**THIRD QUARTER EBITDA UP 20% TO RECORD**

**OF Ps.948 MILLION (US\$83 MILLION)**

Net Sales Up 23%, to All-Time High Level for a 3Q

Board Approved US\$210 Million Cash Distributions to Shareholders

**FOR IMMEDIATE RELEASE**

**Mexico City, October 20, 2004** TV Azteca, S.A. de C.V. (NYSE: TZA; BMV: TVAZTCA), one of the two largest producers of Spanish language television programming in the world, announced today all-time high third quarter net sales of Ps.2,217 million (US\$194 million) and a record EBITDA level for a third quarter of Ps.948 million (US\$83 million), 23% and 20% increases, respectively, over the prior year period. EBITDA margin for the quarter was 43%.

Solid drivers of growth domestically and abroad, complemented this quarter by the 2004 Summer Olympics, lead us to sizeable top line expansion, while preserving robust profitability, said Mario San Román, Chief Executive Officer of TV Azteca. Results show strong momentum, as today's numbers mark six years of uninterrupted growth in sales and EBITDA for a third quarter.

On the strategic front we made further advances on our cash-usage plan, with the board's approval of US\$210 million in cash distributions by 2005. We also announced the prepayment of our US\$300 million note due 2007, with peso-denominated debt, which furthers our goals of reducing financial expense and FX risk, added Mr. San Román.

As previously detailed, the company's plan for uses of cash entails making cash distributions to shareholders above US\$500 million and reducing TV Azteca's debt by approximately US\$250 million within a six-year period that started in 2003.

**Third Quarter Results**

Net sales grew 23% to a record high of Ps.2,217 million (US\$194 million), up from Ps.1,799 million (US\$158 million) for the same quarter of 2003. Total costs and expenses rose 25% to Ps.1,269 million (US\$111 million), from Ps.1,012 million (US\$89 million) for the same period of last year. As a result, the company reported EBITDA of Ps.948 million (US\$83 million), 20% higher than Ps.787 million (US\$69 million) in the third quarter of 2003. Net income was Ps.409 million (US\$36 million), 17% higher than net income of Ps.351 million (US\$31 million) for the same period of 2003.

## Edgar Filing: TV AZTECA SA DE CV - Form 6-K

On a pro forma basis, excluding Ps.255 million (US\$22 million) of revenue and Ps.142 million (US\$12 million) of costs recorded during the quarter in connection with the transmission of the 2004 Summer Olympic Games, net sales grew 9% and EBITDA increased 6%.

### Net Sales

Content appealing to a wide array of target markets in Mexico was carefully positioned on our networks, and effectively satisfied rising advertising demand throughout the quarter, added Mr. San Román. The Summer Olympics, with our in-depth sports analysis, was a supplemental boost to the ongoing dynamism in domestic sales.

Third quarter net revenue includes sales from Azteca America the company's wholly-owned broadcasting network focused on the U.S. Hispanic market of Ps.94 million (US\$8 million), compared with Ps.54 million (US\$5 million) for the same period a year ago. Azteca America revenue is composed of Ps.64 million (US\$6 million) in sales from the Los Angeles station KAZA-TV, and Ps.30 million (US\$3 million) from network sales.

TV Azteca also reported sales of programming to other countries of Ps.24 million (US\$2 million), compared with Ps.41 million (US\$4 million) in the same period a year ago. This quarter's programming exports were primarily driven by the company's novelas *La Heredera*, *Belinda* and *Las Juanas*, which were sold mostly in Latin American markets.

TV Azteca reported Ps.34 million (US\$3 million) in advertising sales to Unefon, compared with Ps.31 million (US\$3 million) in the third quarter of 2003. In accordance

with the terms of the advertising contract between Unefon and TV Azteca, during the third quarter Unefon paid to TV Azteca in cash the Ps.32 million (US\$3 million) of advertising purchases placed within the prior three month period.

During the quarter, content and advertising sales to Todito.com were Ps.49 million (US\$4 million), compared with Ps.59 million (US\$5 million) in the same period of the prior year.

Barter sales were Ps.101 million (US\$9 million), compared with Ps.88 million (US\$8 million) in the same period of last year. Inflation adjustment of advertising advances was Ps.91 million (US\$8 million), compared with Ps.53 million (US\$5 million) for the third quarter of 2003.

### **Costs and Expenses**

The 25% increase in third quarter costs and expenses resulted from the combined effect of a 32% rise in programming, production and transmission costs to Ps.982 million (US\$86 million), from Ps.742 million (US\$65 million) in the prior year period, and a 6% growth in administration and selling expense to Ps.287 million (US\$25 million), from Ps.270 million (US\$24 million) in the same quarter a year ago.

On a pro forma basis, excluding exhibition rights and production costs during the third quarter related to the 2004 Summer Olympics of Ps.142 million (US\$12 million), programming, production and transmission costs grew 13%.

