PROXY STATEMENT

Solicitation of Proxies

This Proxy Statement is being mailed on or about February 27, 2004, to the holders of record as of February 13, 2004, of Common Stock (Common Stock) of Fiserv, Inc. (the Company) in connection with the solicitation by the Board of Directors of proxies for the Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held at the Company s corporate offices, 255 Fiserv Drive, Brookfield, Wisconsin 53045, at 10:00 a.m. Central time, on April 6, 2004, and at any and all adjournments or postponements thereof. Any shareholder appointing a proxy has the power to revoke it at any time before it is exercised by (i) filing with the Secretary written notice thereof (Charles W. Sprague, Executive Vice President, General Counsel, Secretary and Chief Administrative Officer, Fiserv, Inc., 255 Fiserv Drive, Brookfield, Wisconsin 53045); (ii) appointing a new proxy; or (iii) appearing at the Annual Meeting and giving the Secretary notice of his or her intention to vote in person.

The cost of solicitation of proxies by mail on behalf of the Board of Directors will be borne by the Company. Proxies also may be solicited by personal interview, telephone or electronic communication, in addition to the use of the mail, by Directors, officers and other employees of the Company, without additional compensation therefor. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation materials for shares of Common Stock held of record to the beneficial owners of such shares. The Company will reimburse such holders for their reasonable out-of-pocket expenses.

Proxies solicited hereby will be returned to the Board of Directors, and will be tabulated by inspectors of election designated by the Board of Directors, who will not be employees or Directors of the Company, or any of its affiliates.

Purposes of Annual Meeting

The Annual Meeting has been called for the purposes of: (i) electing three Directors to serve for a three-year term expiring in 2007; (ii) ratifying the selection of Deloitte & Touche LLP as independent auditors of the Company for 2004; (iii) approving the Company s Stock Option and Restricted Stock Plan, as amended and restated to permit grants of restricted stock; and (iv) transacting such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The persons named as proxies in the enclosed proxy card have been selected by the Board of Directors and will vote shares represented by valid proxies. They have indicated that, unless otherwise specified in the proxy card, they intend to vote (i) to elect as Directors the nominees noted herein; (ii) to ratify the selection of Deloitte & Touche LLP as independent auditors; and (iii) to approve an amendment to the Company s Stock Option and Restricted Stock Plan, as amended and restated to permit grants of restricted stock. The Board of Directors has no reason to believe that any of the nominees will be unable to serve as a Director. In the event, however, of the death or unavailability of any nominee or nominees, the proxy to vote in favor of the election of such nominee or nominees will be voted for such other person as the Board of Directors may recommend.

The Company has no knowledge of any other matters to be presented at the Annual Meeting. In the event other matters are properly brought before the Annual Meeting or any adjournments or postponements thereof, the persons named in the proxy card will vote in accordance with their best judgment on such matters.

Voting Securities

The Board of Directors has fixed the close of business on February 13, 2004, as the record date (the "Voting Record Date") for determining shareholders entitled to notice of and to vote at the Annual Meeting. On the Voting Record Date, there were 194,634,891 shares of Common Stock outstanding and entitled to vote, and the Company had no other class of securities outstanding. All of these shares are to be voted as a single class, and each holder is entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business. A quorum being present, the approval of the Stock Option and Restricted Stock Plan and all other matters, other than the election of Directors, shall require the affirmative vote of a majority of the total votes cast in person or by proxy in order to be approved. Directors will be elected by a plurality of votes cast at the Annual Meeting. Abstentions will be included in the determination of shares present and voting for purposes of determining whether a quorum exists. Broker non-votes will not be so included. Neither abstentions nor broker non-votes will be counted in determining whether a proposal has been approved. In the event there are not sufficient votes for a quorum or to approve any proposal at the time of the Annual Meeting, the Annual Meeting may be adjourned or postponed in order to permit the further solicitation of proxies.

Shareholders who own shares registered directly with the Company's transfer agent can appoint a proxy (i) by marking their vote on their proxy card, signing and dating it and returning it promptly in the enclosed envelope, which requires no postage if mailed in the United States, (ii) by telephone by calling a toll free number in accordance with the instructions on their proxy card or (iii) by using the Internet in accordance with the instructions on their proxy card. Shareholders who hold shares through a bank, broker or other record holder may vote by the methods that their bank or broker makes available, in which case the bank or broker will include instructions with this proxy statement. Shareholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that the shareholders must bear.

An individual who has a beneficial interest in shares allocated to his or her account under the 401(k) Savings Plan of Fiserv, Inc. and Its Participating Subsidiaries (the "Plan") is being sent this Proxy Statement and a proxy card to provide instructions to vote the shares of Common Stock allocated to his or her account. A participant may use the proxy card to give directions to the Trustee of the Plan as to how his or her allocated shares should be voted by completing, signing, dating and returning the proxy card. If the participant does not sign and return this card, or if the participant does not attend the meeting and vote by ballot, the Trustee of the Plan will vote the shares in the same manner and in the same proportion as the shares for which voting instructions are received from other participants, except that the Trustee, in the exercise of their fiduciary duties, may determine that they must vote the shares in some other manner.

The Board of Directors recommends to the shareholders the ratification of the selection of Deloitte & Touche LLP, independent auditors, to audit the financial statements of the Company and its subsidiaries for 2004. Deloitte & Touche LLP has served as the independent auditors for the Company or its predecessor entities since 1986. Consistent with the recently adopted regulations pursuant to the Sarbanes-Oxley Act of 2002, the lead audit partner having primary responsibility for the audit and the concurring audit partner will be rotated every five years beginning with the 2004 audit year. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the ratification of Deloitte & Touche LLP as independent auditors for the Company for 2004.

