**Item 1.01 Entry into a Material Definitive Agreement.**

On June 21, 2013 (the "Closing Date"), the Company issued convertible notes to certain accredited investors (the "Purchasers"), whereby the Company agreed to sell and the Purchasers agreed to purchase the convertible notes in the aggregate principal amount of \$1,098,000 (the "Notes").

The Notes mature one (1) year from the Closing Date (the "Maturity Date"), bear interest at an annual rate of 8%, and automatically convert into shares of the Company's common stock, \$0.001 par value per share (the "Common Stock"), at a conversion price of \$0.125 at maturity or earlier at the option of the Purchaser. Full conversion of the principal value of the Notes would result in the issuance of 8,784,000 shares of Common Stock.

In connection with the issuance of the Notes, the Company issued warrants to purchase shares of Common Stock, providing 50% coverage, exercisable at \$0.15 per share (the "Warrants").

The Notes do not contain anti-dilution provisions and the Company is not required to repay the Notes in cash. Additionally, there are no registration rights on the common stock underlying the Notes or Warrants.

The foregoing descriptions of the Notes and Warrants are qualified in their entirety by reference to such Form of Convertible Note and Form of Warrant, which are filed as Exhibits 4.1 and 4.2, respectively, hereto and are incorporated herein by reference.

*The Notes and the Warrants were issued in reliance on exemptions from registration under Section 4(2) of the Securities Act of 1933, as amended (the “Act”), and Rule 506 of Regulation D promulgated under the Act. These transactions qualified for exemption from registration because among other things, the transactions did not involve a public offering, each investor was an accredited investor and/or qualified institutional buyer, each investor had access to information about the Company and their investment, each investor took the securities for investment and not resale, and the Company took appropriate measures to restrict the transfer of the securities.*
