, which generally expresses a participant's benefit as a current lump sum value based on the sum of annual percentages credited to each participating employee. The percentages increase with years of service, and, in some circumstances, with age. Upon termination or retirement, the total percentages are applied to a participant's FAE resulting in a lump sum benefit value. The pension equity benefit can be either converted to a lifetime annuity or paid as a lump sum.

The GRP benefits for Mr. Dickey and Mr. Zidich are calculated under the post-1997 GRP provisions. However, as noted below, the SERP benefits for Mr. Dickey and Mr. Zidich are calculated under the pre-1998 GRP provisions. Ms. Engel, Ms. Rowlands and Ms. Lipman are not eligible for GRP or SERP benefits.

For Grandfathered Participants, including Mr. Dickey and Mr. Zidich, the SERP also provides a benefit equal to the difference between the benefits calculated under the pre-1998 GRP formula and the amount they will receive from the GRP under the post-1997 formula. For all SERP participants, the benefit calculated under the applicable SERP formula is reduced by benefits payable from the GRP.

In conjunction with the decision to freeze benefits under the GRP, it was also decided to make changes to benefits under the SERP. Generally, SERP participants whose SERP benefits were calculated under the pre-1998 GRP formula continue to accrue benefits under the SERP. However, their benefits for credited service after August 1, 2008 are calculated at a rate that is one-third less than the pre-August 1, 2008 rate. Mr. Dickey and Mr. Zidich were affected by this change. Mr. Dickey and Mr. Zidich are eligible for early retirement under the pre-1998 GRP formula that applies to them under the SERP.

Effective August 1, 2008, SERP participants whose SERP benefits were not calculated under the pre-1998 GRP formula had their SERP benefits frozen such that they ceased to earn additional benefits for compensation or service earned on or after that date. Until benefits commence, such participants' frozen benefits are periodically adjusted to reflect increases in a specified cost-of-living index.

SERP benefits are generally paid in the form of a lump sum amount when a participant separates from service or, if later, the date the participant attains age 55, except that payment is accelerated in the event that the Company undergoes a change in control. In order to

Table of Contents**EXECUTIVE COMPENSATION**

2015 Change in Control Severance Plan

comply with federal tax laws, certain executives' SERP benefits cannot be paid within the first six months after their separation from service with the Company. Mr. Dickey and Mr. Zidich are fully vested in their SERP and GRP benefits.

DEFINED CONTRIBUTION RETIREMENT PLANS

Most of the Company's employees based in the United States may participate in the 401(k) Plan, which permits eligible participants to make pre-tax contributions and provides for matching and other employer contributions. Effective August 1, 2008, new participants as well as participants whose benefits were frozen under the GRP and, if applicable, the SERP, commenced receiving higher matching contributions under the 401(k) Plan. At that time, the matching contribution rate generally increased from 50% of the first 6% of compensation that an employee elects to contribute to the plan to 100% of the first 5% of compensation. During 2016, Ms. Engel and Ms. Lipman received matching contributions under the new formula, and Mr. Dickey and Mr. Zidich received matching contributions under the old formula. Company matching contributions in 2016 were made in the form of Gannett stock. The Company also makes additional employer contributions to the 401(k) Plan on behalf of certain employees, but none of the NEOs. For purposes of the 401(k) Plan and subject to Internal Revenue Code limits, compensation generally includes a participant's base salary, performance-based bonuses, and pre-tax contributions to the Company's benefit plans. Company contributions under the 401(k) Plan vest 25% after one year of service, 50% after two years of service and 100% after three years of service. For these purposes, service with the Company's former parent is credited. As of the date of this Proxy Statement, Company contributions are 100% vested for Mr. Dickey and Mr. Zidich, 50% vested for Ms. Engel and 25% vested for Ms. Lipman.

Ms. Rowlands participates in ReachLocal's separate 401(k) plan, which does not provide for matching or employer contributions, but does allow her to make pre-tax elective contributions.

DEFERRED COMPENSATION PLAN

In connection with the separation, the Company and the DCP assumed certain liabilities of the Company's former parent under its deferred compensation plan, including those relating to the Company's executives. Each executive who participates in the DCP may elect to defer all or a portion of his or her compensation under the DCP, so long as the minimum deferral is \$5,000 for each form of compensation (base salary and bonus) for the year of deferral. The amounts deferred by each executive are vested and will be deemed invested in the fund or funds designated by such executive from the investment options specified under the plan.

The DCP provides company contributions on behalf of certain employees whose benefits under the Company's 401(k) Plan are capped by Internal Revenue Code rules that limit the amount of compensation that can be taken into account when calculating benefits under a qualified plan. Generally, company contributions to the DCP are calculated by applying the same formula that applies to an employee's matching and additional employer contributions under the 401(k) Plan to the employee's compensation in excess of the Internal Revenue Code compensation limit. However, participants are not required to make elective contributions to the DCP to receive an employer contribution under the DCP. Company contributions under the DCP vest 25% after one year of service, 50% after two years of service and

100% after three years of service. Executives who accrue benefits under the SERP, including Mr. Dickey and Mr. Zidich, do not receive company contributions under the DCP. Ms. Engel and Ms. Lipman receive Company contributions under the DCP and are 50% and 25% vested in such benefits, respectively.

Amounts that a participant elects to defer into the DCP are generally paid at the time and in the form elected by the participant, provided that if the participant terminates employment before attaining age 55 and completing five years of service, benefits are generally paid in a lump sum amount upon such termination (although for pre-2005 deferrals the Company's Executive Compensation Committee may pay such deferrals in five annual installments). The DCP permits participants to receive in-service withdrawals of participant contributions for unforeseeable emergencies and certain other circumstances. Prior to when the deferrals are made, a participant may make a special election as to the time and form of payment for benefits that become payable due to the participant's death or disability if payments have not already commenced, and deferrals will be paid in accordance with such elections under those circumstances. Company contributions to the DCP are generally paid in the form of a lump sum amount when a participant separates from service. The payment of post-2004 company and participant DCP contributions is accelerated in the event that the Company undergoes a change in control.

2015 Change in Control Severance Plan

Following the separation, the Company adopted the 2015 Change in Control Severance Plan ("CIC Severance Plan"), which provides severance pay to participating key executives of the Company in the event the executive is involuntarily terminated without cause, or terminates for good reason within two years after a change in control of the Company, or is terminated in anticipation of a change in control of the Company.

Following is a summary of several key terms of the CIC Severance Plan:

change in control means the first to occur of: (1) the acquisition of 20% or more of the Company's then-outstanding shares of common stock or the combined voting power of the Company's then-outstanding voting securities; (2) the Company's incumbent directors cease to constitute at least a majority of the board of directors of the Company, except in connection with the election of directors approved by a vote of at least a majority of the directors then comprising the incumbent board of directors of the Company; (3) consummation of the Company's sale in a merger or similar transaction, or sale or other disposition of all or substantially all of the Company's assets; or (4) approval by the Company's stockholders of the Company's complete liquidation or dissolution.

Table of Contents

EXECUTIVE COMPENSATION

Executive Severance Plan

cause means: (1) the participant's material misappropriation of the Company's funds or property; (2) the participant's unreasonable and persistent neglect or refusal to perform his or her duties which is not remedied in a reasonable period of time following notice from the Company; (3) conviction of the participant of a securities law violation or a felony involving moral turpitude; or (4) a finding by a court of competent jurisdiction in a civil action or by the Securities and Exchange Commission that the participant has violated any Federal or State securities law.

good reason means the occurrence after a change in control of any of the following without the participant's express written consent, unless fully corrected prior to the date of termination: (1) the material diminution of the participant's duties, authorities or responsibilities from those in effect immediately prior to the change in control; (2) a material reduction in the participant's base salary or target bonus opportunity as in effect on the date immediately prior to the change in control; (3) the relocation of the participant's office from the location at which the participant is principally employed immediately prior to the date of the change in control to a location 35 or more miles farther from the participant's residence immediately prior to the change in control; (4) the failure by the Company to pay any material compensation or benefits due to the participant; (5) the failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform the CIC Severance Plan; or (6) any purported termination of the participant's employment that is not effected pursuant to a notice of termination satisfying the requirements of the CIC Severance Plan.

If triggered upon a qualifying termination of employment, benefits under the CIC Severance Plan include:

Pension. For participants who are Grandfathered Participants under the SERP, in addition to their vested Gannett Retirement Plan and SERP benefits, upon their qualifying termination of employment, such CIC Severance Plan participants are entitled to a lump sum payment equal to the difference between (1) the amount that would have been paid under the SERP and Gannett Retirement Plan had the executive remained in the employ of the Company through the third year anniversary of the date of the change in control and received the same level of base salary and bonus which the executive received with respect to the fiscal year immediately preceding the date of the change in control or the termination date, whichever is higher, and (2) the amount payable under the SERP and the Gannett Retirement Plan as of the later of the date of the change in control or the termination date, whichever is higher.

Payments. Upon a participant's qualifying termination of employment, the participant is entitled to receive a lump sum amount equal to the sum of (1) any unpaid base salary or bonus through the date of termination; and (2) a prorated annual bonus for the portion of the fiscal year elapsed prior to the termination date in an amount equal to the average annual bonus the participant earned with respect to three fiscal years immediately prior to the fiscal year in which the termination date occurs prorated for the portion of the fiscal year elapsed prior to the

termination date. Additionally, participants are paid a lump sum cash severance payment equal to a multiplier that is designated for the participant times the sum of (1) the participant's annual base salary at the highest rate of salary during the 12-month period immediately prior to the termination date or, if higher, during the 12 month period immediately prior to the change in control (in each case, as determined without regard for any reduction for deferred compensation, 401(k) plan contributions and similar items), and (2) the higher of (A) the average annual bonus the participant earned with respect to the three fiscal years immediately prior to the fiscal year in which the change in control occurs; and (B) the average annual bonus the participant earned with respect to the three fiscal years immediately prior to the fiscal year in which the termination occurs. For participants who formerly participated in the Company's Transitional Compensation Plan immediately prior to commencing participation in this Plan, multiplier means three (3), and for other participants the multiplier shall be either two (2) or one (1) as assigned to the participant. The Transitional Compensation Plan was terminated in 2016.

COBRA benefit. A participant will receive an amount equal to the monthly COBRA cost of the participant's medical and dental coverage in effect as of the date of termination multiplied by the lesser of (1) 18; or (2) 24 minus the number of full months between the date of the change in control and the date of termination.

