PROXY STATEMENT

Your vote at the Annual Meeting is important to us. Please vote your shares of common stock by completing the enclosed proxy card and returning it to us in the enclosed envelope. This proxy statement has information about the Annual Meeting and was prepared by our management for the Board of Directors. This proxy statement and the accompanying proxy card are first being mailed to you on or about May 15, 2003.

GENERAL INFORMATION ABOUT VOTING

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on May 9, 2003. A total of seventy-nine million, eight hundred nine thousand, five hundred nineteen shares of common stock can vote at the Annual Meeting. You get one vote for each share of common stock. The enclosed proxy card shows the number of shares you can vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the Annual Meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxy holders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxy holders will vote for you on that proposal. Unless you instruct otherwise, the proxy holders will vote for each of the director nominees and for each of the other proposals to be considered at the meeting.

What if other matters come up at the Annual Meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxy holders will vote your shares as they see fit.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by giving our Secretary a written notice revoking your proxy card or by signing, dating, and returning to us a new proxy card. We will honor the proxy card with the latest date.

Can I vote in person at the Annual Meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares in person.

What do I do if my shares are held in "street name"?

If your shares are held in the name of your broker, a bank, or other nominee, that party should give you instructions for voting your shares.

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A

How are votes counted?

We will hold the Annual Meeting if holders of a majority of the shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

If your shares are held in the name of a nominee, and you do not tell the nominee by June 17, 2003 how to vote your shares (so-called "broker non-votes"), the nominee can vote them as it sees fit only on matters that are determined to be routine, and not on any other proposal. Broker non-votes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any non-routine proposal.

1

Who pays for this proxy solicitation?

We do. The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, or in person. None of these employees will receive any extra compensation for doing this. The Company has also engaged Securities Transfer Corp. ("STC") to provide routine advice and services for proxy solicitation. STC will receive a fee of approximately \$5,000 for such advice and services which will be paid by the Company.

Stockholder Proposals to be presented at next annual meeting.

In order for stockholder business to be included in the Company's proxy statement for a meeting or properly brought before that meeting by a stockholder, the stockholder must have given timely notice in writing to the Secretary of the Company. A stockholder proposal for the 2004 Annual Meeting must be received at the Company's principal executive offices at 101 Convention Center Drive, Suite 301, Las Vegas, NV 89109 no later than February 28, 2004 to be considered timely. Recommendation of the board of directors

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A

Our board of directors recommends that the stockholders vote "FOR" the election of the nominees above.

EXECUTIVE COMPENSATION

The Compensation Committee (CC) of the Board of Directors administers our executive compensation program. Each member of the CC is a non-employee director. The CC is responsible for establishing salaries and administering the incentive programs for our Chief Executive Officer, and other executive officers.

Compensation Philosophy

The Compensation Committee has designed Samaritan's compensation program based on the philosophy that all of our executives are important to our success, with our executive officers setting the direction of our business and having overall responsibility for our results. Like other pharmaceuticals companies, we operate in a highly competitive and difficult economic environment. Accordingly, the CC has structured Samaritan's compensation to accomplish several goals: 1) attract and retain very talented individuals, 2) reward creativity in maximizing business opportunities, and 3) enhance shareholder value by achieving our short-term and long-term business objectives.

Base Salary

The CC considers the peer data discussed above as well as individual performance when approving base salaries for executive officers. The CC evaluates individual performance based on the achievement of corporate or divisional operating goals and subjective criteria, as well as the Chief Executive Officer's evaluation of the other executive officers. No specific weight is assigned to any particular factor. Dr. Greeson, Mr. Boyle, Mr. Bessert and Dr. Papadopoulos each have employment agreements negotiated on an arm's-length basis with the CC that provide a minimum annual base salary. In setting base salary, the Board considered the contributions of each executive to our company, compensation paid by peer companies and outside compensation reports.

