joint venture in Hong Kong called TA Therapeutics Limited ("TAT"). The Company and BRC each will own 50% of TAT. TAT will conduct research and commercially develop products that utilize telomerase activator drugs to restore the regenerative and functional capacity of cells in various organ systems that have been impacted by senescence, injury, or chronic disease.

Pursuant to the Agreement, the Company will contribute scientific leadership, development expertise, intellectual property, and capital to TAT. BRC will provide scientific leadership, a research team, capital, and laboratory facilities. The Company and BRC each have agreed to contribute financially to fund the operations of TAT. BRC has agreed to an initial capital contribution of \$6 million, payable in six equal quarterly payments. Three months after BRC has fully paid this amount, the Company will contribute \$2 million, payable in two equal quarterly payments.

The Board of Directors of TAT initially shall comprise six members. For so long as the Company and BRC each own 50% of TAT, the Company and BRC each are entitled to appoint three members to serve on the Board of Directors. Subject to the final authority of the Board of Directors, a Joint Operating Committee consisting of two representatives of the Company and two representatives of BRC shall oversee and provide day-to-day management of the research, development, and commercialization activities of TAT.

BRC is a company established by the Hong Kong University of Science and Technology, the Company's research partner.