Benefits are subject to the participant executing a release and agreeing to certain restrictive covenants.

Mr. Dickey participates in the CIC Severance Plan, and his multiplier (as described above) is three (3). Ms. Engel, Mr. Zidich, Ms. Lipman and Ms. Rowlands are participants in the CIC Severance Plan, and each of their multipliers is two (2). Messrs. Dickey and Zidich are Grandfathered Participants under the Company's SERP, whereas none of Ms. Engel, Ms. Lipman or Ms. Rowlands is a SERP participant.

Executive Severance Plan

Under the Executive Severance Plan, a participant who experiences an involuntary termination of employment without cause is entitled to a lump sum cash severance payment equal to the product of (a) a severance multiple and (b) the participant's annual base salary. The severance multiple means (i) with respect to the President and Chief Executive Officer of the Company, three (3); and (ii) with respect to other participants, either two (2) or one (1) as assigned to the participant. Additionally, the participant is entitled to a prorated portion of the participant's annual bonus for the fiscal year in which the participant is terminated based on actual performance.

The severance payment is contingent upon the participant's execution of a separation agreement containing a release of claims in favor of the Company and its affiliates and covenants restricting the participant's competition, disclosure of confidential information, solicitation of employees and disparagement of the Company and its affiliates. The separation agreement also contains a release of claims by the Company, the Company's former parent and their affiliates in favor of the participant and a covenant restricting the Company's disparagement of the participant. In the event that a participant experiences a termination under circumstances that entitles the participant to

compensation and benefits under the Executive Severance Plan and the CIC Severance Plan, the participant shall receive compensation and benefits under the CIC Severance Plan and not under the Executive Severance Plan.

Mr. Dickey participates in this plan, and his severance multiple (as described above) is three (3). Ms. Engel, Mr. Zidich, Ms. Lipman and Ms. Rowlands are participants in the Executive Severance Plan, and each of their severance multiples is two (2).

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid to a company's CEO and its three other most highly compensated executive officers other than the CFO for any fiscal year. However, Section 162(m) exempts qualifying performance-based compensation from the deduction limit if specified requirements are met. The Committee may structure certain performance-based compensation, including future Performance Shares and annual bonuses, to executive officers who may be subject to Section 162(m) in a manner that is intended to satisfy those requirements. For example, in February 2016, the Committee established a limit on each NEO's annual bonus based on a percentage of the Company's adjusted EBTIDA and exercised its negative discretion to pay bonuses that are less than those limits, so that the bonuses could be deducted under Section 162(m). However, the Committee reserves the authority to award non-deductible compensation in circumstances as it deems appropriate. Because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding the Company's efforts, that compensation intended to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

Executive Compensation Committee Report

The Executive Compensation Committee met with management to review and discuss the Compensation Discussion and Analysis disclosures included in this Proxy Statement. Based on such review and discussion, on February 21, 2017 the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in the Company's Form 10-K for its 2016 fiscal year, and the Board has approved that recommendation.

(SVP and Chief Content Officer)

- (1) Amounts in this column represent the aggregate grant date fair value of Performance Share and RSU awards computed in accordance with Accounting Standards Codification 718, Compensation Stock Compensation (ASC 718) based on the assumptions set forth in note 11 to the Company s 2016 audited financial statements. These are not amounts paid to or realized by the NEO. The ASC 718 amounts shown in this column may never be realized by an executive officer. The values of grants of Performance Shares reflected above have been calculated assuming the target level of performance is met, which the Company considers to be the most probable outcome. Assuming grants of Performance Shares were calculated based upon the maximum level of performance, the amounts shown in this column would be for Mr. Dickey: 2016: \$5,260,925; 2015: \$3,650,036; and 2014: \$2,144,986; for Ms. Engel: 2016: \$1,485,006; and 2015: \$1,087,807; for Ms. Rowlands: 2016: \$970,831; for Mr. Zidich: 2016: \$1,831,484; 2015: \$764,008; and 2014: \$495,980; and for Ms. Lipman: 2016: \$920,011.
- (2) Amounts in this column represent the aggregate increase, if any, of the accumulated benefit liability relating to the NEO under the GRP and the SERP in the applicable fiscal year. Amounts are calculated by comparing values as of the pension plan measurement date used for the Company s financial statements for the applicable fiscal years. This includes the value of any additional service accrued, the impact of any compensation increases received, the impact of any plan amendments made during the period, and growth attributable to interest, if applicable. The Company uses the same assumptions it uses for financial reporting under generally accepted accounting principles with the exception of retirement age, pre-retirement mortality and probability of terminating employment prior to retirement. The assumed retirement age for the above values is the earliest age at which an executive could retire without any benefit reduction due to age. The above values are calculated assuming each NEO survives to the assumed retirement age. To the extent the assumptions used for reporting changed from the prior year to the current year, the impact is reflected in the above values.
- (3) A significant portion of the 2016 increase relates to a significant decrease in the annual discount rate (reflecting a year over year decrease in the yields of high quality, fixed income investments as of the end of the fiscal year) required to be used to calculate pension values in the SERP for proxy reporting purposes (from 4.35% in 2015 to 3.95% in 2016).
- (4) Amounts for 2016 reported in this column include (i) annual life insurance premiums paid for Mr. Dickey in the amount of \$46,063; (ii) matching contributions to the 401(k) plan for the NEOs as follows: Mr. Dickey: \$7,950; Ms. Engel: \$13,250; Mr. Zidich: \$7,950; and Ms. Lipman: \$13,250; (iii) Company contributions to the executives DCP accounts as follows: Ms. Engel: \$37,311; and Ms. Lipman: \$11,750 (for an explanation of these payments, please refer to the discussion of the DCP beginning on page 35 of this Proxy Statement); (iv) premiums paid for supplemental medical coverage for Mr. Dickey in the amount of \$15,744; (v) payments on behalf of each of Mr. Dickey and Mr. Zidich for a company-provided automobile in the amounts of \$20,159 and \$1,264, respectively; (vi) legal and financial services benefits paid for the benefit of Mr. Dickey, Ms. Engel, and Mr. Zidich in the amounts of \$22,000, \$15,000 and \$7,000, respectively; (vii) Gannett Foundation grants to eligible charities recommended by Mr. Dickey, Ms. Engel,

Mr. Zidich and Ms. Lipman of up to \$15,000 annually; (viii) premiums paid for travel accident insurance; (ix) housing stipends to Mr. Zidich and Ms. Rowlands in the amounts of \$29,790 and \$75,700 (of which \$25,700 was attributable to tax gross-ups), respectively; and (x) relocation expense reimbursements to Ms. Lipman in the amount of \$102,903 (of which \$42,903 was attributable to tax gross-ups). The NEOs also occasionally receive tickets to sporting events for personal use if the tickets are not needed for business use, for which the Company does not incur incremental costs.

- (5) The 2015 amount reported for Mr. Dickey includes a special promotional bonus of \$150,000 paid upon consummation of the separation. The 2015 amounts reported for each of Mr. Dickey, Ms. Engel, and Mr. Zidich include special one-time transaction bonuses of \$500,000, \$150,000, and \$150,000, respectively, earned upon consummation of the separation in recognition of their respective efforts in respect of that transaction that was paid as a part of their respective 2015 annual bonuses. Additionally, the 2015 amount reported for Ms. Engel includes a \$150,000 sign-on bonus paid to her in 2015 by the Company's former parent.
- (6) Represents cash incentive compensation amounts earned by our NEOs other than Ms. Rowlands based on achievement relative to the Company financial goals, individual performance goals and culture goals under our 2016 annual bonus program. For information on how the amounts were determined, see Annual Cash Bonuses Annual Bonus Determinations under the Compensation Discussion and Analysis on page 26 of this Proxy Statement.
- (7) For Ms. Rowlands, the amount reported under Salary reflects the salary paid to her by the Company during 2016, commencing with her employment with the Company upon our acquisition of ReachLocal on August 9, 2016. The amount reported under Bonus reflects the bonus she received pursuant to ReachLocal's 2016 incentive plan. The amount reported under Stock Awards includes the full grant date value of the special retention RSU award she received in connection with the closing of the ReachLocal acquisition. For additional information regarding Ms. Rowlands's bonus amount and the terms of her retention award, see Annual Cash Bonuses Annual Bonus Determinations under 2016 ReachLocal Bonus Program and Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table on pages 28 and 41 of this Proxy Statement, respectively.

- (1) The amounts reported in this row represent the threshold, target and maximum payments that could be earned under our 2016 annual bonus program. Threshold represents the amount that the NEO would earn if the threshold level were achieved only for the digital revenue financial metric, except for Ms. Lipman, whose minimum bonus payment for 2016 was specified in her letter agreement with the Company. Target represents the amount that the NEO would earn if the target level were achieved for each financial metric and the individual performance and culture components of bonus each paid out at 100%. Maximum represents the amount that the NEO would earn if the maximum level were achieved for each financial metric and the individual performance and culture components of bonus each paid out at 150%. For actual amounts paid to each NEO, see the Summary Compensation Table on page 38 of this Proxy Statement.
- (2) The amounts reported in this row represent the amounts that NEOs could earn pursuant to the 2016 stretch goals. Threshold represents the amount that the NEO would earn if only one stretch goal were achieved. Target represents the amount that the NEO would earn if each goal were achieved. The NEOs did not have an opportunity to earn additional amounts in the event that the Company outperformed with respect to any stretch goal. Because the Company did not achieve any stretch goal in 2016, no amounts actually were paid to any NEO.
- (3) These share numbers represent the threshold, target and maximum number of shares that may be earned under the Performance Share awards granted pursuant to the Performance Share Plan for the 2016-2018 Incentive Period. The threshold is 50% of the target number of Performance Shares, and the maximum is 200% of the target number of Performance Shares.
- (4) The RSU grants under the 2015 Plan reported in this column generally vest in four equal annual installments, with vested shares being delivered to the executive shortly after each vesting event. The special retention grant to Ms. Rowlands is scheduled to vest 25% on August 9, 2017 (the first anniversary of the ReachLocal acquisition), 25% on August 9, 2018 and 50% on August 9, 2019.
- (5) The full grant date fair value was computed in accordance with ASC 718, based on the assumptions set forth in note 11 to the Company's 2016 audited financial statements. The ASC 718 amounts shown in the table may never be realized by an executive officer. Amounts shown for grants of Performance Shares have been calculated assuming the target level of performance is met.

Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table**LETTER AGREEMENT WITH ROBERT J. DICKEY**

The Company entered into a letter agreement with Mr. Dickey, dated June 4, 2015, in connection with his appointment as President and Chief Executive Officer. The letter agreement entitles Mr. Dickey to an initial annual base salary of \$895,000, an initial target annual bonus of 125% of his annual base salary and an initial annual long-term incentive compensation opportunity of 300% of his annual base salary. In addition, the letter provided for Mr. Dickey to receive a one-time grant of RSUs under the 2015 Plan with a grant date fair value of approximately \$350,000, which awards will vest annually in 25% increments commencing on December 31, 2015, and a promotional cash bonus of \$150,000. Mr. Dickey's letter agreement further provided that he would be eligible to participate in the Company's 2015 Transitional Compensation Plan (or a successor plan or arrangement under which he would be eligible for a severance payment based on at least the product of (a) 3 multiplied by (b) the sum of his base salary and bonus) and the Company's Gannett Leadership Team Transition Severance Plan (or a successor plan or arrangement under which he would be eligible for a severance payment based on at least the product of (a) 3 multiplied by (b) his base salary). In addition, upon Mr. Dickey's retirement, death, full disability or termination other than for cause, he will vest 100% (rather than pro-rata) in his long-term incentive awards granted after the date of his letter agreement (with any applicable performance goals determined based on actual results over the full term of the performance period).

LETTER AGREEMENT WITH ALISON K. ENGEL

The Company's former parent entered into a letter agreement with Ms. Engel, dated April 30, 2015, setting forth the terms of her employment in connection with her promotion to Senior Vice President and Chief Financial Officer of the Company. The letter agreement entitles Ms. Engel to an initial annual base salary of \$480,000, an initial target annual bonus of 75% of her annual base salary and an initial annual long-term incentive compensation opportunity of 150% of her annual base salary. In addition, at the time of her hiring, Ms. Engel received a one-time grant of RSUs of the Company's former parent with a grant date fair value of approximately \$300,000 (which award was converted into RSUs in respect of the Company common stock) and a sign-on cash bonus of \$150,000.

LETTER AGREEMENTS WITH SHARON ROWLANDS

Ms. Rowlands is a party to a letter agreement with ReachLocal dated March 31, 2014, as amended on November 1, 2015 and August 9, 2016, which remains in effect. The letter agreement provides, among other matters, for ReachLocal to reimburse Ms. Rowlands up to \$10,000 per month for temporary living expenses for a limited period of time. The Company has agreed to continue to reimburse Ms. Rowlands for such expenses through August 2017.

In addition, in connection with the acquisition of ReachLocal, the Company entered into a letter agreement with Ms. Rowlands, dated August 2, 2016, setting forth the terms of her employment as CEO of ReachLocal following the acquisition. The letter agreement generally entitles Ms. Rowlands to an initial annual base salary of \$550,000, an

initial target annual bonus for 2016 equal to 120% of her annual base salary (to be reduced to 75% beginning in 2017), and annual long-term incentive awards (consisting of RSUs and Performance Shares) in amounts to be determined by the Committee in accordance with the Company's guidelines in effect. In addition, the letter agreement entitled Ms. Rowlands to special retention awards (consisting 50% of RSUs and 50% of cash) as described below.

In accordance with her letter agreement, Ms. Rowlands was granted the following awards in 2016:

Prorated 2016 Long-Term Incentive Award

Following the closing of the ReachLocal acquisition, Ms. Rowlands received a prorated RSU award for 2016 with an approximate value of \$145,830 as of the date of grant, with the number of shares subject to the grant determined based upon the closing price of the Company's common stock on August 11, 2016, or \$10.39 per share. This amount reflected a mid-cycle proration of 42% of the annual target grant value for Ms. Rowlands, based on the period of 2016 during which Ms. Rowlands would be employed by the Company. This award generally will vest in four equal annual installments commencing on December 31, 2016, with vested shares being delivered shortly after each vesting event. The terms of this award are generally consistent with the terms for grants made to our other NEOs on or after January 1, 2016.

Special Retention Awards

Following the closing, Ms. Rowlands also received special retention awards that together had an aggregate value of \$1,650,000. Half of such amount, or \$825,000, consisted of an RSU grant, with the number of shares subject to the grant determined based upon the closing price of the Company's common stock on August 11, 2016, or \$10.39 per share. The remaining half of such amount consisted of a \$825,000 cash retention award. Both the RSUs and the cash retention award will vest 25% on August 9, 2017 (the first anniversary of our acquisition of ReachLocal), 25% on August 9, 2018 and 50% on August 9, 2019, provided in each case that Ms. Rowlands is continuously employed until such date and has not terminated employment on or before such date, and certain other conditions set forth in the applicable

award agreement are satisfied. Ms. Rowlands' special retention awards provide for full vesting and payment upon her termination in the event that she is involuntarily terminated without cause, dies, becomes permanently disabled, or there is a material change in her responsibilities. These awards also provide for accelerated vesting in the event there is a change in control and the awards are not continued or assumed or there is a qualifying termination.

Outstanding Equity Awards at Fiscal Year-End

The following table provides information as of calendar year-end 2016 on the stock options, RSUs and Performance Shares held by the Company's NEOs that are denominated in shares of Company common stock. The table reflects the conversion of all such awards made by the Company's former parent prior to the separation into awards denominated in shares of the Company's common stock in connection with the separation, as well as the related adjustments to the exercise prices of option awards. Information regarding awards denominated in TEGNA shares that were held by the Company's NEOs is presented in footnote (6) to the table.

- (3) These RSUs are scheduled to vest in equal annual installments on December 31, 2017, December 31, 2018 and December 31, 2019. The value of these RSUs is based on the product of the number of RSUs multiplied by \$9.87, the closing price of a share of the Company's common stock on December 23, 2016.
- (4) These share numbers represent the target Performance Share awards under the Performance Share Plan for the 2015-2017 Incentive Period. If the performance conditions are met, these Performance Shares are eligible to vest on January 1, 2018. The value of these Performance Shares is estimated assuming the target number of Performance Shares is earned and multiplying the target number of Performance Shares by \$9.87, the closing price of a share of the Company's common stock on December 23, 2016.
- (5) These share numbers represent the target Performance Share awards under the Performance Share Plan for the 2016-2018 Incentive Period. If the performance conditions are met, these Performance Shares are eligible to vest on January 1, 2019. The value of these Performance Shares is estimated assuming the target number of Performance Shares is earned and multiplying the target number of Performance Shares by \$9.87, the closing price of a share of the Company's common stock on December 23, 2016.
- (6) Pursuant to the Employee Matters Agreement delivered in connection with the separation, equity awards granted by the Company's former parent prior to 2015 were converted into awards denominated both in the Company's shares and in TEGNA shares. At the end of the Company's 2016 fiscal year, NEOs held equity awards denominated in TEGNA shares as shown below in addition to the Company awards identified in the above table.

Mr. Dickey: Vested options to purchase an aggregate of 141,619 TEGNA shares at exercise prices ranging from \$12.73 to \$13.77 per TEGNA share expiring between February 2018 and February 2019; and RSUs scheduled to vest on December 31, 2017 covering 17,176 TEGNA shares. The outstanding TEGNA-based RSUs have an aggregate value of \$3,114,202 based on the \$21.99 closing price of a TEGNA share on December 23, 2016.

Mr. Zidich: RSUs scheduled to vest on December 31, 2017 covering 4,681 TEGNA shares. These outstanding TEGNA-based RSUs have an aggregate value of \$102,935 based on the \$21.99 closing price of a TEGNA share on December 23, 2016.

- (7) In connection with the acquisition of ReachLocal, Ms. Rowlands received a special award of retention RSUs that are scheduled to vest 25% on August 9, 2017, 25% on August 9, 2018 and 50% on August 9, 2019.

The following table provides information regarding RSUs and Performance Shares denominated in Company common stock that vested in 2016.

John M. Zidich	11,906	134,247
Joanne Lipman	3,898	37,850

(1) These share amounts include Performance Shares that vested based on the results of the 2014-2016 Incentive Period, which ended December 31, 2016, and were paid in shares of the Company's common stock, as well as RSUs that vested on December 31, 2016. Pursuant to the terms of the applicable award agreements, the portion of the 2015 RSU grants that vested on December 31, 2016 will not be paid out in the form of Company stock until January 2019, assuming continued employment until that date. The portion of the 2016 RSU grants that vested on December 31, 2016 was paid out in the form of Company stock after the vesting date.

(2) These amounts equal the product of the number of vested RSUs denominated in the Company's shares multiplied by \$9.71, the closing price of a share of the Company's common stock on December 30, 2016, the last trading day prior to the vesting date, plus the product of the number of Performance Shares paid out in shares of the Company's common stock for the 2014-2016 Incentive Period, which ended December 31, 2016, multiplied by \$9.71, the closing price of a share of the Company's common stock on January 27, 2017, the closing price on the date on which the Committee certified the TSR results for the performance period.

In addition to the above, certain of the NEOs also vested in RSUs denominated in TEGNA shares on December 31, 2016, as follows: Mr. Dickey: 32,407 TEGNA shares acquired, realizing approximately \$693,186 in value; and Mr. Zidich: 5,657 TEGNA shares acquired, realizing approximately \$121,003 in value. Certain NEOs also received TEGNA shares in respect of payouts of Performance

Shares for the 2014-2016 Incentive Period, which ended December 31, 2016, as follows: Mr. Dickey: 40,087 TEGNA shares acquired, realizing \$911,178 in value; and Mr. Zidich: 8,823 TEGNA shares acquired, realizing \$200,547 in value. No NEOs exercised any TEGNA stock options during 2016.

