Execution of the Proxy will not affect a shareowner's right to attend the Annual Meeting and vote in person. Any shareowner giving a Proxy has the right to revoke it at any time before it is voted by giving notice in writing to the Secretary. Shares represented by Proxy will be voted in accordance with the instructions given. In the absence of instructions to the contrary on an executed Proxy, the Proxy solicited hereby will be voted FOR the election of directors and FOR the ratification of the appointment of independent auditor. Brokerage firms generally have the authority to vote customers' unvoted shares on certain routine matters. If your shares are held in the name of a brokerage firm, the brokerage firm can vote your shares for the election of directors and for Proposal 2 if you do not timely provide your Proxy because these matters are considered routine under the applicable rules. Abstentions and broker non-votes are not counted as either yes or no votes.

Full and fractional shares held by the Company for each participant in the Dividend Reinvestment Plan will be voted by PPL Services Corporation, as the registered owner of such shares, in the same manner as shares held of record by that participant are voted. If a participant owns no shares of record, full and fractional shares credited to that participant's account will be voted in accordance with the participant's instructions on the Proxy. Shares held in the Dividend Reinvestment Plan will not be voted if Proxies are not returned.

To preserve voter confidentiality, the Company voluntarily limits access to shareowner voting records to certain designated employees of PPL Services Corporation. These employees sign a confidentiality agreement which prohibits them from disclosing the manner in which a shareowner has voted to any employee of PPL affiliates or to any other person (except to the Judges of Election or the person in whose name the shares are registered), unless otherwise required by law.

Regarding Proposal 1 (Election of Directors), the nominees receiving the highest number of votes, up to the number of directors to be elected, will be elected. Authority to vote for any individual nominee can be withheld by writing the number, which is beside that person's name in the list of nominees, in the box provided to the right of such list on the accompanying Proxy or by following the instructions if voting over the Internet or by telephone. In order to be approved, Proposal 2 (Ratification of the Appointment of Independent Auditor) must receive a majority of the votes cast, in person or by proxy, by the shareowners voting as a single class. A meeting of shareowners of the Company duly called shall not be organized for the transaction of business unless a quorum is present. The presence of shareowners entitled to cast at least a majority of the votes that all shareowners are entitled to cast on a particular matter to be acted upon at the meeting shall constitute a quorum for the purposes of consideration and action on the matter.

PROPOSAL 1: ELECTION OF DIRECTORS

PPL has a classified Board of Directors, currently consisting of nine directors divided into three classes. These classes consist of three directors whose terms will expire at the 2004 Annual Meeting, three directors whose terms will expire at the 2005 Annual Meeting, and three directors whose terms will expire at the 2006 Annual Meeting.

The nominees this year are William F. Hecht, Stuart Heydt and W. Keith Smith. The nominees are currently serving as directors. Dr. Heydt and Messrs. Hecht and Smith were elected by the Shareowners at the 2001 Annual Meeting. If elected by the Shareowners, Dr. Heydt and Messrs. Hecht and Smith would serve until the 2007 Annual Meeting and until their successors are elected and qualified. Following the election of these three nominees, there will be nine members of the Board of Directors, consisting of three classes: three directors whose terms would expire at the 2005 Annual Meeting, three directors whose terms would expire at the 2006 Annual Meeting, and three directors whose terms would expire at the 2007 Annual Meeting.

The Board of Directors has no reason to believe that any of the nominees will become unavailable for election, but, if any nominee should become unavailable prior to the Annual Meeting, the accompanying Proxy will be voted for the election of such other person as the Board of Directors may recommend in place of that nominee.

The Board of Directors

recommends that shareowners vote FOR Proposal 1

GOVERNANCE OF THE COMPANY

Board of Directors

Attendance. The Board of Directors met six times during 2003. Each director attended at least 75% of the meetings held by the Board and its Committees during the year. The average attendance of directors at Board and Committee meetings held during 2003 was 96%. Directors are expected to regularly attend all meetings of the Board, its Committees and shareowners. All directors attended the 2003 Annual Meeting of Shareowners.

Independence of Directors. At its January 2004 meeting, the Board determined that all of its non-employee directors are independent from the Company and management under the listing standards of the New York Stock Exchange (NYSE). In reaching this conclusion, the Board considered all transactions and relationships between

each director or any member of his or her immediate family and the Company and its subsidiaries. As part of this determination, the Board adopted a categorical standard of independence that views business transactions between the Company (and its subsidiaries) and a director's employer or the employer of the director's immediate family member, as defined by the rules of the NYSE, not involving more than 2% of the employer's consolidated gross revenues in any fiscal year, as not impairing the director's independence.

