February 17, 2005

Anglo Swiss Resources Inc. Adds to its Diamond Exploration Property

Anglo Swiss Resources Inc. (TSX-Venture-ASW, OTC BB ASWRF, Berlin - AMO) has received regulatory approval regarding the Option to Purchase Agreement of the Iva Fern Group of claims, previously announced on February 3, 2005.

The Agreement provides for a payment of \$50,000 plus 200,000 common shares to be paid in installments on the anniversary dates of the Agreement, ending February 1, 2010. The common shares issued are subject to a four-month hold period and are subject to restrictions on resale prior to June 1, 2005.

The claims are situated within the Company's 31,000 ha. McAllister Claim Group in southeastern BC, and compliments the existing holdings. The McAllister Group of claims is located 13.5 kilometers southeast from the City of Nelson, British Columbia. The company's original claim in this area, the McAllister Diatreme, has been identified as the host of a potential diamondiferous lamproite. The company is currently awaiting results from a 20kg. sample being tested for indicator minerals.

Anglo Swiss has acquired a significant land base including additional areas of interest in the Nelson Mining District, where Anglo Swiss discovered its first diatreme. Anglo Swiss President, Len Danard stated, "We believe we have located a second diatreme approximately 4 kilometres from the McAllister Diatreme, which suggests that a cluster of diatremes may be present in the area. This new development is a perfect complement to our existing gemstone properties in south-eastern British Columbia.

Additional work is needed and warranted on this exciting discovery and a comprehensive exploration program is currently being designed by W.G. Timmins, P.Eng & G. C. Macdonald, P.Geo. Both are qualified persons by

NI43-101 definition, and are familiar with exploration for and experienced in discovery of diamond bearing kimberlite diatremes in the Northwest Territories.

On behalf of the Board of Directors of

Anglo Swiss Resources Inc.,

(s) *Len Danard*

President & CEO