Congruent with dynamic seasonal demand for advertising in Mexico and in the US, we triggered strategic television programming initiatives during the quarter, which contributed to the increase in costs. As a result of the new shows, we have captured growing advertising opportunities in the two expanding markets, said Carlos Hesles, Chief Financial Officer of TV Azteca.

Consistent with the growing production efforts, TV Azteca increased the overall number of hours of its internally produced programming during the three month period to 2,211 excluding the transmission of the 2004 Summer Olympics from 2,039 in the same quarter of the previous year.

The 6% growth in administration and selling expense primarily results from the company's increased operations in Mexico and in the US Hispanic market.

### **EBITDA and Net Income**

The 23% increase in third quarter net sales, combined with the 25% growth in costs and expenses, resulted in EBITDA of Ps.948 million (US\$83 million), up 20% from Ps.787 million (US\$69 million) a year ago. The EBITDA margin was 43%, compared with 44% in the same period of 2003.

Below EBITDA, third quarter results were negatively impacted by an increase in other expense to Ps.205 million (US\$18 million) from Ps.87 million (US\$8 million) a year ago. Other expense for the quarter was primarily composed of charitable donations of Ps.50 million (US\$4 million), legal expenses of Ps.47 million (US\$4 million), loss from the sale of fixed assets of Ps.38 million (US\$3 million), Ps.29 million (US\$3 million) from the recognition of 50% of the net loss of Todito.com in TV Azteca's financial statements, and Ps.41 million (US\$4 million) for the net effect of the recognition of the results from Monarcas, TV Azteca's soccer team, and other expenses.

Net comprehensive financing cost during the quarter was Ps.223 million (US\$20 million) compared with Ps.276 million (US\$24 million) a year ago. The decline was primarily influenced by a Ps.5 million (US\$0.4 million) exchange loss following a constant exchange rate during the three month period, compared with a Ps.128 million (US\$11 million) exchange loss resulting from a 5% depreciation of the peso in the same period of 2003.

The lower exchange loss was partly compensated by other financing expense of Ps.46 million (US\$4 million) compared with Ps.17 million (US\$1 million) in the prior year period, primarily reflecting fees and costs related to the opening of the recently announced secured credit line for the peso equivalent of US\$300 million with Banco Inbursa. Additionally, loss on monetary position was Ps.27 million (US\$2 million), compared with a gain of Ps.3 million (US\$0.3 million) a year ago, coming from a net asset monetary position this quarter.

Provision for income tax was Ps.15 million (US\$1 million), compared with an Ps.18 million (US\$2 million) tax benefit in the same period of the prior year, reflecting lower fiscal losses from subsidiaries this quarter.

Net income was Ps.409 million (US\$36 million), 17% higher than net income of Ps.351 million (US\$31 million) for the same period of 2003.

#### **Uses of Cash**

The company noted its sound financial results have translated into solid cash generation in the first nine months of 2004, in line with targets to create free cash before debt payment and distributions to shareholders of US\$150 million in 2004.

During the quarter, TV Azteca announced that its board of directors unanimously approved US\$210 million cash distributions to shareholders by 2005, of which US\$130 million are expected to be distributed during the fourth quarter of 2004 and US\$80 million in 2005. The distributions are part of the company's cash-usage plan, and are in addition to the approximately US\$22 million of cash disbursements scheduled for November 11, 2004, which were approved by the company's shareholders on April 15.

## Edgar Filing: TV AZTECA SA DE CV - Form 6-K

Within the cash usage-plan the company has made aggregate distributions of US\$173 million, consisting of a US\$125 million disbursement on June 30, 2003, US\$15 million on December 5, 2003, and US\$33 million on May 13, 2004. The accumulated distributions are equivalent to a 9% yield based on the closing price of the TV Azteca ADR on October 19, 2004.

The distributions made to date, when added to the upcoming US\$22 million and US\$210 million disbursements, will represent an aggregate amount of US\$405 million cash distributions, equivalent to a 22% yield on the October 19, 2004 ADR price.

Under the cash plan, TV Azteca has also reduced its total debt by US\$82 million, on a nominal US dollar basis, since June 2003. Additionally the company announced the prepayment of its US\$300 million 10 ½% note due February 15, 2007, with resources coming from the company's new credit facility denominated in pesos with Banco Inbursa, with a Structured Securities Certificate, or with a combination of both. On October 15, the trust that will be issuing the Certificates filed with the Mexican Securities Authorities (CNBV) an application for the issuance in the Mexican debt markets.

### Debt Outstanding

As of September 30, 2004, the company's total outstanding debt was Ps.5,967 million (US\$523 million). TV Azteca's cash balance was Ps.1,320 million (US\$116 million), resulting in net debt of Ps.4,647 million (US\$407 million). The total debt to last twelve months (LTM) EBITDA ratio was 1.6 times, and net debt to EBITDA was 1.3 times. LTM EBITDA to net interest expense ratio was 6.3 times.

The company noted that excluding for analytical purposes Ps.1,366 million (US\$120 million) debt due 2069, total debt was Ps.4,601 million (US\$403 million), and total debt to EBITDA ratio was 1.2 times.