In the event the shareholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent accounting firm at any time during the year if it feels that such a change would be in the best interest of the Company and its shareholders.

The Audit Committee pre-approved all such services. The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit

services to be provided by its independent auditors. Pursuant to these policies and procedures, the Audit Committee may form, and delegate authority to, subcommittees consisting of one or more members, when appropriate, to grant such pre-approvals, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. In addition, the Audit Committee pre-approves particular services, subject to certain monetary limits, after the Audit Committee is presented with a schedule describing the services to be approved, which is accompanied by detailed back-up information regarding the specific services to be provided. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management.

Matter 3. Approval of Stock Option and Restricted Stock Plan as Amended and Restated

On February 18, 2004, the Board of Directors of the Company adopted, subject to shareholder approval at the Annual Meeting, the Fiserv, Inc. Stock Option and Restricted Stock Plan, as amended and restated (formerly the Fiserv, Inc. Stock Option Plan) (the Plan) to permit grants of restricted stock under the Plan. The proposed amended and restated Plan will not increase the number of shares of Common Stock with respect to which awards may be granted under the Plan.

Description of Material Features of the Plan

Unless otherwise indicated, all references are to the Plan as proposed to be amended and restated.

Purpose of the Plan

As of December 31, 2003, a total of 7,148,062 shares were available for granting under the Plan and no shares of restricted stock have been granted under the Plan. The Plan authorizes the grant of options to purchase shares of Common Stock (options) and shares of Common Stock that are subject to risk of forfeiture and/or restrictions (restricted stock) to employees (including officers and directors who are employees) and non-employee directors of the Company. The shares of Common Stock to be issued by the Company upon the exercise of options by participants or as restricted stock may be acquired either through open market purchases by the Company, or issued from authorized but unissued shares of Common Stock.

Upon expiration, cancellation or termination of unexercised options granted under the Plan or forfeiture of shares of restricted stock, the shares of Common Stock subject to such awards will again be available for the grant of awards under the Plan. In the event the number of shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares of stock or other securities of the Company through recapitalization, reclassification, stock

split, reverse stock split, combination of shares, exchange of shares, stock dividends or other distribution, then the number of shares of common stock subject to the Plan and the maximum number of shares which may be subject to awards granted to a person in any fiscal year may be appropriately adjusted by the Committee.

This plan provides for option grants to all directors and senior managers of the Company. During 2003, there were approximately 900 senior managers who were eligible to participate.

Administration

The Plan must be administered by a committee of the Board of Directors (the Committee) consisting of at least two members of the Board, each of whom is a Non-Employee Director under Rule 16b-3 under the Securities Exchange Act of 1934, and also an outside director within the meaning of Section 162 (m) of the Code. The Committee currently is the Compensation Committee of the Board of Directors.

Among other things, the Board of Directors (with respect to grants to non-employee directors) and the Committee (with respect to grants to participants other than non-employee directors) are empowered to determine in accordance with various Plan provisions: (i) the persons to whom awards are granted; (ii) the times on which awards are granted; (iii) the types of awards to be granted; (iv) whether an option will be an incentive stock option or a non-qualified stock option; (v) the number of shares of Common Stock subject to a particular option and the option price therefor; (vi) the term of each option; (vii) the time and conditions under which an option may be exercised in whole or in part; (viii) the form of consideration that may be used by the participant to purchase shares upon exercise of any option; (ix) whether shares issued upon the exercise of an option are subject to certain restrictions or to repurchase by the Company; (x) the fair market value of shares of the Common Stock; (xi) the number of shares of Common Stock to which an award of restricted stock relates; (xii) the length and terms of restriction on the transfer of shares of restricted stock; (xiii) additional restrictions on shares of restricted stock; and (xiv) any other terms and conditions of any award not otherwise inconsistent with the provisions of the Plan. The Committee is also authorized to interpret the terms of the Plan and to adopt regulations relating to the Plan that are not inconsistent with the terms of the Plan. The determination of the Committee with respect to such matters is final and conclusive.

Terms and Conditions of Options

Options granted under the Plan are subject to, among other things, the following terms and conditions:

i. Options granted under the Plan may be either incentive stock options (ISOs) within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or non-qualified stock options which do not qualify as ISOs (NQSOs). ISOs, however, may only be granted to employees.

ii. The option price of an option shall be fixed by the Committee in the case of grants to participants other than non-employee directors and the full Board with respect to grants to non-employee directors, except that in the case of an ISO, the option price cannot be less than the fair market value of the shares subject to the option on the date it is granted (110% of such fair market value if the participant owns or is deemed to own more than 10% of the voting power of the Company's shares). In addition, with respect to at least 95% of

the number of the Company's shares for which options may be granted under the Plan as of February 14, 2000, the option price may not be less than the fair market value of the shares subject to the option on the date the option is granted.

iii. Options are not transferable during the participant's lifetime, and during his or her lifetime may only be exercised by the participant.

iv. Options may be granted for terms determined by the Committee in the case of grants to participants other than Non-Employee Directors and the full Board with respect to grants to Non-Employee Directors, except that the term of an ISO may not exceed 10 years (five years if the participant owns or is deemed to own more than 10% of the voting power of the Company's shares).

v. The maximum number of shares for which options may be granted to any person in any fiscal year is 1,012,500. The aggregate fair market value of shares with respect to which ISOs may be granted to an employee which are exercisable for the first time during any calendar year may not exceed \$100,000. Any option granted in excess of such amount is treated as an NQSO.

vi. No fractional shares of Common Stock may be exercised or acquired under the Plan.

vii. Except for certain adjustments discussed below or adjustments made with shareholder approval, the Committee may not reprice, replace or regrant any option under the Plan through cancellation or by lowering the option price of a previously granted option.

