**Item 7.01. Regulation FD Disclosure.**

On May 13, 2008, Psyop, Inc. (“Psyop”) issued a press release announcing its financial results as of and for the year ended December 31, 2007. A copy of Psyop’s press release announcing these financial results is attached as Exhibit 99.1 hereto, and is incorporated by reference into this report.

**Item 8.01. Other Events.**

In connection with the audit of the consolidated and combined results of operations for the year ended December 31, 2007 for Psyop, which will be contained in Amendment No. 1 to the preliminary proxy statement to be filed with the United States Securities and Exchange Commission (the “SEC”) by Fortissimo Acquisition Corp. (“Fortissimo”), Psyop discovered that its unaudited interim consolidated and combined results of operations for the nine months ended September 30, 2007, previously filed in Fortissimo's preliminary proxy statement filed with the SEC on February 13, 2008, need to be corrected.

Fortissimo has been informed by Psyop that the reason for the corrections was the result of Psyop incorrectly applying a different percentage-of-completion methodology to certain contracts in process during this interim nine-month period as compared to the methodology applied in arriving at its full year results for 2006 and 2005. In addition, Psyop advised Fortissimo that Psyop’s tax provision in its financial statements for the nine months ended September 30, 2007 also needed correction for certain adjustments that were not included in Psyop’s original calculation of its tax expense. Accordingly, Psyop’s unaudited interim consolidated and combined results of operation for the nine months ended September 30, 2007, as previously disclosed in Fortissimo’s preliminary proxy statement filed on February 13, 2008, should not be relied upon. Psyop is in the process of preparing corrected financial statements for such period.

Psyop has advised Fortissimo that Psyop has implemented enhanced internal controls over its revenue recognition process to minimize the risk of this type of misapplication of accounting methodology occurring in the future. Psyop has also recently hired a Chief Financial Officer whose experience should further enable it to improve its internal controls and disclosure controls.
