Dear Shareholder:

I would like to extend an invitation for you to join us at our annual meeting of shareholders on June 1, 2012 at 11:00 a.m. at the Thomasville Municipal Auditorium in Thomasville, Georgia for the following purposes, as more fully described in this proxy statement:

to elect four nominees as directors of the company to serve for a term of three years;

to hold an advisory vote on executive compensation; and

to ratify PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2012.

In addition, Flowers Foods' senior management team will report on the performance of the company and respond to questions from shareholders.

The company has implemented the Securities and Exchange Commission' Notice and Access' rule that permits companies to send their shareholders a Notice that proxy materials are available' in electronic form on the Internet or in printed form by request' instead of mailing a printed proxy statement and annual report to every shareholder. By utilizing Notice and Access, we are able to speed delivery of the proxy materials, lower our distribution costs and reduce the environmental impact of proxy delivery. On April 20, 2012, we mailed to our shareholders a notice that contains instructions on how to access our 2012 proxy statement and annual report and vote online or to affirmatively elect to receive the proxy materials by mail.

Please carefully review the proxy materials. Your vote is important to us and to our business. I encourage you to vote using telephone or Internet voting prior to the annual meeting, so that your shares of Flowers Foods will be represented and voted at the annual meeting even if you cannot attend. If you elected to receive paper copies of the proxy materials by mail, you may vote by signing, dating and mailing the proxy card in the envelope provided.

I hope to see you in Thomasville.

George E. Deese
Chairman of the Board and

Chief Executive Officer

PROXY STATEMENT

FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD

JUNE 1, 2012

This proxy statement and the accompanying form of proxy are being furnished to the shareholders of Flowers Foods, Inc. on or about April 20, 2012 in connection with the solicitation of proxies by our board of directors for use at the annual meeting of shareholders to be held on June 1, 2012 at 11:00 a.m. Eastern Time at the Thomasville Municipal Auditorium, 144 East Jackson Street, Thomasville, Georgia, and any adjournment or postponement of the meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will:

vote to elect four nominees as Class II directors of the company to serve for a term of three years;

hold an advisory vote on executive compensation; and

vote on the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm for Flowers Foods for the fiscal year ending December 29, 2012.

The shareholders will also transact any other business that may properly come before the meeting and any adjournment or postponement of the meeting. In addition, Flowers Foods' senior management team will report on the performance of the company and respond to questions from shareholders.

How does the board of directors recommend that I vote on each proposal?

The board of directors recommends that you vote:

FOR the election of the four director-nominees to serve as Class II directors until 2015;

FOR the approval, on an advisory basis, of the compensation of certain of the company's executive officers; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 29, 2012.

What is a proxy?

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

A proxy is your legal designation of another person to vote the shares of Flowers Foods common stock you own as of the record date for the annual meeting. If you appoint someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have designated three of our executive officers as proxies for the annual meeting. These three officers are George E. Deese, our chairman of the board and chief executive officer, R. Steve Kinsey, our executive vice president and chief financial officer and Stephen R. Avera, our executive vice president, secretary and general counsel.

Are the proxy materials available electronically?

Yes. Under Securities and Exchange Commission rules, Flowers Foods is making this proxy statement and its 2011 annual report available to its shareholders electronically via the Internet at www.edocumentview.com/FLOF.

Table of Contents

On April 20, 2012, we mailed to our shareholders a Notice containing instructions on how to access this proxy statement and our 2011 annual report online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Rather, the Notice instructs you on how to access and review all of the important information contained in the proxy statement and annual report on the Internet. The Notice also instructs you on how you may submit your proxy vote over the Internet.

If you received a Notice by mail but would like to receive a printed copy of the proxy statement and 2011 annual report, please follow the instructions contained on the Notice.

Who can vote?

To be eligible to vote, you must have been a shareholder of record of the company's common stock at the close of business on March 30, 2012, which is the record date for the annual meeting. There were 135,893,809 shares of our common stock outstanding and entitled to vote on the record date.

How many votes do I have?

You are entitled to one vote on each of the four director-nominees, and one vote on each other matter to be voted upon at the annual meeting, for each share of common stock you held on the record date for the annual meeting. For example, if you owned 100 shares of our common stock on the record date, you would be entitled to 100 votes for each of the four director-nominees and for each other matter to be voted upon at the annual meeting.

How do I vote?

You can vote in the following ways:

Voting by Mail. If you elect to receive your proxy materials by mail, you may vote by completing and signing the enclosed proxy card and promptly mailing it in the enclosed postage-paid envelope. The envelope does not require additional postage if you mail it in the United States.

Internet Voting. If you have Internet access, you may vote your shares from any location in the world by following the "Vote by Internet" instructions set forth on the Notice or the proxy card.

Telephone Voting. You may authorize the voting of your shares by following the "Vote by Telephone" instructions set forth on the proxy card.

Vote at the Meeting. If you attend the annual meeting and you are a registered shareholder, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot, which will be available at the annual meeting. If your shares are held in "street name" through a broker, bank or other record holder, to be eligible to vote your shares in person, you must obtain a legal proxy from your bank, broker or agent that specifies the number of shares you owned on the record date and bring the legal proxy with you to the annual meeting.

By executing and returning your proxy (either by returning the proxy card or by submitting your proxy electronically via the Internet or by telephone), you appoint George E. Deese, R. Steve Kinsey and Stephen R. Avera to represent you at the annual meeting and to vote your shares at the annual meeting in accordance with your voting instructions. The Internet and telephone voting procedures are designed to authenticate shareholder identities, to allow shareholders to give voting instructions and to confirm that shareholders' instructions have been recorded properly. Any shareholder voting by Internet should understand that there may be costs associated with electronic access, like usage charges from Internet access and telephone or cable service providers, that must be paid by the shareholder.

Table of Contents

If I am a registered holder, what if I do not give any instructions on a particular matter described in this proxy statement when voting by mail?

Registered shareholders should specify their choice for each matter on the proxy card. If no specific instructions are given, proxies that are signed and returned will be voted **FOR** the election of each director-nominee, the approval, on an advisory basis, of the compensation of certain of the company's executive officers, and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ended December 29, 2012.

Can I change my vote after I have mailed my proxy card or after I have authorized the voting of my shares over the Internet or by telephone?

Yes. You can change your vote and revoke your proxy at any time before the polls close at the annual meeting by doing any one of the following things:

Signing and delivering to our corporate secretary another proxy with a later date;

Giving our corporate secretary a written notice before or at the annual meeting that you want to revoke your proxy; or

Voting in person at the annual meeting.

Your attendance at the annual meeting alone will not revoke your proxy.

How do I vote my 401(k) shares?

If you participate in the Flowers Foods, Inc. 401(k) Retirement Savings Plan and you received the Notice, you may vote by Internet or telephone as previously described in this proxy statement. Alternatively, you may elect to receive your proxy materials by mail by calling the number on the Notice and vote by signing and returning your proxy card or by Internet or telephone as previously described in this proxy statement. By voting, you will direct Putnam Fiduciary Trust Company, the Trustee of the 401(k) plan, how to vote the Flowers Foods, Inc. common shares allocated to your account. Any unvoted or unallocated shares will be voted by the Trustee in the same proportion on each proposal as the Trustee votes the shares of stock credited to the 401(k) plan participants' accounts for which the Trustee receives voting directions from the 401(k) plan participants. The number of shares you are eligible to vote is based on the number of shares in your account on the record date for the annual meeting.