Terms and Conditions of Restricted Stock

Shares of restricted stock granted under the Plan are subject to, among other things, the following terms and conditions:

i. The terms and conditions of each award of restricted stock shall be fixed by the Committee in the case of grants to participants other than non-employee directors and the full Board with respect to grants to non-employee directors.

ii. Shares of restricted stock are not transferable during the participant's lifetime and shall be subject to such additional restrictions as the Committee or the Board may impose.

iii. Restricted stock may be evidenced in such manner as the Committee or Board may deem appropriate.

iv. At the end of any applicable restriction period, one or more stock certificates for the appropriate number of shares of Common Stock, free of restriction imposed under the Plan, shall be delivered to the participant.

Edgar Filing: FISERV INC - Form DEF 14A

v. The maximum number of shares of restricted stock that may be granted to any person in any fiscal year is 337,500.

vi. No fractional shares of Common Stock may be exercised or acquired under the Plan.

Adjustments in the Event of Capital Changes

In the event the number of shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares of stock or other securities of the Company through recapitalization, reclassification, stock split, reverse stock split, combination of shares, exchange of shares, stock dividends or other distribution, then the number and kind of shares of stock and the option price per share subject to the unexercised portion of any option will be appropriately adjusted.

In the event the Company distributes property other than cash or Company stock to its shareholders without receiving consideration in return, then the number and kind of shares of stock and the option price per share subject to the unexercised portion of any option, the number and kind of shares of stock subject to the Plan and the maximum number of shares which may be subject to awards granted to a person in any fiscal year will be appropriately adjusted. In addition, the Company will provide that holders of restricted stock receive their proportionate share of such property.

Change of Control

In the event that a change of control (as defined in the Plan) occurs, then the Board may act to (i) continue, accelerate and/or vest awards under the Plan; (ii) remove restrictions on awards; (iii) provide for the redemption or conversion of awards for cash or into equivalent securities of the surviving company; or (iv) take certain similar steps to protect the economic value of awards.

Duration and Amendment of the Plan

No ISO may be granted under the Plan after February 27, 2006. The Board of Directors may amend the Plan from time to time, except that without shareholder approval no amendment may increase the maximum number of shares of Common Stock with respect to which awards may be granted under the Plan (except in the case of the events for which adjustment authority has been granted to the Board of Directors as described above), materially increase the benefits accruing to participants under the Plan, change the eligibility requirements for participants or make any change for which applicable law requires shareholder approval.

Federal Income Tax Treatment

The following is a general summary of the federal income tax consequences under the current tax law of NQSOs, ISOs and restricted stock. It does not purport to cover all the special rules, or the state or local income or other tax consequences, inherent in the ownership and exercise of stock options and the ownership and disposition of the underlying shares. A participant will not recognize taxable income for federal income tax purposes upon the grant of an NQSO or ISO nor will the Company then be entitled to a deduction.

Upon the exercise of an NQSO, the participant will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares acquired on the date of exercise over the option price thereof, and the Company will generally be entitled to a deduction for such amount at that time. If the participant later sells shares acquired pursuant to the exercise of an NQSO, he or she will recognize long-term or short-term capital gain or loss, depending on the period for which the shares were held. Long-term capital gain is generally subject to more favorable tax treatment than ordinary income or short-term capital gain.

In general, if a participant holds the shares of Common Stock acquired upon the exercise of an ISO for at least two years from the date of grant and one year from the date of exercise, the participant will recognize no income or gain as a result of exercise. If the participant subsequently disposes of the shares, the participant will recognize long-term capital gain or loss and the Company will not be entitled to a deduction. However, if the participant disposes of such shares within either of the required holding periods, all or a portion of the gain will be treated as ordinary income and the Company will generally be entitled to a deduction in the same amount. Any additional gain realized by the participant over the fair market value at the time of exercise will be treated as long-term or short-term capital gain, depending on the period for which the shares were held.

A participant will not recognize income at the time an award of restricted stock is made under the Plan, unless the election described below is made. A participant who has not made such an election will recognize ordinary income at the time the restrictions on the stock lapse in an amount equal to the fair market value of the restricted stock at such time reduced by any amount paid for the restricted stock. The Company will generally be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. Any otherwise taxable disposition of the restricted stock after the time the restrictions lapse will generally result in capital gain or loss (long-term or short-term depending upon the length of time the restricted stock is held after the time the restrictions lapse). Dividends paid in cash and received by a participant prior to the time the restrictions lapse will constitute ordinary income to the participant in the year paid. The Company will generally be entitled to a corresponding compensation deduction for such dividends. Any dividends paid in stock will be treated as an award of additional restricted stock subject to the tax treatment described herein.