5

Stock Options

The short and long-term compensation program includes stock options granted under the Stock Incentive Plan as well as non-qualified stock options. The Option Plan is designed to reward executives for achieving long-term financial performance goals over a three-year to ten-year period, provide retention incentives for executives, and tie a significant portion of an executive's total compensation to our long-term performance. Stock options for our executive officers and key associates are part of our incentive program and link the enhancement of shareholder value directly to their total compensation. The CC determines the number of stock options granted based upon several factors: 1) level of responsibility, 2) expected contribution towards our performance, and 3) total compensation strategy for mix of base salary, short-term incentives and long-term incentives. The following tables and notes present information concerning compensation to the Company's Chief Executive Officer and to the Company's most-highly compensated executive officers other than the Company's Chief Executive Officer who were serving at December 31, 2002

401(k) Plan

We adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, covering our full-time employees located in the United States. The 401(k) plan is intended to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended, so that contributions to the 401(k) plan by employees, and the investment earnings thereon, are not taxable to employees until withdrawn from the 401(k) plan. Under the 401(k) plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limit and have the amount of such contribution contributed to the 401(k) plan. The 401(k) plan does permit additional matching contributions to the 401(k) plan by us on behalf of participants in the 401(k).

Employment Agreements

The Company engaged the executive pursuant to a written agreement between Samaritan Pharmaceuticals, Inc., Doug Bessert, Eugene Boyle and Dr. Janet Greeson filed as an exhibit to 10-QSB, including any amendments, on August 14, 2002 and incorporated herein by reference. In each agreement, the executive is entitled to base salary and stock options based on a formula not to be less 250,000 options per year. The executive is also entitled to convert his salary into shares of the Company based on the formula for the Company's security. See "Executive Compensation" for amounts of base salary and stock options for each executive. The executive is also allowed to participate in all of Samaritan Pharmaceutical's benefit programs, if the Company offers the programs to any other employee.

If executive terminates by reason of death, disability, incapacity or termination by Samaritan Pharmaceuticals other than for cause, the executive will be entitled to continuation of base salary and health and similar benefits for defined periods, payment of stock options and deferred compensation awards. In each case, the executive agreed to a non-complete clause for the term of his employment.

In the event of a change of control, the executive would also vest in his or her options. The executive would also no longer be subject to non-competition undertakings. If a change of control were followed by termination of employment resulting from a change of control termination, in lieu of the severance benefits described above, the executive would be entitled to receive a payment equal to three times base salary and yearly options. For up to three years following termination Samaritan Pharmaceuticals would also be obligated to provide continued health and other insurance and disability benefits. We would also be obligated to pay all legal fees and expenses reasonably incurred by the executive in seeking enforcement of contractual rights following a change of control. If change of control payments and benefits to any of Dr. Greeson, Mr. Boyle, and/or Mr. Bessert were sufficient to result in an excise tax under the so-called "golden parachute" provisions of the Code, we would be obligated to pay the executive a tax gross-up payment. All three executives are also awarded options based on increases in market capitalization starting with the market capitalization of \$12,500,000. In addition to the salary and other benefits described above, Mr. Bessert was awarded 100,000 options at \$1.00 on restricted stock that were vested as the signing of his employment contract.

Dr. Papadopoulos has an engagement agreement with Samaritan Pharmaceuticals, Inc., which does not prohibit Dr. Papadopoulos from being employed by other entities. Dr. Papadopoulos has disclosed that he receives payments and benefits from other entities including Georgetown University. He is compensated on a monthly basis, which he has the option to convert his compensation into shares plus he receives 250,000 warrants per year for the life of the contract.

