### Independent Auditors' Report

The Retirement Committee  
Armstrong World Industries, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. as of September 30, 2003 and 2002 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1 to the financial statements, on December 6, 2000, Armstrong World Industries, Inc., the Plan's sponsor, filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. as of September 30, 2003 and 2002 and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

### RETIREMENT SAVINGS PLAN FOR HOURLY-PAID EMPLOYEES OF ARMSTRONG WORLD INDUSTRIES, INC. Notes to Financial Statements

(1) Plan Description

The Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. ("the Plan") is a defined contribution plan established for the purpose of providing eligible hourly-paid employees a means for long-term savings intended for the accumulation of retirement income. On December 6, 2000, Armstrong World Industries, Inc. ("Armstrong") filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in Wilmington, DE in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability. Management does not anticipate that Armstrong's bankruptcy filing will have an adverse impact on the operations of the Plan. See Note 9 for further discussion of

## Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

Chapter 11 events.

On October 17, 2002, Armstrong's Retirement Committee unanimously passed a resolution to merge the Armstrong Wood Products Non-Union Hourly Employees 401(k) Plan and the Hartco Flooring Co. Bargaining Employees' Retirement Savings Plan, and portions of the Hartco Flooring Co. Retirement Savings Plan and the Robbins Hardwood Flooring, Inc. Employees' Retirement Savings Plan, into the Plan. Effective December 20, 2002, plan assets of \$8.7 million were transferred into the Plan.

Separate balances are maintained for contributions made by or on behalf of a participant. The balances in each fund reflect the participants' contributions together with dividends, interest, other income, and realized and unrealized gains and losses allocated thereon.

Each participant may have up to seven accounts that make up the participant's total balance:

Sheltered account - The Plan was amended effective April 1, 2002 to allow participants to contribute from 1% to 40% of pretax compensation as deferred compensation, as permitted under Section 401(k) of the Internal Revenue Code. Prior to April 1, 2002, participants could contribute from 1% to 15% of pretax compensation.

Standard account - Participants may contribute from 1% to 10% of after-tax compensation.

Rollover account - Participants may invest any untaxed amounts rolled over from another tax-qualified, employer-sponsored plan. The Plan was amended to expand the permissible sources of rollover contributions beginning January 1, 2003 to include qualified annuity contracts, tax-deferred annuity plans, governmental deferred compensation plans, and individual retirement arrangements.

Age 50 catch-up account - The Plan was amended effective January 1, 2003 to allow participants who are age 50 or older to make "catch-up" contributions, subject to the annual limits on catch-up contributions specified in the Internal Revenue Code.

Company match account - For certain participants who are employed by Armstrong Wood Products, Inc., Armstrong contributes an amount equal to 50% of the first 6% of each participant's sheltered account contributions. This account also holds any amount contributed by Armstrong before cash matching contributions were discontinued in 1989 and 1990, depending upon the participant's work location (formerly referred to as the Old Match account).

AWP profit sharing account - This account holds discretionary and non-discretionary profit sharing money contributed by Armstrong for certain employees.

Tax-deductible account (MIRA) - This account holds any contributions made to the Plan before January 1, 1987. No new contributions can be made to this account.

## Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

Participants have an immediate 100% vested interest with respect to their contributions. Participants hired prior to and actively employed on January 1, 2003 are fully vested with regard to any Armstrong contributions. Participants hired on or after January 1, 2003 are fully vested in any Armstrong contributions after three years of service. Participants who were former participants in the Armstrong Wood Products Non-Union Hourly Employees 401(k) Plan, the Hartco Flooring Co. Bargaining Employees' Retirement Savings Plan, the Hartco Flooring Co. Retirement Savings Plan and the Robbins Hardwood Flooring, Inc. Employees' Retirement Savings Plan but were not actively employed on January 1, 2003 will become vested based upon the requirements of those predecessor plans (maximum vesting period of five years).

### (2) Summary of Significant Accounting Policies

#### (a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis except for interest income on participant loans, which is recorded when received.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates recorded.

#### (b) Investments in Master Trust

The money market and managed income portfolios are stated at cost, which approximates fair value. The value of the participant loans represents the unpaid principal of employee loans. The value of all other investments is based on quoted market price.

Securities transactions are recognized on the settlement date (the date on which payment for a buy or sell order is made or received), since adjustment to a trade-date basis would not be material. Dividend income is recorded on the ex-dividend date. Interest income on participant loans is recorded when received.

Deemed distributions occur when active participants default on their loans. Their loans are in default due to failure to make the required repayments or their loans mature and have not been repaid in full.

#### (c) Expenses

All legal, accounting and administrative expenses associated with Plan operations are paid by Armstrong.

### (3) Investments in Master Trust

Assets are held in a Master Trust administered by Fidelity Management Trust Co., as Trustee, and are segregated into twenty-one investment options.