A participant may, within thirty days after the date of the award of restricted stock, elect to recognize ordinary income as of the date of the award in an amount equal to the fair market value of such restricted stock on the date of the award reduced by any amount paid for the restricted stock. The Company will generally be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. If the election is made, then any cash dividends received with respect to the restricted stock will be treated as dividend income to the participant in the year of payment and will not be deductible by the Company. Any otherwise taxable disposition of the restricted stock (other than by forfeiture) will result in capital gain or loss (long-term or short-term depending on the holding period). If the participant who has made an election subsequently forfeits the restricted stock, then the participant will not be entitled to recognize a capital loss equal to the amount the participant paid for the restricted stock less the amount received upon forfeiture. In addition, the Company would then be required to include as ordinary income the amount of the deduction it originally claimed with respect to such shares.

In addition to the federal income tax consequences described above, a participant may be subject to the alternative minimum tax.

New Plan Benefits

The Company cannot currently determine the number or type of awards that may be granted to eligible participants under the Plan in the future. Such determinations will be made from time to time by the Committee or the Board of Directors. Neither the Committee nor the Board of Directors has approved any grants of awards that require shareholder approval of the Plan.

On February 13, 2004, the closing price per share of the Company's Common Stock on the Nasdaq National Market was \$38.90.

Meetings of the Board of Directors and Committees of the Board of Directors

The Board of Directors held five regular meetings and eight special meetings during 2003. During 2003, each Director attended at least 75% of the meetings of the Board of Directors and committees of the Board of Directors held during his or her tenure as a Director or committee member. The Directors are expected to attend each annual meeting of shareholders of the Company. Six of the eight persons that were Directors at the time of the 2003 annual meeting of shareholders attended that meeting.

The Board of Directors has standing Nominating and Corporate Governance, Compensation and Audit Committees. Each of these Committees has the responsibilities set forth in written charters adopted by the Board of Directors. The Company makes available on its website located at www.fiserv.com copies of each of these charters free of charge. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this Proxy Statement.

The Nominating and Corporate Governance Committee assists the Board of Directors in identifying and evaluating potential nominees for a Directorship, and recommending qualified nominees to the Board for consideration by the shareholders. In addition, the Nominating and Corporate Governance Committee oversees the corporate governance procedures of the Company. The members of the Nominating and Corporate Governance Committee are Ms. Shackelford (Chairman), Ms. Robak and Mr. Renwick, each of whom is independent as defined by Nasdaq rules. The Nominating and Corporate Governance Committee held three meetings during 2003 in connection with the appointment of new directors.

The Compensation Committee evaluates the performance of the Company's executive officers, approves executive officer compensation and reviews management's recommendations as to the compensation of other key personnel and makes recommendations to the Board of Directors regarding the types, methods and levels of Director compensation, administers the compensation plans for the officers, Directors and key employees, and discharges certain other responsibilities of the Board of Directors when so instructed by the Board of Directors. The members of the Compensation Committee are Messrs. Kearney (Chairman), Levy and Wertheimer, each of whom is independent as defined by Nasdaq rules. The Compensation Committee held one meeting during 2003.

The Audit Committee's primary purpose is to provide independent review and oversight of the Company's financial reporting processes and financial statements, the system of internal controls that management and the Board of Directors have established, the audit process and results of operations of the Company and its financial condition. In doing so, it is the responsibility of the Audit Committee to provide an open avenue of communication between the Board of Directors, management, the Company's internal audit function and the independent auditors. In connection with its responsibilities, the Audit Committee is directly and solely responsible for the appointment, compensation, retention, termination and oversight of the independent auditors. The members of the Audit Committee are Messrs. Seidman (Chairman), Renwick and Wertheimer, each of whom is independent as defined by Nasdaq rules and Commission rules. The Board of Directors has determined that Messrs. Seidman and Wertheimer qualify as audit committee financial experts, as defined in the rules of the Commission. The Audit Committee held eight meetings during 2003.

Nominations of Directors

The Nominating and Corporate Governance Committee recommends to the full Board of Directors the Director nominees to stand for election at the Company's Annual Meetings of Shareholders and to fill vacancies occurring on the Board.

In making recommendations to the Company's Board of Directors of nominees to serve as Directors, the Nominating and Corporate Governance Committee will examine each Director nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate, which may include those set forth in the Company's Governance Guidelines. However, the Board of Directors and the Nominating and Corporate Governance Committee believe the following minimum qualifications must be met by a Director nominee to be recommended by the Nominating and Corporate Governance Committee:

Each Director must display the highest personal and professional ethics, integrity and values.

Each Director must have the ability to exercise sound business judgment.

Each Director must be highly accomplished in his or her respective field, with strong credentials and recognition and broad experience.

Each Director must have relevant expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience.

Each Director must be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value.

Each Director must have sufficient time available to devote to activities of the Board of Directors and to enhance his or her knowledge of the Company's business.

In addition, the Nominating and Corporate Governance Committee shall endeavor to have at least one director of the Corporation who is an audit committee financial expert under Item 401(h) of Regulation S-K under the Exchange Act, and the Corporation must have at least one director (who may also be an audit committee financial expert) who, in accordance with the Nasdaq rules, has past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Nominating and Corporate Governance Committee will consider persons recommended by shareholders to become nominees for election as Directors in accordance with the foregoing and other criteria set forth in the Company's Governance Guidelines and the Nominating and Corporate Governance Committee Charter. Recommendations for consideration by the Nominating and Corporate Governance Committee should be sent to the Chairman of the Board and/or President of the Corporation and the Chairman of the Nominating and Corporate Governance Committee in writing together with appropriate biographical information concerning each proposed nominee. The Company's By-laws also provide for shareholder nominations of candidates for election as Directors. These provisions require such nominations to be made pursuant to timely notice (as specified in the By-laws) in writing to the Secretary of the Company.

