Item 1.01 Entry into a Material Definitive Agreement.

On June 11, 2014, Cardiovascular Systems, Inc. (the “Company”) entered into a Redevelopment Agreement, a Design-Build Contract, and a Development Services Agreement (as defined below) as well as various ancillary agreements related to the acquisition of real property located in New Brighton, Minnesota and the development of such property into the Company’s new corporate headquarters.

Pursuant to that certain Contract for Private Redevelopment by and among the City of New Brighton (the “City”), Ryan Companies US, Inc. (“Ryan”), and the Company, dated June 11, 2014 (the “Redevelopment Agreement”), the Company purchased approximately ten acres of real property from the City for a purchase price of \$500,000. In connection with the Redevelopment Agreement, the Company agreed to construct certain minimum improvements on the purchased property, including a two story building of a minimum of 116,000 square feet, of which at least 75% of the space shall initially be used for office purposes. The construction costs of these minimum improvements shall not be less than \$14,732,000 and the minimum improvements shall be constructed pursuant to site plans provided by Ryan and approved by the City. The City also granted the Company the option to purchase an additional 3.6 acres prior to May 31, 2021 pursuant to certain terms set forth in the Redevelopment Agreement. The foregoing description of the Redevelopment Agreement is qualified in its entirety by reference to the full text of such agreement, which will be filed as an exhibit to the Company’s Annual Report on Form 10-K for the year ended June 30, 2014.

Pursuant to that certain Design-Build Cost Plus Construction Contract by and between Ryan and the Company, dated June 11, 2014 (the “Design-Build Contract”), the Company has contracted with Ryan to furnish all services, labor, materials, equipment, procurement services, project management and other duties and services necessary for construction of the Company’s new headquarters on the land purchased from the City. The Company and Ryan expect to have construction substantially completed by March 1, 2015, and, pursuant to the Redevelopment Agreement discussed above, Ryan and the Company have agreed to complete construction by December 31, 2015. The Company anticipates that the total cost for construction of the headquarters, including the \$14,732,000 minimum discussed above in connection with the Redevelopment Agreement, will be approximately \$17,585,000, subject to certain increases or decreases if work is completed prior to or after March 1, 2015 or if changes are made to the project plans during construction. The Company will pay Ryan a fee of 3.85% of the cost of the work. The foregoing description of the Design-Build Cost Plus Construction Contract is qualified in its entirety by reference to the full text of such agreement, which will be filed as an exhibit to the Company’s Annual Report on Form 10-K for the year ended June 30, 2014.

The Company also entered into a Development Services Agreement with Ryan, dated June 11, 2014 (the “Development Services Agreement”), pursuant to which Ryan will perform certain development services to facilitate development of the project, including coordination with the City and overall coordinate of development strategy. The Company will pay Ryan a fee for the development services, which includes a sum equal to 3.25% of the adjusted total project costs, payable at certain points in the construction process and a sum equal to 5% of the adjusted total project costs, payable upon substantial completion of the project, as well as reimbursement of certain expenses incurred by Ryan. The foregoing description of the Development Services Agreement is qualified in its entirety by reference to the full text of such agreement, which will be filed as an exhibit to the Company’s Annual Report on Form 10-K for the year ended June 30, 2014.