Can I vote if my shares are held in street name by a bank or broker?

If your shares are held in street name through a broker, bank or other holder of record, you will receive instructions from the registered holder that you must follow in order for your shares to be voted for you by that record holder. Telephone and Internet voting are also offered to shareholders who own their Flowers Foods shares through certain banks and brokers. The election of directors (Proposal I) and the advisory proposal to approve executive compensation (Proposal II) are considered non-discretionary matters under applicable rules. A broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker non-votes on Proposal I and Proposal II. Therefore, it is important that you follow the voting instructions sent to you by the registered holder of your shares held in street name if you want your vote to be counted.

What constitutes a quorum?

The holders of at least a majority of the shares of our common stock entitled to vote at the annual meeting are required to be present in person or by proxy to constitute a quorum for the transaction of business.

Abstentions and broker non-votes will be counted as present in determining whether the quorum requirement is satisfied but will not be included in vote totals and will not affect the outcome of the vote. A non-

Table of Contents

vote occurs when a nominee holding shares for a beneficial owner does not vote on a proposal because the nominee has not received instructions from the beneficial owner and does not have discretionary power to vote. The aggregate number of votes cast by all shareholders present in person or represented by proxy at the meeting, whether those shareholders vote for or against the proposals, will be counted for purposes of determining the minimum number of affirmative votes required for approval of the proposals, and the total number of votes cast for each of these proposals will be counted for purposes of determining whether sufficient affirmative votes have been cast.

What vote is required for each matter to be voted upon at the annual meeting?

Once a quorum has been established, with respect to Proposal I, the four director-nominees in Class II receiving the highest number of votes cast at the annual meeting will be elected, regardless of whether that number represents a majority of the votes cast. Approval of Proposal II and Proposal III requires the affirmative vote of the holders of a majority of the shares of our common stock present at the meeting in person or by proxy.

Will any other business be conducted at the annual meeting or will other matters be voted on?

At this time, our board of directors does not know of any other business to be brought before the meeting, but if any other business is properly brought before the meeting, the persons named as proxies, Messrs. Deese, Kinsey and Avera, will exercise their judgment in deciding how to vote or otherwise act at the annual meeting with respect to that matter or proposal.

Where can I find the voting results from the annual meeting?

We will report the voting results on Form 8-K, which we expect to file with the Securities and Exchange Commission (SEC) on or before June 7, 2012.

How and when may I submit a shareholder proposal for the 2013 annual meeting?

For information on how and when you may submit a shareholder proposal for the 2013 annual meeting, please refer to the section entitled Shareholder Proposals in this proxy statement.

Who pays the costs of soliciting proxies?

We will pay the cost of soliciting proxies. We have engaged Okapi Partners LLC to assist in the solicitation of votes for a fee of \$8,500, plus out-of-pocket expenses. In addition, our directors and officers may solicit proxies in person, by telephone or facsimile but will not receive additional compensation for these services. Brokerage houses, nominees, custodians and fiduciaries will be requested to forward soliciting material to beneficial owners of stock held of record by them, and we will reimburse those persons for their reasonable expenses in doing so.

How can I obtain an Annual Report on Form 10-K?

The notice of the annual meeting, the proxy statement and the Annual Report are available on the Internet at www.edocumentview.com/FLOF. You may also receive a copy of the annual report free of charge by sending a written request to Flowers Foods, Inc., 1919 Flowers Circle, Thomasville, Georgia 31757, Attention: Investor Relations Department.

If you elected to receive your proxy materials by mail, a copy of Flowers Foods Annual Report, which includes our Form 10-K and our financial statements for the fiscal year ended December 31, 2011, is included in the mailing of this proxy statement.

Table of Contents

The Annual Report does not form any part of the material for the solicitation of proxies.

Can I elect to receive future Notices and proxy materials electronically?

Yes. If you are a registered shareholder or if you participate in the Flowers Foods, Inc. 401(k) Retirement Savings Plan, go to the company's website, www.flowersfoods.com, and follow the instructions for signing up for electronic delivery of proxy materials. Those shareholders signing up for this service will receive all future proxy materials, including the Notice, proxy statement and annual report electronically. Please call Lisa Hay, our manager of shareholder relations, at (229) 226-9110 if you need assistance.

If you hold your shares in a brokerage account or bank you may also have the opportunity to receive these documents electronically. Please contact your brokerage service, bank or financial advisor to make arrangements for electronic delivery of your proxy materials.

If I cannot attend the annual meeting, will a webcast be available on the Internet?

Shareholders can listen to a live audio webcast of the annual meeting over the Internet on the company's website at www.flowersfoods.com. This webcast also will be archived on the site.

We have included the website address for reference only. The information contained on our website is not incorporated by reference into this proxy statement and does not form any part of the materials used for the solicitation of proxies.

Who should I contact if I have any questions?

If you have any questions about the annual meeting or your ownership of our common stock, please contact Marta J. Turner, our executive vice president of corporate relations, at the above address or by calling (229) 226-9110.

CORPORATE GOVERNANCE

General

We believe that good corporate governance is essential to ensure that our company is effectively managed for the long-term benefit of our shareholders. We have thoroughly reviewed our corporate governance policies and practices and compared them with those recommended by corporate governance advisors and the practices of other publicly-held companies.

Based upon this review we have adopted the following corporate governance documents:

Corporate Governance Guidelines

Audit Committee Charter

Compensation Committee Charter

Nominating/Corporate Governance Committee Charter

Finance Committee Charter

Code of Business Conduct and Ethics for Officers and Members of the Board of Directors

Stock Ownership Guidelines for Executive Officers and Non-Employee Directors

Flowers Foods, Inc. Employee Code of Conduct

Disclosure Policy

You can access the full text of all these corporate governance documents on our website at www.flowersfoods.com by clicking on the Investor Center tab and selecting Corporate Governance. You can also receive a copy of these documents by writing to Flowers Foods, Inc., 1919 Flowers Circle, Thomasville, Georgia 31757, Attn: Investor Relations Dept.

Determination of Independence

Pursuant to our corporate governance guidelines, the nominating/corporate governance committee and the board of directors are required to annually review the independence of each director and director-nominee. During this review, transactions and relationships among each director or any member of his or her immediate family and the company are considered, including, among others, all commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships and those reported in this proxy statement under Transactions with Management and Others. In addition, transactions and relationships among directors or their affiliates and members of senior management and their affiliates are examined. The purpose of this annual review is to determine whether each director meets the applicable criteria for independence in accordance with the New York Stock Exchange Listed Company Manual (NYSE Rules) and our corporate governance guidelines. Only those directors who meet the applicable criteria for independence and the board of directors affirmatively determines have no direct or indirect material relationship with the company are considered independent directors.

