ITEM 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing

On November 7, 2011, Taitron Components Incorporated (“the Company”) received a notification letter from The Nasdaq Stock Market, LLC (“Nasdaq”) stating that, based upon the closing bid price of the Company’s common stock, \$0.001 par value, for the last 30 consecutive business days, the Company no longer meets the requirement that listed securities maintain a minimum bid price of \$1.00 per share in accordance with Nasdaq Marketplace Rule 5550(a)(2).

The notification has no immediate effect on the listing of the Company’s common stock, which will continue to trade on the Nasdaq Capital Market.

The notification letter states that the Nasdaq listing rules provide the Company a compliance period of 180 calendar days, or until May 7, 2012, in which to regain compliance. If at any time during this 180 day period the closing bid price of the Company’s security is at least \$1.00 per share for a minimum of 10 consecutive business days, the Company will have regained compliance.

The notification letter also states that, in the event the Company does not regain compliance, the Company may be eligible for additional time. To qualify, the Company will be required to meet the continued listing requirement for market value of publicly held shares and all other Nasdaq initial listing standards, with the exception of the minimum bid price requirement, and will need to provide written notice of its intention to cure the deficiency during the second compliance period. If the Company meets these requirements, Nasdaq will inform the Company that it has been granted an additional 180 calendar days. However, if it appears to Nasdaq staff that the Company will not be able to cure the deficiency, or if the Company is otherwise not eligible, Nasdaq will provide the Company with notice that its securities will be subject to delisting.

The Company intends to actively monitor the bid price for its common stock between now and May 7, 2012, and will consider available options to regain compliance with the minimum bid price requirement.
