INTERNATIONAL STAR, INC.
AND SUBSIDIARIES

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2003

A. BASIS OF PRESENTATION

The Interim financial statements of International Star, Inc. and Subsidiaries (the Company) for the six months ended June 30, 2003 and 2002 are not audited. The financial statements are prepared in accordance with the requirements for

Edgar Filing: INTERNATIONAL STAR INC - Form 10QSB

unaudited interim periods, and consequently do not include all disclosures required to be in conformity with accounting principles generally accepted in the United States of America.

In the opinion of management, the accompanying consolidated financial statements contain all adjustments, consisting only of normal recurring accruals, necessary for a fair presentation of the Company's financial position as of March 31, 2003 and the results of operations and cash flows for the six months ended June 30, 2003 and 2002.

The results of operations for the six months ended June 30, 2003 and 2002 are not necessarily indicative of the results for a full year period.

B. SIGNIFICANT ACCOUNTING POLICIES

1. Principles of Consolidation and Accounting Methods

These consolidated financial statements include the accounts of International Star, Inc., Pita King Bakeries International, Inc. (a wholly owned subsidiary) and Qwik Track, Inc. (a wholly owned subsidiary) for the six months ended June 30, 2003 and 2002.

2. Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

-5-

3. Dividend Policy

The Company has not adopted a policy regarding the payment of dividends.

4. Mineral Properties and Equipment

The Company has expensed the costs of acquiring and exploring its properties during the periods in which they were incurred, and will continue to do so until it is able to determine that commercially recoverable ore reserves are present on the properties. If it determines that such reserves exist, it will capitalize further costs.

5. Basic and Dilutive Net Income (Loss) Per Share

Basic net income (loss) per share amounts are computed based on the weighted average number of shares actively outstanding in accordance with SFAS NO. 128 "Earnings Per Share." Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if shares had been issued on the exercise of any common share rights unless the exercise becomes antidilutive and then only the basic per share amounts are shown in the report.

6. Comprehensive Income

Edgar Filing: INTERNATIONAL STAR INC - Form 10QSB

The Company adopted SFAS No. 130, "Reporting Comprehensive Income", which requires inclusion of foreign currency translation adjustments, reported separately in its Statement of Stockholders' Equity, in other comprehensive income. Such amounts are immaterial and have not been reported separately. The Company had no other forms of comprehensive income since inception.

7. Stock Based Compensation

The Company has elected to follow Accounting Principles Board Opinion No.25 (APB 25) and related interpretations in accounting for its employee stock options. Under APB25, when the exercise price of employee stock options is equal to the estimated market price of the stock on the date of grant, no compensation expense is recorded. The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards No. 123 (SFAS 123) with respect to employee stock options.

8. Income Taxes

The Company has adopted SFAS No. 109 "Accounting for Income Taxes". The Company accounts for income taxes under an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. In estimating future tax consequences, all expected future events, other than enactment of changes in the tax laws or rates, are considered.

Due to the uncertainty regarding the Company's future profitability, the future tax benefits of its losses have been fully reserved and no net tax benefit has been recorded in these financial statements.

-6-

9. Fair Value of Financial Instruments

The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, tax credit recoverable, reclamation bond, accounts payable and accrued liabilities, amount due to a director and loan payable.

10. Recent Accounting Pronouncements

The Company does not expect that the adoption of other recent account pronouncements will have a material effect on its financial statements.

11. Revenue Recognition

Revenue will be recognized on the sale and delivery of a product or the completion of a service provided.

12. Statement of Cash Flows

For the purposes of the statement of cash flows, the Company considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

13. Financial and Concentration Risk

The Company does not have any concentration or related financial credit risk

Edgar Filing: INTERNATIONAL STAR INC - Form 10QSB

Item 2 - Management's Discussion and Analysis or Plan of Operation

Plan of Operation

We are an exploration stage company with no reserves or mining operations. We intend to focus on raising the funding necessary for further exploration on the Detrital Wash property. We believe the results of the limited sampling conducted in 1998 by AuRIC Metallurgical Laboratories warrant further investigation of the mineral potential of that property, but we currently lack financial resources to conduct adequate exploration to determine whether precious metals exist on the property in commercial quantities.

We have no credit lines or other sources of cash. From time to time we have met operating expenses by borrowing from our executive officers and accruing their expenses and management fees. We are currently out of cash and will have to obtain cash from borrowing, a sale of our common stock, or other means if we are to continue in business over the next twelve months, and we will need a substantial infusion of cash in order to conduct meaningful exploration activities on our properties. We may consider a joint venture arrangement with an established resource company as well, although we currently have no specific prospects for such an arrangement.

If we raise capital by selling our equity stock, the proportionate ownership of existing shareholders will be diminished (i.e., "diluted").

-7-

Results from Discontinued Operations

Our operating results for the six months ended June 30, 2003 revenues of \$152,892 versus \$0 for the corresponding period in 2002. All of the increase is attributable to sales by our Pita King Bakeries International subsidiary, which we acquired in the fourth quarter of 2002. Inasmuch as we sold the Pita King subsidiary as of December 31, 2003 the results have no impact on our continuing operations.

Item 3 - Controls And Procedures

Evaluation of Disclosure Controls and Procedures

Within the 90 days prior to the filing date of this report, the Company carried out an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. This evaluation was done under the supervision and with the participation of the Company's principal executive officer and principal financial officer. Based upon that evaluation, they concluded that the Company's disclosure controls and procedures are effective in gathering, analyzing and disclosing information needed to satisfy the Company's disclosure obligations under the Exchange Act.

Changes in Internal Controls

There were no significant changes in the Company's internal controls or in other factors that could significantly affect those controls since the most recent evaluation of such controls.
