PROXY STATEMENT

This Proxy Statement is being furnished to the shareholders of Linens 'n Things, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Shareholders of the Company to be held on Wednesday, May 2, 2001, at 11:00 a.m., at 6 Brighton Road, Clifton, New Jersey and at any postponement or adjournment (the "Annual Meeting"). At the Annual Meeting, shareholders of the Company are being asked to consider and vote on the election of one director for a three year term.

This Proxy Statement, Notice of Meeting and accompanying proxy are first being mailed to shareholders on or about March 30, 2001.

GENERAL

The holders of record of shares of the Company's Common Stock at the close of business on March 8, 2001 are entitled to vote such shares at the Annual Meeting. On March 8, 2001, there were outstanding 40,474,194 shares of Common Stock.

The presence in person or by proxy of the holders of a majority of the shares outstanding on the record date is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Each shareholder is entitled to one vote, in person or by proxy, for each share of Common Stock held as of the record date on each matter to be voted on. Abstentions and broker non-votes are included in determining whether a quorum is present. Broker non-votes occur when a broker returns a proxy but does not have authority to vote on a particular proposal.

Edgar Filing: LINENS N THINGS INC - Form DEF 14A

Shares of Common Stock represented by a properly executed proxy received in time for the Annual Meeting will be voted as specified in the proxy, unless the proxy has previously been revoked. Unless contrary instructions are given in the proxy, it will be voted for the persons designated in the proxy as the Board of Directors' nominees for director and, with respect to any other matter properly submitted to shareholders at the Annual Meeting, as recommended by the Board of Directors or, if no recommendation is given, in its discretion.

Shareholders may vote by completing and mailing the proxy card. A proxy may be revoked prior to the exercise of the proxy either by submitting written revocation of that proxy to the Corporate Secretary or by submitting a new proxy bearing a later date via proxy card. A proxy may also be revoked by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy.

2

This proxy solicitation is being made on behalf of the Company and the expense of preparing, printing and mailing this Proxy Statement and proxy is being paid by the Company. In addition to use of the mails, proxies may be solicited personally or by telephone, facsimile or electronic mail by regular employees or directors of the Company without additional compensation. The Company will reimburse banks, brokers and other custodians, nominees and fiduciaries for their costs in sending proxy materials to the beneficial owners of Common Stock.

MULTIPLE COPIES OF ANNUAL REPORT AND PROXY STATEMENT

When more than one holder of Common Stock share the same address, the Company may deliver only one annual report and one proxy statement to that address unless the Company has received contrary instructions from one or more of those shareholders. Similarly, brokers and other intermediaries holding shares of Common Stock in "street name" for more than one beneficial owner with the same address may deliver only one annual report and one proxy statement to that address if they have received consent from the beneficial owners of the stock.

The Company will deliver promptly upon written or oral request a separate copy of the annual report and proxy statement to any shareholder, including a beneficial owner of stock held in "street name," at a shared address to which a single copy of either of those documents was delivered. If your shares are held in "street name" and you want to increase or decrease the number of copies of the annual report and proxy statement delivered to your household in the future, you should contact the broker or other intermediary who holds the shares on your behalf.

ITEM 1

ELECTION OF DIRECTOR

(PROPOSAL 1 ON THE PROXY CARD)

GENERAL. The Board of Directors currently consists of five members and is divided into three classes approximately equal in size. Directors are generally elected for three year terms on a staggered term basis, so that each year the term of office of one class will expire and the terms of office of the other classes will extend for additional periods of one and two years respectively. This year's nominee has been nominated to serve for a three year term expiring in 2004. The Company has inquired of the nominee and determined that he will serve if elected. If for any reason the nominee is not available for election, which is not expected, the proxy committee may vote for such substitute nominee as may be recommended by the Board of Directors.

Directors are elected by the affirmative vote of a plurality of the votes cast at the Annual Meeting and entitled to vote. Abstentions are not counted as votes cast and have no effect on the outcome.

The nominee is a current director of the Company. Set forth below is a description of the background of the nominee. Also set forth below is a description of the background of the existing directors whose terms of office extend beyond the Annual Meeting. The Board of Directors recommends that shareholders vote "FOR" the Company's nominee for director.

* Mr. Silverstein was promoted from Executive Vice President, Chief Merchandising Officer to President in March 2001.

