**ALTEON ANNOUNCES FINANCIAL RESULTS  
FOR THE FIRST QUARTER ENDED MARCH 31, 2006**

Parsippany, New Jersey, May 15, 2006 - Alteon Inc. (AMEX: ALT) announced today a net loss of \$1,621,327 for the three months ended March 31, 2006. This compares to a net loss of \$4,642,299 for the same period in 2005. The net loss applicable to common stockholders, which includes a non-cash preferred stock dividend, was \$2,796,649 or \$0.05 per basic/diluted share for the three months ended March 31, 2006, as compared to \$5,713,877 or \$0.10 per basic/diluted share for the same period in 2005.

Research and development expenses were \$449,840 for the three months ended March 31, 2006 as compared to \$3,641,100 for the three months ended March 31, 2005. This is a decrease of \$3,191,260 or 87.6%, which is attributed to significantly lower clinical trial costs and manufacturing expenses as a result of the discontinuation of our Systolic Pressure Efficacy and Safety Trial of Alagebrium (SPECTRA). General and administrative expenses were \$1,231,851 for the three months ended March 31, 2006 as compared to \$1,100,348 for the three months ended March 31, 2005. Although general and administrative expenses remained relatively flat, the 2006 results include increased severance costs and retention bonuses offset by decreased corporate expenses. Cash and cash equivalents at March 31, 2006, totaled \$4.5 million.

On April 21, 2006, the Company closed a private placement of Units, consisting of common stock and warrants, for gross proceeds of approximately \$2.6 million. Each Unit consisted of one share of the Company's common stock and one warrant to purchase one share of the Company's common stock, comprising a total of 10,340,000 shares of common stock and warrants to purchase 10,340,000 shares of common stock.

On April 19, 2006, the Company entered into a definitive merger agreement with HaptoGuard, Inc., Alteon Merger Sub, Inc., a wholly-owned subsidiary of Alteon ("Merger Sub"), and Genentech, Inc. The merger agreement provides that upon the terms and subject to the conditions set forth in the merger agreement, Merger Sub will merge with and into HaptoGuard, with HaptoGuard becoming the surviving corporation and a wholly-owned subsidiary of Alteon. The merger agreement also provides for the granting of certain royalty and negotiation rights to Genentech, Inc. as part of the restructuring of Genentech's preferred stock position in Alteon in connection with the proposed merger. For more information please refer to Alteon's press release dated April 19, 2006.

Separately, the Company announced that Mary T. Phelan, Director of Finance and Financial Reporting and Principal Accounting Officer, has announced her intention to resign, effective May 31, 2006.

“Mary has been a valued colleague for six years,” said Mr. Moch. “We thank her for her commitment to Alteon and wish her well in the years ahead.”

### **About Alteon**

Alteon is a product-based biopharmaceutical company engaged in the development of small molecule drugs to treat and prevent cardiovascular diseases and other diseases associated with aging and diabetes. The Company has identified promising product candidates that it believes represent novel potential approaches to some of the largest pharmaceutical markets.

Alteon recently announced a definitive merger agreement with privately-held HaptoGuard, Inc. Alteon and HaptoGuard have complementary products under development in cardiovascular diseases and diabetes, including two Phase 2 clinical-stage compounds, ALT-2074 and alagebrium. Data is expected around year-end 2006 from a Phase 2 trial of HaptoGuard’s ALT-2074 that will seek to reduce myocardial injury in diabetic patients undergoing angioplasty or similar interventions. Alteon’s alagebrium is being developed for heart failure. This disease represents a rapidly growing market of unmet medical need, particularly common among diabetic patients, and alagebrium has demonstrated relevant clinical activity in two Phase 2 clinical trials. The merger is subject to the approval of Alteon and HaptoGuard shareholders and is expected to close in the third quarter of 2006. For more information please visit Alteon’s website, [www.alteon.com](http://www.alteon.com).