Pension Benefits

The table below shows the actuarial present value as of December 25, 2016 of accumulated benefits payable to certain of the NEOs, including the number of years of service credited to each, who participate in each of the Gannett Retirement Plan, or GRP, and the Gannett Supplemental Retirement Plan, or SERP, in each case determined using assumptions consistent with those used in our financial statements, except with respect to pre-retirement mortality, probability of turnover prior to retirement and retirement age. The table below reflects an assumed retirement age of 65 for Mr. Dickey and Mr. Zidich with respect to the SERP (with the pension amount taking into account only pay and service earned through December 25, 2016) and an immediate retirement for Mr. Dickey and Mr. Zidich with respect to the GRP. These reflect payment at the earliest point in time at which benefits are available without any reduction for age. Information regarding the GRP and SERP can be found in Compensation Discussion and Analysis under the heading Post-Termination Pay on page 34 of this Proxy Statement. Ms. Engel, Ms. Rowlands, and Ms. Lipman have never participated in the GRP or the SERP.

John M. Zidich	GRP	30.58(1)	506,908	
	SERP	39.00	5,147,477	

(1) Mr. Dickey and Mr. Zidich have fewer years of credited service under the GRP than under the SERP. As discussed in the description of the GRP beginning on page 34, participants in the GRP ceased accruing credit for additional years of service after the GRP was frozen on August 1, 2008. Mr. Dickey and Mr. Zidich continue to accrue benefits under the SERP at a reduced rate, as discussed in the description of the SERP beginning on page 34, based on actual years of service. The Company generally does not provide additional pension service credit to any executive for years not actually worked.

Non-Qualified Deferred Compensation

The Gannett Deferred Compensation Plan, or DCP, is a non-qualified plan that allows our executives to defer all or a portion of their compensation. Participant contributions that are not treated as if invested in Company stock are generally distributed in cash, and amounts that are treated as if invested in the Company’s stock are generally distributed in shares of Company’s stock or cash, at the Company’s election. Effective August 1, 2008, the DCP also provides for Company contributions for certain participants. Information regarding the DCP can be found in Compensation Discussion and Analysis under the heading Post-Termination Pay.

(1) During 2016, the Company made contributions to the DCP on behalf of Ms. Engel and Ms. Lipman in an amount equal to 5% of their respective cash compensation that exceeds the Internal Revenue Code limits on the amount of compensation that can be taken into account when calculating benefits under a qualified plan. These Company contributions are initially treated as invested in Company stock (although participants can reallocate the contributions to other designated investment options) and are distributed in cash. The amounts shown in this column reflect the Company contributions made in February 2017 for services provided by Ms. Engel and Ms. Lipman in 2016.

Benefits separately provided to individual NEOs in accordance with an agreement or other arrangement between the Company and that NEO, including Mr. Dickey's letter agreement and Ms. Rowlands's special retention awards, are not identified in the table below, but are described in Additional Information Regarding the Summary Compensation Table and the Grants of Plan-Based Awards Table on page 41 of this Proxy Statement.

The table below depicts the varying amounts that would have been payable to each NEO under the Company's compensation programs if his or her termination had occurred effective as of December 25, 2016 in each of the circumstances referenced, and assuming that each NEO participated in the 2015 Change in Control Severance Plan and Executive Severance Plan as of such date. In presenting this information, amounts earned through December 25, 2016 are referenced, taking into account, where applicable, bonuses paid in 2017 but earned as a result of 2016 performance, and, in those cases where the actual amounts to be paid out can only be determined at the time of such executive's separation, estimates of the amounts which would have been paid out to the executives upon their termination had it occurred on December 25, 2016. The amounts in the table do not include the value of RSUs that vested on December 31, 2016, or the value of Performance Shares for the 2014-2016 Incentive Period that ended on December 31, 2016. Some payments would be automatically delayed or modified if required under Section 409A of the Internal Revenue Code. In addition, receipt of severance benefits generally would be conditioned on the executive signing a separation agreement that includes a release of claims in favor of the Company and its respective affiliates, and agreement to adhere to customary post-employment restrictive covenants.

Except in connection with a change in control of the Company, the payout of these Performance Shares will not occur until after the end of the applicable Incentive Period and will be prorated for service through the end of the Company's 2016 fiscal year in the case of a termination due to death, disability or retirement (except there is no proration for Mr. Dickey). In connection with a change in control of the Company, and assuming a qualifying termination, had it

occurred on December 25, 2016, such event or transaction would have resulted in full vesting and a payout at 180% of the target amount for the grants made on January 1, 2015 for the 2015-2017 Incentive Period and 100% of the target amount for the grants made on January 1, 2016 for the 2016-2018 Incentive Period.

(2) In addition to the amounts shown in this table:

(a) in the case of Retirement/Voluntary Termination, Death, Disability or Involuntary Termination, the following NEOs would receive the following amounts with respect to RSUs settled in shares of TEGNA common stock: Mr. Dickey: \$283,275; and Mr. Zidich: \$77,201; and

(b) in the case of a change in control of the Company or TEGNA, the following NEOs would receive the following amounts with respect to RSUs settled in shares of TEGNA common stock: Mr. Dickey: \$377,700; and Mr. Zidich: \$102,935.

In each case, the amounts are calculated based on a per share stock value of \$21.99, the closing price of a share of TEGNA stock on December 23, 2016.

(3) Amounts shown in this row do not include insurance and related benefits that are available generally to all similarly situated Company employees under plans and arrangements that by their terms do not discriminate in favor of executive officers.

(4) Mr. Dickey is eligible to receive certain post-retirement benefits and perquisites: (i) legal and financial counseling services on the same basis as available to an active executive at the time his retirement terminates through April 15 of the year of retirement or the year following retirement; (ii) the ability to purchase the Company-owned car provided to the executive at the time of termination at fair market value; (iii) supplemental medical insurance coverage for the executive and his family; and (iv) the ability to recommend Gannett Foundation grants to eligible charities up to \$15,000 annually for a period of five years after retirement. If Mr. Dickey were asked to represent the Company at a function or event, he would be provided travel accident insurance. It is estimated that the expected incremental cost to the Company for these post-retirement benefits would be approximately \$50,000 during the first year and approximately \$25,000 annually thereafter. The Company reserves the right, in its sole discretion, to amend or terminate the life insurance benefit and the post-retirement perquisites from time to time, provided that any changes with respect to the benefits provided to one executive shall also apply to similarly situated executives. Mr. Dickey participates in the Key Executive Life Insurance Program (KELIP). Under the KELIP, the Company will pay premiums (or make cash payments in lieu of premiums) on individual life insurance policies to be owned by Mr. Dickey, which premiums are expected to range between approximately \$30,000-\$50,000 in 2017.

- (5) Includes \$3,848,000 in death benefits payable under insurance policies maintained by the Company. In addition, the Company would continue to provide supplemental medical insurance coverage for the eligible dependents of Mr. Dickey for the duration of the life of the eligible dependents. The Company estimates annual incremental costs for such supplemental medical insurance coverage benefits to be approximately \$21,402 for Mr. Dickey.
- (6) For the first six months of disability, disability benefits are paid at either 100% or 60% of the executive's pre-disability compensation depending on the length of the executive's service. After six months, disability benefits are paid at 60% or 50% of the executive's pre-disability compensation, depending on whether the executive elects to pay for additional coverage. Disability benefits are subject to certain conditions, limitations and offsets, and generally continue for the duration of the disability, but not beyond age 65. For those who become disabled near or after age 65, benefits may continue for a specified time beyond age 65 under the terms of the plan. The amounts set forth above represent the present value of the disability benefit applying the following assumptions: (i) the NEO incurred a qualifying disability on December 25, 2016, and the NEO remains eligible to receive disability benefits for the maximum period provided under the plan; (ii) the disability benefits are reduced by certain offsets provided for under the plan (e.g., a portion of the NEO's SERP benefits); and (iii) IRS-prescribed mortality and interest rate assumptions are used to calculate the present value of such benefits.
- (7) In addition to the payments described in the above table, if the Company undergoes a change in control, payment of benefits under the SERP and payment of post-2004 Company and participant contributions under the DCP each will be accelerated.

Table of Contents**PROPOSAL 4 APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

As required by the Dodd-Frank Act we are asking stockholders to approve, on an advisory basis, the compensation of the Company's NEOs as described in Compensation Discussion and Analysis beginning on page 20 of this Proxy Statement and the related executive compensation tables, notes and narrative.

As described in Compensation Discussion and Analysis, at the time of the separation, the Company entered into a series of agreements with its former parent, as a result of which, among other things, the Company's initial executive compensation practices generally were similar to those previously in place at the Company's former parent prior to the separation. The Company believes its executive compensation plans, principles and programs, as structured and implemented following the separation, strongly align the interests of its NEOs with those of its stockholders and also permit the Company to attract, retain and motivate talented executives. Nevertheless, as described in Compensation Discussion and Analysis, we have been evaluating our executive compensation programs since the separation in light of our compensation guiding principles, and expect our programs to evolve over time consistent with those principles. The Executive Compensation Committee oversees the Company's executive compensation programs and supports compensation policies that place a heavy emphasis on pay for performance. The Executive Compensation Committee also recognizes the importance of competitive compensation programs that are essential to recruiting and retaining the key executive talent needed to drive stockholder value. The Committee will continue to evaluate our executive compensation programs in light of these values in future years.

The Company urges you to read the Compensation Discussion and Analysis beginning on page 20 of this Proxy Statement, which describes in more detail the principles that guide the Committee's compensation decisions and the components of its executive compensation plans and programs, as well as the Summary Compensation Table and other related executive compensation tables, notes and narrative, beginning on page 38 of this Proxy Statement, which provide detailed information on the compensation of our NEOs.

The Board of Directors unanimously recommends that the stockholders of the Company vote FOR adoption of the following resolution:

RESOLVED, that the stockholders of Gannett Co., Inc. approve the compensation of the Company's named executive officers as disclosed in this Proxy Statement, including Compensation Discussion and Analysis, the compensation tables and the related discussion.

While the annual advisory vote you are being asked to cast is non-binding, the Executive Compensation Committee and the Board value the views of the Company's stockholders and will take the outcome into account when considering future compensation decisions affecting its NEOs.

DIRECTOR COMPENSATION

The compensation year for non-employee directors begins at each Annual Meeting of Stockholders and ends at the following Annual Meeting of Stockholders. The Outside Director Compensation Program in effect through the Company's 2016-2017 director compensation year provided that each non-employee director is entitled to:

an annual cash retainer of \$100,000, payable quarterly during the compensation year;

an additional annual retainer fee of \$20,000 to committee chairs (other than the chair of the Executive Committee) and an additional annual retainer fee of \$120,000 to the independent Chairman of the Board;

an annual equity award in the form of RSUs with a grant date value equal to \$125,000, granted on the first day of the director compensation year, which award vests and is eligible for dividend equivalents on the terms generally described below;

travel accident insurance of \$1,000,000;

a match from the Company Foundation of charitable gifts made by directors up to a maximum of \$10,000 each year; and

a cash deferral opportunity, using mutual fund choices and a Company stock fund.