Trust Agreements

The Company has entered into trust agreements and appointed trustees that are non directors or officers providing for the payment out of the assets of the trusts accrued under the Company's various benefit plans, employment agreements and other employment arrangements as the Company specify from time to time. To the extent not already irrevocable, the trusts would become irrevocable upon a change of control of Samaritan Pharmaceuticals. The Company may make contributions to the trusts from time to time, and additional funding could be required upon a change of control. To the extent funded, the trusts are to be used, subject to their terms and to the claims of the Company's general creditors in specified circumstances, to make payments under the terms of the benefit plans, employment agreements and other employment arrangements from time to time specified by the Company.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors and officers, indemnifying them against expenses, settlements, judgments and fines incurred in connection with any threatened, pending or completed action, suit, arbitration or proceeding, where the individual's involvement is by reason of the fact that he or she is or was a director or officer or served at our request as a director of another organization (except that indemnification is not provided against judgments and fines in a derivative suit unless permitted by Nevada law.) An individual may not be indemnified if he or she is found not to have acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of Samaritan Pharmaceuticals, except to the extent Nevada law shall permit broader contractual indemnification. The indemnification agreements provide procedures, presumptions and remedies designed to substantially strengthen the indemnity rights beyond those provided by Samaritan Pharmaceutical's Certificate of Incorporation and by Nevada law.

THE BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors, which met 8 times during the year ended December 21, 2002. Most of our directors attended more than 75% of the aggregate of the total number of meetings of our board and its committees. The Company has formed, by determination of the Board of Directors, an Audit Committee, with Director Winn as Chairman, who is independent and a financial expert as used in Item 7(d)(3)(iv) of Schedule 14 A (240.14a-101 of this chapter) under the Exchange Act. The Audit Committee met one time during the year 2002. The Company has also formed a Compensation Committee, with Director Thompson, as Chairman; a Business Advisory Board, with Director Holden, as Chairman; and a Scientific Advisory Board, with Director Papadopoulos, as Chairman.

The board of directors currently does not have a nominating committee or a committee performing the functions of a nominating committee. Although there are no formal procedures for you to nominate persons to serve as directors, the board of directors will consider recommendations from you, which should be addressed to Samaritan Pharmaceuticals, Inc., 101 Convention Center Drive, Suite 310, Las Vegas, Nevada 89109. Our officers are elected by our board of directors and serve until the earlier of their resignation or removal, or until their successors have been duly elected and qualified.

AUDIT COMMITTEE REPORT ON DECEMBER 31, 2002 AUDITED FINANCIAL STATEMENTS

The Audit Committee of our board of directors of the Company is composed of three independent directors. The Audit Committee operates under a written charter adopted by our board of directors and attached as Exhibit A to Proxy Statement filed on April 3, 2001.

The Audit Committee is responsible for overseeing the company's financial reporting process on behalf of our board of directors. The members of the Audit Committee are Thomas Winn, Cynthia Thompson and Paul Burkett. Each year, the Audit Committee recommends to our board of directors, subject to stockholder ratification, the selection of the Company's independent auditors.

Management is responsible for the Company's financial statements and the financial reporting process, including internal controls. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and Sherb & Co., LLP, the Company's independent auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A

Committee discussed with Sherb & Co., LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). These matters included a discussion of Sherb & Co., LLP's judgments about the quality (not just the acceptability) of the Company's accounting principles as applied to financial reporting.

Sherb & Co., LLP also provided the Audit Committee with the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with Sherb & Co., LLP that firm's independence. The Audit Committee further considered whether the provision by Sherb & Co., LLP of the non-audit services described elsewhere in this Proxy Statement is compatible with maintaining the auditors' independence.

10

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representation of management and the disclosures by the independent auditors to the Audit Committee, the Audit Committee recommended to our board of directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. The Audit Committee and the Board of Directors have also recommended the selection of Sherb & Co., LLP as the company's independent auditors for 2003, subject to stockholder ratification.

PROPOSAL NO. 2: AMEND THE ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Nevada law permits the Company to issue shares of common stock only to the extent such shares have been authorized for issuance under its Articles of Incorporation. Increasing the amount of authorized common stock will ensure that sufficient shares will be available to raise additional capital through the sale of equity securities, to acquire another company or its assets, to establish strategic relationships, to provide equity incentives to employees, or for such other corporate purposes that our board of directors determines are in the best interests of the Company and its stockholders.