Communications with Board of Directors

Shareholders may communicate with the full Board or individual Directors, by submitting such communications in writing to the Company, 255 Fiserv Drive, Brookfield, Wisconsin 53045, Attention: Charles W. Sprague, Executive Vice President, General Counsel, Secretary and Chief Administrative Officer. Such communications will be delivered directly to the Company's Board of Directors.

Compensation of Directors

Directors who are officers or employees of the Company receive no compensation for service as members of the Board of Directors of the Company or for service on committees of the Board of Directors. A Director who is not an officer or employee of the Company receives an annual fee of \$20,000 for service on the Board of Directors of the Company, plus \$1,500 for attendance at Board of Director meetings and \$400 for attendance at telephonic Board of Director meetings. Additionally, the Chairman of the Board receives an annual fee of \$20,000 and the Chairperson of the Compensation, Audit, and Nominating and Corporate Governance Committees each receive an annual fee of \$5,000. Upon election to each new three-year term, each outside Director is granted non-qualified stock options to acquire, at the fair market value on the date of grant, shares of Common Stock of the Company equivalent to \$480,000 of face value (number of options multiplied by option price). For attendance at each regular Board of Director meeting, each director will be granted restricted stock equivalent to \$8,000 of face value. The options and restricted stock granted vest 20% per year and the options expire 10 years from the date of the award. Grants of restricted stock are contingent upon approval by the shareholders of the Stock Option and Restricted Stock Plan, as amended and restated.

⁽¹⁾ The Company's Stock Option and Restricted Stock Plan provides for grants of Common Stock to employees and Directors. In general, the options are granted with an option price not less than the fair market value of the underlying shares on the date of grant, with 20% of the options becoming exercisable annually and expiring 10 years from the date of the grant. Options are typically granted in February for the previous year's performance.

⁽²⁾ Options to purchase 1,718,687 shares of Common Stock were granted to employees under the Company's Stock Option and Restricted Stock Plan during 2003.

⁽³⁾ These values were calculated using the Black-Scholes single option pricing model, a formula widely used and accepted for valuing traded stock options. The model is based on immediate exercisability and transferability, which are not features of the options shown in the table. Any ultimate value will depend on the market value of the Common Stock at a future date. The following assumptions were used to calculate the values shown: expected price volatility of 52.3%, risk-free rate of return of 3% and option holding period of five years.

⁽⁴⁾ Effective April 30, 2003, Mr. Dillon retired as an employee of the Company. He continues to serve the Company as Chairman of the Fiserv Board of Directors.

Agreements with Executive Officers

The Company has in effect key executive employment and severance agreements (KEESAs) with certain executive officers of the Company, including Messrs. Muma, Jensen, Balthasar, Neill and Schmelzer. The KEESAs provide that each executive officer who is a party thereto is entitled to benefits if, within three years after a change in control of the Company (as defined in the KEESAs), the executive officer's employment is ended through (i) termination by the Company, other than by reason of death or disability or for cause (as defined in the KEESAs), (ii) termination by the executive officer for good reason (as defined in the KEESAs) or (iii) in the case of Messrs. Muma, Jensen and Balthasar only, termination by the executive officer following the six-month anniversary of the change of control. The benefits provided are (i) a cash termination payment of two times the sum of the executive officer's annual salary and his highest annual bonus during the three years before the change in control and (ii) continuation for up to three years of life, disability, hospitalization, medical and dental insurance coverage as in effect at the termination. Each KEESA provides that if any portion of the benefits under the KEESA or any other agreement for the executive officer would constitute an excess parachute payment for purposes of the Internal Revenue Code, then the executive officer will have the option either to receive the total payments and pay the 20% excise tax imposed by the Internal Revenue Code or to have the total payments reduced such that the executive officer will not be required to pay the excise tax.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors consists of three non-employee directors, each of whom is independent as defined under Nasdaq listing standards. Pursuant to its written charter, the Compensation Committee establishes the compensation for the Company's President and Chief Executive Officer, Chief Operating Officer, Corporate Senior Executive Vice Presidents and Corporate Executive Vice Presidents (the Executives). The Compensation Committee establishes executive compensation policies, incentive compensation policies, employee benefit plans and bonus awards. In so doing, the Compensation Committee has developed and implemented compensation policies and programs that seek to enhance the long-term profitability of the Company, thereby contributing to the value of shareholders' investment in the Company.

Compensation Guidelines. The Compensation Committee considers the executive compensation package integral to the Company's ability to grow and improve its business. The total program, assuming sustained Company performance above industry performance, will reward executives at highly competitive levels. However, the total program is also structured to significantly reduce rewards for performance below Company and shareholder expectations and industry performance. The Compensation Committee believes that this compensation structure will attract, retain and motivate the quality and profile of executives required to successfully perform in the Company's highly competitive and evolving industry.

The total compensation for the Executives is a combination of base salary, annual incentive compensation and stock options. The Compensation Committee has determined that a significant portion of total compensation for the Executives should be at-risk, dependent on and determined by performance-based components. The at-risk components of compensation are structured to reward results that benefit shareholders and are not earned unless specific, pre-established goals are met.

Base Salary and Total Compensation Levels. The Compensation Committee reviews appropriate industry and competitive labor markets for the Executives, making a comparison of each Executive's base salary and total cash compensation with peer and market groups. The Compensation Committee seeks to keep base salary competitive and use incentive compensation to reward performance. The base salary plus the target annual incentive (total cash compensation) for the Company's Executive Officers are targeted at the median compensation level of industry peers based on a compensation analysis prepared by an outside consulting firm.