(1) Awards under the Company's long term incentive plan ("LTIP") were made for fiscal 2000 based on each executive officer having exceeded certain preestablished performance objectives based on earnings and net return on assets over a 3 year period. The LTIP awards for fiscal 2000 were made 50% in restricted stock and 50% in deferred cash awards. The deferred cash awards are to be invested in Common Stock by the plan trustee under the Company's deferred compensation plan. The LTIP awards for fiscal 2000 vest two years from the award date. The restricted stock awards under the LTIP for fiscal 2000 for each of the named executives are: Mr. Axelrod, 26,490 shares; Mr. Silverstein, 11,584 shares; Mr. Scullin, 5,792 shares; Mr. Silva, 6,229 shares; and Mr. Giles, 6,951 shares. Mr. Axelrod was also awarded 46,640 shares of deferred stock on the effective date of his Employment Agreement which vest in 25% increments over three years, beginning with the date of grant. The number and value of all restricted stock holdings at the end of fiscal 2000 are: Mr. Axelrod, 108,090 shares, \$2,986,527; Mr. Silverstein, 31,439 shares, \$868,660; Mr. Scullin, 17,292 shares, \$477,778; Mr. Silva, 18,030 shares, \$498,169; and Mr. Giles, 17,665 shares, \$488,084. Holders of restricted stock are entitled to receive dividends, if any, on restricted stock.

(2) For fiscal year 2000 represents amounts contributed under the Company's 401(k) profit sharing plan. In addition, for Mr. Axelrod, the fiscal 2000 amount includes the present value cost of \$344,024 of the Company's portion of fiscal 2000 premiums for split-dollar insurance above the term coverage level, \$12,494 of imputed income associated with the term portion of the split-dollar arrangement and \$12,962 of related tax reimbursement obligations.

OPTION GRANTS IN LAST FISCAL YEAR. The table below sets forth certain information concerning stock options granted during fiscal 2000 by the Company to the named executive officers.

(1) Options were granted at fair market value and vest and become exercisable in 25% annual increments.

(2) The hypothetical present values on grant date are calculated under the modified Black-Scholes Model, which is a mathematical formula used to value options traded on stock exchanges. This formula considers a number of factors in hypothesizing an option's present value. Factors used to value options granted include the stock's expected volatility rate (55%), risk free rate of return (5.12%), dividend yield (0%), projected time of exercise (6 years) and projected risk of forfeiture and non-marketability for the vesting period (6.29% per annum).

EMPLOYMENT AGREEMENTS AND CHANGE IN CONTROL AGREEMENTS; OTHER EXECUTIVE AGREEMENTS.

The Company has employment agreements with each of the named executive officers (the "Employment Agreements"). The following briefly summarizes the principal terms of the Employment Agreements, all of which became effective in fiscal 2000.

The period of employment under the Employment Agreements extends initially for approximately four years subject to automatic one-year extensions at the end of the initial term unless the executive fails to seek renewal or the Company gives notice of non-renewal. A Company notice of non-renewal prior to the executive reaching age 60 would constitute a constructive termination of the executive without cause. During Mr. Axelrod's employment term he may relinquish any or all of his executive officer positions and if he relinquishes all such executive officer positions he has agreed to remain in the Company's employ in an appropriate capacity at reduced compensation until age 60. The Employment Agreements generally provide for payment of an annual base salary that will be reviewed at the discretion of the Compensation Committee, but may not be decreased from the amount in effect for the previous year. The Employment Agreements also include provisions concerning annual incentive compensation with minimum target annual incentive awards (not less than 70% of base salary for Mr. Axelrod, 50% for Mr. Silverstein and 40% for the other executives) and long-term incentive compensation with a minimum target award opportunity (not less than 35% of base salary for Mr. Axelrod, 30% for Mr. Silverstein and 25% for the other executives).

10

The Employment Agreements generally provide for (i) in the event the executive's employment is terminated other than for cause or by voluntary termination, continued payment of salary and annual incentive compensation at target levels for 30 months for Mr. Axelrod, 24 months for Mr. Silverstein and 18 months for the other executives, continuation of certain benefits (or service credit or a lump sum cash amount equivalent to) 30 months for Mr. Axelrod, 24 months for Mr. Silverstein and 24 months for the other executives; (ii) certain restrictive covenants including non-competition, non-disclosure, non-solicitation of employees and availability for litigation support; (iii) participation in certain benefit plans and programs (including retirement benefits, disability and life insurance, medical benefits and, in the case of Mr. Axelrod, a supplemental executive retirement benefit and split dollar life insurance benefit); and (iv) deferred compensation arrangements.

