The Company expects to report net losses of \$248,113 and \$2,039,817 for the three months and nine months ended December 31, 2005, respectively, compared to reported net losses of \$901,610 and \$2,389,584 for the three months and nine months ended December 31, 2004, respectively.

The Company's decrease in net losses for the three months ended December 31, 2005 reflects the termination of a substantial part of the Company's software development team and reduced administrative overhead costs and marketing expenditures due to limited funds available for operations. The Company's decrease in net losses for the nine months ended December 31, 2005 primarily resulted from reduced research and development expenses and legal and transaction costs, partially offset by increased administrative expenses due to severance expenses. Research and development expenses decreased due to the termination of a substantial part of the Company's software development team.

Edgar Filing: Splinx Technology Inc. - Form NT 10-Q

Legal and transaction costs were \$512,320 for the nine months ended December 31, 2004 and were incurred in connection with the merger of Ener1 Acquisition Corp. with and into the Company and the registration of the Company's common stock issued in the merger with the Securities and Exchange Commission; there were no such costs for the nine months ended December 31, 2005.

The results of operations for the discussed above for the three and nine months ended December 31, 2005 have not yet been reviewed by the Company's auditors and are subject to change based on such review.