Executive Sessions; Presiding Director. The independent directors meet in regular executive sessions during each Board meeting without management present. The Board has designated E. Allen Deaver as the presiding director to chair these executive sessions.

Guidelines for Corporate Governance. In February 2003, the Company enhanced its *Guidelines for Corporate Governance*. The full text of the *Guidelines* can be found in the Corporate Governance section of the Company's Web site (www.pplweb.com/corporategovernance.htm).

Shareowner Communications with Board. Shareowners interested in communicating with the presiding director or with the independent directors as a group may write to the Presiding Director or the Board of Directors c/o Corporate Secretary's Office, PPL Corporation, Two North Ninth Street, Allentown, Pennsylvania 18101. The Secretary of the Company forwards all correspondence to the respective Board members, with the exception of commercial solicitations, advertisements or obvious junk mail. Concerns relating to accounting, internal controls or auditing matters are to be immediately brought to the attention of the Company's Office of Business Ethics and Compliance and are handled in accordance with procedures established by the Audit Committee with respect to such matters.

Code of Ethics. In June 2003, the Company enhanced its *Standards of Conduct and Integrity*, which are applicable to all Board members and employees of the Company and its subsidiaries, including the principal executive officer, the principal financial officer and the principal accounting officer of the Company. The full text of the *Standards* can be found in the Corporate Governance section of the Company's Web site (www.pplweb.com/corporategovernance.htm).

Board Committees

The Board of Directors has five standing committees—the Executive, Compensation and Corporate Governance, Finance, Nuclear Oversight and Audit Committees. Each non-employee director usually serves on one or more of these committees. The Compensation and Corporate Governance, Finance, Nuclear Oversight and Audit Committees are composed entirely of independent directors. The charters of each of these committees are available in the Corporate Governance section of the Company's Web site (www.pplweb.com/corporategovernance.htm).

Executive Committee. During the periods between Board meetings, the Executive Committee may exercise all of the powers of the Board of Directors, except that the Executive Committee may not elect directors, change the membership of or fill vacancies in the Executive Committee, fix the compensation of the directors, change the Bylaws, or take any action restricted by the Pennsylvania Business Corporation Law or the Bylaws (including actions committed to another Board committee). The Executive Committee met six times in 2003. The members of the Executive Committee are Mr. Hecht (chair), Drs. Bernthal and Heydt and Mr. Deaver.

Compensation and Corporate Governance Committee. The principal functions of the Compensation and Corporate Governance Committee (C&CGC) are to review and evaluate at least annually the performance of the chief executive officer and other senior officers of the Company and its subsidiaries, and to set their remuneration, including incentive awards; to identify and recommend to the Board of Directors candidates for election to the Board; to review the fees paid to outside directors for their services on the Board of Directors and its Committees; to establish and administer programs for evaluating the performance of Board members; and to review management's succession planning. Another principal committee function is to develop and implement the Company's corporate governance guidelines. All of the members of the C&CGC are independent within the meaning of the listing standards of the NYSE, the rules of the Securities and Exchange Commission (SEC) and the Internal Revenue Service, and the Company's categorical standard of independence described above under the heading of Independence of Directors. This committee met four times in 2003. The members of the C&CGC are Mr. Deaver (chair), Mr. Conway and Dr. Heydt.

The C&CGC establishes guidelines for new directors and evaluates director candidates. In considering candidates, the C&CGC seeks individuals who possess strong personal and professional ethics, high standards of integrity and values, independence of thought and judgment and who have senior corporate leadership experience. The Company believes that prior business experience provides a necessary basis for consideration of the many complicated issues associated with the Company's business and the impact of related decisions on shareowners, customers, employees and the general public.

In addition, the C&CGC seeks individuals who have a broad range of demonstrated abilities and accomplishments beyond corporate leadership. These abilities include the skill and expertise sufficient to provide sound and prudent guidance with respect to all of the Company's operations and interests. Finally, the C&CGC seeks individuals who are capable of devoting the required amount of time to serve effectively, including preparation time and attendance at Board and Committee meetings.