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

As part of our corporate governance guidelines, we have adopted categorical standards which provide that certain relationships will be considered material relationships and will preclude a director's independence. Under these standards, an "independent" director is one who:

has not been employed by the company or any of its subsidiaries or affiliates, or whose immediate family member has not been employed as an executive officer by the company, within the previous three years;

Table of Contents

does not, or whose immediate family member does not, receive more than \$120,000 per year in direct compensation from the company, other than director and committee fees and pension or other forms of deferred compensation for prior service, provided such compensation is not contingent in any way on continued service (such person is presumed not to be independent until three years after he or she (or their immediate family member) ceases to receive more than \$120,000 per year in such compensation); provided that compensation received by an immediate family member for service as an employee of the company (other than as an executive officer) need not be considered;

is not affiliated with or employed by, or whose immediate family is not affiliated with or employed, in a professional capacity by, a present or former internal or external auditor of the Company (such person is not independent until three years after the end of either the affiliation or the auditing relationship);

is not employed, or whose immediate family member is not employed, as an executive officer of another company where any of the company's present executives serve on that company's compensation committee (such person is not independent until three years after the end of such service or the employment relationship); and

is not a current employee, or whose immediate family member is not a current executive officer, of a company that has made payments to, or received payments from, the company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The nominating/corporate governance committee and the board of directors conducted the required annual independence review in February 2012. Upon the recommendation of the nominating/corporate governance committee, the board of directors affirmatively determined that a majority of our directors and director-nominees are independent of the company and its management as required by the NYSE Rules and the corporate governance guidelines. Messrs. Beverly, McMullian, Shields, and Singer are independent directors and director-nominees. Messrs. Burke, Fernandez, Griswold, Stith, Wood and Ms. Ward are independent directors. Mr. Deese is considered an inside director because he is currently the chief executive officer of our company. Each director and director-nominee abstained from voting as to themselves.

The foregoing discussion of director independence is applicable only to service as a member of the board of directors, the compensation committee and the nominating/corporate governance committee. Additional guidelines apply to the members of the audit committee under applicable law and NYSE Rules.

Presiding Director

Pursuant to the corporate governance guidelines, the board of directors created the position of presiding director, whose primary responsibilities are to preside over periodic executive sessions of the board of directors in which management directors and other members of management do not participate and to:

serve as the liaison between the chairman of the board and the outside, independent directors of the company;

oversee information sent by the company to the members of the board of directors;

review meeting agendas and schedules for the board of directors;

call meetings of the independent, non-management directors; and

be available for consultation and director communication with shareholders.

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

Each year at the meeting of the board of directors following the annual meeting, a presiding director is appointed among the independent directors to serve until the company's annual meeting of shareholders the following year. On May 25, 2011, Benjamin H. Griswold, IV was appointed to serve as the presiding director until the 2012 annual meeting of shareholders.

Table of Contents**The Board of Directors and Committees of the Board of Directors**

In accordance with the company's amended and restated bylaws, the board of directors has set the number of members of the board of directors at twelve. The board of directors held 12 meetings in fiscal 2011, and no incumbent director attended fewer than 75% of the aggregate of:

The total number of meetings of the board of directors held during the period for which he or she has been a director; and

the total number of committee meetings held by all committees of the board on which he or she served during the periods that he or she served.

Our board of directors has established several standing committees: an audit committee, a nominating/corporate governance committee, a compensation committee and a finance committee. The board of directors has adopted a written charter for each of these committees, all of which are available on the company's website at www.flowersfoods.com.

Audit Committee

Under the terms of the audit committee charter, the audit committee represents and assists the board of directors in fulfilling its oversight responsibilities with respect to:

the integrity of our financial statements;

our compliance with legal and regulatory requirements;

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

the independent registered public accounting firm's qualifications and independence; and

the performance of the company's internal audit function and the independent registered public accounting firm. The audit committee's duties and responsibilities include:

responsibility for overseeing our financial reporting process on behalf of the board of directors;

Table of Contents

direct responsibility for the appointment, retention, termination, compensation and oversight of the work of the independent registered public accounting firm employed by the company, which reports directly to the committee, and sole authority to pre-approve all services to be provided by the independent auditor;

review and discussion of our annual audited financial statements and quarterly financial statements with management and our independent registered public accounting firm;

review of the internal audit function's organization, plans and results and of the qualifications and performance of our independent registered public accounting firm (our internal audit function and its compliance officer report directly to the audit committee);

review with management the effectiveness of our internal controls;

review with management any material legal matters and the effectiveness of our procedures to ensure compliance with our legal and regulatory responsibilities;

discussion of guidelines and policies with respect to risk assessment and risk management to assess and manage the company's exposure to risk; and

oversight of the company's enterprise risk management activities (ERM), with the full understanding that responsibility for ERM continues to be shared by the entire board of directors and all directors have the authority and obligation to scrutinize the company's ERM efforts.

The board of directors has determined that all audit committee members are independent as defined by the NYSE Rules and under SEC rules and regulations. The board of directors has also determined that Mr. Wood is an audit committee financial expert under Item 407(d)(5) of Regulation S-K of the Securities Act of 1933 (the Securities Act). Each member of the audit committee is financially literate, knowledgeable and qualified to review financial statements.

Nominating/Corporate Governance Committee

Under the terms of its charter, the nominating/corporate governance committee is responsible for considering and making recommendations to the board of directors with regard to the function and needs of the board, and the review and development of our corporate governance guidelines. In fulfilling its duties, the nominating/corporate governance committee shall:

receive identification of individuals qualified to become board members;

select, or recommend that the board select, the director-nominees for our next annual meeting of shareholders;

evaluate incumbent directors;

develop and recommend corporate governance principles applicable to the company;

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

review possible conflicts of interest of directors and management and make recommendations to prevent, minimize or eliminate such conflicts;

make recommendations to the board regarding the independence of each director;

review director compensation;

oversee the evaluation of the board and management;

oversee risks related to ethics issues, shareholder activism, change in control, investor relations, loss of separate employer status and corporate structure; and

perform any other duties and responsibilities delegated to the committee from time to time.

Our board has determined that all members of the nominating/corporate governance committee are independent as defined by the NYSE Rules and our corporate governance guidelines. For information relating to nomination of directors by shareholders, please see Selection of Director-Nominees.

Compensation Committee

Under the terms of its charter, the compensation committee has overall responsibility for evaluating and approving the company's compensation plans, policies and programs. The compensation committee's duties and responsibilities include:

review and approval of corporate goals and objectives relevant to our chief executive officer's compensation, evaluation of our chief executive officer's performance in light of these goals and objectives, and, either as a committee or together with the other independent directors (as directed by the board), determination and approval of our chief executive officer's compensation level based on this evaluation;

making recommendations to the board with respect to non-chief executive officer compensation, incentive-compensation plans and equity-based plans;

administration of equity-based incentive plans and other plans adopted by the board that contemplate administration by the compensation committee;

overseeing regulatory compliance with respect to compensation matters;

review of employment agreements, severance agreements and any severance or other termination payments proposed with respect to any of our executive officers;

overseeing risks related to executive compensation disclosures, human capital needs, intellectual capital loss, labor relations, employee retention and public compensation disclosures; and

production of a report on executive compensation for inclusion in our proxy statement for the annual meeting of shareholders.

Our board has determined that all members of the compensation committee are independent as defined by the NYSE Rules and our corporate governance guidelines.