Subject to the terms and conditions of the award agreement, each RSU granted to a Company director represents the right to receive a share of Company common stock to the extent they become vested. RSUs granted in 2016 vest in equal installments in each of August 1, November 1, February 1 and May 1 following the grant date and will receive dividend equivalents, which are deemed to be reinvested in shares of Company common stock. Once vested, these RSUs and dividend equivalents are held by the Company for the benefit of the director until the director leaves the Board, at which time shares in respect of vested RSUs and dividend equivalents are delivered to the director. RSUs granted in 2016 will fully vest if a non-employee director leaves the Board due to death, disability or the age of service limitations set forth in the Company's Bylaws. RSUs granted in 2016 also will fully vest and be paid out upon a change of control of the Company. RSUs granted in 2016 that are not vested on the date the director leaves the Board will be forfeited. RSUs to be granted in 2017 respect of the 2017-2018 director compensation year will contain different terms with respect to vesting and settlement. Specifically, awards will vest in equal installments in each of August 1, November 1, February 1 and May 1 following the grant date and will settle in shares of Gannett common stock delivered to the director on the first anniversary of the grant date.

Company directors may elect to defer their cash fees under the Company's Deferred Compensation Plan, which provides for the same investment choices, including mutual funds and a Company stock fund, made available to other Deferred Compensation Plan participants. In addition, commencing with RSUs to be granted in 2017 respect of the 2017-2018 director compensation year, directors will be permitted to defer the grant date value of the RSU award under the Deferred Compensation Plan in lieu of receiving the award.

The Company encourages directors to own, directly, beneficially, or through the Deferred Compensation Plan, a number of shares having an aggregate value of at least three times the value of the director's cash retainer. Directors are expected to hold all shares received from the Company as compensation until they meet their stock ownership guideline.

Amounts in the stock awards column represent the aggregate grant date fair value of RSU awards computed in accordance with ASC 718 based on the assumptions set forth in note 11 to the Company's 2016 audited financial statements.

(2) Represents charitable gifts matched by the Gannett Foundation pursuant to the GannettMatch program. The GannettMatch program matches eligible gifts made by Company employees and directors up to an aggregate of \$10,000 a year. Gifts must be made to eligible organizations, including tax exempt charitable organizations, tax exempt hospitals or medical centers, and tax exempt colleges, universities, graduate or professional schools, engineering or technical institutions and public and private preschools, elementary and secondary schools in the U.S. and its territories.

- (3) During 2016, Messrs. Felsing, Louis and Prophet deferred \$120,000, \$220,000, and \$120,000, respectively, of the fees such director received in the form of cash and invested those amounts in the Company stock fund of the DCP.

(1) As described elsewhere in this Proxy Statement, pursuant to the Employee Matters Agreement delivered in connection with the separation, equity awards granted by the Company's former parent prior to 2015 were converted into awards denominated both in our shares and in TEGNA shares. At the end of our 2015 fiscal year, those persons who previously served as officers and/or directors of the Company's former parent and who now serve on the Board of Directors of the Company held certain equity awards denominated in TEGNA shares identified below in addition to the Company awards identified in the above table. Awards held by Mr. Dickey that are denominated in TEGNA shares are identified in the notes to the Outstanding Equity Awards at Fiscal Year-End table included on page 43 of this Proxy Statement.

Mr. Louis: Vested options to purchase an aggregate of 45,329 TEGNA shares at exercise prices ranging from \$11.80 to \$17.37 per TEGNA share expiring between 2018 and 2021; and 447 unvested shares of TEGNA restricted stock.

Mr. Cody: Vested options to purchase an aggregate of 11,351 TEGNA shares at exercise prices ranging from \$11.80 to \$12.90 per TEGNA share expiring between 2019 and 2021; and 8,719 shares of TEGNA restricted stock (447 of which are unvested and the remainder of which are vested but will not be settled until Mr. Cody's retirement from our Board).

Mr. Prophet: 8,483 shares of TEGNA restricted stock (447 of which are unvested and the remainder of which are vested but will not be settled until Mr. Prophet's retirement from our Board).

(2) In addition to the amounts shown in the table, Mr. Kramer holds Performance Shares for the 2015-2017 Incentive Period that are denominated in the Company's shares. Assuming that the target level of performance is met for that period, Mr. Kramer would receive 7,741 Company shares. The threshold level of performance would result in his receipt of 50% of such numbers of shares, and the maximum level of performance would result in his receipt of

200% of such numbers of shares.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The table below sets forth the following information as of the end of the Company's 2016 fiscal year for (i) compensation plans previously approved by the Company's stockholders and (ii) compensation plans not previously approved by the Company's stockholders: (1) the number of securities to be issued upon the exercise of outstanding stock options, warrants and rights; (2) the weighted-average exercise price of such outstanding stock options, warrants and rights; and (3) other than securities to be issued upon the exercise of such outstanding stock options, warrants and rights, the number of securities remaining available for future issuance under the plans.

PLAN CATEGORY	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS		WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	NUMBER OF SECURITIES REMAINING AVAILABLE FOR FUTURE ISSUANCE UNDER EQUITY COMPENSATION PLANS (EXCLUDING SECURITIES REFLECTED IN COLUMN (A))
	(A)	(B)		
Equity compensation plans approved by stockholders(1)	5,637,614	\$ 5.3748(2)		5,362,386
Equity compensation plans not approved by stockholders(3)	70,228	0		429,772
Total	5,707,842			5,792,158

(1) The equity compensation plan approved by the Company's stockholders is the 2015 Plan. The number in column (a) includes 290,267 shares subject to outstanding stock options, 3,315,799 shares subject to outstanding unvested RSU grants, 66,238 shares subject to outstanding restricted stock awards and 1,965,310 shares subject to outstanding unvested Performance Share awards. The number of shares subject to outstanding unvested Performance Share awards assumes the maximum number of Performance Shares are issued upon vesting. The actual number of Performance Shares issued could be zero to 200% of the target number of Performance Shares underlying unvested awards. Assuming the target number of Performance Shares are issued, the number of shares subject to unvested Performance Share awards would be 982,655, and 6,345,041 shares would remain available for

future issuance under the Company's 2015 Plan.

- (2) Represents the weighted-average exercise price of the outstanding stock options under the 2015 Plan as adjusted in connection with the separation.
- (3) The Company's Deferred Compensation Plan, or DCP, is a non-qualified plan that provides benefits to directors and key executives of the Company. The DCP has not been approved by the Company's stockholders. The amounts elected to be deferred by each participant are credited to such participant's account in the DCP, and the Company credits these accounts with earnings as if the amounts deferred were invested in the Company's stock or other selected investment funds as directed by the participant. Amounts that are not treated as if invested in the Company's stock are distributed in cash, and amounts that are treated as if invested in the Company's stock are generally distributed in shares of stock or cash, at the Company's election. However, deferrals by directors of restricted stock or RSU grants are required to be distributed in stock under the terms of the DCP. The number in column (a) represents the number of shares credited to participants' accounts in the DCP. The DCP does not currently include any shares to be issued upon the exercise of outstanding stock options, warrants and rights as a result of deferrals of grants made under the 2015 Plan. The table above does not include any shares that may in the future be credited to participants' accounts in the DCP as a result of salary deferrals or transfers of other funds held in the plan. Participants in the DCP are general unsecured creditors of the Company with respect to their benefits under the plan.

GENERAL INFORMATION

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials, and how can I get electronic access to the proxy materials?

Pursuant to SEC rules, we may provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or to request a printed set of the proxy materials. Instructions on how to do so may be found in the Notice.

You can choose to receive future proxy materials electronically by visiting our investor relations website at <http://investors.gannett.com>. If you choose to receive future proxy materials electronically, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If I am a stockholder of record of Company shares, how do I vote?

If you are a stockholder of record, you may vote in person at the Annual Meeting. We will give you a ballot when you arrive.

You must provide your nominee with appropriate voting instructions by no later than 11:59 p.m. Central Time on May 9, 2017.

If I hold my Company shares through the Company's Dividend Reinvestment Plan or 401(k) Plan, or the TEGNA Inc. 401(k) Savings Plan, how do I vote?

If you participate in the Company's Dividend Reinvestment Plan or 401(k) Plan, or if you hold shares of the Company's common stock through the TEGNA Inc. 401(k) Savings Plan, your shares of stock in those plans can be voted in the same manner as shares held of record. To vote the shares held in either plan, you must provide appropriate voting instructions by no later than 11:59 p.m. Central Time on May 5, 2017.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

indicate when voting over the Internet or by telephone that you wish to vote as recommended by our Board of Directors; or

sign and return a proxy card without giving specific voting instructions; then the proxy holders will vote your shares in the manner recommended by our Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Table of Contents**GENERAL INFORMATION**

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under NYSE rules, the organization that holds your shares may generally vote on routine matters (such as Proposal 2 to ratify our appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2017) but cannot vote on non-routine matters (such as the uncontested director election described in Proposal 1, the proposal to approve an amendment to the Company's 2015 Omnibus Incentive Compensation Plan described in Proposal 3, and the non-binding advisory vote described in Proposal 4). If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, it will inform our Inspector of Election that it does not have the authority to vote on the matter with respect to your shares and your shares will not be voted. This is generally referred to as a broker non-vote. When our Inspector of Election tabulates the votes for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted. We therefore encourage you to provide voting instructions on each proposal to the organization that holds your shares.

Holders of Shares through the Company's Dividend Reinvestment Plan or 401(k) Plan, or the TEGNA Inc. 401(k) Savings Plan. If you do not give instructions, your shares held in the Dividend Reinvestment Plan will not be voted. All shares in the Company's 401(k) Plan or the TEGNA Inc. 401(k) Savings Plan for which no instructions are received will be voted by the trustee of such plan in the same proportion as instructions provided to the trustee by other participants in such plan.

Can I change or revoke my vote?