Nominations for the election of directors may be made by the Board of Directors or the C&CGC or by any shareowner entitled to vote in the election of directors generally. If the C&CGC or management identifies a need to add a new Board member to fulfill a special need or to fill a vacancy, the C&CGC usually retains a third-party search firm to identify a candidate or candidates. The C&CGC maintains an updated rolling list of potential candidates.

Once the C&CGC has identified a prospective nominee, it usually requests the third-party search firm to gather additional information about the prospective nominee's background and experience. The Chairman, President and Chief Executive Officer and at least one member of the C&CGC then interview the prospective candidates in person. After completing the interview and evaluation process, which includes evaluating the prospective nominee against the standards and qualifications set out in the Company's *Guidelines for Corporate Governance*, the C&CGC makes a recommendation to the full Board as to the persons who should be nominated by the Board. The Board then votes on whether to approve the nominees after considering the recommendation and report of the C&CGC.

Shareowners interested in recommending nominees for directors should submit their recommendations in writing to: Secretary, PPL Corporation, Two North Ninth Street, Allentown, Pennsylvania 18101. In order to be considered, nominations by shareowners must be received by the Company 75 days prior to the 2005 Annual Meeting and must contain the information required by the Bylaws, such as the name and address of the shareowner making the nomination and of the proposed nominees and certain other information concerning the shareowner and the nominee. The exact procedures are included in the Company's Bylaws, which can be found at the Corporate Governance section of the Company's Web site (www.pplweb.com/corporategovernance.htm).

Finance Committee. The principal functions of the Finance Committee are to approve specific Company financings and corporate financial policies; to authorize capital expenditures in excess of the Company's annual business plan; to authorize acquisitions and dispositions in excess of \$5 million; and to review, approve and monitor the policies and practices of the Company and its subsidiaries in managing financial risk. All of the members of this Committee are independent within the meaning of the listing standards of the NYSE and the Company's categorical standard of independence described above under the heading Independence of Directors. The Finance Committee met seven times in 2003. The members of the Finance Committee are Mr. Smith (chair), Messrs. Conway and Deaver and Ms. Stalnecker.

Nuclear Oversight Committee. The principal functions of the Nuclear Oversight Committee are to assist the Board of Directors in the fulfillment of its responsibilities for oversight of the Company's nuclear function; to advise Company management on nuclear matters; and to provide advice and recommendations to the Board of Directors concerning the future direction of the Company and management performance related to the nuclear function. All of the members of this Committee are independent within the meaning of the listing standards of the NYSE and the Company's categorical standard of independence described above under the heading Independence of Directors. The Nuclear Oversight Committee met three times in 2003. The members of the Nuclear Oversight Committee are Dr. Bernthal (chair), Mr. Deaver, Ms. Goeser and Dr. Heydt.

Audit Committee. The primary function of the Audit Committee is to assist the Company's Board of Directors in the oversight of: (i) the integrity of the financial statements of the Company and its subsidiaries; (ii) the Company's compliance with legal and regulatory requirements; (iii) the independent auditor's qualifications and

independence; and (iv) the performance of the Company's independent auditor and internal audit function. The Charter of the Audit Committee, which specifies the Audit Committee's responsibilities, is attached to this Proxy Statement as Schedule A and is available on the Company's Web site (www.pplweb.com/corporategovernance.htm). In addition to four regularly scheduled meetings during the course of the year, the Audit Committee participated in two conference calls with Company management and the independent auditor. The members of the Audit Committee are non-employees of the Company, and the Board of Directors has determined that each of its Audit Committee members has met the independence and expertise requirements of the NYSE, the SEC and the Company's categorical standard for independence described above under the heading "Independence of Directors." The members of the Audit Committee are Dr. Heydt (chair), Dr. Bernthal, Mr. Smith and Ms. Stalnecker. The Company's Board of Directors has determined that Mr. Smith is an audit committee financial expert for purposes of the rules and regulations of the SEC.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of the Company's financial statements. Company management is responsible for the preparation and integrity of the Company's financial statements, the financial reporting process and the associated system of internal controls. PricewaterhouseCoopers LLP, the Company's independent auditor, is responsible for auditing the Company's annual financial statements in accordance with generally accepted auditing standards and expressing an opinion as to the conformity of the statements with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and review these processes. The Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditor.