Finance Committee

The duties and responsibilities of the finance committee are to:

make recommendations to the board of directors with respect to the approval, adoption and any significant amendment to all of the company's defined benefit and defined contribution plans and trusts (the retirement plans);

oversee the administration of the retirement plans and approve the selection of any third-party administrators;

review and employ managers to review the investment results of the retirement plans and the investment policies of the retirement plans, and monitor and adjust the asset allocations of the retirement plans;

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

oversee, in consultation with management, regulatory and tax compliance matters with respect to the retirement plans;

make recommendations to the board of directors with respect to management's capital expenditure plans and other uses of the company's cash flows (including the financial impact of stock repurchases, acquisitions and the payment of dividends), the company's credit facilities, commodities hedging and liquidity matters; and

oversee risks related to leverage and debt service/cash flow, access to capital, mergers and acquisitions, benefit and pension plan funding, use of derivatives, global procurement and supply chain, volatility in inventory and energy availability and cost.

Board Leadership Structure

The board of directors has appointed the company's chief executive officer to serve as chairman of the board. In his position as CEO, Mr. Deese has primary responsibility for the day-to-day operations of the company and provides consistent leadership on the company's key strategic objectives. In his role as chairman of the board, he sets the strategic priorities for the board (with input from the presiding director), presides over its meetings and communicates its strategic findings and guidance to management. The board believes that the combination of these two roles provides more consistent communication and coordination throughout the organization, which results in a more effective and efficient implementation of corporate strategy and is important in unifying the company's strategy behind a single vision.

As noted earlier, the independent non-management directors have appointed an independent presiding director, which provides balance to the board's structure. With a supermajority of independent directors, an audit committee, compensation committee, nominating and corporate governance committee and finance committee each comprised entirely of independent directors, and an independent presiding director to oversee all meetings of the non-management directors, the company's board of directors believes the existing leadership structure provides for an appropriate balance that best serves the company and its shareholders. The board of directors annually reviews its leadership structure to ensure that it remains the optimal structure for our company and our shareholders.

Risk Management

The board of directors is actively involved in oversight of risks that could affect the company. This oversight is conducted primarily through the audit committee, as described above and in the audit committee charter, but the full board has retained responsibility for general oversight of risks. Specifically, the board has responsibility for overseeing, reviewing and monitoring the company's overall risks, and each board committee is responsible for the oversight of specific risk areas relevant to its purpose as provided in the committee charters. The overall responsibility of the board and its committees is enabled by an enterprise risk management model and process implemented by management that is designed to identify, assess, manage and mitigate risks. The board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports to the board directly from executive officers responsible for oversight of particular risks within the company. In addition, the compensation committee, nominating/corporate governance committee and finance committee are responsible for the oversight of specific risks, as described above and in each committee's charter. The board believes its administration of its risk oversight function has not affected the board's leadership structure.

Relationships Among Certain Directors

J.V. Shields, Jr. and C. Martin Wood III are married to sisters.

Attendance at Annual Meetings

In accordance with our corporate governance guidelines, directors are expected to rigorously prepare for, attend and participate in all meetings of the board of directors and meetings of the committees on which they serve and to devote the time necessary to appropriately discharge their responsibilities. Aside from these requirements, the company does not maintain a formal policy for attendance by directors at annual meetings of shareholders. However, all of our directors attended the annual meeting of shareholders held on May 25, 2011.

Selection of Director-Nominees

The nominating/corporate governance committee identifies and considers director candidates recommended by its members and other board members, as well as management and shareholders. A shareholder who wishes to recommend a prospective director-nominee for the committee's consideration should submit the candidate's

Table of Contents

name and qualifications to Flowers Foods, Inc., 1919 Flowers Circle, Thomasville, Georgia 31757, Attention: Executive Vice President, Secretary and General Counsel. The nominating/corporate governance committee will also consider whether to recommend for nomination any person identified by a shareholder pursuant to the provisions of our amended and restated bylaws relating to shareholder nominations. Recommendations by shareholders that are made in accordance with these procedures will receive the same consideration given to nominees of the nominating/corporate governance committee.

The nominating/corporate governance committee believes that any director-nominee must meet the director qualification criteria set forth in our corporate governance guidelines before such director-nominee can be recommended for election to the board of directors. These factors include:

integrity and demonstrated high ethical standards;

the ability to express opinions, raise tough questions and make informed, independent judgments;

experience managing or operating public companies;

knowledge, experience and skills in at least one specialty area;

ability to devote sufficient time to prepare for and attend board of directors meetings;

willingness and ability to work with other members of the board of directors in an open and constructive manner;

ability to communicate clearly and persuasively; and

diversity in background, personal and professional experience, viewpoints or other demographics.

In addition, no person may stand for election or reelection to the board of directors after turning 75 years old. The nominating/corporate governance committee considers these factors as it deems appropriate, as well as other factors it determines are pertinent in light of the current needs of the board of directors. The nominating/corporate governance committee may use the services of a third-party executive search firm to assist it in identifying and evaluating possible director-nominees.

Shareholder & Other Interested Party Communication with Directors

The board of directors will give proper attention to written communications that are submitted by shareholders and other interested parties and will respond if appropriate. Shareholders and other interested parties interested in communicating directly with the board of directors as a group, the independent, non-management directors as a group or any individual director may do so by writing to Presiding Director, Flowers Foods Inc., 1919 Flowers Circle, Thomasville, GA 31757. Absent circumstances contemplated by committee charters, the chair of the nominating/corporate governance committee and the presiding director, with the assistance of our executive vice president, secretary and general counsel will monitor and review all correspondence from shareholders and other interested parties and provide copies or summaries of such communications to other directors as they deem appropriate.

DIRECTOR COMPENSATION

General

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

Based upon the recommendations of the nominating/corporate governance committee, the board determines director compensation. An employee of the company who also serves as a director does not receive any additional compensation for serving as a director or as a member or chair of a board committee.

Table of Contents

2011 Director Compensation Package

The nominating/corporate governance committee periodically reviews the status of director compensation in relation to other comparable companies and other factors it deems appropriate. In addition, in 2011, the nominating/corporate governance committee engaged Meridian Compensation Partners, an independent compensation consultant, to assist the committee in its assessment of the competitiveness of director compensation. During 2011, the directors' compensation package for non-employee directors was based on the following principles:

a significant portion of director compensation should be aligned with creating and sustaining shareholder value;

directors should have equity interest in the company; and

total compensation should be structured to attract and retain a diverse and truly superior board of directors.

With the above principles in mind, the compensation package for 2011 was comprised of the following components:

Cash and Stock Compensation

an annual cash retainer of \$80,000 (increased from \$75,000 effective May 25, 2011) for all non-employee directors;

an annual cash retainer of \$12,500 (increased from \$10,000 effective May 25, 2011) for the chairman of the audit committee;

an annual cash retainer of \$10,000 for the chairman of the compensation committee;

an annual cash retainer of \$5,000 for the chair of the nominating/corporate governance committee;

an annual cash retainer of \$5,000 for the chairman of the finance committee;

an annual cash retainer of \$5,000 for each member of the audit committee; and

an annual cash retainer of \$15,000 for the presiding director;

an annual award of deferred stock valued at \$105,000 (which generally vests one year from the date of grant) based upon the closing price of the company's common stock on the Tuesday following the annual meeting of shareholders.