The Company currently has 100,000,000 authorized shares of common stock, of which seventy-nine million, eight hundred nine thousand, five hundred nineteen common shares issued and outstanding as of May 9, 2003 and five million authorized shares of preferred stock, of which none are outstanding. The board of directors believes that it is prudent to increase the authorized number of shares of common stock to the proposed level in order to have a sufficient number of shares of common stock to provide a reserve of shares available for issuance to meet business needs as they may arise in the future. Such business needs may include, without limitation, financings, acquisitions, establishing strategic relationships with corporate partners, providing equity incentive to employees, officers or directors, stock splits or similar transactions.

In addition, while the Company has no plans or proposals at this time, the board of directors has determined that it is in the best interest of our stockholders to pursue strategic acquisitions and alliances. Given the Company's present financial position, the Company must be able to issue shares of our common stock in order to complete any significant strategic acquisition or alliance. The board of directors believes that increasing the number of our authorized shares of common stock to 200,000,000 will provide a sufficient number of authorized

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A

shares of common stock for the foreseeable future.

Accordingly, our board of directors is requesting that the stockholders approve an amendment to its Articles of Incorporation, under Section 78.390 of the Nevada General Corporations Code, to increase of the number of authorized shares of common stock to 200,000,000. Other than as set forth below, the board has no present agreement or arrangement to issue any of the shares for which approval is sought. If the amendment is approved by the stockholders, the board of directors does not intend to solicit further stockholder approval prior to the issuance of any additional shares of common stock, except as may be required by applicable law.

Purpose and Effect of the Amendment

The increase in authorized common stock will not have any immediate effect on the rights of existing stockholders. The board of directors, however, will have the authority to issue authorized common stock without further stockholder approval, except as may be required by applicable law or the rules or regulations of any exchange or market on which our class of common stock may trade. To the extent that additional authorized shares are issued in the future, including the rescinded shares discussed below, they may decrease your existing percentage equity ownership of the Company.

The increase in the authorized number of shares of common stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

11

The board of directors is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the authorized common stock is not prompted by any specific effort or takeover threat currently perceived by management

Consequences to the Company if the Number of Authorized Shares is not increased General. Since the Company does not have any sources of revenue or significant tangible assets which can be borrowed against for the foreseeable future, the Company must be able to sell its capital stock in order to generate sufficient working capital to continue our operations. Therefore, if the number of authorized shares of common stock is not increased, the Company may not have sufficient working capital to continue our operations. The availability of additional shares of common stock is particularly important in the event that the board of directors determines that it needs to undertake any of the foregoing actions on an expedited basis.

Financing with Fusion Capital. On April 22, 2003, Samaritan Pharmaceuticals, Inc. and Fusion Capital Fund II, LLC, a Chicago-based institutional investor and Samaritan's long-term financial partner, entered into a new \$10 million Common Stock Purchase Agreement. The previous Common Stock Purchase Agreement between Samaritan and Fusion Capital dated November 2, 2000 by its original terms has expired.

Under the new Common Stock Purchase Agreement, Fusion Capital shall buy from time to time over twenty-five months up to \$10 million of Samaritan's common

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A

stock. Samaritan has the right to control the timing and the amount of stock sold to Fusion Capital with the purchase price based upon the market price of Samaritan's common stock at the time of each sale without any discount. Funding of the \$10 million shall commence at the Samaritan's discretion after the Securities & Exchange Commission has declared effective a registration statement covering the shares of common stock to be purchased by Fusion Capital.

If the stockholders do not approve the proposal to increase the authorized shares of common stock, the amount of financing we can obtain under the purchase agreement with Fusion Capital may be limited. At such time as the Company does not have any additional shares to sell to Fusion Capital, Fusion Capital has the right to terminate its financing of the Company. The termination by Fusion Capital of its financing would have a material adverse effect on the ability of the Company to remain in business.