The following is a brief description of the investment funds to which Plan participants may elect to allocate their contributions. Participants should refer to fund prospectuses for more complete information regarding the investment funds.

Invested principal and accumulated interest amounts were guaranteed against loss by the insurance company. Crediting interest rates were reset periodically during the plan year. At September 30, 2002, the interest rates ranged between 3.25% and 6.82%. The average yield at September 30, 2002 was 4.98%. Beginning May 15, 2001, contributions to this fund are invested in shares of Fidelity Managed Income Portfolio II (MIPII). As existing insurance contracts matured or were liquidated, the Fidelity Interest Income Fund used the proceeds to purchase shares of MIPII. As of January 2, 2003, all insurance contracts had matured or were liquidated, the Fidelity Interest Income Fund was dissolved, and the Plan began investing directly in the Fidelity MIPII Fund. MIPII is a commingled pool of the Fidelity Group Trust for 401(k) plans which is comprised of high-quality fixed income investment contracts.

An indirect holding in Armstrong World Industries, Inc. makes up substantially all of the assets of Armstrong Holdings, Inc. As of December 19, 2000, the Plan was amended to eliminate this investment option effective with contributions made on or after December 27, 2000 and transfers processed on or after January 1, 2001.

15. Fidelity Equity Income Fund - This fund has a primary objective of seeking reasonable income levels by investing at least 80% of total assets in income producing equity securities, which tends to lead to investments in large cap "value" stocks. The fund may also invest in other types of equity securities and debt securities, including lower-quality debt securities. The fund seeks a yield that exceeds the yield of the securities comprising the Standard & Poor's 500 Index.
16. Fidelity Intermediate Bond Fund - This fund has a primary objective of seeking high current income by investing in U.S. dollar-dominated investment grade debt securities with maturities between three to ten years. The Lehman Brothers Intermediate Government/Corporate Bond Index is used as a guide in structuring the fund and selecting the investments.

Participant loans represent the unpaid principal balances of loans to Plan participants in accordance with established loan provision guidelines. At September 30, 2003, the interest rates ranged between 4.00% and 11.50%. At September 30, 2002, the interest rates ranged between 4.75% and 9.50%.

On June 25, 2002, the Plan was amended to add the Fidelity Equity Income Fund, the Fidelity Intermediate Bond Fund, and the Fidelity Freedom Funds as investment options effective January 1, 2003. In addition, the Asset Manager Funds are no longer offered with respect to contributions made or transfers requested on or after January 1, 2003. Any contribution election on December 31, 2002 to invest in one of the Asset Manager Funds was changed to a corresponding Fidelity Freedom Fund on January 1, 2003. Any balances in the Asset Manager Funds as of December 31, 2003 were also transferred to a corresponding Fidelity Freedom Fund on December 31, 2003.

RETIREMENT SAVINGS PLAN FOR HOURLY-PAID EMPLOYEES  
OF ARMSTRONG WORLD INDUSTRIES, INC.  
Notes to Financial Statements, (Continued)

(4) Benefits

Under terms of the Plan, a participant (or a beneficiary) is eligible for benefits upon retirement, termination of employment, or death before retirement. Disbursement of the total amount credited to a participant's

## Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

account is payable (i) in a lump sum or (ii) in the case of retirement, partial disbursements are allowed.

In addition, an active employee may elect to withdraw all or any part of his account attributable to after-tax contributions. Before reaching age 59 1/2, an active employee may withdraw his pretax contributions from the Sheltered Account, provided he can demonstrate financial hardship. Such employee shall be ineligible to make contributions for a 12-month period. On June 25, 2002, the Plan was amended with respect to hardship withdrawals made after December 31, 2002 to reduce the contribution suspension period to a 6-month period. An active employee may elect to withdraw all or any portion of his account balance in the Tax-Deductible (MIRA) and Rollover Accounts.

Under the rules of the Plan, the participant may borrow up to the lesser of 50% of his vested balance or \$50,000. The money borrowed must come from the Sheltered, Age 50 catch-up, Company match, AWP profit sharing, Rollover, or Standard Accounts. The amount of the loan is transferred to a Loan Reserve pledged as security for the loan and is evidenced by a promissory note payable to the Plan. Interest rates are determined periodically by the Retirement Committee in accordance with prevailing interest rates. The loans are reflected in the Loan Portfolio investment fund. Loan repayments are made by payroll deductions or in a manner agreed to by the employee and the Plan Administrator.