Participation in Company Plans

Non-employee directors are eligible to participate in the Executive Performance Incentive Plan (EPIP), our Stock Appreciation Rights Plan (SAR Plan) and the Executive Deferred Compensation Plan (EDCP).

Under the EPIP, non-employee directors received deferred stock grants as described above. The deferred stock generally vests one year from the date of grant.

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

Stock appreciation rights granted under the SAR Plan do not give the director an equity interest in the company. Instead, they offer the directors a cash payment equal to the difference between the value of the shares underlying the stock appreciation rights on the exercise date and the exercise price. Stock appreciation rights vest one year from the date of issuance, and the director has ten years from the date of issuance to exercise these rights. Additionally, the holder of stock appreciation rights receives any dividends paid on an equivalent number of shares of the company's common stock at the same time they are paid to all other shareholders. In 2011, these payments to all directors in the aggregate totaled \$84,664. Outstanding stock appreciation rights that vested prior to December 31, 2004 will continue to accumulate dividends in an account for distribution at the date of exercise. Stock appreciation rights are expensed in accordance with the fair value provisions of Financial Accounting Standards Board (FASB) Accounting Standards Certification (ASC) Topic 718, *Stock Compensation*.

Table of Contents

Under the EDCP, non-employee directors may elect to defer all or any portion of their annual retainer and cash committee fees. All deferrals earn interest until paid to the director. Generally, the vested deferral plus interest is paid to the director after a two-year period unless the director earlier retires, dies, becomes disabled or is terminated due to a change in control. During 2008, participants were given a one-time, irrevocable opportunity to convert their EDCP cash account for some or all prior years' deferrals to an account that tracks the performance of our common stock. Balances as of the end of the fiscal year were converted, based on the closing price of our common stock on January 2, 2009. The EDCP tracking account will be distributed in shares of our common stock at the time elected by the participant for the deferral year(s) in question. The EDCP tracking account will be credited with dividends paid on our common stock for the number of shares deemed held in such account, and such dividends will then be deemed to be invested in the cash account and will earn interest as described above.

Stock Ownership Guidelines

The board believes that the economic interests of directors should be aligned with those of shareholders. To achieve this, all directors are expected to hold shares of common stock in the company. A non-employee director must own shares of common stock with a value of at least five times the annual cash retainer paid to the non-employee directors. All direct holdings of our common stock and all vested shares of deferred stock are included for purposes of determining compliance. These guidelines may be revised or terminated by the nominating/corporate governance committee at any time with thirty days written notice to the affected directors. Directors have four years from their election to the board to meet the required guidelines. All non-employee directors were in compliance with the guidelines as of March 30, 2012, except for Mr. Singer who was elected to the board of directors effective January 1, 2010.

Other Arrangements

We reimburse all directors for out-of-pocket expenses incurred in connection with attendance at board meetings, or when traveling in connection with the performance of their services for the company.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

Under our pay-for-performance program, our Named Executives earned the following for 2011 performance:

Increases in base salaries of Named Executives by 0% to 9.4%.

Payment of cash bonuses at 49.2% of our Named Executives' respective Target Bonus Percentages (as defined below) under our bonus plan, based upon achievement of 89.84% of the target performance goal.

Vesting in 2012 of performance-contingent restricted stock issued in 2010 at 83.1% of target as a result of: (i) 2010-2011 return on invested capital exceeding our cost of capital by 3.75 percentage points, and (ii) our 2010-2011 total shareholder return being at the 37th percentile of compared companies.

Table of Contents

At our 2011 annual meeting of shareholders, more than 95% of the shares voted were cast in support of the company's executive compensation program. We considered the shareholders vote, and, as a result of the significant level of approval, we continued to apply the same principles in our 2011 executive compensation decisions.

Executive Compensation Generally

Objectives of Executive Compensation

The primary objective of our executive compensation program is to attract, retain and motivate qualified executives necessary for the future success of the company and the maximization of shareholder value. Our compensation program is designed to motivate our executives by rewarding them for the achievement of specific annual, long-term and strategic goals of the company. Moreover, the program aligns our executives' interests with those of the shareholders by rewarding performance above established goals, with the ultimate objective of improving shareholder value. Finally, we strive to foster a sense of ownership among our executives and our directors by requiring them to own certain amounts of our common stock.

The compensation committee evaluates both performance and compensation to ensure that (i) the company maintains its ability to attract and retain the most qualified executives; (ii) each executive's compensation remains competitive relative to the compensation paid to similarly situated executives in comparable companies and (iii) each of the company's primary objectives with respect to compensation is being fulfilled. To meet those goals, our compensation program includes three primary components:

base salary;

cash bonuses; and

long-term incentives, through stock-based compensation.

Certain retirement and other post-employment benefits are also included in the executives' compensation package. In addition, see the section entitled "Potential Payments Upon Termination or Change in Control" of this proxy statement for details on payments and benefits payable (or realizable) upon termination of employment and a change in control of the company. Perquisites are not a significant part of our executive compensation program.

Each element of our compensation program is described in greater detail below, including a discussion of why the company chooses to pay each element, how we determine the amount of each element to pay and how each element and the company's decisions regarding that element fit into our overall compensation objectives.

Table of Contents

The objectives of our executive compensation program are accomplished through a balance of pay components that are competitive with market practice and place considerable emphasis on performance-based compensation. Salary and non-equity incentive compensation, equity compensation, and other compensation expressed as a percentage of total compensation for each Named Executive for the fiscal year ended January 1, 2011 were as shown below. There is no prescribed mix of our compensation elements, however; the mix below is driven by market data for each element of pay.

Name and Principal Position	Salary Percentage	Non-Equity Incentive Comp. Percentage	Equity Comp. Percentage	Other Comp. Percentage	Total %
George E. Deese Chairman of the Board and Chief Executive Officer	21%	10%	64%	5%	100%
R. Steve Kinsey Executive Vice President and Chief Financial Officer	35%	11%	48%	6%	100%
Allen L. Shiver President	31%	12%	50%	7%	100%
Gene D. Lord Executive Vice President and Chief Operating Officer	31%	10%	49%	10%	100%
Stephen R. Avera Executive Vice President, Secretary and General Counsel	38%	11%	43%	8%	100%

In late 2010 and early 2012, the Committee reviewed whether our compensation philosophies and practices encourage unnecessary risk taking and concluded that they did not. While risk is inherent in any strategy for growth, the company's compensation programs minimize risk through the following design elements, among others:

balanced incentive plans designed to reward both annual and long-term performance, and both internal and stock price performance;

incentive goals set at the corporate level;

capped incentives;

stock ownership guidelines requiring the Named Executives to own a significant amount of our stock; and

a recoupment (clawback) policy for equity grants and cash bonuses if they are paid based on incorrect financial results due to knowing misconduct by a participant.

Role of Executive Officers in Compensation Decisions

The compensation committee of the board of directors, which is comprised entirely of independent directors, has overall responsibility for evaluating, analyzing and approving the company's compensation plans, policies and programs. In addition, the chief executive officer consults

Edgar Filing: FLOWERS FOODS INC - Form DEF 14A

with and advises the compensation committee with respect to the company's compensation philosophy and makes recommendations to the compensation committee regarding the compensation of the other executive officers. All recommendations of the chief executive officer to the compensation committee regarding compensation of executive officers are independently evaluated by the committee. The chief financial officer, or his designee, assists the compensation committee in understanding the key drivers of company performance, particularly those measures used in our cash bonus and long-term incentive plans and also provides the compensation committee with regular updates on company performance as it relates to certain performance measures used in our bonus and long-term incentive plans.