The independent auditor is ultimately accountable to the Audit Committee, which has the sole authority to select, evaluate and replace the independent auditor and to approve all audit engagement fees and terms. The Audit Committee has discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, including the appropriateness and application of accounting principles.

The Audit Committee has received the written disclosures and the letter from its independent auditor required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has had discussions with PricewaterhouseCoopers LLP about its independence. The Audit Committee also considered whether the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of such independent auditor.

In the performance of its responsibilities, the Audit Committee met periodically with the internal auditor and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee has also discussed with Company management, the internal auditor and the independent auditor the process utilized in connection with the certifications of the Company's principal executive officer and principal financial officer required by the Sarbanes-Oxley Act of 2002 and related SEC rules for the Company's annual and quarterly filings with the SEC.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

Compensation of Directors

Directors who are Company employees receive no separate compensation for service on the Board of Directors or Committees of the Board of Directors. Non-employee directors receive a retainer of \$79,000 per year, of which a minimum of \$55,000 (Mandatory Deferral) is allocated to a deferred stock account under the Directors Deferred Compensation Plan (DDCP). Effective January 1, 2004, each non-employee director received a one-time additional retainer fee, equal to 3,500 deferred stock units, as a Mandatory Deferral. Any new director joining the Board of Directors in the future also would receive these same deferred stock units. Such deferred stock units have a 5-year restriction period and are subject to forfeiture if the director leaves the Board of Directors before the end of this restriction period. Each non-employee director also receives a fee of \$1,500 for attending Board of Directors meetings, Committee meetings and other meetings at the Company s request, and a fee of \$200 for participating in meetings held by telephone conference call. Committee Chairs receive an additional fee of \$1,000 for attending Committee meetings that they chair.

Pursuant to the DDCP, non-employee directors may elect to defer all or any part of the fees and any retainer that is not part of the Mandatory Deferral. Under this Plan, these directors can defer compensation other than the Mandatory Deferral into a deferred cash account or stock account. Payment of these amounts and accrued interest or dividends is deferred until after the directors retirement from the Board of Directors, at which time they can receive these funds in one or more annual installments for a period of up to ten years.

Under the terms of the DDCP, any increase in the annual retainer is automatically allocated to each director s deferred stock account. As with the other DDCP benefits, this additional deferred stock together with accrued dividends is available to the directors after retirement from the Board, at which time they can receive this stock in one or more annual installments for a period of up to ten years.

During 2003, the Company implemented the Executive Equity Ownership Program (Equity Guidelines). The Equity Guidelines provide that executive officers should maintain levels of ownership of Company common stock ranging in value from two times to five times base salary, as follows:

<u>Executive Officer</u>	<u>Multiple of Base Salary</u>
Chairman, President & CEO	5x
Executive Vice Presidents	3x
Senior Vice Presidents	2x
Presidents of certain operating subsidiaries	2x

Executive officers with more than five years of service in an executive or non-executive officer position with the Company are expected to achieve their minimum Equity Guidelines level by December 31, 2005. Executive officers with less than five years of service must attain their minimum Equity Guidelines level by the later of the end of their five-year anniversary in an officer capacity or December 31, 2005. Until the minimum Equity Guidelines level is achieved, executive officers are expected to retain in Common Stock (or Common Stock units) 100% of the profit realized from the vesting of restricted stock and stock units and the exercise of options (net of taxes and, in the case of options, the cost of the exercise). To assist the executive officers in achieving or surpassing their minimum Equity Guidelines level, the Company implemented the Cash Incentive Premium Exchange Program (Premium Exchange Program). Under this program, executives may elect to defer all or a portion of their annual cash incentive award in exchange for restricted stock units equal in value at the time of the grant to 140% of the cash amount so deferred (an Exchange). See REPORT OF THE COMPENSATION AND CORPORATE GOVERNANCE COMMITTEE REGARDING EXECUTIVE COMPENSATION below for more details on this program.

Section 16(a) Beneficial Ownership Reporting Compliance

To the Company's knowledge, the Company's directors and executives met all filing requirements under Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) in 2003.