### (5) Obligation for Benefits

All the funds of the Plan are held by investing institutions appointed by Armstrong under a trust agreement or investment contract. Benefits under the Plan are payable only out of these funds. Armstrong has no legal obligation to make any direct payment of benefits accrued under the Plan. Except as may be provided in an investment contract, neither Armstrong nor any investing institution guarantees the funds of the Plan against any loss or depreciation or guarantees the payment of any benefit hereunder. Although Armstrong has not expressed any intent to terminate the Plan, it may do so at any time. In case of termination or partial termination, the total amount in each employee's account will be distributed as the Plan Administrator directs.

### (6) Eligibility

Most hourly employees of Armstrong or any participating affiliated company which adopts this plan are eligible to participate. This includes hourly employees in a collective bargaining unit where the collective bargaining agent for that unit agrees to coverage under the Plan. Eligible participants who leave Armstrong and are later reemployed can resume participation in the Plan on the date of rehire.

### (7) Federal Income Taxes

The Internal Revenue Service issued its latest determination letter on November 25, 2003, which stated that the Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and therefore are exempt from federal income taxes. The Plan has been amended since receiving the determination letter. In the opinion of the Plan administrator and the Plan's qualified tax adviser, the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

(8) Master Trust Agreement

The Plan established a Master Trust Agreement with Fidelity Management Trust Company whereby the Plan assets are commingled and invested with the assets of the Retirement Savings and Stock Ownership Plan of Armstrong World Industries, Inc. and the Bonus Replacement Retirement Plan of Armstrong World Industries, Inc. Prior to December 20, 2002, the assets were also commingled with the assets of the Armstrong Wood Products Salaried Employees' Profit Sharing Plan, the Armstrong Wood Products Non-union Hourly 401(k) Plan, the Robbins Hardwood Flooring Inc. Employees' Retirement Savings Plan, the Hartco Flooring Co. Bargaining Employees Retirement Savings Plan, and the Hartco Flooring Co. Retirement Savings Plan. Separate accounting for each plan under the Master Trust Agreement is maintained. The Plan has an undivided interest in the assets of this trust, and ownership is represented by proportionate dollar interest. The following summarizes the financial information of the Master Trust at September 30, 2003 and 2002:

(9) Chapter 11 Reorganization of Armstrong

Plan of Reorganization

On November 4, 2002, Armstrong filed a Plan of Reorganization with the United States Bankruptcy Court for the District of Delaware ("the Bankruptcy Court"). During 2003, Armstrong filed several amendments to the plan with the Bankruptcy Court, along with various exhibits. The Fourth Amended Plan of Reorganization, with certain exhibits, was filed on May 23, 2003 (and, as so amended and as modified by modifications filed with the Bankruptcy Court on October 17, 2003 and November 10, 2003, it is referred to in this report as the "POR"). During 2003, the POR was submitted for a vote by Armstrong's creditors for its approval. It was approved by each creditor class that was entitled to vote on the POR except the class of unsecured creditors. On November

OF ARMSTRONG WORLD INDUSTRIES, INC.  
Notes to Financial Statements, (Continued)

17 and 18, 2003, the Bankruptcy Court held a hearing on confirmation of the Plan and on December 19, 2003, issued proposed findings of fact and conclusions of law and a proposed order confirming the POR, notwithstanding the rejection of the POR by the class of unsecured creditors. On December 29, 2003, the Unsecured Creditors' Committee filed an objection to the Bankruptcy Court's proposed findings of fact and conclusions of law and the proposed order of confirmation of the POR. This objection remains pending with the U.S. District Court. Confirmation of the POR requires action of the U.S. District Court, as well as the Bankruptcy Court, in accordance with the Bankruptcy Code. At this time, the District Court judge involved in the Chapter 11 Case has stayed all proceedings before him concerning the Chapter 11 Case. See "Recent Developments and Next Steps in the Chapter 11 Process."

Disclosure Statement

In connection with the vote of creditors on the POR, Armstrong was required to prepare a disclosure statement concerning its business and the POR, including certain projected financial information assuming an Effective Date of the POR as July 1, 2003, intended to demonstrate to the Bankruptcy Court the feasibility of the POR and Armstrong's ability to continue operations upon its emergence from Chapter 11. On May 30, 2003, the Bankruptcy Court approved the disclosure statement for distribution to parties in interest in the Chapter 11 Case. The projected financial information included in the disclosure statement was updated in certain respects by information submitted to the Bankruptcy Court in connection with the Bankruptcy Court's November 2003 hearing on confirmation of the

POR. The projected financial information was prepared for the limited purposes of consideration by the Bankruptcy Court, creditors and other parties in interest in the Chapter 11 Case of matters pertinent to the case. As indicated in the disclosure statement, the projected financial information and various estimates of value therein provided should not be regarded as representations or warranties by Armstrong or any other person. There is no assurance that any such projection or valuation will be realized. The projected financial information and estimates of value were prepared by Armstrong and its financial advisors and have not been audited or reviewed by independent accountants. The projections will not be updated on an ongoing basis. At the time they were prepared, the projections reflected numerous assumptions concerning reorganized Armstrong's anticipated future performance and with respect to prevailing and anticipated market and economic conditions, which were and remain beyond our control and which may not materialize. Projections are inherently subject to significant and numerous uncertainties and to a wide variety of significant business, economic and competitive risks and the assumptions underlying the projections may be wrong in a material respect. Actual results may vary significantly from those contemplated by the projections.