Table of Contents**Compensation Consultants**

For fiscal 2011, the compensation committee engaged Meridian Compensation Partners (Meridian) as its independent compensation consultant. At the compensation committee's request, Meridian evaluated the competitiveness of the base salaries, annual bonuses and long-term incentives awarded to the company's Named Executives, provided competitive market data on new compensation arrangements and evaluated the continued appropriateness of existing arrangements. Meridian attended compensation committee meetings at the committee's request and was available to provide guidance to the compensation committee on compensation questions and issues as they arose.

In fiscal 2011, Meridian provided services to the company in the areas of executive and director compensation consulting services only.

Compensation Benchmarking

Because there are not many food companies the size of Flowers Foods, a specific set of peer companies is not used for market compensation comparisons. We use market pay rates (i.e. base salary, bonus and long-term incentives) are based on available food industry and general industry peers' pay data from published surveys. We use an average of food industry and general industry survey data (the Relevant Market Sector) when making market comparisons, and the data is adjusted to reflect pay for companies with annual revenues comparable to the company. For 2011, the Relevant Market Sector consisted of food and general industry peer groups in the Towers Perrin Executive Compensation Database, Watson Wyatt Top Management Compensation Report and the Mercer Executive Compensation Survey.

Food industry data was used from the following surveys and represented data from the following companies:

General industry data were used from the following surveys to capture the broadest possible market perspective:

Towers Perrin Executive Compensation Database:	700+ companies
Watson Wyatt Top Management Compensation Report:	1,500+ companies
Mercer Executive Compensation Survey:	1,100+ companies

The market data obtained from the companies above was for pay opportunity, not actual payout, and was regressed (size-adjusted) to reflect the appropriate Named Executive's duties and scope of revenue responsibility. The Relevant Market Sector is the simple average of the regressed food industry and general industry market rates. Both are established at levels that approximate the size-adjusted 50th percentile for each component of pay opportunity. This sets executive pay opportunities high enough to be competitive and to attract and retain a strong motivated leadership team but not so high that they create negative perception among other constituencies.

The compensation committee concluded that the proposed 2011 compensation levels under the company's incentive and equity compensation plans for each Named Executive, and their total compensation opportunities, were consistent with the pay philosophy, as well as appropriate to meet the company's goal to retain each Named Executive and to align his interests with those of its shareholders.

Cash Compensation

Base Salary

Base salary represents the fixed and recurring part of an executive's annual compensation and is intended to reward experience and expertise, functional progression (i.e. the development of the executive through a series of work experiences and duties and accountabilities relevant to the current position held), career development, skills and competencies. We have established a system of tiered salary grades, and executives are assigned an appropriate salary grade considering the position's internal value as well as external comparisons to relevant positions in the market data. With respect to the position's internal value, we have developed salary grades on the basis that a given position is at least one salary grade below that of the supervising position, which is the only weight assigned to internal value in establishing the salary grades.

Named Executives' base salaries are related to a salary grade and the base salaries for the grades are determined based on (i) external competitive market base salaries, as determined through benchmarking analysis and (ii) the internal relationships (i.e., value and progression) of these positions. We periodically make adjustments to the base salaries based on the factors discussed above as well as the performance of the respective Named Executive.

Individual salaries for executives that report directly to the chief executive officer are subject to approval by the compensation committee after consideration of the recommendations submitted by the chief executive officer. The chief executive officer's salary is subject to review and approval by the compensation committee and the board of directors. Base salaries for all Named Executives are reviewed annually by the compensation committee and the board of directors.

Changes in 2011 base salaries ranged from 0% to 9.4%. Mr. Shiver's base salary increased due to his promotion to president of Flowers Foods in 2010.

Annual Executive Bonus Plan

Our Annual Executive Bonus Plan (the Bonus Plan) provides for an annual incentive bonus to reward performance measured over the company's fiscal year. For each fiscal year, the compensation committee establishes target bonus levels, which are expressed as a percentage of each executive's base salary (the Target

Table of Contents

Bonus Percentage), for the executives who have been designated as participants in the Bonus Plan. The compensation committee generally sets the target bonus percentages at the 50th percentile of the Relevant Market Sector.

For 2011, based upon performance projections presented by management, the compensation committee also set a target performance goal (the EBITDA Goal). We used EBITDA (earnings before interest, taxes, depreciation and amortization), as the performance measure in the Bonus Plan for all participating employees, including the Named Executives, because it is a useful tool for managing the operations of our business and is an indicator of the company's ability to incur and service indebtedness and generate free cash flow.

For 2011, a bonus was awarded to participating executives based on the following formula:

the participating executive's base salary; *multiplied by*

the Target Bonus Percentage; *multiplied by*

the Bonus Percentage, a percentage based upon the company's actual EBITDA for the fiscal year divided by the EBITDA Goal determined as follows:

if actual EBITDA is equal to the EBITDA Goal, the resulting Bonus Percentage is 100%;

if actual EBITDA is less than the EBITDA Goal, the applicable Bonus Percentage will drop by 5% for every 1% by which actual EBITDA is less than the EBITDA Goal; or

if actual EBITDA exceeds the EBITDA Goal, the Bonus Percentage will increase by 5% for every 1% by which the actual EBITDA exceeds the EBITDA Goal.

An executive's 2011 bonus payment could not exceed 150% of the executive's base salary nor \$1.5 million. The Bonus Percentage would have been zero if actual EBITDA were 80% or less of the EBITDA Goal. This mechanism provided motivation for the executive to continue to strive for improved company performance in any given fiscal year even if the EBITDA Goal itself were not attained.

For 2011 the percentage of EBITDA Goal achieved in 2011 and the related Bonus Percentages are shown below:

Level of Achievement	% of EBITDA Goal Achieved	Bonus Percentage
Maximum	110%	150%
Target	100%	100%
Actual	89.84%	49.2%
Threshold	80%	0%

The 2011 EBITDA Goal was \$310.7 million, which was 6.8% higher than actual 2010 EBITDA, and that goal was not met by the company. However, actual EBITDA was equal to 89.84% of the EBITDA Goal and thus lower bonuses were paid. The bonuses paid to the Named Executives for 2011 were 31.2% below 2010 bonuses, for EBITDA that was 2.5% below 2010. Mr. Deese's 2011 bonus was 34.1% lower than his 2010 bonus and those paid to the other Named Executives for 2011 were, in the aggregate, 28.8% below the 2010 bonuses.

The company does not pay bonuses under the Bonus Plan to any employee until such time as the compensation committee has certified the Bonus Percentage and the Annual Report on Form 10-K for the applicable fiscal year has been filed with the SEC.

Long-Term Incentive Compensation

Equity and Performance Incentive Plan

In keeping with the compensation committee's pay-for-performance philosophy, stock based incentives comprise our entire long-term incentive program, and a significant portion of total compensation opportunity for executives. Our stock-based incentives, as designed, are fundamental to the enhancement of shareholder value, reward performance over the long-term and help align the executives' interests with those of our shareholders. The design of the long-term compensation programs and the individual grants thereunder are reviewed annually and approved by the compensation committee with reference to the market data it receives from its consultant. The compensation committee generally targets the 50th percentile of the Relevant Market Sector for stock-based incentives granted to the Named Executives.