Article Subject to Amendment

If the proposed amendment is approved by the stockholders, the Article FIFTH of the Company's Articles of Incorporation will be amended to read as follows:

"FIFTH: The Corporation is authorized to issue 200,000,000 shares, of "common stock," \$0.001 par value. The board of directors is hereby authorized to fix or alter the rights, preferences, privileges and restrictions granted to or imposed upon any series of common stock, and the number of shares constituting any such series and the designation thereof, or any of them. The board of directors is also authorized to increase or decrease the number of shares of any series, prior or subsequent to the issue of that series, but not below the number of shares of such series then outstanding. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series."

Required Vote

The Board of Directors unanimously recommends a vote FOR approval of the proposed Amendment. If a quorum is present, this proposal will be approved if a majority of the votes cast on the proposal are voted in favor of approval. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting but will not be counted and will have no effect in determining whether the proposal is approved. Proxies solicited by the Board will be voted for approval of the proposed Amendment unless a vote against the proposal or abstention is specifically indicated.

12

Recommendation of the Board of Directors

Our board of directors unanimously recommends that the stockholders vote "FOR" the proposal to amend the Articles of Incorporation to increase the number of authorized shares of common stock to 200,000,000 shares.

PROPOSAL NO. 3: RATIFICATION OF APPOINTMENT OF AUDITORS

Change of Independent Auditors

On May 11, 2002, the Company dismissed Feldman Sherb & Co., P.C., as its independent auditors. This action was approved by the Board of Directors and the Audit Committee of the Board of Directors. The audit reports of Feldman Sherb & Co., P.C., on the consolidated financial statements of the Company and its subsidiaries as of and for the years ended December 31, 2000 and 2001, did not contain any adverse opinion, disclaimer of opinion or qualification as to uncertainty, audit scope or accounting principles. During the two years ended December 31, 2000 and 2001, and the subsequent interim period through May 20, 2002, there were no disagreements with Feldman Sherb & Co., P.C., on any matter of accounting principle or practice, financial statement disclosure or auditing

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A

scope or procedure, which disagreements, if not resolved to the satisfaction of Feldman Sherb & Co., P.C.,, would have caused them to make a reference to the subject matter of the disagreement in connection with their reports; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K. 16

On May 11, 2002 the Company engaged Sherb & C., LLP as its new independent auditors. The decision to change accounting firms was approved by the Company's Board of Directors and the Audit Committee of the Board of Directors. During the years ended December 31, 2000 and 2001, and the subsequent interim period through May 11, 2002, the Company did not consult with Sherb & C., LLP regarding the application of accounting principles to any specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K 16. The Company requested that Feldman Sherb & Co., P.C. furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agreed with the statements set forth above. A copy of such letter dated May 11, 2002 was filed as Exhibit 16.1 to the Company's Current Report on Form 8-K filed on September 24, 2002.

Our board of directors has appointed the firm Sherb & Co., LLP independent public auditors for the Company during fiscal year 2002, to serve in the same capacity for the fiscal year ending December 31, 2003, and is asking the stockholders to ratify this appointment. The affirmative vote of the holders of a majority of the shares represented by proxy and voting at the Annual Meeting is required to ratify the selection of Sherb & Co., LLP. In the event the stockholders fail to ratify the appointment, the Board of Directors will reconsider its selection. Even if the selection is ratified, our board of directors in its discretion may direct the appointment of a different independent auditing firm at any time during the year if our board of directors believes that such a change would be in the best interests of the Company and its stockholders.

A representative of Sherb & Co., LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The affirmative vote of a majority of the votes cast affirmatively or negatively at the Annual Meeting of stockholders at which a quorum representing a majority of all outstanding shares entitled to vote is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Neither abstentions nor broker non-votes will have any effect on the outcome of the proposal.

Fees and Independence

Audit Fees. Sherb & Co., LLP billed us an aggregate of \$27,000 for professional services rendered for the audit of our financial statements for fiscal year ended December 31, 2002 and its reviews of our financial statements included in our Forms 10-Q during the 2002 fiscal year.

13

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEFR14A