Yes. If you deliver a proxy by mail, by telephone or over the Internet, you have the right to revoke your proxy in writing (by mailing another proxy bearing a later date), by phone (by calling at a later time), over the Internet (by voting online at a later time), by attending the Annual Meeting and voting in person, or by notifying the Company before the Annual Meeting (by mail addressed to the Secretary at Gannett Co., Inc., 7950 Jones Branch Dr., McLean VA 22107) that you want to revoke your proxy. Submitting your vote by mail, telephone or over the Internet will not affect your right to vote in person if you decide to attend the Annual Meeting.

What are the votes required to adopt the proposals?

Each share of our common stock outstanding on the Record Date is entitled to one vote on each of the director nominees and one vote on each other matter. The following voting standards will apply to the proposals to be considered at the Annual Meeting:

To be elected, directors must receive a majority of the votes cast with respect to that director (the number of votes cast for a director nominee must exceed the number of votes cast against that nominee).

Ratification of the selection of our independent registered public accounting firm requires the affirmative vote of the majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting.

Approval of the amendment to the Company's 2015 Omnibus Incentive Compensation Plan requires the affirmative vote of the majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting.

The vote to adopt the resolution to approve the Company's executive compensation program described in this Proxy Statement (the Say-on-Pay proposal) is advisory only and non-binding on the Company. The Say-on-Pay proposal will be approved on a non-binding, advisory basis if the number of votes cast for the proposal exceeds the number of votes cast against it.

Abstentions, if any, will have no effect on the election of any director or on the Say-on-Pay proposal, but will have the same effect as votes against each of the other two proposals. Broker non-votes will have no effect on the outcome for any proposal.

How do I submit a stockholder proposal or nominate a director for election at the 2018 Annual Meeting?

To be eligible for inclusion in the proxy materials for the Company's 2018 Annual Meeting, a stockholder proposal or nomination must be submitted in writing to Gannett Co., Inc., 7950 Jones Branch Drive, McLean, Virginia 22107, Attn: Secretary and must be received by November 24, 2017. A stockholder who wishes to present a proposal or nomination at the Company's 2018 Annual Meeting, but who does not request that the Company solicit proxies for the proposal or nomination, must submit the proposal to the Company at the same address no earlier than January 10, 2018 and no later than February 9, 2018. The Company's Bylaws require that any proposal or nomination must contain specific information in order to be validly submitted for consideration.

Can stockholders and other interested parties communicate directly with our Board?

Yes. The Company invites stockholders and other interested parties to communicate directly and confidentially with the full Board of Directors, the Chairman of the Board or the non-management directors as a group by writing to the Board of Directors, the Chairman or the Non-Management Directors, Gannett Co., Inc., 7950 Jones Branch Drive, McLean, Virginia 22107, Attn: Secretary. GANNETT CO., INC.

2015 OMNIBUS INCENTIVE COMPENSATION PLAN

Introduction

In 2015, Gannett Co., Inc. separated its digital/broadcast and publishing businesses into two separate publicly traded companies. The separation occurred when Gannett Co., Inc. contributed its publishing businesses to a newly formed subsidiary, Gannett SpinCo, Inc., and distributed the stock of Gannett SpinCo, Inc. to its shareholders (the Spin-off). In connection with the Spin-off, Gannett SpinCo, Inc. was renamed Gannett Co., Inc. (the Company). The entity formerly known as Gannett Co., Inc. was renamed TEGNA Inc. (the Predecessor Company) and continues the digital/broadcast businesses.

Awards under this Plan include awards granted to employees and directors of the Predecessor Company or its affiliates under the Predecessor Company's 2001 Omnibus Incentive Compensation Plan that have been converted in connection with the Spin-off to awards under this Plan (the Adjusted Awards). The terms of such conversion are generally specified in that certain Employee Matters Agreement by and between the Company and Predecessor Company dated June 26, 2015 (the Employee Matters Agreement). Notwithstanding any other provision of this Plan or the Predecessor Plan (as defined below), no Participant shall be entitled to duplicate benefits under both such Plans with respect to the same period of service or compensation.

ARTICLE 1. ESTABLISHMENT, OBJECTIVES, DURATION AND SERVICE CREDIT

Subject to approval by the Company's stockholders, the Plan shall become effective as of June 29, 2015 (the Effective Date) and shall remain in effect as provided in Section 1.3 hereof.

1.2 Objectives of the Plan. The objectives of the Plan are to optimize the profitability and growth of the Company through annual and long-term incentives that are consistent with the Company's goals and that link the personal interests of Participants to those of the Company's stockholders, to provide Participants with an incentive for excellence in individual performance, and to promote teamwork among Participants. The Plan is further intended to provide flexibility to the Company and its Affiliates in their ability to motivate, attract, and retain the services of Participants who make significant contributions to the Company's success and to allow Participants to share in that success.

1.3 Duration of the Plan. The Plan shall commence on the Effective Date and shall remain in effect, subject to the right of the Committee to amend or terminate the

For each Employee who is employed immediately following the Effective Date by the Company or an Affiliate and each Former SpinCo Group Employee (as defined in the Employee Matters Agreement), service shall be recognized with the Predecessor Company or any of its subsidiaries or predecessor entities at or before the Effective Date, to the same extent that such service was recognized by the Predecessor Company under the Predecessor Plan prior to the Effective Date as if such service had been performed for the Company for purposes of eligibility, vesting and determination of level of benefits under this Plan.

The Committee shall have the authority to delegate administrative duties to officers of the Company.

Further, the Committee shall make all other determinations that it deems necessary or advisable for the administration of the Plan. As permitted by law and the terms of the Plan, the Committee may delegate its authority herein. No member of the Committee shall be liable for any action taken or decision made in good faith relating to the Plan or any Award granted hereunder.

3.3 Decisions Binding. All determinations and decisions made by the Committee pursuant to the provisions of the Plan and all related orders and resolutions of the Committee shall be final, conclusive, and binding on all persons, including the Company, its stockholders, Directors, Employees, Participants, and their estates and beneficiaries, unless changed by the Board.

ARTICLE 4. SHARES SUBJECT TO THE PLAN AND MAXIMUM AWARDS; ADJUSTED AND SUBSTITUTED AWARDS

4.1 Number of Shares Available for Grants; Share Counting and Recquired Shares. Subject to Sections 4.2 and 4.4, the number of Shares reserved for issuance to Participants under this Plan is twenty-one million (21,000,000) Shares. Shares issued under the Plan may be authorized but unissued shares or treasury shares.

For purposes of counting the number of Shares available for Awards under the Plan, the full number of shares of the Company's common stock covered by Freestanding SARs shall be counted against the number of Shares available for Awards (i.e., not the net Shares issued in satisfaction of a Freestanding SAR Award); provided, however, that Freestanding SARs that may be settled in cash only shall not be so counted. Additionally, if an Option may be settled by issuing net Shares (i.e., withholding a number of Shares equal to the exercise price), the full number of shares of the Company's common stock covered by the Option shall be counted against the number of Shares available for Awards, not the net Shares issued in satisfaction of an Option. If any Award (a) expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part, or (b) results in any Shares not being issued (including as a result of any Award that was settleable either in cash or in stock actually being settled in cash), the unissued Shares covered by such Award shall again be available for the grant of Awards; provided, however, in the case of Incentive Stock Options, the foregoing shall be subject to any limitations under the Code. The following Shares shall not be added back to the number of Shares available for the future grant of Awards: (i) shares of the Company's common stock tendered to the Company by a Participant to (A) purchase shares of the Company's common stock upon the exercise of an Award, or (B) satisfy tax withholding obligations (including shares retained from the Award creating the tax obligation); and (ii) shares of the Company's common stock repurchased by the Company on the open market using the

Table of Contents

proceeds from the exercise of an Award. Subject to the foregoing, the Committee shall determine the appropriate methodology for calculating the number of Shares issued pursuant to the Plan.

The maximum number of Shares which may be issued under Incentive Stock Options granted under the Plan is five million (5,000,000).

The maximum number of Shares for which Awards may be granted under this Plan to any non-employee Director in any calendar year shall be fifty thousand (50,000) Shares. For the avoidance of doubt, the foregoing limitation shall not apply to cash-based director fees that the non-employee Director elects to receive in the form of Shares or Share equivalents equal in value to such cash-based Director fees pursuant to another plan or policy of the Company.

The following rules shall apply to grants of Awards under the Plan:

- (a) **Stock Options:** The maximum aggregate number of Shares that may be granted in the form of Stock Options, pursuant to any Award granted in any one fiscal year to any one Participant shall be one million (1,000,000).
- (b) **SARs:** The maximum aggregate number of Shares that may be granted in the form of Stock Appreciation Rights, pursuant to any Award granted in any one fiscal year to any one Participant shall be one million (1,000,000).
- (c) **Restricted Stock/Stock Awards:** The maximum aggregate grant of Shares with respect to Awards of Restricted Stock or Stock Awards granted in any one fiscal year to any one Participant shall be five hundred thousand (500,000).
- (d) **Restricted Stock Units, Performance Shares, Performance Units and Cash-Based Awards:** The maximum aggregate grant with respect to Awards of Performance Shares or Restricted Stock Units made in any one fiscal year to any one Participant shall be equal to five hundred thousand (500,000) Shares; and the maximum aggregate amount awarded with respect to Cash-Based Awards or Performance Units to any one Participant in any one fiscal year may not exceed ten million dollars (\$10,000,000).

4.2 Adjustments in Authorized Shares. Upon a change in corporate capitalization, such as a stock split, stock dividend or a corporate transaction, such as any merger, consolidation, combination, exchange of shares or the like, separation, including a spin-off, or other distribution of stock or property of the Company, any reorganization (whether or not such reorganization comes within the definition of such term in Code Section 368) or any partial or complete liquidation of the Company, the Committee shall make an appropriate adjustment in the number and class of Shares that may be delivered under Section 4.1, in the number and class of and/or price of Shares subject to outstanding Awards granted under the Plan, and in the Award limits set forth in Section 4.1, as may be determined to be equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of rights.

4.3 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.2 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan; provided that, with respect to Awards that are intended to comply with the requirements of the Performance-Based Exception, no such adjustment shall be authorized to the extent that such adjustment would be inconsistent with the Award's satisfaction of the Performance-Based Exception.