The 2001 Equity and Performance Incentive Plan, as amended and restated as of April 1, 2009 (the "EPIP"), is the company's ongoing intermediate and long-term incentive plan. The EPIP was approved by the company's shareholders and provides the compensation committee with an opportunity to make a variety of stock based awards, while selecting the form that is most appropriate for the company and the executive group. The awards under the EPIP contain elements that we believe help focus the executive's attention on one of the company's primary goals—the long-term success of the company and, ultimately, the enhancement of shareholder value.

Consistent with our practice since 2006, 2011 equity-based awards for the Named Executives were split 50%/50% between stock options and performance-contingent restricted stock. The use of stock options reflects the strategy of rewarding Named Executives for achieving growth in share price and aligning pay with shareholder value creation. The use of performance-contingent restricted stock is intended to ensure that executives focus on capital investments that produce returns in excess of the company's weighted average cost of capital and, to a lesser extent, the company's total shareholder return vs. food industry peers.

The determination of 2011 option and performance-contingent restricted stock award levels for the Named Executives was based on market data at the 50th percentile of the company's Relevant Market Sector, the 50%/50% expected value split between equity award vehicles, a Binomial Lattice ratio of 14.3% of face value for stock options and 90.8% of face value for performance-contingent restricted stock. Additionally, the compensation committee reviewed the projected expense impact of the awards, in the aggregate, on the company's earnings for the next fiscal year and the entire vesting period. Existing outstanding equity grants or stock ownership levels of a Named Executive were not considered by the compensation committee in determining the value or size of 2011 long-term incentive awards. This grant process was applied similarly to all other executives and managerial personnel participating in the long-term incentive program.

Performance-Contingent Restricted Stock Awards. The 2011 restricted stock agreement (the "Restricted Stock Agreement") provides the terms and conditions under which the shares of restricted stock will vest. Vesting occurs two years from the date of grant (after the filing of the company's Annual Report on Form 10-K), and the shares become nonforfeitable if, on that date, the company's average return on invested capital over the two fiscal years immediately preceding vesting exceeds its weighted average cost of capital for the same period by 375 basis points (the "ROI Target").

If the ROI Target is satisfied, then the performance-contingent restricted stock grant may be adjusted based on the company's total return to shareholders ("Company TSR") percent rank as compared to the total return to shareholders of the S&P Packaged Food & Meat Index ("S&P TSR") in the manner set forth below:

if the Company TSR is equal to the 50th percentile of the S&P TSR, then no adjustment;

if the Company TSR is less than the 50th percentile of the S&P TSR, the grant shall be reduced by 1.3% for each percentile below the 50th percentile that the Company TSR is less than the 50th percentile of S&P TSR, but in no event shall the reduction exceed 20%; or

Table of Contents

if the Company TSR is greater than the 50th percentile of the S&P TSR, the grant shall be increased by 1.3% for each percentile above the 50th percentile that Company TSR is greater than the 50th percentile of S&P TSR, but in no event shall such increase exceed 20%. This external market performance metric operates in addition to the ROI Target and enhances both the competitiveness and shareholder orientation of the plan.

Examples of several possible scenarios with respect to the 2011 grant are illustrated below:

Level of Achievement	2-Year Company TSR Percentile Rank vs. the S&P Packaged Food and Meat Index	Percentage of Grant Earned
Maximum	65th or higher	120%
Target	50th	100%
Threshold	35th or lower	80%

For the 2011 grant, if the grantee dies or becomes disabled, the restricted stock generally vests at the target level immediately without adjustment. If the grantee retires at age 65 or later, on the normal vesting date the grantee will receive a pro rated number of shares based upon the retirement date without adjustment. In addition, the restricted stock will immediately vest at the target level without adjustment if the company undergoes a change in control (whether or not the executive is terminated following the change in control). For the 2011 grant, dividends accrue on the restricted stock and are paid to the executive on the vesting date. At the time of vesting, the executive will receive the shares of stock and will be liable for his or her portion of all federal and state income and payroll taxes based on the fair market value of the shares awarded on the vesting date.

Awards of restricted stock granted in 2010 vested in 2012 at 83.1% of target as a result of: (i) 2010-2011 return on invested capital exceeding our cost of capital by 3.75 percentage points, and (ii) our 2010-2011 total shareholder return being at the 37th percentile of compared companies.

Stock Option Awards. Under the EPIP and the 2011 nonqualified stock option agreement (the *Stock Option Agreement*) Options vest three years from the date of grant, assuming that the executive is continuously employed by the company through the date of vesting, and must be exercised within seven years of the date of grant. There are no performance requirements for vesting. Generally, if the employee dies, becomes disabled, or retires at age 65 or later, the nonqualified stock options immediately vest and must be exercised within two years. In addition, options will vest if the company undergoes a change in control (whether or not the executive is terminated following the change in control). When the executive exercises the options, he or she will be liable for all federal and state income and payroll taxes based on the taxable income resulting from the exercise.

Timing of Grants. Grants of performance-contingent restricted stock and stock options were made on February 10, 2011. The compensation committee ensures that its process for determining the date for the annual grant of equity awards insulates the choice of date from any market influences that might affect the decision at a given time. The compensation committee has adopted a policy of making the annual grant following the official announcement of our prior fiscal year results, which coincides with the opening of our self-imposed insider trading window. Except in unusual circumstances, we do not grant equity awards to the Named Executives at other dates. If at the time of any planned equity grant any member of the compensation committee is aware of any material non-public information concerning our company, the compensation committee will generally delay the planned grant until such time as the material non-public information has been fully disseminated in the market. The grant date is established when the compensation committee approves the grant and all key terms have been determined. The exercise price of each of our stock option grants and the grant price of our performance-contingent restricted stock grants is the closing market price on the grant date. The Named Executives do not play any role in the timing of equity awards under the EPIP.

Table of Contents

Changes for 2012

The compensation committee intends to discontinue granting stock options after 2011, and instead grant performance shares that can be earned based on the company's total shareholder return compared to a group of industry peers.

Recoupment (Clawback) Policy

The EPIP and the Bonus Plan provide for the recoupment of grants made under the EPIP and bonuses awarded under the Bonus Plan. The recoupment policy provides that if the board of directors has reliable evidence of knowing misconduct by a participant that results in the incorrect overstatement of the company's earnings or other financial measurements that were taken into consideration in awarding grants or bonuses and as a result of such overstatement the participant (i) received a bonus and/or (ii) either received a grant under the EPIP or had a prior grant vest or become nonforfeitable, the participant shall be required to reimburse (or forfeit, as the case may be) the full amount of any grants or bonuses that resulted from the overstatement.

Retirement & Other Post-Employment Benefits

Pension benefits are provided to executives under the Flowers Foods, Inc. Retirement Plan No. 1 (the Retirement Plan). The company also provides a defined contribution benefit to executives through its Executive Deferred Compensation Plan (the EDCP).