Edgar Filing: LINENS N THINGS INC - Form DEF 14A

In the event of a "change in control," the Employment Agreements generally provide lump sum severance benefits equal to 2 times (2.99 for Mr. Axelrod and 2.5 times for Mr. Silverstein) annual base salary and target bonus, continued participation in certain benefit plans for (or service credit or a cash benefit thereunder equivalent to) 36 months for Mr. Axelrod, 30 months for Mr. Silverstein and 24 months for the other executives (and, in the case of health benefits for Mr. Axelrod, until age 60 at Company cost), vesting of outstanding options, restricted or deferred stock awards and long-term incentive awards and the right in certain cases to exercise vested options for the remainder of the term of the options. In addition, in the case of voluntary termination, the Company may elect to pay the executive over a 12-month period an amount equal to the executive's annual base salary and target annual bonus in exchange for the executive's agreement not to compete with the Company for a period of one year. Upon a termination for cause, the executives have agreed not to compete with the Company for a period of one year.

A "change in control" is defined to include a variety of events, including significant changes in the stock ownership of the Company or a significant subsidiary, certain changes in the Company's Board of Directors, certain mergers and consolidations of the Company or a significant subsidiary, and the sale or disposition of all or substantially all the consolidated assets of the Company. "Cause" is defined generally as a breach of the restrictive covenants contained in the Employment Agreements, certain felony convictions, or willful acts or gross negligence that are materially damaging to the Company.

If payments under the Employment Agreements following a change in control are subject to the golden parachute excise tax, the Company will make an additional gross-up payment sufficient to ensure that the net after-tax amount retained by the executive (taking into account all taxes, including those on the gross-up payment) is the same as it would have been had such excise tax not applied. The Employment Agreements obligate the Company to indemnify the executives to the fullest extent permitted by law, including the advancement of expenses, and, in the case of Mr. Axelrod and Mr. Silverstein, generally provides that the Company will reimburse Mr. Axelrod and Mr. Silverstein for expenses incurred in seeking enforcement of his Employment Agreement, unless the assertion of such rights is in bad faith or frivolous.

11

The Company also has a supplemental executive retirement benefit for Mr. Axelrod, which will provide annual retirement benefits, commencing at or after age 55, to Mr. Axelrod following his retirement from active service. The net annual benefit under the plan is determined based on three primary components: (i) 1.6% of final average compensation, times (ii) years of service, reduced by (iii) a "reduction amount" ranging from \$38,000 (assuming retirement were to occur at age 47) to \$530,000 (assuming retirement were to occur at or following age 55). In no event will the annual benefit amount exceed 50% of final average compensation. "Final average compensation" means the average of the participant's base salary and bonus compensation (excluding equity compensation) for the three years (which need not be consecutive) with the Company or its affiliates that yield the highest average compensation. Mr. Axelrod currently has 13 years of credited service. Assuming a twenty percent increase in final average compensation from the highest annual covered compensation in the Summary Compensation Table above and assuming retirement from service at age 60, the estimated annual retirement benefit payable by the Company under the plan would be approximately \$90,800. There is no offset for social security benefits. In addition, in the case of Mr. Silverstein, in the event his employment is terminated "without cause" he will be entitled to sufficient additional service credit in order to qualify for the

Edgar Filing: LINENS N THINGS INC - Form DEF 14A

required ten years of service credit under the SERP.

The Company also has a collateral assignment split dollar insurance arrangement with Mr. Axelrod. See footnote (2) to Summary Compensation Table above. The Company pays an annual premium under the policy until the earlier of age 55 or Mr. Axelrod's retirement. The arrangement is designed so that the Company ultimately receives back from the policy value (the "Company Amount") the sum of all annual premium payments made by the Company, plus an interest factor of 3.4% annually. Mr. Axelrod's interest in the cash value and death benefit value under the policy is equal to the total policy value minus the Company Amount as calculated above.

REPORT ON COMPENSATION OF EXECUTIVE OFFICERS

Compensation decisions for the Company's Chief Executive Officer and the other named executive officers for fiscal 2000 were reviewed and determined by the Compensation Committee.

The overall objectives of the Company's executive compensation program are to attract and retain the highest quality executives to manage and lead the Company, and to provide annual and long-term incentives to management, based on both Company performance and individual performance, in order to build and sustain value for shareholders.

The Company's executive compensation program for fiscal 2000 was reviewed and approved by the Compensation Committee. A national compensation consultant is regularly retained by the Compensation Committee to assist in reviewing competitive compensation programs for the Company in connection with the Company's senior officers, including the Chief Executive Officer and each of the other named executive officers as well as other members of the management group. This review includes compensation levels reported for senior executives of a survey group of retailers. The survey group is not the same group of companies included in the Peer Group index set forth in the Company's Performance Graph below because, in the view of the Compensation Committee and its compensation consultant, such survey group is not necessarily the most representative group for purposes of determining competitive compensation

12

pay practices for the senior executives. The Compensation Committee reviews the competitiveness of the Company's executive compensation practices on an annual basis.