Retirement Plans for Executive Officers

Edgar Filing: PPL CORP - Form DEF 14A

PPL officers are eligible for benefits under the PPL Retirement Plan and the PPL Supplemental Executive Retirement Plan (SERP) upon retirement from a PPL affiliated company. For purposes of calculating benefits under the PPL Retirement Plan, the compensation used is base salary less amounts deferred under the PPL officers Deferred Compensation Plan. Base salary, including any amounts deferred, is listed in the Summary Compensation Table on page 11. For purposes of calculating benefits under the SERP, the compensation used is base salary, cash bonus, and, in some cases, the value of any restricted stock grant for the year in which earned (as described below), as well as dividends paid on restricted stock.

Benefits payable under the PPL Retirement Plan are subject to limits set forth in the Internal Revenue Code (the Code) and are not subject to any deduction for Social Security benefits or any other offset. Benefits are computed on the basis of the life annuity form of pension at normal retirement age of 65. The SERP is an unfunded, non-contributory plan. Unlike the PPL Retirement Plan, the SERP provides for the inclusion of earnings in excess of the limits contained in the Code including deferred incentive compensation in the calculation of final average earnings, and for any benefit in excess of the limits provided under the Code. Benefits payable under the SERP are computed on the same basis and are offset by PPL Retirement Plan benefits and the maximum Social Security benefit payable at age 65. Benefits under both plans are reduced for retirement prior to age 60. Generally, absent a specifically authorized exception, no benefit is payable under the SERP if years of credited service are less than 10 years.

The following table shows the estimated annual retirement benefits for executive officers payable under the PPL Retirement Plan and the PPL SERP formula.

As of January 1, 2004, the years of service under the PPL Retirement Plan for Messrs. Hecht, Biggar, De Simone, Champagne and Miller were 37, 34, 5, 2 and 2, respectively. The years of credited service under the SERP for each of these officers are as follows: Mr. Hecht 30 years, Mr. Biggar 29, Mr. De Simone 15, Mr. Champagne 15, and Mr. Miller 4. The Compensation and Corporate Governance Committee granted additional years of service to both Mr. De Simone and Mr. Miller as a retention mechanism under the SERP. Mr. De Simone and Mr. Miller will be granted additional service up to a maximum of 30 years upon attainment of age 60. The total SERP benefit will not increase beyond 30 years for any participant.

Edgar Filing: PPL CORP - Form DEF 14A

For officers hired on or after January 1, 1998, benefits under the SERP formula were revised as follows: (i) restricted stock grants are not included in compensation for purposes of calculating benefits under the SERP; (ii) the percentage of pay provided as a retirement benefit was changed from 2.7% for the first 20 years of service plus 1.0% for the next 10 years, to 2.0% for the first 20 years and 1.5% for the next 10 years; and (iii) credit for years of service will commence as of the employee's date of hire instead of age 30.

For officers hired prior to January 1, 1998, benefits under the SERP are calculated under the greater of the old formula or the new formula, except that compensation for purposes of the old formula includes restricted stock grants only to the extent earned through December 31, 2001 and will be frozen as of December 31, 2001, and compensation for purposes of the new formula includes restricted stock grants only to the extent earned through December 31, 1997.

The actual value realized, if any, will be determined by the excess of the stock price over the exercise price on the date the option is exercised. There is no certainty that the actual value realized will be at or near the value estimated by the discounted Black-Scholes option pricing model.

CHANGE IN CONTROL ARRANGEMENTS

The Company has entered into agreements with each of the Named Executive Officers, which provide benefits to the officers upon certain terminations of employment following a change in control of the Company (as such term is defined in the agreements). The benefits provided under these agreements replace any other severance benefits provided to these officers by the Company, or any prior severance agreement.

Each of the agreements continues in effect until December 31, 2005, and the agreements generally are automatically extended for additional one-year periods. Upon the occurrence of a change in control, the agreements will expire no earlier than 36 months after the month in which the change in control occurs. Each agreement provides that the officer will be entitled to the severance benefits described below if the Company terminates the officer's employment following a change in control for any reason other than death, disability, retirement or cause, or if the officer terminates employment for good reason (as such terms are defined in the agreements).