Retirement Plan

The Retirement Plan is a qualified defined benefit pension plan that provides a pension upon retirement to eligible employees of participating subsidiaries (but not to employees of the company) that is based upon each year of service with the participating subsidiary through December 31, 2005. Additionally, the Retirement Plan provides a pension upon retirement to eligible employees (including employees of non-participating subsidiaries and of the company) who were participants under the Flowers Industries, Inc. Retirement Plan No. 1 prior to the company's spin-off from Flowers Industries, Inc., which is based upon each year of service with Flowers Industries, Inc. and/or certain of its subsidiaries. No additional years of credited service have been granted other than for actual years of credited service in the Retirement Plan.

Participation in the Retirement Plan was closed to new employees beginning January 1, 1999, and effective December 31, 2005 benefits under the Retirement Plan were frozen and no additional benefits will accrue under the Retirement Plan. The frozen pension benefit is the sum of annual credits earned during eligible employment. The basic credit formula at the time the Retirement Plan was frozen was 1.35% of the first \$10,000 of W-2 earnings (subject to certain exclusions) plus 2% of W-2 earnings (subject to certain exclusions) in excess of \$10,000 for each year of service up to 35 years. For each year of service in excess of 35 years, 1.8% of W-2 earnings (subject to certain exclusions) was credited. Certain additional fixed benefit amounts were provided for a limited group of participants in the Retirement Plan, including certain of the Named Executives.

Benefits can be paid in many forms under the terms of the Retirement Plan, including a life annuity option, joint and survivor option, period certain and life options, level income option and a lump sum option of up to \$7,500. The payout option must be elected by the participant before benefit payments begin. Each available payout option is actuarially equivalent. Early retirement benefit payments are available to participants upon attainment of age 55 and completion of five years of vesting service. A participant's full benefit under the Retirement Plan is payable at age 65. Benefits are reduced by $\frac{1}{15}$ for each of the first five years and $\frac{1}{30}$ for each of the next five years by which benefit commencement precedes age 65. The same benefits are payable upon retirement, termination, or disability with the adjustments described above for commencement before age 65 but on or after age 55. A 50% survivor annuity is payable to a participant's spouse upon death prior to retirement. Mr. Deese is currently eligible for his full benefit under the Retirement Plan. All other Named

Table of Contents

Executives have fulfilled the required service period and are either eligible for early retirement benefit payments currently or will become eligible upon attainment of age 55. No payments were made to the Named Executives under the terms of the Retirement Plan during the 2011 fiscal year.

Executive Deferred Compensation Plan

The EDCP allows certain members of management to defer the receipt of a percentage of their salary and bonus. The purpose of the EDCP is to provide a deferral benefit to certain members of management whose contributions to the company's 401(k) defined contribution plan, a tax qualified plan, are limited by statutory restrictions. The EDCP is not a tax-qualified plan. The participants' deferrals are credited to an account established for the participant that is credited with interest until paid. Additionally, the company allocates matching contributions pursuant to the plan on behalf of the participant that are also credited with interest until paid. Interest credited on deferrals and company contributions to the EDCP are based on the Merrill Lynch U.S. Corp., BBB-rated Fifteen-Year Bond Index plus 150 basis points. Interest is considered above-market if earned at a rate which is 120% or more of the applicable federal long-term rate. Earnings in the EDCP are interest-based credits that exceed this threshold. The company credits interest at above market rates because participants' EDCP accounts are unfunded and unsecured and therefore subject to substantial risk of loss should events ever befall the company causing it to reorganize or liquidate. Generally, the deferrals and company contributions plus interest are paid to the participant upon termination of employment. Distributions from the EDCP are made from the company's general assets. Amounts credited to the EDCP on behalf of the Named Executives amounted to \$400,307 in fiscal 2011. During 2008, participants were given a one-time, irrevocable opportunity to convert their EDCP cash account for some or all prior years deferrals to an account that tracks the performance of our common stock. Balances as of the end of the fiscal year for participants making such an election were converted, based on the closing price of our common stock on January 2, 2009. The EDCP tracking account will be distributed in shares of our common stock at the time elected by the participant for the deferral year(s) in question. The EDCP tracking account will be credited with dividends paid on our common stock for the number of shares deemed held in such account, and such dividends will then be deemed to be invested in the cash account and will earn interest as described above.

Change in Control Severance

Continuation of Employment agreements with certain executive officers, including the Named Executives, were in effect at December 31, 2011. Those agreements provided certain severance benefits upon the occurrence of a change in control as well as a termination of employment under certain conditions within a specified period (see the Potential Payments upon Termination or Change in Control section of this proxy statement for details).

The purposes of those agreements were to ensure stability and continuity of operations during a period of uncertainty by encouraging employees to remain employees of the Company notwithstanding the outcome of a proposed transaction. Such agreements provided for severance of either 3X or 2X pay, depending on the position, and a gross-up of golden parachute excise taxes that might be owed.

In late 2011 the Committee commissioned a review of those agreements. The result was development of the Flowers Foods, Inc. Change of Control Plan, which superseded the Continuation of Employment agreements for the Named Executives effective February 28, 2012. In the process, severance multiples applicable to each Named Executive were maintained while excise tax gross-up provisions were eliminated. Other changes brought the arrangements more in line with both competitive practice and current corporate governance norms.

Executive Share Ownership Guidelines

Based on the view of the compensation committee that the ownership of an equity interest in the company by executives is a component of good corporate governance and insures alignment of executive and shareholder

Table of Contents

interests, guidelines were adopted that require key members of the company's management team to directly own minimum amounts of the company's common stock. The guidelines for the Named Executives are set forth below:

Chairman of the Board and Chief Executive Officer: 5 times base salary.

Executive Vice President and Chief Financial Officer: 3 times base salary.

President: 3 times base salary.

Executive Vice President and Chief Operating Officer: 3 times base salary.

Executive Vice President, Secretary and General Counsel: 3 times base salary.

The guidelines were established on January 1, 2006, and the guidelines are reviewed every four years thereafter for all direct stock holdings. Members of management subject to the guidelines or new participants have four years from appointment to reach the stated minimums. The holdings of each of the Named Executives are currently either at the guideline or on track to meet it. These guidelines may be revised or terminated by the compensation committee at any time with thirty days' written notice to the affected employees.

Accounting and Tax Effect on Executive Compensation

Deductibility of Executive Compensation

We are not allowed a federal income tax deduction for compensation paid to certain executive officers in excess of \$1 million, except to the extent that such compensation constitutes performance-based compensation (as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code)). The compensation committee retains the ability to consider factors, including tax deductibility, as it structures coordinated compensation packages of current and long-term compensation, to retain flexibility in rewarding efforts which prove to be of immediate or future benefit to the company and its shareholders.

Nonqualified Deferred Compensation

The company has structured its deferred compensation arrangements with the intention of complying with the limitations and restrictions of Internal Revenue Code Section 409A. Section 409A applies to certain nonqualified plans or arrangements that provide for the deferral of compensation. Unless certain requirements are met, amounts deferred and vested under such deferred compensation arrangements will be currently includible in income and subject to an excise tax.

Stock Based Compensation

Generally, the executive is taxed at fair market value on stock based compensation upon the exercise of stock awards provided the risk of forfeiture and all restrictions have lapsed. The company generally receives a tax deduction equal to the value reported as income by the executive in the year the stock option is exercised or the grant of restricted stock vests.