Incentive Compensation Plan. For each of the Executives, a cash incentive compensation plan is established at the beginning of each fiscal year in connection with the establishment of the Company's strategic plans and annual operating budgets. Each Executive's plan establishes a range for incentive compensation and a number of performance objectives. The performance objectives generally include earnings per share growth, the financial performance of an Executive's business unit, and/or various other measurable financial and non-financial objectives.

Stock Option Awards. In addition to annual cash compensation, the Compensation Committee establishes criteria pursuant to which the Executives may also qualify for the award of options to acquire the Company's Common Stock at a price equal to the market value of the Common Stock on the date of grant. Awards are based 75% on growth in earnings per share and 25% on revenue growth. If the revenue growth percentage exceeds that for earnings per share, the earnings per share growth percentage will replace the revenue growth percentage in determining awards. The minimum growth required to earn awards is 10% and the maximum annual award to any Executive is 1,012,500 shares.

Compensation of Chief Executive Officer. Compensation for the Chief Executive Officer aligns with the philosophy and practices discussed above for the other senior executive officers. At the beginning of each year, the Compensation Committee sets a series of maximum bonus amounts for the Chief Executive Officer dependent on the Company meeting specified earnings per share targets. For compensation paid in 2003, Mr. Muma's performance goals were established based on strategic and financial measurements, including a target level of earnings per share and implementation of the Company's acquisition and internal growth strategies. Of these factors, the Company's target level of earnings per share carried a significantly greater weight than the aggregate weight assigned to the remaining factors. Mr. Muma's incentive compensation paid in 2003 reflects favorable achievement of the established performance objectives, particularly earnings per share, the key determinant of Mr. Muma's incentive compensation. The Compensation Committee awarded Mr. Muma stock options in accordance with the criteria described above for other senior executives.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the Company's income tax deduction for compensation paid in any taxable year to certain executive officers to \$1,000,000, subject to several exceptions. It is the policy of the Compensation Committee that the Company should use its best efforts to cause any compensation paid to Executives in excess of such dollar limit to qualify for such exceptions and, therefore, to continue to be deductible by the Company. In particular, the Company's Stock Option and Restricted Stock Plan and Executive Incentive Compensation Plans were designed to permit awards made under the plans to qualify for Section 162(m)'s exception for performance-based compensation.

Section 4. Common Stock Subject to the Plan; Special Limitations.

- 4.1 The total number of shares of Common Stock for which Awards may be granted under this Plan shall not exceed in the aggregate 8,667,755 shares of Common Stock, which may not include more than 3,500,000 shares of Restricted Stock. No Person shall be granted or awarded, during any one calendar year, Options with respect to more than 1,012,500 shares of Common Stock or more than 337,500 shares of Restricted Stock. Notwithstanding the foregoing, if the outstanding shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities by reason of any recapitalization, reclassification, stock split, reverse stock split, combination of shares, exchange of shares, stock dividend or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), or other increase or decrease in those shares such that an adjustment is determined by the Committee to be appropriate, then the Committee may adjust the number of shares of Common Stock subject to this Plan and which thereafter may be the subject of Awards under this Plan under this Section 4.1 and the number of shares of Common Stock subject to the individual participant limits in this Section 4.1.

determinations relating to the Plan and Awards not inconsistent with the provisions of this Plan.

- 5.3 The Committee shall be authorized to interpret the Plan and may, from time to time, adopt such rules and regulations, not inconsistent with the provisions of the Plan, as it may deem advisable to carry out the purpose of this Plan.
- 5.4 The interpretation and construction by the Committee of any provision of the Plan, any Award granted hereunder or any option or restricted stock agreement evidencing any such Award shall be final and conclusive upon all parties. Any controversy or claim arising out of or relating to the Plan or any Award shall be determined unilaterally by the Committee, whose determination shall be final and conclusive upon all parties.
- 5.5 Members of the Committee may vote on any matter affecting the administration of the Plan or any agreement or the granting of Awards under the Plan.
- 5.6 All expenses and liabilities incurred by the Board of Directors (or the Committee) in the administration of the Plan shall be borne by the Company. The Board of Directors (or the Committee) may employ attorneys, consultants, accountants or other persons in connection with the administration of the Plan. The Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. No member or former member of the Board of Directors (or the Committee) shall be liable for any action, determination or interpretation taken or made in good faith with respect to the Plan or any Award or agreement hereunder.

Section 6. Terms and Conditions of Options. Subject to the Plan, the terms and conditions of each Option granted under the Plan shall be specified by the Committee (the Board of Directors with respect to grants to Non-Employee Directors) and shall be set forth in an option agreement between the Company and the Participant in such form as the Committee shall approve. Options to be issued to employees under the Plan may be ISO or NQSOs, but the Company makes no representation or warranty as to the qualification of any Option as an ISO under the Code. The terms and conditions of any Option granted hereunder need not be identical to those of any other Option granted hereunder.

The terms and conditions of each Option shall include the following:

- 6.1 The option price shall be fixed by the Committee, provided, however, that in the case of an ISO, the option price may not be less than the fair market value of the shares of Common Stock subject to the Option on the date the Option is granted, and provided, further, however, that if at the time an ISO is granted, the Participant owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a

Parent, the option price of such ISO shall not be less than 110% of the fair market value of the Common Stock subject to such ISO on the date of grant. In addition, with respect to at least 95% of the number of shares of Common Stock for which Options may be granted under this Plan as of February 14, 2000, the option price may not be less than the fair market value of the shares of Common Stock subject to the Option on the date the Option is granted.