4.4 Adjusted and Substitute Awards.

- (a) Notwithstanding any terms or conditions of the Plan to the contrary, (i) Substitute Awards may have substantially the same terms and conditions, including without limitation provisions relating to vesting, exercise periods, expiration, payment, forfeiture, and the consequences of termination of service, as the awards that they replace, as determined by the Committee in its sole discretion, and (ii) Adjusted Awards shall have terms consistent with those set forth in the Employee Matters Agreement, which generally provide the Adjusted Awards will have substantially the same terms and conditions, including without limitation provisions relating to vesting, exercise periods, expiration, payment, forfeiture, and the consequences of termination of Service, as the awards that they replace which were granted under the Predecessor Plan.
- (b) The recipient or holder of a Substitute Award or an Adjusted Award shall be an eligible Participant hereunder even if not an Employee or Director with respect to the Company or an Affiliate.
- (c) In the case of a Substitute Award, the date of grant may be treated as the effective date of the grant of such Award under the original plan under which the award was authorized, and in the case of an Adjusted Award, the date of grant shall be the effective date of the grant under the Predecessor Plan.
- (d) The per share exercise price of an Option that is a Substitute Award or Adjusted Award may be less than 100% of the Fair Market Value of a Share on the date of grant, provided that such substitution or adjustment complies with applicable laws and regulations, including the listing requirements of the New York Stock Exchange and Section 409A or Section 424 of the Code, as applicable. or adjustment complies with applicable laws and regulations, including the listing requirements of the New York Stock Exchange and Section 409A, as applicable.

- (e) Anything to the contrary in this Plan notwithstanding, any Shares underlying Substitute Awards or Adjusted Awards shall not be counted against the limits set forth in Section 4.1(a)-(d). Anything to the contrary in this Plan notwithstanding, any Shares underlying Substitute Awards shall not be counted against the number of Shares authorized for issuance or the maximum number of Shares which may be issued under Incentive Stock Options, and the lapse, expiration, termination, forfeiture or cancellation of any Substitute Award without the issuance of Shares or payment of cash thereunder shall not result in an increase the number of Shares available for issuance under the Plan. The Committee shall set performance goals and/or service requirements in its discretion which, depending on the extent to which they are met, will determine the number and/or value of Restricted Stock Units, Performance Units, Performance Shares and Cash-Based Awards that will be paid out to the Participant. Generally, a Participant's right to receive amounts under a Restricted Stock Unit award shall be based on the Participant's satisfaction of a service requirement and such other terms and conditions that the Committee may specify. Generally, a Participant's right to receive amounts under a Performance Unit, Performance Share or Cash-Based Award shall be based on the satisfaction of a performance requirement and such other terms and conditions that the Committee may specify. Such Shares may be granted subject to any restrictions deemed appropriate by the Committee. No fractional shares will be issued. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

Unless otherwise provided by the Committee, Participants holding Restricted Stock Units, Performance Units, or Performance Shares may be entitled to receive dividend units with respect to dividends declared with respect to the Shares underlying such Awards; provided that no dividend units may be paid on Performance Units or Performance Shares that are not earned. Such dividends may be subject to the same accrual, forfeiture, and payout restrictions as apply to dividends earned with respect to Shares of Restricted Stock, as set forth in Section 8.6 hereof, as determined by the Committee.

9.6 Nontransferability. Except as otherwise provided in a Participant's Award Agreement, Restricted Stock Units, Performance Units, Performance Shares and Cash-Based Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. year of service; provided that the Committee may adopt shorter or accelerated vesting periods: (i) in connection with terminations of employment due to death, disability, retirement or other circumstances that the Committee determines to be appropriate; (ii) in connection with a Change in Control in which the Restricted Stock Unit is not continued or assumed (e.g., the Restricted Stock Unit is not equitably converted or substituted for a restricted stock unit of the successor company); (iii) for grants made in connection with an acquisition by the Company or its Subsidiaries or Affiliates in substitution for pre-existing awards; (iv) for new hire inducement awards or off-cycle awards; or (v) to comply with contractual rights in effect on the Effective Date.

ARTICLE 10. PERFORMANCE MEASURES

Unless and until the Committee proposes for shareholder vote and shareholders approve a change in the general performance measures set forth in this Article 10, the attainment of which may determine the degree of payout and/or vesting with respect to Awards to Covered Employees that are designed to qualify for the Performance-Based Exception, the performance measure(s) to be used for purposes of such grants shall be chosen from among:

Performance measures may be set either at the consolidated level, segment level, division level, group level, or the business unit level. Additionally, performance measures may be measured either annually or cumulatively over a period of years, on an absolute basis or relative to pre-established targets, to a previous year's results or to a designated comparison group, in each case as specified by the Committee.

Unless the Committee specifies otherwise at the time the performance goals are established (and the Committee may at such time decide to limit the Extraordinary Items for which it will make adjustments, or decide to not make adjustments for any Extraordinary Items), the Committee shall adjust a performance goal established under a performance measure set forth above to take into account the effects of Extraordinary Items. Extraordinary Items means (1) items presented as such (or other comparable terms) on the Company's audited financial statements, (2) unusual, special or nonrecurring charges, costs, credits or items of gain or loss (including, without limitation, an unbudgeted material expense incurred by or at the direction of the Board of Directors or a committee of the Board or a material litigation judgment or settlement), (3) changes in tax or accounting laws or rules, and/or (4) the effects of mergers, acquisitions, divestitures, spin-offs or significant transactions (including, without limitation, a corporate merger, consolidation, acquisition of property or stock, reorganization, restructuring charge, or joint venture), each of which are identified in the quarterly and/or annual audited financial statements and notes thereto or in the management's discussion and analysis of the financial statements in a period report filed with the Securities and Exchange Commission under the Exchange Act. ARTICLE 11. BENEFICIARY DESIGNATION

The Committee may permit Participants under the Plan to name, from time to time, any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when

filed by the Participant in writing with the Company during the Participant's lifetime. If a beneficiary designation has not been made, or the beneficiary was not properly designated (in the sole discretion of the Committee), has died or cannot be found, all payments after death shall be paid to the Participant's estate. In case of disputes over the proper beneficiary, the Company reserves the right to make any or all payments to the Participant's estate.

ARTICLE 12. DEFERRALS

Subject to the requirements of Section 409A, the Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the lapse or waiver of restrictions with respect to Restricted Stock, payment of a Stock Award or the satisfaction of any requirements or goals with respect to Restricted Stock Units, Performance Units/Shares and Cash-Based Awards. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals provided that such rules must comply with the requirements of Section 409A.

ARTICLE 13. RIGHTS OF EMPLOYEES/DIRECTORS

13.1 Employment. Nothing in the Plan shall confer upon any Participant any right to continue in the Company's employ, or as a Director, or interfere with or limit in any way the right of the Company to terminate any Participant's employment or directorship at any time.

13.2 Participation. No Employee or Director shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

13.3 Rights as a Stockholder. Except as provided in Sections 8.5, 8.6 and 9.5, a Participant shall have none of the rights of a shareholder with respect to shares of Common Stock covered by any Award until the Participant becomes the record holder of such shares.

ARTICLE 14. TERMINATION OF EMPLOYMENT/DIRECTORSHIP

Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to such Participant's outstanding Award(s) following termination of the Participant's employment or directorship with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreements entered into with each Participant, need not be uniform among all Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

ARTICLE 15. CHANGE IN CONTROL

15.1 Treatment of Outstanding Awards Other than Cash-Based Awards. In the event of a Change in Control, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges, or unless the Committee specifies otherwise in the Award Agreement:

- (a) Awards to Employees will fully vest if: (i) the Awards are not continued or assumed (e.g., the Awards are not equitably converted or substituted for awards of a successor entity) in connection with the Change in Control; or (ii) the Employee has a qualifying termination of employment (as defined in the Award Agreement) within two years following the date of the Change in Control. Additionally, in the event that the Awards are not so continued or assumed in connection with the Change in Control or in the event of a qualifying termination of employment (as defined in the Award Agreement) within two years following the date of the Change in Control, then upon such Change in Control or such qualifying termination (as the case may be):
 - (i) Any and all Options and SARs granted hereunder shall become fully exercisable during their remaining term; and
 - (ii) Any restriction periods and restrictions imposed on Restricted Stock that are not performance-based shall lapse; and
 - (iii) The target payout opportunities attainable under all outstanding Awards of performance-based Restricted Stock, Performance Units and Performance Shares shall be deemed to have been fully earned for the entire Performance Period (s) as of the effective date of the Change in Control or such qualifying termination. The vesting of all such Awards denominated in Shares shall be accelerated as of the effective date of the Change in Control or such qualifying termination and shall be paid out to Participants within thirty (30) days following the effective date of the Change in Control or such qualifying termination based upon an assumed achievement of all relevant target performance goals (such payment shall be in full satisfaction of the Award). Such Awards denominated in cash shall be paid to Participants in cash within thirty (30) days following the effective date of the Change in Control or such qualifying termination based on an assumed achievement of all relevant target performance goals (such payment shall be in full satisfaction of the Award). Restricted Stock Units shall be fully vested as of the effective date of the Change in Control or such qualifying termination, and the full value of such an Award shall be paid out to Participants within thirty (30) days following the effective date of the Change in Control or such qualifying termination. Notwithstanding the foregoing, in the event that the Award is not so continued or assumed in connection with a Change in Control, the payment of a Section 409A

Table of Contents

Award will only be accelerated if the Change in Control also constitutes a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Section 409A and will not result in additional taxes under Section 409A.

15.2 Treatment of Cash-Based Awards. In the event of a Change in Control, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges, or unless the Committee shall provide otherwise in the Award Agreement or resolutions adopted by the Committee, Cash-Based Awards to Employees will fully vest if: (i) the Awards are not continued or assumed (e.g., the Awards are not equitably converted or substituted for awards of a successor entity) in connection with the Change in Control; or (ii) the Employee has a qualifying termination of employment (as defined in the Award Agreement) within two years following the date of the Change in Control. In the event that the Cash-Based Awards are not so continued or assumed or in the event of a qualifying termination of employment (as defined in the Award Agreement) within two years following the date of the Change in Control, the vesting of all outstanding Cash-Based Awards shall be accelerated as of the date of such event (and, in the case of performance-based Cash-Based Awards, based on an assumed achievement of all relevant target performance goals), and all Cash-Based Awards shall be paid to Participants in cash within thirty (30) days following the effective date of such event (such payment shall be in full satisfaction of the Award). Notwithstanding the foregoing, in the event that the Cash-Based Awards is not so continued or assumed in connection with a Change in Control, the payment of a Cash-Based Section 409A Award will only be accelerated if the Change in Control also constitutes a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Section 409A and will not result in additional taxes under Section 409A.