The benefits consist of a lump sum payment equal to three times the sum of (a) the officer's base salary in effect immediately prior to date of termination, or if higher, immediately prior to the first occurrence of an event or circumstance constituting good reason, and (b) the highest annual bonus in respect of the last three fiscal years ending immediately prior to the fiscal year in which the change in control occurs, or if higher, the fiscal year immediately prior to the fiscal year in which first occurs an event or circumstance constituting good reason. In addition, under the terms of each agreement, the Company would provide the officer and dependents with continuation of welfare benefits for the 36-month period following separation (reduced to the extent the officer receives comparable benefits), and would pay the officer unpaid incentive compensation that has been allocated or awarded, a lump sum payment having an actuarial present value equal to the additional pension benefits the officer would have received had the officer continued to be employed by the Company for an additional 36 months, outplacement services for up to three years and a gross-up payment for any excise tax imposed under the Internal Revenue Code. In addition, under the agreements, the Company would provide post-retirement health care and life insurance benefits to officers who would have become eligible for such benefits within the 36-month period following the change in control.

In addition, in the event of a change in control, the restriction period applicable to any outstanding restricted stock awards under the Incentive Compensation Plan lapses.

RETENTION AGREEMENTS

PPL has executed agreements with Messrs. Champagne, De Simone and Miller granting them each 30,000 shares of restricted PPL common stock. The restriction period will lapse on May 23, 2018 for Mr. Champagne, October 4, 2007 for Mr. De Simone and October 1, 2008 for Mr. Miller. In the event of death or disability, the restriction period on a prorated portion of these shares will lapse immediately. In the event of a change in control of PPL, the restriction period on all of these shares will lapse immediately if there is an involuntary termination of employment that is not for cause. In the event Mr. Champagne is terminated for cause, or he terminates his employment with all PPL affiliated companies prior to May 23, 2018, all shares of this restricted stock will be forfeited. In the event Mr. Miller is terminated for cause, or he terminates his employment with all PPL affiliated companies prior to October 1, 2008, all shares of this restricted stock will be forfeited. In the event Mr. De Simone is terminated for cause, or he terminates his employment with all PPL affiliated companies prior to October 4, 2007, all shares of this restricted stock will be forfeited. Mr. De Simone also has a provision in his agreement which provides a benefit to supplement the benefit payable to him under the SERP. This provision refers to the SERP to determine a theoretical SERP benefit after 30 years of service, and then subtracts the actual SERP benefit payable at retirement to yield a benefit amount under this agreement. The benefit is payable at the same time and in the same form as the SERP benefit, but is forfeited if the restricted stock is forfeited. Mr. Miller also has an agreement with the Company that provides the same benefit to supplement the benefit payable to him under the SERP. It utilizes a theoretical SERP benefit after 30 years of service, subtracts the actual SERP benefit to yield a benefit amount under the agreement, and is forfeited if he fails to remain employed by the Company until age 60.

REPORT OF THE COMPENSATION AND CORPORATE

GOVERNANCE COMMITTEE REGARDING EXECUTIVE COMPENSATION

GENERALLY

The Compensation and Corporate Governance Committee of the Board of Directors of PPL Corporation (the Company) establishes compensation and benefit practices for the executive officers of the Company. This Committee is comprised entirely of independent outside directors. For 2003, the Committee reviewed and evaluated the performance and leadership of the Chief Executive Officer and the other executive officers who are listed in the Summary Compensation Table on page 11 (executive officers).

COMPENSATION PHILOSOPHY

In addition to the compensation practices for executive officers discussed below, the Committee also promotes policies that are consistent with the intent of PPL's compensation philosophy. While a meaningful ownership of PPL common stock by its executives has always been an important part of this compensation philosophy, specific ownership requirements had not been formally adopted. Accordingly, during 2003 the Committee adopted the Executive Equity Ownership Program (Equity Guidelines). The Equity Guidelines provide that executive officers should maintain levels of ownership of Company Common Stock ranging in value from two times to five times base salary. Executive officers are expected to achieve their minimum Equity Guidelines level by December 31, 2005. Until the minimum ownership amount is achieved, executive officers are expected to retain in Common Stock (or Common Stock units) 100% of the profit realized from the vesting of restricted stock and stock units and the exercise of options (net of taxes and, in the case of options, the cost of the exercise). To assist executive officers in achieving or surpassing their minimum ownership amount, in 2003 the Committee adopted the Cash Incentive Premium Exchange Program (Premium Exchange Program). Under this program, executives may elect to defer all or a portion of the annual cash incentive award for restricted stock units equal to 140% of the amount so deferred (an Exchange). The restricted stock units are subject to a three-year vesting period. These two programs encourage increased stock ownership on the part of the executive officers, which further aligns the interests of management and shareowners.