Consideration to be Distributed under the POR (unaudited)

Under the POR, the existing equity interests in Armstrong (including all of its outstanding shares of common stock) will be cancelled. The POR provides for the distribution of warrants to purchase shares of reorganized Armstrong (the "Warrants") to the holders of Armstrong's existing common stock. The terms of the Warrants are provided in an exhibit to the POR. Generally, the Warrants would permit the purchase of 5% of the common stock of reorganized Armstrong on a fully diluted basis upon exercise of all the Warrants, would be exercisable at any time during the seven years after the effective date of the POR, and would permit the purchase of shares at an exercise price of \$37.50, which is equal to 125% of the \$30.00 per share equity value of reorganized Armstrong. It is expected that warrants held inside the Plan will not be exercisable to purchase the common stock of reorganized Armstrong. Warrants held in the Plan may be sold by participants, with the monies reinvested among any of the investment funds available in the Plan. Whether any value will be realized from the Warrants will depend on whether the market value of reorganized Armstrong's new common stock reaches a value in excess of the exercise price of the Warrants during the period that they may be exercised. Armstrong Holdings Inc.'s ("AHI") shareholders were not entitled to vote on the POR. However, AHI's shareholders were sent the Disclosure Statement and the POR. If the POR is implemented, the only value that will be available to AHI shareholders is their ratable share of the Warrants available upon the contemplated dissolution of AHI. See AHI's Plan of Dissolution below.

Armstrong Holdings, Inc's Plan of Dissolution, Winding Up and Distribution ("Plan of Dissolution")

In connection with the implementation of the POR, the Warrants will be issued to AHI (or a wholly-owned subsidiary of AHI). The Board of Directors of AHI has determined that it is not practicable for AHI to continue in operation as an on-going business owning the Warrants, which will then be AHI's only asset. Accordingly, the Board of Directors of AHI approved and

recommended to AHI shareholders the Plan of Dissolution, whereby AHI will voluntarily dissolve and wind up its affairs in accordance with Pennsylvania law and, subject to completion of AHI's winding up (including the satisfaction of any liabilities of AHI), distribute any remaining Warrants to the shareholders. At a special meeting of AHI shareholders held on January 7, 2004, the Plan of Dissolution was approved by the AHI shareholders. The POR provides that Armstrong will pay the costs and expenses incurred in connection with administering AHI's Plan of Dissolution.

### Recent Developments and Next Steps in the Chapter 11 Process

In order for the POR to be confirmed, the U.S. District Court must issue findings of fact and conclusions of law in support of confirmation of the POR, enter or affirm an order confirming the POR and issue the "524(g) injunction" which is part of the POR. In certain other companies' asbestos-related Chapter 11 cases, motions for recusal were filed in 2003 against U.S. District Court Judge Alfred M. Wolin, who is jointly administering with the Bankruptcy Court the asbestos-related issues in the Chapter 11 cases of five companies, including Armstrong. The Unsecured Creditors' Committee requested that in the event Judge Wolin is recused in the other cases, he also be recused in Armstrong's case. Judge Wolin has stayed further proceedings in all five cases before him, including Armstrong's Chapter 11 Case. On February 2, 2004, Judge Wolin denied the motions for recusal. An appeal of Judge Wolin's ruling is currently pending, with oral argument before the U.S. Court of Appeals for the Third Circuit scheduled for April 19, 2004. Armstrong is uncertain as to the impact, if any, beyond the present delay in confirmation of the POR that the motions and appeal will have on Armstrong's Chapter 11 proceedings, and when confirmation of the POR will be considered by the U.S. District Court is uncertain.

### Common Stock

As a result of Armstrong filing the POR on November 4, 2002, the New York Stock Exchange stopped trading on the Exchange of the common stock of Armstrong Holdings, Inc. (traded under the ticker symbol "ACK"). Armstrong Holdings, Inc.'s common stock resumed trading in the over-the-counter (OTC) Bulletin Board under the ticker symbol "ACKHQ."

### Conclusion

Although the POR has been developed, implementation of the POR is subject to confirmation of the POR in accordance with the provisions of the Bankruptcy Code and satisfaction after consummation of certain conditions, as provided by the POR. Armstrong is unable to predict when and if the POR will be confirmed. Therefore, the timing and terms of a resolution of the Chapter 11 Case remain uncertain.