- 6.2 Options shall not be transferable otherwise than by will or the laws of descent and distributions, and during a Participant's lifetime, an option shall be exercisable only by the Participant or the Participant's legal guardian.
- 6.3 The Committee shall fix the term of all Options granted pursuant to the Plan (including the date on which such Option shall expire and the conditions under which it terminates earlier), provided, however, that the term of an ISO may not exceed ten years from the date such Option is granted, and provided, further, however, that if at the time an ISO is granted, the Participant owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a Parent, the term of such ISO may not exceed five years from the date of grant. Each Option shall be exercisable in such amount or amounts, under such conditions, and at such times or intervals or in such installments as shall be determined by the Committee. The Committee may, in its sole discretion, establish a vesting provision for any Option relating to the time or the circumstances when the Option may be exercised by the Participant.
- 6.4 Payment of the option price of an Option may be made in cash, with shares of Common Stock held by the Participant for more than six months prior to payment or otherwise in accordance with law as the Committee may determine from time to time.
- 6.5 The aggregate fair market value (determined at the time the Option is granted) of the shares of Common Stock for which an eligible employee may be granted ISOs under the Plan or any other plan of the Company, any of its Subsidiaries or a Parent which are exercisable for the first time by such employee during any calendar year shall not exceed \$100,000. Such limitation shall be applied by taking ISOs into account in the order in which they were granted. Any Option (or portion thereof) granted in excess of such amount shall be treated as an NQSO.
- 6.6 In no case may a fraction of a share of Common Stock be acquired pursuant to an Option granted under the Plan.
- 6.7 Without prior approval of the Company's shareholders, Options issued under this Plan will not be repriced, replaced or regranted through cancellation or by lowering the option price of a previously granted Option.

Section 7. Terms and Conditions of Restricted Stock. Subject to the Plan, the terms and conditions of each award of Restricted Stock granted under the Plan shall be specified by the Committee (the Board of Directors with respect to grants to Non-Employee Directors) and shall be set forth in a restricted stock agreement between the Company and the Participant in such form as the Committee shall approve. The terms and conditions of any share of Restricted Stock awarded hereunder need not be identical to those of any other shares of Restricted Stock awarded hereunder.

The terms and conditions of each award of Restricted Stock shall include the following:

- 7.1 Shares of Restricted Stock shall not be transferable otherwise than by will or the laws of descent and distributions. Shares of Restricted Stock granted to Participants shall be subject to such additional restrictions as the Committee or the Board may impose (including, without limitation, any limitation on the right to vote a share of Restricted Stock or the right to receive any dividend or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.
- 7.2 Any Restricted Stock granted under the Plan to a Participant may be evidenced in such manner as the Committee or the Board may deem appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of shares of Restricted Stock granted under the Plan to a Participant, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend (as determined by the Committee) referring to the terms, conditions, and restrictions applicable to such Restricted Stock.
- 7.3. At the end of the applicable restriction period relating to Restricted Stock granted to a Participant, one or more stock certificates for the appropriate number of shares of Common Stock, free of restrictions imposed under the Plan, shall be delivered to the Participant, or, if the Participant received stock certificates representing the Restricted Stock at the time of grant, the legends placed on such certificates shall be removed.
- 7.4 In no case may a fraction of a share of Restricted Stock be awarded pursuant to the Plan.

Section 8. Withholding. In the event that any Fiserv Group Company is required to withhold any Federal, state or local taxes or other amounts in respect of any income realized by the Participant in respect of an Award granted under this Plan, in respect of any shares acquired pursuant to the exercise of an Option or in respect of the disposition of an Award or any shares acquired pursuant to the exercise of an Option, the Company may deduct (or require the Fiserv Group Company to deduct) from any payments of any kind otherwise due to such Participant cash or with the consent of the Committee (in the stock option agreement, restricted stock agreement or otherwise) shares of Common Stock with a fair value equal to the aggregate amount of such Federal,

state or local taxes and other amounts required to be so withheld. Alternatively, the Company may require such Participant to pay to the Company in cash, promptly on demand, or make other arrangements satisfactory to the Company regarding payment to the Company of, the aggregate amount of any such taxes and other amounts.

Section 9. Effect of Changes in Capitalization or Change of Control.

- 9.1 Changes in Stock. If the outstanding shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in those shares effected without receipt of consideration by the Company occurring after the date an Award is granted, a proportionate and appropriate adjustment will be made by the Company in the number and kind of shares subject to the Award, so that the proportionate interest of the Participant immediately following that, to the extent practicable, will be the same as immediately prior to that event. Any such adjustment to an Option will not change the total exercisable price with respect to shares subject to the unexercisable portion of the Option but will include a corresponding proportionate adjustment in the exercise price per share. In the event of any distribution to the Company's shareholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Company, in the manner the Board of Directors or the Committee deems appropriate, (a) will adjust (i) the number and kind of shares subject to the Option and/or (ii) the exercise price of the Option to reflect that distribution and (b) provide that the holders of Restricted Stock receive their proportionate share of such distributed assets (provided that such assets may be subject to such restrictions as the Board of Directors or the Committee deem appropriate).
- 9.2 Reorganization in Which the Company is the Surviving Company. Subject to Subsection 9.3, if the Company is the surviving Company in any reorganization, merger, or consolidation of the Company with one or more other companies or other entities, each Award will pertain to and apply to the securities to which a holder of the number of shares of stock subject to the Award would have been entitled immediately following that reorganization, merger or consolidation; provided that there shall be a corresponding proportionate adjustment of each Option's exercise price per share so that the aggregate exercise price after that event will be the same as the aggregate exercise price of the shares remaining subject to the Option immediately before that reorganization, merger, or consolidation.
- 9.3 Change of Control. If a Change in Control of the Company occurs, the Board of Directors may, with respect to Options, (i) make provisions for the continuation of each Option, (ii) reach an agreement with the acquiring or surviving entity that the acquiring or surviving entity will assume the