15.3 Limitation.

- (a) **Intention of Section 15.3:** The acceleration or payment of Awards could, in certain circumstances, subject the Participant to the excise tax provided under Section 4999 of the Code. It is the object of this Section 15.3 to enable each Participant to retain in full the benefits of the Plan and to provide for the maximum after-tax income to each Participant. Accordingly, the Company will determine, before any payments are made on Awards governed by Section 15.1, which of two alternative forms of acceleration will maximize the Participant's after-tax proceeds, and must notify the Participant in writing of its determination. The first alternative is the payment in full of all Awards governed by Section 15.1 and any other payments or benefits potentially subject to the excise tax under Section 4999. The second alternative is the payment of only a part of the Participant's Awards (but taking into account

Table of Contents

any other payments or benefits potentially subject to the excise tax under Section 4999) so that the Participant receives the largest payment and benefits possible without causing an excise tax to be payable by the Participant under Section 4999 of the Code. This second alternative is referred to in this Section as Limited Vesting .

- (b) **Limitation on Participant s Rights:** The Participant s Awards shall be paid only to the extent permitted under the alternative determined by the Company to maximize the Participant s after-tax proceeds, and the Participant shall have no rights to any greater payments on his or her Awards. For purposes of this determination, the Company shall take into account any rights or benefits the Participant has under another plan or agreement.
- (c) **Determination to be Conclusive:** The determination of whether Limited Vesting is required and the application of the rules in Section 15.4 shall initially be made by the Company in its sole discretion and any such determination shall be conclusive and binding on the Participant unless the Participant proves that it is clearly erroneous. In the latter event, such determination shall be made by the Company in its sole discretion.
- (d) **Section 409A Awards:** This Section 15.3 and Section 15.4 shall not apply to or affect a Section 409A Award, including without limitation the payment, vesting or timing of payment of a Section 409A Award. Notwithstanding the foregoing, if the only remaining Awards that are subject to the excise tax under Section 4999 that could be reduced to accomplish Limited Vesting are Section 409A Awards, then performance-based Section 409A Awards may be reduced followed by non-performance, service-based Section 409A Awards.

15.4 Limitation on Payment. Notwithstanding Section 15.1, if Limited Vesting applies then the amount paid on exercise or payment of an Award shall not exceed the largest amount that can be paid without causing an excise tax to be payable by the Participant under Section 4999 of the Code. If payments are so limited, awards shall be deemed paid in the following order:

- (a) all Options or SARs that were accelerated pursuant to Section 15.1(a) shall be deemed paid first;
- (b) all awards of Restricted Stock and Restricted Stock Units that are not performance-based shall be deemed paid; and
- (c) finally, all awards of Performance Units, Performance Shares and performance-based Restricted Stock and Cash Awards shall then be deemed paid.

As among awards or portions of awards of the same type, those vesting at the most distant time in the future (absent a Change in Control) shall be deemed paid last.

15.5 Expenses. The Company shall pay all legal fees, court costs, fees of experts and other costs and expenses when incurred by a Participant in connection with any actual, threatened or contemplated litigation or legal, administrative or other proceeding involving the provisions of Section 15.4, whether or not initiated by the Participant.

The reimbursements of such expenses and costs shall comply with the requirements of Section 409A, which generally require (i) that the amount of expenses and costs eligible for reimbursement during a calendar year may not affect the expenses and costs eligible for reimbursement in any other taxable year; (ii) the reimbursement of an eligible expense or cost is made on or before the last day of the calendar year following the calendar year in which the expense or cost was incurred; and (iii) the right to reimbursement is not subject to liquidation or exchange for another benefit.

15.6 Termination, Amendment, and Modifications of Change-in-Control Provisions. Notwithstanding any other provision of this Plan or any Award Agreement provision, the provisions of this Article 15 may not be terminated, amended, or modified on or after the date of a Change in Control to affect adversely any Award theretofore granted under the Plan and any rights or benefits provided to a Participant this Article 15 without the prior written consent of the Participant with respect to said Participant's outstanding Awards; provided, however, the Committee may terminate, amend, or modify this Article 15 at any time and from time to time prior to the date of a Change in Control.

ARTICLE 16. AMENDMENT, MODIFICATION, TERMINATION AND TAX COMPLIANCE.

16.1 Amendment, Modification, and Termination. Subject to the terms of the Plan, the Committee or the Board may at any time and from time to time, alter, amend, suspend, or terminate the Plan in whole or in part.

16.2 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award; provided that no consent is required for any amendment the Committee deems necessary or appropriate to comply with applicable legal or tax requirements.

16.3 Shareholder Approval Required for Certain Amendments. Shareholder approval will be required for any amendment of the Plan that does any of the following: (a) permits the grant of any Option with an Option Price less than the Fair Market Value of the Shares on the date of grant; (b) reduces the Option Price of an outstanding Option, either by lowering the Option Price or by canceling an outstanding Option and granting a replacement Option with a lower exercise price; (c) permits the grant of any SAR with a grant price that is less than the Fair Market

Value of the Shares on the date of grant; or (d) reduces the grant price of an outstanding SAR, either by lowering the grant price or by canceling an outstanding SAR and granting a replacement SAR with a lower exercise price.

16.4 Compliance with Code Section 162(m). At all times when Code Section 162(m) is applicable, if and to the extent the Committee so determines, Awards granted under this Plan to Employees who are or could reasonably become Covered Employees as determined by the Committee shall comply with the requirements of the Performance-Based Exception. Generally, this requires that the amount paid under such an Award be determined based on the attainment of written, objective performance goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goal relates or, if less, the number of days which is equal to 25 percent of the relevant performance period. The Committee shall determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given Participant and, if they have, shall so certify and ascertain the amount of the applicable Award. No amount will be paid for such performance period until such certification is made by the Committee. The amount actually paid to a given Participant may be less than (but not more than) the amount determined under the applicable performance formula, at the discretion of the Committee.

16.5 Compliance with Section 409A. It is intended that Awards under this Plan are either exempt from Section 409A or are structured to comply with the requirements of Section 409A. The Plan shall be administered and interpreted in accordance with that intent. By way of example, the following rules shall apply:

Any provision of the Plan that would conflict with the requirements of a Section 409A Award shall not apply to a Section 409A Award.

Any adjustment or modification to an Award shall be made in compliance with Section 409A (e.g., any adjustment to an Option or SAR under Section 4.2 shall be made in accordance with the requirements of Section 409A).

For Section 409A Awards, all rights to amend, terminate or modify the Plan or any Award are subject to the requirements and limitations of Section 409A.

For Section 409A Awards, any payment or distribution that is triggered upon termination or cessation of employment or a comparable event shall be interpreted consistent with the definition of separation from service within the meaning of Treasury Regulation Section 1.409A-1(h).

With respect to amounts payable under a Section 409A Award, in the event that a Participant is a specified employee as defined in Section 409A, any amount that is payable in connection with the Participant's separation from service

shall not be paid prior to the date which is six months after the date the Participant separates from service (or, if earlier, the date the Participant dies). A Participant who is subject to the restriction described in the previous sentence shall be paid on the first day of the seventh month after the Participant's separation from service an amount equal to the benefit that the Participant would have received during such six month period absent the restriction.

While the Company intends for Awards to either be exempt from or in compliance with Section 409A, neither the Company nor the Committee shall be liable to any person for the tax consequences of any failure to comply with the requirements of Section 409A or any other tax consequences relating to Awards under this Plan.

ARTICLE 17. WITHHOLDING

The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy the Federal statutory minimum, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan. The Participant may satisfy, totally or in part, his obligations pursuant to this Article by electing to have Shares withheld, to redeliver Shares acquired under an Award, or to deliver previously owned Shares, provided that the election is made in writing on or prior to (i) the date of exercise, in the case of Options and SAR's (ii) the date of payment, in respect of Stock Awards, Restricted Stock Units, Performance Units, Performance Shares, or Cash-Based Awards, and (iii) the expiration of the Period of Restriction, in respect of Restricted Stock. Any election made under this Article shall be irrevocable by the Participant and may be disapproved by the Committee at any time in its sole discretion. If an election is disapproved by the Committee, the Participant must satisfy his obligations pursuant to this paragraph in cash.

ARTICLE 18. SUCCESSORS

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business, stock and/or assets of the Company.

ARTICLE 19. GENERAL PROVISIONS

19.1 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

19.2 Severability. If any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

19.3 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

19.4 Securities Law Compliance. With respect to Insiders, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act, unless determined otherwise by the Board. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Board.

19.5 Listing. The Company may use reasonable endeavors to register Shares allotted pursuant to the exercise of an Option with the United States Securities and Exchange Commission or to effect compliance with the registration, qualification, and listing requirements of any national securities laws, stock exchange, or automated quotation system.

19.6 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

19.7 No Additional Rights. Neither the Award nor any benefits arising under this Plan shall constitute part of an employment contract between the Participant and the Company or any Subsidiary or Affiliate, and accordingly, subject to Section 16.2, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to liability on the part of the Company or any Affiliate for severance payments.

19.8 Employees Based Outside of the United States. Notwithstanding any provision of the Plan to the contrary, to comply with provisions of laws in other countries in which the Company, its Affiliates, and its Subsidiaries operate or have Employees, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Affiliates and Subsidiaries will be covered by the Plan or relevant subplans;
- (b) Determine which Employees employed outside the United States are eligible to become Participants in the Plan;
- (c) Modify the terms and conditions of any Award granted to Participants who are employed outside the United States;

Table of Contents

- (d) Establish subplans, modified exercise procedures, and other terms and procedures to the extent such actions may be necessary, advisable or convenient, or to the extent appropriate to provide maximum flexibility for the Participant's financial planning. Any subplans and modifications to the Plan terms or procedures established under this Section 19.8 by the Committee shall be filed with the Plan document as Appendices; and

- (e) Take any action, before or after an Award is made, which the Committee deems advisable to obtain, comply with, or otherwise reflect any necessary governmental regulatory procedures, exemptions or approvals, as they may affect this Plan, any subplan, or any Participant.

19.9 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

19.10 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts located in the Commonwealth of Virginia, County of Fairfax, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.