BASE SALARIES

In general, the Committee's objective is to provide salary levels that are sufficiently competitive with comparable companies to enable the Company to attract and retain high-quality executive talent. To meet this objective, the Committee regularly reviews salary information for similar companies provided by independent, nationally recognized compensation consultants. In addition, the Committee annually reviews the performance of each executive officer to determine the appropriate level of base salary for that executive officer.

The Committee reviewed salary ranges for the executive officers by comparing these salary levels with levels at companies of comparable size to the Company in the energy industry and in general industry. Base salary market comparisons were made against salaries of the comparison companies.

After reviewing salary data for executive positions at comparable companies, the Committee reviewed the actual salaries and performance of each of the executive officers. The Committee solicited input and recommendations from the Chief Executive Officer regarding the performance and individual salaries of the other executive officers. In the case of the Chief Executive Officer, the Committee considered the directors' individual appraisals of his performance in determining his salary. Using this information, the Committee made appropriate salary adjustments for the Chief Executive Officer and the other executive officers, effective as of January 1, 2003.

INCENTIVE AWARDS

Cash Incentive Awards

Cash incentive awards are made to executive officers for the achievement of specific, independent goals established for each calendar year. For 2003, the following award targets as a percentage of base salary were established for each executive officer:

Edgar Filing: PPL CORP - Form DEF 14A

Chief Executive Officer 75%; Executive Vice Presidents 65%; and Senior Vice President and Presidents of principal operating subsidiaries 50%.

Annual awards are determined by applying these target percentages to the percentage of goal attainment. The performance goals for the year are established by the Committee, and the Committee reviews actual results at year-end to determine the appropriate goal attainment percentage to apply to the salary targets.

The goal categories for 2003 included specific financial and operational measures for the Company and its subsidiaries designed to enhance the Company's position for success in the competitive market. The weightings for each of these general categories are allocated 60% to the Company's earnings per share and enhanced shareowner value, and 40% to the financial and operational performance of the Company's principal operating subsidiaries. In the case of Messrs. Champagne and Miller, more weight was given to the performance of the particular operating subsidiary for which they are the President.

When the level of goal attainment was measured at the end of the year and the category weightings were multiplied by the annual award target for each position, each executive officer's cash award was determined for 2003 performance.

Restricted Stock Incentive Awards

Restricted Company stock or restricted stock units also are made available to the executive officers based on the achievement of strategic objectives designed to enable the Company to continue to provide value to its shareowners. Goals were related to increasing shareowner value through implementation of certain long-term corporate initiatives, including actions to influence the evolution of government policies toward more competitive markets, develop an internal corporate structure to optimize PPL's wholesale hedging strategy, develop and retain management skills, and establish the financial profile necessary to optimize growth opportunities when the wholesale electricity markets strengthen. Annual awards are based on the achievement of these goals. The following award targets as a percentage of base salary were established for each executive officer: Chief Executive Officer 50%; Executive Vice Presidents 40%; and Senior Vice President and Presidents of principal operating subsidiaries 35%.

Awards are made in the form of restricted stock or restricted stock units equivalent to the dollar value of the percentage applied to base pay in effect at the end of the year. Because of the three-year restriction period, this type of equity award encourages executive officers to continue their service at the Company. This program also encourages increased stock ownership on the part of the executives and aligns the interests of management and shareowners.

Stock Option Incentive Awards

The Committee may grant the executive officers options to purchase shares of the Company's common stock in the future. Because the exercise price for these options is based on the market price of the stock at the time of the grant, the ultimate value received by the option holders is directly tied to increases in the stock price. Therefore, stock options serve to closely link the interests of management and shareowners and motivate executives to make decisions that will serve to increase the long-term shareowner value. Additionally, the option grants include vesting and termination provisions that are designed to encourage the option holders to remain employees of the Company. As with the cash and restricted stock and stock unit awards discussed above, the stock option grants varied by accountability level based on award targets.

Paul T. Champagne President-PPL EnergyPlus, LLC	106.0%	\$ 206,700	100%	3,020
James H. Miller President-PPL Generation, LLC	108.5%	\$ 203,438	100%	2,910

* Messrs. Hecht, Biggar, Champagne and Miller elected to implement an Exchange of \$744,728, \$145,059, \$186,030 and \$203,438, respectively, for 23,070, 4,490, 5,770, and 6,300 restricted stock units, respectively, under the terms of the Premium Exchange Program described above.