ANNUAL BASE SALARY. Annual base salaries for the Chief Executive Officer and the other named executives were initially established at approximately the mean of the range of salaries considered in the survey group, with increases through fiscal 2000 made by the Compensation Committee based on its view of appropriate, competitive annual base salary levels for such executives. Actual total remuneration levels may range below or above target in any one year and over a period of years, based on performance against annual and long-term goals and return to shareholders. Under employment agreements with each of the named executive officers base salary may not be decreased from the amount in effect for the previous year.

INCENTIVE AWARDS. The Company's incentive program provides for cash bonuses based on performance relative to predetermined objectives

Edgar Filing: LINENS N THINGS INC - Form DEF 14A

established for the year. For fiscal 2000, the target award rate was 70% for the Chief Executive Officer, 50% for Mr. Silverstein, and 40% for each of the other named executive officers. Larger awards may be made if performance exceeds predetermined objectives. Smaller or no awards may be made if performance falls below such objectives. Eligible members of management, including the Chief Executive Officer and the other executive officers, can defer receipt of a portion of their incentive award. For fiscal 2000, incentive bonuses payable to the Chief Executive Officer and the other named executives were based on specific earnings objectives established by the Compensation Committee in early 2000. Actual fiscal 2000 incentive awards were determined to be 70% of the target levels for each of the executive officers (see Summary Compensation Table above).

STOCK BASED COMPENSATION. The Board of Directors and the Compensation Committee are of the view that stock ownership or its equivalent by management aligns the interest of management with the Company's shareholders. Stock options are granted at fair market value and are intended to align executive compensation opportunities with shareholder returns. Stock options granted during fiscal 2000 were part of the Compensation Committee's customary annual review and these option grants were made at levels which the Compensation Committee determined to be appropriate long-term equity-based incentives to such executives. In determining the specific levels of individual option grants for fiscal 2000, including the Chief Executive Officer and each of the other executive officers, the Compensation Committee considered and weighed a number of factors, including annual stock option grant levels of the peer group of retail companies, past levels of annual option grants to Company executives, the executive's position, salary and performance levels, and projected stock option grant values. These stock options vest in 25% increments over four years from date of grant. Stock options are intended to provide long term compensation incentive, and future grants of options or other awards will be periodically reviewed and determined by the Compensation Committee. In connection with his execution of a new employment agreement with the Company during fiscal 2000, Mr. Axelrod was awarded 46,640 shares of deferred stock in consideration of his exemplary performance on behalf of the Company.

Awards under the Company's long term incentive plan ("LTIP") were made for fiscal 2000 by the Compensation Committee to the named executive officers based on such executives having exceeded certain preestablished performance objectives based on earnings and net return on assets for the 3 year period ending June 30, 2000, with Mr. Axelrod receiving an award equivalent to approximately 200% of base salary, Mr. Silverstein receiving an award equivalent to

13

approximately 170% of base salary and Messrs. Scullin, Silva and Giles receiving awards equivalent to approximately 140% of base salary. The LTIP awards for fiscal 2000 were made 50% in restricted stock and 50% in deferred cash awards (which cash awards are required to be invested in Company stock by the plan trustee under the Company's deferred compensation plan).

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). Section 162(m) of the Internal Revenue Code generally allows a deduction to publicly traded companies for certain qualifying performance-based compensation. Section 162(m) disallows a deduction to the extent of excess non-performance based compensation over \$1 million paid to the Chief Executive Officer or to any of the four other most highly compensated executive officers. The Company believes

Edgar Filing: LINENS N THINGS INC - Form DEF 14A

that Section 162(m) deduction limits for fiscal 2001 will not be applicable or, if applicable, would not be material in terms of net financial effect and therefore the Company does not intend to seek to restructure any fiscal 2001 compensation arrangements. The Company and the Compensation Committee will continue to monitor this matter.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is comprised entirely of independent outside directors. Its primary function is to oversee the Company's system of internal controls, financial reporting practices and audit function to ensure their quality, integrity and objectivity. The Board of Directors has adopted and approved a written charter for the Audit Committee attached as Exhibit A.

For fiscal 2000, the Audit Committee reviewed the overall audit scope, plans and results of the audit engagement. The Committee also met separately without management present with both the internal auditor and the independent auditors to discuss the year's audit. In addition, the Committee reviewed and discussed the Company's annual financial statements with management before issuance.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by SAS 61, COMMUNICATION WITH AUDIT COMMITTEES, of the Auditing Standards Board of the American Institute of Certified Public Accountants, to the extent applicable. The Audit Committee has also received and reviewed the written disclosures and confirmation from the independent auditors required by Independence Standards Board Standard No. 1, INDEPENDENCE DISCUSSIONS WITH AUDIT COMMITTEE, of the Independence Standards Board, and has discussed with the auditors the auditors' independence.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year 2000.