obligation of the Company under each Option, (iii) reach an agreement with the acquiring or surviving entity that the acquiring or surviving entity will convert each Option into an option of at least equal value, determined as of the date of the transaction, to purchase stock of the acquiring or surviving entity, (iv) terminate all Options outstanding under the Plan effective at the date of the applicable transaction and, within 60 days after the date of the applicable transaction, make a cash payment to each Participant equal to the difference between the exercise price of the Participant's Option and the fair market value, as of the date of the applicable transaction, of the shares subject to the Option (all of which shall be vested as of the date of the applicable transaction) or (v) vest all shares subject to the Options and allow them to be immediately exercisable at least 30 days immediately prior to the date of the applicable transaction. The Board of Directors must determine that any such modification in clause (i), (ii) or (iii) above does not have a substantial adverse economic impact on the Participant, as determined at the time of the transaction.

Further, if a Change in Control of the Company occurs, the Board of Directors may, with respect to shares of Restricted Stock, (i) make provisions for the continuation of each Award of Restricted Stock, (ii) reach an agreement with the acquiring or surviving entity that the acquiring or surviving entity will convert each share of Restricted Stock into shares, or fractions of a share, of stock of the acquiring or surviving entity (which shares may be subject to restrictions substantially similar to restrictions on the Restricted Stock) at least equal value (without deduction for any restrictions on such shares of Restricted Stock), determined as of the date of the transaction, or (iii) vest all Awards of shares of Restricted Stock and terminate any restrictions thereon at least 30 days immediately prior to the date of the applicable transaction. The Board of Directors must determine that any such modification in clause (i) or (ii) above does not have a substantial adverse economic impact on the Participant, as determined at the time of the transaction.

- 9.4 Adjustments. Adjustments required by this Section relating to the Common Stock will be made by the Board of Directors, whose determination in that respect will be final, binding and conclusive. No fractional shares of Common Stock will be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

Section 10. Effect of the Plan on Employment Relationship. Neither this Plan nor any Award granted hereunder shall be construed as conferring upon any Participant any right to continue in the employ of any Fiserv Group Company or limit in any respect any right of any Fiserv Group Company to terminate such Participant's employment at any time without liability, or to continue as a Non-Employee Director.

Section 11. Amendment of the Plan. The Board of Directors may amend or restate the Plan from time to time as it deems desirable, provided, however, that, without the approval of the holders of a majority of the shares of Common Stock of the Company present, or represented, and entitled to vote at any meeting duly held in accordance with the applicable laws of the State of Wisconsin, the Board of Directors may not (a) increase the maximum number of shares of Common Stock that may be subject to Awards under this Plan (other than increases due to adjustment in accordance with Section 9 hereof), (b) materially increase the benefits accruing to participants under the Plan, (c) change the eligibility requirements to receive Awards hereunder or (d) make any change for which applicable law requires shareholder approval.

Section 12. Termination of the Plan. The Board of Directors may terminate the Plan at any time. No Award may be granted hereunder after termination of the Plan. No ISO may be granted under the Plan more than ten years after the date on which the Plan was adopted. The termination or amendment of the Plan shall not alter or impair any rights or obligations under any Award theretofore granted under the Plan, without the consent of the Participant.

Section 13. Effective Date of the Plan. This Plan (and as amended or restated from time to time) will become effective on the date on which it is approved by the Board of Directors. This Plan if amended or restated in any material respect is subject to approval by the holders of the majority of the shares of Common Stock of the Company present, or represented, and entitled to vote at the next meeting duly held in accordance with the applicable laws of the State of Wisconsin. No Award granted hereunder may be exercised or may vest prior to such approval, provided, however, that the date of grant of any Award shall be determined as if the Plan had not been subject to such approval. Notwithstanding the foregoing, if any material amendment or restatement is not approved by a vote of shareholders within 12 months after it is adopted by the Board of Directors, the amendment or restatement, as the case may be, shall be null and void, the Plan as in effect prior to such amendment or restatement, as the case may be, shall continue in full force and effect and any Awards granted pursuant to such amendment or restatement, as the case may be, shall terminate.

Section 14. Governing Law. This Plan, the Awards and all related matters shall be governed by, and construed in accordance with, the laws of the State of Wisconsin, without regard to choice of law provisions. Neither the Plan nor any agreement pursuant to the Plan shall be construed or interpreted with any presumption against any Fiserv Group Company by reason of the Fiserv Group Company having drafted or adopted the Plan or agreement. The invalidity, illegality or unenforceability of any provision in the Plan or in any agreement pursuant to the Plan shall not affect the validity, legality or enforceability of any other provision, all of which shall be valid, legal and enforceable to the fullest extent permitted by applicable law.