Finally, the Committee made the following non-qualified stock option awards in January 2003 under the Incentive Compensation Plan: Mr. Hecht 195,960 options; Mr. Biggar 69,310 options; Mr. De Simone 67,660 options; Mr. Champagne 38,680 options; and Mr. Miller 36,100 options.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

In establishing Mr. Hecht's 2003 salary, the Committee reviewed the salaries of the chief executive officers of the comparison companies referenced above. As a result of this review and directors' appraisals of Mr. Hecht's performance, the Committee set his salary at \$990,000, effective January 1, 2003.

Based on the Company's performance on the specific corporate financial and operational goals discussed above, Mr. Hecht received a cash award equal to approximately 75.2% of his salary. Based on the Company's performance on the strategic goals discussed above, Mr. Hecht received a restricted stock unit award equal to approximately 50% of his salary. In addition, Mr. Hecht was granted stock options in 2003, as described above.

TAX DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held corporations may not deduct in any taxation year certain compensation in excess of \$1,000,000 paid to the chief executive officer and the next four most highly compensated executive officers. Performance-based compensation in excess of \$1,000,000 is deductible if certain criteria are met, including shareholder approval of applicable plans. In this regard, the Company's Incentive Compensation Plan enables the Company to make stock option awards under that Plan that are deductible under Section 162(m); similarly, the Company's Short-Term Incentive Plan enables the Company to make cash awards to officers that are deductible under Section 162(m). The Committee will continue to seek ways to limit the impact of Section 162(m). However, the Committee believes that the tax deduction limitation should not compromise the Company's ability to establish and implement

incentive programs that support the compensation objectives discussed above. Accordingly, achieving these objectives and maintaining required flexibility in this regard may result in compensation that is not deductible for federal income tax purposes.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of the Company's Board of Directors has appointed PricewaterhouseCoopers LLP (PwC) to serve as independent auditor for the year ending December 31, 2004, for PPL and its subsidiaries. Services provided to PPL and its subsidiaries by PwC in 2003 are described under FEES TO INDEPENDENT AUDITOR FOR 2003 AND 2002 below.

FEES TO INDEPENDENT AUDITOR FOR 2003 AND 2002

The following table presents fees billed by PwC for the fiscal years ended December 31, 2003 and December 31, 2002 for professional services rendered for the audit of the Company's annual financial statements and for fees billed for other services rendered by PwC.

	<u>2003</u>	<u>2002</u>
	(in thousands)	
Audit fees ^(a)	\$ 2,228	\$ 1,732
Audit-related fees ^(b)	191	281
Tax fees ^(c)	792	1,386
All other fees ^(d)		355

- (a) Includes audit of annual financial statements and review of financial statements included in the Company's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters and consents for financings and filings made with the SEC.
- (b) Fees for audits of employee benefit plans and consultation to ensure appropriate accounting and reporting in connection with various business and financing transactions.
- (c) Fees for international tax consulting and advisory services.
- (d) Fees for financial information system implementation and design services at an international affiliate. PwC no longer provides this type of service to the Company or any of its affiliates.

Approval of Fees. During 2002, the Audit Committee adopted procedures for pre-approving audit and non-audit services to be provided by the independent auditor. The procedures are designed to ensure the continued independence of the independent auditor. More specifically, the use of the Company's independent auditor to perform either audit or non-audit services is prohibited unless specifically approved in advance by the Audit Committee. As a result of this approval process, the Audit Committee has established specific categories of services and authorization levels. All services outside of the specified categories and all amounts exceeding the authorization levels are reviewed by the Chair of the Audit Committee, who serves as the Committee designee to review and approve audit and non-audit related services during the year. A listing of the approved audit and non-audit services is reviewed with the full Audit Committee no later than its next meeting.

The Audit Committee reviewed all 2003 and 2002 audit and non-audit related fees. Since July 2002, when the Sarbanes-Oxley Act of 2002 was signed into law, the Audit Committee has approved 100% of all fees. There were no services provided by the independent auditor during that time that would fall within the All Other Fees category.

Representatives of PwC are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they want to do so, and they will also be available to respond to appropriate questions.

The Board of Directors has determined that it would be desirable to request an expression of opinion from the shareowners on the appointment of PwC. If the shareowners do not ratify the selection of PwC, the selection of independent auditor will be reconsidered by the Audit Committee.
